QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q: What items will be voted on at the Annual Meeting?

A: The items of business scheduled to be voted on at the Annual Meeting are:

the election to the Board of Directors of the three (3) nominees named in this Proxy Statement to serve until the 2019 annual meeting of stockholders and until their successors are duly elected and qualified (Proposal No. 1); and the ratification of the appointment of KPMG LLP (“KPMG”) as our independent registered public accounting firm for the fiscal year ending June 30, 2017 (Proposal No. 2).

We will also consider any other business that properly comes before the Annual Meeting or any adjournments or postponements thereof. See “—How will voting on any other business be conducted?” below.

Q: How does the Board recommend I vote on these items?

A: The Board of Directors recommends that you vote your shares:

FOR the election to the Board of Directors of each of the following three nominees: Jack D. Springer, Michael K. Hooks and John E. Stokely (Proposal No. 1); and

FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2017 (Proposal No. 2).

Q: Who is entitled to vote at the Annual Meeting?

The record date for the Annual Meeting is September 15, 2016. Stockholders of record of Malibu Boats’ Class A common stock and Class B common stock as of the close of business on the record date are entitled to vote at the Annual Meeting.

Q: What options are available to me to vote my shares?

Whether you hold shares directly as the stockholder of record or through a bank, broker or other nominee (that is, in “street name”), your shares may be voted at the Annual Meeting by following any of the voting options available to you below:

You may vote via the Internet.

(1) If you received proxy materials by email, you may submit your proxy or voting instructions over the Internet by following the instructions included in the email; or

(2) If you received a printed set of the proxy materials by mail, including a paper copy of the proxy card or voting instruction form, you may submit your proxy or voting instructions over the Internet by following the instructions on the proxy card or voting instruction form.

If you hold shares of Class A common stock and Class B common stock, you will receive two separate proxy cards or voting instruction forms with two separate control numbers, one each for Class A common stock and Class B common stock. You must follow the instructions on each separate proxy card or voting instruction form, one each for Class A common stock and Class B common stock, for all of your votes to be counted.

You may vote by mail. If you received a printed set of the proxy materials, you can submit your proxy or voting instructions by completing and signing the separate proxy card or voting instruction form you received and mailing it in the accompanying prepaid and addressed envelope. If you hold shares of Class A common stock and Class B common stock, you will receive two separate proxy cards, one each for Class A common stock and Class B common stock. You must submit both cards, one each for Class A common stock and Class B common

stock, for all of your votes to be counted. For instance, if you only submit the proxy card for your shares of Class A common stock, but not the proxy card for your shares of Class B common stock, we will not include your votes for your Class B common stock.

You may vote in person at the meeting. All stockholders of record may vote in person at the Annual Meeting. Written ballots will be passed out to anyone who wants to vote at the Annual Meeting. However, if you are the beneficial owner of shares held in street name through a bank, broker or other nominee, you may not vote your shares at the Annual Meeting unless you obtain a “legal proxy” from the bank, broker or nominee that holds your shares giving you the right to vote the shares at the Annual Meeting.

Even if you plan to attend the Annual Meeting, we recommend that you submit your proxy or voting instructions in advance to authorize the voting of your shares at the Annual Meeting so that your vote will be counted if you later are unable to attend the Annual Meeting.

Q: What is the deadline for voting my shares?

If you are a stockholder of record, your proxy must be received by the Internet by 11:59 p.m. Eastern time on October 27, 2016 in order for your shares to be voted at the Annual Meeting. However, if you are a stockholder of record and you received a copy of the proxy materials by mail, you may instead mark, sign, date and return the proxy card you received and return it in the accompanying prepaid and addressed envelope so that it is received by Malibu Boats before the Annual Meeting in order for your shares to be voted at the Annual Meeting. If you hold your shares in street name, please provide your voting instructions by the deadline specified by the bank, broker or other nominee who holds your shares.

Q: Once I have submitted my proxy, is it possible for me to change or revoke my proxy?

A: Yes. Any stockholder of record has the power to change or revoke a previously submitted proxy at any time before it is voted at the Annual Meeting by:

submitting to our Secretary, before the voting at the Annual Meeting, a written notice of revocation bearing a later date than the proxy;

properly submitting a proxy on a later date prior to the deadlines specified in “—What is the deadline for voting my shares?” above (only the latest proxy submitted by a stockholder by Internet or mail will be counted); or

attending the Annual Meeting and voting in person.

For shares held in street name, you may revoke any previous voting instructions by submitting new voting instructions to the bank, broker or nominee holding your shares by the deadline for voting specified in the voting instructions provided by your bank, broker or nominee. Alternatively, if your shares are held in street name and you have obtained a legal proxy from the bank, broker or nominee giving you the right to vote the shares at the Annual Meeting, you may revoke any previous voting instructions by attending the Annual Meeting and voting in person.

Attendance at the Annual Meeting will not by itself constitute a revocation of a proxy.

Q: How many shares are eligible to vote at the Annual Meeting?

A: If you are a holder of our Class A common stock, then you are entitled to one vote at our Annual Meeting for each share of our Class A common stock that you held as of the record date. If you are a holder of our Class B common stock, then you are entitled to the number of votes at our Annual Meeting that is equal to the number of membership units in Malibu Boats Holdings, LLC (the “LLC Units”) held by you, regardless of the number of shares of Class B common stock held by you. All matters presented to our stockholders at the Annual Meeting will be voted on by the holders of our Class A common stock and Class B common stock voting together as a single class.

As of September 15, 2016, we had 17,697,999 shares of Class A common stock outstanding that will carry 17,697,999 votes and 23 shares of Class B common stock outstanding that will carry an aggregate of 1,404,923 votes (i.e., a number of votes that is equal to the aggregate number of outstanding LLC Units, other than LLC Units held by Malibu Boats, Inc.).

Q: How is a quorum determined?

A: A quorum refers to the number of shares that must be in attendance at an annual meeting of stockholders to lawfully conduct business. The representation, in person or by proxy, of holders entitled to cast a majority of all of the votes entitled to be cast at the Annual Meeting constitutes a quorum at the meeting. Your shares will be counted for purposes of determining whether a quorum exists for the Annual Meeting if you returned a signed and dated proxy card or voting instruction form, if you submitted a proxy or voting instructions by the Internet, or if you vote in person at the Annual Meeting, even if you abstain from voting on any of the proposals. In addition, if you are a street name holder, your shares may also be counted for purposes of determining whether a quorum exists for the Annual Meeting even if you do not submit voting instructions to your broker. See “—How will votes be counted at the Annual Meeting?” below.

Q: What is required to approve each proposal at the Annual Meeting?

A: All elections of directors will be determined by a plurality of the votes cast in respect of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. A plurality vote requirement means that the director nominees with the greatest number of votes cast, even if less than a majority, will be elected. There is no cumulative voting.

The ratification of the appointment of KPMG and any other matter shall be decided by a vote of the holders of a majority of the votes cast at the Annual Meeting.

Q: How will votes be counted at the Annual Meeting?

A: Election of Directors (Proposal No. 1). Once a quorum has been established, the affirmative vote of a plurality of all the votes cast on the matter at the Annual Meeting in person or by proxy will be required for the election of each director nominee, meaning that the persons receiving the highest number of FOR votes, up to the total number of directors to be elected at the meeting, will be elected. Stockholders are not permitted to cumulate their shares for the purpose of electing directors.

Ratification of Appointment of KPMG as our independent registered public accounting firm for the fiscal year ending June 30, 2017 (Proposal No. 2). Once a quorum has been established, pursuant to our Bylaws, approval of Proposal No. 2 requires the affirmative vote of a majority of all of the votes cast on the item at the Annual Meeting.

