NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held January 15, 2009

SONIC CORP.
300 Johnny Bench Drive
Oklahoma City, Oklahoma 73104

Dear Stockholder:

It is my pleasure to invite you to the annual meeting of the stockholders of Sonic Corp. (the "Company"). We will hold the meeting on Thursday, January 15, 2009, at 1:30 p.m. on the Fourth Floor of the Sonic Headquarters Building, located at 300 Johnny Bench Drive, Oklahoma City, Oklahoma, for the following purposes:

1. To elect three directors; and
2. To act upon any such other matters as may properly come before the meeting or any adjournments or postponements thereof.

The foregoing items of business are more fully described in the proxy statement accompanying this Notice. The Board of Directors has chosen the close of business on November 20, 2008, as the date used to determine the stockholders who will be able to attend and vote at the annual meeting. If you own stock in Sonic Corp. at the close of business on that date, you are cordially invited to attend the meeting.

We are pleased to take advantage of new Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, we are mailing to most of our stockholders a Notice of Internet Availability of Proxy Materials (the "Internet Availability Notice") instead of a paper copy of this proxy statement and our 2008 Annual Report to Stockholders. The Internet Availability Notice contains instructions on how to access those documents over the Internet. The Internet Availability Notice also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement, our 2008 Annual Report to Stockholders and a form of proxy card or voting instruction card, as applicable. All stockholders who do not receive an Internet Availability Notice will receive a paper copy of the proxy materials by mail. We believe that this new process will reduce the costs of printing and distributing our proxy materials and also save natural resources.

All stockholders are cordially invited to attend the Annual Meeting in person. However, whether or not you expect to attend the Annual Meeting in person, if you received paper copies of these proxy materials, we urge you to mark, sign, date and return the enclosed proxy card as promptly as possible in the provided postage-prepaid envelope to ensure your representation and the presence of a quorum at the Annual Meeting. Stockholders that have accessed these proxy materials on the Internet, as well as those who have received paper copies, may vote by following the instructions included in this proxy statement or by following the instructions detailed in the Internet Availability Notice, as applicable. If you send in your proxy card or vote by telephone or the Internet, you may still decide to attend the Annual Meeting and vote your shares in person. Your proxy is revocable in accordance with the procedures set forth in this proxy statement.

We look forward to seeing you at the meeting.

By order of the Board of Directors,

/s/ Carolyn C. Cummins

Oklahoma City, Oklahoma

PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS OF
SONIC CORP.

To Be Held Thursday, January 15, 2009

SOLICITATION OF PROXIES AND VOTING

Solicitation

Sonic Corp. (sometimes referred to herein as “Sonic,” “we,” “us,” “our,” or the “Company”) is furnishing this proxy statement to the stockholders of the Company to solicit their proxies for use at the annual meeting of stockholders to take place on Thursday, January 15, 2009, and at any adjournment of the meeting. We also may use the services of our directors, officers, and employees to solicit proxies personally or by telephone. We regularly retain the services of Corporate Communications, Inc., 523 Third Avenue South, Nashville, Tennessee, to assist with our investor relations and other stockholder communications issues. Corporate Communications, Inc. may assist in the solicitation of the proxies and will not receive any additional compensation for those services. Sonic will bear all of the costs of preparing, printing, assembling, and mailing this proxy statement and the proxy card and all of the costs of the solicitation of the proxies.

A copy of our 2008 Annual Report to Stockholders, this proxy statement and accompanying proxy card are being distributed or otherwise made available beginning on or about December 5, 2008.

Notice and Access

In accordance with the rules and regulations recently adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our proxy materials to our stockholders by providing access to such documents on the Internet. Accordingly, a Notice of Internet Availability of Proxy Materials (the “Internet Availability Notice”) has been mailed to the majority of our stockholders, while other stockholders have instead received paper copies of the documents accessible on the Internet. Stockholders that received the Internet Availability Notice have the ability to access the proxy materials on a website referred to in the Internet Availability Notice or request that a printed set of the proxy materials be sent to them by following the instructions in the Internet Availability Notice.

The Internet Availability Notice also provides instructions on how to inform us to send future proxy materials to you electronically by e-mail or in the printed form by mail. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials or a link to a special website to access our proxy materials. Your election to receive proxy materials by e-mail or printed form by mail will remain in effect until you terminate it.

Reimbursement of Nominees

Sonic will reimburse any bank, broker-dealer, or other custodian, nominee, or fiduciary for its reasonable expenses incurred in completing the mailing of stockholder requested proxy materials to the beneficial owners of Sonic’s voting common stock.

Revocation of Proxy

Any proxy given pursuant to this solicitation may be revoked by the stockholder at any time prior to the voting of the proxy by giving written notice to Carolyn C. Cummins, Secretary of the Company. The persons named on the proxy

card will vote the proxies at the annual meeting, if received in time and not revoked.

Table of Contents

Stockholder Proposals

In order for the Company to include a stockholder proposal in the proxy materials for the next annual meeting of stockholders, a stockholder must deliver the proposal to the Secretary of the Company no later than August 17, 2009.

VOTING RIGHTS AND PROCEDURE

Only the record holders of shares of the voting common stock of the Company as of the close of business on November 20, 2008, will have the right to vote at the annual meeting. As of the close of business on that date, the Company had 60,488,552 shares of common stock issued and outstanding (excluding 56,600,080 shares of common stock held as treasury stock). Each stockholder of record will have one vote for each share of common stock of the Company that the stockholder owned as of the record date. All shares of common stock may vote on all matters coming before the annual meeting, and a majority of all of the outstanding shares of common stock of the Company entitled to vote at the meeting, represented in person or by proxy, will constitute a quorum for the meeting. The Company will treat all abstentions and broker non-votes as present or represented at the meeting for the purposes of determining whether a quorum exists for the meeting.

