Chelsea Property Group, Inc.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

1. Organization and Basis of Presentation

Chelsea Property Group, Inc. (the Company) is a self-administered and self-managed real estate investment trust (REIT). The Company is the managing general partner of CPG Partners, L.P., (the Operating Partnership or OP), an operating partnership that specializes in owning, developing, leasing, marketing and managing upscale and fashion-oriented manufacturers outlet centers. As of September 30, 2003, the Company wholly or partially owned 61 centers in 31 states and Japan containing approximately 16.1 million square feet of gross leasable area (GLA). The Company's portfolio is comprised of 30 Premium Outlet centers containing 10.3 million square feet of GLA (the Premium Properties) and 31 other retail centers containing approximately 5.8 million square feet of GLA (Other Properties) (collectively the Properties). The Company's Premium Properties generated approximately 76% and 86% of the Company's retail real estate net operating income for the nine months ended September 30, 2003, and 2002, respectively. The Premium Properties generally are located near metropolitan areas including New York City, Los Angeles, Chicago, Boston, Washington, D.C., San Francisco, Sacramento, Atlanta, Dallas, and Tokyo and Osaka, Japan. Some Premium Properties are also located within 20 miles of major tourist destinations including Palm Springs, the Napa Valley, Orlando, Las Vegas and Honolulu.

Virtually all of the Company's assets are held by, and all of its operations conducted through, the Operating Partnership. Due to the Company's ability, as the sole general partner, to exercise financial and operational control over the Operating Partnership, the Operating Partnership is consolidated in the accompanying financial statements. All significant intercompany transactions and accounts have been eliminated in consolidation.

Common ownership of the OP as of September 30, 2003, was approximately as follows:

	Number of units	% of total units
Company	43,481,000	85.5%
Unitholders	<u>7,383,000</u>	<u>14.5%</u>
Total	50,864,000	100.0%

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation have been included. Operating results for the nine-month period ended September 30, 2003, are not necessarily indicative of the results that may be expected for the year ending December 31, 2003. The balance sheet at December 31, 2002 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. These financial statements should be read in conjunction with the consolidated financial statements and accompanying notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

Certain amounts in the prior year financial statements have been reclassified to conform to current year presentation.

Notes to Condensed Consolidated Financial Statements
(Unaudited)

1. Organization and Basis of Presentation (continued)

In August 2001, the FASB issued Statement of Financial Accounting Standards No. 143, *Accounting for Asset Retirement Obligations* (SFAS 143) which was effective January 1, 2003. SFAS 143 requires the recording of the fair value of a liability for an asset retirement obligation in the period in which it is incurred. See note 4 to financial statements for discussion related to the estimated future costs to be incurred in connection with the future operations of Chelsea Interactive.

In November 2002, the FASB issued Interpretation No. 45, *Guarantor s Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others* (FIN 45). FIN 45 requires certain guarantees to be recorded at fair value, instead of recording a liability only when a loss is probable and reasonably estimatable, as those terms are defined in FASB Statement No. 5, *Accounting for Contingencies*. FIN 45 also requires a guarantor to make significant new disclosures, even when the likelihood of making any payments under the guarantee is remote. The disclosure requirements of FIN 45 are effective for financial statements of interim or annual periods ending after December 15, 2002. The Company adopted the disclosure provisions of FIN 45 effective December 31, 2002. FIN 45 s initial recognition and initial measurement provisions are applicable on a prospective basis to guarantees issued or modified after December 31, 2002.

In December 2002, the Financial Accounting Standards Board issued FASB Statement No. 148, *Accounting for Stock-Based Compensation-Transition and Disclosure*. Statement 148 amends Statement 123 to provide alternative methods of transition to Statement 123 s fair value method of accounting for stock-based employee compensation. Statement 148 also amends the disclosure provisions of Statement 123 whereby it requires that pro forma amounts shall reflect the difference in stock-based employee compensation cost, if any, included in net income and the total cost measured by the fair value based method that would have been recognized in the income statement if the fair value based method had been applied to all awards. The Company adopted the disclosure provisions of Statement 148, effective January 1, 2003 (see Note 2).

In January 2003, the FASB issued Interpretation No. 46, *Consolidation of Variable Interest Entities* (FIN 46). FIN 46 clarifies the application of existing accounting pronouncements to certain entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. The provisions of FIN 46 are effective for all variable interests in variable interest entities created after January 31, 2003. The Company has not created any variable interest entities subsequent to January 31, 2003. The provisions of FIN 46 are effective beginning in the fourth quarter for variable interest entities created before January 31, 2003. The Company is currently evaluating whether it has any variable interest entities.

2. Stock Option Plan

The Company elected Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees* (APB No. 25) and related Interpretations in accounting for its employee stock options. Under APB No. 25 s intrinsic value method, compensation expense, if any, is measured based on the award s intrinsic value, the excess of the market price of the underlying stock over the exercise price on the measurement date (which usually is the date of grant). Appropriately, through September 30, 2003, the intrinsic value of all employee stock options issued on the date of the grant was zero, resulting in no compensation expense.