Notwithstanding this vote standard required by our Bylaws, Proposal No. 2 is advisory only and is not binding on us. Our Board of Directors will consider the outcome of the vote on this item in considering what action, if any, should be taken in response to the vote by stockholders.

Abstentions with respect to any proposal at the Annual Meeting will be counted as present and entitled to vote for purposes of determining the presence of a quorum, but will not be counted as a vote cast on the proposal and therefore will not be counted in determining the vote for the election of directors or the ratification of the appointment of KPMG.

If you hold your shares in street name through a brokerage account and you do not submit voting instructions to your broker, your broker may generally vote your shares in its discretion on routine matters. However, a broker cannot vote shares held in street name on non-routine matters unless the broker receives voting instructions from the street name holder. The proposal to ratify the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending June 30, 2017 (Proposal No. 2) is considered routine under applicable rules, while the election of directors (Proposal No. 1) is considered non-routine. Accordingly, if you hold your shares in street name through a brokerage account and you do not submit voting instructions to your broker, your broker may exercise its discretion to vote your shares on Proposal No. 2, but will not be permitted to vote your shares on Proposal No. 1 at the Annual Meeting. If your broker exercises this discretion, your

shares will be counted as present for the purpose of determining the presence of a quorum at the Annual Meeting and will be voted on Proposal No. 2 in the manner directed by your broker, but your shares will constitute “broker non-votes” on Proposal No. 1 at the Annual Meeting. Broker non-votes will not be counted as a vote cast with respect to Proposal No. 1 and therefore will not be counted in determining the outcome of the election of directors.

Q: How will my shares be voted if I do not give specific voting instructions in the proxy or voting instructions I submit?

A: If you properly submit a proxy or voting instructions but do not indicate your specific voting instructions on one or more of the items listed above in the notice of meeting, your shares will be voted as recommended by the Board of Directors on those items. See “—How does the Board recommend I vote on these items?” above.

Q: How will voting on any other business be conducted?

A: Although the Board of Directors does not know of any business to be considered at the Annual Meeting other than the items described in this Proxy Statement, if any other business properly comes before the Annual Meeting, a stockholder’s properly submitted proxy gives authority to the proxy holders to vote on those matters in their discretion.

Q: Who will bear the costs of the solicitation of proxies?

A: The cost of preparing the Notice of Annual Meeting of Stockholders, this Proxy Statement, and the form of proxy, the cost of making such materials available on the Internet and the cost of soliciting proxies will be paid by Malibu Boats. We have retained D.F.King & Co., Inc., a third-party solicitation firm, to assist in the distribution of proxy materials and solicitation of proxies on our behalf for an estimated fee of \$3,000 plus reimbursement of certain out-of-pocket expenses. In addition to solicitation by mail, certain officers, regular employees and directors of Malibu Boats, without receiving any additional compensation, may solicit proxies personally or by telephone. Malibu Boats will request brokerage houses, banks and other custodians or nominees holding stock in their names for others to forward proxy materials to their customers or principals who are the beneficial owners of shares of our Class A common stock and Class B common stock and will reimburse them for their expenses in doing so.

Q: Where can I find the voting results of the Annual Meeting?

A: We intend to announce preliminary voting results at the Annual Meeting and disclose final voting results in a Current Report on Form 8-K to be filed with the Securities and Exchange Commission (“SEC”) within four business days following the Annual Meeting.

CORPORATE GOVERNANCE

Corporate Governance Principles

The Board of Directors has adopted Corporate Governance Principles, which provide the framework for the governance of our company and represent the Board's current views with respect to selected corporate governance issues considered to be of significance to our stockholders. The Corporate Governance Principles direct our Board's actions with respect to, among other things, our Board composition and director qualifications, composition of the Board's standing committees, stockholder communications with the Board, succession planning and the Board's annual performance evaluation. A current copy of the Corporate Governance Principles is posted in the Investors—Corporate Governance section of our website at www.malibuboats.com.

Director Independence

Under the listing requirements and rules of the NASDAQ Stock Market, LLC ("NASDAQ"), independent directors must compose a majority of our Board of Directors. Audit Committee members must satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act. Applicable NASDAQ rules also require that each member of our Compensation Committee must be independent within the meaning of applicable NASDAQ rules. Applicable NASDAQ rules also require that director nominees must be selected, or recommended for selection by our Board of Directors, either by (1) a nominating committee comprised solely of independent directors or (2) independent directors constituting a majority of our independent directors in a vote in which only independent directors participate. The Board of Directors has reviewed the independence of our directors, based on the corporate governance standards of NASDAQ. Based on this review, the Board of Directors determined that each of Messrs. Buch, Chhina, Connolly, Murphy and Stokely is an "independent director" under the applicable NASDAQ rules (the "Independent Directors"). In making this determination, our Board of Directors considered the relationships that each of these non-employee directors has with Malibu Boats and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock held by each non-employee director. As required under applicable NASDAQ rules, our Independent Directors will meet in regularly scheduled executive sessions at which only Independent Directors are present.

Board Committees

Our Board of Directors has established an Audit Committee, a Compensation Committee and a Nominating and Governance Committee that have the composition and responsibilities described below. Current copies of the charters for each of these committees are posted in the Investors—Corporate Governance section of our website at www.malibuboats.com. Our Board of Directors may establish additional committees from time to time, in accordance with our Bylaws.

Audit Committee

Our Audit Committee is comprised of Messrs. Chhina (chair), Buch and Stokely. Our Audit Committee oversees our corporate accounting and financial reporting process. The Board of Directors has determined that each member of the Audit Committee is an "independent director" under the NASDAQ rules. In addition, each member of the Audit Committee is also "independent" under Rule 10A-3 of the Exchange Act, and satisfies the additional financial literacy requirements of the NASDAQ rules. The Board of Directors has designated one member of the Audit Committee, Mr. Chhina as an "audit committee financial expert" as defined by SEC rules. Among other matters, the Audit Committee:

- evaluates the independent registered public accounting firm's qualifications, independence and performance;
- determines the engagement of the independent registered public accounting firm;
- reviews and approves the scope of the annual audit and the audit fee;
- discusses with management and the independent registered public accounting firm the results of the annual audit and the review of our quarterly financial statements;

- approves the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services;

- reviews our critical accounting policies and estimates; and

- annually reviews the Audit Committee charter and the committee's performance.

The Audit Committee operates under a written charter adopted by the Board that satisfies the applicable standards of NASDAQ.

Compensation Committee

Our Compensation Committee is comprised of Messrs. Murphy (chair) and Connolly. The Board of Directors has determined that each member of the Compensation Committee is an "independent director" under the NASDAQ rules. In making the determination regarding the independence of each member of the Compensation Committee, the Board of Directors considered whether the director has a relationship with Malibu Boats that is material to the director's ability to be independent from management in connection with the duties of a member of the Compensation Committee. Our Compensation Committee reviews and approves the compensation of our Chief Executive Officer and other executive officers, including salaries, bonuses, perquisites and awards of equity-based compensation, approves all employment, severance and similar agreements for executive officers, makes recommendations to the Board of Directors with respect to our stock-based benefit plans, administers our stock-based benefit plans and makes recommendations to the Board of Directors concerning the compensation of directors. The Compensation Committee also reviews and approves corporate goals and objectives relevant to the compensation of our Chief Executive Officer and other executive officers, evaluates the performance of these officers in light of those goals and objectives, and either approves or makes recommendations to the independent members of the Board of Directors regarding compensation of these officers based on such evaluations. The Compensation Committee reviews and evaluates, at least annually, the performance of the Compensation Committee. The Compensation Committee operates under a written charter adopted by the Board of Directors that satisfies the applicable standards of NASDAQ.

