and
Proxy Statement

Notice of Annual Meeting of Shareowners

The Annual Meeting of Shareowners of PPL Corporation (PPL or the Company) will be held at Lehigh University's Stabler Arena, at the Goodman Campus Complex located in Lower Saucon Township, outside Bethlehem, Pennsylvania, on Friday, April 22, 2005, at 10:00 a.m. The Annual Meeting will be held for the purposes stated below and more fully described in the accompanying Proxy Statement, and to transact such other business as may properly come before the Annual Meeting or any adjournments thereof:

1. Election of three directors for a term of three years.
2. Ratification of the appointment of PricewaterhouseCoopers LLP as independent auditor for the year ending December 31, 2005.

The Board of Directors is not aware of any other matters to be presented for action at the Annual Meeting. If any other business should properly come before the Annual Meeting, it is the intention of the Board of Directors that the persons named as proxies will vote in accordance with their best judgment.

After reading the Proxy Statement, please follow the instructions on the enclosed Proxy for voting over the Internet, by telephone or by returning your Proxy marked, signed and dated as soon as possible to assure your representation at the Annual Meeting. Only shareowners of record at the close of business of Friday, February 28, 2005, will be entitled to vote at the Annual Meeting or any adjournments thereof. If the Annual Meeting is interrupted or delayed for any reason, the shareowners attending the adjourned Annual Meeting shall constitute a quorum and may act upon such business as may properly come before the Annual Meeting.

By Order of the Board of Directors,

Robert J. Grey

Secretary

March 18, 2005

Proxy Statement

The Company's principal executive offices are located at Two North Ninth Street, Allentown, Pennsylvania 18101, telephone number 610-774-5151. This Proxy Statement and the accompanying Proxy, solicited on behalf of the Board of Directors, were first released to shareowners on or about March 18, 2005.

OUTSTANDING STOCK AND VOTING RIGHTS

The Board of Directors has established Monday, February 28, 2005, as the record date for shareowners entitled to vote at the Annual Meeting (the Record Date). The transfer books of the Company will not be closed. The articles of incorporation of PPL divide its voting stock into two classes: Common and Preferred. There were no shares of Preferred Stock outstanding on the Record Date. A total of 189,532,851 shares of common stock was outstanding on the Record Date. Each outstanding share of common stock entitles the holder to one vote upon any business properly presented to the Annual Meeting.

As of February 15, 2005, there are no entities known by the Company to be the beneficial owner of five percent (5%) or more of any class of stock entitled to vote at the Annual Meeting.

Execution of the Proxy will not affect a shareowner's right to attend the Annual Meeting and vote in person. Any shareowner giving a Proxy has the right to revoke it at any time before it is voted by giving notice in writing to the Secretary. Shares represented by Proxy will be voted in accordance with the instructions given. In the absence of instructions to the contrary on an executed Proxy, the Proxy solicited hereby will be voted FOR the election of directors and FOR the ratification of the appointment of independent auditor. Brokerage firms generally have the authority to vote customers' unvoted shares on certain routine matters. If your shares are held in the name of a brokerage firm, the brokerage firm can vote your shares for the election of directors and for Proposal 2 if you do not timely provide your Proxy because these matters are considered routine under the applicable rules. Abstentions and broker non-votes are not counted as either yes or no votes.

Full and fractional shares held by the Company for each participant in the Dividend Reinvestment Plan will be voted by PPL Services Corporation, as the registered owner of such shares, in the same manner as shares held of record by that participant are voted. If a participant owns no shares of record, full and fractional shares credited to that participant's account will be voted in accordance with the participant's instructions on the Proxy. Shares held in the Dividend Reinvestment Plan will not be voted if Proxies are not returned.

To preserve voter confidentiality, the Company voluntarily limits access to shareowner voting records to certain designated employees of PPL Services Corporation. These employees sign a confidentiality agreement which prohibits them from disclosing the manner in which a shareowner has voted to any employee of PPL affiliates or to any other person (except to the Judges of Election or the person in whose name the shares are registered), unless otherwise required by law.

Regarding Proposal 1 (Election of Directors), the nominees receiving the highest number of votes, up to the number of directors to be elected, will be elected. Authority to vote for any individual nominee can be withheld by writing the number, which is beside that person's name in the list of nominees, in the box provided to the right of such list on the accompanying Proxy or by following the instructions if voting over the Internet or by telephone. In order to be approved, Proposal 2 (Ratification of the Appointment of Independent Auditor) must receive a majority of the votes cast, in person or by proxy, by the shareowners voting as a single class. A meeting of shareowners of the Company duly called shall not be organized for the transaction of business unless a quorum is present. The presence of shareowners entitled to cast at least a majority of the votes that all shareowners are entitled to cast on a particular matter to be acted upon at the meeting shall constitute a quorum for the purposes of consideration and action on the matter.

PROPOSAL 1: ELECTION OF DIRECTORS

PPL has a classified Board of Directors, currently consisting of nine directors divided into three classes. These classes consist of three directors whose terms will expire at the 2005 Annual Meeting, three directors whose terms will expire at the 2006 Annual Meeting, and three directors whose terms will expire at the 2007 Annual Meeting.

The nominees this year are Frederick M. Bernthal, John R. Biggar and Louise K. Goeser. The nominees are currently serving as directors. Dr. Bernthal and Mr. Biggar were elected by the Shareowners at the 2002 Annual Meeting, and Ms. Goeser was elected by the Board of Directors effective April 1, 2003. If elected by the Shareowners, Dr. Bernthal, Mr. Biggar and Ms. Goeser would serve until the 2008 Annual Meeting and until their successors are elected and qualified. Following the election of these three nominees, there will be nine members of the Board of Directors, consisting of three classes: three directors whose terms would expire at the 2006 Annual Meeting, three directors whose terms would expire at the 2007 Annual Meeting, and three directors whose terms would expire at the 2008 Annual Meeting.

The Board of Directors has no reason to believe that any of the nominees will become unavailable for election, but, if any nominee should become unavailable prior to the Annual Meeting, the accompanying Proxy will be voted for the election of such other person as the Board of Directors may recommend in place of that nominee.

