PROXY STATEMENT

Solicitation of Proxies

The Board of Directors of Angeion Corporation, a Minnesota corporation (Angeion or the Company), is soliciting your proxy for use at the 2011 Annual Meeting of Shareholders to be held at Angeion s offices located at 350 Oak Grove Parkway, Saint Paul, Minnesota 55127 at 2:30 p.m. local time on Thursday, May 26, 2011, and at any adjournment or postponement thereof. This Proxy Statement and the enclosed form of proxy will be mailed to shareholders commencing on or about April 15, 2011.

Cost and Method of Solicitation

The Company will pay the cost of soliciting proxies and may make arrangements with brokerage firms, custodians, nominees and other fiduciaries to send proxy materials to beneficial owners of common stock. The Company will reimburse them for reasonable out-of-pocket expenses. In addition to solicitation by mail, directors, officers and employees of the Company may solicit by telephone, electronic transmission or in person proxies.

Voting

Each share of the Company s common stock is entitled to one vote. You may vote your shares in person by attending the Annual Meeting or you may vote by proxy. If you vote by proxy, you must sign, date and return the enclosed proxy card in the envelope provided, or follow the instructions on the proxy card to vote by telephone or the Internet.

The Company encourages you to take advantage of telephone or Internet voting because of their ease and efficiency.

If you sign and return the proxy card on time, the individuals named on the proxy card will vote your shares as you have directed. If you do not specify on your proxy card how you want your shares voted, the individuals named on the enclosed proxy card will vote your shares as follows:

1. FOR each of the directors nominated by the Board of Directors in Proposal 1 Election of Directors; and
2. FOR the ratification of the appointment of Baker Tilly Virchow Krause, LLP as independent registered public accounting firm for Angeion Corporation for the year ended October 31, 2011 in Proposal 2.

Quorum and Vote Requirements

The total number of shares issued and entitled to vote at the meeting as of April 1, 2011 consisted of 3,875,376 shares of common stock, \$.10 par value. Each share of common stock is entitled to one vote. Only shareholders of record at the close of business on April 1, 2011 will be entitled to notice of, and to vote at, the Annual Meeting. A quorum, consisting of a majority of the shares of common stock entitled to vote at the Annual Meeting, must be present in person or by proxy before action may be taken at the Annual Meeting. If an executed proxy is returned and the shareholder has abstained from voting on any matter, the shares represented by that proxy will be considered present at the meeting for purposes of determining a quorum and for purposes of calculating the vote, but will not be considered to have been voted in favor or against such matter. For shares held in street name through a broker or other nominee, the broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. If an executed proxy is returned by a broker holding shares in street name indicating that the broker does not have discretionary authority as to certain shares to vote on one or more matters, these shares will be considered present at the meeting for purposes of determining a quorum, but will not be considered to be represented at the meeting for purposes of calculating the vote with respect to these matters.

Edgar Filing: ANGEION CORP/MN - Form DEF 14A

Under Minnesota law and the Company's Articles of Incorporation and Bylaws, if a quorum exists at the meeting, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "Withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, but will be counted for purposes of determining whether there is a quorum. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. If the shares present and entitled to vote on any particular item of business would not constitute a quorum for the transaction of business at the meeting, however, then that item must be approved by holders of a majority of the minimum number of shares that would constitute a quorum. A properly executed proxy marked "Abstain" with respect to any such matter will not be voted, but will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

Revoking a Proxy

If you give a proxy and later wish to revoke it before it is voted, you may do so by:

1. sending a written notice to that effect to the Secretary of the Company at the address indicated in this Proxy Statement;
2. submitting a properly signed proxy with a later date;
3. voting in person at the Annual Meeting; or
4. if you voted by telephone or through the Internet, by voting again either by telephone or through the Internet prior to the close of the voting facility.

A proxy not properly revoked will be voted as indicated on the proxy.

Director not Standing for Reelection

In addition to these nominees, each of whom is serving as a director, Scott A. Shuda, age 45, is also a current director of Angeion. Mr. Shuda is a Managing Director and Co-founder of BlueLine Partners, LLC, (BlueLine), a special situations investment firm that focuses on publicly listed technology and healthcare companies. Mr. Shuda was originally appointed as a director on March 9, 2010 and was elected, with the Company's other nominees, to a one-year term at the May 2010 Annual Meeting of Shareholders. On August 10, 2010, BlueLine and affiliated entities filed a Schedule 13D (the 13D Filing) with the Securities and Exchange Commission describing several areas of concern with respect to the Company's governance and its business strategy. In its filing, BlueLine called for a special meeting of shareholders to replace a majority of the directors of Angeion Corporation. On August 18, 2010, Angeion and BlueLine entered into an agreement (Agreement) that provided for BlueLine withdrawing its efforts to call a special meeting of shareholders.

