PART I

INTRODUCTORY NOTE

FORWARD-LOOKING STATEMENTS

This Form 10-KSB contains "forward-looking statements" relating to Altrimega Health Corporation ("Altrimega") which represent Altrimega's current expectations or beliefs including, but not limited to, statements concerning Altrimega's operations, performance, financial condition and growth. For this purpose, any statements contained in this Form 10-KSB that are not statements of historical fact are forward-looking statements. Without limiting the generality of the foregoing, words such as "may", "anticipation", "intend", "could", "estimate", or "continue" or the negative or other comparable terminology are intended to identify forward-looking statements. These statements by their nature involve substantial risks and uncertainties, such as credit losses, dependence on management and key personnel, variability of quarterly results, and the ability of Altrimega to continue its growth strategy and competition, certain of which are beyond Altrimega's control. Should one or more of these risks or uncertainties materialize or should the underlying assumptions prove incorrect, actual outcomes and results could differ materially from those indicated in the forward-looking statements.

Any forward-looking statement speaks only as of the date on which such statement is made, and the Company undertakes no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events. New factors emerge from time to time and it is not possible for management to predict all of such factors, nor can it assess the impact of each such factor on the business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

ITEM 1. DESCRIPTION OF BUSINESS

HISTORY AND ORGANIZATION

GENERAL

Altrimega was incorporated under the laws of the State of Nevada on September 8, 1998 as Mega Health Corporation. On June 23, 1999 the name of the corporation was changed to Altrimega Health Corporation.

Our initial plan of operation focused on marketing natural medicines and nutritional supplements. Our management had prior experience and established relationships with suppliers of various nutrients and we had established a relationship with a "contract" manufacturer to produce those products. We attempted to establish a distribution network with various marketing firms with experience in marketing nutritional supplements, however, these marketing efforts proved unsuccessful.

We began seeking potential business acquisition or opportunities to enter in an effort to continue business operations. In July 2001, we entered into a Plan and Agreement of Merger to acquire all of the issued and outstanding shares of YellowOnline.com, a California corporation ("YOL"). The transaction contemplated that upon closing, both the common and preferred shareholders of YOL would together own no less than eighty four percent (84%) of our then issued and outstanding shares. This transaction was not completed and was terminated on November 1, 2001.

Edgar Filing: ALTRIMEGA HEALTH CORP - Form 10KSB

On November 9, 2001, our former president and controlling shareholder, Howard Abrams sold 13,200,000 shares of our common stock owned by him to Rio Investment Group, LLC, a Delaware limited liability company. The 13,200,000 shares represented approximately 59.9% of our issued and outstanding shares. In connection with the transaction, Abrams resigned as an officer and director and Ashley Choate, of Ft. Worth, Texas, was appointed to replace him.

PROPOSED ACQUISITION OF ADVANCED WIRELESS MESSAGING, INC.

On December 11, 2001, we entered into an Exchange Agreement with Advanced Messaging Wireless, Inc., of Amarillo, Texas ("Advanced"). Advanced is a Texas corporation and formed in April 2001 as a marketing organization that offers wireless and communications products to consumers through its retail outlets. Advanced had entered into a licensing agreement with Nextel Communications to resell their services in the Southwestern United States. Advanced desired to be a customer focused communications and information technology company that

1

provides a full array of voice, video and data services as well as communications and technology-related products.

On July 15, 2002, Altrimega terminated the Exchange Agreement with Advanced due to Advanced's failure to satisfy certain conditions under the Exchange Agreement.

On July 25, 2002, Altrimega entered into a non-binding letter of intent with Creative Holdings, Inc., a South Carolina corporation. Pursuant to the Letter of Intent and upon the consummation of a definitive agreement, Altrimega would acquire Creative Holdings.

