Proxy Statement

General Information

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Blue Hills Bancorp, Inc. (the “Company” or “Blue Hills Bancorp”) to be used at the annual meeting of stockholders of the Company. The Company is the holding company for Blue Hills Bank (the “Bank”). The annual meeting will be held at the Operations Center of Blue Hills Bank, 500 River Ridge Drive, Norwood Massachusetts 02062 on Wednesday, May 16, 2018 at 10:00 a.m. Eastern time. The notice of annual meeting of stockholders and this proxy statement are first being made available to stockholders on or about April 11, 2018.

Voting and Proxy Information

Who Can Vote at the Meeting

You are entitled to vote your Company common stock if the records of the Company show that you held your shares as of the close of business on March 29, 2018. If your shares are held through a broker, bank or other holder of record (which we refer to in this proxy statement as your “holder of record”), you are considered the beneficial owner of shares held in “street name” and you will receive instructions directly from your holder of record in order to vote your shares. Your holder of record may allow you to provide voting instructions by telephone or by the Internet.

As of the close of business on March 29, 2018, there were 26,861,521 shares of Company common stock outstanding. Each share of common stock has one vote. The Company’s articles of incorporation provide that record owners of Company common stock who beneficially own in excess of 10% of the Company’s outstanding common stock (a “10% beneficial owner”), shall not be entitled to vote, in the aggregate, shares beneficially owned by the 10% beneficial owner in excess of 10% of the Company’s outstanding common stock, unless a majority of unaffiliated directors (as defined in the articles of incorporation) grant such entitlement by resolution in advance of the acquisition of the excess shares.

Ownership of Shares; Attending the Meeting

You may own shares of Blue Hills Bancorp in one of the following ways:

- Directly in your name as the stockholder of record;
- Indirectly through your broker, bank or other holder of record in “street name”; or
- Indirectly in the Blue Hills Bank Employee Stock Ownership Plan (“ESOP”) or the Blue Hills Bancorp, Inc. Stock Fund of the Blue Hills Bank 401(k) Retirement Plan (“401K Plan”).

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to give your proxy directly to us, either through voting by mail, the Internet, or telephone, or to vote in person at the annual meeting. If you wish to vote at the meeting, you will need to bring proof of identity.

If you hold your shares indirectly in street name, your holder of record is sending these proxy materials to you. As the beneficial owner, you have the right to direct your holder of record how to vote by filling out a voting form that accompanies your proxy materials. Your holder of record may allow you to provide voting instructions by telephone or by the Internet in addition to by mail. Please see the form provided by your holder of record that accompanies this proxy statement.

If you hold your shares indirectly in street name and wish to attend the meeting, you will need to bring proof of ownership to be admitted to the annual meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote your shares held in street name in person at the annual meeting, you must obtain a written proxy in your name from the holder of record of your shares. You will also need to bring proof of identity to vote at the annual meeting.

Quorum and Votes Required

Quorum. We will have a quorum and will be able to conduct the business of the annual meeting if the holders of a majority of the outstanding shares of common stock entitled to vote are present at the meeting, either in person or by proxy.

Votes Required for Proposals. In voting on the election of directors, you may vote in favor of the nominees, withhold votes as to all nominees, or withhold votes as to specific nominees. There is no cumulative voting for the election of directors. Directors are elected by a plurality of the votes cast at the annual meeting. This means that the nominees receiving the greatest number of votes will be elected.

In voting on the ratification of the appointment of Wolf & Company, P.C. as the Company's independent registered public accounting firm, you may vote in favor of the proposal, vote against the proposal or abstain from voting. Ratification of the selection of the independent registered public accountants will be determined by a majority of the votes cast.

Routine and Non-Routine Proposals. If you do not provide your holder of record with voting instructions on certain non-routine matters (e.g., the election of directors), your holder of record will not have discretion to vote your shares on such matters. In the case of routine matters (e.g., the ratification of the independent auditors), your holder of record is permitted to vote your shares in your holder of record's discretion if you have not provided voting instructions. A "broker non-vote" occurs when your holder of record submits a proxy for the meeting with respect to routine matters, but does not vote on non-routine matters because you did not provide voting instructions on such matters. It is important, therefore, that you provide instructions to your holder of record if your shares are held in street name so that your vote with respect to non-routine matters is counted.

How We Count Votes. If you return valid proxy instructions or attend the meeting in person, we will count your shares for purposes of determining whether there is a quorum, even if you abstain from voting. Broker non-votes, if any, also will be counted for purposes of determining the existence of a quorum.