The Board of Directors

recommends that shareowners vote FOR Proposal 1

NOMINEES FOR DIRECTORS:

FREDERICK M. BERNTHAL, 62, is President of Universities Research Association (URA), a position he has held since 1994. Located in Washington, D.C., URA is a consortium of 90 leading research universities engaged in the construction and operation of major research facilities. DuPont delivers science-based solutions for markets that make a difference in people's lives in food and nutrition; healthcare; apparel; home and construction; electronics; and transportation. Ms. Stalnecker serves on the board of Duke University and is president of the Board of Trustees of the Delaware Art Museum. Ms. Stalnecker received a bachelor's degree from Duke University and her M.B.A. from the Wharton School of Graduate Business at the University of Pennsylvania. She is a member of the Audit and Finance Committees. She has been a director since December 2001; her term ends in 2006.

GOVERNANCE OF THE COMPANY

Board of Directors

Attendance. The Board of Directors met six times during 2004. Each director attended at least 75% of the meetings held by the Board and its Committees during the year. The average attendance of directors at Board and Committee meetings held during 2004 was 97%. Directors are expected to attend all meetings of the Board, its Committees and shareowners. All directors attended the 2004 Annual Meeting of Shareowners.

Independence of Directors. At its January 2005 meeting, the Board determined that all of its non-employee directors are independent from the Company and management under the categorical standard of independence of the Company and under applicable New York Stock Exchange (NYSE) listing standards. In reaching this conclusion, the Board considered all transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries. Under the categorical standard of independence that the Board adopted for the Company:

Business transactions between the Company (and its subsidiaries) and a director's employer or the employer of the director's immediate family member, as defined by the rules of the NYSE, not involving more than 2% of the employer's consolidated gross revenues in any fiscal year, will not impair the director's independence.

Also, pursuant to NYSE standards, a director is not independent from the Company and management if, within the last three years, the director or an immediate family member of the director:

Is or has been an employee of the Company (and its subsidiaries), in the case of the director, or is or has been an executive officer of the Company (and its subsidiaries), in the case of an immediate family member of the director;

Edgar Filing: PPL CORP - Form DEF 14A

Has received more than \$100,000 in direct compensation from the Company (and its subsidiaries) in any year (excluding director or committee fees);

Is or was a partner or employee of any of the auditors of the Company, subject to certain exceptions;

Is or was employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on the other company's compensation committee; or

Is a current employee, in the case of the director, or is a current executive officer, in the case of an immediate family member, of a company that has made payments to, or received payments from, the

Company for property or services in an amount which exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

In addition to the independence requirements set forth above, the Board evaluates additional independence requirements under applicable Securities and Exchange Commission (SEC) rules for directors who are members of the audit committee. If determined to be independent pursuant to the standards set forth above, a director also will be deemed to be independent for purposes being a member of the audit committee if:

The director does not directly or indirectly, including through certain family members, receive any consulting, advisory or other compensatory fee from the Company (and its subsidiaries) except in such person's capacity as a director or committee member; and

The director is not an affiliated person of the Company (or any of its subsidiaries), meaning that the director does not directly or indirectly (through one or more intermediaries) control, is not controlled by or is not under common control with the Company (and its subsidiaries), all within the meaning of applicable securities laws.

Executive Sessions; Presiding Director. The independent directors meet in regular executive sessions during each Board meeting without management present. The Board has designated E. Allen Deaver as the presiding director to chair these executive sessions.

Guidelines for Corporate Governance. In January 2005, the Company enhanced its *Guidelines for Corporate Governance*. The full text of the *Guidelines* can be found in the Corporate Governance section of the Company's Web site (www.pplweb.com/about/corporate+governance.htm), and is available in print, without charge, to any shareowner who requests a copy.

Communications with the Board. Shareowners or other parties interested in communicating with the presiding director, with the Board or with the independent directors as a group may write to the Presiding Director or the Board of Directors c/o Corporate Secretary's Office, PPL Corporation, Two North Ninth Street, Allentown, Pennsylvania 18101. The Secretary of the Company forwards all correspondence to the respective Board members, with the exception of commercial solicitations, advertisements or obvious junk mail. Concerns relating to accounting, internal controls or auditing matters are to be immediately brought to the attention of the Company's Office of Business Ethics and Compliance and are handled in accordance with procedures established by the Audit Committee with respect to such matters.

Code of Ethics. The Company maintains its *Standards of Conduct and Integrity*, which are applicable to all Board members and employees of the Company and its subsidiaries, including the principal executive officer, the principal financial officer and the principal accounting officer of the Company. The full text of the *Standards* can be found in the Corporate Governance section of the Company's Web site (www.pplweb.com/about/corporate+governance.htm), and is available in print, without charge, to any shareowner who requests a copy.

Board Committees

The Board of Directors has five standing committees—the Executive, Compensation and Corporate Governance, Finance, Nuclear Oversight and Audit Committees. Each non-employee director usually serves on one or more of these committees. The Compensation and Corporate Governance, Finance, Nuclear Oversight and Audit Committees are composed entirely of independent directors. The charters of each of these committees are available in the Corporate Governance section of the Company's Web site (www.pplweb.com/about/corporate+governance.htm), and are available in print, without charge, to any shareowner who requests a copy.

Executive Committee. During the periods between Board meetings, the Executive Committee may exercise all of the powers of the Board of Directors, except that the Executive Committee may not elect directors, change the membership of or fill vacancies in the Executive Committee, fix the compensation of the directors, change the Bylaws, or take any action restricted by the Pennsylvania Business Corporation Law or the Bylaws (including actions committed to another Board committee). The Executive Committee met six times in 2004. The members of the Executive Committee are Mr. Hecht (chair), Drs. Bernthal and Heydt and Mr. Deaver.

Compensation and Corporate Governance Committee. The principal functions of the Compensation and Corporate Governance Committee (C&CGC) are to review and evaluate at least annually the performance

of the chief executive officer and other senior officers of the Company and its subsidiaries, and to set their remuneration, including incentive awards; to identify and recommend to the Board of Directors candidates for election to the Board; to review the fees paid to outside directors for their services on the Board of Directors and its Committees; to establish and administer programs for evaluating the performance of Board members; and to review management's succession planning. Another principal committee function is to develop and recommend to the Board corporate governance guidelines for the Company. All of the members of the C&CGC are independent within the meaning of the listing standards of the NYSE, the rules of the SEC and the Internal Revenue Service, and the Company's standards of independence described above under the heading of Independence of Directors. This committee met four times in 2004. The members of the C&CGC are Mr. Deaver (chair), Mr. Conway and Dr. Heydt.