Our Compensation Committee (or the independent members of the Board of Directors based on the recommendation of the Compensation Committee) is responsible for making the final decisions on compensation for our Chief Executive Officer and other executive officers. However, the Compensation Committee takes into account recommendations of our Chief Executive Officer in determining the compensation (including stock awards) of executive officers other than the Chief Executive Officer. Otherwise, our executive officers do not have any role in determining the form or amount of compensation paid to our executive officers. In addition, the Compensation Committee retains the power to appoint and delegate matters to a subcommittee comprised of at least one member of the Compensation Committee, and may also delegate the authority to make compensation decisions (including the ability to grant stock awards) with respect to non-executive employees of the Company to the Chief Executive Officer. The Compensation Committee does not currently intend to delegate any of its responsibilities to a subcommittee or the Chief Executive Officer.

Pursuant to its charter, the Compensation Committee is authorized to retain compensation consultants to assist in the evaluation of compensation for our executive officers and other employees. The Compensation Committee did not retain a compensation consultant in fiscal year 2016 for purposes of determining or recommending the amount or form of executive or director compensation.

Nominating and Governance Committee

Our Nominating and Governance Committee is comprised of Messrs. Connolly (chair), Buch, Chhina, Murphy and Stokely. The Board of Directors has determined that each member of the Nominating and Governance Committee is an "independent director" under the NASDAQ rules. Among other matters, the Nominating and Governance Committee:

- assists our Board of Directors in identifying prospective director nominees and recommends nominees for each annual meeting of stockholders to our Board of Directors;

- recommends members for each committee of our Board of Directors;

- oversees the evaluation of our Board of Directors and its committees; and

reviews developments in corporate governance matters and develops appropriate recommendations for the Board of Directors.

The Nominating and Governance Committee operates under a written charter adopted by the Board that satisfies the applicable standards of NASDAQ.

Meetings and Attendance

During the fiscal year ended June 30, 2016, there were five meetings of the Board of Directors, five meetings of the Audit Committee, six meetings of the Compensation Committee and one meeting of the Nominating and Governance Committee. Each of our directors attended at least 75% of the aggregate meetings of the Board and the committees of the Board on which he served during the fiscal year ended June 30, 2016. In addition, the Independent Directors meet regularly in executive session without the presence of management.

Our Board of Directors expects each director to attend the annual meeting of stockholders. All directors attended our annual meeting of stockholders during the fiscal year ended June 30, 2016.

Annual Board Evaluation

Pursuant to our Corporate Governance Principles, the Nominating and Governance Committee shall lead an annual evaluation of the Board, and each committee shall lead an annual self-evaluation. The evaluations are designed to assess whether the Board of Directors and its committees function effectively and make valuable contributions and to identify opportunities for improving its operations and procedures. The effectiveness of individual directors is considered each year when the relevant directors stand for re-nomination.

In September 2016, the Board completed an evaluation process focusing on the experience, qualifications, attributes and skills of each individual director, the effectiveness of the performance of the Board as a whole and each of the Board's committees.

Board Leadership Structure

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. The Board has determined that having a non-employee director serve as Chairman is in the best interests of the Company's stockholders at this time. This structure permits the Chief Executive Officer to focus on the management of the Company's day-to-day operations. The Company also believes that having a non-employee director serve as Chairman of the Board ensures a greater role for the non-employee directors in the oversight of the Company and active participation of the non-employee directors in setting agendas and establishing Board priorities and procedures.

Risk Oversight

One of the principal functions of our Board of Directors is to provide oversight concerning the assessment and management of risk related to our business. The Board of Directors is involved in risk oversight through direct decision-making authority with respect to fundamental financial and business strategies and major corporate activities, including material acquisitions and financings, as well as through its oversight of management and the committees of the Board of Directors. Management is responsible for identifying the material risks facing Malibu Boats, implementing appropriate risk management strategies and ensuring that information with respect to material risks is shared with the Board of Directors or the appropriate Board committee. In connection with this responsibility, members of management provide regular reports to the Board of Directors regarding business operations and strategic planning, financial planning and budgeting and regulatory matters, including any material risk to Malibu Boats relating to such matters.

The Board of Directors has delegated oversight for specific areas of risk exposure to committees of the Board of Directors as follows:

The Audit Committee is responsible for discussing Malibu Boats' overall risk assessment and risk management policies with management, our internal auditors and our independent registered public accounting firm as well as Malibu Boats' plans to monitor and control any financial risk exposure. The Audit Committee is also responsible for primary risk oversight related to our financial reporting, accounting and internal controls.

• The Compensation Committee oversees Malibu Boats' incentive compensation arrangements to confirm that incentive pay arrangements do not encourage unnecessary risk-taking.

- The Nominating and Governance Committee reviews the leadership structure of the Board of Directors and evaluates the effect of such leadership structure in risk oversight of the Company.

At each regular meeting of our Board of Directors, the chairperson of each committee reports to the full Board regarding the matters reported and discussed at any committee meetings, including any matters relating to risk assessment or risk management. Our Chief Executive Officer, Chief Financial Officer and outside legal counsel regularly attend meetings of these committees when they are not in executive session, and often report on matters that may not be otherwise addressed at these meetings. In addition, our directors are encouraged to communicate directly with members of management regarding matters of interest, including matters related to risk, at times when meetings are not being held. Our Board of Directors believes that the processes it has established for overseeing risk would be effective under a variety of leadership frameworks and therefore do not materially affect its choice of leadership structure as described under "Board Leadership Structure" above.

Policy on Hedging and Pledging

The Company recognizes that hedging against losses in Company stock is not appropriate or acceptable trading activity for individuals employed by or serving the Company. The Company has incorporated prohibitions on various hedging activities within its stock trading guidelines, which guidelines apply to directors, officers and employees. The guidelines prohibit all short sales of Company stock and any trading in derivatives (such as put and call options) that relate to Company securities. The guidelines also prohibit pledging any Company stock or equity awards as collateral for any margin account, or other form of credit arrangement, subject to a limited exception where a person wishes to pledge Company securities as collateral for a loan (not including margin debt) and clearly demonstrates in the sole discretion of the Company's Chief Financial Officer that such person has the financial capacity to repay the loan without resort to the pledged securities.

Director Nomination Process

Identifying and Evaluating Director Nominee Candidates

A class of directors is elected each year by the Company's stockholders at the annual meeting of the stockholders. The Nominating and Governance Committee will review the qualifications of prospective candidates to determine whether they will make good candidates for membership on the Board. As set forth in the Corporate Governance Principles, in considering candidates for membership on the Board, the Nominating and Governance Committee will consider the prospective candidate's character, judgment, experience, expertise, age, diversity, independence under applicable law and freedom from other conflicts, as well as other factors that the Nominating and Governance Committee may deem relevant in light of the needs of the Board and the Company and that are in the best interests of the Company. Such factors include relevant experience, the ability to dedicate sufficient time, energy and attention to performance of Board duties, financial expertise, experience with a company in the powerboat or recreational products industry and whether the prospective candidate is a director-selected prospective candidate or a stockholder-recommended prospective candidate.

In addition, the Nominating and Governance Committee will consider the diversity of a prospective candidate while identifying nominees for director. The Nominating and Governance Committee seeks to elect directors that will collectively represent a diversity of backgrounds and experiences.

Stockholder Recommendations

The Nominating and Governance Committee will consider written nominations from stockholders of the Company for director nominees. Properly communicated stockholder recommendations will be considered in the same manner as recommendations received from other sources although as described above, one of the factors that the Nominating and Governance Committee considers is the source of the recommendation. To be properly communicated, stockholders desiring to recommend candidates for nomination or election to the Board of Directors should submit their recommendations in writing to the attention of the Secretary, Malibu Boats, Inc., 5075 Kimberly Way, Loudon, Tennessee 37774, together with the following information: (i) all information relating to such proposed candidate that would be required to be disclosed in a proxy statement; (ii) a description of all direct and indirect compensation and other material agreements, arrangements and understandings during the past three years,

and any other material relationships, between or among such stockholder and the proposed nominee; (iii) a completed and signed questionnaire regarding the background and qualifications of the proposed candidate to serve as a director; and (iv) all information about the stockholder and the candidate that would be required pursuant to Article 2, Section 11 of our Bylaws if the stockholder was nominating the candidate for election to the Board of Directors. The Nominating and Governance Committee may request additional information concerning the director candidate to determine the eligibility or qualifications of the director candidate to serve as a member of our Board of Directors.

