REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees of the Procter & Gamble 1-4-1 Plan:

We have audited the accompanying statements of net assets available for plan benefits of the Procter & Gamble 1-4-1 Plan ("Plan") as of June 30, 2012 and 2011, and the related statements of changes in net assets available for plan benefits for each of the three years ended June 30, 2012, 2011 and 2010. These financial statements are the responsibility of the plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for plan benefits of the Plan as of June 30, 2012 and 2011 and the changes in net assets available for plan benefits for the years ended June 30, 2012, 2011 and 2010, in conformity with accounting principles generally accepted in the United States of America.

1. DESCRIPTION OF THE PLAN

The Procter & Gamble 1-4-1 Plan (the “Plan”) is a stock ownership plan sponsored by The Procter & Gamble Company (“Company”). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a share purchase plan established on October 1, 2002 by the Company, replacing the Procter & Gamble Matched Savings Share Purchase Plan, which ceased to be tax efficient from this date, to provide a means for eligible United Kingdom (“UK”) employees to tax efficiently purchase shares of the Company. The Plan is administered by Capita IRG Trustees Limited who were appointed by the Trustees of the Plan and hold the Plan assets on behalf of the Trustees of the Plan.

Eligibility — Employees eligible to participate in the Plan included all regular employees of participating Procter and Gamble companies (Note 9) with the exception of employees considered to be an executive, officer, director, or a 10 percent stockholder of the Company and employees eligible for another savings plan sponsored by the Company and maintained in the United States, Canada, or Puerto Rico. Eligible employees could have enrolled in the Plan on the first day of each month and on the initial participation date for each participating Procter & Gamble company.

Contributions- Contributions represent cash amounts received from members, matched by the participating Procter & Gamble companies (note 9), that have been invested in stock of the Company. Employees can contribute up to 2.5% of their base salary. Where cash amounts are received from members and matched by the sponsoring companies, but have not yet been invested in stock of the Company, they are deferred on the balance sheet.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the participating companies’ matching contribution, and allocations of Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is limited to the shares that can be provided from the participant’s vested account.

Participant accounts remaining in the Plan continue to have individual accounts maintained with Plan earnings or losses allocated based on earnings and account balances as defined.

Vesting – Participants are vested immediately in all shares and contributions allocated to their respective Plan accounts. The participating Procter and Gamble companies match contributions.

Investments – All employee and employer contributions were invested in shares of the Company’s common stock generally on the 5th working day of each month. Sales of the Company’s common stock for distributions generally also occur on the 5th working day of each month. Any dividends on shares of the Company’s common stock are invested in additional shares of the Company’s common stock.

Participant Loans – Under the terms of the Plan agreement, participants are not permitted to borrow funds from their

account balance.

Distributions and Withdrawals – Participants may withdraw contributory shares from the Plan at any time; however, participants who withdraw contributory shares from the Plan within five years of acquisition will become liable for UK income tax and national insurance. Participants cannot withdraw matching shares from the Plan within five years of purchase, unless the participant ceases to be an employee of one of the participating companies. Participants who withdraw shares from the Plan after five years can do so without attracting any income tax.

2. SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties** - The Plan invests in Company common stock which represents a concentration in investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

**Investment Valuation and Income Recognition** – The Plan’s investment in Company common stock is stated at fair value, which is based on quoted market prices and is translated into sterling at the rate of exchange at the balance sheet date. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date, net of any U.S. withholding taxes. Realized gains and losses are based upon the identified cost method.

**Net Appreciation / (Depreciation) in Fair Value of Investments** - Realised and unrealised appreciation / (depreciation) in fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realised appreciation / (depreciation), or on the last day of the year for unrealised appreciation / (depreciation).

**Cash at Bank and In Hand** – Amounts shown as cash at bank and in hand are uninvested funds held that are to be invested in Company common stock in the following month.

**Expenses of the Plan** - Investment management expenses and all other fees and expenses are reimbursed by the participating Procter & Gamble companies (see Note 9).

**New Accounting Standards**

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, Fair Value Measurements and Disclosures, which amends ASC 820, Fair Value Measurements and Disclosures, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which was effective for fiscal years beginning after December 15, 2010. The Plan prospectively adopted the new guidance in 2010, except for the Level 3 reconciliation disclosures, which have been adopted in 2011. The adoption in 2010 and 2011 did not materially affect

the Plan's financial statements.

In May 2011, the FASB issued ASU No. 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs, which amends ASC 820. ASU 2011-04 also requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. In addition, the ASU provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The ASU requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. The adoption will not have a material effect on the statement of net assets available for plan benefits and statement of changes in net assets available for plan benefits. Plan management has not determined the impact on the disclosures in the financial statements.

1-4-1 PLAN

3. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) Topic 820, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

All investments are measured following a Level 1 valuation technique.

6. TAX STATUS

HM Revenue & Customs (HMRC) has determined and informed the Company that it is an approved Employee Share Scheme under UK tax legislation. Therefore, the Plan Administrator believes that the Plan was qualified and tax-exempt as of June 30, 2012 and no provision for income taxes has been reflected in the accompanying financial statements.

7. RELATED PARTY TRANSACTIONS

At June 30, 2012 and 2011, 1,241,404 and 1,201,374 shares of Company common stock were held by the Plan, respectively. The cost of this stock at June 30, 2012 and 2011, was £39,334,620 and £35,915,716, respectively. During the years ended June 30, 2012, 2011 and 2010, the Plan recorded dividend income from Company common stock of £1,304,242, £1,165,988 and £1,045,462, respectively. Contributions from participating Procter & Gamble companies of £3,653,523, £3,546,451 and £3,503,180 were recorded for the years ended June 30, 2012, 2011 and 2010, respectively. Also, the Plan received reimbursements for administrative expenses from the Company titled Income From The Procter & Gamble Company in the Statements of Changes in Net Assets Available For Plan Benefits for the years ended June 30, 2012, 2011 and 2010 of £16,375, £39,338 and £35,297, respectively.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan agreement.