In the election of directors, votes that are withheld and broker non-votes will have no effect on the outcome of the election.

In counting votes on the ratification of the appointment of the Company's independent registered public accounting firm, we will not count abstentions as votes cast on the proposal. Therefore, abstentions will have no impact on the outcome of this proposal.

Voting by Proxy

The Company's Board of Directors is sending you this proxy statement to request that you allow your shares of Company common stock to be represented at the annual meeting by the persons named as proxies on the enclosed proxy card. All shares of Company common stock represented at the meeting by properly executed and dated proxies will be voted according to the instructions indicated on the proxy card. If you sign, date and return a proxy card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors.

The Board of Directors unanimously recommends that you vote:

for each of the nominees for director; and

for ratification of the appointment of Wolf & Company, P.C. as the Company's independent registered public accounting firm.

If any matters not described in this proxy statement are properly presented at the annual meeting, the persons named in the proxy card will use their judgment to determine how to vote your shares. This includes a motion to adjourn or postpone the meeting to solicit additional proxies. The Company does not currently know of any other matters to be presented at the meeting.

You may revoke your proxy at any time before the vote is taken at the meeting. To revoke your proxy, you must advise the Corporate Secretary of the Company in writing before your common stock has been voted at the annual meeting, deliver a later dated proxy or attend the meeting and vote your shares in person by ballot. Attendance at the annual meeting will not in itself constitute revocation of your proxy.

Participants in the ESOP or 401(k) Plan as adopted by Blue Hills Bank

Participants in the ESOP and the 401(k) Plan will receive a vote authorization form that reflects all shares the participant may direct the trustee to vote on his or her behalf under the plans. Under the terms of the ESOP, the ESOP trustee votes all shares held by the ESOP, but each ESOP participant may direct the trustee how to vote the shares of Company common stock allocated to his or her account. The ESOP trustee will vote all unallocated shares of Company common stock held by the ESOP and allocated shares for which no voting instructions are received in the same proportion as shares for which it has received timely voting instructions. Participants in the 401(k) will be given the opportunity to vote the shares allocated to their accounts. Blue Hills Bank, as plan administrator, has instructed the Trustee of the 401(k) Plan to vote any shares in the plan for which participants have not issued voting instructions in the same proportion as the votes received on shares that participants have provided voting instructions. The deadline for returning your ESOP Vote Authorization Form and 401(k) Plan Vote Authorization Form is Wednesday, May 9, 2018 at 11:59 p.m. Eastern time. The telephonic and internet voting cutoff for providing your ESOP vote authorization and 401(k) Plan vote authorization is Wednesday, May 9, 2018 at 11:59 p.m. Eastern time.

Corporate Governance

General

The Company periodically reviews its corporate governance policies and procedures to ensure that the Company meets the highest standards of ethical conduct, reports results with accuracy and transparency and maintains full compliance with the laws, rules and regulations that govern the Company's operations. As part of this periodic corporate governance review, the Board of Directors reviews and adopts best corporate governance policies and practices for the Company.

Director Independence

Blue Hills Bancorp has eleven directors. The Board of Directors has affirmatively determined that each of our directors, with the exception of Mr. Parent, is "independent" as defined in the rules of the Nasdaq Stock Market. Mr. Parent is not independent because he is an executive officer of Blue Hills Bancorp.

In determining the independence of our directors, the Board of Directors considered all relationships between Blue Hills Bancorp, Inc. and our directors, including relationships that are not required to be reported under "—Transactions With Certain Related Persons."

Code of Ethics

The Company has adopted a Code of Ethics that is designed to promote the highest standards of ethical conduct by the Company's directors, executive officers and employees. The Code of Ethics requires that the Company's directors, executive officers and employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner and otherwise act with integrity and in the Company's best interest. Under the terms of the Code of Ethics, directors, executive officers and employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Ethics. A copy of the Code of Ethics can be found on the Company's website, www.bluehillsbancorp.com.

The following table identifies the standing committees of our Board of Directors and their members as of the date of this proxy statement. Audit Committee

Each member of the Audit Committee is "independent" as defined in the Nasdaq corporate governance listing standards and the additional independence requirements of applicable Securities and Exchange Commission ("SEC") rules. The Board of Directors believes that Mr. Manning qualifies as an "audit committee financial expert" under applicable SEC rules.