Under the Agreement, BlueLine and Angeion agreed to a process that would establish a reconstituted Angeion Board consisting of seven members. The Agreement provided that four of the current members of the Board, including Mr. Shuda, would remain directors of Angeion. The other three continuing directors other than Mr. Shuda would be current board members of Angeion initially acceptable to BlueLine. These four continuing directors would then appoint three new directors, each of whom must be reasonably acceptable to each of the continuing directors.

Effective September 1, 2010, Mark W. Sheffert and Robert E. Munzenrider were appointed to the Angeion Board of Directors, directors Shuda, Baudhuin, Smith, and Young continued as directors and the other three then-current directors resigned as directors from the Angeion Board. The entire Board of Directors, including Mr. Shuda, subsequently appointed Gregory W. Beasley as the seventh member of the Board of Directors, with Mr. Beasley joining the Board on November 1, 2010.

On April 11, 2011, Mr. Shuda advised the Board that he and BlueLine were satisfied that the issues raised in the 13D Filing had been successfully addressed by the Company. Mr. Shuda further reported that his confidence in the reconstituted Board of Directors, Angeion's new Chief Executive Officer, and the progress made by the Company with respect to the strategic plans for the Company's Medical Graphics and New Leaf business lines, had caused Mr. Shuda and BlueLine to believe that Mr. Shuda's continued service on Angeion's Board was no longer necessary. Accordingly, Mr. Shuda advised the Board that he and BlueLine would prefer that Mr. Shuda not stand for reelection at the 2011 Annual Meeting of Shareholders.

Edgar Filing: ANGEION CORP/MN - Form DEF 14A

The Angeion Governance and Nominating Committee will immediately begin a search for an appropriate candidate to replace Mr. Shuda on the Board of Directors. After consulting with the Board's Governance and Nominating Committee, Mr. Shuda agreed that he would remain as a director until such time as the Board of Directors identified and appointed a suitable director to the Board of Directors so that Angeion remained in compliance with independence requirements of the Nasdaq Stock Exchange.

Audit Committee. The Audit Committee operates under a written charter adopted effective June 1, 2000, as amended on June 2, 2003. The Audit Committee reviews the Company's internal control structure and financial reporting activities, reviews the scope of the annual audit, reviews non-audit services performed by the independent registered public accounting firm to determine and maintain auditor independence, selects the Company's independent registered public accounting firm, reviews the Company's audited consolidated financial statements prior to release to the public and conducts discussions with the Company's independent registered public accounting firm each quarter in connection with their quarterly review. Baker Tilly, the Company's independent registered public accounting firm, reports directly to the Audit Committee. Each of the members of the Audit Committee is independent as defined by the rules of the Nasdaq Stock Market and the SEC. The Company's Board of Directors has reviewed the education, experience and other qualifications of each of the members of its Audit Committee. After review, the Board of Directors has determined that Robert E. Munzenrider qualifies as an audit committee financial expert to meet the SEC definition of an audit committee financial expert. The Audit Committee held five meetings during fiscal 2010. The Charter of the Audit Committee is posted on the Company's website at www.angeion.com.

Compensation Committee. The Compensation Committee operates under a written charter as amended March 1, 2010. Among other duties, the Compensation Committee reviews compensation of the Company's officers for fairness and competitiveness, determines the necessity for, and content of, any officer employment contracts, advises and recommends incentives in the form of overall corporate bonus plans and determines bonuses and grants of stock options for the Company's officers, and reviews the performance of the Company's Chief Executive Officer. The Compensation Committee also has the authority to make awards under, and adopt and alter administrative rules and practices governing, the Company's qualified or unqualified benefits plans, including the Company's 2002 Stock Option Plan and 2007 Stock Incentive Plan. The charter of the Compensation Committee requires that this Committee consist of no fewer than two board members who satisfy the requirements of the Nasdaq Stock Market, the non-employee director requirements of Section 16b-3 of the Securities Exchange Act of 1934, and the outside director requirements of Section 162(m) of the Internal Revenue Code. Each member of the Company's Compensation Committee meets these requirements. The Compensation Committee held two meetings during fiscal 2010. The Charter of the Compensation Committee is posted on the Company's website at www.angeion.com.