Pro forma information regarding net income and earnings per share is required by SFAS No. 123, and has been determined as if the Company had accounted for its employee stock options under the fair value method. The fair value for these options was estimated at the date of grant using a Black-Scholes option pricing model with the following weighted average assumptions for 2003 and 2002 respectively:

Notes to Condensed Consolidated Financial Statements (Unaudited)

2. Stock Option Plan (continued)

Fair Value Assumptions:

	2003 -----	2002 -----
Price of stock on date of grant.....	\$ 36.20	\$26.30
Exercise price of option.....	\$ 36.20	\$26.30
Risk-free interest rate.....	4.0%	5.0%
Expected volatility factor	0.166	0.236
Expected dividend yield.....	6.0%	6.0%
Expected option life.....	4 years	4 years

The results in a fair value estimate will be higher when one or more of the following variables increase; the price of the stock, the expected volatility, the expected life of the option and/or the risk-free interest rate. Conversely, an increase in the exercise price of the option and/or the expected dividend yield of stock lowers the fair value of the underlying stock.

The Company granted options in March 2003, to acquire 45,000 shares at an exercise price of \$36.20 that expire in 2013.

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including expected stock price volatility. Because the Company's employee stock options have characteristics significantly different from those of traded options, and changes in the subjective input assumptions can materially affect the fair value estimate, management believes the existing models do not necessarily provide a reliable single measure of the fair value of its employee stock options.

For purposes of pro forma disclosures, the estimated fair value of the options is amortized to expense over the options vesting period. The Company's pro forma information is as follows (in thousands except for earnings per share information):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2003	2002	2003	2002
	-----	-----	-----	-----
Net income to common shareholders; as reported.....	\$25,006	\$24,223	\$68,124	\$49,5
Add: Stock based employee expense included in reported net income.....	-	-	-	
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of minority interest.....	(369)	(521)	(1,102)	(1,5
Pro forma net income.....	\$24,637	\$23,702	\$67,022	\$47,9
Earnings per share:	=====	=====	=====	=====
Basic - as reported.....	\$0.58	\$0.64	\$1.61	\$1.
Basic - proforma.....	\$0.57	\$0.62	\$1.58	\$1.
Diluted - as reported.....	\$0.55	\$0.61	\$1.54	\$1.
Diluted - proforma.....	\$0.54	\$0.60	\$1.52	\$1.

**Notes to Condensed Consolidated Financial Statements
(Unaudited)**

3. Acquisitions and Dispositions

Acquisitions

In August 2003, the Company acquired Belz Factory Outlet World Las Vegas (Las Vegas), a 477,000 square-foot outlet center in Las Vegas, Nevada, for \$104.0 million including the assumption of a \$24.4 million 8.12% mortgage loan due 2012. As part of the transaction, the Company also acquired Belz Factory Outlet World Lakeland (Lakeland) (collectively, the Belz Properties), a 319,000 square-foot outlet center near Memphis, Tennessee, for an additional \$3.5 million. The Lakeland property is being marketed for sale. The Company is in the process of determining the purchase price allocation and is considering the fair value of the in-place leases, land and building.

In June 2003, the Company purchased The Crossings Factory Stores, a 390,000 square-foot outlet center located in Tannersville, Pennsylvania, for \$111.3 million, including closing costs, and assumed a \$60.7 million 5.85% mortgage loan due 2013. An additional \$5.0 million will be due to the sellers upon the completion of a 21,000 square-foot expansion scheduled to open in late 2004, subject to permits. The Company is in the process of determining the purchase price allocation and is considering the fair value of the in-place leases, land and building.

Dispositions

In September 2003, the Company realized a gain of approximately \$0.9 million from the sale of one of its non-core properties, the former Factory Stores of America at Mesa, Arizona (Mesa property). Revenues and expenses, net of minority interest connected with the Mesa property have been reclassified to discontinued operations in the period of sale and comparable periods in the accompanying financial statements.

In June 2003, the Company sold a 23,000 square-foot Premium Outlet center located in St. Helena, California for \$7.4 million, resulting in a gain of approximately \$4.7 million. The center partially secured a mortgage note due April 2010 and \$5.0 million of the sales proceeds were used to pay down the mortgage loan. The aggregate revenues and net income of the sold property were \$0.4 million and \$0.2 million, respectively, for the nine months ended September 30, 2003. Revenues and expenses, net of minority interest related to the St. Helena property, have been reclassified to discontinued operations in the period of sale and comparable periods in the accompanying financial statements.

4. Investments in Affiliates

The Company holds several non-controlling interests in domestic and international joint ventures accounted for under the equity method. Equity in earnings or losses of these affiliates and related management advisory, license, leasing and guarantee fees earned are included in income from unconsolidated investments in the accompanying financial statements.