The Audit Committee is responsible for supervising Blue Hills Bancorp, Inc.'s accounting, financial reporting and financial control processes. Generally, the Audit Committee oversees management's efforts with respect to the quality and integrity of our financial information and reporting functions and the adequacy and effectiveness of our system of internal accounting and financial controls. The Audit Committee also reviews the independent audit process and the qualifications of the independent registered public accounting firm, and has sole responsibility for engaging our independent registered public accounting firm.

Compensation Committee

The Compensation Committee approves the compensation objectives for the Company and the Bank and establishes the compensation for the Chief Executive Officer and other executives. Our Chief Executive Officer attends committee meetings at the invitation of the committee and makes recommendations to the Compensation Committee from time to time regarding the appropriate mix and level of compensation for our other executives. Those recommendations consider the objectives of our compensation philosophy and the range of compensation programs authorized by the Compensation Committee. Our Chief Executive Officer does not participate in committee discussions or the review of committee documents relating to the determination of his own compensation. The Compensation Committee reviews all compensation components for the Company's Chief Executive Officer and other highly compensated executive officers' compensation including base salary, annual incentive, long-term incentives and perquisites. In addition to reviewing competitive market values, the committee also examines the total compensation mix, pay-for-performance relationship, and how all elements, in the aggregate, comprise the executives' total compensation package. Decisions by the Compensation Committee with respect to the compensation of executive officers are approved by the full Board of Directors.

Nominating and Corporate Governance Committee

The Company's Nominating and Corporate Governance Committee assists the Board of Directors in: (1) identifying qualified individuals to serve as Board members, (2) determining the composition of the Board of Directors and its committees, (3) monitoring a process to assess Board effectiveness and (4) developing and implementing the Company's corporate governance guidelines. The Nominating and Corporate Governance Committee also considers and recommends the nominees for director to stand for election at the Company's annual meeting of stockholders.

Minimum Qualifications. The Nominating and Corporate Governance Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board of Directors. A candidate must meet the eligibility requirements set forth in the Company's bylaws, which include a residency requirement, age requirement and a requirement that the candidate not have been subject to certain criminal or regulatory actions. A candidate also must meet any qualification requirements set forth in any Board or committee governing documents, including the Company's bylaws.

These qualifications include:

No person shall be eligible for election or appointment to the Board of Directors: (i) if a financial or securities regulatory agency has issued a cease and desist, consent or other formal order, other than a civil money penalty, against such person, which order is subject to public disclosure by such agency; (ii) if such person has been convicted of a crime involving dishonesty or breach of trust which is punishable by imprisonment for a term exceeding one year under state or federal law; (iii) if such person is currently charged in any information, indictment, or other complaint with the commission of or participation in such a crime; and (iv) unless such person has been, for a period of at least one year immediately prior to his or her initial election or appointment to the Board of Directors, a resident of a county in which the Company or its subsidiaries maintains a banking office or a county contiguous to any such county.

No person shall be eligible for election or appointment to the Board of Directors if such person is at the same time, a director, officer, employee or 10% or more stockholder of a bank, savings institution, credit union, mortgage banking company, consumer loan company or similar organization, other than a subsidiary of Blue Hills Bancorp, that engages in business activities or solicits customers, whether through a physical presence or electronically, in the same market area as the Company or any of its subsidiaries.

No person shall be eligible for election or appointment to the Board of Directors if such person does not agree in writing to comply with all of the Company's policies applicable to directors including but not limited to its confidentiality policy, and confirm in writing his or her qualifications.

No person shall be eligible for election to the Board of Directors if such person is a party to any agreement or arrangement with a party other than the Company or a subsidiary that (i) provides him or her with material benefits which are tied to or contingent on the Company entering into a merger, sale of control or similar transaction in which it is not the surviving institution, (ii) materially limits his or her voting discretion as a member of the Board of Directors of the Company, or (iii) materially impairs his or her ability to discharge his or her fiduciary duties with respect to the fundamental strategic direction of the Company.

No person shall be eligible for election to the Board of Directors if such person is the nominee or representative, as those terms are defined in the regulations of the Board of Governors of the Federal Reserve System, 12 C.F.R. §212.2(n), of a company or other entity of which any of the directors, partners, trustees or 10% stockholders would not be eligible for election or appointment to the Board of Directors under the Company's bylaws.

No person shall be elected to serve as a director after reaching the age of seventy-five years unless the board determines, by a vote of at least two-thirds of its disinterested members, that such director possesses skills and experience that (i) materially benefit the Board of Directors in the exercise of its powers and duties, (ii) are not possessed to any comparable degree by any other member of the Board of Directors, and (iii) are not reasonably replaceable.