Most stockholders have a choice of voting over the Internet, by telephone or by using a traditional proxy card. Refer to the Internet Availability Notice to see which options are available to you and how to use them.

The Internet and telephone voting procedures are designed to authenticate stockholders' identities and to confirm that their instructions have been properly recorded.

With respect to the election of directors, the three nominees receiving the greatest number of votes will be elected. Abstentions and broker non-votes (discussed below) will not affect the outcome of the election because only a plurality of the votes actually cast is needed to elect directors.

With respect to any other matter properly brought before the meeting, a majority of the shares represented at the meeting and entitled to vote is required for approval. Therefore, abstentions will have the effect of a vote against approval. Broker non-votes will not affect the outcome of the vote. Proxies submitted by brokers that do not indicate a vote because they do not have discretionary authority and have not received instructions as to how to vote on a proposal (so-called "broker non-votes") will be considered as present for quorum purposes but not as shares counted for determining the outcome of the vote.

PROPOSAL NO. 1 - ELECTION OF DIRECTORS

General

Our certificate of incorporation provides for a classified board of directors, with three classes of directors each nearly as equal in number as possible. Each class serves for a three-year term, and one class is elected each year. The Board of Directors is authorized by our bylaws to fix from time to time the number of directors that constitute the whole Board of Directors. The Board size has been set at nine members. The Nominating and Corporate Governance Committee has recommended to the Board of Directors, and the Board of Directors has nominated for election by the stockholders, the three individuals listed below. If elected, each nominee will serve as a director for a three-year term expiring at the annual meeting to be held in 2012. One other Board position for a term expiring at the annual meeting to be held in January 2011 is vacant. The Board of Directors has initiated its search for a qualified candidate to fill the vacant Board position.

All nominees will hold office until the stockholders elect their qualified successors. If any of the nominees becomes unable or unwilling to accept the election or to serve as a director (an event which the Board of Directors does not anticipate), the person or persons named in the proxy will vote for the election of the person or persons recommended to the Board of Directors.

The Board of Directors has documented its corporate governance practices and adopted Corporate Governance Guidelines, which are designed to formalize these practices and enhance governance efficiency and effectiveness. The Corporate Governance Guidelines may be found in the corporate governance section of Sonic's website, www.sonicdrivein.com. Among other things, these guidelines address the following:

4

Table of Contents

- The Nominating and Corporate Governance Committee is required to review with the Board annually the composition of the Board as a whole, including the directors' independence, skills, experience, age, diversity, and availability of service to the Company.
- The Board is required to conduct periodic self-evaluation through the Nominating and Corporate Governance Committee.
- The Nominating and Corporate Governance Committee is required to review and report to the Board at least annually on succession planning for the Chief Executive Officer, and the Chief Executive Officer is required at all times to make available to the Board his or her recommendations of potential successors.
- The independent directors are required to meet in conjunction with each regularly scheduled quarterly Board meeting and at other appropriate times.
 - The Board and all committees are authorized to hire their own advisors.
- Directors who change job responsibilities are required to notify the Board and give the Board the opportunity to review whether they should continue to serve as Board members.

Director Independence

Upon recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has affirmatively determined that each member of the Board of Directors, with the exception of our Chairman and Chief Executive Officer, J. Clifford Hudson, is independent under the criteria established by NASDAQ for director independence. The NASDAQ criteria include various objective standards and a subjective test. The objective element consists of specific relationships that automatically preclude a finding of independence. The subjective component requires the Board to make an affirmative determination that there are no other relationships that would impair independence. Mr. Hudson is the only employee member of the Board.

Committees of the Board of Directors

The Board of Directors has three standing committees: the Nominating and Corporate Governance Committee, the Audit Committee, and the Compensation Committee. The charters for each of these committees are available at no charge in the corporate governance section of the Company's website at www.sonicdrivein.com. All members of each of these committees are independent directors. In addition, upon recommendation of the Nominating and Governance Committee, the Board of Directors has determined that the members of the Audit Committee meet the additional independence criteria required for audit committee membership under applicable NASDAQ listing standards.

The independent directors of the Company meet without the management director at executive sessions in conjunction with each quarterly board meeting and at other appropriate times. The independent directors have designated Frank E. Richardson as the lead director to preside at all meetings of the independent directors.

Nominating and Corporate Governance Committee. In accordance with its written charter adopted by the Board of Directors, the Nominating and Corporate Governance Committee identifies individuals qualified to become Board members, recommends to the Board director nominees, and monitors significant developments in the law and practice of corporate governance. On October 14, 2008, the Nominating and Corporate Governance Committee nominated the three individuals named above for election as directors at the annual meeting of stockholders. The members of the Nominating and Corporate Governance Committee consist of all of the independent directors of the Company. Frank E. Richardson is the Chair of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee held three meetings during the Company's last fiscal year. The Nominating and Corporate Governance Committee will consider nominees recommended by the Company's stockholders. In order to recommend a nominee for the next annual meeting, stockholders must deliver the recommendation in writing to the Company on or before August 17, 2009, addressed to the attention of Carolyn C. Cummins, Secretary of the Company, and must provide the full name, address, and business history of the recommended nominee.