As of September 30, 2003, the Company's interests in joint ventures included a 40% interest in Chelsea Japan Co., Ltd. (Chelsea Japan), a 50% interest in two Premium Outlet centers with Simon Property Group, Inc. (Simon), a 50% interest in a strategic alliance with Sordo Madaleno y Asociados and affiliates (Chelsea Mexico), minority interests in various outlet centers and development projects in Europe operated by Value Retail PLC (Value Retail) and 100% of the non-voting preferred stock and 50% of the non-voting common stock of Chelsea Interactive, representing 40% of the total common stock.

**Notes to Condensed Consolidated Financial Statements
(Unaudited)**

4. Investments in Affiliates (continued)

In March 2003, Chelsea Japan opened the 180,000 square-foot first phase of Sano Premium Outlets, located 40 miles north of Tokyo. Chelsea Japan has two other centers: Gotemba Premium Outlets, located west of Tokyo, is a 390,000 square-foot center, including a 170,000 square-foot expansion that opened in July 2003; Rinku Premium Outlets, located near Osaka, is a 250,000 square-foot center including a 70,000 square-foot expansion that opened in March 2002.

In June 2002, the Company and Simon entered into a 50/50 joint venture to develop and operate Las Vegas Premium Outlets, a 435,000 square-foot single-phase outlet center located in Las Vegas, Nevada, which opened on August 1, 2003. The Company is responsible for financing its 50% share of development costs, or approximately \$48.0 million. As of September 30, 2003, the Company had contributed \$40.5 million and capitalized interest and other costs of \$3.8 million.

In August 2002, the Company and Simon entered into a 50/50 joint venture to develop and operate Chicago Premium Outlets, a 438,000 square-foot single-phase outlet center located in Aurora, Illinois, scheduled to open in mid-2004. The Company is responsible for financing its 50% share of the development costs, or approximately \$46.0 million. As of September 30, 2003, the Company had contributed \$19.4 million and capitalized interest and other costs of \$1.4 million.

As of September 30, 2003, the Company had incurred approximately \$2.0 million of pre-development and other costs related to the formation of the Mexico joint venture.

As of September 30, 2003, the Company had minority interests ranging from 3% to 8% in several outlet centers and outlet development projects in Europe. In July 2002, the Company sold approximately 45% of its holdings in Value Retail to a third party for \$11.4 million, resulting in a gain of \$10.9 million which was recorded as a gain on sale of unconsolidated investment in the accompanying financial statements.

At December 31, 2002, the Company recognized an impairment loss equal to the net book value of its investment in Chelsea Interactive. The Company believes that it will not be able to recover the net book value of its investment in Chelsea Interactive through future cash flows before reaching the Company's \$60.0 million funding limit. Through September 30, 2003, the Company had funded \$54.8 million and anticipates that the \$5.2 million funding balance may be used to further develop the platform and/or to fund operating cash shortfalls and potential costs related to the disposal or discontinuance of the business. A \$0.7 million and \$2.4 million funding loss was reported for the three and nine months ended September 30, 2003, respectively. Future funding by the Company will be reported, as a loss in the period funding is required. The Company has signed a joint venture agreement with a third party to restructure Chelsea Interactive, subject to the satisfaction of certain conditions. There can be no assurance that this joint venture will be successful or that Chelsea Interactive will be able to continue as a going concern.

The following is a summary of investments in and amounts due from affiliates at September 30, 2003 (in thousands):

	Chelsea Japan	Simon Ventures	Chelsea Mexico	Other	Total
Balance December 31, 2002	\$12,471	\$31,919	\$ -	\$3,607	\$47,997

In April 2002, the Company became the sole owner of Orlando Premium Outlets by acquiring the remaining 50% undivided ownership interest from Simon, and consolidated the operations and balance sheet from the buyout date.
- (3) At December 31, 2002, Chelsea Interactive recorded an impairment loss equal to the carrying amount of its net assets.
- (4) Long-term debt in 2003 and 2002 consists of borrowings related to Chelsea Japan.

Notes to Condensed Consolidated Financial Statements (Unaudited)

5. Non-Compete Agreement

The Company recognized income from its non-compete agreement with The Mills Corporation of \$1.3 and \$3.9 million during the three and nine months ended September 30, 2002, which is included in other income in the accompanying financial statements.

6. Debt

Unsecured Bank Debt

The Company has a \$200.0 million senior unsecured bank line of credit (the Senior Credit Facility) with an expiration date of March 31, 2005, which the Company has the right to extend until March 31, 2006. The Senior Credit Facility bears interest on the outstanding balance, payable monthly, at a rate equal to the London Interbank Offered Rate (LIBOR) plus 0.95% (2.05% at September 30, 2003) or the prime rate, at the Company's option. The LIBOR rate spread ranges from 0.85% to 1.50% depending on the Company's Senior Debt rating. The Company received a debt rating upgrade in July 2003, resulting in a reduction of the LIBOR rate spread to 0.95% from 1.05%. At September 30, 2003, \$78.0 million was outstanding under the Senior Credit Facility.

