PROPOSAL NO. 1 - ELECTION OF DIRECTORS

Bankshares' articles of incorporation provide that the directors will be divided into three classes (1, 2 and 3) with each class as nearly equal in number as possible and the term of office of each class ending in successive years. The articles of incorporation currently also provide that the number of directors shall be set by the bylaws, but shall not be less than nine, nor more than twenty-six. For the purpose of the election of directors at the Annual Meeting, the number of directors set forth in the bylaws is nine. The current term of office of the Class 1 directors expires at this 2009 Annual Meeting of Stockholders. The terms of Class 2 and Class 3 directors will expire in 2010 and 2011, respectively.

The Board of Directors has nominated the three serving Class 1 directors, Lawrence J. Ball, Mary G. Miller and Glenn P. Reynolds, to serve a three-year term to expire at the Annual Meeting of Stockholders in 2012.

It is the intention of the persons named as proxies, unless instructed otherwise, to vote for the election of the three nominees for Class 1 director. Each nominee has agreed to serve if elected. If any of the nominees is unexpectedly unable to serve, the shares represented by all valid proxies will be voted for the remaining nominees and any other person or persons who may be designated by the Board. At this time, the Board knows of no reason why any nominee might be unable to serve.

The following information is provided with respect to the three nominees to serve as Class 1 director and the

six incumbent directors who will be continuing in office following the Annual Meeting. All information is provided as of February 27, 2009. No director or nominee is related by blood, marriage or adoption to any other director, nominee or executive officer. No director or nominee serves as a director of any company which has a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934, or is subject to the requirements of Section 15(d) of the Exchange Act, or of any company registered as an investment company under the Investment Company Act of 1940. Two directors, Mr. Rakes and Dr. Shuler, also currently serve as a director of one or both of the wholly owned subsidiaries of Bankshares, the National Bank of Blacksburg (“NBB”), and National Bankshares Financial Services, Inc. (“NBFS”). Each director and nominee, except for Mr. Rakes, has been determined to be independent by the Board of Directors, using the definition for independence of directors that is used for determining compliance with the applicable listing standards for the NASDAQ Stock Market, the national securities exchange on which Bankshares common stock is listed. Director Independence and Certain Transactions with Officers and Directors

As has been mentioned, each director of Bankshares, except for Mr. Rakes, is independent, as defined by the listing standards for the NASDAQ Stock Market, the national securities exchange on which Bankshares common stock is listed. In determining that each director meets the NASDAQ Stock Market's standards for independence, the Board of Directors recognized that NBB, and prior to its 2006 merger with NBB, the Company's other bank subsidiary Bank of Tazewell County (BTC), extends credit in the ordinary course of business to Bankshares' directors and executive officers. Extensions of credit are also made to business organizations and persons with whom Bankshares' directors and executive officers are associated or related. These extensions of credit are made at interest rates and with the same requirements as to collateral as prevailing for comparable transactions with the general public at the time credit is extended. In the opinion of bank management, none of the outstanding transactions with directors and executive officers

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

involve a greater than normal risk of collectibility or present other unfavorable features.

In determining that directors meet the defined standard of independence, the Board also considered that Mr. Reynolds regularly provides architectural design and consulting services to Bankshares and NBB, which do not exceed the formal disclosure threshold of \$120,000 per year. Likewise, the Company in which Dr. Miller is a principal has done website design and consulting for NBB. These services are also valued below the \$120,000 annual reporting threshold. There were no reportable related person transactions during 2008.

Board Attendance

During 2008, each incumbent director attended 75% or more of the total number of meetings of the Board of Directors of Bankshares and of the Board committees on which he or she served. The Board does not have a formal policy regarding directors' attendance at the Annual Meeting of Stockholders. In 2008, all NBI directors attended the Annual Meeting, except for Mr. Ball who was traveling on business.

Communications with Directors

Stockholders wishing to communicate with the Board of Directors or with specified individual directors should do so in writing mailed to National Bankshares, Inc., P. O. Box 90002, Blacksburg, Virginia 24062-9002, Attention: Board of Directors. All stockholder communications are forwarded to the Board.

COMPENSATION DISCUSSION AND ANALYSIS

What are the objectives of the Company's compensation program for its named executive officers?

National Bankshares, Inc. has four goals for its compensation program for named executive officers. In 2008, these officers were: Chairman, President & CEO James G. Rakes, Interim Treasurer and Executive Vice President F. Brad Denardo and Secretary and Counsel Marilyn B. Buhyoff. Former Treasurer, J. Robert Buchanan, resigned and left the Company on May 23, 2008.

- To offer salaries and bonuses that fairly reward executive officers for their individual contributions in meeting short-term and long-term corporate strategic and financial goals.
- To offer stock-based compensation that directly aligns the financial interest of executive officers with the Company's success and stockholder value.
- To offer retirement and post-retirement benefits which incent executive officers to remain in leadership roles and which recognize and reward long tenure with the Company.
- To offer total compensation that allows the Company to retain and recruit executive talent and which is competitive with peer financial institutions, but which fits within the Company's conservative approach to managing overhead expense.

