PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

To Be Held on the 19th day of April, 2005

The accompanying proxy is solicited by and on behalf of the Board of Directors of First Farmers and Merchants Corporation (the "Corporation") for use at the Twenty-third Annual Meeting of Shareholders to be held on the 19th day of April, 2005, and any adjournment thereof (the "Annual Meeting"). The time and place of the Annual Meeting are set forth in the accompanying Notice of Meeting. All expenses of preparing, printing, and mailing the proxy and all materials used in the solicitation thereof will be borne by the Corporation. In addition to the use of the mails, proxies may be solicited in person, by telephone, or by directors, officers, and other personnel of the Corporation or its bank subsidiary, none of whom will receive additional compensation for such services. The Corporation will also request custodians and nominees to forward soliciting materials to the beneficial owners of common stock of the Corporation ("Common Stock") held of record by them and will pay reasonable expenses of such persons for forwarding such material. The date on which this Proxy Statement and the accompanying proxy are first being mailed to shareholders of the Corporation is the 24th day of March, 2005.

PURPOSES OF THE MEETING

The Annual Shareholders' Meeting will be held for the purposes of (i) electing directors and (ii) transacting whatever other business may properly be brought before the meeting or any adjournment thereof.

QUORUM AND VOTING

At the close of business on March 1, 2005, the Corporation had issued and outstanding 5,840,000 shares of its common stock. Only holders of record of Common Stock at the close of business on March 1, 2005 are entitled to notice of and to vote on matters to come before the Annual Meeting or any adjournment thereof.

The presence in person or by proxy of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting or any adjournment thereof. A shareholder is entitled to one vote in person or by proxy at the Annual Meeting for each share of Common Stock held of record in his/her name.

If a quorum is not present at the time of the Annual Meeting, the shareholders entitled to vote, present in person or represented by proxy, shall have the power to adjourn the Annual Meeting until a quorum shall be present or represented by proxy. The Annual Meeting may be adjourned from time to time, whether or not a quorum is present, by the affirmative vote of a majority of the votes present and entitled to be cast at the Annual Meeting, by the officer of the Corporation presiding over the Annual Meeting, or by the Board of Directors.

Directors shall be elected by a plurality of votes of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting, if a quorum is present. Abstentions and broker non-votes will be counted for purposes of determining the presence of a quorum at the Annual Meeting but will not have the effect of voting in

opposition to a director.

All matters other than the election of directors shall be determined based upon the vote of the majority of shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting, if a quorum is present. Abstentions will not have the effect of a vote against such proposals. If a broker or nominee does not receive voting instructions from the beneficial owner of shares on a particular matter and indicates on the proxy that it does not have discretionary authority to vote on that matter, those shares may not be voted on that matter and will not be counted in determining the number of shares necessary for approval.

In each case where the shareholder has appropriately specified how the proxy is to be voted, it will be voted in accordance with his/her specifications. If no specification is made, the proxies will be voted **FOR** the election of all nominees as directors of the Corporation. As to any other matters of business which may be brought before the Annual Meeting or any adjournment thereof, a vote may be cast pursuant to the accompanying proxy in accordance with the judgment of the person or persons voting the same. Any shareholder has the power to revoke his/her proxy at any time, prior to the vote being taken at the Annual Meeting, by written notice or subsequently dated proxy, received by the Corporation, or by revocation by the shareholder in person at the Annual Meeting or any adjournment thereof.

ELECTION OF DIRECTORS

At the Annual Meeting, fourteen (14) nominees will be proposed for election as directors to serve until the next annual meeting of shareholders or until their successors are qualified and elected. The Corporation's Bylaws provide in Article III, Section 2 that there shall be at least five (5) and not more than twenty-five (25) Directors. The Board of Directors believes it is in the best interest of the Corporation that there be fourteen (14) directors of the Corporation at this time. Proxies cannot be voted for a greater number than fourteen (14) nominees.