If a candidate is deemed eligible and qualified for election to the Board of Directors, the Nominating and Corporate Governance Committee will then evaluate the following criteria in selecting nominees:

- financial, regulatory and business experience;
- familiarity with and participation in the local communities;
- integrity, honesty and reputation in connection with upholding a position of trust with respect to customers;
- dedication to the Company and its stockholders;
- gender and ethnic diversity of the Board of Directors; and
- independence.

The Company does not maintain a specific diversity policy. However, we understand the importance and value of gender and ethnic diversity on a Board of Directors, and the Board considers diversity in its review of candidates.

The Committee also will consider any other factors the Nominating and Corporate Governance Committee deems relevant, including age, size of the Board of Directors and regulatory disclosure obligations.

With respect to nominating an existing director for re-election to the Board of Directors, the Nominating and Corporate Governance Committee will consider and review an existing director's Board and committee attendance and performance; length of Board service; the experience, skills and contributions that the existing director brings to the Board of Directors; and independence.

Director Nomination Process. The Nominating and Corporate Governance Committee has adopted a process to identify and evaluate individuals to be nominated for election to the Board of Directors. For purposes of identifying nominees, the Nominating and Corporate Governance Committee relies on personal contacts of the committee members and other members of the Board of Directors, as well as its knowledge of members of the communities served by the Company and its subsidiaries. The Nominating and Corporate Governance Committee will also consider director candidates recommended by stockholders in accordance with the policy and procedures set forth below. The Nominating and Corporate Governance Committee has not previously used an independent search firm to identify nominees.

In evaluating potential nominees, the Nominating and Corporate Governance Committee determines whether the candidate is eligible and qualified for service on the Board of Directors by evaluating the candidate under certain criteria, which are described above under "Minimum Qualifications." If such individual fulfills these criteria, the Nominating and Corporate Governance Committee will conduct a check of the individual's background and interview the candidate to further assess the qualities of the prospective nominee and the contributions he or she would make to the Board of Directors.

Procedures to be Followed by Stockholders

The Board of Directors has adopted a procedure by which stockholders may recommend to the Nominating and Corporate Governance Committee candidates for nomination for election as directors. Stockholders who wish to recommend a nominee must write to the Company's Secretary and such communication must include:

- A statement that the writer is a stockholder of record and is proposing a candidate for consideration by the Nominating and Corporate Governance Committee;
- The name and address of the proposing stockholder as they appear on the Company's books, and of the beneficial owner, if any, on whose behalf the nomination is made;
- The number of shares of the Company's capital stock that are owned beneficially or of record by such stockholder and such beneficial owner;
- A description of all arrangements or understandings between such stockholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by such stockholder;
- A representation that such stockholder intends to appear in person or by proxy at the meeting to nominate the nominee named in the stockholder's notice;
- The name, age, personal and business address of the candidate, and the principal occupation or employment of the candidate;
- The candidate's written consent to serve as a director;
- A statement of the candidate's business and educational experience and all other information relating to such person that would indicate such person's qualification to serve on the Company's Board of Directors; and
- Such other information regarding the candidate or the stockholder as would be required to be included in the Company's proxy statement pursuant to the regulations of the SEC.

To be timely, the submission of a candidate for Director by a stockholder must be received by the Secretary at least 120 days prior to the anniversary date of the proxy statement relating to the preceding year's annual meeting of stockholders; provided, that if (i) less than 90 days' prior public disclosure of the date of the meeting is given to stockholders and (ii) the date of the annual meeting is advanced more than 30 days prior to or delayed more than 30 days after the anniversary of the preceding year's annual meeting, a stockholder's submission of a candidate shall be timely if delivered or mailed to and received by the Company's Secretary no later than the 10th day following the day on which public disclosure of the date of the annual meeting is first made.

Risk Committee

The Board has established a standing Risk Committee to assist the Board in connection with enterprise risk management. The Risk Committee's primary duties and responsibilities are to ensure that the Bank is taking appropriate measures to identify, assess, monitor, control, and mitigate the Bank's risk in the areas of credit, operations, technology, compliance, legal and reputation. The Risk Committee meets at least quarterly to review management's report and assessment of enterprise risk as identified in the Company's Risk Appetite Statement, and where material unwanted risk is identified, ensure that management has planned or will plan a course of action to mitigate those risks.