A Merger Agreement was executed on August 15, 2002, between Altrimega, Altrimega Acquisition Company, a Nevada corporation, Creative Holdings, Inc., a South Carolina corporation and the shareholders of Creative Holdings, Inc. Pursuant to the Merger Agreement, Creative Holdings would be merged with and into Acquisition Co., which would be the surviving corporation and continue its corporate existence under the laws of the State of Nevada as a wholly-owned subsidiary of Altrimega.

In consideration of the merger, Altrimega would issue a total of 320,000,000 shares of common stock of Altrimega to the shareholders of Creative Holdings in exchange for all of the common stock of Creative Holdings.

On September 2, 2002, Altrimega, Creative Holdings and the shareholders of Creative Holdings amended the Merger Agreement and restructured the merger into a stock exchange transaction, whereby Creative Holdings would become a wholly-owned subsidiary of Altrimega.

Pursuant to the Share Exchange Agreement, effective as of August 15, 2002 by and among Altrimega, Creative Holdings and the shareholders of Creative Holdings, the shareholders would exchange with, and deliver to, Altrimega 100% of the issued and outstanding capital stock of Creative Holdings in exchange for 20,000,000 shares of common stock of Altrimega and 1,000,000 shares of Series A Convertible Preferred Stock of Altrimega. Each share of Series A Convertible Preferred Stock will be convertible into 300 shares of common stock of Altrimega.

The merger was completed on October 17, 2002. At that time, Creative

Edgar Filing: ALTRIMEGA HEALTH CORP - Form 10KSB

Holdings became a wholly owned subsidiary of Altrimega. Ultimately, after certain shares were cancelled, the former shareholders of Creative Holdings received 13,619,950 shares of Altrimega's common stock.

Further, Altrimega is obligated to seek shareholder approval to increase its authorized capital stock to 800,000,000 shares of common stock.

Creative Holdings is a real estate holding company. Creative Holdings held options on a number of real estate projects located in the greater Myrtle Beach, S.C. area and in Charlotte, N.C. The following sets forth projects Creative Holdings is either involved in or pursuing:

- (1) The Barefoot Resort and Golf Community in N. Myrtle Beach, S.C.

Creative Holdings entered into a letter of understanding dated October 17, 2002 to purchase undeveloped land within the resort community that consists of approximately fifteen neighborhoods of single family homes and multi unit apartment buildings, constructed and marketed primarily by Centex. The community is built around four world class golf courses designed by golf notables, Davis Love III, Pete Dye, Greg Norman and Tom Fazio. Creative Holdings did not ultimately purchase this property mainly due to the seller's inability to close.

On January 20, 2003 and February 10, 2003, Altrimega signed letters of intent to enter into joint ventures to purchase two land tracts within the Barefoot Resort. One tract, adjoining the Dye Course clubhouse has plans for Creative Holdings to own and develop a 50% interest in a 150 unit interval ownership condominium project. The second tract is a 9 acre site adjoining the marina on the Atlantic Coastal Waterway, where Creative Holdings planned to own and develop a 50% interest in a marina villa project to consist of town home style residences overlooking the marina and waterway. The remaining 50% of each project was to be held by the original developer of the Barefoot Resort and Golf Community. Due to certain conditions that were not met by the seller, Creative Holdings has not gone forward with these projects to date. Creative Holdings is still considering these projects, assuming all of the conditions can be satisfied.

- (2) Sea Garden town home community in N. Myrtle Beach, S.C.

2

Altrimega has exercised Creative Holdings' option and acquired an 80% interest in Sea Garden Funding, LLC, the owner and developer of the remaining 59 units in a 175 unit, 2 bedroom, 2 bath town home community approximately 3 blocks from the Atlantic shoreline. Sea Garden Funding purchased the real property from Sea Garden, LLC on October 21, 2002 for the payment of \$210,000 and the assumption of \$1,071,344.66 in mortgages on the real property held by Horry County State Bank. The development consists of buildings that have either 4 or 5 units per building. The remaining 20% interest in Sea Garden Funding, LLC, is owned by an unaffiliated party. The community currently consists of 116 sold units.