The Company has a one-year \$100.0 million unsecured bridge loan (the Bridge Loan Facility) due July 31, 2004 and has the right to extend the loan until January 31, 2005. The Bridge Loan Facility bears interest on the outstanding balance, payable monthly, at a rate equal to LIBOR plus 0.80% (1.91% at September 30, 2003). The LIBOR rate spread ranges from 0.70% to 1.35% depending on the Company's Senior Debt rating.

The Company also has a \$5.0 million term loan that carries the same interest rate and maturity as the Senior Credit Facility.

Unsecured Notes

A summary of the terms of the unsecured notes outstanding at September 30, 2003, and December 31, 2002, is as follows (in thousands):

	September 30, 2003	December 31, 2002	Effective Yield (1)
	-----	-----	-----

6. Debt (continued)**Mortgage Debt**

A summary of the terms of the mortgage debt outstanding at September 30, 2003, and December 31, 2002, and the related interest rate and Net Book Value (NBV) of the associated collateral as of September 30, 2003, are as follows (in thousands):

	September 30, 2003	December 31, 2002	Effective Interest Rate	NBV
Due July 2008 (1).....	\$165,505	\$167,723	7.26%	\$254,020
Due April 2010 (2).....	61,725	67,250	7.26%	67,725
Due December 2012 (3).....	25,993	-	6.29%	106,028
Due December 2012 (4).....	70,727	71,482	7.67%	74,817
Due March 2013 (5).....	63,836	-	5.10%	114,091
	-----	-----		-----
	\$387,786	\$306,455		\$616,681
	=====	=====		=====

- (1) The mortgage loan due July 2008 was consolidated as part of the August 2002 buyout of a joint venture partner's 51% interest in the F/C Acquisition joint venture. The mortgage calls for a \$1.2 million fixed monthly debt service payment based on a 26-year amortization schedule. During the nine months ended September 30, 2003, the Company recognized \$101,000 in debt discount amortization that is included in interest expense in the accompanying financial statements.
- (2) Chelsea Financing entered into a \$70.0 million mortgage loan due April 2010 originally secured by its four properties. On June 2, 2003 the Company sold one of the encumbered properties for \$7.4 million with an NBV of \$2.5 million. Proceeds of \$5.0 million were used to pay down the mortgage loan. The loan bears interest equal to LIBOR plus 1.50% (2.61% at September 30, 2003) or prime rate plus 1.0% and calls for quarterly principal amortization of \$0.25 million through April 2005 and thereafter \$0.45 million per quarter until maturity. In December 2000, the Company entered into an interest rate swap agreement to hedge against unfavorable fluctuations in LIBOR rates by fixing the interest rate at 7.26% until January 2006. During the nine months ended September 30, 2003, and 2002, the Company recognized interest expense of \$2.3 million and \$2.0 million, respectively, on the hedge that is included in interest expense in the accompanying financial statements.
- (3) The mortgage loan due December 2012 was assumed as part of an August 2003 acquisition. The stated interest rate of 8.12% was greater than that available to the Company for comparable debt. Consequently, the Company recognized a \$1.9 million debt premium that will be amortized over the period of the loan, which reduces the effective interest rate to 6.29%. The mortgage loan calls for a \$0.3 million fixed monthly debt service payment on a 17-year amortization schedule.
- (4) The mortgage loan due December 2012 was assumed as part of a September 2001 acquisition. The loan calls for a \$0.5 million fixed monthly debt service payment based on a 26-year amortization schedule. During the nine months ended September 30, 2003, and 2002, the Company recognized \$0.2 million in debt premium amortization that is included in interest expense in the accompanying financial statements.
- (5) The mortgage loan due March 2013 was assumed as part of a June 2003 acquisition. The stated interest rate of 5.85% was greater than that available to the Company for comparable debt. Accordingly, the Company recorded a \$3.4 million debt premium that will be amortized over the period of the loan, which reduces the effective interest rate to 5.10%. The loan calls for a \$0.4 million fixed monthly debt service payment on a 25-year amortization schedule.

Interest and loan costs of approximately \$1.2 million and \$0.8 million were capitalized as development costs during the three months ended September 30, 2003, and 2002, respectively; and approximately \$3.4 million and \$2.1 million during the nine months ended September 30, 2003, and 2002, respectively.

**Notes to Condensed Consolidated Financial Statements
(Unaudited)**

7. Financial Instruments: Derivatives and Hedging

The Company employs interest rate and foreign currency forwards or purchased options to hedge qualifying anticipated transactions. Gains and losses are deferred and recognized in net income in the same period that the underlying hedged transaction affects net income, expires or is otherwise terminated or assigned.