The C&CGC establishes guidelines for new directors and evaluates director candidates. In considering candidates, the C&CGC seeks individuals who possess strong personal and professional ethics, high standards of integrity and values, independence of thought and judgment and who have senior corporate leadership experience. The Company believes that prior business experience is valuable, and it seeks to have certain prior experience on the Board, such as financial, operating and nuclear.

In addition, the C&CGC seeks individuals who have a broad range of demonstrated abilities and accomplishments beyond corporate leadership. These abilities include the skill and expertise sufficient to provide sound and prudent guidance with respect to all of the Company's operations and interests. Finally, the C&CGC seeks individuals who are capable of devoting the required amount of time to serve effectively, including preparation time and attendance at Board, Committee and shareowner meetings.

Nominations for the election of directors may be made by the Board of Directors or the C&CGC or by any shareowner entitled to vote in the election of directors generally. If the C&CGC or management identifies a need to add a new Board member to fulfill a special need or to fill a vacancy, the C&CGC usually retains a third-party search firm to identify a candidate or candidates. The C&CGC seeks prospective nominees through personal referrals, independent inquiries by directors and search firms.

Once the C&CGC has identified a prospective nominee, it generally requests the third-party search firm to gather additional information about the prospective nominee's background and experience. The Chairman, President and Chief Executive Officer and at least one member of the C&CGC then interview the prospective candidates in person. After completing the interview and evaluation process, which includes evaluating the prospective nominee against the standards and qualifications set out in the Company's *Guidelines for Corporate Governance*, the C&CGC makes a recommendation to the full Board as to the persons who should be nominated by the Board. The Board then votes on whether to approve the nominees after considering the recommendation and report of the C&CGC.

Shareowners interested in recommending nominees for directors should submit their recommendations in writing to: Secretary, PPL Corporation, Two North Ninth Street, Allentown, Pennsylvania 18101. In order to be considered, nominations by shareowners must be received by the Company 75 days prior to the 2006 Annual Meeting and must contain the information required by the Bylaws, such as the name and address of the shareowner making the nomination and of the proposed nominees and certain other information concerning the shareowner and the nominee. The exact procedures are included in the Company's Bylaws, which can be found at the Corporate Governance section of the Company's Web site (www.pplweb.com/about/corporate+governance.htm).

Finance Committee. The principal functions of the Finance Committee are to approve specific Company financings and corporate financial policies; to authorize capital expenditures in excess of the Company's annual business plan; to authorize acquisitions and dispositions in excess of \$5 million; and to review, approve and monitor the policies and practices of the Company and its subsidiaries in managing financial risk. All of the members of this Committee are independent within the meaning of the listing standards of the NYSE and the Company's standards of independence described above under the heading Independence of Directors. The Finance Committee met five times in 2004. The members of the Finance Committee are Mr. Smith (chair), Messrs. Conway and Deaver and Ms. Stalnecker.

Nuclear Oversight Committee. The principal functions of the Nuclear Oversight Committee are to assist the Board of Directors in the fulfillment of its responsibilities for oversight of the Company's nuclear function; to advise Company management on nuclear matters; and to provide advice and recommendations to the Board of Directors

concerning the future direction of the Company and management performance related to the

nuclear function. All of the members of this Committee are independent within the meaning of the listing standards of the NYSE and the Company's standards of independence described above under the heading of Independence of Directors. The Nuclear Oversight Committee met three times in 2004. The members of the Nuclear Oversight Committee are Dr. Bernthal (chair), Mr. Deaver, Ms. Goeser and Dr. Heydt.

Audit Committee. The primary function of the Audit Committee is to assist the Company's Board of Directors in the oversight of: (i) the integrity of the financial statements of the Company and its subsidiaries; (ii) the Company's compliance with legal and regulatory requirements; (iii) the independent auditor's qualifications and independence; and (iv) the performance of the Company's independent auditor and internal audit function. The Charter of the Audit Committee, which specifies the Audit Committee's responsibilities, is attached to this Proxy Statement as Schedule A and is available on the Company's Web site (www.pplweb.com/about/corporate+governance.htm). The Audit Committee met six times during 2004. The members of the Audit Committee are non-employees of the Company, and the Board of Directors has determined that each of its Audit Committee members has met the independence and expertise requirements of the NYSE, the SEC and the Company's independence standards described above under the heading Independence of Directors. The members of the Audit Committee are Dr. Heydt (chair), Dr. Bernthal, Mr. Smith and Ms. Stalnecker. The Company's Board of Directors has determined that Mr. Smith is an audit committee financial expert for purposes of the rules and regulations of the SEC.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the integrity of the Company's financial statements. Company management is responsible for the preparation and integrity of the Company's financial statements, the financial reporting process and the associated system of internal controls. PricewaterhouseCoopers LLP, the Company's independent auditor, is responsible for auditing the Company's annual financial statements in accordance with the standards of the Public Company Accounting Oversight Board and expressing an opinion as to the conformity of the statements with generally accepted accounting principles. The Audit Committee's responsibility is to monitor and review these processes. The Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditor.

The independent auditor is ultimately accountable to the Audit Committee, which has the sole authority to select, evaluate and replace the independent auditor and to approve all audit engagement fees and terms. The Audit Committee has discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, including the appropriateness and application of accounting principles.

The Audit Committee has received the written disclosures and the letter from its independent auditor required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has had discussions with PricewaterhouseCoopers LLP about its independence. The Audit Committee also considered whether the provision of non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the independence of such independent auditor.

In the performance of its responsibilities, the Audit Committee met periodically with the internal auditor and the independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

The Audit Committee has reviewed and discussed management's assessment of internal controls relating to the adequacy and effectiveness of financial reporting. The Audit Committee has also discussed with Company management, the internal auditor and the independent auditor the process utilized in connection with the certifications of the Company's principal executive officer and principal financial officer. These certifications are required by the Sarbanes-Oxley Act of 2002 and related SEC rules for the Company's annual and quarterly filings with the SEC.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004.

The Audit Committee has a Committee Charter that specifies its responsibilities. The Committee Charter, which has been approved by the Board of Directors, is attached to this Proxy Statement as Schedule A and is

available on the Company's Web site (www.pplweb.com/about/corporate+governance.htm). The Audit Committee's procedures and practices comply with the requirements of the SEC and the NYSE applicable to corporate audit committees.

