Raymond J. Pacini	53	Director

Keith Brackpool is a founder of Cadiz, has served as a member of Cadiz' Board of Directors since September 1986, and has served as President and Chief Executive Officer of Cadiz since December 1991. Mr. Brackpool assumed the role of Chairman of the Board of Cadiz on May 14, 2001, and was the Chief Financial Officer from May 19, 2003 until October 2005. Mr. Brackpool has also been a principal of 1334 Partners L.P., a partnership that owns commercial real estate from 1989 to present.

Murray H. Hutchison was appointed a director of Cadiz in June 1997. He is also a member of the Board of Managers (an LLC's functional equivalent of a Board of Directors) of Cadiz' subsidiary, Cadiz Real Estate LLC. In his capacity as a manager of the LLC, he performs essentially the same duties on behalf of the LLC as he would as an outside director for a corporation. Since his retirement in 1996 from International Technology Corporation, a publicly traded diversified environmental management company, Mr. Hutchison has been self-employed with his business activities involving primarily the management of an investment portfolio. From 1976 to 1996, Mr. Hutchison served as Chief Executive Officer and Chairman of International Technology. While with Albert Fisher, Mr. Shaheen also served as director of its Canadian produce operations and as a director of Fresh Western Marketing. Prior to his employment with Albert Fisher, Mr. Shaheen has seven years of experience with the accounting firm of Ernst & Young LLP. Mr. Shaheen is a certified public accountant.

Raymond J. Pacini was appointed a director of Cadiz effective June 16, 2005. Mr. Pacini was originally appointed to the Board as a nominee of ING pursuant to the rights of ING, our prior lender, as a former holder of Cadiz' Series F preferred stock. As of June 29, 2006, Cadiz' loan with ING was paid in full and ING's right to designate members of our Board of Directors was terminated. Mr. Pacini remained on the Board as a designee of Peloton, our lender after ING, pursuant to the right of Peloton to designate a single director under the terms of Cadiz' credit facility with Peloton. As of April 16, 2008, LC Capital Master Fund acquired the interest in Peloton in our credit facility. Peloton's right to designate a director was personal to Peloton and was not assigned to LC Capital Master Fund. Mr. Pacini remained on our Board as a director but not as the designee of any entity. Since May 1998, Mr. Pacini has been the President, Chief Executive Officer and a Director of California Coastal Communities, Inc., a publicly traded (NASDAQ:CALC) residential land development and homebuilding company operating in Southern California. Prior to joining Western National Realty Advisors, Mr. Duffy was the Partner-in-Charge of Real Estate Capital Markets for the Western U.S. with Ernst & Young, LLP. Prior to his assignment at CalPers, from 1999 - 2003, Mr. Hickox served as Secretary of the California Environmental Protection Agency and a member of the Governor's cabinet. Mr. Hickox's environmental policy experience also includes two years as an alternate member of the California Coastal Commission (1997-1999); seven years as Special Assistant of Environmental Affairs for California Governor Edmund G. Brown, Jr. (1975 - 1983); twelve years on the board of the California League of Conservation Voters, including a four-year term as Board President (1994 - 2006); and two years on the boards of Audubon California and Sustainable Conservation (2004 - 2006). In addition, since 1988, Mr. Stoddard has served as the Chairman and CEO of Kaiser Ventures LLC, an unrelated company involved in real estate development and waste management projects in southern California.

Corporate Governance

Director Independence

Messrs. Hutchison, Duffy, Pacini, Hickox, and Courter have all been affirmatively determined by the Board to be "independent" under all relevant securities and other laws and regulations, including those set forth in SEC and regulations and pertinent listing standards of the NASDAQ Global Market, as in effect from time to time.

The Company's independent directors meet routinely in executive session without the presence of management.

Independence of Committee Members

The Board maintains three committees, whose functions are described below. The Board has determined that all members of its committees are independent. Each committee maintains a written charter detailing its authority and responsibilities. These charters are reviewed periodically as legislative and regulatory developments and business circumstances warrant and are available in their entirety on the Company's website at <http://www.cadizinc.com> and to any stockholder otherwise requesting a copy.