Directors are elected by a plurality of the votes cast by the shares of Common Stock entitled to vote in the election at a meeting at which a quorum is present. The Corporation's charter does not provide for cumulative voting and, accordingly, shareholders do not have cumulative voting rights with respect to the election of directors. Consequently, each shareholder may cast one vote per share of Common Stock held of record for each nominee. Unless a proxy specifies otherwise, the persons named in the proxy will vote the shares covered thereby **FOR** the nominees designated by the Board of Directors listed on the "Nominee Information Table." Should any nominee become unavailable for election, shares covered by a proxy will be voted for a substitute nominee selected by the current Board of Directors.

The Board of Directors proposes the election of the nominees listed below to serve until the next Annual Meeting of Shareholders or until their successors are duly qualified and elected. Thirteen of the nominees are presently serving as Directors. Mr. Waymon L. Hickman, who is at present Chairman of the Board, has reached mandatory retirement age and will retire as Chairman effective April 19, 2005. The new proposed Director is James E. York.

Mr. York is a native of Maury County, Tennessee and received his Bachelor's Degree in Finance from the University of Tennessee. Mr. York resides in Columbia where he has served since 1979 as an Associate Broker and Principal of The Stanfield York Company, a commercial/investment real estate firm licensed in Georgia and Tennessee. Prior to his position with The Stanfield York Company, Mr. York served in the United States Air Force from 1964 to 1969. He was employed as a Captain in the Flight Standards Division for Delta Air Lines from 1970 to 1999. In addition, Mr. York was an organizer and director of Eastside Bank and Trust in Snellville, Georgia from 1989 to 1993.

Mr. York's other affiliations include the following: served on the Board of Governors of the University of Tennessee National Alumni Association representing Georgia and Florida; served on the Board of Directors of the Rehabilitation Corporation of Tennessee, the Trust Advisory Council in Columbia, Tennessee, and the Advisory

COMMITTEES OF THE BOARD

There are no standing committees of the Board of Directors of the Corporation because the principal business of the consolidated company is conducted by the Bank rather than the holding company. The Board of Directors of the Corporation met seven times during 2004. The Corporation does not have a standing Nominating Committee.

The entire Board of Directors fulfills the role of a Nominating Committee. Because of the Corporation's size and the nature of its business, the consistently high rate of participation in meetings by each director, the fact that over half of the Corporation's directors are independent (as defined by the New York Stock Exchange listing requirements) and are individuals who come from diverse backgrounds, and the infrequent turnover historically in the membership of the Board, the Board of Directors does not believe a separate, independent nominating committee is necessary.

Any shareholder, by written notice submitted to the Secretary of the Corporation, can nominate candidates for election to the Board of Directors. The written notice should be provided in accordance with the process contained in the Corporation's Bylaws as more fully described in the "Items of Business for 2006 Annual Meeting of Shareholders" section of this Proxy Statement. The entire Board of Directors serving as a Nominating Committee currently does not have a charter, nor are all of the directors independent, as defined by the New York Stock Exchange listing requirements.

Although the Board of Directors has not established formal minimum qualifications for its members, the Board would consider only potential nominees who have several years of relevant business experience. Non-management director nominees would generally need to be independent, as defined by the New York Stock Exchange listing requirements. Any nominee must be willing to serve for the nominal director's compensation paid by the Corporation. In addition, the Board of Directors would evaluate nominees with the goal of maintaining a diversity of background and experience that complements the other directors. Candidates nominated by shareholders would be evaluated in the same manner as the candidates nominated by the Board of Directors.

Edgar Filing: FIRST FARMERS & MERCHANTS CORP - Form DEF 14A

Director Attendance

During 2004, there were seven meetings of the Board of Directors of the Corporation and twelve meetings of the Board of Directors of the Bank. Each member of the Boards attended at least 75% of the aggregate meetings of the Boards and committees of which they were members.

The Corporation does not have a policy regarding director attendance at annual meetings. Because of the willingness of each director to be present at all annual meetings and the historical attendance of each director, a formal attendance policy has not been deemed necessary. All directors attended the 2004 annual meeting of shareholders.