Compensation of Directors

Directors who are Company employees receive no separate compensation for service on the Board of Directors or Committees of the Board of Directors. Non-employee directors receive a retainer of \$85,000 per year, of which a minimum of \$55,000 (Mandatory Deferral) is allocated to a deferred stock account under the Directors Deferred Compensation Plan (DDCP). Effective January 1, 2004, each non-employee director received a one-time additional retainer fee, equal to 3,500 deferred stock units, as a Mandatory Deferral. Any new director joining the Board of Directors in the future also would receive these same deferred stock units. Such deferred stock units have a 5-year restriction period and are subject to forfeiture if the director leaves the Board of Directors before the end of this restriction period. Each non-employee director also receives a fee of \$1,500 for attending Board of Directors meetings, Committee meetings and other meetings at the Company's request, and a fee of \$200 for participating in meetings held by telephone conference call. Committee Chairs receive an annual cash retainer of \$5,000 for the Committees that they chair, and the Presiding Director receives an annual cash retainer of \$30,000.

Pursuant to the DDCP, non-employee directors may elect to defer all or any part of the fees and any retainer that is not part of the Mandatory Deferral. Under this plan, these directors can defer compensation other than the Mandatory Deferral into a deferred cash account or stock account. Payment of these amounts and accrued interest or dividends is deferred until after the directors' retirement from the Board of Directors, at which time they can receive these funds in one or more annual installments for a period of up to ten years.

Under the terms of the DDCP, any increase in the annual retainer is automatically allocated to each director's deferred stock account. As with the other DDCP benefits, this additional deferred stock together with accrued dividends is available to the directors after retirement from the Board, at which time they can receive this stock in one or more annual installments for a period of up to ten years.

During 2004, the Company implemented the Executive Equity Ownership Program (Equity Guidelines). The Equity Guidelines provide that executive officers should maintain levels of ownership of Company common stock ranging in value from two times to five times base salary, as follows:

Executive Officer	Multiple of Base Salary
Chairman, President & CEO	5x
Executive Vice Presidents	3x
Senior Vice Presidents	2x
Presidents of certain operating subsidiaries	2x

Executive officers with more than five years of service in their executive or non-executive officer position with the Company are expected to achieve their minimum Equity Guidelines level by December 31, 2005. Executive officers with less than five years of service at a guideline level must attain their minimum Equity Guidelines level by the end of their five-year anniversary at that level. Until the minimum Equity Guidelines level is achieved, executive officers are expected to retain in Common Stock (or Common Stock units) 100% of the profit realized from the vesting of restricted stock and stock units and the exercise of options (net of taxes and, in the case of options, the exercise price). To assist the executive officers in achieving or surpassing their minimum Equity Guidelines level, the Company implemented the Cash Incentive Premium Exchange Program (Premium Exchange Program). Under this program, executives may elect to defer all or a portion of their annual cash incentive award in exchange for restricted stock units equal in value at the time of the grant to 140% of the cash amount so deferred (an Exchange). See REPORT OF THE COMPENSATION AND

CORPORATE GOVERNANCE COMMITTEE REGARDING EXECUTIVE COMPENSATION below for more details on this program.

Section 16(a) Beneficial Ownership Reporting Compliance

To the Company's knowledge, the Company's directors and executives met all filing requirements under Section 16(a) of the Securities Exchange Act of 1934 (the Exchange Act) during 2004, except that one Form 4 (*Statement of Changes in Beneficial Ownership*) was filed several days late by Mr. Champagne with respect to a sale of shares in August 2004.

Retirement Plans for Executive Officers

PPL officers are eligible for benefits under the PPL Retirement Plan, a defined benefit plan, and the PPL Supplemental Executive Retirement Plan (SERP) upon retirement from a PPL affiliated company. Certain PPL officers are not eligible for PPL Retirement Plan benefits but are eligible for a defined benefit pension from a subsidiary company. For purposes of calculating benefits under the PPL Retirement Plan, the compensation used is base salary, plus certain cash incentive awards, less amounts deferred under the PPL Officers Deferred Compensation Plan. Base salary, including any amounts deferred, is listed in the Summary Compensation Table on page 12. For purposes of calculating benefits under the SERP, the compensation used is base salary, cash bonus, and, in some cases, the value of any restricted stock grant for the year in which earned (as described below), as well as dividends paid on restricted stock. To measure compensation for the last year of employment prior to retirement, the PPL Retirement Plan and the SERP use a pro-rated amount of an assumed cash incentive award.

Benefits payable under the PPL Retirement Plan are subject to limits set forth in the Internal Revenue Code (the Code) and are not subject to any deduction for Social Security benefits or any other offset. Benefits are computed on the basis of the life annuity form of pension at normal retirement age of 65. The SERP is an unfunded, non-contributory plan. Unlike the PPL Retirement Plan, the SERP provides for the inclusion of earnings in excess of the limits contained in the Code, including deferred incentive compensation, in the calculation of final average earnings, and for benefits in excess of the limits provided under the Code. Except as described above, benefits payable under the SERP are computed on the same basis as the PPL Retirement Plan and are offset by PPL Retirement Plan benefits and for those officers eligible for benefits under the old formula described below, the maximum Social Security benefit payable at age 65. Benefits under both plans are reduced for retirement prior to age 60. Generally, absent a specifically authorized exception, no benefit is payable under the SERP if years of credited service are less than 10 years.

The following table shows the estimated gross annual retirement benefits for executive officers payable under the PPL SERP formula.

As of January 1, 2005, the years of service under the PPL Retirement Plan for Messrs. Hecht, Miller, Biggar and Champagne were 38, 3, 35 and 3, respectively. Mr. Peterson has a defined benefit from a subsidiary pension plan, which is estimated to pay him a fixed amount of \$7,320 annually beginning at age 65 and will be an offset to his SERP benefit. The years of credited service under the SERP for each of these officers are as follows: Mr. Hecht 30 years, Mr. Miller 4, Mr. Biggar 30, Mr. Champagne 16, and Mr. Petersen 23. The Compensation and Corporate Governance Committee granted additional years of service to Mr. Miller as a retention mechanism under the SERP. Mr. Miller will be granted additional service up to a maximum of 30 years upon attainment of age 60. The total SERP benefit will not increase beyond 30 years for any participant.

