#### **Off-balance sheet items**

UBS Switzerland AG is jointly and severally liable for the combined value added tax (VAT) liability of UBS entities that belong to the VAT group of UBS in Switzerland. This contingent liability is not included in the table above.

#### Swiss deposit insurance

Swiss banking law and the deposit insurance system require Swiss banks and securities dealers to jointly guarantee an amount of up to CHF 6 billion for privileged client deposits in the event that a Swiss bank or securities dealer becomes insolvent. The Swiss Financial Market Supervisory Authority (FINMA) estimates the share of UBS Switzerland AG from 1 July 2018 to 30 June 2019 to be CHF 870 million, which is reflected in the table above.

#### Joint and several liability

In June 2015, the Personal & Corporate Banking and Wealth Management businesses booked in Switzerland were transferred from UBS AG to UBS Switzerland AG through an asset transfer in accordance with the Swiss Merger Act. Under the Swiss Merger Act, UBS AG assumed joint liability for obligations existing on the asset transfer date, 14 June 2015, that were transferred to UBS Switzerland AG.

Similarly, under the terms of the asset transfer agreement, UBS Switzerland AG assumed joint liability for approximately CHF 325 billion of contractual obligations of UBS AG existing on the asset transfer date, excluding the collateralized portion of secured contractual obligations and covered bonds. UBS Switzerland AG has no liability for new obligations incurred by UBS AG after the asset transfer date. The joint liability amount declines as obligations mature, terminate or are novated following the asset transfer date.

As of 31 December 2018, the joint liability of UBS Switzerland AG for contractual obligations of UBS AG amounted to CHF 26 billion compared with CHF 69 billion as of 31 December 2017. Under certain circumstances, the Swiss Banking Act and the Bank Insolvency Ordinance of FINMA authorize FINMA to modify, extinguish or convert to common equity liabilities of a bank in connection with a resolution or insolvency of such bank. As of 31 December 2018, the probability of an outflow under this joint and several liability was assessed to be remote, and as a result, the table above does not include any exposures arising under this joint and several liability.

#### Note 1 Name, legal form and registered office

UBS Switzerland AG is incorporated and domiciled in Switzerland and operates under art. 620ff. of the Swiss Code of Obligations as an Aktiengesellschaft, a corporation limited by shares. Its registered office is at Bahnhofstrasse 45, CH-8001 Zurich, Switzerland. UBS Switzerland AG is 100% owned by UBS AG.

#### Note 2 Accounting policies

UBS Switzerland AG standalone financial statements are prepared in accordance with Swiss GAAP (FINMA Circular 2015 / 1 and the Banking Ordinance) and represent "reliable assessment statutory single-entity financial statements." The accounting policies are principally the same as for the consolidated financial statements of UBS Group AG outlined in Note 1 to the consolidated financial statements of UBS Group AG included in the UBS Group AG Annual Report 2018. Major differences between the Swiss GAAP requirements and International Financial Reporting Standards are described in Note 36 of the consolidated financial statements of UBS Group AG outlined financial statements of UBS Group AG outlined financial statements of UBS Group AG of the consolidated financial statements of UBS Group AG of the consolidated financial statements of UBS Group AG of the consolidated financial statements of UBS Group AG. The functional currency of UBS Switzerland AG is the Swiss franc. The significant accounting policies applied for the standalone financial statements of UBS Switzerland AG are discussed below.

#### ightarrow Refer to the UBS Group AG Annual Report 2018 for more information

#### **Risk management**

UBS Switzerland AG is fully integrated into the Group-wide risk management process described in the audited part of the "Risk management and control" section of the UBS Group AG Annual Report 2018.

Further information on the use of derivative instruments and hedge accounting is provided in Notes 1 and 11 to the consolidated financial statements of UBS Group AG.

#### **Compensation policy**

The compensation structure and processes of UBS Switzerland AG conform to the compensation principles and framework of UBS Group AG. For detailed information refer to the Compensation Report of UBS Group AG.