SHAREHOLDER COMMUNICATION WITH THE BOARD OF DIRECTORS

The Board of Directors has adopted a process to facilitate written communications by shareholders or other interested parties to the Board of Directors. Persons wishing to write to the Board of Directors of the Corporation or a specified director or committee of the Board of Directors should send correspondence to the Secretary of the Corporation at First Farmers and Merchants Corporation, P.O. Box 1148, Columbia, Tennessee, 38402-1148

All communications so received from shareholders or other interested parties will be forwarded to the members of the Board of Directors, or to a specific Board member or committee if so designated by such person. Anyone who wishes to communicate with a specific Board member or committee should send instructions asking that the material be forwarded to the director or to the appropriate committee chairman. Solicitations, junk mail and obviously frivolous or inappropriate communications will not be forwarded, but will be made available to any director who wishes to review them.

COMPENSATION OF DIRECTORS AND OFFICERS

During 2004 each director and officer of the Corporation received an annual retainer of \$2,000.00 and was paid a fee of \$500.00 for each Board meeting attended up to four meetings. Active Corporation and Bank directors may defer fees payable to them under the Corporation's and Bank's Directors Deferred Compensation Plans. During the fiscal year 2004, the Corporation and the Bank together paid total cash directors' fees of \$167,316, and directors' fees in the amount of \$191,700 were deferred.

BANK COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Introduction

Decisions on compensation of the Bank's executives are made by the eight member Compensation Committee of the Bank's Board of Directors. The Compensation Committee believes that the actions of each executive officer have the potential to impact the short-term and long-term profitability of the Corporation and the Bank. Consequently, the Compensation Committee places considerable importance on its task of designing and administering an executive compensation program.

The Bank has an executive compensation program that considers factors such as Corporation shareholder value and the overall performance of the Corporation and the Bank. The main components of the executive

compensation program are base salary, bonus, and participation in a split-dollar life insurance plan.

Compensation Program

The Compensation Committee's executive compensation program is designed to provide competitive levels of compensation that are integrated with the Corporation's and the Bank's annual and long-term goals. Executive compensation is reviewed by the Compensation Committee relative to peer group executive compensation based on national and state survey information. The peer group used from the national and state surveys utilized institutions in a similar asset- size range. The national survey also includes data for institutions in adjoining states.

The Compensation Committee approved cash compensation for executive officers in 2004 that is consistent with the Compensation Committee's executive compensation program.

Base Salary

Base salary represents a fixed labor cost and is designed so that senior management receives acceptable salaries, helping the Bank keep the talent needed to meet the challenges in the financial service industry. Many factors are included in determining base salaries, such as job responsibilities, the scope of the position, length of service with the Bank, individual performance, and compensation for similar positions in the peer group. The Compensation Committee believes that base salaries should be slightly above the median of a market-competitive range. All base salaries are reviewed annually.

Bonus

The second component in the executive compensation program is a bonus plan. Certain strategic goals from the Corporation and the Bank's strategic plan and financial budget are allocated points relating to goal achievement. During 2004, achievement of all the listed goals would have resulted in a bonus of varying percents of the base salaries for senior officers. The Compensation Committee graded progress towards these goals as well as individual performance. During 2004, a bonus of 15.5% was paid to eight senior officers, a bonus of 21.7% was paid to each of the regional presidents, and a bonus of 31% was paid to the President and Chief Executive Officer. Bonus payments were paid as follows: Waymon L. Hickman - \$41,013, T. Randy Stevens - \$65,537, John P. Tomlinson, III - \$31,113, Timothy E. Pettus - \$27,492, Leslie R. Brooks - \$19,637, and N. Houston Parks - \$19,637.

Chief Executive Officer Compensation

The executive compensation program described above is applied in setting the Chief Executive Officer's compensation. T. Randy Stevens is President and Chief Executive Officer of the Corporation and the Bank. Mr. Stevens participates in the same executive compensation program available to the other executive officers. The Compensation Committee reviews the executive compensation program in relationship to the performance of the Corporation's net income and stock value. Consolidated net income for the Corporation and the Bank totaled \$8,856,000 for 2004, representing a 3.6% increase above the previous year. The Corporation's stock price was \$45 per share at December 31, 2004 based on information reported by buyers willing to disclose such information. Based upon these and other factors the 2004 cash compensation of Mr. Stevens was \$281,160. Mr. Stevens had a base salary of \$211,411 which is in line with the median salary in comparison to his peers in the national and state surveys indicated above. Mr. Stevens earned a bonus in the amount of \$65,537 that was based on the Corporation's goal achievement and financial results in 2004.