What is the program designed to reward?

The compensation program for the Chairman, President & CEO is designed to reward the profitable operation of the Company compared to its peers, particularly as measured by return on assets and return on equity. In addition, the program rewards the Chairman, President & CEO when the Company's short- and long-term strategic goals are met. Named executive officers other than the Chairman, President & CEO are rewarded for the Company's success in meeting its performance goals and particularly for success in those areas for which they have individual management responsibility.

What is each element of compensation?

The elements of compensation are:

- Salary (all named executive officers)
- Cash bonus (Chairman, President & CEO)
- Capital Accumulation Plan (Chairman, President & CEO)
- Qualified retirement plans, including defined benefit, 401(k) and employee stock ownership plan (all named executive officers)
- Nonqualified officers' salary continuation plan (all named executive officers)
- Incentive stock option awards (all named executive officers)
- Board of Directors fees (Chairman, President & CEO and Executive Vice President)
- Perquisites and other personal benefits (Chairman, President & CEO and Executive Vice President)

Why does the Company choose to pay each element of compensation?

The Company uses salary as the cornerstone of its compensation program because it believes that the focus of executive officers, particularly of those below the level of the Chairman, President & CEO, should be on the

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

Company's long-term growth and performance. Annual increases are awarded based upon individual performance in meeting stated goals for that review period. However, because salary rather than some form of annual incentive is the major component of their compensation, executive officers have sufficient personal economic security to make and support management decisions that may trade immediate gain for greater long-term corporate success.

Since the Chairman, President & CEO is the individual who has the ultimate responsibility for the success of its operations, it has long been the Company's policy to pay him an annual incentive bonus that is based upon overall performance for the year in question.

The Chairman, President & CEO may also receive an annual contribution for his benefit to the Capital Accumulation Plan ("CAP"). This nonqualified deferred compensation plan was established to link a portion of the Chief Executive's total compensation package to objective performance criteria. The CAP was also established to help offset the impact of legal limitations on the Chairman, President & CEO's ability to benefit from the Company's qualified retirement plans to the same extent as other employees. Additional information about the CAP is included in "Grants of Plan-Based Awards".

Each named executive officer, along with all other eligible Company employees, participates in three qualified retirement plans. NBI sponsors a defined benefit pension plan, the National Bankshares, Inc. Retirement Income Plan. The National Bankshares, Inc. Retirement Accumulation Plan is a 401(k) plan, and the Company also offers the National Bankshares, Inc. Employee Stock Ownership Plan. The Company believes that it is important to assist its long-term employees, including its executive officers, in assuring financial security in retirement for themselves and their families. National Bankshares, Inc. also believes that its Employee Stock Ownership Plan helps to align the interest of all employees, including executive officers, with the interests of its stockholders. More information is contained in "Qualified Retirement Plans".

The Company established a nonqualified salary continuation plan that is designed to provide certain key Company officers, including all named executive officers, with supplemental retirement income. This plan was established to enhance the Company's ability to retain key decision-makers and to supplement the retirement benefits of those more highly compensated executives who, because of legal limitations, are unable to participate fully in the qualified retirement plans. There is further discussion in "Nonqualified Retirement Plans".

The Company elected to establish the National Bankshares, Inc. 1999 Stock Option Plan to promote the identification of the personal interest of participants with the long-term financial success of the Company and with growth in stockholder value. Incentive stock options were granted to the named executive officers under this plan in each year from 1999 to 2005. The Plan terminated on March 9, 2009, although there are vested and unexercised stock-options remaining. See "Incentive Stock Options" for more information.

Two of the named executive officers serve as paid directors of the Company and/or of one of its subsidiaries. These individuals receive the same compensation as outside directors. The Company believes that this is an appropriate practice because these executive officers devote additional time to their Board of Directors responsibilities, and all directors, both internal and external, share the same fiduciary obligations and liability risk.

The perquisites and personal benefits that are provided for the Chairman, President & CEO are defined in his employment agreement. These items were agreed to for two reasons. First, they are typical benefits for individuals holding this position in peer banks and financial holding companies. As such, they are part of a total compensation package that is competitive in the Company's operating environment. Second, certain perquisites that offer a degree of personal benefit are also directly related to job performance. The perquisites that are available to any of the other named executive officers are limited in nature and offer benefit to both the executive and the Company. See "Executive Compensation" and "Employment Agreements and Change in Control Agreements".

How does the Company determine the amount for each element?

Salary: The salaries of National Bankshares' named executive officers, except for that of the Chairman, President & CEO, are within the Company's established salary ranges for each officer position. The ranges are developed after considering an annual salary survey published by the Virginia Bankers Association as well as publicly available salary information about comparable jobs in the locations in which Bankshares and its subsidiaries do business. The annual increase in base salary for these individuals is determined by the Chairman, President & CEO. In making the determination, Mr. Rakes considers the nature and responsibility of the position; the competitiveness of the market for the executive's services; the expertise of the individual executive; and to what degree the executive has achieved annual performance goals. Individual annual performance goals support the Company's business strategy, but are not tied to objective performance measures. The Chairman, President & CEO reports executive officer salaries to the Compensation Committee at least annually.