- (3) A 15-acre site in Charlotte, N.C with development plans for a town home community consisting of 122 three bedroom units.

Altrimega held an option to purchase 100% of this property, which expired on May 15, 2003. Altrimega is still considering this project even though Altrimega's option rights have expired.

- (4) A prime commercial site in Myrtle Beach, S.C. with development plans

Edgar Filing: ALTRIMEGA HEALTH CORP - Form 10KSB

to build a multi-story office building.

Altrimega has entered into a letter of intent dated November 15, 2002 with Office Developers, LLC, to purchase this property and is currently performing due diligence on this project. Upon final contract, the Company will release pro-forma information on the site.

(5) Acquisition of 25% of the Billings Group, LLC

Altrimega has entered into a letter of intent dated September 20, 2002 with The Billings Group, LLC, to acquire a 25% interest in The Billings Group, which is a real estate brokerage firm that markets hotel and other commercial real estate on a national basis.

COMPETITION

There are a number of interval ownership and town home communities in the greater Myrtle Beach, S.C. and greater Charlotte, N.C. areas. Altrimega's projects and proposed projects in these areas are typically priced in the medium to upper ranges of current market pricing. Both areas are now and have in the recent past enjoyed vibrant growth of population which management believes has created demand for new housing. If these growth trends continue, there should be adequate demand for the Company's units for sale in the Sea Garden project, and in relation to other new properties of similar design and pricing in the markets in which we plan to participate.

EMPLOYEES

As of the date hereof, we have only one employee, our President and Chief Executive Officer, John W. Gandy. Altrimega has an employment agreement with Mr. Gandy, starting in 2003, which provides for an annual salary of \$100,000 with a 5% increase each year to a maximum of \$125,000, if Altrimega had a profit in the previous year.

RISKS RELATED TO OUR BUSINESS

WE ARE SUBJECT TO VARIOUS RISKS THAT MAY MATERIALLY HARM OUR BUSINESS, FINANCIAL CONDITION AND RESULTS OF OPERATIONS. YOU SHOULD CAREFULLY CONSIDER THE RISKS AND UNCERTAINTIES DESCRIBED BELOW AND THE OTHER INFORMATION IN THIS FILING BEFORE DECIDING TO PURCHASE OUR COMMON STOCK. IF ANY OF THESE RISKS OR UNCERTAINTIES ACTUALLY OCCURS, OUR BUSINESS, FINANCIAL CONDITION OR OPERATING RESULTS COULD BE MATERIALLY HARMED. IN THAT CASE, THE TRADING PRICE OF OUR COMMON STOCK COULD DECLINE.

ALTRIMEGA HAS HISTORICALLY LOST MONEY AND LOSSES MAY CONTINUE IN THE FUTURE

Since our inception we have not been profitable and have lost money on both a cash and non-cash basis. For the year ended December 31, 2002, we lost \$494,507 and we had no revenues for fiscal year 2002. Our accumulated deficit was \$494,507 as at the end of December 31, 2002. Future losses are likely to occur, as we are dependent on spending money to evaluate and pursue real estate projects. No assurances can be given that we will be successful in reaching or maintaining profitable operations. Accordingly, we may continue to experience liquidity and cash flow problems.

ALTRIMEGA WILL MOST LIKELY NEED TO RAISE ADDITIONAL CAPITAL OR DEBT FUNDING TO SUSTAIN OPERATIONS

Edgar Filing: ALTRIMEGA HEALTH CORP - Form 10KSB

Unless Altrimega can become profitable with the existing sources of funds, Altrimega will require additional capital to sustain operations and may need access to additional capital or additional debt financing to grow. In addition, to the extent that we have a working capital deficit and cannot offset the deficit we may have to raise capital to repay the deficit and provide more working capital to permit growth in revenues. We cannot assure you that financing whether from external sources or related parties will be available if needed or on favorable terms. Our inability to obtain adequate financing will result in the need to reduce the pace of business operations. Any of these events could be materially harmful to our business and may result in a lower stock price.