Code of Business Conduct and Code of Ethics

Our Board of Directors has adopted a Code of Business Conduct applicable to our employees, directors and officers and a Code of Ethics. The Code of Ethics applies to our principal executive officer, principal financial officer, principal accounting officer and controller, or persons performing similar functions. The codes are available on our website at www.malibuboats.com. To the extent required by rules adopted by the SEC or NASDAQ, we intend to promptly disclose future amendments to certain provisions of the codes, or waivers of such provisions granted to executive officers and directors on our website at www.malibuboats.com.

Any Non-Employee Director serving as chair of our Compensation Committee or Audit Committee is entitled to receive an additional \$10,000 annual retainer, payable in four equal quarterly installments. The annual retainer and any additional retainers are each pro-rated for partial years of service. The Non-Employee Directors have the right to elect to receive their annual retainers and any additional annual retainers in the form of stock units or shares of Class A common stock in lieu of cash, which shares or units would be issued as of the last day of the quarter in which the retainers relate and the shares or units would be valued as of the award date.

On the date of each annual meeting, each Non-Employee Director then in office will be entitled to receive a fully vested annual equity award consisting of either stock units or shares of Class A common stock. The annual

equity award will be valued at \$62,500, and will be converted into shares or units based on the price of a share of Class A common stock on the grant date. Any Non-Employee Director who joins the Board of Directors after the date of an annual meeting will be entitled to a pro-rata annual equity award upon joining the board.

For any Non-Employee Director who elects to receive stock units, the stock units will not be payable in shares of Class A common stock until the earlier of a change in control for purposes of Section 409A of the Internal Revenue Code of 1986, as amended (the "Code") or the Non-Employee Director's separation from service from the Board of Directors. All stock units are entitled to receive dividend equivalent payments, which are reinvested into additional stock units.

Each of our Non-Employee Directors is provided the opportunity to use one of our performance sports boats during his or her term of service as a director. We believe permitting our Non-Employee Directors to use one of our sports boats encourages the directors to familiarize themselves with our products and to better understand the consumer experience. Directors are provided with use of the boat at no charge, but are responsible for paying all insurance, maintenance, gas and other fees, costs and charges (other than registration or use fees and taxes) related to their operation of the boat. At the end of each director's term of service, the director has the option of either returning the boat to us or purchasing the boat at a purchase price equal to 75% of the dealer invoice price.

Each of our Non-Employee Directors is reimbursed for out-of-pocket expenses for attendance at Board of Directors and committee meetings.

(2) Incentive Plan and accounted for in accordance with FASB ASC Topic 718. For more information, see Note 14 included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2016.

As described in more detail below, after not receiving any equity awards during our fiscal year 2015, each Named Executive Officer was granted two separate equity awards during our fiscal year 2016. The first equity award was an award in respect of fiscal year 2015 (the “2015 Equity Award”), and consisted of 50% performance-based stock or units and 50% time-based stock or units. The second equity award was an award in respect of fiscal year 2016 (the “2016 Equity Award”), and also consisted of 50% performance-based stock or units and 50% time-based stock or units. The performance-based stock or units granted as part of the 2015 Equity Award and 2016 Equity Award are each valued above based on the probable outcome of the performance conditions as determined on the grant date. The probable and maximum values are the same and assume that all performance-based stock and units will vest.

(3) Amounts reported reflect each Named Executive Officer's annual cash incentive bonus.

Amounts reported for Messrs. Springer, Wilson and Anderson include \$2,600 for use of a company boat, \$6,956, \$6,842 and \$4,014, respectively, for the Company's contribution to the defined contribution plan and \$15,577, \$14,423 and \$3,029, respectively, for accrued vacation payouts. Amounts reported for Messrs. Wilson and Anderson also include \$17,000 for an automobile and fuel allowance.

Amounts reported for Messrs. Springer and Wilson include \$12,115 and \$4,087, respectively, for accrued

vacation payouts and for Messrs. Wilson and Anderson, also include \$17,000 for an automobile and fuel allowance. Amounts reported in this column differ from the amounts reported in our fiscal year 2015 Summary Compensation Table due to the inclusion of accrued vacation payouts and Company defined contribution plan contributions that were not reflected in last year's table.

Description of Bonus Amounts

For the fiscal year ended June 30, 2016, the annual cash incentive bonus for each of Messrs. Springer, Wilson and Anderson was based on our achievement of adjusted EBITDA thresholds established by our Board of Directors. If the adjusted EBITDA target was exceeded, each executive was also eligible to receive an additional bonus equal to a percentage of any excess EBITDA performance results achieved. The adjusted EBITDA target for fiscal year 2016 was \$51,659,000, which represented an approximate 23% increase over the adjusted EBITDA target established under our fiscal year 2015 executive incentive bonus plan. Each executive's incentive bonus was subject to adjustment by our Board of Directors in its discretion, including its assessment of each executive's individual performance. Please see "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—GAAP Reconciliation of Non-GAAP Financial Measures" included in our Annual Report on Form 10-

K for the fiscal year ended June 30, 2016 for the definition of adjusted EBITDA which is a non-GAAP financial measure and a reconciliation of adjusted EBITDA to net income (loss) as reported under GAAP.

The annual bonus amounts earned by Messrs. Springer, Wilson and Anderson for fiscal year 2016 were \$135,085, \$67,542 and \$54,034, respectively.

Description of Equity Awards

After not receiving any equity awards during our fiscal year 2015, each Named Executive Officer was granted two separate equity awards during our fiscal year 2016. The 2015 Equity Award was an award in respect of fiscal year 2015 and the 2016 Equity Award was an award in respect of fiscal year 2016. 50% of the shares subject to both the 2015 Equity Award and the 2016 Equity Award will only become vested if we achieve the applicable performance-based vesting requirements, as the Compensation Committee believed it was important to link a significant portion of each award to the achievement of long-term performance objectives.

2015 Equity Award

Each Named Executive Officer's 2015 Equity Award consists of 50% performance-based stock or units and 50% time-based stock or units. The 2015 Equity Award for Mr. Springer was granted in the form of shares of restricted stock in order to maximize our ability to rely on a special grandfathering rule for newly public companies for purposes of the deductibility limits under Section 162(m) of the Code. The 2015 Equity Award for Messrs. Wilson and Anderson was granted in the form of restricted stock units.

Each Named Executive Officer's time-based stock or units become vested in four annual installments. The first installment consisted of 50% of the time-based stock or units and vested on the grant date, because this award was in respect of fiscal year 2015 even though it wasn't granted until fiscal year 2016. The remaining three installments (representing the remaining 50% of the time-based stock or units) will become vested in substantially equal annual installments on each of the first three annual anniversaries of the grant date, subject to the executive's continuous employment through each vesting date.

