The Southern New England Telephone Company Tax Reduction Act Stock Ownership Plan

Notes to Financial Statements

December 31, 2001 and 2000
(Dollars in Thousands)

1. Plan Description

The Southern New England Telephone Company Tax Reduction Act Stock Ownership Plan (the Plan) was established by The Southern New England Telephone Company (SNET) under the provisions of the Tax Reduction Act of 1975, as amended by the Tax Reform Acts of 1976 and 1986, to provide shares of the sponsor company's common stock to eligible employees. SNET is a wholly owned subsidiary of SBC Communications Inc. (SBC).

The following description of the Plan provides only general information. The Plan text and prospectus provide more detailed information.

Edgar Filing: SBC COMMUNICATIONS INC - Form 11-K

include complete descriptions of Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan permitted an employer to claim a credit against its federal income tax liability if an amount equivalent to the credit claimed was applied to the purchase of its common shares to be held in trust for the benefit of employees. Contributions to the Plan were based upon amounts allowed by law, and were limited to eligible employees based upon a ratio of employee compensation to total compensation.

The Tax Reform Act of 1986 repealed the income tax credit on employee stock ownership plan contributions based on compensation paid or accrued after December 31, 1986. No contributions were made to the Plan beginning in the 1987 plan year. Employees with a balance in the Plan on December 31, 1986 are eligible for participation in the Plan and continue to maintain a balance in the Plan. Employees who did not have a balance in the Plan at that time are not eligible to participate.

Although it has not expressed any intent to do so, SBC has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event that the Plan is terminated, subject to the conditions set forth by ERISA, the Plan provides that the net assets be distributed to participants in amounts equal to their respective interests in such assets.

2. Summary of Significant Accounting Policies

The fair value of SBC common stock is determined on the basis of the closing price per share on the date as reported at the official close of the New York Stock Exchange. Temporary cash investments are carried at cost, which approximates fair value. Purchases and sales of securities are reflected as of the date. Dividend income is recognized on the ex-dividend date. Interest earned on investments is recognized on the accrual basis.

All administrative expenses of the Plan are paid by SBC.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Allocations and Distributions to Participants

The Plan maintains an account for each participant. Distribution of the shares allocated to a participant's account is made to a participant no later than April of the plan year following the plan year in which the participant attains age 70 1/2, or to a beneficiary as soon as practicable after the participant's death. For each distribution, the participant or beneficiary may elect to receive stock or cash, but if no election is made, the distribution will be made in cash.

All quarterly dividends for a year earned on shares in participants' accounts are held in an interest-bearing account until paid to participants on an annual basis in November of each year. Interest earned on dividends is allocated to participant accounts as cash and paid to the participant or beneficiary at the time of distribution of the account.

4. Tax Status

The Internal Revenue Service (IRS) issued a determination letter on November 4, 1996, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since the determination letter was received. The Plan Administrator believes the Plan is currently designed and is operating in compliance with the applicable requirements of the Code.

On February 28, 2002, the Plan filed for, but has not yet received, a new tax determination letter from the IRS to reflect legally required changes and other changes made to the Plan since the previous determination letter was issued.

Distributions payable to participants are recorded on the Form 5500 for benefit claims that have processed and approved for payment prior to December 31, but not yet paid as of that date.

6. Subsequent Event