The base salary of the Chairman, President & CEO of at least \$225,500 was set in an employment agreement effective on January 1, 2002. The employment agreement was amended and restated in its entirety on December 17, 2008, effective December 31, 2008, and the base salary was increased to Mr. Rakes' 2008 salary of \$445,183. The base salary was determined after considering compensation for this position reported in the

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

Virginia Bankers Association's annual salary survey and from the public documents of peer institutions that disclose salaries paid to other individuals holding similar positions. The Board of Directors Compensation Committee determines annual salary increases after

6

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

assessing the CEO's contributions to the success of the Company. In measuring the Company's success, the Committee compares the NBI's financial results to local and regional peers. Specifically, the Compensation Committee compares Bankshares' return on assets (ROA) and return on equity (ROE) with the average ROA and ROE of a group of at least five peer Virginia bank holding companies. The composition of the peer group generally remains the same, but it is reviewed annually. For 2008, the peer group was made up of Union Bankshares, Inc., American National Bankshares, Old Point Financial Corp., First Community Bankshares, First Century Bankshares and StellarOne Corporation. The fact that the peer comparison was positive in 2008, particularly during a difficult operating environment for banks, is reflected in the amount of salary increase awarded by the Compensation Committee to the Chairman, President & CEO. Although the Committee weights the peer comparison heavily in determining Mr. Rakes' salary increase, it does not utilize an objective formula. The Committee also considers the Company's progress in meeting budget goals for the year, but it does not utilize a quantitative assessment of budget goals in determining the amount of annual salary increase. Likewise, although there are no objective measures utilized, the Committee considers stock performance and the level of stockholder dividends in establishing salary. In assessing Bankshares' stock performance, the Compensation Committee looks at its price, the price to earnings ratio and dividend yield as compared with the stock of the Company's identified peers. The Committee validates salary increases by referring to the Virginia Bankers Association salary survey and to public documents from peer institutions.

Cash Bonus: The annual incentive bonus paid to the Chairman, President & CEO is determined with the same criteria that are used in establishing his annual salary increase.

Capital Accumulation Plan: The annual contribution to the Chairman, President & CEO's Capital Accumulation Plan (CAP) is determined using a formula that is included in the employee agreement that was effective in January 1, 2002 and restated as of December 31, 2008. A description of the formula, which utilizes objective performance criteria based upon the ROA and ROE of Bankshares as compared with peers, and of the terms of the CAP is provided in "Grants of Plan-Based Awards".

Qualified Retirement Plans: The named executive officers participate with other eligible employees in the Company's three qualified retirement plans. Every participant's benefits are determined under the specific provisions of each of the plans. These plans are discussed in greater detail under "Qualified Retirement Plans".

Nonqualified Salary Continuation Plan: In early 2006, the Company's subsidiaries entered into salary continuation plan agreements with a group of selected senior officers, including all of the named executive officers. Assuming retirement at normal retirement age (as defined in the Plan), contributions to the Salary Continuation Plan are sufficient to provide a minimum of fifteen annual supplemental retirement income payments of 30% of 2005 annual compensation (adjusted by a pre-retirement inflation factor of 4%) for the Chairman, President and CEO and of 20% of 2005 annual compensation (adjusted by a pre-retirement inflation factor of 4%) for the remaining named executive officers. Additional information is included under "Nonqualified Retirement Plans".

Incentive Stock Options: Until the termination of the Plan on March 9, 2009, The Chairman, President & CEO could recommend annual grants of incentive stock options for the other named executive officers to the Board's Compensation Committee, which served as the Committee that administers the National Bankshares, Inc. 1999 Stock Option Plan. The recommendation was conservative and was relatively consistent in the years in which option grants were made. In making his recommendation, Mr. Rakes took into consideration the number of options remaining to be awarded in the Plan; the impact that the option grants would have on the executive officers' total compensation; the Company's success when compared with peers (as measured by ROA and ROE); and the effect of the stock option grants on the Company's annual earnings. After receiving the Chairman, President & CEO's recommendation for the other named executive officers, the Compensation Committee determined the number of stock options to be awarded to him. The Committee's decision was based upon the same factors considered by Mr. Rakes, as well as a comparison of the level of the Chairman, President & CEO's overall responsibility for the Company with that of the subordinate officers. There were no stock options granted since 2005 because of the negative effect on earnings of accounting rules that were adopted in 2006. See "Stock Option" for information concerning vested but unexercised stock options.

Board of Directors Fees: The two named executive officers who receive compensation for serving as Directors of National Bankshares, Inc. and/or the National Bank of Blacksburg (National Bank), receive the same compensation as outside Directors. See also "Board of Director Meetings, Committees, Compensation, Attendance and Communications with Directors".