Meetings and Committees of the Board of Directors

During the year ended December 31, 2008, the Board of Directors held seven formal meetings, conferred on a number of occasions through telephone conferences, and took action, when appropriate, by unanimous written consent. All members of the Board of Directors were present at each meeting, with the exception of (i) Mr. Pacini, Mr. Hutchison and Mr. Grant, who were unable to attend one telephonic meeting, and (ii) Mr. Courter, who was appointed to the Board of Directors in October 2008 and attended all meetings held after such appointment date.

The Board of Directors has three standing committees, the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee, each of which is comprised entirely of directors whom the Board has affirmatively determined to be independent, as they meet the objective requirements set forth by the NASDAQ Global Market and the SEC, and have no relationship, direct or indirect, to the Company other than as stockholders or through their service on the Board.

The Audit Committee is responsible for (i) considering the adequacy of the Company's internal accounting control procedures, (ii) overseeing the Company's compliance with legal and regulatory requirements, (iii) reviewing the independent auditor's qualifications and independence, (iv) the appointment, compensation and oversight of all work performed by the independent registered public accounting firm and (v) overseeing the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company. The Committee advises and makes recommendations to the Board of Directors regarding the financial, investment and accounting procedures and practices followed by the Company. The Committee operates under a written charter adopted by the Board of Directors, which is available on the Company's website at <http://www.cadizinc.com> and to any stockholder otherwise requesting a copy. The Audit Committee is currently composed of Raymond J. Pacini, Stephen J. Duffy, Winston H. Hickox and Stephen E. Courter. The Board has determined that all members of its Audit Committee are independent. The Audit Committee met five times during the year ended December 31, 2008. All the members of the Audit Committee were present at each meeting with the exception of Mr. Hickox, who was unable to attend one meeting, and Mr. Courter who attended all meetings held after his December 16, 2008 appointment to the Audit Committee.

The Compensation Committee oversees compensation of the Chief Executive Officer and key executives and oversees regulatory compliance with respect to the Company's compensation matters. The Committee also oversees the Company's compensation policy applicable to senior management of the Company and advises and makes recommendations to the Board of Directors regarding the compensation of directors and executive officers. The Committee operates under a written charter adopted by the Board of Directors, which is available on the Company's website at <http://www.cadizinc.com> and to any stockholder otherwise requesting a copy. The Compensation Committee is currently composed of Mr. Hutchison, Mr. Pacini, Mr. Duffy, Mr. Hickox and Mr. Courter. The Board has determined that all members of its Compensation Committee are independent. The Compensation Committee met one time during the year ended December 31, 2008. All the members of the Compensation Committee were present at the meeting.

The Corporate Governance and Nominating Committee is responsible for the establishment of procedures for the Committee's oversight of the evaluation of the Board and management. The Committee makes recommendations to the Board of corporate guidelines applicable to the Company. The Committee is also responsible for the identification and recommendation to the Board of qualified candidates for nomination to the Company's Board of Directors. The Committee will consider director candidates recommended by stockholders provided the nominations are received on a timely basis and contain all information relating to such nominee as is required to be disclosed in solicitations of proxies for elections of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, including such person's written consent to being named in the Proxy Statement as a nominee and to serve as a director if elected, the name and address of such stockholder or beneficial owner on whose behalf the proposed nomination is being made, and the class and number of shares of the Company owned beneficially and of record by such stockholder or beneficial owner. The Corporate Governance and Nominating Committee will consider nominees suggested by stockholders on the same terms as nominees selected by the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee believes that nominees for election to the Board of Directors must possess certain minimum qualifications. The Committee will consider a candidate's judgment, skill, diversity, experience with businesses and other organizations of comparable size, financial background, beneficial ownership of the Company, and the interplay of the candidate's experience with the experience of other Board members, among other factors, in assessing a candidate. Except as set forth above, the Corporate Governance and Nominating Committee does not currently have a formal policy regarding the handling or consideration of director candidate recommendations received from a stockholder, or a formal process for identifying and evaluating nominees for directors (including nominees recommended by stockholders). These issues will be considered by the Corporate Governance and Nominating Committee, which will then make a recommendation to the Board. The Corporate Governance and Nominating Committee operates under a written charter adopted by the Board of Directors, which is available on the Company's website at <http://www.cadizinc.com> and to any stockholder otherwise requesting a copy. The Corporate Governance and Nominating Committee is currently composed of Mr. Hutchison, Mr. Pacini, Mr. Duffy, and Mr. Hickox. The Board has determined that all members of its Corporate Governance and Nominating Committee are independent. The Corporate Governance and Nominating Committee met twice during the year ended December 31, 2008. All the members of the Corporate Governance and Nominating Committee were present at the meeting.

