Item 8.01. Other Events

On April 28, 2005, Ashland Inc. ("Ashland") announced that it has amended its agreement to transfer its 38-percent interest in Marathon Ashland Petroleum LLC ("MAP") and two other businesses to Marathon Oil Corporation ("Marathon"). Under the amended agreement, Ashland's interest in these businesses is valued at approximately \$3.7 billion compared to approximately \$3 billion in the earlier agreement, with substantially all the increase in value going directly to Ashland's shareholders in the form

of Marathon stock. In addition, Marathon has agreed to pay the first \$200 million of any Section 355(e) tax, if any, as compared to the prior agreement where Ashland bore full responsibility for any Section 355(e) tax. The transaction is expected to be tax free to Ashland's shareholders and tax efficient to Ashland. The two other businesses are Ashland's maleic anhydride business and 60 Valvoline Instant Oil Change ("VIOC") centers in Michigan and northwest Ohio, which are valued at \$94 million.

Under the terms of the amended agreement, Ashland's shareholders will receive Marathon common stock with an aggregate value of \$915 million. Based on the number of shares outstanding on March 31, 2005, shareholders would receive \$12.56 in Marathon stock per Ashland share. Ashland will receive cash and MAP accounts receivable totaling \$2.8 billion. In addition, MAP has not made quarterly cash distributions to Ashland and Marathon since March 18, 2004, and such distributions will continue to be suspended until the closing of the transaction. As a result, the final amount of cash to be received by Ashland will be increased by an amount equal to 38 percent of the cash accumulated from operations during the period prior to closing. At March 31, 2005, Ashland's share of this accumulated cash was \$560 million.

Under the terms of the earlier agreement, the closing was conditioned on receipt of private letter rulings from the Internal Revenue Service ("IRS") with respect to certain tax issues. Under the terms of the amended agreement, Ashland and Marathon expect to enter into a closing agreement with the IRS that

will resolve these tax issues. Under the closing agreement, the retention by Ashland of certain contingent liabilities related to previously-owned businesses will reduce Ashland's tax basis. Ashland estimates this basis reduction may increase any Section 355(e) tax on the transaction by approximately \$66 million. Marathon has agreed to pay the first \$200 million of any Section 355(e) tax. Ashland would pay up to the next \$175 million of Section 355(e) tax, if required. Any remaining Section 355(e) tax would be shared equally by Ashland and Marathon. Based on the number of Ashland shares outstanding as of March 31, 2005, and Ashland's current estimate of Ashland's tax basis, Ashland expects that it would be required to pay Section 355(e) tax only if Ashland's stock price on the closing date exceeds approximately \$74.50 per share.

Ashland intends to use a substantial portion of the transaction proceeds to retire all or most of its outstanding debt and certain other financial obligations. After payment of these obligations and including Ashland's current estimate of MAP's final cash distribution, Ashland expects to have a net cash position of roughly \$1.1 billion.

The transaction is subject to, among other things, approval by Ashland's shareholders, consent from public debt holders, finalization of the closing agreement with the IRS and customary antitrust review. Ashland and Marathon have agreed to use their reasonable best efforts to complete the transaction by June 30, 2005, with the termination date for the transaction extended to September 30, 2005.

Details of the proposed transaction are included in the attached press release, which is attached hereto as Exhibit 99.1 and incorporated herein by reference.