For officers hired on or after January 1, 1998, benefits under the SERP formula were revised as follows:

(i) restricted stock grants are not included in compensation for purposes of calculating benefits under the SERP; (ii) the percentage of pay provided as a retirement benefit was changed from 2.7% for the first 20 years of service plus 1.0% for the next 10 years, to 2.0% for the first 20 years and 1.5% for the next 10 years; and (iii) credit for years of service will commence as of the employee's date of hire instead of age 30.

For officers hired prior to January 1, 1998, benefits under the SERP are calculated under the greater of the old formula or the new formula, except that compensation for purposes of the old formula includes restricted stock grants only to the extent earned through December 31, 2001, and will be frozen as of December 31, 2001, and compensation for purposes of the new formula includes restricted stock grants only to the extent earned through December 31, 1997.

SUMMARY COMPENSATION TABLE

The following table summarizes all compensation for the Chief Executive Officer and the next four most highly compensated executives (Named Executive Officers) for the last three fiscal years, for service for PPL and its subsidiaries. Messrs. Hecht and Biggar also served as directors but received no separate remuneration in that capacity.

¹ Salary and bonus data include deferred cash compensation. Mr. Hecht deferred \$104,000 of salary for 2004 and \$52,000 of salary in each of 2003 and 2002; Mr. Miller deferred \$47,294 of bonus in 2002; Mr. Champagne deferred \$91,000 of salary in 2004, \$84,500 of salary in each of 2003 and 2002, and \$173,306 of bonus in 2002; and Mr. Petersen deferred \$279,446 of salary in 2004, and \$246,116 of salary and \$85,894 of bonus in 2002.

² Mr. Biggar elected to implement an Exchange of \$183,900 of his cash bonus for 2004 for restricted stock units under the Premium Exchange Program. Messrs. Hecht, Miller, Biggar, Champagne and Petersen elected to implement an Exchange of \$744,728, \$203,438, \$145,059, \$186,030 and \$178,779, respectively, of their cash bonus for 2003 for restricted stock units under the Premium Exchange Program. See description of the Premium Exchange Program under Stock Ownership above. The value of these restricted stock units is reflected under the Restricted Stock Award column of this table.

- ³ Includes taxable travel expense of \$27,614 paid to Mr. Champagne in 2002, and taxable travel expense paid to Mr. Petersen of \$1,891 in 2004, \$11,526 in 2003, and \$22,030 in 2002. Also includes compensation for vacation earned, but not taken, for Mr. Petersen of \$5,462 in 2004 and \$61,768 in 2002.
- ⁴ The dollar value of restricted common stock awards was calculated by multiplying the number of shares or units awarded by the closing price per share or unit on the date of the grant. As of December 31, 2004, the officers listed in this table held the following number of shares of restricted common stock and restricted stock units, with the following values: Mr. Hecht 56,360 (\$3,002,861); Mr. Miller 44,900 (\$2,392,272); Mr. Biggar 16,180 (\$862,070); Mr. Champagne 44,960 (\$2,395,469); and Mr. Petersen 33,400 (\$1,779,552). These year-end data do not include awards made in January 2005 for 2004 performance, or awards which had originally been restricted and for which the restriction periods have lapsed or been lifted. Dividends or dividend equivalents are paid currently on restricted stock awards. All outstanding restricted stock awards to these individuals have a restriction period of three years, except for 30,000 shares held by each of Messrs. Champagne and Miller that are restricted until May 23, 2018 for Mr. Champagne and October 1, 2008 for Mr. Miller, and 20,000 shares held by Mr. Petersen that are restricted until March 13, 2011, under their respective retention agreements discussed below.
- ⁵ Includes Company contributions to the Officers' Deferred Savings Plan and the ESOP accounts. Also includes relocation expenses of \$34,048 paid to Mr. Petersen in 2004.

OPTION GRANTS IN LAST FISCAL YEAR

The following table provides information on stock options granted to the Named Executive Officers during 2004.

¹ Exercisable in three equal annual installments beginning January 22, 2005.

² Values indicated are an estimate based on a discounted Black-Scholes option pricing model. The actual value realized, if any, will be determined by the excess of the stock price over the exercise price on the date the option is exercised. There is no certainty that the actual value realized will be at or near the value estimated by the discounted Black-Scholes option pricing model.

Assumptions used for the discounted Black-Scholes option pricing model are as follows:

Risk-free interest rate	3.79%
Volatility	32.79%
Dividend yield	3.51%
Time of exercise	10 years
Risk of forfeiture	94.11%

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES

CHANGE-IN-CONTROL ARRANGEMENTS

The Company has entered into agreements with each of the Named Executive Officers, which provide benefits to the officers upon certain terminations of employment following a change in control of the Company (as such term is defined in the agreements). The benefits provided under these agreements replace any other severance benefits provided to these officers by the Company, or any prior severance agreement.

Each of the agreements continues in effect until December 31, 2006, and the agreements generally are automatically extended for additional one-year periods. Upon the occurrence of a change in control, the agreements will expire no earlier than 36 months after the month in which the change in control occurs. Each agreement provides that the officer will be entitled to the severance benefits described below if the Company terminates the officer's employment following a change in control for any reason other than death, disability, retirement or cause, or if the officer terminates employment for good reason (as such terms are defined in the agreements).

The benefits consist of a lump sum payment equal to three times the sum of (a) the officer's base salary in effect immediately prior to date of termination, or if higher, immediately prior to the first occurrence of an event or circumstance constituting good reason, and (b) the highest annual bonus in respect of the last three fiscal years ending immediately prior to the fiscal year in which the change in control occurs, or if higher, the fiscal year immediately prior to the fiscal year in which first occurs an event or circumstance constituting good reason. In addition, under the terms of each agreement, the Company would provide the officer and dependents with continuation of welfare benefits for the 36-month period following separation (reduced to the extent the officer receives comparable benefits from another employer), and would pay the officer unpaid incentive compensation that has been allocated or awarded for a previous performance period, the maximum prorated awards for the current performance period, a lump sum payment having an actuarial present value equal to the additional pension benefits the officer would have received had the officer continued to be employed by the Company for an additional 36 months, outplacement services for up to three years and a gross-up payment for any excise tax imposed under the Internal Revenue Code. In addition, under the agreements, the Company would provide post-retirement health care and life insurance benefits to officers who would have become eligible for such benefits within the 36-month period following the change in control.

In addition, in the event of a change in control, the restriction period applicable to any outstanding restricted stock or restricted stock unit awards lapses under the Incentive Compensation Plan, and all restrictions on the exercise of any outstanding stock options lapse under the Incentive Compensation Plan.