The Board of Directors has determined that Mr. Pacini, a member of the Company's Audit Committee, is an "audit committee financial expert" as that term is defined in Item 401(h) of Regulation S-K under the Securities Act.

Audit Committee Report

As of December 31, 2008, the Audit Committee is composed of Raymond J. Pacini, Stephen E. Courter, Stephen J. Duffy and Winston H. Hickox.

Each member of the Committee is an independent director as defined under the listing standards of the NASDAQ Global Market. The Committee operates under a written charter that is reviewed on an annual basis. During fiscal 2008, the Audit Committee performed all of its duties and responsibilities under its charter. The purpose of the Audit Committee is to assist the Board of Directors in its oversight of management's control of Cadiz financial reporting processes.

Management is responsible for the preparation, presentation, and integrity of Cadiz' financial statement, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Audit Committee reviews Cadiz' accounting and financial reporting process on behalf of the Board of Directors. In that regard, of the five times the Committee met in 2008, three of these meetings and one meeting in 2009 were to exercise the Committee's responsibilities related to the Company's quarterly and annual financial statements for fiscal 2008 and management's assessment of the effectiveness of Cadiz' internal controls over financial reporting as of December 31, 2008. During these meetings, the Committee reviewed and discussed with management and PricewaterhouseCoopers LLP, Cadiz' independent registered public accounting firm, Cadiz' consolidated financial statements, including its audited consolidated financial statements for the year ended December 31, 2008, and financial reporting process, including the system of internal controls over financial reporting and significant accounting policies applied by Cadiz.

The Audit Committee also reviewed the report of management contained in Cadiz' Annual Report on Form 10-K for the fiscal year ended December 31, 2008, filed with the Securities and Exchange Commission, as well as PricewaterhouseCoopers LLP's Report of Independent Registered Public Accounting Firm included in Cadiz' 2008 Annual Report on Form 10K related to its audit of: (i) the consolidated financial statements and (ii) the effectiveness of internal control over financial reporting. The Audit Committee continues to oversee Cadiz' efforts related to its internal control over financial reporting and management's preparations for the evaluation of its internal controls for fiscal 2009.

The Committee is directly responsible for the appointment, compensation, retention and oversight of the work of PricewaterhouseCoopers LLP. The Committee regularly meets in executive session with PricewaterhouseCoopers LLP, without management present, to discuss the results of their examinations, evaluations of Cadiz' internal controls and the overall quality of Cadiz' financial reporting.