At September 30, 2003, the Company's interest rate swap was reported at its fair value and classified as other liability of \$5.8 million. At September 30, 2003, there were \$5.4 million in deferred losses, recorded in accumulated other comprehensive loss, a shareholder's equity account, and minority interest. During the nine months ended September 30, 2003, the Company reclassified \$0.5 million of other comprehensive loss to other expense as a result of its \$5.0 million pay down of swapped mortgage debt in June 2003.

<u>Hedge Type</u>	<u>Notional Value</u>	<u>Rate</u>	<u>Maturity</u>	<u>Fair Value</u>
Swap, Cash Flow	\$67.0 million	5.7625%	1/1/06	(\$5.8 million)

The notional value and fair value of the above hedge provides an indication of the extent of the Company's involvement in financial derivative instruments at September 30, 2003, but does not represent exposure to credit, interest rate, foreign exchange or market risk.

8. Preferred Units

In September 1999, the OP completed a private sale of \$65 million of Series B Cumulative Redeemable Preferred Units (Preferred Units) to an institutional investor. The private placement took the form of 1.3 million Preferred Units at a stated value of \$50 each. The Preferred Units may be called at par on or after September 2004, have no stated maturity or mandatory redemption and pay a cumulative quarterly dividend at an annualized rate of 9.0%. The Preferred Units are exchangeable into Series B Cumulative Redeemable Preferred Stock of the Company after ten years. Activity related to the Preferred Units is included in minority interest.

Notes to Condensed Consolidated Financial Statements (Unaudited)

10. Dividends

On September 11, 2003, the Board of Directors of the Company declared a \$0.535 per share dividend to shareholders of record on September 30, 2003. The dividend, totaling \$23.3 million, was paid on October 14, 2003. The OP simultaneously paid a \$0.535 per unit cash distribution, totaling \$3.9 million, to its minority unitholders.

11. Income Taxes

The Company is taxed as a REIT under Section 856(c) of the Code. As a REIT, the Company generally is not subject to Federal income tax. To maintain its qualification as a REIT, the Company must distribute at least 90% of its REIT taxable income to its stockholders and meet certain other requirements. If the Company fails to qualify as a REIT in any taxable year, the Company will be subject to Federal income tax on its taxable income at regular corporate rates. The Company may also be subject to certain state and local taxes. Under certain circumstances, Federal income and excise taxes may be due on its undistributed taxable income.

12. Net Income Per Common Share

Basic earnings per common share were computed using the weighted average number of shares outstanding. Diluted earnings per common share were computed using the weighted average number of shares outstanding adjusted for the incremental shares attributed to outstanding options to purchase common stock of 2.0 million and 1.7 million shares for the three months ended September 30, 2003 and 2002, respectively; and 1.9 million and 1.5 million shares for the nine months ended September 30, 2003, and 2002, respectively.

**Notes to Condensed Consolidated Financial Statements
(Unaudited)**

12. Net Income Per Common Share (continued)

13. Commitments and Contingencies

In connection with the Simon joint ventures, the Company has committed to provide 50% of the development costs, or approximately \$48.0 million for Las Vegas Premium Outlets and \$46.0 million for Chicago Premium Outlets. As of September 30, 2003, the Company had contributed \$40.5 million and \$19.4 million to the Las Vegas and Chicago projects, respectively.

Borrowings related to Chelsea Japan for which the Company and the OP have provided guarantees for repayment of debt as of September 30, 2003, are as follows:

Total Facility		Outstanding				
Yen	US \$ Equivalent	Yen	US \$ Equivalent	US \$ Guarantee	Due Date	Interest Rate
4.0 billion (1)	\$35.9 million	0.9 billion	\$ 8.5 million	\$ 8.5 million	2004	1.33%
3.8 billion (2)	34.1 million	3.4 billion	30.2 million	12.1 million	2015	2.20%
0.6 billion (2)	5.4 million	0.5 billion	4.8 million	1.9 million	2012	1.50%

- 1) Facility entered into by an equity investee of the Company that has a one-year extension option until April 1, 2005.
- 2) Facilities entered into by Chelsea Japan, secured by Gotemba and Rinku and 40% severally guaranteed by the Company.

In May 2002, the Company entered into a 50/50 joint venture agreement with Sordo Madaleno y Asociados and affiliates to jointly develop Premium Outlet centers in Mexico. Construction on the 230,000 square-foot first phase of Punta Norte Premium Outlets has commenced and the center is scheduled to open in late 2004. The Company is currently advancing its share of project costs up to \$14 million to its joint venture partners on a recourse basis until certain title and other issues are resolved. As of September 30, 2003, the Company contributed \$2.0 million for the project.