Governance and Nominating Committee. The Governance and Nominating Committee is responsible for reviewing the size and composition of the Board, identifying individuals qualified to become Board members, recommending to the Board of Directors nominees to be elected at the annual meeting of shareholders, reviewing the size and composition of Board committees, facilitating Board self-assessment and reviewing and advising on regarding strategic direction and strategic management. The Committee operates under a charter approved by the Board and each of its members is independent under Nasdaq listing standards. The Governance and Nominating Committee held one meetings during fiscal 2010. The Charter of the Governance and Nominating Committee and the Angeion Corporation Governance Guidelines are posted on the Company's website at www.angeion.com.

Director Independence

The Board of Directors has reviewed director independence guidelines in a manner consistent with the definitions of independence set forth in SEC Rule 10A-3 under the Securities Exchange Act of 1934 and the rules of the Nasdaq Stock Market. In accordance with these guidelines, the Board of Directors has reviewed and considered facts and circumstances relevant to the independence of each director and director nominee and has determined that Messrs. Baudhuin, Beasley, Munzenrider and Shuda, are independent under SEC Rule 10A-3 and an independent director under the rules of the Nasdaq Stock Market.

Director Nominations

The independent members of the Board of Directors are responsible for considering and selecting the nominees for election as directors at annual shareholder meetings. The Board believes a nominee should possess the highest level of professional and personal ethics and values, be free of any material conflict of interest with respect to board service, have broad experience at the policy-making level, have the ability to provide insight and practical wisdom based on experience and expertise, be an independent director as defined by the rules of the SEC and the Nasdaq Stock Market, be able to understand and relate to the culture of the Company, have sufficient time to properly discharge the duties associated with serving as a director, and have experience and knowledge that will enhance or maintain a diversity of business background among board members.

In addition, the Board believes that one or more of the Company's directors should possess certain specific qualities or skills. These include, among others, experience with publicly held companies, an understanding and background in corporate management, experience in delegation of duties, accounting experience, financial experience, legal experience, marketing experience, understanding of the medical device industry, and background and experience necessary to qualify as an audit committee financial expert as defined by the SEC.

Edgar Filing: ANGEION CORP/MN - Form DEF 14A

The Committee does not have a formal policy regarding diversity. Nevertheless, in making its recommendations, in addition to minimum requirements of integrity, ability to make independent analytical inquiries, personal health and a willingness to devote adequate time and effort to Board responsibilities, the Committee seeks to have a Board that reflects diversity in background, education, business experience, skills, business relationships and associations and other factors that will contribute to the Board's governance of the Company.

The Board's Governance and Nominating committee is comprised of independent directors who serve as the standing committee responsible for considering and recommending director nominees to the Board of Directors. Although the Governance and Nominating Committee has not received a submission in the past, it will consider qualified candidates for director that are submitted by our shareholders. Shareholders can submit qualified candidates, together with appropriate biographical information, to the Governance and Nominating Committee at: Angeion Corporation, 350 Oak Grove Parkway, Saint Paul, Minnesota 55127-8599. Submissions will be forwarded to the Governance and Nominating Committee for review and consideration. Any Shareholder desiring to submit a director candidate for consideration at our 2012 Annual Meeting of Shareholders must ensure that the submission is received by the Company no later than October 31, 2011 in order to provide adequate time for the Governance and Nominating Committee to properly consider the candidate.

Board Leadership

The Board does not have a formal policy regarding the separation of the roles of CEO and Chairman of the Board; however, the Board has determined that it is in the best interest of the Company's shareholders for the roles of Chairman and CEO to be separated. The current CEO Philip I. Smith is a member of the Board, while Mark W. Sheffert serves as Chairman of the Board of Directors. Under this structure, the Chairman, in collaboration with other non-employee directors, takes an active role in establishing the Board's governance practices, including setting Board meeting agendas, establishing Board priorities and establishing processes and procedures, while the CEO is able to focus on the execution of the Company's strategies, achievement of its goals and management of the Company's day-to-day operations.

