Item 8.01 Other Events.

On February 27, 2014, following the filing of its Annual Report on Form 10-K, Kaman Corporation (the "Company") announced that its Distribution Segment has executed a definitive agreement to acquire substantially all the operating assets of B.W. Rogers Company and certain affiliated entities (collectively, "B.W. Rogers"). The acquisition significantly expands the Company's footprint in both fluid power and automation.

B.W. Rogers is a broad line distributor of fluid power products, including hydraulic hoses, fittings, pumps, motors, cylinders, valves, pneumatics, machine control and automation products. It is one of the largest distributors of Parker Hannifin motion and control products and operates from twenty-one locations in seven states from the Northeast to the Midwest. Based in Akron, Ohio, B.W. Rogers was founded in 1928 by Bruce W. Rogers, and began distributing Parker products in 1947.

The transaction excludes the operating assets and associated liabilities relating to the sale of certain products, tools, equipment, supplies, accessories and components to the automotive industry, which will continue to be owned and operated by B.W. Rogers. During 2013, B.W. Rogers had sales of approximately \$113 million, approximately \$12.5 million of which were attributable to the excluded assets.

The acquisition is expected to close early in the second quarter, after completion of the waiting period required under the Hart-Scott-Rodino Antitrust Improvements Act and other closing conditions.

A copy of the press release announcing the transaction is furnished as Exhibit 99.1.