**Notes to Condensed Consolidated Financial Statements
(Unaudited)**

13. Commitments and Contingencies (continued)

As of September 30, 2003, the Company had provided limited debt service guarantees of approximately \$17.4 million to Value Retail and affiliates, under a standby facility for loans provided to Value Retail and affiliates to construct outlet centers in Europe. The standby facility, which has a maximum limit of \$22.0 million, expired in November 2001, and outstanding guarantees, shall not survive more than five years after project completion.

At September 30, 2003, other assets include \$8.5 million and accrued expenses and other liabilities include \$12.8 million related to the 2002 deferred unit incentive program which may be paid to certain key officers in 2007.

The Company is not presently involved in any material litigation or, to its knowledge, is any material litigation threatened against the Company or its properties, other than routine litigation arising in the ordinary course of business. Management believes the cost incurred by the Company related to any of its litigation will not be material and have been adequately provided for in the consolidated financial statements.

14. Related Party Information

In 1999, the OP established a \$6.0 million secured loan facility that will expire in June 2004 for the benefit of certain unitholders. Each borrower issued a note that is secured by OP units, bears interest at a rate of LIBOR plus 200 basis points per annum payable quarterly and is due by the facility expiration date. At September 30, 2003, the \$2.2 million note receivable from related parties represents a loan made to a unitholder, who is also an officer of the Company. During the three months ended September 30, 2003, the Company received \$1.1 million from a unitholder in full repayment of his loan. Effective June 2002, the Company changed its policy to eliminate new loans to directors and officers.

In August 1997, the Company and one of its directors entered into a Consulting Agreement pursuant to which the director agreed to perform services for the Company in connection with the development and operation of manufacturer's outlet centers in Japan and Hawaii. The agreement provided for payments to the director of \$10,000 per month and was terminated by the Company in December 1999. During the term of the agreement and for four years after the termination, the director will be entitled to deferred compensation of 1% of the development costs, up to a maximum amount of \$0.5 million per project, on all projects in which he was involved in Japan or Hawaii either directly or as a result of Mitsubishi and/or Nissho Iwai committing to develop such project with the Company in Japan. Fees paid under this agreement totaled \$0.3 million for the nine months ended September 30, 2003. These fees are included in investment in affiliates in the accompanying financial statements.

15. Segment Information

The Company is principally engaged in the development, ownership, acquisition and operation of manufacturers outlet centers and has determined that under SFAS No.131 Disclosures About Segments of an Enterprise and Related Information it has three reportable retail real estate segments: Premium domestic, other domestic and international. The Company evaluates real estate performance and allocates resources based on Net Operating Income (NOI) defined as total revenue less operating expenses. The primary sources of revenue are generated from tenant base rents, percentage rents and reimbursement revenue. Operating expenses primarily consist of common area maintenance, real estate taxes, promotional and general and administrative expenses. The retail real estate business segments meet the quantitative threshold for determining reportable segments.

16. Fair Value of Financial Instruments

The following disclosures of estimated fair value were determined by management, using available market information and appropriate valuation methodologies. Considerable judgment is necessary to interpret market data and develop estimated fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts the Company could realize on disposition of the financial instruments. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

Cash equivalents, accounts receivable, accounts payable, and revolving credit facilities balances reasonably approximate their fair values due to the short maturities of these items. Mortgage debt and the unsecured notes payable have an estimated fair value based on discounted cash flow models of approximately \$1.1 billion, which exceeds the book value by \$100 million. Unsecured bank debt is carried at an amount, which reasonably approximates its fair value since it is a variable rate instrument whose interest rate reprices frequently.

Disclosure about fair value of financial instruments is based on pertinent information available to management as of September 30, 2003. Although management is not aware of any factors that would significantly affect the reasonable fair value amounts, such amounts have not been comprehensively revalued for purposes of these financial statements since such date and current estimates of fair value may differ significantly from the amounts presented herein.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion should be read in connection with the accompanying unaudited condensed consolidated financial statements and notes thereto. These financial statements include all adjustments, which in the opinion of management are necessary to reflect a fair statement of results for all interim periods presented, and all such adjustments are of a normal recurring nature.

General Overview

From October 1, 2002 to September 30, 2003, the Company grew by increasing rents at its operating centers, acquiring nine retail centers, developing two new joint venture centers and expanding two wholly-owned centers and one joint venture center. For the nine months ended September 30, 2003, base rents increased \$55.7 million comprised of \$5.0 million of growth from existing centers and \$50.7 million from acquisitions and new development since October 1, 2002. The Company released or renewed approximately 1.3 million square feet of Premium Property GLA during the twelve months ended September 30, 2003, for which initial contractual cash rents under new leases were 13% higher than expiring leases. Investments in unconsolidated affiliates decreased \$1.7 million for the nine months ended September 30, 2003. The decrease was due to the purchase and consolidation of partners' interests in five centers during 2002 offset by earnings contributed largely from the expansion of one joint venture center and the opening of two new joint venture centers including one-time fees earned in 2003.

