ITEM 1. SECURITY AND ISSUER

This Amendment No. 11 to Schedule 13D relates to Common Stock, par value \$0.01 per share (the "Common Stock"), of Chiron Corporation, a Delaware corporation (the "Company"). Novartis AG ("Novartis"), Novartis Corporation, ("Novartis Corp"), Novartis Biotech Partnership, Inc. ("Biotech"), and Novartis Pharma AG ("Novartis Pharma" and, together with Novartis, Novartis Corp and Biotech the "Reporting Persons") hereby amend the Schedule 13D.

ITEM 2. IDENTITY AND BACKGROUND

Item 2 is hereby amended as follows:

(a), (b), (c) and (f) The name, business address, present principal occupation or employment and citizenship of the executive officers and members of the Board of Directors of each of the Reporting Persons is set forth on Schedule I hereto and is incorporated herein by reference.

(d) and (e) None of the Reporting Persons nor, to the best knowledge of each of them, any of the persons listed on Schedule I hereto with respect to each such Reporting Person during the last five years, (i) has been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) or (ii) was a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

### ITEM 3. SOURCE AND AMOUNT OF FUNDS OR OTHER CONSIDERATION

Item 3 is hereby amended by adding the following:

Novartis plans to finance the transactions described in Item 4 below with available cash or other liquid assets.

### ITEM 4. PURPOSE OF TRANSACTION

Item 4 is hereby amended by adding the following:

(a) On September 1, 2005, Novartis presented the Company's independent directors with the proposal set forth in the letter below.

[Novartis Letterhead]

CONFIDENTIAL

September 1st, 2005

Independent Directors of Chiron Corporation  
Attention: Mr. Lewis W. Coleman  
                    Presiding Director  
4560 Horton Street, M/S Q-431  
Emeryville, CA 94608  
USA

Ladies and Gentlemen:

In connection with the Chiron Board's consideration of the serious issues Chiron faces, you inquired of our plans for our investment in the Company, including specifically whether we had any interest at this time in acquiring the outstanding shares in the Company that we do not already own. We

advised you that absent additional due diligence we would not be able to assess any potential change in our position in the Company but that we would be willing to undertake such due diligence if that were acceptable to the Independent Directors. With your agreement we have conducted our due diligence and we now have a deeper understanding of the Company and the pending situation. As Chiron's largest shareholder, Chiron's current situation is naturally a matter of concern to us, and so we have considered how we can best protect our investment in the Company. As is evident from Novartis' long history with Chiron, we have no intention of selling our interest.

Based on our due diligence review, we have concluded that the best result for all concerned, including Chiron, its shareholders and Novartis, would be for Novartis to acquire the shares in Chiron that it does not already own. We believe that Chiron, as a wholly-owned subsidiary of Novartis, would be better positioned to deal with the legal, regulatory and business issues that it is facing. Despite the challenges facing Chiron's vaccine business today, the acquisition would enable us to build a strategic platform in vaccines. Chiron's public shareholders would benefit from such a transaction as it would provide them with an immediate premium for their shares and eliminate their investment risk.

Accordingly, we are pleased to propose a transaction in which Novartis would enter into a cash merger agreement pursuant to which the public

Edgar Filing: CHIRON CORP - Form SC 13D/A

shareholders of Chiron would receive \$40.00 per share in cash. This price represents a 12% premium to Chiron's one week weighted average closing price. As an indication of our confidence that this transaction will be well received by Chiron's public shareholders, Novartis is willing to condition the merger on the approval of a majority of the public shares.

Of course, our proposal is subject to the approval of the Independent Directors and to the execution of definitive documentation. We are prepared to move quickly and to negotiate a customary merger agreement with Chiron's Independent Directors and its advisors. We have substantially completed our due diligence work and our merger terms will not include any due diligence or financing conditions, but only customary and usual closing conditions. We do not anticipate any significant obstacles to negotiating and consummating a mutually beneficial transaction promptly.

As I am sure you appreciate, consistent with our obligations under the U.S. federal securities laws, this letter will become publicly available when we forthwith file it with an amendment to our Schedule 13D.

We look forward to hearing from you.