Each Named Executive Officer's performance-based stock or units are eligible to become vested in three substantially equal annual installments based on our performance for each of our fiscal years 2016, 2017 and 2018. Each annual installment will vest if we achieve the adjusted EBITDA target established for the year. The adjusted EBITDA target for each year in the performance period was established by using our fiscal year 2015 as the base year and then setting the target for each of our fiscal years 2016, 2017 and 2018 by applying a 10% compounded annual growth rate to the base year adjusted EBITDA results. In the event that the adjusted EBITDA target is not achieved for any fiscal year (a "Missed Year"), the stock or units that failed to vest in the Missed Year will be eligible to vest if we achieve a cumulative adjusted EBITDA target established for any later fiscal year in the performance period. For example, if fiscal year 2017 was a Missed Year, the stock or units scheduled to vest based on fiscal year 2017 performance will be eligible to vest if we achieve the cumulative adjusted EBITDA target for fiscal year 2018. The cumulative EBITDA targets were also established by applying a 10% compounded annual growth rate to the fiscal year 2015 base year adjusted EBITDA results. The Compensation Committee believes the achievement of a 10% compounded annual growth rate in our adjusted EBITDA results is a challenging, yet achievable, goal that will help drive our long-term performance.

The adjusted EBITDA target for our fiscal year 2016 was \$47,960,000. This target was achieved.

2016 Equity Award

Like the 2015 Equity Awards, each Named Executive Officer's 2016 Equity Award consists of 50% performance-based stock or units and 50% time-based stock or units. Like the 2015 Equity Awards, Mr. Springer's 2016 Equity Award was granted in the form of shares of restricted stock in order to maximize our ability to deduct the award under Section 162(m) of the Code, while the 2016 Equity Awards for Messrs. Wilson and Anderson were granted in the form of restricted stock units.

Each Named Executive Officer's time-based stock or units will become vested in four substantially equal annual installments on each of the first four annual anniversaries of the grant date, subject to the executive's continuous employment through each vesting date.

Each Named Executive Officer's performance-based stock or units are eligible to become vested in four substantially equal annual installments based on our performance for each of our fiscal years 2016, 2017, 2018 and 2019. Each annual installment will vest if we achieve the adjusted EBITDA target established for the year. Like with the 2015 Equity Awards, the adjusted EBITDA target for each year in the performance period was established by using our fiscal year 2015 as the base year and then setting the target for each of our fiscal years 2016, 2017, 2018 and 2019 by applying a 10% compounded annual growth rate to the base year adjusted EBITDA results. In the event that the adjusted EBITDA target is not achieved for any Missed Year, the stock or units that failed to vest in the Missed Year will be eligible to vest if we achieve a cumulative adjusted EBITDA target established for any later fiscal year in the performance period. The cumulative EBITDA targets were also established by applying a 10% compounded annual growth rate to the fiscal year 2015 base year adjusted EBITDA results. Like with the 2015 Equity Awards, the Compensation Committee believes the achievement of a 10% compounded annual growth rate in our adjusted EBITDA results is a challenging, yet achievable, goal that will help drive our long-term performance.

The adjusted EBITDA target for our fiscal year 2016 was \$47,960,000. This target was achieved.

Potential Payments upon Termination or Change in Control

Under the employment agreements with each of Messrs. Springer, Wilson and Anderson, in the event our Board of Directors terminates the executive's employment without "cause" or the executive resigns for "good reason," the executive will be entitled to receive, subject to certain limitations including the executive's execution of a release, the executive's annual base salary through the end of the applicable severance period. The "severance period" specified in each employment agreement is a period of 12 months following the effective date of the release.

"Cause" is generally defined in the employment agreements to mean any of the following occurring during the executive's employment:

- commission of a knowing, intentional or reckless act or omission constituting theft, forgery, fraud, material dishonesty, misappropriation, breach of fiduciary duty or duty of loyalty, or embezzlement against us;
- conviction or plea of nolo contendere to any felony or to any other crime involving moral turpitude;
- knowingly or intentionally causing our financial statements to fail to materially comply with generally accepted accounting principles;
- unlawful use or possession of any illegal drug or narcotic while on our premises or while performing the executive's duties;
- willful refusal to comply with lawful requests made of the executive by our Board of Directors, which, if curable, is not cured within five days after the executive receives written notice from the Board of Directors of such willful refusal;
- gross negligence in the performance of the executive's duties, which, if curable, is not fully cured within 30 days after the executive receives written notice from the Board of Directors of such gross negligence;
- material violation of our policies, which, if curable, is not fully cured within 30 days after the executive receives written notice from the Board of Directors of such material violation; or
- a material breach of the employment agreement or another agreement with us, which, if curable, is not fully cured within 30 days after the executive receives written notice from the Board of Directors of such breach.

"Good reason" is defined in the employment agreements to mean the executive's resignation from employment after the occurrence of any of the following:

- a material diminution in the executive's authority, duties or responsibilities;

a material reduction in the executive's aggregate compensation unless such reduction is concurrently made to all of our senior management; or

a material breach of any other material term of the executive's employment agreement.

In each case, "good reason" will not exist unless the executive provides written notice of the condition claimed to constitute good reason within 30 days of the condition's initial existence, our Board of Directors fails to cure the condition within 30 days following receipt of such written notice and, within ten days thereafter, the executive terminates the executive's employment as a result of such condition.

A "change in control" is deemed to occur under the employment agreements if:

any person or group of persons is or becomes a beneficial owner of securities of Malibu Boats, Inc. representing more than 50% of the combined voting power of Malibu Boats, Inc.'s outstanding voting securities, excluding any person or group of persons who was, directly or indirectly a beneficial owner of more than 50% of the combined voting power of Malibu Boats, Inc.'s then outstanding voting securities at the time of our initial public offering;

the individuals who, on the effective date of the employment agreement or our initial public offering, constitute the Board of Directors, and any new director (other than a director who initially assumes office in connection with an actual or threatened election contest) whose election was approved or recommended by a vote of at least two-thirds (2/3) of the directors then in office, cease for any reason to constitute a majority of the number of our directors;

a merger or consolidation of Malibu Boats, Inc. occurs where either (1) the beneficial owners of voting securities of Malibu Boats, Inc. immediately prior to the transaction do not, immediately thereafter, own more than 50% of the combined voting power of the surviving entity or (2) the directors immediately prior to the transaction do not immediately thereafter constitute a majority of the board of directors of the surviving entity;

our stockholders approve a plan of liquidation or dissolution of Malibu Boats, Inc.; or

an agreement or series of agreements is consummated for the sale of all or substantially all of our assets other than to an entity of which at least 50% of the combined voting securities are owned by our stockholders in substantially the same proportions as their ownership of Malibu Boats, Inc. immediately prior to such sale.

Long Term Incentive Plan

Our Board of Directors has adopted and approved the Long-Term Incentive Plan (the "Incentive Plan"). The following is a brief summary of the material terms of the Incentive Plan.

Purpose

The purpose of our Incentive Plan is to promote the interests of the Company and its stockholders by strengthening our ability to attract, motivate and retain individuals to serve as employees and directors by providing them with additional incentives to put forth maximum efforts for the success of our business.

Administration

The Compensation Committee of our Board of Directors administers the Incentive Plan. The Compensation Committee may delegate some or all of its authority with respect to the Incentive Plan to another committee of directors and may delegate certain limited award grant authority to one or more of our officers. The Compensation Committee has the power to, among other actions, (1) select persons eligible to receive awards, (2) determine the number of shares subject to awards, (3) approve form award agreements, (4) determine the terms and conditions of awards, including the price (if any) to be paid for the shares or the award, (5) amend outstanding awards and (6) effect cancellations of any or all outstanding awards and substitute in new awards covering the same or different number of shares, provided that the Compensation Committee may not effect any action to lower the exercise price of outstanding stock options without stockholder approval.

Eligibility

Persons eligible to receive awards under the Incentive Plan include our employees, consultants, members of our Board of Directors and other independent contractors. The Compensation Committee will determine from time to time the participants to whom awards will be granted.

Available Shares

We have initially reserved 1,700,000 shares of our Class A common stock for the issuance of awards under the Incentive Plan. The shares we issue under the Incentive Plan will be authorized but unissued shares or shares that we reacquire. Any shares of Class A common stock subject to an award that are withheld by the Company to satisfy any tax withholding obligation with respect to an award or in payment of the purchase price of a stock option will be considered issued under the Incentive Plan.