#### $\rightarrow\,$ Refer to the UBS Group AG Annual Report 2018 for more information

#### Foreign currency translation

Transactions denominated in foreign currency are translated into Swiss francs at the spot exchange rate on the date of the transaction. At the balance sheet date, all monetary assets and liabilities, as well as equity instruments recorded in *Trading portfolio assets* and *Financial investments* denominated in foreign currency, are translated into Swiss francs using the closing exchange rate. Non-monetary items measured at historic cost are translated at the spot exchange rate on the date of the transaction. All currency translation effects are recognized in the income statement.

The main currency translation rates used by UBS Switzerland AG are provided in Note 35 of the consolidated financial statements of UBS Group AG.

#### ightarrow Refer to the UBS Group AG Annual Report 2018 for more information

#### **Group-internal funding**

UBS Switzerland AG obtains funding from UBS AG in the form of loans that qualify as going concern additional tier 1 capital and as gone concern loss-absorbing capacity at the UBS Switzerland AG standalone level.

Where such Group-internal funding is eligible to meet the requirements for total loss-absorbing capacity (TLAC) at the level of UBS Switzerland AG, the aggregate amount of the respective obligations is separately disclosed on the balance sheet. For those TLAC instruments that are eligible to meet the going concern capital requirements (i.e., are subordinated and subject to mandatory conversion and / or debt waiver, as explained below), the aggregate corresponding amounts are disclosed on the balance sheet.

Obligations of UBS Switzerland AG arising from Group-internal funding it has received are presented as *Due to banks* and measured at amortized cost.

#### **Subordinated assets and liabilities**

Subordinated assets are comprised of claims that, based on an irrevocable written declaration, in the event of liquidation, bankruptcy or composition concerning the debtor, rank after the claims of all other creditors and may not be offset against amounts payable to the debtor nor be secured by its assets. Subordinated liabilities are comprised of corresponding obligations.

Subordinated assets and liabilities that contain a point-of-non-viability clause in accordance with Swiss capital requirements per articles 29 and 30 of the Capital Adequacy Ordinance are disclosed as being *Subject to mandatory conversion and / or debt waiver* and provide for the claim or the obligation to be written off or converted into equity in the event that the issuing bank reaches a point of non-viability.

#### Services received from and provided to Group entities

UBS Switzerland AG receives services from UBS Business Solutions AG, the main Group service company, mainly relating to Group Technology, Group Operations and Group Corporate Services, as well as certain other services from other Group entities. UBS Switzerland AG provides services to Group entities mainly relating to the distribution of security and investment products. Services received from and provided to Group entities are settled in cash as hard cost transfers or hard revenue transfers paid or received.

When the nature of the underlying transaction between UBS Switzerland AG and the Group entity contains a single, clearly identifiable service element, related income and expenses are presented in the respective income statement line item, e.g., *Fee and commission income from securities and investment business, Other fee and commission income, Fee and commission expense, Net trading income* or *General and administrative expenses.* To the extent the nature of the underlying transaction contains various service elements and is not clearly attributable to a particular income statement line item, related income and expenses are presented in *Sundry ordinary income* and *Sundry ordinary expenses.* 

#### $\rightarrow~$ Refer to Note 5 for more information

#### Pension and other post-employment benefit plans

Swiss GAAP permits the use of IFRS or Swiss accounting standards for pension and other post-employment benefit plans, with the election made on a plan-by-plan basis.

UBS Switzerland AG has elected to apply Swiss GAAP (FER 16) for its pension plan. The requirements of Swiss GAAP are better aligned with the specific nature of Swiss pension plans, which are hybrid in that they combine elements of defined contribution and defined benefit plans but are treated as defined benefit plans under IFRS. Swiss GAAP requires that the employer contributions to the pension fund are recognized as *Personnel expenses* in the income statement. The employer contributions to the Swiss pension fund are determined as a percentage of contributory compensation. Furthermore, Swiss GAAP requires an assessment as to whether, based on the financial statements of the pension fund prepared in accordance with Swiss accounting standards (FER 26), an economic benefit to, or obligation of, UBS Switzerland AG arises from the pension fund and is recognized in the balance sheet when conditions are met. Conditions for recording a pension asset or liability would be met if, for example, an employer contribution reserve is available or UBS Switzerland AG is required to contribute to the reduction of a pension deficit (on a FER 26 basis).