Conclusion

The Compensation Committee believes that this mix of market-based salaries and bonus program represents a balance that will motivate the management team to continue to produce strong returns. The Compensation Committee further believes this program strikes an appropriate balance between the interests and needs of the Corporation and the Bank in operating the financial service business.

Compensation Committee Interlocks And Insider Participation

Messrs. Cook, Abercrombie, Chaney, Hickman, Stevens, Walter, Wheeler, and Wright served as members of the Bank's Compensation Committee throughout 2004. Mr. Hickman serves as Chairman of Bank's Board of Directors and Mr. Stevens serves as President and Chief Executive Officer of the Bank.

Related Party Transactions

During 2004, the Bank engaged in customary banking transactions and had outstanding loans to certain of the Corporation's and Bank's directors, including Messrs. Abercrombie, Cook, Wheeler, and Wright, and members of the immediate families of such directors and executive officers. Messrs. Abercrombie, Cook, Wheeler, and Wright, their affiliates, families, and companies in which they hold ten percent or more ownership had outstanding loan balances of \$858,712 at December 31, 2004. These loans were made in the ordinary course of business and were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with others. In the opinion of management, these loans do not involve more than the normal risk of collectibility or present other unfavorable features.

Deferred Profit Sharing Plan

The Bank has a Deferred Profit Sharing Plan and Trust (the "Plan") which has been approved by the Internal Revenue Service for deferral of income taxation. The Plan includes all eligible employees. All employees who attain age twenty (20) years and who complete one (1) year of service with the Bank are eligible to participate. Participants receive a vested percentage of 25% after two (2) years of service and 15% each year thereafter until 100% vested at the end of seven (7) years of participation in the plan. The Bank's contribution to the Plan and Trust is determined by the annual performance of the Bank and is subject to approval by the Board of Directors of the Bank annually. The aggregate amount placed in the Plan for the three hundred thirty-five (335) participants during fiscal year 2004 was \$1,470,589. Employees are 25% vested in contributions on their behalf after two years, 40% vested after three years, 55% vested after four years, 70% vested after five years, 85% vested after six years, and 100% vested after seven years of service.

REPORT OF THE BANK'S AUDIT/COMPLIANCE/CRA COMMITTEE

The Audit/Compliance/CRA Committee's primary responsibilities fall into three broad categories:

- * This Committee is charged with monitoring the preparation of quarterly and annual financial reports prepared by the management of the Corporation and the Bank. This Committee's monitoring includes discussing with management and the Corporation's independent auditors draft financial statements and accounting and reporting matters.
- * This Committee is responsible for matters concerning the relationship between the Corporation and the Bank and the Corporation's independent auditors. This relationship includes recommending the appointment or removal of the Corporation's independent auditors; reviewing the scope of their audit services and related fees, as well as any other services being provided; and determining whether the Corporation's independent auditors are independent.
- * This Committee oversees management's implementation of effective systems of internal controls, including the review of the activities and recommendations of the Bank's internal auditing program.

This Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Committee's charter. To carry out its responsibilities, this Committee met fourteen times during the 2004 fiscal year.

In overseeing the preparation of the Corporation's and the Bank's financial statements, this Committee met with both management and the Corporation's independent auditors to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised this Committee that all financial statements were prepared in accordance with generally accepted accounting principles. This Committee discussed with the Corporation's independent auditors the matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees), as modified or supplemented. This Committee also received the written disclosures and the letter from the Corporation's independent auditors regarding the independence of such auditors as required by Independence Standards Board Standard No. 1, as modified or supplemented, and discussed with such auditors their independence from the Corporation and its management.