Cadiz' independent registered public accounting firm is responsible for performing an independent audit of the consolidated financial statements of Cadiz and expressing an opinion on the conformity of Cadiz' financial statements with U.S. generally accepted accounting principles. The Committee discussed with Cadiz' independent registered public accounting firm the scope and plan for its audits including the review of internal controls prescribed in Section 404 of the Sarbanes-Oxley Act of 2002. The Committee has discussed with PricewaterhouseCoopers LLP the matters that are required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees) as adopted by the Public Company Accounting Oversight Board in Rule 3200T. PricewaterhouseCoopers LLP has provided the Committee with the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers LLP's communications with the Committee concerning independence, and have discussed with the PricewaterhouseCoopers LLP its independence from Cadiz. The Committee also considered the nature and scope of the non-audit services provided by PricewaterhouseCoopers LLP to Cadiz and the compatibility of these services with PricewaterhouseCoopers LLP's independence. The Committee pre-approves all audit and permitted non-audit services to be performed by Cadiz' independent registered public accounting firm pursuant to the terms of the Committee's written charter.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in Cadiz' Annual Report on Form 10-K for the year ended December 31, 2008. The Committee also appointed PricewaterhouseCoopers LLP as Cadiz' independent registered public accounting firm for 2009, and has recommended that such appointment be submitted to Cadiz' stockholders for ratification at the 2009 Annual Meeting of Stockholders.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 (the "1934 Act") requires Cadiz' directors and executive officers, and persons who beneficially own more than 10% of a registered class of Cadiz' equity securities ("reporting persons"), to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of Cadiz. Reporting persons are required by Commission regulations to furnish Cadiz with copies of all Section 16(a) forms they file.

To Cadiz' knowledge, based solely on a review of the copies of reports and amendments thereto on Forms 3, 4 and 5 furnished to us by reporting persons and forms that we filed on behalf of certain directors and officers, during, and with respect to, Cadiz' fiscal year ended December 31, 2008, and on a review of written representations from reporting persons to Cadiz that no other reports were required to be filed for such fiscal year, all Section 16(a) filing requirements applicable to Cadiz' reporting persons were satisfied in a timely manner, except that a Form 3 and Form 4 filing of LC Capital Master Fund, and a Form 3 filing of Mr. Courter, were inadvertently filed late.

Code of Ethics

Cadiz has adopted a code of ethics that applies to all of its employees, including its chief executive officer and chief financial officer. A copy of the code of ethics may be found on Cadiz' website at <http://www.cadizinc.com>. Any employee who becomes aware of any existing or potential violation of the code of ethics is required to report it. Any waivers from and amendments to the code of ethics granted to directors or executive officers will be promptly disclosed on the Company's website at <http://www.cadizinc.com>.

ITEM 11. Executive Compensation

Compensation Discussion and Analysis

Compensation Philosophy

Our executive compensation programs are designed to enhance operating performance and to maximize the long-term value of our assets and stockholder value by aligning the financial interests of the executive officers and management with those of our stockholders. Such a compensation program helps to achieve Cadiz' business and financial objectives and provide incentives needed to attract and retain well-qualified executives in a highly competitive marketplace.

Our development activities are inherently long-term in nature. Our quarterly and annual results of operations have not, and in the near term are not expected to, bear a direct relationship to the progress made by us in the development of our land and water resources. Accordingly, in order to achieve our basic goal of matching the financial interest of our executive officers and management with those of our stockholders, our compensation program emphasizes long-term incentives. In this respect, our compensation program is weighted more heavily towards long-term incentives than is typical of other companies with similarly sized asset portfolios. Through the programs described below, a very significant portion of our executive compensation is linked to share price appreciation and corporate performance.

Our Board of Directors has formed a Compensation Committee which is responsible for reviewing and establishing the compensation payable to our executive officers, including our Chief Executive Officer. For executive officers other than the Chief Executive Officer, the Committee establishes compensation levels based, in part, upon the recommendations of our Chief Executive Officer. Currently, we have only three executive officers, including our Chief Executive Officer. The Compensation Committee is therefore able to consider the performance of each officer on an individual basis in adjusting base salary levels and in determining additional incentive compensation, such as the cash awards and long term incentives discussed below.

Elements of Compensation

Our compensation program has three primary components: base salary, performance-based cash awards and long-term incentives through stock awards.

BASE SALARY. In light of our emphasis on long-term incentives, the base salary component of our compensation program is lower than that typically provided by similarly sized companies. No specific or set formula has been used to tie base salary levels to precise measurable factors; rather, current base salaries have been established by agreements negotiated directly with our key executives.

