ONE LIBERTY PROPERTIES ANNOUNCES RESULTS OF OPERATIONS FOR THE QUARTER AND YEAR ENDED DECEMBER 31, 2005

Great Neck, New York - March 13, 2006 - One Liberty Properties, Inc. (NYSE: OLP) today announced that for the year ended December 31, 2005, rental revenues increased by 30.2% and net income by 94% compared to revenues and net income for the year ended December 31, 2004. The Company reported rental revenues of \$28,445,000 and net income of \$21,280,000, or \$2.16 per share on a diluted basis, for the year ended December 31, 2005. Net income gives effect to the Company's equity in earnings of unconsolidated joint ventures of \$2,102,000 (\$.21 per diluted share), a net gain on the sale of air rights of \$10,248,000 (\$1.04 per diluted share) and income from discontinued operations of \$1,559,000

(\$0.16 per diluted share). For the year ended December 31, 2004, One Liberty reported rental revenues of \$21,844,000, and net income of \$10,974,000, or \$1.13 per share on a diluted basis. Net income for 2004 includes the Company's equity in earnings of unconsolidated joint ventures of \$2,869,000 (\$0.29 per diluted share), net gains of \$73,000 (\$0.01 per diluted share) and income from discontinued operations of \$2,435,000 (\$0.25 per diluted share). The weighted average number of common shares outstanding on a diluted basis was 9,843,000 and 9,744,000 for the years ended December 31, 2005 and 2004, respectively.

For the quarter ended December 31, 2005, One Liberty reported rental revenues of \$7,545,000, and net income of \$3,545,000, or \$0.36 per share on a diluted basis. Net income for the quarter ended December 31, 2005 gives effect to the Company's equity in earnings of unconsolidated joint ventures of \$775,000 (\$0.08 per diluted share) and income from discontinued operations of \$743,000 (\$0.08 per diluted share). This compares with revenues of \$6,178,000, net income of \$4,009,000 and net income per share on a diluted basis of \$0.41 for the quarter ended December 31, 2004. Net income for the quarter ended December 31, 2004 gives effect to the Company's equity in earnings of unconsolidated joint ventures of \$1,231,000 (\$0.13 per diluted share) and income from discontinued operations of \$1,033,000 (\$0.11 per diluted share). The weighted average number of common shares outstanding on a diluted basis was 9,868,000 and 9,790,000 for the three months ended December 31, 2005 and 2004, respectively.

One Liberty also reported funds from operations of \$26,658,000, or \$2.71 per share on a diluted basis, for the year ended December 31, 2005, as compared to \$16,789,000, or \$1.72 per share, on a diluted basis for the year ended December 31, 2004. Funds from operations for the three months ended December 31, 2005 was \$4,772,000, or \$0.48 per share on a diluted basis, as compared to \$5,751,000 or \$0.59 per share on a diluted basis, for the three months ended December 31, 2004. Funds from operations, calculated in accordance with the NAREIT definition, adds back to net income depreciation of properties, One Liberty's share of depreciation in unconsolidated joint ventures and amortization of capitalized leasing expenses, and deducts from net income net gain on property sales. However, in accordance with the NAREIT definition, funds from operations reported by One Liberty for the year ended December 31, 2005 includes the \$10,248,000 gain (\$1.04 per share) recognized by One Liberty on the sale of air rights, which One Liberty has deferred for tax purposes pursuant to Section 1031 of the Internal Revenue Code.