Meetings of the Board of Directors

The Company conducts business through meetings of its Board of Directors and through activities of its committees. During fiscal 2017, the Board of Directors held 11 meetings. No director attended fewer than 75% of the total meetings of the Company's Board of Directors and the board committees on which such director served.

Board Leadership Structure

At Blue Hills Bancorp, the positions of Chairman of the Board and Chief Executive Officer are held by different individuals. The Chairman of the Board provides guidance to the Chief Executive Officer, is active in setting the agenda for Board meetings and presides over meetings of the Board. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company. As required by the Nasdaq rules, the Audit, Nominating and Corporate Governance and Compensation Committees are comprised solely of directors who are independent as defined by Nasdaq rules.

Director Attendance at the Annual Meeting

The Board of Directors encourages each director to attend annual meetings of stockholders. Each member of the Board of Directors attended the 2017 annual meeting of stockholders, and each member of the Board of Directors is expected to attend the 2018 annual meeting of stockholders.

Audit Committee Report

The Company's management is responsible for the Company's internal controls and financial reporting process. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the conformity of those financial statements with generally accepted accounting principles. The Audit Committee oversees the Company's internal controls and financial reporting process on behalf of the Board of Directors.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No.1301, "Communications with Audit Committees," including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the consolidated financial statements.

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's independence, and has discussed such independence with the independent registered public accounting firm. In concluding that the registered public accounting firm is independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the firm were compatible with its independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their audit, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

In performing all of these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm who, in their report, express an opinion on the conformity of the Company's consolidated financial statements to generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent registered public accounting firm do not ensure that the Company's consolidated financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's consolidated financial statements has been carried out in accordance with standards of the Public Company Accounting Oversight Board or that the Company's independent registered public accounting firm is in fact "independent."

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the SEC. The Audit Committee also has approved, subject to stockholder ratification, the selection of the Company's independent registered public accounting firm, for the fiscal year ending December 31, 2018.

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In accordance with its charter, the Audit Committee approves, in advance, all audit and permissible non-audit services to be performed by the independent registered public accounting firm. Such approval process ensures that the external auditor does not provide any non-audit services to the Company that are prohibited by law or regulation.

In addition, the Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. Requests for services by the independent registered public accounting firm for compliance with the auditor services policy must be specific as to the particular services to be provided. The request may be made with respect to either specific services or a type of service for predictable or recurring services. During the year ended December 31, 2017, all services were approved, in advance, by the Audit Committee in compliance with these procedures.

Executive Compensation

The Board of Directors' philosophy is to align executive compensation with the interests of its stockholders and to determine appropriate compensation levels that will enable the Company to meet the following objectives:

- To attract, retain and motivate an experienced, competent executive management team;
- To reward the executive management team for the enhancement of shareholder value based on annual earnings performance and the market price of Blue Hills Bancorp's stock;
- To provide compensation rewards that are adequately balanced between short-term and long-term performance goals;
- To encourage ownership of Blue Hills Bancorp's common stock through stock-based compensation; and
- To maintain compensation levels that are competitive with other financial institutions and particularly those in Blue Hills Bancorp's peer group based on asset size and market area.

The Board of Directors considers a number of factors in its decisions regarding executive compensation and benefits including, but not limited to, the level of responsibility and performance of the individual executive officer, the overall performance of Blue Hills Bancorp, and consideration of industry, community bank peers and local market conditions. Base salary levels of Blue Hills Bancorp's and Blue Hills Bank's executive officers are set to reflect the duties and responsibilities inherent in the position and to reflect competitive conditions in the banking business in Blue Hills Bancorp's market area. In setting base salaries, the Board of Directors also considers a number of factors relating to each executive officer, including individual performance, job responsibilities, experience level, ability and the knowledge of the position, and overall performance of Blue Hills Bancorp and Blue Hills Bank. These factors are considered subjectively, and where possible quantitatively, are weighted partially by those aspects deemed more significant than others. Such a weighting of these evaluation factors will vary from year to year in response to the strategic plan and current market conditions. The Board of Directors also considers the recommendations of the Chief Executive Officer with respect to the compensation of the other executive officers. The Board of Directors and the Chief Executive Officer review the same information in connection with these performance evaluations and related recommendations of these executives.