Our Chief Executive Officer, Mr. Keith Brackpool, is charged with the overall responsibility for our company's performance. Mr. Brackpool is compensated pursuant to a written agreement effective as of February 1, 2003, which established a base salary of \$250,000 per year. This base salary was increased to \$400,000 per year effective as of January 1, 2007. In 2003 there was significant uncertainty concerning the company's ability to continue with the development of its resource development programs. This uncertainty was due to, among other things, the Metropolitan Water District of Southern California's decision in October 2002 to not accept the right of way grant offered by the U.S. Department of the Interior to our water storage and supply program and refusal to consider whether or not to certify the program's final environmental impact report. In light of then existing circumstances, the written agreement entered into with Mr. Brackpool in 2003 reduced his base salary to 50% of its previous amount but also allowed Mr. Brackpool to provide services to Cadiz on a non-exclusive basis.

Under Mr. Brackpool's leadership during the subsequent six years, our company has made significant progress towards resolving the uncertainties concerning our ability to continue developing our assets and in the development process. On February 11, 2009, we and the Metropolitan Water District agreed to settle our differences and dismissed all outstanding claims remaining against each other removing an impediment to the company's ability to negotiate agreements with water purveyors that rely upon Metropolitan for a portion of their water. Furthermore in September 2008, the company entered into a 99-year lease agreement with the Arizona and California Railroad Company (ARZC) providing the company with an alternative right-of-way for the construction of a conveyance pipeline connecting our water storage and supply project to the Colorado River Aqueduct. With the dismissal of the Metropolitan Water District litigation, the company can now focus its attention entirely on the development of our water storage and supply project and its other assets through such alternative arrangements.

The Compensation Committee has taken Mr. Brackpool's role in advancing the company's interests during this period, as well as the importance of his ongoing role in the development of our properties, into consideration in approving the increase in his base salary to its current level. Mr. Brackpool's base salary remains lower than he was entitled to receive prior to February 2003.

Mr. Richard Stoddard serves as Chairman and Chief Executive Officer of the Board of Managers of Cadiz Real Estate LLC, our subsidiary holding title to our land and water assets, pursuant to a consulting agreement with us. Effective January 1, 2007, Mr. Stoddard received an increase in his monthly consulting fee to \$25,000 given his role in advancing the company's interests during the last several years, as well as the importance of his ongoing role in the development of our properties. He had been receiving a monthly consulting fee of \$20,833 since the commencement of his consulting agreement in 2002.

Mr. O'Donnell Iselin II served as our Chief Financial Officer until November 19, 2008 pursuant to an employment agreement negotiated and entered into when he joined us in September, 2005, providing for an annual base salary of \$165,000 which was increased to an annual rate of \$175,000 on January 1, 2008.

Effective November 19, 2008, Mr. Timothy J. Shaheen became our Chief Financial Officer and receives compensation for such services in the amount of \$10,000 per month. In addition, as of January 1, 2009, Mr. Shaheen was no longer eligible to participate in our Outside Director Compensation Plan and his compensation for service as our Chief Financial Officer was adjusted to enable him to receive the amount he would have otherwise received under the Outside Director Compensation Plan. Mr. Shaheen's compensation as Chief Financial Officer is in addition to the compensation payable to him for his consulting services to the company under the existing consulting agreement between AG Derivatives, L.L.C. and Cadiz and the compensation he received for service in 2008 as a non-employee director under our Outside Director Compensation Plan.

PERFORMANCE-BASED CASH AWARDS. The Compensation Committee believes that it is important to offer cash incentives to executives for the achievement of specified objectives that yield increased value for stockholders. Although the Compensation Committee relies primarily upon the grant of equity based awards to reward executive performance (see "Long-Term Incentives" below), the Compensation Committee will utilize performance-based cash awards from time to time to provide additional incentives. The Compensation Committee awarded Mr. Iselin a \$20,000 performance based cash bonus in 2008, an amount equivalent to 11.4% of his \$175,000 annual base salary in 2008.