The Company operated GLA of 16.1 million square feet at September 30, 2003 and 12.5 million square feet at September 30, 2002. The Company's Premium Properties portfolio consists of 30 wholly or partially-owned centers containing 10.3 million square feet of GLA at September 30, 2003, and 27 wholly or partially-owned centers

Edgar Filing: CHELSEA PROPERTY GROUP INC - Form 10-Q

containing 8.4 million square feet of GLA at September 30, 2002. The Company's Other Properties consist of 31 wholly or partially owned centers containing 5.8 million square feet of GLA at September 30, 2003, and 27 wholly or partially owned centers containing 4.1 million square feet of GLA at September 30, 2002. Since October 1, 2002, the Company has added 3.6 million square feet (sf) of net GLA and details are as follows:

**Notes to Condensed Consolidated Financial Statements

(Unaudited)**

Results of Operations

Comparison of the three months ended September 30, 2003 to the three months ended September 30, 2002.

Income from continuing operations before minority interest was \$30.7 million, representing an increase of \$0.5 million or 1.6% for the three months ended September 30, 2003, from \$30.2 million for the three months ended September 2002. The increase was driven by the acquisitions of six centers in 2002 and three centers in 2003, the buyout of ownership interest in four centers in 2002, higher rents from releasing and renewals, and a decrease in the loss from Chelsea Interactive, largely offset by a gain of \$10.9 million, which reflects the sale of a portion of the Company's interest in Value Retail during July 2002 and partially due to increases in general and administrative, interest and other expenses.

Base rentals increased \$17.4 million, or 37.3%, to \$63.9 million for the three months ended September 30, 2003, from \$46.5 million for the three months ended September 30, 2002, due to the acquisitions of nine centers, the buyout of partnership interest in four centers, higher average rents on releasing and renewals, and the expansion of two wholly-owned centers in late 2002.

Percentage rents rose \$1.3 million, or 24.9%, to \$6.7 million for the three months ended September 30, 2003, from \$5.4 million for the three months ended September 30, 2002, primarily due to improved tenant sales, the acquisition of nine retail centers and the buyout of ownership interest in four centers in 2002.

Expense reimbursements, representing contractual recoveries from tenants of certain common area maintenance, operating, real estate tax and promotional and management expenses, increased \$4.1 million, or 25.3% from \$16.0 million for the three months ended September 30, 2002 to \$20.1 million for three months ended September 30, 2003, due to the recovery of operating and maintenance costs from increased GLA. The average recovery of reimbursable expenses for the Premium Properties was 85.9% for the three months ended September 30, 2003 compared with 89.9% for the same period in 2002. The average recovery of reimbursable expenses for the Other Retail centers for the three months ended September 30, 2003 was 70.6%, compared with 57.7% for the three months ended September 30, 2002. The increase in average recovery from Other Retail centers was a result of the better recovery of expense reimbursement at centers acquired in 2002.

Other income decreased \$1.1 million or 35.6% to \$1.9 million for the three months ended September 30, 2003, from \$3.0 million for the comparable period in 2002. The decrease was primarily due to the expiration of the non-compete agreement which included income recognition of \$1.3 million in 2002, and decreased interest income from lower interest rates, partially offset by increased ancillary operating income from acquisitions of the nine centers, and the buyout of partner's interest in four centers.

Operating and maintenance expenses increased \$5.5 million, or 28.4%, from \$19.2 million for the three months ended September 30, 2002 to \$24.7 million for the three months ended September 30, 2003, primarily due to costs related to increased GLA.

Depreciation and amortization expense was up \$3.1 million, or an increase of 20.4%, from \$15.0 million for the three months ended September 30, 2002 to \$18.1 million for the three months ended September 30, 2003. The increase reflects additional expense incurred from the acquisitions of the nine centers and the buyouts of ownership interests during the second half of 2002.

General and administrative expense grew \$1.0 million, or 64.4%, to \$2.6 million for the three months ended September 30, 2003, from \$1.6 million for the corresponding period in 2002, primarily due to increased cost for corporate governance, salaries and professional fees.

Other expenses increased \$0.3 million, or 34.4%, from \$1.0 million for the three months ended September 30, 2002 to \$1.3 million for the three months ended September 30, 2003, due to increased reserve for bad debt and legal fees.

Income from unconsolidated investments was up \$1.1 million or 53.8%, to \$3.1 million for the three months ended September 30, 2003, from \$2.0 million for the three months ended September 30, 2002, mainly due to higher earnings and management fees resulting from the openings of Sano and Las Vegas Premium Outlets and the expansion of Gotemba Premium Outlets, partially offset by the buyout of partners' interests in 2002.