The Corporation files consolidated financial statements that include the financial condition and results of operation of the Bank for the periods indicated. Based on its review and discussions with the Bank's management and the Corporation's auditors, the Bank's Audit Committee recommended to the Bank's Board of Directors who recommended that the Corporation's Board of Directors approve the inclusion of the audited financial statements of First Farmers and Merchants Corporation and its subsidiary, First Farmers and Merchants National Bank, in its Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

APPENDIX

FIRST FARMERS AND MERCHANTS NATIONAL BANK

AUDIT COMMITTEE CHARTER

The Board of Directors of First Farmers and Merchants National Bank ("FF&M") establishes an Audit/Compliance/CRA Committee ("committee") with authority, responsibility and specific duties as described below.

Composition

The committee shall be comprised of a minimum of three outside directors who are independent of management and are free of any relationship that, in the opinion of the Board of Directors ("the Board"), would interfere with their exercise of independent judgment as a committee member. The determination of independence will be made in accordance with the provisions of Section 36 of FDICIA and any other requirements as may be promulgated from time to time by those regulatory agencies or other authorities applicable to the governance of FF&M.

The members of the committee shall be financially literate either at the time of appointment to the committee, or within a reasonable period of time thereafter. At least one member of the committee should have accounting or related financial management expertise.

One of the members shall be appointed committee chairman by the chairman of the Board.

Responsibility

The Audit Committee has a major responsibility to provide assistance to the Board in fulfilling their fiduciary responsibility to the shareholders and investment community related to accounting and reporting practices; the quality and integrity of financial reports; and the quality and effective administration of loan portfolios.

The committee is to be the Board's principal agent in ensuring the independence of the corporation's outside external auditors and internal auditors, the integrity of management, and the adequacy of disclosures to stockholders. It is the intention of the Board to adhere to the Securities and Exchange Commission's ("SEC") rule regarding Audit Committee Disclosure that became effective January 31, 2000.

The Audit Committee is also responsible for overseeing that management has established and maintained processes to assure that an adequate system of internal controls is in place and functioning as designed within FF&M. In addition, the committee will oversee that management has established and maintained processes to assure compliance with all applicable laws, regulations and corporate policies. In so doing, the Audit Committee will be responsible for handling relations with the outside external auditing firm, and the Internal Audit and Loan Review functions.

The committee will ensure that its members receive an appropriate degree of education and training in order to maintain an adequate level of expertise necessary to discharge their responsibilities on an ongoing basis.

Authority

The Audit Committee may be requested by the Board to investigate any activity of FF&M, and all employees are directed to cooperate as requested by members of the committee. The committee is empowered to retain persons having special competence as necessary to assist the committee in fulfilling its responsibility.

The committee views the outside independent auditors, Internal Audit and Loan Review as important resources. To this end, the Audit Committee should concur in the appointment or removal of the independent auditors, the Internal Auditors and the Loan Review. However, the opportunity for the independent auditors and Internal Auditors to meet with the entire Board of Directors as needed is not to be restricted.

To the extent necessary to fulfill its primary responsibilities, the committee will also communicate with the corporate legal counsel, the Accounting Department, Credit Administration, and others, as it deems necessary.

Frequency of Meetings

The Audit Committee shall meet as often as deemed necessary in order to fulfill its responsibilities, but not less than quarterly.

Attendance at Meetings

In addition to the members of the Audit Committee, the chairman of the Audit Committee may request members of management, the internal auditors and representatives of the independent auditors be present at meetings of the committee, as deemed appropriate.

Agenda for Meetings

In carrying out their responsibilities, the committee's agenda and procedures should remain flexible in order that it can best react to changing conditions and environment and to assure the Board and Shareholders that the accounting and reporting practices of FF&M and subsidiaries are in accordance with all requirements and are of the highest quality.