WE HAVE BEEN THE SUBJECT OF A GOING CONCERN OPINION FROM DECEMBER 31, 2002 FROM OUR INDEPENDENT AUDITORS, WHICH MEANS THAT WE MAY NOT BE ABLE TO CONTINUE OPERATIONS UNLESS WE CAN BECOME PROFITABLE OR OBTAIN ADDITIONAL FUNDING

Our independent auditors have added an explanatory paragraph to their audit opinions issued in connection with our financial statements for the year ended December 31, 2002, which states that the financial statements raise substantial doubt as to Altrimega's ability to continue as a going concern. Our ability to make operations profitable or obtain additional funding will determine our ability to continue as a going concern. Our financial statements do not include any adjustments that might result from the outcome of this uncertainty.

WE ARE SUBJECT TO A WORKING CAPITAL DEFICIT, WHICH MEANS THAT OUR CURRENT ASSETS ON DECEMBER 31, 2002 WERE NOT SUFFICIENT TO SATISFY OUR CURRENT LIABILITIES

We had a working capital deficit of \$352,204 at December 31, 2002, which means that our current liabilities as of that date exceeded our current assets on December 31, 2002 by \$352,204. Current assets are assets that are expected to be converted to cash within one year and, therefore, may be used to pay current liabilities as they become due. Our working capital deficit means that our current assets on December 31, 2002 were not sufficient to satisfy all of our current liabilities on that date. If our ongoing operations do not begin to provide sufficient profitability to offset the working capital deficit we may have to raise capital or debt to fund the deficit.

OUR COMMON STOCK MAY BE AFFECTED BY LIMITED TRADING VOLUME AND MAY FLUCTUATE SIGNIFICANTLY

There has been a limited public market for our common stock and there can be no assurance that a more active trading market for our common stock will develop. An absence of an active trading market could adversely affect our shareholders' ability to sell our common stock in short time periods, or possibly at all. Our common stock has experienced, and is likely to experience in the future, significant price and volume fluctuations, which could adversely affect the market price of our common stock without regard to our operating performance. In addition, we believe that factors such as changes in the overall economy or the condition of the financial markets could cause the price of our common stock to fluctuate substantially. These fluctuations may also cause short sellers to enter the market from time to time in the belief that Altrimega will have poor results in the future. We cannot predict the actions of market participants and, therefore, can offer no assurances that the market for our stock will be stable or appreciate over time.

OUR COMMON STOCK IS DEEMED TO BE "PENNY STOCK," WHICH MAY MAKE IT MORE DIFFICULT FOR INVESTORS TO SELL THEIR SHARES DUE TO SUITABILITY REQUIREMENTS

Our common stock is deemed to be "penny stock" as that term is defined in Rule 3a51-1 promulgated under the Securities Exchange Act of 1934. These

Edgar Filing: ALTRIMEGA HEALTH CORP - Form 10KSB

requirements may reduce the potential market for our common stock by reducing the number of potential investors. This may make it more difficult for investors in our common stock to sell shares to third parties or to otherwise dispose of them. This could cause our stock price to decline. Penny stocks are stock:

- o With a price of less than \$5.00 per share;
- o That are not traded on a "recognized" national exchange;
- o Whose prices are not quoted on the NASDAQ automated quotation system (NASDAQ listed stock must still have a price of not less than \$5.00 per share); or

4

- o In issuers with net tangible assets less than \$2.0 million (if the issuer has been in continuous operation for at least three years) or \$10.0 million (if in continuous operation for less than three years), or with average revenues of less than \$6.0 million for the last three years.

Broker/dealers dealing in penny stocks are required to provide potential investors with a document disclosing the risks of penny stocks. Moreover, broker/dealers are required to determine whether an investment in a penny stock is a suitable investment for a prospective investor.