Perquisites and Other Personal Benefits: The Board Compensation Committee negotiated with the Chairman, President & CEO to develop a comprehensive and competitive total compensation package, including perquisites. This package was included in the January 1, 2002 employment agreement and was included in the amended and restated employment agreement effective on December 31, 2008. The Chairman, President & CEO determines perquisites available to the other named executive officers. These perquisites are limited to a Company-owned automobile for Mr. Denardo, which facilitate business travel, as well as sports tickets and club memberships, which assist Mr. Denardo with marketing and business development efforts. Mr. Rakes reports annually to the Committee on these items.

How do each element and the Company's decisions regarding that element fit into the Company's overall

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

compensation objectives and affect the decisions regarding other elements?

As noted, each element supports retention, the achievement of annual and longer term corporate goals and provides reasonable financial security to the employee. Every year the Committee assesses the total compensation package for each named executive officer to determine that it is appropriate. The Committee also reviews each element of the compensation package and determines that each is satisfactory in relation to the other.

In determining Mr. Rakes' total annual compensation, the Committee has maintained the same proportionate relationship of salary to annual bonus in recent years. As noted, contributions to Mr. Rakes' CAP are determined using an objective formula. The Committee reviews Mr. Rakes' decisions regarding the compensation packages of the other executive officers. These packages remain focused heavily on salary. The executive officers participate in the qualified retirement plans available to all employees, as well as in the Officers' Salary Continuation Plan. The allocation of all executive officers' compensation, including Mr. Rakes', among the various elements of compensation has not substantially changed in a number of years.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed this Compensation Discussion and Analysis with management. The Committee reviewed and fully discussed the Compensation Discussion and Analysis, and the report was recommended to the Board of Directors to be included in this proxy statement.

Members of the Compensation Committee: J. M. Shuler, Chairman, L. J. Ball, J. W. Bowling, J. H. Harry, J. M. Lewis, M. G. Miller, W. A. Peery and G. P. Reynolds.

COMPENSATION COMMITTEE PROCEDURES

The Compensation Committee of Bankshares is made up of all independent, non-employee directors. In 2008, Dr. Shuler was Committee Chairman, and Mr. Ball, Mr. Bowling, Mr. Harry, Dr. Lewis, Dr. Miller, Mr. Peery and Mr. Reynolds were its members.

The Compensation Committee has no formal charter. It is charged with annually evaluating the job performance of the Chairman, President & Chief Executive Officer and determining the appropriate compensation and benefits package for him. The Committee has delegated to Mr. Rakes the responsibility for evaluating the performance and setting the compensation of the other named executive officers, and he reports to the Committee at least annually about those matters.

In carrying out its responsibilities, the Compensation Committee meets at least once each year. There are no officers or employees present at the Compensation Committee's annual meeting to evaluate the performance of the Chairman, President & CEO and to determine his compensation. The Committee considers a package of data provided to it by the Executive Committee. The package includes data about the Company's financial performance; information about the financial performance of peer institutions; and salary data from salary surveys and publicly available sources. At the conclusion of that meeting or at a separate meeting, the Chairman, President & CEO will provide the Committee with a report on the performance and compensation of the remaining named executive officers.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

None of the directors who serve on the Compensation Committee is now, or has in the past been, an officer or employee of Bankshares or of Bankshares' subsidiaries. No executive officer of Bankshares, NBB or NBFS served as a director of another entity which had an executive officer serving on the Bankshares Compensation Committee. No executive officer of Bankshares, NBB or NBFS served as a member of the compensation committee of another entity which had an executive officer who served as a director of Bankshares. None of the members of the Bankshares Compensation Committee, or any business organizations or persons with whom they may be associated, has had any transactions with Bankshares or its subsidiaries, except as explained in "Director Independence and Certain Transactions with Officers and Directors".

Employment Agreements and Change in Control Arrangements

Several of National Bankshares, Inc.'s executive officers have been employed by the Company and its subsidiaries for many years. These officers have provided guidance in the growth and long term development of the Company's business. Their experience and knowledge of the operations and customs of Bankshares is a benefit to the future success of the Company. As an inducement to these executive officers' continued employment, the Board of Directors determined that Bankshares should enter into an employment and change in control agreement with Mr. Rakes, Mr. Denardo and Mrs. Buhyoff. The Board implemented the change in control provisions in part to insure that Bankshares would be more likely to retain the services of key executives during periods of uncertainty resulting from significant ownership changes, should they occur.

The employment agreement between Bankshares and Mr. Rakes (the "agreement") was originally effective January 1, 2002 and was amended and restated to be effective on December 31, 2008. The agreement provides for the continued employment of Mr. Rakes as President and Chief Executive Officer of Bankshares and at one or more of its affiliated companies, at an annual base salary of at least \$445,183. In addition, the agreement provides that Mr. Rakes may be awarded an annual bonus and certain stock-based incentives in the discretion of the Board, as well as employee fringe benefits and executive perquisites. The agreement has a two year term, and it will be extended for successive one year terms unless either party gives notice at least one year prior to the end of the current term.