Board Oversight of Risk Management

Angeion faces a variety of risks, including operational risk, financial risk, compliance risk, legal risk, risk to its reputation and IT risk. To date, the Board has informally discharged its responsibility for oversight of risk management both directly and through the Audit Committee. In addition, the Board encourages management to incorporate risk management considerations into the Company's strategies and day-to-day business operations. The Board is currently evaluating options to determine the best method for effectively discharging its responsibility for oversight of risk management, including its direct involvement in reviewing primarily and regularly, or formally delegating the primary risk management oversight role to a Board committee.

Contacting the Board of Directors

Any shareholder who desires to contact our Board of Directors may do so by writing to the Board of Directors, generally, or to an individual director at Angeion Corporation, 350 Oak Grove Parkway, Saint Paul, Minnesota, 55127-8599. Communications received electronically or in writing are distributed to the full Board of Directors, a committee or an individual director, as appropriate, depending on the facts and circumstances described in the communication received. Shareholders may also communicate with members of the Board by sending an e-mail to investor@angeion.com.

EXECUTIVE COMPENSATION

Executive Compensation Philosophy and Objectives of Compensation Program

Our philosophy with respect to the compensation of Executive Officers is based upon the following principles established by the Compensation Committee:

Executive Compensation Policy

Executive talent and performance are critical to the success of the Company. Executive compensation at Angeion Corporation is designed to provide a competitive compensation opportunity relative to similar medical instrument and device companies, in a manner aligned with business performance and shareholder returns. The Company uses base salaries, an annual incentive plan and equity grants to accomplish these objectives, and performs regular benchmarking analyses against comparable companies to anchor its practices firmly in the competitive market. The Company makes minimal use of perquisites in Executive Compensation. When assessing the market competitiveness of our compensation programs, we review third-party surveys and publicly available data relating to a specific group of companies.

Base Salary

The Company has adopted a policy that Base Salaries would be administered in a range set around the median of comparable companies, based primarily on individual experience, performance against objectives and other contributions, while taking into account the overall financial health of the Company.

Incentive Plan

The Company's 2010 annual incentives were linked to achievement of key business objectives through the establishment of the 2010 Management Incentive Bonus Plan described below. Payouts were available under the Annual Incentive Plan objective when threshold performance goals, established by the Board, were met. Upon achievement of all business objectives for a year, payouts are intended to be competitive in the industry. Substantial overachievement against all performance-based goals established by the Board creates a payout opportunity around the upper quartile of comparable companies.

Equity Compensation

Different forms of equity are used to directly align executive compensation with overall shareholder returns while managing expense and dilution of common shareholders. The Company's equity compensation practices are designed to be around median in the industry over time, and provide significant compensation opportunities above the median only in conjunction with substantial shareholder returns on a sustained basis. The Company currently uses stock options and restricted stock awards to accomplish equity compensation objectives.

Disclosure

The Company is committed to fair and full public disclosure of all compensation matters for its executive officers and for all equity compensation plans. The Company will not disclose any specific business goals related to its incentive plan that could be used by competitors.

All of our compensation programs are designed to attract and retain key employees, motivating them to achieve and rewarding them for superior performance. Our programs are geared to short and longer-term performance with the goal of increasing shareholder value over the long term. Executive compensation programs affect all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe the performance of every employee is important to our success, we are mindful of the effect of executive compensation and incentive programs on all of our employees.

We believe that the compensation of our executives should reflect their success as a management team, rather than individuals, in attaining key operating objectives, such as growth of sales, growth of operating earnings and earnings per share and growth or maintenance of market share and long-term competitive advantage, and ultimately, in attaining an increased market price for our stock. We believe that the performance of the executives in managing our company, considered in light of general economic and specific company, industry and competitive conditions, should be the basis for determining their overall compensation. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, but rather that the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of the Company by our executives. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option and other equity incentive programs.

Overview of Compensation Process

Elements of In-Service Compensation and Relationship to Objectives

We also provide the executive officers and other members of management with other benefits available to our employees generally, such as health, life, dental and disability insurance and participation in a 401(k) Plan.

Determining Executive Compensation and Design of Compensation Programs

It has been the practice of our Compensation Committee to review, at the beginning of the fiscal year, the elements of the executive officer's total compensation and compare the compensation of the executive officers with the compensation of officers performing comparable functions in their peer comparison group. Based upon this analysis, base salaries for our executive officers are reviewed and set at the first regularly scheduled meeting of our Compensation Committee and then recommended to the Full Board.