In 2017 and 2016, the Compensation Committee engaged McLagan, a Talent, Rewards and Performance Practice at Aon plc, to assist the committee in reviewing its executive and director compensation arrangements. McLagan is an independent compensation consulting firm reporting directly to the Compensation Committee. The analysis provided by McLagan includes, but is not limited to, an assessment of the Blue Hills Bank and Blue Hills Bancorp, Inc. executive and director compensation program compared to its peers.

Benefit Plans

Employment Agreement. Blue Hills Bancorp (formerly, Hyde Park Bancorp, Inc.) and Blue Hills Bank (the "employers") entered into an employment agreement with Mr. William M. Parent, which agreement was amended and restated, effective March 6, 2014. The agreement has an original term ending on December 31, 2016 which extends automatically for one additional year on January 1 of each year unless either the employers or Mr. Parent gives notice no later than 90 days prior to such anniversary date that the agreement will not be renewed. On January 1, 2017, the agreement was renewed until January 1, 2018. Under the agreement, the base salary for Mr. Parent was \$500,000 for the 2017 fiscal year. In addition to the base salary, the agreement provides that the executive shall be entitled to participate in any employee benefit plans in effect for executive officers of the employers and shall be eligible for participation in short-term and long-term incentive compensation and other benefits as provided to other full time employees of Blue Hills Bank. Mr. Parent shall also be entitled to continue participation in any fringe benefit arrangements in which he was participating on the effective date of the restated employment agreement. In addition, the agreement provides for reimbursement of reasonable travel and other business expenses, incurred in connection with the performance of his duties.

In the event the executive's employment is terminated by Blue Hills Bank without cause, including a resignation for good reason (as defined in the employment agreement) during the term of the agreement, but excluding termination for cause or due to death, disability, retirement or following a change in control (as defined in the employment agreement), the executive would be entitled to a payment equal to two times the sum of his then current base salary and his average annual short-term incentive cash compensation awarded during the two most recent fiscal years ending before the termination. The severance payment shall be paid in substantially equal installments over a 24 month period commencing within 60 days after the date of termination, subject to the receipt of a signed release, a form of which has been appended to the employment agreement. In addition, executive will be entitled to continued group medical and life insurance coverage, at the employer's sole expense, for the period for which he is receiving severance benefits, provided that the payment of such life or health benefit would not result in excise taxes or penalties to the employers. If the payment of such benefits would result in excise taxes or benefits to the employers under applicable tax laws, then the employers would provide such benefits on an after-tax basis or, in lieu thereof, would provide a cash lump sum payment to the executive reasonably estimated to be equal to the value of such benefits. In addition, Mr. Parent would be entitled to professional outplacement services up to a maximum cost of \$30,000 from a nationally recognized outplacement consulting or coaching organization of his choice and would fully vest in any nonqualified deferred compensation plans in which he is participating.

In the event Mr. Parent's employment is terminated without cause or terminates for good reason within 24 months following a change in control (as defined in Code Section 409A), Mr. Parent would be entitled to the payment of a lump sum cash severance payment equal to three times the sum of his current base salary and his average annual short-term incentive cash compensation awarded to him over the three most recent fiscal years ending before or simultaneously with the change in control. If the change in control would not be considered a change of control within the definition under Code Section 409A, but would be a change in control under the employment agreement, then such payment shall be made to Mr. Parent over a period of 24 months. In such event, Blue Hills Bancorp and Blue Hills Bank would establish a grantor trust and contribute to the grantor trust an amount reasonably estimated to be sufficient to pay the severance benefit. Mr. Parent would also be entitled to continued group life and health coverage for a period of 36 months at the employers' sole expense or if providing either such coverage on a pre-tax basis would result in an excise tax or penalties to the employers, the employer would provide such benefits on an after-tax basis or, in lieu thereof, would provide a cash lump sum payment to the executive reasonably estimated to be equal to the value of such benefits. In addition, Mr. Parent would be entitled to professional outplacement services up to a maximum cost of \$30,000 from a nationally recognized outplacement consulting or coaching organization of his choice and would fully vest in any nonqualified deferred compensation plans in which he is participating. If Mr. Parent's employment is terminated without cause or for good reason 24 months or more following a change in control, he would not be entitled to the change in control benefit but would be entitled to the benefit otherwise payable under the agreement, as set forth above.