Commenting on the results of operations, Fredric H. Gould, Chairman of the Board and Chief Executive Officer of One Liberty, stated that "the increase in rental revenues year over year and quarter over quarter was primarily due to our acquisition of fourteen properties during 2004 and 2005". On the expense side, Mr. Gould noted that operating expenses increased by 31.8% year over year and 17.2% quarter versus quarter. A 35% increase in depreciation expense year over year and 20.3% quarter over quarter is directly related to the increase in the number of properties owned by the Company. General and administrative expenses increased by 32.4% year over year and by 29.8% quarter versus quarter due to a number of factors, the largest of which relates to the fees of special counsel retained by the Company's Audit Committee in connection with an investigation into certain financial dealings of the Company's former president and chief executive officer. In addition for the year and the quarter ended December 31, 2005 expenses allocated under the Shared Services Agreement among the Company and various affiliated companies and other expenses increased due to an increase in the Company's level of business activity, including property acquisitions, mortgage financings, Sarbanes-Oxley compliance, an increase in auditing fees and

Edgar Filing: ONE LIBERTY PROPERTIES INC - Form 8-K

fees relating to the internal control audit required by Section 404 of Sarbanes-Oxley, an increase in directors' fees and an increase in directors' and officers' liability insurance expense.

Commenting further, Mr. Gould noted that negatively impacting the Company's results of operations in both the current year and the current quarter was a 26.7% and 37% decrease, respectively, in the Company's equity in earnings of unconsolidated joint ventures. The decrease year versus year results primarily from a \$2,562,000 provision for valuation adjustment taken in 2005 by one of the Company's 50% owned joint ventures against one of its five properties. The decrease quarter versus quarter is primarily due to the receipt in the quarter ended December 31, 2004 of the proceeds from the sale by one of the Company's joint ventures of a bankruptcy claim. The decrease in equity in earnings of joint ventures in both the current year and current quarter was offset by the income earned on two joint ventures organized in the second half of 2004. Also impacting expenses year versus year and quarter versus quarter is a 24% and 21.2% increase, respectively, in interest expense due to mortgage loans placed in 2004 and 2005 on acquired properties.

In 2005 the Company sold five properties and the operations of these five properties are reflected in the 2005 and 2004 results as income from discontinued operations. For the year ended December 31, 2005, these properties operated at a \$346,000 loss as compared to positive operations in the year ended December 31, 2004 of \$2.4 million. The net gain on sale of these properties in 2005 was \$1.9 million. Accordingly, income from discontinued operations was \$1.6 million for the year ended December 31, 2005, as compared to \$2.4 million for the year ended December 31, 2004.

On June 30, 2005, the Company closed on the sale of unused development rights relating to a property owned by it and located in Brooklyn, New York. The Company reported a financial statement gain of \$10.25 million with respect to this sale in 2005.

Mr. Gould noted that in 2005 the Company invested \$58.9 million in the purchase of eight properties and that at year end it had \$26.7 million of available cash and \$62.5 million available under its revolving credit facilities. He further noted that using available funds, availability under the credit facility and proceeds derived from mortgage financings, the Company will continue its property acquisition program in 2006.

One Liberty Properties is a real estate investment trust and invests primarily in improved commercial real estate under long term net lease.

(a) We believe that FFO is a useful and a standard supplemental measure of the operating performance for equity REITs and is used frequently by securities analysts, investors and other interested parties in evaluating equity REITs, many of which present FFO when reporting their operating results. FFO is intended to exclude GAAP historical cost depreciation and amortization of real estate assets, which assures that the value of real estate assets diminish predictability over time. In fact, real estate values have historically risen and fallen with market conditions. As a result, we believe that FFO provides a performance measure that when compared year over year, should reflect the impact to operations from trends in occupancy rates, rental rates, operating costs, interest costs and other matters without the inclusion of depreciation and amortization, providing a perspective that may not be necessarily apparent from net income. We also consider FFO to be useful to us in evaluating potential property acquisitions.

FFO does not represent net income or cash flows from operations as defined by GAAP. You should not consider FFO to be an alternative to net income as a reliable measure of our operating performance; nor should you consider FFO to be an alternative to cash flows from operating, investing or financing activities (as defined by GAAP) as measures of liquidity.

FFO does not measure whether cash flow is sufficient to fund all of our cash needs, including principal amortization, capital improvements and distributions to stockholders. FFO does not represent cash flows from operating, investing or financing activities as defined by GAAP.

(b) Includes net gain on sale of air rights of \$10,248, or \$1.04 per share for the year ended December 31, 2005.