Very truly yours,

/S/ Daniel Vasella

ITEM 5. INTEREST IN SECURITIES OF ISSUER

Item 5 is hereby amended in its entirety as follows:

(a) and (b) As of the date of this Amendment, Biotech is the record holder of 73,842,852 shares of Common Stock. In addition, pursuant to the Market Price Option Agreement, Biotech or its designee, which must be Novartis or a subsidiary thereof, has the right to purchase from the Company under certain circumstances such number of shares of Common Stock as are necessary for the Reporting Persons to maintain collectively up to a 55% ownership interest in the Company, which as of August 3, 2005, constituted the right to purchase an additional 53,363,841 shares, based on 187,879,648 shares of Common Stock outstanding at August 3, 2005, as reported in the Company's Quarterly Report on Form 10-Q for the period ended June 30, 2005. Biotech is the beneficial owner of 127,206,693 shares of Common Stock, or 53% of the Common Stock, assuming Biotech exercises its right to purchase the additional shares of Common Stock pursuant to Market Price Option Agreement. Biotech has shared power to vote or to direct

the vote and shared power to dispose or to direct the disposition with respect to all the shares of Common Stock beneficially owned by it.

Novartis Corp is the record holder of 7,456 shares of Common Stock. After adjusting the total number of shares beneficially owned by Novartis Corp to include the 127,206,693 shares beneficially owned by Biotech, Novartis Corp is the beneficial owner of 127,214,149 shares of Common Stock or 53% of the Common Stock, assuming Biotech exercises its right to purchase the additional shares of Common Stock pursuant to Market Price Option Agreement. Novartis Corp has shared

## Edgar Filing: CHIRON CORP - Form SC 13D/A

power to vote or to direct the vote and shared power to dispose or to direct the disposition with respect to all the shares of Common Stock beneficially owned by it.

Novartis Pharma is the record holder of 5,469,770 shares of Common Stock, or 2% of the Common Stock, assuming Biotech exercises its right to purchase the additional shares of Common Stock pursuant to Market Price Option Agreement. Novartis Pharma has shared power to vote or to direct the vote and shared power to dispose or to direct the disposition with respect to all the shares of Common Stock beneficially owned by it.

Novartis is the beneficial owner of the shares of Common Stock beneficially owned by Novartis Pharma, Novartis Corp and Biotech. Novartis beneficially owns 132,683,919 shares of Common Stock, giving it a 55% beneficial interest in the Company, assuming Biotech exercises its right to purchase the additional shares of Common Stock pursuant to Market Price Option Agreement. Novartis has shared power to vote or to direct the vote and shared power to dispose or to direct the disposition of the shares of Common Stock beneficially owned by Biotech, Novartis Corp and Novartis Pharma.

Any purchases of Common Stock by Novartis, Novartis Pharma, Novartis Corp or Biotech will reduce the number of shares of Common Stock that may be purchased pursuant to the Market Price Option Agreement, and accordingly, the percentage of the Common Stock beneficially owned by Novartis will not increase as a result of the acquisition of additional shares of Common Stock described in Item 4(a).

To the best knowledge of each of the Reporting Persons, none of the persons listed on Schedule I hereto with respect to such Reporting Person is the beneficial owner of any shares of Common Stock, other than Raymund Breu, who is the beneficial owner of 55,666 shares of Common Stock.

(c) Neither the Reporting Persons nor, to the best knowledge of each of the Reporting Persons, any of the persons listed on Schedule I with respect to each such Reporting Person has engaged in any transaction in the Common Stock in the past 60 days.

(d) Not applicable.

(e) Not applicable.

### MEDIA RELEASE - COMMUNIQUE AUX MEDIAS - MEDIENMITTEILUNG

NOVARTIS MAKES OFFER TO INDEPENDENT DIRECTORS TO BUY REMAINING STAKE IN CHIRON

BASEL, SEPTEMBER 1, 2005 - Novartis announced today that it has made a proposal to the independent directors of Chiron Corporation ( NASDAQ: CHIR) to acquire all of the remaining outstanding shares that it does not already own and has filed an amended Form 13-D as required by the US Securities and Exchange Commission.

Novartis currently holds a 42.2% stake in the US biopharmaceutical company and has submitted a proposal to acquire the approximately 112 million fully diluted shares (treasury method) of Chiron for USD 40.00 per share in cash, or a total of USD 4.5 billion. This offer was made after Novartis recently conducted due diligence on Chiron with the agreement of the company's independent directors.

Novartis will seek to negotiate a customary merger agreement with the independent directors of Chiron's Board of Directors that would be subject to approval by a majority of the Chiron shares not owned by Novartis. This transaction could be completed promptly, but there can be no assurance that an agreement will be reached on a transaction.