For purposes of the executive's ability to resign and receive a payment under the agreement, "good reason" would include the occurrence of any of the following events: (i) a failure of the employers to continue the executive in the executive position or the issuance by the employers of a notice to the executive that the term of the employment agreement will not be extended, (ii) a material adverse change in the nature or scope of executive's responsibilities, title, authorities, powers, functions or duties or the duties normally exercised by someone in his executive position, without his consent, (iii) an involuntary reduction in his base salary, except in connection with an across-the-board salary reduction affecting substantially all management employees and based on the employer's financial performance, (iv) an involuntary relocation of executive's principal place of employment by more than 35 miles driving distance from such office as determined at the date of the agreement, or (v) a material breach by the employers of the compensation provisions of the agreement which continues for more than 10 days following notice given by the executive. If an event constituting "good reason" occurs, the executive is required to give Blue Hills Bank notice within 60 days and Blue Hills Bank will have 30 days to correct the good reason, however, the 30 day period may be waived by Blue Hills Bank.

If the payments to Mr. Parent under the employment agreement made in connection with a change in control would result in an excise tax under Sections 280G and 4999 of the Internal Revenue Code, Mr. Parent would be entitled to the severance amount which would result in the greater net after-tax benefit: (i) assuming he received all payments to which he is entitled under the employment agreement and all other compensation received that is contingent on the change in control and paid all taxes, including excise taxes on such benefits, or (ii) assuming that his benefits are reduced to avoid an excess parachute payment. In addition, if necessary to avoid excise taxes under Section 409A of the Internal Revenue Code, and only to such extent, a cash severance payment may be delayed and paid on the earlier of (a) six months and one day after the executive's termination or (b) executive's death. In such event, the first payment shall include a catch-up payment covering amounts that would have been paid during the delay and shall earn interest at an annual rate equal to the applicable federal short-term rate published by the Internal Revenue Service.

In the event that his employment was terminated for a reason entitling him to a severance payment under the employment agreement, Mr. Parent would receive an aggregate cash severance payment of approximately \$1,300,000, if the event of termination occurred in December, 2017 prior to a change in control and \$2,100,000, if the termination occurred immediately following a change in control occurring in December, 2017, based upon current levels of compensation, without regard to the possible reduction to avoid an excess parachute payment, if such reduction resulted in the net best benefit to Mr. Parent.

Under the employment agreement, if Mr. Parent is terminated due to disability (as defined in his employment agreement), he will be entitled to receive his full salary and benefits under the employment agreement until he becomes eligible for and receives long-term disability insurance coverage then in effect. In the event of Mr. Parent's death while employed, the employers will continue to provide his base salary to his designated beneficiary for three months following his death.

Upon retirement at age 65 or in accordance with any retirement policy established by the Board of Directors, Mr. Parent will be entitled to benefits under any retirement plans to which he is a party but shall not be entitled to any amount or benefits under the employment agreement, provided, that Mr. Parent cannot be involuntarily terminated due to "retirement" within 24 months following a change in control.

The employment agreement requires the executive not to compete with Blue Hills Bank for a period of one year following a termination of employment for which the executive receives severance payments as the result of an involuntary termination or resignation for good reason (other than a termination of employment following a change in control). The employment agreement further requires that Mr. Parent not solicit business, customers or employees of the Bank for a 12 month period following termination (other than a termination of employment following a change in control) and requires him to maintain confidential information.

Severance and Change in Control Agreements. Blue Hills Bancorp (formerly, Hyde Park Bancorp, Inc.) and Blue Hills Bank (collectively, the “employers”) have entered into a two-year change in control agreement with Mr. Kevin F. Malone and have entered into one-year change in control agreements with three other senior officers. In addition, the employers and Mr. James E. Kivlehan are parties to a two-year severance and change in control agreement that is substantially similar to the two year change in control agreement but would also provide a cash severance payment in the event of his involuntary termination (other than for cause, or due to his death or disability) by the employers or in the event of his termination for “good reason,” as defined below, without regard to whether a change in control has occurred. The cash severance payment to which he will be entitled in the event of such an involuntary termination or termination for “good reason” occurring prior to a change in control will be equal to two times his annual base salary and continued group medical and life insurance coverage for 24 months following the date of termination. In the event Mr. Kivlehan's involuntary termination without cause or resignation for good reason prior to the occurrence of a change in control, Mr. Kivlehan would be entitled to a cash severance payment of \$507,500 if such termination were to occur in December of 2017. Commencing on the first anniversary of the effective date of the agreements for Messrs. Malone and Kivlehan, the agreements may be renewed by the boards of directors of the employers for an additional 12 months, such that the continuing terms shall be for 24 months. If the boards of directors determine not to renew a change in control agreement, the employers must give the covered executive notice at least 30 days before such anniversary date that the agreement will not be renewed. In such event, the change in control agreement will terminate at the end of the then term. Notwithstanding the foregoing, if the agreement is in effect on the effective date of a change in control, the agreement will automatically renew on such date and will expire 24 months following the change in control.