RETENTION AGREEMENTS

PPL has executed agreements with Messrs. Champagne, Miller and Petersen granting Messrs. Champagne and Miller each 30,000 shares of restricted PPL common stock and Mr. Petersen 20,000 shares of restricted stock. The restriction period will lapse on May 23, 2018 for Mr. Champagne, October 1, 2008 for Mr. Miller and March 13, 2011 for Mr. Petersen. In the event of death or disability, the restriction period on a prorated portion of these shares will lapse immediately. In the event of a change in control of PPL, the restriction period on all of these shares will lapse immediately if there is an involuntary termination of employment that is not for cause (as such terms are defined in the agreements). In the event Mr. Champagne is terminated for cause or he terminates his employment with all PPL-affiliated companies prior to May 23, 2018, all shares of this restricted stock will be forfeited. In the event Mr. Miller is terminated for cause or he terminates his employment with all PPL-affiliated companies prior to October 1, 2008, all shares of this restricted stock will be forfeited. In the event Mr. Petersen is terminated for cause or he terminates his employment with all PPL-affiliated companies prior to March 13, 2011, all shares of this restricted stock will be forfeited. Mr. Miller has a provision in his agreement with the Company that provides a benefit to supplement the benefit payable to him under the SERP. This provision utilizes a theoretical SERP benefit after 30 years of service and subtracts the actual SERP benefit to yield a benefit amount under the agreement, but this benefit is forfeited if he fails to remain employed by the Company until age 60.

REPORT OF THE COMPENSATION AND CORPORATE GOVERNANCE COMMITTEE REGARDING EXECUTIVE COMPENSATION

GENERALLY

The Compensation and Corporate Governance Committee of the Board of Directors of PPL Corporation (PPL or the Company) establishes compensation and benefit practices for the executive officers of the Company. This Committee is comprised entirely of independent outside directors. For 2004, the Committee reviewed and evaluated the performance and leadership of the Chief Executive Officer and the other executive officers who are listed in the Summary Compensation Table on page 12 (Named Executive Officers).

COMPENSATION PHILOSOPHY

The compensation practices for executive officers discussed below are intended to provide a balance of base salary, short-term incentive opportunities tied to achievement of specific corporate performance goals, and long-term awards intended to promote sustained performance over the medium and longer-term. During 2004, the annual cash incentive program continued to be based on objective, measurable goals. Effective for 2004 performance, the long-term incentive program, consisting of restricted stock units and stock options, was restructured to balance focus on sustained medium-term (three-year) performance goals, strategic objectives and longer-term growth in shareowner value.

While a meaningful ownership of PPL common stock by executives has always been an important part of the Company's compensation philosophy, during 2003 the Committee adopted specific ownership requirements under the Executive Equity Ownership Program (Equity Guidelines). The Equity Guidelines provide that executive officers should maintain levels of ownership of Company Common Stock ranging in value from two times to five times base salary. Executive officers are generally expected to achieve their minimum Equity Guidelines level by December 31, 2005. Executive officers with less than five years of service at a particular guideline level must attain their minimum Equity Guidelines level by the end of their five-year anniversary at that level. Until the minimum ownership amount is achieved, executive officers are expected to retain in Common Stock (or Common Stock units) 100% of the gain realized from the vesting of restricted stock and stock units and the exercise of options (net of taxes and, in the case of options, the exercise price). To assist executive officers in achieving or surpassing their minimum ownership amount, in 2003 the Committee adopted the Cash Incentive Premium Exchange Program (Premium Exchange Program). Under this program, executives may elect to defer all or a portion of the annual cash incentive award for restricted stock units equal to 140% of the amount so deferred (an Exchange). The restricted stock units are subject to a three-year vesting period, with only the 40% premium portion subject to forfeiture during the restriction period. These two programs encourage increased stock ownership on the part of the executive officers, which further aligns the interests of management and shareowners.

Other compensation components, including retirement, retention, when appropriate, and change-in-control benefits, are also maintained to enhance the company's ability to attract and retain highly qualified executive talent. These compensation components are discussed under specific headings elsewhere in the proxy statement.

COMMITTEE MEETINGS

The Committee reviews the current levels of compensation, appropriate market reference points and actual performance against approved goals for the performance period over the course of two Committee meetings. The Committee's independent, nationally recognized compensation consultant provides assistance during this evaluation. Additionally, in making individual pay decisions, the Committee uses the results of individual evaluations of the Chief Executive Officer by each independent Board member and evaluations of the other Named Executive Officers, as well as other executive officers, conducted by the Chief Executive Officer.

BASE SALARIES

In general, the Committee's objective is to provide salary levels that are sufficiently competitive with comparable companies to enable the Company to attract and retain high-quality executive talent. To meet this objective, the Committee regularly reviews salary information for similar companies provided by its independent compensation consultant. In addition, the Committee annually reviews the performance of each executive officer to determine the appropriate level of base salary for that executive officer.

The Committee reviewed salary ranges for the Named Executive Officers by comparing these salary levels with those at companies of comparable size to the Company in the energy industry and in general industry.

After reviewing salary data for executive positions at comparable companies, the actual salaries and the performance of each of the Named Executive Officers, the Committee made appropriate salary adjustments for the Chief Executive Officer and the other Named Executive Officers, effective as of January 1, 2004.

INCENTIVE AWARDS

Short-term Incentive Annual Cash Awards

Cash incentive awards are made to executive officers for the achievement of specific, independent goals established for each calendar year. For 2004, the following award targets as a percentage of base salary were established for each executive officer, including the Named Executive Officers: Chief Executive Officer 100%; Executive Vice Presidents 65%; and Senior Vice President and Presidents of principal operating subsidiaries 50%.

Annual awards are determined by applying these target percentages to the percentage of goal attainment. The performance goals for the year are established by the Committee, and the Committee reviews actual results at year-end to determine the appropriate goal attainment percentage to apply to the salary targets.

The goal categories for 2004 included specific financial and operational measures for the Company and its subsidiaries designed to enhance the Company's position for success in the competitive market. The weightings for each of these categories are generally allocated 60% to the Company's earnings per share and enhanced shareowner value, and 40% to the financial and operational performance of the Company's principal operating subsidiaries. Included in the operating goals were specific requirements tied to compliance with the Sarbanes-Oxley Act of 2002. In the case of Messrs. Champagne and Petersen, more weight was given to the performance of the particular operating subsidiary for which they are President.