The number of shares of Class A common stock available under the Incentive Plan, the number and kind of shares of Class A common stock subject to outstanding awards and the exercise or purchase prices are subject to adjustment in the event of recapitalization, reclassification, stock dividend, stock split, reverse stock split or other distributions with respect to the shares of Class A common stock, or other changes in corporate structure affecting the Class A common stock.

Maximum Awards

The maximum number of shares of Class A common stock subject to any stock option awarded to any participant during any calendar year is 340,000 shares. To the extent that the aggregate grant date fair market value of Class A common stock with respect to which incentive stock options, or ISOs, are exercisable for the first time by a participant during any calendar year exceeds \$100,000, such options will be treated as nonqualified options, or NSOs.

With respect to awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code, (1) the maximum number of shares with respect to which stock options, stock appreciation rights ("SARs"), and other awards (other than performance awards) to the extent they are granted as Section 162(m) awards may be granted during any calendar year to any employee may not exceed 340,000, and (2) the maximum aggregate dollar amount that may be paid in any calendar year to an employee with respect to performance awards may not exceed \$2 million.

Incentive Awards

The Incentive Plan authorizes stock options, SARs, restricted stock, restricted stock units, dividend equivalent awards and performance awards. A stock option or SAR will expire, or other award will vest, in accordance with the schedule set forth in the applicable award agreement.

Stock Options. The Compensation Committee may award ISOs or NSOs under the Incentive Plan. Stock options will become vested and exercisable at such times and upon such terms and conditions as may be determined by the Compensation Committee at the time of grant, but a stock option will generally not be exercisable for a period of more than ten years after it is granted. The exercise price per share for any stock option will not be less than the fair market value of a share of Class A common stock on the day the stock option is granted.

SARs. The Compensation Committee will establish the base price at the time of grant of the SAR but such price will not be less than the fair market value of a share on the date of grant.

Restricted Stock Awards. The Compensation Committee may specify the price, if any, a participant must pay for shares of restricted stock and the restrictions (which may include, for example, transfer restrictions, performance standards or other incidents of ownership and forfeiture conditions as the Compensation Committee may determine) imposed on such shares.

Restricted Stock Units. A restricted stock unit will be subject to such restrictions and conditions as the Compensation Committee may determine. The vesting period will generally not exceed ten years from the date of grant.

Dividend Equivalent Awards. A dividend equivalent award is a right to receive cash payments determined by reference to dividends declared on the Class A common stock from time to time during the term of the award, which will not exceed ten years from the date of issuance of such award. Dividend equivalent awards may be granted independent or in tandem with other awards (other than stock options or SARs).

Performance-based Awards. At the time of grant, the Compensation Committee will determine the specified amount and the percentage or multiple of the specified amount, one or more performance periods and performance goals to be achieved during the applicable performance periods on which the payment or vesting of a performance-based award is conditioned. No performance based-award will exceed ten years from the date of grant.

Section 162(m) Awards. The Section 162(m) award is designed to satisfy the requirements for deductibility under Section 162(m) of the Code (in addition to other awards expressly authorized under the Incentive Plan which may also qualify as performance-based) and may be based on our performance. The business criteria from which performance goals will be established are: (1) return on equity, capital, sales, or assets; (2) revenue; (3) income; (4) cash flow; (5) earnings per share; (6) debt reduction; (7) working capital; (8) total return; (9) expense management; (10) EBITDA; (11) adjusted EBITDA; (12) market share; (13) qualitative objectives; (14) international performance; and (15) attainment of specific strategic objectives. Performance goals may be adjusted to reflect certain changes, including reorganizations, liquidations and capitalization and accounting changes, to the extent permitted by Section 162(m).

The Compensation Committee may grant stock unit awards and permit deferred payment of awards, and may determine the form and timing of payment, vesting and other terms applicable to stock units or deferrals.

Change in Control

Upon a change in control (as defined in the Incentive Plan), outstanding awards under the Incentive Plan may be assumed or substituted on the same terms by the surviving entity. If the surviving entity does not assume or substitute the outstanding awards, then such awards will become fully vested immediately prior to the change in control and, in the case of stock options or SARs, will become immediately exercisable. If the surviving entity assumes outstanding awards, or substitutes awards with similar stock awards, and the employment of a participant is terminated without cause (as defined in the Incentive Plan) or for good reason (as defined in the Incentive Plan) within 18 months after the effective date of the change in control, all awards held by such participant will become fully vested to the extent not previously forfeited and, with respect to stock options and SARs, fully exercisable.

Transfer Restrictions

Subject to certain exceptions, awards under the Incentive Plan are not transferable by the recipient other than by will or the laws of descent and distribution and are generally exercisable, during the recipient's lifetime, only by him or her.

Non-competition

Under the Incentive Plan, participants other than outside directors that receive awards under the Incentive Plan will agree to certain non-competition covenants.

Amendment and Termination

Our Board of Directors may at any time and from time to time and in any respect, amend or modify the Incentive Plan. No amendment or modification of the Incentive Plan will be effective, however, without the consent of our stockholders that would (1) change the class of eligible participants, (2) increase the number of shares of Class A common stock reserved for issuance, (3) allow the grant of stock options at an exercise price below fair market value, (4) increase the aggregate number of shares of Class A common stock that may be granted pursuant to awards, (5) modify the Incentive Plan to permit the repricing of stock options, or (6) require approval of our stockholders under the listing requirements of NASDAQ or the exchange or trading system through which Class A common stock may be listed or traded at the time of the amendment. The Incentive Plan will continue until terminated by our Board of Directors in its sole discretion. No amendment or termination of the Incentive Plan may adversely affect any outstanding award without the consent of the participant or its permitted transferee.

401(k) Retirement Plan

We adopted a 401(k) retirement plan effective as of July 1, 2014. Full-time employees who have completed one year of service have the opportunity to participate in the 401(k) plan. Our 401(k) plan is intended to qualify under Section 401 of the Code. Employees are able to elect to defer a portion of their eligible compensation not to exceed the statutorily prescribed annual limit in the form of elective deferral contributions to our 401(k) plan. Our 401(k) plan also has a "catch-up contribution" feature for employees eligible to defer amounts over the statutory limit that applies to all other employees. We also provide matching contributions of up to \$0.50 per \$1.00 of participant deferral up to a maximum per participant deferral amount equivalent to 6% of eligible compensation, with a maximum matching contribution of 3% of eligible compensation per participant per plan year. Participants are always vested in their personal contributions to the 401(k) plan, and company matching contributions under the plan cliff vest following a participant's completion of three years of service.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended June 30, 2016, our Compensation Committee was comprised of Messrs. Murphy (chair) and Connolly. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures Regarding Related Party Transactions

The Audit Committee of our Board of Directors reviews related party transactions for potential conflict of interest issues. Our Board of Directors has adopted a written related party transaction policy that sets forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which we were or are to be a participant, the amount involved exceeds \$100,000 and a related person had or will have a direct or indirect material interest, including purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness or employment by us or a related person.

Malibu Boats Holdings, LLC Limited Liability Company Agreement

In connection with the Recapitalization and IPO, the limited liability company agreement of the LLC was amended and restated. As a result of the Recapitalization and IPO, Malibu Boats, Inc. holds LLC Units in the LLC and is the sole managing member of the LLC. Accordingly, Malibu Boats, Inc. operates and controls all of the business and affairs of the LLC and, through the LLC and its operating entity subsidiaries, conducts our business. Holders of LLC Units generally do not have voting rights under the limited liability company agreement.