LONG-TERM INCENTIVES. The primary form of incentive compensation that we offer to our executives consists of long-term incentives in the form of equity based awards. This form of compensation is intended to help retain executives and motivate them to improve our long-term performance and hence long-term stock market performance. The value of these equity based awards will increase as our stock price increases.

The Compensation Committee views the grant of equity based awards as both a reward for past performance and an incentive for future performance. Equity based awards may vest immediately upon grant, with the passage of time, at the discretion of the Board, and/or upon the achievement of certain specific performance goals.

In December 2003, the Compensation Committee, the Board of Directors and our senior secured lender agreed to implement a Management Equity Incentive Plan (the "2003 Incentive Plan"), which provided equity based awards to our key personnel. All shares and options authorized for issuance under the 2003 Incentive Plan have been allocated.

In order for the company to continue to utilize equity based awards as our primary form of incentive compensation after all shares and options in our 2003 Incentive Plan were allocated, in March 2007 the Board approved a new equity incentive program (the "2007 Incentive Plan") which was approved by our stockholders at the company's 2007 Annual Meeting of Stockholders. 1,050,000 shares were reserved for issuance under the 2007 Incentive Plan, and all but 100,000 of such shares were allocated for issuance at the time of approval of the 2007 Plan.

800,000 of the 1,050,000 shares reserved under the 2007 Incentive Plan were designated as Milestone-Based Deferred Stock, none of which were ultimately issued. 600,000 of such 800,000 shares were allocated for issuance to Mr. Brackpool, and 200,000 to Mr. Stoddard, with such issuance subject to the satisfaction of certain milestone conditions relating to the trading price of our common stock during the period commencing March 13, 2007 ending March 12, 2009. The milestone conditions were not satisfied by March 12, 2009 resulting in the expiration of all 800,000 shares. With the expiration of these milestone based shares, the Compensation Committee intends to conduct a review of our compensation programs for senior management. In so doing, the Committee will consider and discuss with management the advisability and possible structure of alternative forms of incentive and other compensation.

Of the remaining 250,000 shares reserved under the 2007 Incentive Plan, 150,000 were allocated to Mr. Stoddard as Time-Based Deferred Stock, subject to time-based vesting conditions. The Time-Based Deferred Stock vest and are issuable to Mr. Stoddard in three equal installments on January 1, 2008, January 1, 2009 and January 1, 2010. The vesting and issuance of any installment of the Time-Based Deferred Stock is generally subject to the further condition that Mr. Stoddard be an employee, consultant or independent contractor for us on the relevant vesting date. However, in the event Mr. Stoddard is terminated by us without cause, or in the event of a change of control of the company, then all as yet unvested Time-Based Deferred Stock shall immediately vest and be issuable in full.

10,000 of the remaining 100,000 shares reserved under the 2007 Incentive Plan were issued to an employee in the form of stock options.

Severance and Change in Control Provisions

Our compensation arrangements with Messrs. Brackpool and Stoddard provide for, and the compensation arrangement that existed with Mr. Iselin during his employment with us provided for, certain severance provisions and benefits associated with various termination scenarios, as well as certain vesting acceleration for equity-based compensation in the event of a change-in-control. The severance and change in control provisions are designed to be competitive in the marketplace and provide security for these executives in the event that the Company is acquired and their position is impacted. This will allow our executives to consider and implement transformative transactions of significant benefit to our stockholders without undue concern over their own financial situations.

A summary of the severance and change-in-control provisions applicable to compensation arrangements with our executive officers named in the Summary Compensation Table, along with a quantification of the benefits available to each named officer, can be found in the section of this report captioned "Potential Payments upon Termination or Change in Control".