Mr. Rakes' employment agreement also includes for his benefit a non-equity incentive plan, the Capital Accumulation Plan ("CAP"). The CAP is described in more detail in "Grants of Plan-Based Awards" below.

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

The agreement has provisions which have the effect of continuing Mr. Rakes' benefits and compensation under the agreement beyond his employment with Bankshares if Bankshares terminates his employment "without cause" or if Mr. Rakes resigns "for good reason", as those terms are defined in the agreement. Under these circumstances, Mr. Rakes will continue to receive his base salary and certain executive benefits for 24 months after his employment terminates. "Cause" is defined in the agreement as i) deliberate neglect in the performance of job duties or deliberate failure to follow reasonable instructions or Company policies, ii) conviction of or pleading no contest to a felony, a crime of moral turpitude, fraud or embezzlement or any crime for which imprisonment is a possible

10

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

punishment, iii) a material breach of the agreement, iv) material dishonesty or breach of fiduciary duty with respect to Bankshares, or v) willful conduct likely to result in material injury to the Company. The agreement defines "for good reason" as i) assignment of duties inconsistent with the position, ii) Company action that results in a material reduction in status, authority or duties, iii) relocation, without consent, more than 50 miles from initial place of employment, iv) failure by the Company or any successor to comply with the agreement, and v) voluntary termination during the 30-day period immediately following the first anniversary of a change in control.

The agreement also contains provisions which can have the effect of prolonging, enhancing and accelerating Mr. Rakes' benefits and compensation under certain circumstances involving a change in control of Bankshares. A change in control generally involves circumstances where an individual or group acquires 20% or more of Bankshares' stock or a merger occurs which results in a change in the majority of Bankshares' Board of Directors and Bankshares' shareholders do not constitute a majority of the shareholders in the surviving company. The sale or disposition of all or substantially all of the Company's assets is also defined as a change in control.

The term of the agreement is automatically extended for three years from the date of a change in control and Mr. Rakes is entitled to continue to receive all of his compensation and benefits during that period, except that he becomes entitled to minimum annual stock-based awards equal to one-third of his base salary. In addition, if after a change in control, Mr. Rakes' employment is terminated by Bankshares "without cause" or by Mr. Rakes "for good reason", he becomes entitled to receive a lump sum salary continuation benefit equal to 2.99 times his average annual compensation includable in his annual gross income for the period of five years preceding the change in control, a continuation of certain executive benefits for 36 months, and certain enhancements to his retirement benefits.

The amended and restated employment agreement for Mr. Rakes includes provisions stating that all payments under the agreement are intended either to be outside the scope of Internal Revenue Code Section 409 or to comply with its provisions.

Mr. Rakes' employment agreement includes a requirement that he never disclose Bankshares' confidential information or use confidential information for any purpose that does not benefit the Company. The agreement also includes a clause providing that Mr. Rakes will not engage in competition with Bankshares for 24 months after termination of his employment, unless the termination, was "for good reason" or by the Company "without cause" or if his employment is terminated following a change in control.

Until December 31, 2008, Mr. Denardo and Mrs. Buhyoff both had change in control agreements with Bankshares that were dated January 8, 2003. These agreements defined a change in control as an individual or a group acquiring 20% or more of Bankshares' stock, or when a merger occurs in which there is a change in the majority of Bankshares' Board of Directors and Bankshares' shareholders are not a majority of the shareholders in the surviving company. The agreements provided that Mr. Denardo and Mrs. Buhyoff would be entitled to receive a lump sum amount equal to two times their average annual compensation included in annual gross income for the period of five years preceding the change in control if the employer terminated them other than "for cause" or if they voluntarily terminated their employment "for good reason". The definitions of "for cause" and "for good reason" were substantially similar to those included in Mr. Rakes' employment agreement. The agreements were effective until employment is terminated. The change in control agreements with Mr. Denardo and Mrs. Buhyoff included a provision imposing a duty on them not to disclose confidential Company information.

By executive employment agreements dated December 17, 2008, which were effective on December 31, 2008 (the employment agreement), the change in control agreements between Bankshares and Mr. Denardo and Mrs. Buhyoff were terminated. Mr. Denardo's employment agreement provides for his employment as the Company's Executive Vice President and Treasurer and for his service in any executive or management position with the Company's affiliates at an annual base salary of \$220,000. Mrs. Buhyoff's employment agreement states that she will continue her employment as the Secretary and Counsel of Bankshares and in any other executive or management position with Bankshares affiliated companies. Her base annual salary is set at \$137,000. The executive agreements have a two year term and will be continued for successive one year terms unless either party provides a one-year notice of termination.

Both employment agreements state that compensation will be paid and benefits provided for 12 months if the Company terminates the executive officer's employment "without cause" or if the executive officer resigns "for good reason", as those terms are defined in the agreements. "Cause" and "for good reason" are defined in the same manner as in Mr. Rakes' employment agreement described above. If either Mr. Denardo or Mrs. Buhyoff were to be terminated without cause or resign for good reason after a change in control, they would receive a salary continuance benefit equal to two times their average annual compensation for the five most recent tax years. They would both also be entitled to a continuation of benefits for 24 months following termination. Change in control is defined using the same terms as in Mr. Rakes' employment agreement.

