**Item 3.02. Unregistered Sales of Equity Securities.**

As previously disclosed in a Current Report on Form 8-K filed April 2, 2010, Independent Bank Corporation (the "Company") entered into an Exchange Agreement (the "Exchange Agreement") with the United States Department of the Treasury (the "Treasury"), dated April 2, 2010. On April 16, 2010, the Company and the Treasury closed the transactions described in the Exchange Agreement, and the Company issued to the Treasury (1) 74,426 shares of the Company's newly issued Series B Fixed Rate Cumulative Mandatorily Convertible Preferred Stock, with a liquidation preference of \$1,000 per share (the "Series B Preferred Stock"), and (2) an Amended and Restated Warrant to purchase 3,461,538 shares of the Company's common stock at an exercise price of \$0.7234 per share (the "Amended Warrant").

***Terms of the Series B Preferred Stock***

The Series B Preferred Stock qualifies as Tier 1 regulatory capital and pays cumulative dividends quarterly at a rate of 5% per annum through February 14, 2014, and 9% per annum thereafter. The Series B Preferred Stock is non-voting, other than class voting rights on certain matters that could adversely affect the Series B Preferred Stock. If dividends on the Series B Preferred Stock have not been paid for an aggregate of six quarterly dividend periods or more, whether consecutive or not, the Company's authorized number of directors will be automatically increased by two and the holders of the Series B Preferred Stock, voting together with holders of any then outstanding voting parity stock, will have the right to elect those directors at the Company's next annual meeting of shareholders or at a special meeting of shareholders called for that purpose. These directors would be elected annually and serve until all accrued and unpaid dividends on the Series B Preferred Stock have been paid.

Under the terms of the Series B Preferred Stock, the Treasury (and any subsequent holder of the Series B Preferred Stock) will have the right to convert the Series B Preferred Stock into the Company's common stock at any time. In addition, the Company will have the right to compel a conversion of the Series B Preferred Stock into common stock, subject to the following conditions:

- (i) the Company shall have received all appropriate approvals from the Board of Governors of the Federal Reserve System;
- (ii) the Company shall have issued its common stock in exchange for at least \$40 million aggregate original liquidation amount of the trust preferred securities issued by the Company's trust subsidiaries, IBC Capital Finance II, IBC Capital Finance III, IBC Capital Finance IV, and Midwest Guaranty Trust I;

(iii) the Company shall have closed one or more transactions (on terms reasonably acceptable to the Treasury, other than the price per share of common stock) in which investors, other than the Treasury, have collectively provided a minimum aggregate amount of \$100 million in cash proceeds to the Company in exchange for the Company's common stock; and

---

(iv) the Company shall have made the anti-dilution adjustments to the Series B Preferred Stock, if any, required by the terms of the Series B Preferred Stock.

If converted by the holder or the Company pursuant to either of the above-described conversion rights, each share of Series B Preferred Stock (liquidation preference of \$1,000 per share) will convert into a number of shares of the Company's common stock equal to a fraction, the numerator of which is \$750 and the denominator of which is \$0.7234, which was the market price of the Company's common stock at the time the Exchange Agreement was signed (as such market price was determined pursuant to the terms of the Series B Preferred Stock), referred to as the "Conversion Rate," provided that such Conversion Rate is subject to certain anti-dilution adjustments.

Unless earlier converted by the holder or the Company as described above, the Series B Preferred Stock will convert into shares of the Company's common stock on a mandatory basis on the seventh anniversary of the issuance of the Series B Preferred Stock. In any such mandatory conversion, each share of Series B Preferred Stock (liquidation preference of \$1,000 per share) will convert into a number of shares of the Company's common stock equal to a fraction, the numerator of which is \$1,000 and the denominator of which is the market price of the Company's common stock at the time of such mandatory conversion (as such market price is determined pursuant to the terms of the Series B Preferred Stock).

At the time any shares of Series B Preferred Stock are converted into the Company's common stock, the Company will be required to pay all accrued and unpaid dividends on the Series B Preferred Stock being converted in cash or, at the Company's option, in shares of the Company's common stock at the same conversion rate as is applicable to the conversion of the Series B Preferred Stock (as described above).

The maximum number of shares of the Company's common stock that may be issued upon conversion of all shares of the Series B Preferred Stock and any accrued dividends on Series B Preferred Stock is 144.0 million, unless the Company receives shareholder approval to issue a greater number of shares.

The Series B Preferred Stock may be redeemed by the Company, subject to the approval of the Board of Governors of the Federal Reserve System, at any time, in an amount up to the cash proceeds (minimum of approximately \$18.6 million) from qualifying equity offerings of common stock (plus any net increase to the Company's retained earnings after the original issue date). If the Series B Preferred Stock is redeemed prior to the first dividend payment date falling on or after the second anniversary of the original issue date, the redemption price will be equal to the \$1,000 liquidation amount per share plus any accrued and unpaid dividends. If the Series B Preferred Stock is redeemed on or after such date, the redemption price will be the greater of (a) the \$1,000 liquidation amount per share plus any accrued and unpaid dividends and (b) the product of the applicable Conversion Rate (as described above) and the average of the market prices per share of the Company's common stock (as such market price is determined pursuant to the terms of the Series B Preferred Stock) over a 20 trading day period beginning on the trading day immediately after the Company gives notice of redemption to the holder (plus any accrued and unpaid dividends). In any redemption, the Company must redeem at least 25% of the number of shares of Series B Preferred

Stock originally issued to the Treasury, unless fewer of such shares are then outstanding (in which case all of the Series B Preferred Stock must be redeemed).

---

In connection with the issuance of the Series B Preferred Stock, on April 16, 2010, the Company amended its Articles of Incorporation to designate the Series B Preferred Stock, and to specify the preferences and rights of that series, including the relevant provisions described above.

***Terms of the Amended Warrant***

The Amended Warrant is exercisable, in whole or in part, by the Treasury (and any subsequent holder of the Amended Warrant), at any time or from time to time after April 16, 2010, but in no event later than December 12, 2018. The exercise price (\$0.7234) and the number of shares (3,461,538) subject to the Amended Warrant are both subject to anti-dilution adjustments.

***General***

The Series B Preferred Stock and the Amended Warrant were issued in a private placement exempt from registration pursuant to Section 4(2) of the Securities Act of 1933. The Company did not receive any cash proceeds from the issuance of the Series B Preferred Stock or the Amended Warrant.