Pursuant to the limited liability company agreement of the LLC, Malibu Boats, Inc. has the right to determine when distributions (other than tax distributions) will be made to the holders of LLC Units and the amount of any such distributions. If Malibu Boats, Inc. authorizes a distribution, such distribution will be made to the holders of LLC Units (including Malibu Boats, Inc.) pro rata in accordance with the percentages of their respective LLC Units. The holders of LLC Units, including Malibu Boats, Inc., will incur U.S. federal, state and local income taxes on their proportionate share of any taxable income of the LLC. Net profits and net losses of the LLC will generally be allocated to LLC's members (including Malibu Boats, Inc.) pro rata in accordance with the percentages of their respective limited liability company interests. The limited liability company agreement of the LLC provides for cash distributions to the holders of the LLC Units if Malibu Boats, Inc. determines that the taxable income of the LLC will give rise to taxable income for its members. In accordance with the limited liability company agreement, we intend to cause the LLC to make cash distributions to the holders of LLC units for purposes of funding their tax obligations in respect of the income of the LLC that is allocated to them. Generally, these tax distributions will be computed based on our estimate of the taxable income of the LLC allocable to the holders of LLC Units multiplied by an assumed tax rate equal to the highest effective marginal combined U.S. federal, state and local income tax rate prescribed for an individual or corporate resident in Los Angeles, California (taking into account the nondeductibility of certain expenses and the character of our income). For purposes of determining the taxable income of the LLC, such determination will be made by generally disregarding any adjustment to the taxable income of any member of the LLC that arises under the tax basis adjustment rules of the Code and is attributable to the acquisition by such member of an interest in the LLC in a sale or exchange transaction.

The limited liability company agreement of the LLC also provides that substantially all expenses incurred by or attributable to Malibu Boats, Inc., but not including income tax expenses of Malibu Boats, Inc., will be borne by the LLC.

The limited liability company agreement of the LLC provides that it may be amended, supplemented, waived or modified by the written consent of Malibu Boats, Inc. in its sole discretion without the approval of any other holder of LLC Units, except that no amendment may materially and adversely affect the rights of a holder of LLC Units without the consent of such holder, other than on a pro rata basis with other holders of LLC Units.

Exchange Agreement

In connection with the Recapitalization and IPO, we entered into an exchange agreement with the pre-IPO owners of the LLC, several of whom are directors and/or officers of Malibu Boats, Inc. Under the exchange agreement, each pre-IPO owner of the LLC (or its permitted transferee) has the right to exchange its LLC Units for

shares of Class A common stock of Malibu Boats, Inc. on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications, or, at our option, except in the event of a change in control, for a cash payment equal to the market value of the Class A common stock. The exchange agreement provides, however, that such exchanges must be for a minimum of the lesser of 1,000 LLC Units, all of the LLC Units held by the holder, or such amount as we determine to be acceptable. The exchange agreement also provides that LLC members do not have the right to exchange LLC Units if Malibu Boats, Inc. determines that such exchange would be prohibited by law or regulation or would violate other agreements with Malibu Boats, Inc. to which the LLC member may be subject or any of our written policies related to unlawful or insider trading. The exchange agreement also provides that we may impose additional restrictions on exchanges that we determine to be necessary or advisable so that the LLC is not treated as a “publicly traded partnership” for U.S. federal income tax purposes. In addition, pursuant to the limited liability company agreement, Malibu Boats, Inc., as managing member of the LLC, has the right to require all members of the LLC to exchange their LLC Units for Class A common stock in accordance with the terms of the exchange agreement, subject to the consent of the holders of a majority of outstanding LLC Units other than those held by Malibu Boats, Inc.

Tax Receivable Agreement

As a result of exchanges of LLC Units into Class A common stock and purchases by the Company of LLC Units from holders of LLC Units, Malibu Boats, Inc. will become entitled to a proportionate share of the existing tax basis of the assets of the LLC at the time of such exchanges or purchases. In addition, such exchanges and purchases of LLC Units are expected to result in increases in the tax basis of the assets of the LLC that otherwise would not have been available. These increases in tax basis may reduce the amount of tax that we would otherwise be required to pay in the future. These increases in tax basis may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets.

In connection with the Recapitalization and IPO, we entered into a tax receivable agreement with the pre-IPO owners of the LLC that provides for the payment from time to time by us to pre-IPO owners of the LLC (or any permitted assignees) of 85% of the amount of the benefits, if any, that we are deemed to realize as a result of (1) increases in tax basis and (2) certain other tax benefits related to our entering into the tax receivable agreement, including those attributable to payments under the tax receivable agreement. These payment obligations are our obligations and not of the LLC. For purposes of the agreement, the benefit deemed realized by us will be computed by comparing our actual income tax liability (calculated with certain assumptions) to the amount of such taxes that we would have been required to pay had there been no increase to the tax basis of the assets of the LLC as a result of the purchases or exchanges, and had we not entered into the tax receivable agreement. The term of the agreement will continue until all such tax benefits have been utilized or expired, unless we exercise our right to terminate the tax receivable agreement for an amount based on the agreed payments remaining to be made under the agreement or we breach any of our material obligations under the tax receivable agreement or there is a change in control, in which case all obligations will generally be accelerated and due as if we had exercised our right to terminate the agreement. Estimating the amount of payments that may be made under the tax receivable agreement is by its nature imprecise, insofar as the calculation of amounts payable depends on a variety of factors. The actual increase in tax basis, as well as the amount and timing of any payments under the agreement, will vary depending upon a number of factors, including:

- the timing of purchases or exchanges—for instance, the increase in any tax deductions will vary depending on the fair value, which may fluctuate over time, of the depreciable or amortizable assets of the LLC at the time of each purchase or exchange;
- the price of shares of our Class A common stock at the time of the purchase or exchange—the increase in any tax deductions, as well as the tax basis increase in other assets, of the LLC is directly related to the price of shares of our Class A common stock at the time of the purchase or exchange;
- the extent to which such purchases or exchanges are taxable—if an exchange or purchase is not taxable for any reason, increased deductions will not be available; and
- the amount and timing of our income—the corporate taxpayer will be required to pay 85% of the deemed benefits as and when deemed realized. If we do not have taxable income, we generally will not be required

(absent a change of control or other circumstances requiring an early termination payment) to make payments under the tax receivable agreement for that taxable year because no benefit will have been realized. However, any tax benefits that do not result in realized benefits in a given tax year will likely generate tax attributes that may be utilized to generate benefits in previous or future tax years. The utilization of such tax attributes will result in payments under the tax receivable agreement.

We expect that the payments that we may make under the agreement may be substantial. Assuming no material changes in the relevant tax law, and that we earn sufficient taxable income to realize all tax benefits that are subject to the agreement, as of June 30, 2016, we expect future payments under the agreement to be approximately \$93.8 million over the next 19 years. Future payments to the pre-IPO owners of the LLC (or their permitted assignees) in respect of subsequent exchanges would be in addition to these amounts and are expected to be substantial. The foregoing numbers are merely estimates and the actual payments could differ materially. It is possible that future transactions or events could increase or decrease the actual tax benefits realized and the corresponding tax receivable agreement payments. There may be a material negative effect on our liquidity if distributions to Malibu Boats, Inc. by the LLC are not sufficient to permit Malibu Boats, Inc. to make payments under the agreement after it has paid taxes. The payments under the agreement are not conditioned upon the LLC members' continued ownership of us.

The effects of the tax receivable agreement on our consolidated balance sheet as a result of our exchange of LLC Units into Class A common stock during the fiscal year ended June 30, 2016 was an increase of \$0.1 million in deferred tax assets and an increase of \$0.1 million in payable pursuant to tax receivable agreement and additional paid in capital.