The employment agreements for Mr. Denardo and Mrs. Buhyoff contain provisions requiring the executive officers to maintain the confidentiality of Company information. The agreements provide that Mr. Denardo and Mrs. Buhyoff will not compete with Bankshares for 12 months after ceasing employment with the Company, unless the termination is by the Company "without cause", by the executive officers "for good reason" or following a change in control.

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

The following table provides additional information concerning payments to executive officers upon termination or change in control, assuming this occurred on December 31, 2008.

- (1) If he is terminated without cause or leaves for good reason after a change in control, Mr. Rakes will be entitled to receive an additional retirement benefit equal to the actuarial equivalent of the additional amount he would have earned under the National Bankshares, Inc. Retirement Income Plan had it accumulated for 4 more years of service.
- (2) Officers Salary Continuation Plan benefit is an annual amount payable to the officers for the longer of life or to the officer's beneficiary for up to 15 years.
- (3) The Officer Salary Continuation Plan death benefit is an annual amount payable to the officer's beneficiary for 15 years.

Grants of Plan-Based Awards

The employment agreement for Mr. Rakes, which is dated January 1, 2002 and which was amended and restated effective on December 31, 2008, includes a non-equity incentive plan, the Capital Accumulation Plan ("CAP"). Under the agreement, the total amount allocated to the CAP for the calendar year is established by the Board of Directors with a maximum of \$60,000 per year to be allocated. This total amount is then divided equally between two target areas: (1) return on equity, and (2) return on assets. The amount actually contributed to the CAP for a year is based on Bankshares' performance relative to the average performance of a peer group of Virginia bank holding companies in the two target areas during that year. The 2008 peer group of six community bank holding Companies are headquartered in Virginia and southern West Virginia, and are similar to or larger than National Bankshares, Inc. in asset size. A minimum of 85% of the peer group average must be achieved in a target area for any contribution to be made for that target area. The amount of the contribution for each target area increases beyond the minimum contribution to the extent Bankshares' performance exceeds 85% of the peer group average with a maximum contribution for performance which equals 150% or more of the peer group average. Contributions to the CAP for achievements in any calendar year must be made prior to June 1 of the next following year. Accrued CAP benefits become payable 12 months after an election by Mr. Rakes or, in the absence of an election, on the first day of the seventh month following his separation from service or the first day of the month following his death, or earlier, should Mr. Rakes retire or his employment terminate under certain circumstances. Once the CAP benefits become payable, they are paid in quarterly installments over ten years unless Mr. Rakes chooses, with the Board's consent, to receive them in some alternate form of

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

payment. The CAP contribution for 2008, which was paid in 2009 was \$60,000. The following chart refers to the CAP.

Stock Options

Bankshares established a stock option plan, the National Bankshares, Inc. 1999 Stock Option Plan, that permitted the grant of incentive stock options and nonqualified stock options. The plan terminated on March 9, 2009. Grants of stock option awards could be made by the Board of Directors’ Stock Option Committee, which is the Compensation Committee, comprised of only independent, non-employee Directors. Grants of stock options were discretionary by the Board, after taking into consideration the Company’s performance and the financial impact of stock option grants. Grants of stock options were made annually on the date of the November meeting of the Board of Directors from 1999 through 2005. There were no grants made since 2005, because grants would have had an unacceptably negative impact on earnings.

The following table provides additional information about the outstanding equity awards in the 1999 Stock Option Plan as it applies to Mr. Rakes, Mr. Denardo and Mrs. Buhyoff. All stock options are vested. Mr. Buchanan forfeited any remaining vested stock options when he left the Company in May 2008.

Retirement Plans

Bankshares maintains several qualified and nonqualified employee benefit plans for employees of participating employees in the plans. These benefit plans are described below.