The committee's agenda on an annual basis will include the following:

1. Provide an open avenue of communication between the outside auditors, the Internal Auditors, and the Board of Directors.
2. Confirm and assure the independence of the outside and internal auditors.
3. Review coordination of audit efforts between the outside and internal auditors to assure completeness of coverage, reduction of redundant efforts, and the effective use of audit resources.
4. Meet periodically with the outside and internal auditors and Manager of Loan Review without members of management present.
5. Review and approve the scope and general extent of the audit examination performed by the external auditors, including their engagement letter. The auditors' fees are to be arranged by management and annually summarized for committee review and approval.
6. Review any other services rendered by the external audit firm for FF&M.
7. Review with the external auditors the adequacy and effectiveness of internal auditing, control of the organization, recommendations for improvement in control, and any difficulties encountered.

8. Arrange for the independent external auditors to review the following items with the Audit Committee:
 - a) FF&M's annual report to shareholders and Forms 10K and 10Q, including the financial statements, and financial statement and supplemental disclosures required by generally accepted accounting principles and the SEC.
 - b) Significant transactions, if any, not a normal part of FF&M's operations.
 - c) Changes (pending or proposed), if any, during the year in FF&M's accounting principles or their application.
 - d) Significant adjustments, if any, not a normal part of FF&M's operations.
 - e) The independent auditors should be instructed to communicate with the chairman of the Audit Committee if there is a probability that a pending quarterly review report, if any, will be other than standard.
9. Inquire of the independent auditors whether there have been any disagreements with management, which if not satisfactorily resolved, would have caused them to modify their report on FF&M's financial statements.
10. Ascertain that the outside auditors understand that:
 - (a) The Audit Committee is the outside auditors' client;
 - (b) The outside auditors are required to provide a timely analysis of current financial reporting issues and practices;
 - (c) The outside auditors are required to discuss their qualitative judgments about the appropriateness, not just the acceptability, of accounting principles and the degree of aggressiveness or conservativeness of principles and estimates.
11. Evaluate the cooperation received by the outside auditors during their audit examination, including their access to all requested records, data and information.
12. Elicit the comments of management regarding the responsiveness of the outside auditors to FF&M's needs.
13. Review and approve the annual audit plan, including their engagement letter, prepared by the Internal Auditors.
14. Review and approve the status of completion of and significant changes to the Internal Audit annual plan and budget.
15. Evaluate internal accounting control through a review of reports prepared by the Internal Auditors that describe control weaknesses, and determine that appropriate corrective action is being taken by management.
16. Review the Internal Auditors' compliance with the Institute of Internal Auditor's Standards for the Professional Practice of Internal Accounting.
17. Review the organizational structure and qualifications of the Internal Auditors.
18. Review and approve the loan review policy and operating plan of the Loan Review function.
19. Review and approve the status of completion of and significant changes to the Loan Review plan and budget.
20. Evaluate asset quality and credit administration through a review of reports prepared by the Loan Review function that evaluate asset quality, the adequacy of allowance for loan losses, and management of the loan portfolios of

FF&M.

21. Review all reports of examination issued by FF&M's regulators.
22. Make or cause to be made, all necessary inquiries of management and the independent auditors concerning established standards of corporate conduct and performance, and deviations therefrom. Legal matters, regulatory and legal requirements and issues, and insurance concerns, which could significantly impact the financial statements, should also be reported.
23. Discuss with FF&M's management the scope and quality of internal accounting and financial reporting controls in effect.
24. Review with FF&M's management, internal auditors and independent auditors, FF&M's policies and procedures to reasonably ensure the adequacy of internal accounting and financial reporting controls.
25. Inquire of management, the outside auditors and internal audit about significant risks or exposures and assess steps management has taken to minimize risks.
26. Apprise the Board of significant developments in the course of performing the above duties.
27. Prepare a written report that describes the Audit Committee's composition and responsibilities and how they were discharged.
28. Review, update and approve the Audit Committee charter annually.
29. Recommend to the Board any appropriate extensions or changes in the duties of the committee.

Committee Communications

Minutes of each meeting shall be prepared with copies to be provided to members of the committee and made available to management, the independent auditors, Internal Auditors and regulatory examiners.

The chairman of the Audit Committee shall make a report to the Board on the results of each meeting of the Audit Committee.