The tax receivable agreement provides that, upon certain mergers, asset sales or other forms of business combinations or other changes of control, we (or our successor) would owe to the pre-IPO owners of the LLC (or their permitted assignees) a lump-sum payment equal to the present value of all forecasted future payments that would have otherwise been made under the tax receivable agreement which would be based on certain assumptions, including a deemed exchange of LLC Units and that we would have sufficient taxable income to fully utilize the deductions arising from the increased tax basis and other tax benefits related to entering into the tax receivable agreement. We are also entitled to terminate the tax receivable agreement, which, if terminated, would obligate us to make early termination payments to the pre-IPO owners of the LLC. A pre-IPO owner may also elect to unilaterally terminate the tax receivable agreement with respect to such pre-IPO owner, which would obligate us to pay to such pre-IPO owner certain payments for tax benefits received through the taxable year of the election.

Payments generally will be due under the tax receivable agreement within five business days following the finalization of the schedule with respect to which the payment obligation is calculated, although interest on such payments will begin to accrue at a rate equal to LIBOR plus 100 basis points from the due date (without extensions) of the applicable tax return until such payment due date. Any late payments under the tax receivable agreement generally will accrue interest at a rate of LIBOR plus 500 basis points.

Payments under the tax receivable agreement will be based on the tax reporting positions that we will determine. Although we are not aware of any issue that would cause the Internal Revenue Service to challenge a tax basis increase, the corporate taxpayer will not be reimbursed for any payments previously made under the agreement. As a result, in certain circumstances, payments could be made under the agreement in excess of the benefits that the corporate taxpayer actually realizes in respect of the tax attributes subject to the agreement.

We paid \$2.8 million to the pre-IPO owners during the fiscal year ended June 30, 2016 in connection with exchanges, which resulted in \$93.8 million in tax receivable agreement liabilities as of June 30, 2016.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC reports of ownership and reports of changes in ownership of our equity securities. These persons are required by SEC regulations to furnish us with copies of all of these reports that they file. To our knowledge, based solely on our review of the copies of such reports, including any amendments thereto, furnished to us and written responses to annual directors' and officers' questionnaires that no other reports were required, all Section 16(a) reports required to be filed during the fiscal year ended June 30, 2016 were timely filed except for a late Form 4 filed on January 28, 2016 for each of Jack D. Springer, Wayne R. Wilson and Ritchie L. Anderson reporting the withholding of shares of Class A common stock for tax withholding purposes upon the vesting of restricted stock or restricted stock units, as applicable.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors assists the Board in performing its oversight responsibilities for our financial reporting process, audit process and internal controls as more fully described in the Audit Committee's charter. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. Our independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon.

In the performance of its oversight function, the Audit Committee reviewed and discussed our audited consolidated financial statements for the fiscal year ended June 30, 2016 with management and with our independent registered public accounting firm. In addition, the Audit Committee discussed with our independent registered public accounting firm the matters required to be discussed by Auditing Standards No. 16, Communication with Audit Committees. The Audit Committee has also received and reviewed the written disclosures and the letter from our independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board (United States) regarding the accounting firm's communications with the Audit Committee concerning independence and has discussed with our independent registered public accounting firm that firm's independence and considered whether the non-audit services provided by the independent registered public accounting firm are compatible with maintaining its independence.

Based on the review and discussions with management and our independent registered public accounting firm described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2016 filed with the SEC.

ELECTION OF DIRECTORS

(Proposal No. 1)

Nominees for Election

The Board of Directors is currently comprised of nine members. Upon the recommendation of the Nominating and Governance Committee, the Board has nominated Jack D. Springer, Michael K. Hooks and John E. Stokely for election to the Board to serve until the 2019 annual meeting of stockholders and until their successors are duly elected and qualified. All of our director nominees are currently directors of Malibu Boats.

In recommending director nominees for selection by the Board, the Nominating and Governance Committee considers a number of factors, which are described in more detail above under “Corporate Governance—Director Nomination Process.” In considering these factors, the Nominating and Governance Committee and the Board consider the fit of each individual’s skills with those of other directors to build a board of directors that is effective, collegial and responsive to the needs of our company.

Each of the nominees for election has consented to be named in this Proxy Statement and to serve as a director if elected. If any nominee is unable to serve or for good reason will not serve as a director (which is not anticipated), your proxy may be voted for such other person or persons as may be determined by the holders of such proxies or for the balance of the nominees, leaving a vacancy, unless our Board of Directors chooses to reduce the number of directors serving on the Board of Directors.

Recommendation of the Board

Our Board of Directors recommends that you vote FOR each of the three nominees for director.

RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

(Proposal No. 2)

KPMG served as the Company's independent registered public accounting firm during the fiscal year ended June 30, 2016 and, in that capacity, audited the Company's consolidated financial statements for the fiscal year ended June 30, 2016. Although ratification by stockholders is not required by law, the Board has determined that it is desirable to request approval of the appointment of KPMG for the fiscal year ending June 30, 2017 by the stockholders. If the stockholders do not ratify this appointment, the Audit Committee will reconsider whether to retain KPMG, and may decide to retain them notwithstanding the vote. Even if the appointment is ratified, the Audit Committee in its discretion may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders. In addition, if KPMG should decline to act or otherwise become incapable of acting, or if the employment should be discontinued, the Audit Committee will appoint a substitute independent public registered public accounting firm.

Changes in Independent Registered Public Accounting Firm

On September 14, 2015, after being recommended by the Audit Committee and approved by our Board of Directors, we dismissed McGladrey, as our principal accountant. Following the recommendation of the Audit Committee, our Board of Directors approved the engagement of KPMG, an independent registered public accounting firm, as our principal accountant with respect to the audit of our financial statements for the fiscal year ended June 30, 2016, which was subsequently ratified by the stockholders.

The reports of McGladrey on our consolidated financial statements for the fiscal years ended June 30, 2015 and 2014 did not contain an adverse opinion or disclaimer of opinion, and such reports were not qualified or modified as to uncertainty, audit scope, or accounting principle.

During our fiscal years ended June 30, 2015 and 2014, and the interim period from July 1, 2015, through and including September 14, 2015, the date of McGladrey's dismissal, (i) there were no disagreements (as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) between us and McGladrey on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of McGladrey, would have caused McGladrey to make reference to the subject matter of the disagreement in connection with its reports on our consolidated financial statements for such years or any subsequent interim period through the date of dismissal, and (ii) there were no "reportable events" (as defined in Item 304(a)(1)(v) of Regulation S-K).

In addition, during our fiscal years ended June 30, 2015 and 2014, and the interim period from July 1, 2015, through and including September 14, 2015, the date of KPMG's engagement, neither the Company, nor anyone acting on its behalf consulted KPMG regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered with respect to the consolidated financial statements of the Company, in any case where a written report or oral advice was provided to the Company by KPMG that KPMG concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue; or (ii) any matter that was the subject of a disagreement (as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) or a "reportable event" (as that term is described in Item 304(a)(1)(v) of Regulation S K).

We provided McGladrey and KPMG with a copy of the disclosures required by Item 304(a) of Regulation S-K prior to the time this proxy statement was filed with the SEC.

Representatives of KPMG will attend the annual meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions from stockholders. We do not expect representatives of McGladrey to attend the annual meeting.

The Company has been advised by KPMG and McGladrey that neither of the firms, nor any member of either of the firms, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

Recommendation of the Board

Our Board of Directors recommends that you vote FOR ratification of the appointment of KPMG LLP as Malibu Boats' independent registered public accounting firm for the fiscal year ending June 30, 2017.

OTHER MATTERS

As of the date of this Proxy Statement, the Board of Directors knows of no matters that will be presented for consideration at the Annual Meeting other than as described in this Proxy Statement. If any other matter properly comes before the Annual Meeting or any postponement or adjournment thereof and is voted upon, the proxy holders named in the proxies solicited by the Board of Directors will have the authority to vote all proxies received with respect to such matters in their discretion, and it is their intention to vote such proxies in accordance with the recommendation of the Board of Directors.