Table of Contents

Audit Committee. In accordance with its written charter adopted by the Board of Directors, the Audit Committee provides assistance to the Board in fulfilling its oversight responsibility relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function, the annual independent audit of the Company's financial statements, and compliance by the Company with certain legal and regulatory requirements. The committee encourages free and open communication among the committee members, Ernst & Young LLP, the Company's independent registered public accounting firm, and management of the Company. In accordance with its charter, the Audit Committee pre-approves all audit and permissible non-audit services. Throughout the year, the committee periodically meets with representatives of Ernst & Young LLP and also meets with representatives of the internal audit function, without management present. The members of the Audit Committee are H. E. "Gene" Rainbolt (Chair), J. Larry Nichols, and Frank E. Richardson. Each of the members of the Audit Committee is "independent," as defined by the rules of the SEC and the NASDAQ stock market listing standards. The Board of Directors has determined that Mr. Rainbolt is an "audit committee financial expert" as defined in Item 407(d) of Regulation S-K. In fiscal 2008, the Audit Committee met eight times, including meetings to review the quarterly financial statements prior to the releases of earnings to the public.

Compensation Committee. In accordance with its written charter adopted by the Board of Directors, the Compensation Committee has responsibility for establishing, implementing and continually monitoring adherence to the Company's compensation philosophy. The Compensation Committee is comprised entirely of independent directors who operate under a written charter approved by the Board of Directors. The Compensation Committee's functions include reviewing and approving the base salary, annual cash incentive awards and long-term equity incentive awards to the executive officers of the Company, as well as overseeing and reviewing the Company's various equity benefit plans. The members of the Compensation Committee are Leonard Lieberman, Michael J. Maples, Federico F. Peña, and Robert M. Rosenberg (Chair). The Compensation Committee held four meetings during the Company's last fiscal year.

The Board of Directors annually reviews the performance of the Chief Executive Officer and also sets the compensation of the Chief Executive Officer upon recommendation from the Compensation Committee. Our Chief Executive Officer annually reviews the performance of those executives reporting directly to him and makes recommendations to the Compensation Committee regarding compensation for those executives, as well as any other executive officers named in the Summary Compensation Table (the "named executive officers"). Our Compensation Committee may exercise its discretion in increasing, decreasing or otherwise modifying the proposed compensation and awards to those executive officers.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are named above. None of these individuals has ever been an officer or employee of Sonic or any of its subsidiaries or had any relationship with Sonic requiring disclosure under Item 404 of Regulation S-K. No executive officer of Sonic has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers who served as a member of the Board of Directors or the Compensation Committee during fiscal year 2008.

Meetings of the Board of Directors

The Board of Directors of the Company held a total of eight meetings (four regular quarterly meetings and four telephonic special meetings) during the Company's last fiscal year. The independent directors met in executive session at each quarterly meeting. Each incumbent director attended at least 75% of the meetings of the Board and the Board committees on which he served.

Attendance at Annual Meeting of Stockholders

The Company encourages its Board members to attend the annual meeting of stockholders and schedules Board and committee meetings to coincide with the stockholder meeting to facilitate the directors' attendance. All of the incumbent directors attended the annual meeting of stockholders held in January 2008.

Table of Contents

Compensation of Directors

During the 2008 fiscal year, cash fees earned by the independent directors for their services were as follows:

- Annual retainer fee of \$30,000;
- Audit Committee Chair annual retainer amount of \$10,000;
- Compensation Committee Chair and Nominating and Corporate Governance Committee Chair annual retainer amounts of \$5,000;
- Additional fee of \$2,500 for each Board meeting attended;
- Additional fee of \$1,000 for any special telephonic meetings; and
- Additional fee of \$1,000 for Audit Committee members for each quarterly regularly scheduled earnings release telephonic meeting.

Independent directors receive seven-year, non-qualified stock options to purchase 60,000 shares of common stock of the Company upon the individual's initial election as a director, and an annual grant of seven-year, non-qualified stock options to purchase 15,000 shares of common stock of the Company beginning with the fourth year of the director's term and continuing annually for so long as the individual serves on the Board. The exercise price of the stock options equals the market value of the common stock at the date of the grant, and the stock options become exercisable with regard to one-third of the shares of common stock underlying the option on each of the first three anniversary dates of the grant of the stock option. In January 2008, the Company granted options to purchase 15,000 shares of common stock of the Company at \$22.24 per share to Messrs. Lieberman, Peña, Rainbolt, Richardson, and Rosenberg.

4Reflects the pro-rated portion for the year for the vesting of one-third of the 50,000 options granted to Mr. Nichols in fiscal year 2007 upon his initial election as a director.

5Mr. Tsampalieros served as a director from the date of his appointment to the Board on April 3, 2008 until his resignation on August 12, 2008.

Director Nominations

Annually, the Nominating and Corporate Governance Committee follows a process designed to consider the re-election of existing directors and seek individuals qualified to become new Board members for recommendation to the Board for any vacancies.

With respect to nominating existing directors, the Nominating and Corporate Governance Committee reviews relevant information available to it, including an assessment of the directors’ continued ability and willingness to serve as directors. The Nominating and Corporate Governance Committee also assesses each person’s contribution in light of the mix of skills and experience the Nominating and Corporate Governance Committee has deemed appropriate for the Board.

With respect to considering nominations of new directors, the Nominating and Corporate Governance Committee conducts a thorough search to identify candidates based upon criteria the Nominating and Corporate Governance Committee deems appropriate and considering the mix of skills and experience necessary to complement existing Board members. The Nominating and Corporate Governance Committee then reviews selected candidates and makes a recommendation to the Board. The Nominating and Corporate Governance Committee may seek input from other Board members or senior management in identifying candidates.