In setting base salaries, our Chief Executive Officer makes compensation recommendations to the Compensation Committee with respect to the executive officers and other member of management who report to him. These executive officers are not present at the time of these deliberations. For fiscal year 2010, the Compensation Committee reviewed Mr. Young's recommendations with respect to the salary compensation of the members of management.

Edgar Filing: ANGEION CORP/MN - Form DEF 14A

Consistent with its overall compensation philosophy, the Compensation Committee recommended and the Board approved and adopted the 2010 Management Incentive Bonus Plan (the "2010 Bonus Plan"), which is described below. The 2010 Bonus Plan provided for the payment of cash compensation to eligible employees, including the Company's executive officers, upon achievement of predetermined objectives. Payouts under the 2010 Bonus Plan would be based on achievement of two separate measurements:

- (i) Pre-tax income before equity-based compensation (that is, net pre-tax income prior to any stock-based compensation expense incurred for equity grants) ("PEBC") (50% weighting); and
- (ii) Total Angeion revenue (50% weighting).

There is a threshold, a target and a maximum for each of the two measurements under the 2010 Bonus Plan. Approximately 25 employees were eligible to participate in the 2010 Bonus Plan. The payouts to Mr. Young, Mr. Kapsen and Mr. Degen are described in the Summary Compensation Table.

Use of Compensation Consultant

Under the Compensation Committee's charter, the Committee has the authority to retain, at the Company's expense, independent counsel or other advisers as it deems necessary to carry out its responsibilities. Although the Compensation Committee retained Launch Venture Services in 2010 to advise it on compensation matters, including compiling a list of comparable companies and related information about executive and non-employee Board compensation, due in part to the changes in the Board of Directors that occurred in the fourth quarter of fiscal 2010, the Compensation Committee and Board took no action on these matters in 2010. Launch Venture Services was originally hired by the Compensation Committee in a prior year upon the recommendation of management.

Accounting and Tax Considerations

We have structured our compensation program to comply with Internal Revenue Code Sections 162(m) and 409A. Under Section 162(m) of the Internal Revenue Code, a limitation was placed on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless the compensation is performance-based. If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and these benefits do not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the executive officer is subject to regular federal income tax, interest and an additional federal income tax of 20% of the benefit includible in income. We have no individuals with non-performance based compensation paid in excess of the Internal Revenue Code Section 162(m) tax deduction limit.

Equity Granting Process

Traditionally, we have granted stock awards to our executive officers and other key salaried employees in conjunction with the review of the individual performance of our executive officers. The Company did not grant any stock options or restricted stock grants in 2010. Stock options are also granted in connection with the appointment of new executive officers, with the option grant effective as of the first day of employment. These regular and new-hire grants of stock options are approved in advance by the Compensation Committee or the board of directors. The Compensation Committee's policy is to grant all equity awards under shareholder approved equity compensation plans, such as our 2007 Stock Incentive Plan.

2011 Director Compensation

On April 11, 2011, the Board of Directors established the Non-Employee Director 2011 Compensation Plan, effective May 1, 2011. The compensation plan consists of the following elements: (i) an annual director retainer of \$20,000; (ii) additional annual retainers of \$25,000 for the Chairman of the Board, \$10,000 for the Chair of the Audit Committee and \$7,500 for the Chair of the Compensation Committee; (iii) Board meeting fees of \$2,750 for Board Chair and \$1,750 for other Board Members and (iv) Committee meeting fees of \$1,250 per meeting.

Under the new non-employee director compensation plan, the amount of equity compensation is a set dollar amount, with the number of shares to vary by value on the date of grant.

Finally, on April 11, 2011, the Company issued pro rata restricted stock grants for new directors that joined the Board since the 2010 Annual Meeting, equal to \$32,000 divided by the number of months of service performed during the time period from the date of the 2010 Annual Meeting of Shareholders to the 2011 Annual Meeting of Shareholders. On October 31, 2007, the Company entered into an Amended Employment Agreement and Change in Control Agreement with Mr. Young. In fiscal 2008, the Company increased Mr. Young's salary to \$314,600 and his salary was unchanged in fiscal 2009 and 2010. Under the Amended Employment Agreement, Mr. Young received an annual salary of \$314,600 and is entitled to earn an annual cash bonus ranging from 22.5% to 100% of his annual salary, based upon achievement of certain objectives in a bonus plan established by the Board of Directors. The Agreement also contained a non-compete provision for one year after the termination of Mr. Young's employment.

