### INDEPENDENT AUDITORS' REPORT

#### SCANA CORPORATION STOCK PURCHASE-SAVINGS PLAN:

We have audited the accompanying Statements of Financial Position of the SCANA Corporation Stock Purchase-Savings Plan (the "Plan") as of December 31, 2003 and 2002, and the related Statements of Changes in Participants' Equity for each of the three years in the period ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Plan as of December 31, 2003 and 2002 and the changes in participants' equity for each of the three years in the period ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of (1) assets held for investment purposes as of December 31, 2003 and (2) reportable transactions for the year ended December 31, 2003 are presented for the purpose

## Edgar Filing: SCANA CORP - Form 10-K/A

of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2003 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

SCANA CORPORATION  
STOCK PURCHASE-SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS

1. Summary of Accounting Policies

Basis of Accounting - The accompanying financial statements for the SCANA Corporation (the Company) Stock Purchase-Savings Plan (the Plan) have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments Valuation and Income Recognition - Common stock, mutual funds, and common and collective trust funds are stated at market value based on the net asset value of shares held by the Plan at year end. Loans to participants are stated at cost plus accrued interest which approximates fair value.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. It is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

Payment of Benefits - Benefits are recorded when paid.

2. Description of the Plan

## Edgar Filing: SCANA CORP - Form 10-K/A

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General -Participants must be at least 18 years of age and be receiving eligible earnings from the Company or participating subsidiaries or be on a leave of absence authorized by the Company. The Plan has profit sharing, stock bonus and employee stock ownership components. The profit sharing component is intended to qualify under Internal Revenue Code (Code) sections 401(a), 401(k) and 401(m). The stock bonus and employee stock ownership components (the assets of which are invested in the Common Stock Fund, which invests solely in the Company's common stock) are intended to qualify under Code sections 401(a) and 4975(e) (7), respectively. The Plan's assets are held by AMVESCAP National Trust Company, the Plan's trustee (Trustee) pursuant to a Trust Agreement. Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Employees pay a minimal amount for the operating expenses of mutual funds or common and collective trusts in which they choose to invest as well as for each share of Company common stock sold at their direction. All other administrative expenses are paid directly by the Company.

Contributions - The Plan allows participants to contribute up to 15% of eligible earnings on an after-tax basis (Regular Savings) or before-tax basis (Tax Deferred Savings), subject to certain Internal Revenue Code (Code) limitations. Effective January 1, 2004 participants who are age 50 or older or who will attain age 50 during the calendar year and are making the maximum amount of contributions allowed by the Plan or by law may make catch-up contributions. The Company and participating subsidiaries match participant contributions up to 6% of eligible earnings. The Plan allows for the acceptance of Direct Rollovers (Rollover) from other qualified retirement plans and conduit Individual Retirement Accounts.

Investments - Participants direct the Trustee to invest contributions in any combination of either the Company's common stock or a group of mutual funds and common and collective trust funds selected to range from conservative to aggressive investment styles. The Company's and participating subsidiaries' matching contributions are invested only in shares of the Company's common stock. Effective January 1, 2004 participants can diversify all or any part of the matching contributions that are initially invested in the Common Stock Fund.

Vesting - Participants fully and immediately vest in all contributions, whether made by participants, the Company or participating subsidiaries.

Participant Loans - Participants may borrow from their account balance up to a maximum of \$50,000. The loans bear interest at a fixed rate determined by using "Prime Interest Rate" as published in the Wall Street Journal plus 1% as determined on the last business day of each month for the next month's loans. Principal and interest is paid ratably through payroll deduction. Upon termination of employment, death or disability, the loan must be paid in full or it will reduce the distributable amount of the participant's account balance.

Distributions - Participants may request distributions from their Regular Savings and Rollover accounts. A distribution may be requested of only such contributions which have been in existence for two years following the close of the Plan year during which they were made. If the participant has participated in the Plan for at least five years, all Company contributions are eligible for distribution. Participants may not receive distributions from their Tax Deferred Savings accounts before age 59-1/2 unless they can demonstrate a hardship or in the event of retirement, disability or termination of employment.

Dividends payable on Company common stock allocated to the employee stock ownership component of the Plan are distributed to participants.

## Edgar Filing: SCANA CORP - Form 10-K/A

Participants can elect on an annual basis not to receive distributions of dividends from the Plan.

**Federal Income Tax Status** - The Plan received a determination letter from the Internal Revenue Service dated April 5, 2002 indicating that the Plan was in compliance with all required amendments and satisfied all applicable requirements of the Code through December 31, 2001. The Plan has been amended subsequent to receiving the determination letter; however, the Company and the plan administrator believe that the Plan was designed and continues to be operated in compliance with the requirements of the Code and that the Plan and the related trust continue to be tax-exempt.

**Plan Amendment** - The Plan was amended effective December 31, 2001 to adopt required and certain optional amendments outlined in the Economic Growth Tax Relief Reconciliation Act of 2001. In addition, an amendment was adopted effective June 30, 2001 that requires a six month suspension period for participants who take a hardship distribution.

**Plan Termination** - Although it has not expressed any intent to do so, the Company and participating subsidiaries have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1979.