Each candidate for director must possess the following specific minimum qualifications:

- Each candidate shall be an individual who has demonstrated integrity and ethics in his or her professional life and has established a record of professional accomplishment in his or her chosen field.
- No candidate shall have any material personal, financial, or professional interest in any present or potential competitor of the Company.
- Each candidate shall be prepared to participate fully in activities of the Board of Directors, including active membership in at least one committee of the Board of Directors and attendance at, and active participation in, meetings of the Board of Directors and the committee(s) of the Board of which he or she is a member.

The Nominating and Corporate Governance Committee will consider nominations for the Board by stockholders the same way it evaluates other individuals for nomination as a new director. Such nominations must be made in accordance with the Company's bylaws.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview. Successful execution of our strategic plan is predicated on attracting and retaining a talented and highly motivated executive team. Unwanted turnover among our key executives can be very costly to the Company and our stockholders. Therefore, our executive compensation program has been designed to support our long-term strategic objectives, as well as address the realities of the competitive market for talent.

Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2008, as well as the other individuals included in the Summary Compensation Table on page 15, are referred to as the "named executive officers."

Generally, the types of compensation and benefits provided to the named executive officers are similar to those provided to other officers. Named executive officers receive base salary, annual cash incentive awards and long-term equity awards. The only perquisites provided to officers, including named executive officers, are car allowances and premiums paid for certain life and accidental death and dismemberment insurance. Named executive officers are eligible to participate in our health and benefit plans and employee stock purchase plan, which are generally available to all other employees. The Company does not offer any retirement plan or compensation for named executive officers other than the Company's 401(k) plan in which all employees may participate.

Compensation Objective. The objective of our executive compensation program is to ensure that compensation paid to named executive officers is closely aligned with the performance of the Company on both a short-term and long-term basis, and that such compensation assists the Company in attracting, motivating and retaining key executives critical to its long-term success.

Process of Setting Compensation. The process of setting executive compensation is a dynamic one. In setting compensation for fiscal 2008, the Compensation Committee considered, among other things:

- the benchmarking data and analyses described below;
- our overall performance in the 2007 fiscal year, including our financial and operating performance;
- each named executive officer's individual performance and contributions to our achievement of financial goals and operational milestones;
- each named executive officer's job responsibilities, expertise, historical compensation, and years and level of experience;
- the relative compensation levels of our named executive officers; and
- the importance of retaining each named executive officer and each named executive officer's potential to assume greater responsibilities in the future.

Components of Compensation. There are three main components of our executive compensation program:

- base salary;
- annual cash incentives; and
- long-term equity incentives.

Table of Contents

Our Compensation Committee considered each of these components within the context of a total rewards framework. We do not target a specific total compensation level. Instead, we strive to be competitive in the marketplace by appropriately balancing all elements of compensation (short-term versus long-term and fixed versus variable) while recognizing the Company's performance, as well as the named executive officer's performance, contributions and experience. In maintaining our philosophy of paying for performance, compensation is more heavily weighted towards variable compensation than fixed compensation, which is provided as base salary. This weighting is identified in the table below which shows our fixed versus variable mix for targeted total compensation.

Targeted Fixed Versus Variable Compensation Mix for the
Named Executive Officers for Fiscal 2008

Name	Position	Fixed Compensation as % of Target Total Compensation	Variable Compensation as % of Target Total Compensation
J. Clifford Hudson	Chairman of the Board and Chief Executive Officer	31%	69%
Stephen C. Vaughan	Chief Financial Officer and Executive Vice President	36%	64%
W. Scott McLain	President	36%	64%
Michael A. Perry	Executive Vice President of Sonic Industries Services Inc. and Sonic Restaurants, Inc.	36%	64%
V. Todd Townsend ¹	Former Chief Marketing Officer and Vice President	38%	62%
E. Edward Saroch ²	President of Sonic Restaurants, Inc.	45%	55%

¹ Mr. Townsend's employment with the Company terminated August 15, 2008.

² Mr. Saroch was elected President of Sonic Restaurants, Inc. on May 1, 2008. Prior to that time, since Mr. Saroch was not a named executive officer or one of the Chief Executive Officer's direct reports, his compensation mix was not considered in the same group with the other named executive officers.

Compensation of named executive officers is also more heavily weighted towards long-term equity incentives than short-term incentives to align the interests of executives with our stockholders and facilitate the creation of value for stockholders. In furtherance of the Company's philosophy of rewarding executives for future superior financial performance, prior stock compensation gains are generally not considered in setting future compensation levels.

In furtherance of the compensation philosophy described above, our Compensation Committee has engaged Mercer Human Resource Consulting to conduct an annual review of our total compensation program for our named executive officers and provide relevant market data concerning executive pay practices. For fiscal 2008, Mercer provided data

consisting of proxy information of peer companies as well as an analysis of executive compensation survey data maintained by Mercer, Towers Perrin and Watson Wyatt.

