Item 2.02 Results of Operations and Financial Condition.

On December 2, 2011, Big Lots, Inc. (“we,” “us” or “our”) issued a press release and conducted a conference call, both of which reported our third quarter fiscal 2011 unaudited results, provided an update on the status of our previously announced share repurchase programs, and updated guidance for fiscal 2011.

The press release and conference call both included a “non-GAAP financial measure” as that term is defined by Rule 101 of Regulation G (17 CFR Part 244) and Item 10 of Regulation S-K (17 CFR Part 229). Specifically, segment-level diluted earnings/loss per share from continuing operations, a non-GAAP financial measure, was included. This non-GAAP financial measure reflects the portion of our consolidated diluted earnings per share that is attributable to the performance of each of our U.S. and Canadian segments. As required by Rule 100 of Regulation G and Item 10 of Regulation S-K, the press release, which was posted in the Investor Relations section of our website and referred to during the conference call, contained a reconciliation that reflected the segment-level diluted earnings per share from continuing operations as a portion of our consolidated diluted earnings per share from continuing operations, which consolidated measure was calculated and presented in accordance with GAAP.

Our management believes that the disclosure of this non-GAAP financial measure provides useful information to investors because the non-GAAP financial measure presents a measure of our segment operating performance, which segmentation began in the second quarter of fiscal 2011 as a result of our July 18, 2011 acquisition of Canadian retail operations. As the impact of the acquisition was not previously included in the guidance provided by management, we have included the non-GAAP financial measure and reconciliation because we believe that the non-GAAP financial measure may facilitate analysis by investors and others who follow our performance. Our management also uses non-GAAP financial measures, along with the most directly comparable GAAP financial measures, in evaluating our operating performance.

Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in accordance with GAAP. Non-GAAP financial measures as reported by us may not be comparable to similarly titled items reported by other companies.

Attached as exhibits to this Form 8-K are copies of our December 2, 2011 press release (Exhibit 99.1) and the transcript of our December 2, 2011 conference call (Exhibit 99.2), including information concerning forward-looking statements and factors that may affect our future results. The information in Exhibits 99.1 and 99.2 is being furnished, not filed, pursuant to Item 2.02 of this Form 8-K. By furnishing the information in this Form 8-K and the attached exhibits, we are making no admission as to the materiality of any information in this Form 8-K or the exhibits.
