Item 1.01. Entry into Material Definitive Agreement.

On January 20, 2006, the Compensation Committee (the Committee) of Tennant Company (the Company) approved the following:

Long-Term Incentive Plan 2006. The Committee approved the Long-Term Incentive Plan for 2006 (2006 LTIP), which is filed as Exhibit 10.1 to this report. The 2006 LTIP provides for the issuance of performance shares under the Company's equity compensation plans, based on the achievement of economic profit improvement of the Company over a three-year performance period from commencing in 2006 through the end of 2008. Awards are paid based on a sliding scale for economic profit improvement, with a maximum payout at 200% of target. Each participant's target is based on a percentage of base salary in effect as of March 31 of the first year in the measurement period. Payouts of performance shares are made 70% in shares of the Company's stock and 30% in cash.

Short-Term Incentive Plan 2006. The Committee approved the Short-Term Incentive Plan for 2006 (2006 STIP), which is filed as Exhibit 10.2 to this report. The 2006 STIP provides for bonuses to members of the Company's management team based on achievement of economic profit improvement at the corporate and business unit levels and achievement of individual goals. Each participant's target is based on a percentage of base salary. In order to determine the amount of the payout, the target is multiplied by (i) an economic profit improvement factor based on a sliding scale for economic profit improvement and (ii) an individual performance factor based on achievement of individual performance expectations, as determined by management. At least 50% of each participant's target award will be based upon achievement of economic profit improvement at the corporate level. If the corporate and business unit levels of economic profit are below 25% of the target improvement level, the economic profit payout will equal 25% so long as (i) the payout does not equal more than 25% of the actual net operating profit before taxes of the Company or the business unit and (ii) the individual objectives score is at least 90% of the target performance level. The individual performance factors include personal and business objectives approved by the Management Committee (as defined in the 2006 STIP). Awards under the 2006 STIP are paid in cash; however, any payout in excess of 200% of target is paid in the form of shares of restricted stock with a vesting schedule of 50% per year over two years. If a participant announces his or her retirement after receipt of the restricted stock, the restrictions shall lapse. If a participant retires during the performance year for the 2006 STIP, payouts in excess of 200% of target will be made in cash.

Targets for the Company's named executive officers under the 2006 LTIP and the 2006 STIP will be approved by the Committee in February 2006.

Non-Employee Director Compensation for CEO Selection Process

In recognition of the extensive participation of the non-employee directors of the Company in the Company's recent CEO selection process, which resulted in the appointment of H. Chris Killingstad as the Company's CEO, the Committee approved a one-time payment to each non-employee director of \$5,000, except that Stephen G. Shank, who served as the chair of the search committee, will receive a one-time payment of \$10,000 and Steven A. Sonnenberg, who joined the board recently, will receive a one-time payment of \$2,500.