OUR LIMITED OPERATING HISTORY MAKES IT DIFFICULT OR IMPOSSIBLE TO EVALUATE OUR PERFORMANCE AND MAKE PREDICTIONS ABOUT OUR FUTURE

Altrimega has only acquired one real estate project, the Sea Garden project, and did not have revenues for fiscal year 2002. Based on this limited history with real estate projects, it is difficult or impossible for us to evaluate our operational and financial performance, or to make accurate predictions about our future performance.

ITEM 2. DESCRIPTION OF PROPERTIES

Altrimega owns an 80% share of Sea Garden Funding, LLC. The operating agreement that governs the rights of the members of Sea Garden Funding, LLC, Creative Holdings, with an 80% interest and an unaffiliated party with the remaining 20% interest, was entered into on October 10, 2002. Sea Garden Funding owns the remaining units under construction and sites for future construction within the Sea Garden Town Home community in N. Myrtle Beach, S.C. Sea Garden consists of 116 sold units and 59 units to be constructed by the developer, Sea Garden Funding, LLC. Horry County State Bank holds a mortgage on this Property.

ITEM 3. LEGAL PROCEEDINGS

None.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITIES HOLDERS

No matters have been submitted to a vote of our shareholders during the fiscal year ended December 31, 2002. However, the Exchange Agreement with Creative Holdings, Inc. requires us to obtain, through a majority written consent of our stockholders, approval of an increased capitalization to 800 million shares and name change.

PART II

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

PLAN OF OPERATION

Altrimega has entered the real estate development business with its merger with Creative Holdings, Inc. of Myrtle Beach, S.C. Altrimega will strive to locate, evaluate and proceed to finance and develop multiple projects located primarily in the Myrtle Beach, S.C. area and the Carolinas area of the United States. Management believes that these areas provide the population growth necessary to achieve profits from new construction projects. For the last three years, Horry County, South Carolina has been one of the top three fastest growing counties in the United States. In 1997, Horry County showed a population of only 180,000. Based on current projections and the 2000 census data, the county will have a permanent population of 500,000 by next year. The principal industries of the area are tourism related. Myrtle Beach is considered a

6

drive-in market, where tourists will drive their cars rather than fly to the destination. The tourism industry in Myrtle Beach has developed three seasons, spring golf, summer beach vacations and fall golf. The spring and fall golf seasons bring approximately 150,000 visitors per week to play on the areas over 100 golf courses. The summer vacation season brings in approximately 400,000 per week. The average tourist stay is one week.

Altrimega's business strategy includes a focus on interval ownership properties that cater to this major tourism industry. As well, we intend to develop projects in the medium price ranges for the areas permanent service industry population.

Management will attempt to seek out low-risk projects that do not require large financing commitments. In addition, we have gone out of Horry County for one proposed project to Charlotte, N.C. and will continue to evaluate projects throughout the Carolinas in high growth areas.

RESULTS OF OPERATIONS

We are a development stage company and have had limited operations during the fiscal year ended December 31, 2002. Since our inception (September 8, 1998), we have generated net losses of \$494,507 and we have had limited operating capital. As a result, the report of our auditor contains a going concern qualification, which states that Altrimega will need additional capital for its future planned activities and to service its debt which raises substantial concern about our ability to continue as a going concern. Our continuation as a going concern is dependent on our ability to meet our obligations and obtain additional debt or equity financing required until our current and proposed real estate projects are under way and generating earnings. Until such time as these projects are generating earnings, we have taken the

Edgar Filing: ALTRIMEGA HEALTH CORP - Form 10KSB

following steps to revise our operating and financial requirements in an effort to enable us to continue in existence:

- o We have reduced administrative expenses to a minimum by consolidating management responsibilities to our president and chief executive officer.
- o We intend to seek either equity or further debt funding.
- o We will attempt to obtain the professional services of third-parties through favorable financing arrangements or payment by the issuance of our common stock.

We believe that the foregoing plan will enable us to generate sufficient funds to continue its operations for the next twelve months.