Tax and Accounting Considerations

Impact of Code Section 162(m)

The Compensation Committee has considered the impact of provisions of the Internal Revenue Code of 1986, specifically Code Section 162(m). Section 162(m) limits to \$1 million our deduction for compensation paid to each of our executive officers, which does not qualify as "performance based".

Shares of stock issued to executives under the 2003 Incentive Plan and the 2007 Incentive Plan do not qualify as performance-based compensation, and therefore, the portion of the compensation expense related to the Plans that exceeds \$1 million is not deductible.

In light of our federal and state net operating loss carryforwards (approximately \$93.6 million and \$39.3 million as of December 31, 2008, respectively), we do not expect the tax deductions lost as a result of the application of Section 162(m) to have a material impact upon our financial results.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management of the Company. Based on this review and discussion, we recommend to the Board of Directors that the Compensation Discussion and Analysis be included in this report.

Employment Arrangements

For the fiscal year ended December 31, 2008, Mr. Brackpool was compensated under an Agreement Regarding Employment pursuant to which Mr. Brackpool received base compensation of \$400,000 per year, plus certain fringe benefits including the use of a leased automobile and life and disability insurance benefits funded by us. While this Agreement requires Mr. Brackpool to perform his services in a satisfactory manner, it does not require that his services be provided on a full-time basis. Although the initial term of the Agreement Regarding Employment ended September 30, 2003, Mr. Brackpool continues to provide services to us upon the terms and conditions set forth in this Agreement.

For the fiscal year ended December 31, 2008, Mr. Stoddard was compensated in accordance with a Consulting Agreement dated August 1, 2002, and extended on January 1, 2004, pursuant to which he received \$25,000.00 per month and which continues on a month to month basis until terminated by either party. Under this agreement Mr. Stoddard serves as the Chairman and CEO of the Board of Managers of Cadiz Real Estate LLC, the subsidiary of Cadiz. The agreement also provides that Mr. Stoddard will participate in the Management Equity Incentive Plan and as a member of the key management team in any further equity grants considered by the compensation committee of the Board of Directors of Cadiz.

Effective November 19, 2008, Mr. Timothy J. Shaheen became our Chief Financial Officer and receives compensation for such services in the amount of \$10,000 per month. In addition, as of January 1, 2009, Mr. Shaheen was no longer eligible to participate in our Outside Director Compensation Plan and his compensation for service as our Chief Financial Officer was adjusted to enable him to receive the amount he would have otherwise received under the Outside Director Compensation Plan. Mr. Shaheen's compensation as Chief Financial Officer is in addition to the compensation payable to him for his consulting services to the company under the existing consulting agreement between AG Derivatives, L.L.C. and Cadiz and the compensation he received for service in 2008 as a non-employee director under our Outside Director Compensation Plan. Mr. Shaheen is the sole member and manager of AG Derivatives, LLC.

Until the termination of his employment effective November 19, 2008, Mr. Iselin was compensated under an Employment Agreement which provided for an annual base salary of \$165,000 which was increased on January 1, 2008 to \$175,000 per annum. Mr. Iselin was entitled to receive additional compensation in the form of bonuses at the sole discretion of the Board of Directors based on Mr. Iselin's performance. Mr. Iselin also received options from Cadiz' 2003 Management Equity Incentive Plan to purchase 40,000 shares of Cadiz' common stock at an exercise price of \$17.25 per share, representing the fair market value of the Company's common stock as of the date of the Employment Agreement. 13,334 of the stock options vested upon commencement of employment, 13,333 vested upon the first anniversary of Mr. Iselin's employment with the Company and 13,333 vested upon the second anniversary of his employment. None of Mr. Iselin's options were exercised and all have since terminated.

Mr. Iselin's Employment Agreement further provided for certain payments in the event of a termination of employment. See "Potential Payments Upon Termination or Change in Control", below.

Potential Payments Upon Termination or Change in Control

The following table and summary set forth estimated potential payments we would be required to make to our named executive officers upon termination of employment or change in control of the Company, pursuant to each executive's employment agreement in effect at year end. Except as otherwise indicated, the table assumes that the triggering event occurred on December 31, 2008.