Qualified Retirement Plans

National Bankshares, Inc. Retirement Income Plan. Until December 31, 2001, NBB maintained a tax-qualified, noncontributory defined benefit retirement plan for qualified employees called the National Bank of Blacksburg Retirement Income Plan (the NBB Plan). Effective on December 31, 2001, the NBB Plan was amended; its name was changed to the National Bankshares, Inc. Retirement Income Plan (the NBI Plan); and the Bank of Tazewell County Employee Pension Plan (the BTC Plan) was merged into the NBI Plan. The NBB (now NBI) Plan became effective on February 1, 1984, when NBB amended and restated its previous pension plan. This plan covers all officers and employees of NBI and its subsidiaries who have reached age twenty-one and have had one year of eligible service on the January 1 or July 1 enrollment dates. Employee benefits are fully vested after five years of service, with no partial vesting. Prior to the December 31, 2001 plan amendment, retirement benefits at the normal retirement age of sixty-five were calculated at 66% of the employee's average monthly compensation multiplied by the number of years of service, up to a maximum of twenty-five years. After December 31, 2001, retirement benefits at the normal retirement age were calculated at 1.75% of average monthly compensation multiplied by the number of years of service, up to thirty-five years. Added to this is .65% of "excess monthly average compensation" (defined in the NBI Plan as the amount of the average monthly compensation that is in excess of a participant's monthly Social Security covered compensation, generally the rounded average of the Social Security taxable wage bases) multiplied by the number of years of service, up to thirty-five years. The benefit formula was amended again in 2008 to reduce the benefit formula for future accruals to 1.00% of monthly compensation, multiplied by the number of years of service up to thirty five years. Average monthly compensation is determined by averaging compensation over the five highest paid consecutive years in the employee's final ten years of employment. Retirement benefits under the NBI Plan are normally payable in the form of a straight life annuity, with ten years guaranteed; but other payment options may be elected. Benefits accrued by participants in the NBB Plan and in the BTC Plan prior to December 31, 2001, will be calculated based upon compensation and service under the old NBB and BTC Plan formulas. Benefits accrued by participants after January 1, 2002, are calculated under the NBI Plan formulas. The compensation covered by the NBI Plan includes the total of all amounts paid to a participant for personal services reported on the participant's federal income tax withholding statement (Form W-2), except that earnings were limited to \$200,000, indexed for the cost of living, until 1994. In 1994, the earnings limit was decreased to \$150,000, which is indexed for the cost of living after 1994. For 2008, the limit on compensation was \$230,000.

National Bankshares, Inc. Employee Stock Ownership Plan. Bankshares sponsors a non-contributory Employee Stock Ownership Plan (the "ESOP"), in which NBB and NBFS were participating employers for 2008. All full-time employees who are over the age of 21 and who have been employed for one year are eligible to participate. Contributions under the ESOP are discretionary for each participating employer and participants are not permitted to make contributions to the plan. Contributions are allocated to a participant's account based upon a participant's covered compensation, which is W-2 compensation. The contributions are fully vested after three years.

National Bankshares, Inc. Retirement Accumulation Plan. Bankshares sponsors the NBI Retirement Accumulation Plan which qualifies under IRS Code Section 401(k) (the "401(k) plan"). For 2008, NBB and NBFS were participating employers. All full-time employees who have one year of service and who are over the age of 21 are eligible to participate. Participants may contribute up to 100% of their total annual compensation to the plan, subject to IRS deferral annual dollar limits. Employee contributions are matched by the employer at 100% for the first 4% of salary contributed and at 50% of the next 2% of salary contributed. Employees are fully vested at all times in contributions and employer match sums.

Nonqualified Retirement Plans

Bank Directors' Deferred Compensation Plan. From 1985 to 1989 NBB maintained a voluntary deferred compensation plan for its directors, which permitted a director to defer receipt of a portion of directors fees for a period of five years. NBB purchased life insurance on all of the participants in amounts that, in the aggregate, actuarially fund its future liabilities under the program. While the insurance policies were purchased under the directors' deferred compensation plan, there is no obligation to use any insurance funds from policy loans or death benefits to curtail the deferral compensation liability. Under the terms of the plan, at age 65, a participant or beneficiary receives 120 monthly benefit

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

payments. The plan also provides for 120 monthly payments to the participant's beneficiary in the event of the participant's death prior to age 65. Mr. Rakes is entitled to receive 120 months of payments of \$1,610.50 beginning at age 65. In 2008, there were no contributions to the Bank Directors' Deferred Compensation Plan. The plan had no earnings. Mr. Rakes made no withdrawals during 2008, and no distributions were paid to him.

Officers' Salary Continuation Plan. In early 2006 Bankshares and its subsidiaries entered into salary continuation agreements with a select group of Company and subsidiary bank officers, including Mr. Rakes,

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

Mr. Buchanan, Mr. Denardo and Mrs. Buhyoff. The Salary Continuation Plan benefits are funded by investments in bank subsidiary-owned life insurance policies on the lives of the participating officers. The officers and their beneficiaries are unsecured creditors of NBI and of NBB with respect to the benefits under the Salary Continuation Plan.

Each of the salary continuation agreements, except for Mr. Rakes', provides an annual benefit for the participating officer at normal retirement age (age 65) while in the active service of the Company. In Mr. Rakes' case, the salary continuation agreement was amended on December 17, 2008 to provide that benefits will be payable to him upon his separation from service after reaching normal retirement age (65). Mr. Rakes' benefit is equal to 30% of 2005 salary, adjusted for inflation. It is equal to 20% of 2005 salary, adjusted for inflation, for all other participants. The benefit is payable for the greater of 15 years or the officer's lifetime. If the officer dies before receiving the annual benefit for 15 years, the benefit is paid to their beneficiary for the remainder of that period. A reduced benefit is available upon the officer's early termination if they are 50 years of age or older, upon disability or upon a change in control of the officer's employer. "Early termination", "disability" and "change in control" are all defined in the salary continuation agreements. A death benefit that is equal in amount to the annual retirement benefit is paid to the officer's beneficiary for 15 years in the event of the officer's death while an active employee. No benefit is payable if the officer is terminated for cause, as that term is defined in the agreements.