In making compensation decisions, our Compensation Committee compares each element of total compensation against our “compensation peer group,” which is a benchmarking peer group of publicly traded and privately held restaurant companies, as augmented by survey data where position matches were not available. Our compensation peer group, which is periodically reviewed and updated by our Compensation Committee, consists of

10

Table of Contents

companies against which the Compensation Committee believes we compete for talent. The companies comprising our compensation peer group in fiscal 2008 were:

AFC Enterprises	Chipotle Mexican Grill	Papa John's
Brinker	CKE Restaurants	Red Robin
Buffalo Wild Wings	Domino's Pizza	Ruby Tuesday
Burger King	IHOP	Steak 'n Shake
California Pizza Kitchen	Jack in the Box	Texas Roadhouse
CEC Entertainment	P.F. Chang's China Bistro	
Cheesecake Factory	Panera Bread	

For comparison purposes, the Company's annual revenues are slightly above the 35th percentile in revenues of our compensation peer group and the Company's market value is slightly below the 70th percentile in market value of our compensation peer group companies. The following sections describe in greater detail each of the elements of our named executive officer compensation program, why they were selected, and how the amounts of each element were determined.

Base Salary. Base salary is designed to compensate our named executive officers in part for their roles and responsibilities, and to provide a stable and fixed level of compensation that serves as a retention tool throughout the executive's career. In determining base salaries, we consider each executive's role and responsibility, experience, unique skills, individual performance, and future potential with Sonic, along with salary levels for similar positions in our peer group and internal pay equity. Our compensation philosophy is to target base salaries at or below the median of our compensation peer group for each named executive officer. Base salaries are reviewed annually during our benchmarking process.

Annual Cash Incentive. We provide performance-based annual cash incentive awards to our named executive officers, as well as other officers and mid-level management personnel. These short-term cash incentives are designed to reward the achievement of specific, pre-set performance objectives measured over the current fiscal year. Awards under the annual cash incentive program are based on the Compensation Committee's belief that a significant portion of the annual compensation of named executive officers should be contingent on achievement of the annual performance goals of the Company.

The Compensation Committee measures the performance of the Company against an annual business plan prepared by management and reviewed and approved by the Board of Directors at the beginning of the fiscal year. Achievement of the earnings per share target set forth in the annual business plan will result in the payment of a cash incentive award equal to a percentage of the base salary of the named executive officer. The target incentive awards are set below the median of our compensation peer group. These target award levels are reviewed periodically by our Compensation Committee. The target percentages for each named executive officer are based on the scope of the named executive officer's responsibilities, internal pay equity among named executive officers with similar responsibilities and competitive considerations. The target percentages for our named executive officers were as follows:

Name	2008	2007
J. Clifford Hudson	85%	75%
Stephen C. Vaughan	60%	50%
W. Scott McLain	60%	50%
Michael A. Perry	60%	50%
V. Todd Townsend1	50%	40%

E. Edward Saroch 43%² 35%

¹Mr. Townsend's employment with the Company terminated August 15, 2008, so he was not eligible to receive any payments for fiscal 2008 under the company's annual incentive plan.

²Reflects Mr. Saroch's percentage on a pro rata basis based on his election as President of Sonic Restaurants, Inc. on May 1, 2008.

Table of Contents

Named executive officers must achieve a threshold level of 85% of the established earnings per share target in order to be rewarded with 50% of their target incentive awards. Incremental progress from 85% to 100% of the established earning per share goal will allow the remaining 50% of the target incentive award to be earned. Thus, consistent with our pay-for-performance philosophy, only when performance meets the earnings per share target will named executive officers be able to realize the entirety of their target incentive awards. The Board of Directors sets the earnings per share target to require strong performance in order to achieve the target incentive awards. To encourage exceptional performance, achievement in excess of the earnings per share target will result in the payment of a cash incentive that as a percentage of the target incentive award equals the actual earnings per share as a percentage of the earnings per share target. Our Compensation Committee retains discretion to adjust incentive awards up or down as it sees fit in light of unusual or unforeseen developments that impact Sonic or the industry in which Sonic operates.

For fiscal 2008, the earnings per share target was \$1.15. Our operating climate in fiscal 2008 was challenging with increased fuel and commodity costs. We were profitable, but not at the planned level. Actual performance in fiscal 2008 was \$.97 per share, which resulted in no incentive awards being paid to the named executive officers except for a bonus amount awarded to Mr. Saroch based on his individual goals while serving as an officer during fiscal 2008 prior to his promotion to President of Sonic Restaurants, Inc. Over the prior three fiscal years, our payouts have been 79.3%, 93.7% and 96.5% of the target annual incentive award. The Compensation Committee did not exercise discretion to alter any individual awards for fiscal 2008 or the prior three fiscal years under the annual incentive award plan.

Long-Term Equity Incentive. A key component of our named executive officer compensation program includes rewards for long-term strategic accomplishments and enhancement of long-term stockholder value through the use of equity-based incentives. As a result, our officers' interests are closely aligned with stockholders' long-term interests. We currently provide equity-based incentives in the form of stock option awards. We believe that long-term incentive compensation performs an essential role in attracting and retaining executive talent and provides executives with incentives to maximize the value of stockholders' investments. The annualized value of the stock option awards to our named executive officers is intended to be the largest component of our overall compensation package.

In determining the amount of options to be granted, our Compensation Committee utilizes a formula which consists of "Total Compensation Potential" (base salary plus target annual incentive cash award) divided by the closing market price two days prior to the grant date and further multiplied by a factor determined by the Committee. For fiscal year 2007, the multiplier was 2.0, and for fiscal year 2008, the multiplier was 2.5. Our Compensation Committee increased the multiplier beginning in fiscal 2007 and then again in fiscal 2008 to be consistent with its objective of equity award levels being the largest component of the named executive officers' compensation and to more closely align with the equity award levels awarded by our peer group. In consideration of internal equity and consistency among the named executive officers, the Compensation Committee has established the same multiplier for each named executive officer. The Compensation Committee generally targets the stock option awards for our named executive officers above the median for our compensation peer group. However, the target stock option awards of Mr. Hudson, Mr. Vaughan and Mr. McLain are below the median for our compensation peer group based on the Compensation Committee's philosophy of using a compensation multiplier that is consistent among named executive officers.