#### $\rightarrow$ Refer to Note 26 for more information

#### Goodwill

As part of the business transfer to UBS Switzerland AG, mainly of the Personal & Corporate Banking and Wealth Management businesses booked in Switzerland, from UBS AG effective 1

April 2015, UBS Switzerland AG recognized goodwill of CHF 5,250 million. This goodwill is amortized on a straight-line basis over five years and assessed for impairment annually.

#### **Deferred taxes**

Deferred tax assets are not recognized in UBS Switzerland AG's standalone financial statements. However, deferred tax liabilities may be recognized for taxable temporary differences. Changes in the deferred tax liability balance are recognized in the income statement.

#### **Refinement of the credit loss calculation**

As of 1 January 2018, UBS Switzerland AG made enhancements to its valuation methodology to calculate incurred losses for Swiss mortgage loans measured at amortized cost under Swiss GAAP resulting in approximately CHF 20 million additional credit loss expense for UBS Switzerland AG.

From the first quarter of 2018 onwards, the incurred loss calculation takes into account forward-looking macroeconomic information. In addition, an appropriate selection of a range of scenarios was developed to capture material non-linearity and asymmetries between different possible forward-looking scenarios and associated credit losses and adequate weights to reflect a likelihood of their occurrence were determined.

# **Dispensations in the standalone financial statements**

As UBS Switzerland AG has no listed shares outstanding and is within the scope of the UBS Group AG consolidated financial statements prepared in accordance with IFRS, UBS Switzerland AG is exempt from various disclosures in the standalone financial statements. The dispensations include the management report and the statement of cash flows. As the UBS Group AG consolidated financial statements are presented in USD, UBS Switzerland AG provides certain notes disclosures starting from the end of 2018 that would otherwise be covered by the disclosure dispensation; i.e., notes 13, 14, 15, 16, 19, 20, 21, 23 and 24.

#### Note 22 Country risk of total assets

The table below provides a breakdown of total non-Swiss assets by credit rating. These credit ratings reflect the sovereign credit rating of the country to which the ultimate risk of the underlying asset is related. The ultimate country of risk for unsecured loan positions is the domicile of the immediate borrower or, in the case of a legal entity, the domicile of the ultimate parent entity. For collateralized or guaranteed positions, the ultimate country of risk is the domicile of the provider of the collateral or guarantor or, if applicable, the domicile of the ultimate parent entity of the provider of the collateral or guarantor. For mortgage loans, the ultimate country of risk is the country where the real estate is located. Similarly, the ultimate country of risk for property and equipment is the country where the property and equipment is located. Assets for which Switzerland is the ultimate country of risk are provided separately in order to reconcile them to total balance sheet assets.

1 Based on Swiss SRB phase-in (including transitional arrangement) requirements. 2 Based on Swiss SRB requirements applicable as of 1 January 2020. 3 As applied in UBS Switzerland AG's financial statements under Swiss GAAP. 4 Loans granted by UBS AG, Switzerland. **Notice to investors** | This document and the information contained herein are provided solely for information purposes, and are not to be construed as solicitation of an offer to buy or sell any securities or other financial instruments in Switzerland, the United States or any other jurisdiction. No investment decision relating to securities of or relating to UBS Group AG, UBS AG or their affiliates should be made on the basis of this document. Refer to UBS's Annual Report 2018 for additional information. This report is available at *www.ubs.com/investors*.

**Rounding** | Numbers presented throughout this report may not add up precisely to the totals provided in the tables and text. Starting in 2018, percentages, percent changes, and adjusted results are calculated on the basis of unrounded figures. Information on absolute changes between reporting periods, which is provided in text and that can be derived from figures displayed in the tables, is calculated on a rounded basis.

**Tables** | Within tables, blank fields generally indicate that the field is not applicable or not meaningful, or that information is not available as of the relevant date or for the relevant period. Zero values generally indicate that the respective figure is zero on an actual or rounded basis. Percentage changes are presented as a mathematical calculation of the change between periods.