The amended salary continuation agreement with Mr. Rakes provides that he will receive annual payments of \$106,268 if he leaves the Company at normal retirement in 2009. If Mr. Rakes' separation from service occurs after his normal retirement age, his benefit will increase by adding interest for each full month between his normal retirement and his actual separation from service. The method for calculating this interest is specified in the amended salary continuation agreement. Under his agreement, Mr. Denardo will be paid annual payments of \$116,964 at his normal retirement in 2017. The salary continuation agreement with Mrs. Buhyoff provides for annual payments of \$28,513 at normal retirement in 2013. Upon Mr. Buchanan's resignation in May, 2008, his lifetime annual benefit from the salary continuation agreement was fixed at \$5,144, payable at age 65 in 2016. Mr. Buchanan's annual benefit will be payable to his beneficiary for a total of 15 years, if he dies prior to or during the benefit payment period.

NOMINATING COMMITTEE

National Bankshares, Inc. has a standing Nominating Committee that was chaired by Dr. Miller in 2008. Dr. Miller, Mr. Peery and Mr. Reynolds served on the Committee. Each of these directors is independent, as that term is defined in the listing standards for the NASDAQ Stock Market. The Nominating Committee's sole function is to review and recommend nominees for the Board of Directors. A current copy of the Committee's Charter is available on the Company's web site at www.nationalbankshares.com. The Nominating Committee does not have a specific policy with regard to the consideration of any director candidates recommended by stockholders, because the Committee will evaluate all candidates for directors using the same criteria, regardless of the source of the referral. Stockholders wishing to refer director candidates to the Nominating Committee should do so in writing mailed by first class mail to the Committee, c/o National Bankshares, Inc., P. O. Box 90002, Blacksburg, VA 24062-9002.

In considering candidates for director, the Nominating Committee seeks individuals who meet the following minimum criteria. The candidate must be an individual of the highest character and integrity. He or she must be able to work well with others and must be free of any conflict of interest that would violate law or regulation or interfere with the proper performance of a director's responsibilities. The candidate should be willing to devote sufficient time to the business of the Board. Finally, he or she should have the capacity to represent the best interests of the stockholders as a whole in a balanced way. The Nominating Committee insures that the Board of Directors will have a sufficient number of independent directors to fill all Board and Committee positions that require independent directors. In addition, the Nominating Committee seeks directors who have good business experience as well as directors who have experience in academia and public service. The Committee looks for directors who are knowledgeable about and reside in the locations in which the Company and its subsidiaries do business and who have the ability and willingness to refer new business to the Company. Finally, the Nominating Committee seeks candidates who reflect the Company's belief that gender and ethnic diversity provide additional perspectives that are helpful to the Board of Directors.

The Nominating Committee actively solicits the names of potential Board candidates from the directors and officers of Bankshares and, as stated here, will consider candidates suggested by stockholders. Information about potential candidates is sought from diverse sources, and the Nominating Committee compares the experience, expertise and personal qualities of the potential candidates with the experience, expertise, and personal qualities that are identified as being desirable for the Board of Directors at any given time.

AUDIT COMMITTEE REPORT

The Audit Committee has a charter that was last amended on February 11, 2004. The Charter reflects standards set forth in Securities and Exchange Commission regulations and NASDAQ Stock Market Rules, and it is posted on the Company's web site at www.nationalbankshares.com.

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

The Audit Committee monitors the integrity of the Bankshares financial reporting process and its systems of internal controls concerning finance, accounting and legal compliance. Each of the Audit Committee members satisfies the definition of an independent director as established in the listing standards for the NASDAQ Stock Market. Although each member of the Audit Committee has extensive business experience, the Committee has identified Dr. Lewis as the financial expert, because he has a background which involves financial oversight responsibilities. Dr. Lewis currently oversees the preparation of financial statements in his role as President of New River Community College. He previously served as the College's Chief Financial Officer.

In discharging its oversight responsibility with regard to the audit process, the Audit Committee has reviewed and discussed the audited consolidated financial statements with management, discussed with the independent auditors Yount, Hyde & Barbour the matters to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees), received communications from the auditors as to their independence required by Independence Standards Board Standard No. 1 and discussed with them their independence.

Based upon its review and discussions with management and Yount, Hyde & Barbour, the Audit Committee

Edgar Filing: NATIONAL BANKSHARES INC - Form DEF 14A

recommended to the Board of Directors that the audited consolidated financial statements be included in Bankshares Annual Report on Form 10-K for the year ended December 31, 2008, to be filed with the Securities and Exchange Commission.

The following fees were paid to Yount, Hyde & Barbour, P.C., Certified Public Accountants & Management Consultants, for services provided to Bankshares for the years ended December 31, 2008 and December 31, 2007. The Audit Committee determined that the provision of non-audit services by Yount, Hyde & Barbour P.C. did not compromise the firm's ability to maintain its independence.