In January 2006, Sonic adopted the Sonic Corp. 2006 Long-Term Incentive Plan, which replaced the 2001 Sonic Corp. Stock Option Plan. The new plan provides our Compensation Committee greater flexibility in the choice of vehicles used to make long-term incentive grants, including the ability to issue restricted stock. The Compensation Committee reviews the types of awards granted annually to ensure we are spending our shares responsibly and understand the cost associated with each type of available award. For fiscal 2008, the Compensation Committee determined that the award of stock options has been an effective method of tying a significant portion of the named executive officers' total opportunity for financial gain to increases in stockholder wealth and granted long-term incentive awards consisting solely of stock options.

Stock option grants to named executive officers have historically been made annually at our April quarterly Compensation Committee meeting. In fiscal 2008, annual grants of equity-based awards were made at the January

12

Table of Contents

quarterly Compensation Committee meeting, which is the quarterly meeting at which other annual executive compensation items are considered. Future annual grants of equity-based awards are expected to continue to be made at the January quarterly meeting. Our quarterly Compensation Committee meeting dates are generally set in conjunction with our quarterly Board meetings about a year in advance of the meeting. In addition to regular option grants, at times our Compensation Committee makes special stock option grants, usually in connection with new employment or as a result of promotion, which are made at the quarterly Compensation Committee meeting following the event triggering the grant. Stock options are granted with an exercise price not less than the closing market price of our common stock on the grant date (which is the date of the quarterly Board meeting typically held the day after the quarterly Compensation Committee meeting). Options vest over a period of three years, with one-third becoming exercisable on each anniversary of the grant date as long as the named executive officer is still employed by us on the date of vesting, and generally expire after seven years. The periodic vesting provisions are in place to encourage the named executive officers to remain with the Company. Stock options only have value if our stock price appreciates after the options are granted. There is no relationship between the timing of the granting of equity-based awards and our release of material non-public information.

Termination and Change in Control Arrangements. We have employment agreements with each named executive officer. The employment agreements provide that if the Company terminates the named executive officer's employment other than for cause or fails to renew his contract, the Company must pay the named executive officer certain severance benefits. The contracts for the named executive officers also provide that, upon a change in control of the Company, if the Company terminates the officer's employment other than for cause or violates any term of the contract, the Company must pay the officer severance benefits. These payments are discussed in more detail under "Potential Payments upon Termination or Change in Control" on page 19. The agreements regarding severance payments are designed to be competitive with similar agreements of our compensation peer companies in order to attract, retain and motivate named executive officers, provide for stability and continuity of management in the event of any actual or threatened change in control, encourage named executive officers to remain in service after a change in control and ensure that named executive officers are able to devote their entire attention to maximizing stockholder value in the event of a change in control. The Compensation Committee has determined that the amounts payable under the employment agreements are necessary to achieve those objectives.

Tax Deductibility of Pay. In determining executive compensation, our Compensation Committee considers several factors, including the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended, which limit the deductibility by the Company of certain categories of compensation in excess of \$1,000,000 paid to certain executive officers. One exception applies to "performance-based compensation" paid pursuant to stockholder-approved employee benefit plans (essentially, compensation that is paid only if the individual's performance meets pre-established objective performance goals based on performance criteria approved by our stockholders). Generally, our Compensation Committee believes that it is in the interests of the Company's stockholders to preserve the deductibility of compensation paid to executive officers of the Company, while still maintaining the goals of the Company's executive compensation program. However, where it is deemed necessary and in the best interest of the Company to continue to attract and retain the best possible executive talent, and to motivate such executives to achieve the goals inherent in the Company's business strategy, the Committee may approve compensation to executive officers that may exceed the limits of deductibility. For fiscal 2008, no named executive officer's total compensation failed to qualify for deduction under Section 162(m).

Compensation Committee Report

1The bonus amounts represent the holiday bonuses paid to each named executive officer as well as to all of the Company's employees in an amount equal to one-half of the employee's monthly base salary.

Table of Contents

2The option awards amounts reflect the dollar amount recognized for financial statement purposes for the fiscal years ended August 31, 2008 and August 31, 2007 in accordance with FAS 123(R), and thus include amounts for awards granted in and prior to fiscal years 2008 and 2007. See Note 12 of the Notes to Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended August 31, 2008 regarding assumptions underlying valuation of equity awards. These amounts do not reflect cash compensation actually received by the named executive officers.

3The non-equity incentive plan compensation amounts reflect the cash awards to the named executive officers under the Company's annual cash incentive plan, which covers the named executive officers, as well as other officers and mid-level management personnel, and is discussed in further detail in the Compensation Discussion and Analysis under the section "Annual Cash Incentive."

4The amounts include car allowance, the Company's matching contribution to the Company's 401(k) plan, and premiums for life insurance paid on behalf of the named individuals. The amount reflected for Mr. Townsend in fiscal 2007 also includes \$76,253 paid for Mr. Townsend's relocation expenses. We provide all officers, including our named executive officers, with a choice of a company car (Ford Escape) or a car allowance of \$1,200 per month. If an officer chooses the car allowance, it is included in his or her taxable income. We also match 100% of each participant's contribution to the 401(k) plan for the first 3% of the participant's base salary and annual cash incentive award and 50% for the next 3% of the participant's salary and annual cash incentive award. Company contributions vest over a six-year period during the first six years of employment and then vest 100% after the sixth year of employment. In addition, we pay the premiums for life insurance and accidental death and dismemberment insurance for all officers and mid-level management for coverage in the amount of four times the employee's base salary, up to a maximum coverage of \$800,000.