The level of goal attainment was measured at the end of the year and the category weightings were multiplied by the annual award target for each position to determine each executive officer's cash award for 2004 performance.

Long-term Incentive Restricted Stock Unit and Stock Option Awards

Effective for 2004 performance, the long-term incentive program was restructured to reduce the weight of stock options and increase the use of restricted stock, and to adjust the basis on which restricted stock incentive awards are made.

Restricted Stock Awards

Restricted stock incentive awards are based on the achievement of two components: (i) sustained financial and operational results and (ii) specific strategic objectives designed to enable the Company to continue to provide value to its shareholders. Sustained financial and operational achievement was determined by averaging the most recent three years of annual performance measures used for the annual cash awards. Strategic objectives were related to increasing shareowner value through implementation of certain long-term corporate initiatives, including actions to influence the evolution of government policies toward more competitive markets, develop an internal corporate structure to optimize PPL's wholesale hedging strategy, develop and retain management skills, and establish the financial profile necessary to optimize growth opportunities when the wholesale electricity markets strengthen.

Awards are made in the form of restricted stock units equivalent to the dollar value of the percentage applied to base pay in effect at the end of the year. Because of the three-year restriction period, this type of equity award encourages executive officers to continue their service at the Company. This program also encourages increased stock ownership on the part of the executives and aligns the interests of management and shareowners.

Stock Option Awards

The Committee may grant the executive officers options to purchase shares of the Company's common stock in the future. Because the exercise price for these options is based on the market price of the stock at the time of the grant, the ultimate value received by the option holders is directly tied to increases in the stock price. Therefore, stock options serve to closely link the interests of management and shareowners and motivate executives to make decisions that will serve to increase the long-term shareowner value. Additionally, the option grants include vesting and termination provisions that are designed to encourage the option holders to remain employees of the Company.

The following long-term incentive award targets as a percentage of base salary were established for each executive officer:

Long-term Incentive Program

Name and Position	Restricted Stock Units		Stock Options
	(Targets as % of Salary)		
	Sustained Financial and Operational Results	Strategic Objective Results	Stock Price Performance

Executive Vice Presidents	60%	60%	120%
Senior Vice President and Presidents of principal operating subsidiaries	40%	40%	80%

Based on its review of the incentive goals achieved for 2004, the Committee in January 2005 made the following incentive awards for each Named Executive Officer:

2004 Short-term Incentive Cash Awards

Name and Position	Cash Incentive Awards	
	Performance Attained	Cash Bonus
William F. Hecht Chairman, President and Chief Executive Officer	120.4%	\$ 1,252,200

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

In establishing Mr. Hecht's 2004 salary, the Committee reviewed the salaries of the chief executive officers of the comparison companies referenced above. As a result of this review and directors' appraisals of Mr. Hecht's performance, the Committee set his salary at \$1,040,000, effective January 1, 2004.

Based on the Company's performance on the specific corporate financial and operational goals and strategic objectives discussed above, Mr. Hecht received the cash and restricted stock unit awards outlined in the tables above. His cash award was equal to approximately 120% of his salary, and his restricted stock unit awards were equal to approximately 156% of his salary and were comprised of 81% for sustained financial and operational results and 75% for strategic objective results. In addition, Mr. Hecht was granted stock options in 2004, as described above.

TAX DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally provides that publicly held corporations may not deduct in any taxable year certain compensation in excess of \$1,000,000 paid to the chief executive officer and the next four most highly compensated executive officers. Performance-based compensation in excess of \$1,000,000 is deductible if certain criteria are met, including shareowner approval of applicable plans. In this regard, the Company's Short-term Incentive Plan is designed to enable the Company to make cash awards to officers that are deductible under Section 162(m); similarly, the Company's Incentive Compensation Plan enables the Company to make stock option awards under that Plan that are deductible under Section 162(m). Restricted stock

awards granted based on sustained financial and operational results may qualify as performance-based compensation under the terms of Section 162(m). The Committee generally seeks ways to limit the impact of Section 162(m). However, the Committee believes that the tax deduction limitation should not compromise the Company's ability to establish and implement incentive programs that support the compensation objectives discussed above. Accordingly, achieving these objectives

and maintaining required flexibility in this regard may result in compensation that is not deductible for federal income tax purposes.

PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITOR

The Audit Committee of the Company's Board of Directors has appointed PricewaterhouseCoopers LLP (PwC) to serve as independent auditor for the year ending December 31, 2005, for PPL and its subsidiaries. Services provided to PPL and its subsidiaries by PwC in 2004 are described under FEES TO INDEPENDENT AUDITOR FOR 2004 AND 2003 below.

FEES TO INDEPENDENT AUDITOR FOR 2004 AND 2003

The following table presents fees billed by PwC for the fiscal years ended December 31, 2004 and December 31, 2003 for professional services rendered for the audit of the Company's annual financial statements and for fees billed for other services rendered by PwC.

	2004	2003
	(In thousands)	
Audit fees ^(a)	\$ 5,767	\$ 2,238
Audit-related fees ^(b)	162	191
Tax fees ^(c)		792
All other fees ^(d)	7	

- (a) Includes audit of annual financial statements and review of financial statements included in the Company's Quarterly Reports on Form 10-Q and for services in connection with statutory and regulatory filings or engagements, including comfort letters and consents for financings and filings made with the SEC. The 2004 amount also includes approximately \$3.6 million of fees for audits relating to internal controls over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002.
- (b) Fees for audits of employee benefit plans and consultation to ensure appropriate accounting and reporting in connection with various business and financing transactions.
- (c) Fees for international tax consulting and advisory services. PwC no longer provides this type of service to the Company or any of its affiliates.
- (d) Fees for access to a research database licensed by PwC that provides authoritative accounting and reporting guidance.

Approval of Fees. The Audit Committee has procedures for pre-approving audit and non-audit services to be provided by the independent auditor. The procedures are designed to ensure the continued independence of the independent auditor. More specifically, the use of the Company's independent auditor to perform either audit or non-audit services is prohibited unless specifically approved in advance by the Audit Committee. As a result of this approval process, the Audit Committee has established specific categories of services and authorization levels. All services outside of the specified categories and all amounts exceeding the authorization levels are reviewed by the Chair of the Audit Committee, who serves as the Committee designee to review and approve audit and non-audit related services during the year. A listing of the approved audit and non-audit services is reviewed with the full Audit Committee no later than its next meeting.

