BLAIR CORPORATION REPORTS FOURTH QUARTER RESULTS

WARREN, Pa., (February 13, 2004) -- Blair Corporation (Amex: BL), (www.blair.com), a national multi-channel direct marketer of women's and men's apparel and home products, today announced results for the fourth quarter and twelve months ended December 31, 2003.

Net sales for the fourth quarter ended December 31, 2003, were \$166.5 million,

## Edgar Filing: BLAIR CORP - Form 8-K

compared to \$167.9 million, reported for the fourth quarter ended December 31, 2002.

The year 2003 ended strongly with net income for the fourth quarter being \$9.1 million, or \$1.15 per basic share and \$1.14 per diluted share, compared to net income of \$6.2 million, or \$.78 per basic share and \$.77 per diluted share, for the fourth quarter of 2002.

Net sales for the twelve months ended December 31, 2003, were a record \$581.9 million, compared to \$568.5 million, reported for the twelve months ended December 31, 2002.

These record sales results were accomplished despite continued industry wide softness and three consecutive years of economic challenges.

Net income for the twelve months ended December 31, 2003, was \$14.5 million, or \$1.82 per basic share and \$1.81 per diluted share, compared to \$19.1 million, or \$2.39 per basic share and \$2.38 per diluted share, reported for the twelve months a year ago.

Cost of goods sold as a percentage of net sales increased to 47.7% for 2003 from 47.5% for 2002. The 20 basis point increase, or approximately \$1.2 million in the cost of goods sold, primarily reflects initiatives undertaken to reduce the amount of slower moving products and improve inventory management. Higher inbound airfreight expenses and shipping costs also impacted the cost of goods sold.

Advertising expenses as a percentage of net sales rose to 26.9% for 2003 from 25.7% for 2002. The total increase of advertising expenses of \$10.5 million reflects strategic outreach initiatives including additional catalog mailings to current and prospective customers.

"Fourth quarter results reflect the success of Blair's enhanced automated fulfillment capabilities which significantly contributed to an overall improvement in operating efficiencies and a reduction in backlog. The company expects that the enhanced fulfillment capabilities will further increase the speed of order shipments, lower costs and increase order fulfillment rates, profitability and customer satisfaction," said Bryan J. Flanagan, Senior Vice President and Chief Financial Officer.

"We believe results for the first quarter of 2004 may be lower than the first quarter of 2003 due to start up costs associated with Allegheny Trail Corp., Blair's wholesale business targeting outdoor sporting goods and recreational retailers, and the re-launch of our Irvine Park catalog aimed at a younger, more affluent menswear customer," noted Mr. Flanagan.

John E. Zawacki, President and CEO said, "2003 was the third consecutive difficult year for the direct marketing industry, and I am pleased with Blair's performance relative to its industry peers. Results for 2003 give further credence to the success of Blair's efforts to meet near-term challenges while remaining diligent in our efforts to achieve long-term growth."

"Blair continues to undertake initiatives to improve inventory management, increase sales and enhance profitability. We are confident in our core businesses, which remain the cornerstone of the Company, as we lay the

groundwork to further capitalize on growth initiatives including Allegheny Trail and Irvine Park. Our e-commerce channel generated \$84.3 million in gross sales demand in 2003 as compared to \$65.6 million in 2002. We expect our investments in e-commerce, Crossing Pointe, Allegheny Trail and Irvine Park will further expand Blair's customer base and generate future revenue growth."

"Blair's balance sheet remains strong, and we are expanding our customer base and enhancing our leadership position as the premier direct marketer to value-conscious consumers," concluded Mr. Zawacki.