5Mr. Townsend's employment with the Company terminated August 15, 2008.

6Mr. Saroch's bonus was earned based on his goals and objectives as Senior Vice President of Field Services of Sonic Industries Services Inc. prior to his election as President of Sonic Restaurants, Inc. on May 1, 2008.

The minimum payment level may not be attained, and the annual cash incentive may exceed the target amount, as more particularly described in the Compensation Discussion and Analysis under the section "Annual Cash Incentive."

²The amounts shown represent the fair market value at grant date for financial reporting purposes in fiscal 2008 of stock options determined in accordance with FAS 123(R).

³Mr. Townsend's employment with the Company terminated August 15, 2008, so he was not eligible to receive any payment for fiscal 2008 under the Company's annual incentive plan.

Potential Payments upon Termination or Change in Control

We have entered into employment agreements with Mr. Hudson, our Chairman of the Board and Chief Executive Officer, and the other named executive officers. Mr. Hudson's agreement is for a two-year term which automatically extends each year for one additional year to maintain successive terms of two years unless specifically terminated or not renewed by the Company. The agreements for all other named executive officers automatically renew for successive one-year terms unless specifically terminated or not renewed by the Company. The employment agreements provide that if the Company terminates the named executive officer's employment other than for cause or fails to renew his contract, he will receive his base compensation for a 24-month period after termination in the case of Mr. Hudson and for a 12-month period after termination in the case of the other named executive officers. The agreements define "cause" as (1) the willful and intentional failure substantially to perform his duties (other than because of physical or mental incapacity), (2) the commission of an illegal act in connection with his employment, or (3) the commission of any act which falls outside the ordinary course of his responsibilities and which exposes the Company to a significant level of undue liability. A determination of "cause" requires the affirmative vote of at least two-thirds of all members of the Board of Directors. The contracts for Messrs. Hudson, Perry and Saroch expire in August 2009, the contract for Mr. McLain expires in January 2009 and the contract for Mr. Vaughan expires in October 2009.

The contracts for all of the named executive officers also provide that, upon a change in control of the Company, if the Company terminates the officer's employment other than for cause or violates any term of the contract, the Company must pay the officer a lump sum equal to a specified multiple of the officer's then current salary, not to exceed the maximum payable without a loss of the deduction under Section 280G of the Internal Revenue Code. The specified

multiple equals two times the amount of their annual base salary for all of the named executive officers of the Company, except for Mr. Hudson (who would receive three times his annual base salary). The same lump sum provision applies if the officer should resign for “good reason,” which includes (without limitation) the occurrence without the officer’s consent after a change in control of the Company of (1) the assignment to the officer of duties inconsistent with the officer’s office with the Company, (2) a change in the officer’s title or office with the Company, or (3) a reduction in the officer’s salary. The officers’ contracts generally define a “change in control” to include any consolidation or merger of the Company in which the Company does not continue or survive or pursuant to which the shares of capital stock of the Company convert into cash, securities, or other property; any sale, lease, exchange, or

Table of Contents

transfer of all or substantially all of the assets of the Company; the acquisition of 50% or more of the outstanding capital stock of the Company by any person; or a change in the make-up of the Board of Directors of the Company during any period of two consecutive years, pursuant to which individuals who at the beginning of the period made up the entire Board of Directors of the Company cease for any reason to constitute a majority of the Board of Directors, unless at least two-thirds of the directors then and still in office approved the nomination of the new directors.

Other than the foregoing agreements, the Company has no compensatory plan or arrangement with respect to its executive officers which would result from the resignation, retirement, or termination of any executive officer's employment with the Company, from a change in control of the Company, or from a change in an executive officer's responsibilities following a change in control of the Company.

The following table describes and quantifies certain compensation that would become payable under the contracts described above if the named executive officers' employment had terminated on August 31, 2008, the last day of the fiscal year. The amounts are based on each officer's compensation as of that date, and if applicable, the Company's closing stock price on that date of \$14.49.

¹Named executive officers do not receive any payments upon termination as a result of long-term disability other than the long-term disability benefits provided to all corporate employees in the amount of 70% of the employee's salary, but not to exceed \$10,000 per month, until the employee reaches the age of 65.

2 Unvested stock options granted under the 2001 Sonic Corp. Stock Option Plan (the “2001 Plan”) and the Sonic Corp. 2006 Long-Term Incentive Plan (the “2006 Plan”) become exercisable upon a named executive officer’s disability or death. Unvested stock options granted under the 2001 Plan also become exercisable upon a change in control or the option holder’s retirement. Under the 2006 Plan, the Compensation Committee has the authority and may determine at any time that unvested stock options will accelerate upon a change in control. The exercise price of unvested stock options granted under the 2001 Plan and the 2006 Plan, which would become exercisable upon the named executive officer’s retirement, disability or death, or upon a change in control, is greater than the closing price of Sonic Corp. stock on August 31, 2008 and therefore stock options are not assigned a value for purposes of this table.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with Management and Others

We lease two parcels of real estate, upon which we operate two drive-in restaurants, from Plains Realty Corp. ("Plains"), a corporation in which a minority interest is held by J. Clifford Hudson, Chairman of the Board of Directors and Chief Executive Officer of the Company, in trust for himself and in trust for his wife. The Company made rental payments during fiscal year 2008 for both parcels pursuant to leases entered into in 1988 and 1989. Both leases expire in January 2009. During the last fiscal year, the Company paid Plains a total of \$105,657 in rent pursuant to those two leases and expects to pay additional rent in the approximate amount of \$42,000 through the remainder of the lease terms. The approximate amount of the trusts' interest in the rent received in the last fiscal year was \$38,000, and the approximate amount of the trusts' interest in the remaining rent due over the term of the lease is \$15,000. We believe that the terms and conditions of the leases are no less favorable than those we could have obtained from third parties in arm's length transactions.