The Audit Committee approved 100% of the 2004 and 2003 audit and non-audit related fees.

Representatives of PwC are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they want to do so, and they will also be available to respond to appropriate questions.

The Board of Directors has determined that it would be desirable to request an expression of opinion from the shareowners on the appointment of PwC. If the shareowners do not ratify the selection of PwC, the selection of

independent auditor will be reconsidered by the Audit Committee.

OTHER MATTERS

The Board of Directors is not aware of any other matters to be presented for action at the Annual Meeting. If any other matter is properly brought before the meeting that requires a vote of the shareowners, it is intended that the persons named as proxies will vote in accordance with the recommendation of the Board or, in the absence of such a recommendation, in accordance with their best judgment.

ADDITIONAL INFORMATION

Method and Expense of Solicitation of Proxies. The cost of soliciting Proxies on behalf of the Board of Directors will be paid by the Company. In addition to the solicitation by mail, a number of regular employees may solicit Proxies in person, over the Internet, by telephone, or facsimile. Brokers, dealers, banks and their nominees who hold shares for the benefit of others will be asked to send Proxy material to the beneficial owners of the shares, and the Company will reimburse them for their expenses.

Shareowner Proposals for the 2006 Annual Meeting. To be included in the proxy material for the 2006 Annual Meeting, any proposal intended to be presented at that Annual Meeting by a shareowner must be received by the Secretary of the Company no later than November 18, 2005. To be properly brought before the Annual Meeting, any proposal must be received not later than 75 days in advance of the date of the 2006 Annual Meeting.

PPL Corporation
AUDIT COMMITTEE CHARTER
Primary Function

The primary function of the Audit Committee is to assist PPL Corporation's Board of Directors in the oversight of: (i) the integrity of the financial statements of PPL Corporation and its subsidiaries (collectively, the Company); (ii) the Company's compliance with legal and regulatory requirements; (iii) the independent auditor's qualifications and independence; and (iv) the performance of the Company's independent auditor and internal audit function. Additionally, the Audit Committee is responsible for the Report of the Audit Committee required to be included in the Company's annual proxy statement.

Membership

The Audit Committee shall consist of at least three directors. The members of the Audit Committee shall be non-employees of the Company and shall not have any relationship with the Company that may interfere with the exercise of their independence from management and the Company and shall otherwise satisfy the applicable membership and independence requirements of the New York Stock Exchange and any applicable requirements of the Securities and Exchange Commission.

Meetings

The Audit Committee shall hold a minimum of four regular meetings each year and at such other times as it may deem necessary or appropriate.

Responsibilities

The principal duties and responsibilities of the Audit Committee of the Board of Directors are to:

1. Review the performance and audit results of the independent auditor. The independent auditor is ultimately accountable to the Audit Committee, which has the sole authority to select, evaluate and replace the independent auditor, and to approve all audit engagement fees and terms. The Audit Committee is also responsible for preapproving all audit and non-audit services to be provided by the independent auditor, as well as any significant non-audit relationship with the independent auditor.
2. Require that the independent auditor submits to the Audit Committee on a periodic basis a formal written statement delineating all relationships between the independent auditor and the Company, consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. Additionally, the Audit Committee shall obtain and review, at least annually, a report by the independent auditor describing: the independent auditor's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent auditor, and any steps taken to deal with any such issues.
3. Engage the independent auditor in a dialogue with the Audit Committee with respect to any disclosed relationships, services or fees that may impact the objectivity and independence of the independent auditor and take appropriate action in response to such information to satisfy itself of the auditor's independence. The Audit Committee may rely on the accuracy and completeness of the information provided by the independent auditor as to the services provided and fees paid and may rely on the representations of management in connection with the Audit Committee's consideration of the auditor's independence.
4. Review and discuss the annual audited financial statements and quarterly financial statements with management, the independent auditor, and internal auditor, including the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations and the judgments and acceptability of the application of accounting principles, unusual transactions, and the impact of proposed accounting rules, including a discussion of the matters required to be discussed by Statement on

Additionally, the Audit Committee shall review and discuss earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies.

5. Review and determine if a material charge for impairment to one or more of the Company's assets is required under generally accepted accounting principles.
6. Evaluate the overall adequacy and effectiveness of the Company's system of internal controls and processes by reviewing audit plans and audit results with the independent auditor and the internal auditor. This includes reviewing the results of management's assessment of internal controls relating to the adequacy and effectiveness of financial reporting.
7. Review and evaluate the Company's process for identifying, assessing and managing business risks and exposures, and discuss related guidelines and policies.
8. Review with the independent auditor the scope of the audit and plan for the independent auditor's annual audit prior to its implementation and review with the independent auditor any audit problems or difficulties and management's response.
9. Review the Company's program for compliance with applicable laws, regulations and standards of integrity.
10. Review the process and procedures established to raise concerns confidentially regarding accounting and auditing matters. The established procedures relate to the receipt, retention and disposition of complaints received by the Company regarding accounting, internal accounting controls and auditing matters.
11. Investigate instances of deviation from established codes of conduct or procedures that may affect the propriety and accuracy of the books and records of the Company.
12. Obtain advice and assistance from independent counsel, accounting, or other advisors as the Audit Committee determines is necessary to carry out its duties, at the expense of the Company.
13. Review the charter, audit strategy, audit plan, audit results, audit operations, and the overall effectiveness of the internal audit function.
14. Concur in the appointment or removal by management of the Director - Corporate Audit Services and establish hiring policies for employees or former employees of the independent auditor.
15. Meet separately with management, the independent auditor and the internal auditor on a periodic basis.
16. Review the process that the Company has in place to satisfy applicable Securities and Exchange Commission and New York Stock Exchange requirements, including preparation of the Report of the Audit Committee presented in the Company's annual proxy statement and submission of the Audit Committee Charter in the Company's annual proxy statement at least once every three years.
17. Report highlights of the Audit Committee's activities to the Board of Directors on a regular basis.

Review of Audit Committee Function and Audit Charter

The Audit Committee shall ensure that there is an annual performance evaluation of the Audit Committee. Also, the Audit Committee shall review and reassess the adequacy of this Charter on an annual basis and recommend any changes to the Board of Directors.