On November 15, 2010, Angeion announced that Mr. Young would step down as President and Chief Executive Officer, but would continue as an Angeion director and a consultant to the Company. Angeion also announced that its Board had implemented a succession plan, naming Angeion board member Philip I. Smith as President and Chief Executive Officer to succeed Young. Young remained with Angeion in a transition period through December 31, 2010, and Smith assumed the President and Chief Executive Officer positions on January 1, 2011.

Edgar Filing: ANGEION CORP/MN - Form DEF 14A

In connection with this transition, on November 15, 2010, the Company and Mr. Young entered into a Mutual Separation and Transition Agreement and related agreements under which (i) the Company agreed to continue Mr. Young's base salary of \$314,600 for one year; (ii) Mr. Young will be paid a lump sum bonus payment of \$180,000 on February 1, 2011, in lieu of any bonus or incentive amounts that he otherwise would have been eligible to receive under the applicable Angeion bonus and incentive plans; (iii) Mr. Young agreed to be a consultant to the Company for a 18-month period beginning January 1, 2011 and agreed to an extended non-compete covenant in exchange for a monthly payment of \$6,000 through June 30, 2012; and (iv) the Company agreed to provide a portion of Mr. Young's health coverage for up to 24 months. Mr. Young has also agreed to continue as a member of the Board of Directors of the Company and the Board indicated that it intended to nominate Mr. Young for election to serve as an Angeion director at the 2011 Annual Meeting of Shareholders.

Philip I. Smith. Smith Letter Agreement

The Company also entered into a letter agreement with Mr. Smith as President and Chief Executive Officer under which Mr. Smith receives a base salary of \$260,000. The Board has agreed to increase Mr. Smith's salary by \$10,000 at the end of six months and twelve months, assuming satisfactory performance by Mr. Smith. Mr. Smith will also have a bonus opportunity with target at 50% of his salary and a maximum of 100% of his salary, to be a combination of performance based corporate goals and personal goals developed by Mr. Smith together with the Angeion Compensation Committee and Board of Directors. Mr. Smith also received a one-time initial award of 25,000 shares of common stock vesting over a three-year period and will receive an annual grant of performance-based stock up to 30,000 shares based upon satisfaction of performance criteria that will be established by the Compensation Committee and Board of Directors. In March 2011, the Compensation Committee established the performance metrics for the vesting of 10,000 shares for Mr. Smith in fiscal 2011. In addition, Mr. Smith will be paid a personal allowance of \$12,000 per year. The Company also intends to enter into a change in control agreement under which, if Mr. Smith's employment is terminated by Angeion without cause or by Mr. Smith for good reason within twelve months of a change in control, Mr. Smith would be entitled to twelve months of base salary, plus any unpaid but earned bonuses and additional medical and outplacement payments.

Terrance J. Kapsen Employment Arrangement and Change in Control Agreement

The Company has no formal employment agreement with Mr. Kapsen. Mr. Kapsen currently receives an annual salary of \$200,000 and is entitled to earn an annual cash bonus ranging from 17.5% to 50% of his annual salary, based upon achievement of certain objectives in a bonus plan established by the Board of Directors. Targeted annual cash bonus for achievement of the objectives was 25%. Mr. Kapsen's employment is on an at will basis and may be terminated with or without prior notice by either party. The Company and Mr. Kapsen have agreed to non-compete provisions which extend for one year after the termination of Mr. Kapsen's employment.

The Company and Mr. Kapsen agreed to enter into a Change-in-Control Agreement dated as of October 22, 2004. Under this agreement, if Mr. Kapsen's employment is terminated during a period of twenty four months following a Change-in-Control of the Company (i) by the Company other than for Cause or death, or (ii) by Mr. Kapsen for Good Reason (as these terms are defined in the Agreements), then he will be entitled to a lump-sum payment equal to his currently effective base salary. In addition to these amounts, Mr. Kapsen would be entitled to a fee for out-placement services in an amount up to \$20,000 and the Company would continue to pay its portion of his health insurance for twenty four months as if he were still employed. Had this termination without cause occurred at October 31, 2010, the amount payable to Mr. Kapsen pursuant to his Change-in-Control Agreement would be approximately \$220,000.