LIQUIDITY AND CAPITAL RESOURCES

As of December 31, 2001, we had assets of \$1,444,671 and liabilities of \$1,761,875, a difference of \$(317,204). Additionally, our current assets equal \$1,409,671 and our current liabilities equal \$1,761,875, creating a working capital deficit of \$352,204. We also had a net loss of \$494,507 for the year ended December 31, 2002 and had \$47,053 in cash and an accumulated deficit of \$494,507 on December 31, 2002. For the next 12 months we anticipate that we will need \$300,000 to continue to fund basic operations, in addition to funding necessary to acquire an develop real estate projects.

We had limited operations and no income during the fiscal year ended December 31, 2002. Our shortfall in working capital has been met through advances from our president, John Gandy, and other shareholders who have advanced funds to pay expenses incurred by the Company from time to time. At no time during the fiscal year 2002 did these short term loans exceed \$60,000.

We anticipate that we will require significant capital to maintain our corporate viability and execute our plan to develop real estate projects. We anticipate necessary funds will most likely be provided by our existing shareholders, our officers and directors and outside investors. We will require significant loan guarantees to acquire properties for development and to complete construction on Creative Holdings' planned projects. We will be required to pledge equity in the Company to induce individuals, officers or directors or other shareholders to guarantee our loans when necessary.

Altrimega's financial statements have been prepared on a going concern basis that contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. Management recognizes that Altrimega must generate additional resources to enable it to continue operations. Management is planning to obtain additional capital principally through the sale of equity and debt securities. The realization of assets and satisfaction of liabilities in the normal course of business is

7

dependent upon Altrimega obtaining additional equity or debt capital and ultimately obtaining profitable operations. However, no assurances can be given that Altrimega will be successful in these activities. Should any of these events not occur, the accompanying consolidated financial statements will be materially affected.

Altrimega is at present meeting its current obligations from its monthly

Edgar Filing: ALTRIMEGA HEALTH CORP - Form 10KSB

cash flows from investor capital and loans from related parties. However, due to insufficient cash generated from operations, Altrimega currently does not internally generated cash sufficient to pay all of its incurred expenses and other liabilities. As a result, Altrimega is dependent on investor capital and loans to meet its expenses and obligations. Although investor funds and related party loans have allowed Altrimega to meet its obligations in the recent past, there can be no assurances that Altrimega's present methods of generating cash flow will be sufficient to meet future obligations.

Cash from operating activities was \$47,053 for the year ended December 31, 2002. The cash from operations was mainly from an increase in accounts payable of \$1,439,656 and notes payable of \$210,000. There was no cash used or obtained from investing or financing activities during fiscal year 2002.

From time to time, Altrimega may evaluate potential acquisitions involving complementary businesses, content, products or technologies. Altrimega has no present agreements or understanding with respect to any such acquisition. Altrimega's future capital requirements will depend on many factors, including an increase in Altrimega's real estate projects, and other factors including the results of future operations.

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the balance sheet is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the balance sheet. An

Edgar Filing: ALTRIMEGA HEALTH CORP - Form 10KSB

audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall balance sheet presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Altrimega Health Corporation and Subsidiaries at December 31, 2002, and the statements of operations, and cash flows for the period July 3, 2002 (date of inception of the subsidiary) to December 31, 2002 and the statement of stockholders' equity for the period September 8, 1998 (date of inception of the parent) to December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company will need additional working capital for its future planned activity and to service its debt, which raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are described in Note 6. These financial statements do not include any adjustments that might result from the outcome of this uncertainty.

BASIC AND DILUTED NET INCOME (LOSS) PER SHARE

Edgar Filing: ALTRIMEGA HEALTH CORP - Form 10KSB

Basic net income (loss) per share amounts are computed based on the weighted average number of share actually outstanding. Diluted net income (loss) per share amounts are computed using the weighted average number of common shares and common equivalent shares outstanding as if the share had been issued on the exercise of the preferred share rights unless the exercise becomes anti-dilutive and then only the basic per share amounts are shown in the report.