In the event of a change in control (as defined in the agreement) followed by Messrs. Malone or Kivlehan's involuntary termination of employment (other than for cause, death or disability) or their resignation for good reason (each a "terminating event"), the executive will receive a cash severance payment equal to (i) two times the sum of his annual base salary and average annual short-term incentive cash compensation paid over the prior two most recent fiscal years ended before or simultaneously with the change in control, payable in equal monthly installments over the 24 month period following the terminating event, plus (ii) any accrued but unpaid compensation and accrued but unpaid paid time off, payable in a lump sum no later than 10 days following the executive's date of termination. In addition, the employers will maintain the executive's group medical and life insurance coverage in effect for 24 months following the date of termination, at their sole expense, or if providing either of such coverages on a pre-tax basis would result in an excise tax or penalties to the employers, the employer would provide such benefits on an after-tax basis or, in lieu thereof, would provide a cash lump sum payment to the executive reasonably estimated to be equal to the value of such benefits. For purposes of the change in control agreement, "good reason" would include any of the following events: (i) a material diminution, not consented to by the executive, in the executive's responsibilities, authorities or duties from those in effect immediately prior to a change in control; (ii) a material reduction in the executive's base salary as in effect on the date of the agreement, or as may be increased from time to time (except to the extent of an across-the-board reduction similarly affecting all or substantially all management employees); (iii) the relocation of the office in which executive is principally employed by more than 35 miles from its location immediately prior to the change in control or the requirement that the executive be based at a location more than 35 miles from his then current office except for required business travel to an extent substantially consistent with obligations immediately prior to the change in control; or (vi) a material breach of the change in control agreement by the employers. In the event the executive has good reason to terminate, he must give notice of his resignation for good reason within 90 days of the initial event that giving rise to the right to terminate and Blue Hills Bank, or its successor, and Blue Hills Bank, or its successor, will have 30 days to cure the good reason, provided that such 30-day period may be waived by Blue Hills Bank, or its successor.

In the event Mr. Kivlehan's or Mr. Malone's termination occurs following a change in control under circumstances that would entitle either executive to a benefit under the change in control agreement, such executive would be entitled to a cash severance payment of approximately \$757,500 for Mr. Kivlehan or \$740,000 for Mr. Malone if such termination were to occur in December 2017. Notwithstanding anything to the contrary, the change in control agreement provides that the employers will not be required to pay a payment or benefit under the change in control agreement or otherwise, that, in the reasonable estimation of the an independent certified public account would not be deductible, in whole or in part, as a result of Section 280G of the Internal Revenue Code. In such event, the payment or benefits under the change in control agreement would be reduced, to the extent necessary to avoid this result. In addition, if necessary to avoid excise taxes under Section 409A of the Internal Revenue Code, and only to such extent, a cash severance payment may be delayed and paid on the earlier of (a) six months and one day after the executive's separation from service or (b) executive's death. In such event, the first payment shall include a catch-up payment covering amounts that would have been paid during the delay and shall earn interest at an annual rate equal to the applicable federal short-term rate published by the Internal Revenue Service.

Short-Term Incentive Plan. Blue Hills Bank maintains an annual incentive compensation plan for the benefit of its officers and employees, including its named executive officers. Under the incentive compensation plan, the named executive officers can achieve a bonus based on a percentage of salary, depending on whether the performance goals are achieved at a threshold, target or maximum level. In addition, an employee is expected to achieve goals that are weighted between bank-level goals and individual goals. For the plan to be funded, a minimum level of profitability is required. For 2018, the potential bonus and weighting of goals is set forth in the following chart:

| Position | Goal Weighting | | | | Bank Dept./Individual |
|---------------|------------------------|-----------|--------|---------|-----------------------|
| | Bonus as a % of Salary | Threshold | Target | Maximum | |
| President/CEO | 20% | 40% | 60% | 100% | — |
| EVPs | 15% | 30% | 45% | 75% | 25% |

For the 2017 calendar year, the bank-level performance goals included return on average assets, loan and deposit growth and non-performing assets. Individual goals, to the extent required, varied by individual. For the 2017 and 2016 calendar year, the named executive officers achieved their goals and received short term incentive compensation ranging between 30% and 50% of base salary.