Policies, Procedures and Practices

We have a number of policies, procedures and practices that relate to the identification, review and approval of related party transactions. Pursuant to the Company's Code of Business Conduct and Ethics, all directors and executive officers are required to report actual or potential conflicts of interest to the Nominating and Corporate Governance Committee of the Board of Directors. The Chief Executive Officer, Chief Financial Officer, Treasurer and Controller are also subject to the Company's Code of Ethics for Financial Officers which requires them to avoid actual or apparent conflicts of interest and report violations of the Code of Ethics to the Chairman of the Audit Committee of the Board of Directors. The Audit Committee Charter requires the Audit Committee to review and approve policies and procedures with respect to proposed transactions between the Company and related parties and to review and approve in advance all such related-party transactions. The Audit Committee will approve any such transaction only if it is determined to be in the best interests (or not inconsistent with the best interests) of the Company and its stockholders. In addition, directors and executive officers provide information in an annual questionnaire relating to any transactions with the Company, which transactions are reviewed by the Audit Committee to determine whether disclosure is required in the Company's proxy statement. No member of the Audit Committee participates in any approval of a related party transaction in which such member is a related person, other than to provide all material information regarding the transaction to the Committee.

The Company's Code of Business Conduct and Ethics, Code of Ethics for Financial Officers and Audit Committee Charter may all be found in the corporate governance section of our website, www.sonicdrivein.com.

Policy on Audit Committee Pre-approval of Audit and Permissible Non-audit Services of Independent Registered Public Accounting Firm

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services, and other services. The Audit Committee also reviews whether any of the senior audit team members receive any discretionary compensation from the audit firm with respect to non-audit services performed by the independent registered public accounting firm.

The Audit Committee has considered whether the provision of these services is compatible with maintaining the independence of the independent registered public accounting firm and has determined that such services have not adversely affected such independence. All of the fees for fiscal year 2008 and 2007 were pre-approved by the Audit Committee, and there were no instances of waiver of approval requirements during those periods.

REPORT OF AUDIT COMMITTEE

The Audit Committee is comprised of three directors and operates under a written charter, a copy of which is available on the Company's website (www.sonicdrivein.com). Each of the members of the Audit Committee meets the independence requirements of NASDAQ and the Sarbanes-Oxley Act of 2002. The Audit Committee held eight meetings in fiscal 2008. The meetings facilitated communication with senior management and employees, the internal auditors and Ernst & Young LLP, the Company's independent registered public accounting firm (Ernst & Young). The Committee held discussions with the internal auditors and Ernst & Young both with and without management present, on the results of their examinations and the overall quality of the Company's financial reporting and internal controls.

The Audit Committee has the sole authority to appoint or replace the independent registered public accounting firm, and is directly responsible for the oversight of the scope of its role and the determination of its compensation. The Audit Committee regularly evaluated the performance and independence of Ernst & Young and, in addition, reviewed and pre-approved all services provided by Ernst & Young during fiscal 2008.

As stated in the Audit Committee's charter, the Audit Committee's responsibility is one of oversight. It is the responsibility of the Company's management to establish and maintain a system of internal control over financial reporting, to plan and conduct audits, and to prepare consolidated financial statements in accordance with generally accepted accounting principles. It is the responsibility of the Company's independent registered public accounting firm to audit those financial statements. The Audit Committee does not provide any expert or other special assurance as to the Company's financial statements or any expert or professional certification as to the work of the Company's independent registered public accounting firm.

In fulfilling its responsibilities, the Audit Committee has met and held discussions with management and Ernst & Young regarding the fair and complete presentation of the Company's financial results. The Audit Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. The Audit Committee has met to review and discuss the annual audited and quarterly

consolidated financial statements for the Company for the 2008 fiscal year (including the disclosures contained in the Company's 2008 Annual Report on Form 10-K and its 2008 Quarterly Reports on Form 10-Q, under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations") with the Company's management and Ernst & Young. The Audit Committee also reviewed and discussed with management, the internal auditors and Ernst & Young the reports required by Section 404 of the Sarbanes-Oxley Act of 2002, namely, management's annual report on the Company's internal control over financial reporting and Ernst & Young's attestation report on internal control over financial reporting.

The Audit Committee has discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees" (Codification of Statement on Auditing Standards, AU 380), as modified or supplemented. In addition, the Audit Committee has received the written disclosures and the letter from Ernst & Young required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," as modified or supplemented, and has discussed with Ernst and Young its independence from the Company and its management. The Audit Committee also has considered whether the provision of non-audit services by Ernst & Young is compatible with maintaining Ernst & Young's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the Company for the fiscal year ended August 31, 2008 be included in the Company's Annual Report on Form 10-K for the year ended August 31, 2008.

Respectfully submitted,

The Audit Committee
