ConSil Corp.
Notes to Consolidated Financial Statements

Note 1.

The notes to the consolidated financial statements as of December 31, 2000, as set forth in ConSil Corp.'s (ConSil) 2000 Annual Report on Form 10-K, substantially apply to these interim consolidated financial statements and are not repeated here. All amounts are in U.S. dollars unless otherwise indicated.

Note 2.

The financial information given in the accompanying unaudited interim financial statements reflects all adjustments which are, in the opinion of management, necessary to a fair statement of the results for the interim periods reported. All such adjustments are of a normal recurring nature. All financial statements presented herein are unaudited. However, the balance sheet as of December 31, 2000, was derived from the audited consolidated balance sheet described in Note 1 above.

Note 3.

At September 30, 2001, ConSil had 9,449,707 common shares outstanding of which Hecla Mining Company (Hecla), the majority stockholder of ConSil, owned 7,418,300 shares or 78.503% of the outstanding shares.

The financial statements have been prepared on a going concern basis which assumes realization of assets and liquidation of liabilities in the normal course of business. At September 30, 2001, ConSil had negative working capital of \$1,086,505 and a stockholders' deficit of \$1,086,505. Included in current liabilities are the \$725,000 note payable and the related accrued interest due to Hecla which are due upon demand by authorized representatives of Hecla, but in no event later than March 31, 2002. Also included in current liabilities are accounts payable to Hecla of \$16,380. If other sources of funds are unavailable, new management has obtained shareholder commitments to fund the reasonable minimum financial requirements of ConSil through June 30, 2002.

Note 4.

On June 28, 1996, ConSil and Hecla entered into a loan agreement whereby Hecla agreed to make available to ConSil a loan not to exceed \$500,000, due in its entirety on or before December 31, 1996. This loan agreement was subsequently amended on eight separate occasions, increasing the amount available to borrow to \$725,000 and extending the repayment date until March 31, 2002. At September 30, 2001, there was \$725,000 outstanding under the loan agreement with Hecla, having an interest rate of 7.875% and accrued interest due to Hecla totaling \$331,077.

Note 5.

ConSil prepares its consolidated financial statements in accordance with generally accepted accounting principles (GAAP) as practiced in the United States. ConSil also has regulatory reporting requirements in Canada. There are no differences between U.S. GAAP and Canadian GAAP with respect to stockholders' deficit or net loss at September 30, 2001 or 2000 and the nine months then ended.

Part I - Financial Information (Continued)

ConSil Corp.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations Introduction

Except for the historical information contained herein, the matters discussed that are forward-looking statements involve risks and uncertainties, including the timely development of future projects, the impact of metals prices,

changing market conditions and regulatory environment, and other risks detailed from time to time in ConSil's Form 10-K and Form 10-Qs filed with the United States Securities and Exchange Commission. Actual results may differ materially from those projected or implied. Forward-looking statements included herein represent ConSil's judgment as of the date of this filing. ConSil disclaims, however, any intent or obligation to update these forward-looking statements.

Following the sale of ConSil's Silver Summit mine in 1995, ConSil was actively involved in exploration and acquisition activities, primarily in Mexico. ConSil was unsuccessful in its exploration and acquisition activities, and since the fourth quarter of 1997, ConSil has been inactive.

Results of Operations

First Nine Months of 2001 Compared to First Nine Months of 2000

ConSil reported a net loss of \$78,188, or \$0.01 per share, for the first nine months of 2001 compared to a net loss of \$74,292 or \$0.01 per share in the same period in 2000. The increase in the net loss was due primarily to an increase in general and administrative expenses.

Three Months Ended September 30, 2001 Compared to Three Months Ended September 30, 2000

ConSil reported a net loss of \$16,928, or nil per share in the third quarter of 2001, compared to a net loss of \$24,376, or nil per share in the third quarter of 2000. The increase in the net loss was due primarily to an increase in general and administrative costs.

Part I - Financial Information (Continued)

ConSil Corp.

Financial Condition and Liquidity

At September 30, 2001, assets totaled \$889 and stockholders' deficit totaled \$1,086,505. Cash and cash equivalents decreased by \$1,055 to \$364 at September 30, 2001 from \$1,419 at December 31, 2000. The primary use of cash was to pay general and administrative expenditures.

Working capital decreased \$78,188 during the first nine months of 2001, from a negative \$1,008,318 at December 31, 2000 to a negative \$1,086,505 at September 30, 2001. The decrease in working capital is primarily the result of funding general and administrative costs and increased accrued interest and accounts payable due to Hecla.

ConSil's planned 2001 expenditures include the necessary expenditures to maintain the current inactive status of ConSil. ConSil intends to finance planned expenditures partially through existing cash and cash equivalents. Any further exploration projects, potential acquisitions or even limited operations are subject to ConSil being able to raise funds from external sources. Subsequent to the end of the quarter, ConSil experienced a change of controlling shareholders and management. New management intends to seek out a business opportunity to merge with or acquire.

The financial statements have been prepared on a going concern basis which assumes realization of assets and liquidation of liabilities in the normal course of business. At September 30, 2001, ConSil had negative working capital of \$1,086,505 and a stockholders' deficit of \$1,086,505. Included in current liabilities are the \$725,000 note payable and the related accrued interest due to Hecla which are due upon demand by authorized representatives of Hecla, but in no event later than March 31, 2002. Also included in current liabilities are accounts payable to Hecla of \$16,380. If other sources of funds are unavailable, new management has received shareholder commitments to fund the reasonable minimum financial requirements of ConSil through September 30, 2002.

Quantitative and Qualitative Disclosures About Market Risk

At September 30, 2001, ConSil's note payable to Hecla (refer to Note 4 of Notes to Consolidated Financial Statements) was subject to changes in market interest rates. However, due to the short-term nature of the debt, ConSil's management does not believe it is at material risk with respect to changes in market interest rates.

Part II - Other Information

ConSil Corp.

Item 1. Legal Proceedings

There are no pending legal proceedings.

Item 5. Other Information

Subsequent to the end of the fiscal quarter for June 2001, Hecla Mining Company sold all ownership of common stock to Lincoln Properties LTD LC. Additionally, James Anderson was appointed Director and President of the Company. Lewis E. Walde, Thomas F. Fudge Jr. and Michael B. White resigned as Directors of the Company and Michael B. White, David F. Wolfe and Nigel Cave resigned as officers of the Company.

New management intends to actively seek a new business opportunity to acquire or merge with. There can be no assurance that the Company will be successful in consummating such merger or acquisition.

Due to minimal operations of the Company and the expenses and administrative burdens relating to listing on the Vancouver Exchange, the Company intends to be removed from such listing.

In exchange for cancellation of one hundred thousand shares of common stock, the Company has assigned to Hecla any remaining royalties relating to previously owned properties or rights.

Item 6. Exhibits and Reports on Form 8-K

(a) Exhibits

None.

(b) Reports on Form 8-K

None.

Items 2, 3, and 5 of Part II are omitted from this report as inapplicable.

Signatures

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