Termination without Cause or Resignation upon Company Material Breach

Mr. Iselin's Employment Agreement provided that if Mr. Iselin were terminated by us without cause or if he resigned due to a breach of his Employment Agreement by us, the Company was obligated to pay severance and continuation of benefits (to the extent such benefits could then be lawfully made available by the Company) for one hundred eighty days following the effective date of the termination, as though Mr. Iselin were continuing to provide services to the Company under his Employment Agreement. Mr. Iselin's employment with us terminated effective November 19, 2008. Mr. Iselin's severance consists of a continuation of his base compensation and his fringe benefits.

18

If Mr. Stoddard were terminated by us without cause, he would be entitled to, any shares, and such shares would immediately vest, of Time-Based Deferred Stock awarded to him under the 2007 Management Equity Incentive Plan.

Termination of Employment Due to Death or Disability

Mr. Iselin's Employment Agreement provided that if he died or became disabled, he or his estate would have been entitled to receive severance for ninety days consisting of his base compensation.

Change in Control

Mr. Iselin's Employment Agreement provided that if Mr. Iselin was terminated by us following a change in control, the Company was obligated to pay severance and continuation of benefits (to the extent such benefits could then be lawfully made available by the Company) for one year following the effective date of the termination, as though Mr. Iselin were continuing to provide services to the Company under his Employment Agreement. Mr. Iselin's severance would have consisted of a continuation of his base compensation and his fringe benefits, to the extent such benefits could have been lawfully made available by the Company.

In the event a change in control of the company occurs then all Time-Based Deferred Stock awarded to Mr. Stoddard under the 2007 Management Equity Incentive Plan would vest and be issuable in full.

The following table summarizes the compensation earned by each of the non-employee directors in 2008. Directors who are also officers or employees of the Company receive no compensation for duties performed as a director.

Director Compensation Policy

Under the Company's current compensation structure, all non-employee directors are entitled to receive, for each 12 month period ending June 30 of each year, the amount of \$30,000, prorated for directors serving less than the full 12 months. Payments are made in 4 quarterly installments of \$7,500. A director is entitled to a \$7,500 fee for any quarter in which services are rendered. Each June 30, non-employee directors are also entitled to receive a deferred stock award consisting of shares of the Company's common stock with a value equal to \$20,000 (calculated with reference to the average closing price of the Company's common stock during the one month preceding the annual award date), prorated for directors serving less than the full 12 months.

Director Stock Ownership Policy

The Company encourages stock ownership on behalf of its directors. Thus, the Company's compensation structure for non-employee directors includes awards of stock as compensation for director services. See "Director Compensation Policy", above.

Compensation Committee Interlocks and Insider Participation

In fiscal 2008, there were no Compensation Committee interlocks and no insider participation in Compensation Committee decisions that were required to be reported under the rules and regulations of the 1934 Act.

Certain Relationships and Related Party Transactions

There have been no transactions during our last fiscal year with our directors and officers and beneficial owners of more than five percent of our voting securities and their affiliates requiring disclosure, except for a consulting arrangement between Cadiz and AG Derivatives, L.L.C., a California limited liability company, of which Mr. Shaheen is the sole member and manager. Therefore during the fiscal year ended December 31, 2008, AG Derivatives received \$150,000. The Consulting Agreement provides that the agricultural management consulting services will be provided on a month to month basis until terminated by either party and that the consulting fee paid to AG Derivatives is in addition to, and not in lieu of, any compensation paid directly to Mr. Shaheen by Cadiz for Mr. Shaheen's service, in his individual capacity, as the Chief Financial Officer and Secretary of Cadiz.

Policies and Procedures with Respect to Related Party Transactions

The Audit Committee, pursuant to the Audit Committee Charter, reviews and approves transactions between the Company on the one hand and a related party, such as our directors, officers, employees, consultants and their family members, on the other hand.