Potential Payments under Terrance J. Kapsen Change in Control Agreement:

	Termination Without Cause or Resignation For Good Reason Within 24 Months of a Change in Control
Salary Continuation/Severance Payments	\$ 220,000

Accelerated Vesting of Stock Options	*

*Stock options become fully exercisable and restricted stock and restricted stock units automatically become fully vested upon the occurrence of a change in control as defined in the 2007 Plan, except that awards based on performance criteria where the performance period has not been achieved at the time of a change in control will not automatically accelerate. The Board may require options or stock appreciation rights be exercised prior to the change in control, may pay cash or other securities to cancel awards in connection with the change in control, or may provide for the successor to substitute its stock for outstanding awards.

William J. Kullback Employment Agreement and Change in Control Agreement

Effective March 17, 2008, the Company entered into an Employment Agreement with Mr. Kullback. Under the Employment Agreement, Mr. Kullback received an annual salary of \$200,000 and was entitled to earn an annual cash bonus ranging from 17.5% to 50% of his annual salary, based upon achievement of certain objectives in a bonus plan established by the Board of Directors. Mr. Kullback's Employment Agreement could be terminated upon 60 days written notice by either party, upon notice by the Company of termination for cause or upon the event of Mr. Kullback's death or disability. The Agreement also contained a non-compete provision for one year after the termination of Mr. Kullback's employment. On July 9, 2010, the Company and Mr. Kullback agreed to terms of separation resulting in separation payments as disclosed above in footnotes to the Summary Compensation Table.

Larry R. Degen Employment Arrangement

The Company has no formal employment agreement with Mr. Degen. Mr. Degen currently receives an annual salary of \$135,000 and is entitled to earn an annual cash bonus ranging from 17.5% to 50% of his annual salary, based upon achievement of certain objectives in a bonus plan established by the Board of Directors, which bonus is prorated for the 2010 partial year of employment. Targeted annual cash bonus for achievement of the objectives, as prorated, was 12.5%. Mr. Degen's employment is on an at will basis and may be terminated with or without prior notice by either party.

Bonuses for Executive Officers

Under the 2010 Bonus Plan, the Company established two separate categories: (i) Pre-tax income before equity-based compensation (PEBC Income(Loss)), that is net pre-tax income prior to any stock-based compensation expense incurred for equity grants (50% weighting); and (ii) total Angeion revenue (50% weighting). The payout to Mr. Young was agreed as a part of the Mutual Separation and Termination Agreement described above, in lieu of amounts accrued in the 2010 Plan. The payouts to Mr. Kapsen and Mr. Degen shown in the Summary Compensation Table reflect the Company's achievement of revenue of \$29.0 million and a PEBC (loss) of \$(77,000), which resulted in base salary payouts of 30.6% and 15.3% (time prorated), respectively.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors, in accordance with its charter, reviewed and discussed the audited financial statements with management and Baker Tilly Virchow Krause, LLP, our independent registered public accounting firm. Management of the Company is responsible for the preparation, presentation, and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. Our independent registered public accounting firm is responsible for auditing the Company's consolidated financial statements and expressing an opinion as to whether they are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America.

Edgar Filing: ANGEION CORP/MN - Form DEF 14A

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's consolidated financial statements as of and for the fiscal year ended October 31, 2010 were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm.

The Audit Committee has discussed with the independent registered public accounting firm matters required to be discussed by the applicable Auditing Standards as periodically amended (including significant accounting policies, alternative accounting treatments and estimates, judgments and uncertainties). In addition, the independent registered public accounting firm provided to the Audit Committee the written disclosures required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications to the Audit Committee concerning independence. The Audit Committee and the independent registered public accounting firm have discussed the auditors' independence from the Company and its management, including the matters in those written disclosures.

Additionally, the Audit Committee reviewed and pre-approved the services provided by Baker Tilly other than audit services and considered whether the provision of these other services by Baker Tilly is compatible with maintaining its independence. In reliance on the reviews and discussions with management and the independent auditors referred to above, the Audit Committee believes that the non-audit services provided by the independent registered public accounting firm are compatible with, and did not impair, auditor independence.

The Audit Committee also discussed with Baker Tilly the overall scope and plans for their respective audits for the year 2010. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to in the charter, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in our Annual Report on Form 10-K for the year ended October 31, 2010, as filed with the Securities and Exchange Commission.