The loss from Chelsea Interactive decreased \$3.1 million, or 82.1%, to \$0.7 million for the three months ended September 30, 2003, from a loss of \$3.8 million for the three months ended September 30, 2002, due to the write-off of the Company's investment at December 31, 2002. The loss for the three months ended September 30, 2003 represents funding to Chelsea Interactive.

Gain on sale of unconsolidated investments of \$10.9 million for the three months ended September 30, 2002 reflects the sale of a portion of the Company's interest in Value Retail.

Interest expense increased \$4.6 million, or 35.5%, to \$17.7 million for the three months ended September 30, 2003, from \$13.1 million for the three months ended September 30, 2002 due to higher debt that financed acquisitions and buyouts of partners' interests.

Gain on sale of discontinued operations of \$0.8 million, net of minority interest of \$0.1 million for the three months ended September 30, 2003, reflects the sale of an other retail center in September 2003.

Results of Operations

Comparison of the nine months ended September 30, 2003 to the nine months ended September 30, 2002.

Income from continuing operations before minority interest was \$81.0 million, representing an increase of \$17.1 million, or 26.7% for the nine months ended September 30, 2003, from \$63.9 for the nine months ended September 2002. The increase was the result of the acquisitions of seven centers in 2002 and three centers in 2003, the expansion of two wholly-owned centers in late 2002, the buyout of ownership interests of five centers in 2002, higher rents from releasing and renewals, and reduced loss from Chelsea Interactive, partially offset by the sale of a portion of the Company's interests in Value Retail, as well as increases in general and administrative, interest and other expenses.

Base rentals increased \$55.7 million, or 43.8%, to \$183.1 million for the nine months ended September 30, 2003, compared with \$127.4 million for the nine months ended September 30, 2002, due to the acquisitions of ten centers, the buyout of partnership interests in five centers, the expansion of two wholly-owned centers and higher average rents from releasing and renewals.

Percentage rents grew \$3.0 million, or 23.3 %, to \$15.8 million for the nine months ended September 30, 2003, from \$12.8 million for the nine months ended September 30, 2002, primarily due to the acquisitions of ten retail centers, the buyout of ownership interests in five centers during 2002 and improved tenant sales.

Expense reimbursements, representing contractual recoveries from tenants of certain common area maintenance, operating, real estate tax and promotional and management expenses, increased \$16.4 million, or 38.2%, to \$59.4 million for the nine months ended September 30, 2003, from \$43.0 million for the nine months ended September 30, 2002, due to the recovery of operating and maintenance costs from increased GLA. The average recovery of reimbursable expenses for the Premium Properties was 87.8% for the nine months ended September 30, 2003 compared with 88.4% for the corresponding period in 2002. The average recovery of reimbursable expenses for the Other Retail centers was 69.8% for the nine months ended September 30, 2003, compared with 55.1% for the nine months ended September 30, 2002. The increase in average recovery from Other Retail centers was a result of better

recovery of expense reimbursements at centers acquired in 2002 and 2003.

Other income decreased \$3.0 million or 36.4% to \$5.2 million for the nine months ended September 30, 2003, from \$8.2 million for the nine months ended September 30, 2002. The decrease was mainly due to the expiration of the non-compete agreement which included income recognition of \$3.9 million in 2002 and a decrease in interest income from lower interest rates, partially offset by an increase in ancillary operating income and a gain from an outparcel sale in 2003.

Operating and maintenance expenses rose \$18.8 million, representing an increase of 35.5%, from \$53.0 million for the nine months ended September 30, 2002 compared to \$71.8 million for the nine months ended September 30, 2003, primarily due to costs related to increased GLA.

Depreciation and amortization expense was up \$10.8 million, or 25.6%, to \$52.9 million for the nine months September 30, 2003, from \$42.1 million for the nine months September 30, 2002. The additional expense is attributed to increased GLA.

General and administrative expense increased \$2.2 million, or 44.7%, from \$5.0 million for the nine months ended September 30, 2002 to \$7.2 million for the nine months ended September 30, 2003, primarily due to increases in deferred unit incentive program accrual, salaries, corporate governance and professional fees.

Other expenses increased \$1.3 million or 40.8% to \$4.4 million for the nine months ended September 30, 2003, from \$3.1 million for the same nine-month period last year. The increase was due to a non-cash charge of \$0.5 million on an interest rate swap resulting from the pay down of a hedged mortgage loan in June 2003 related to the sale of St. Helena Premium Outlets, and increased reserve for bad debt and center rent expense.

Income from unconsolidated investments fell \$1.7 million, or 19.5%, to \$7.1 million for the nine months ended September 30, 2003, from \$8.8 million for the nine months ended September 30, 2002, principally due to the buyouts of partners' interests in five centers which were previously held as unconsolidated investments, partially offset by the expansion of Gotemba Premium Outlets and the opening of Sano and Las Vegas Premium Outlets, which generated higher earnings and management fees, including one-time fees of \$1.1 million from Chelsea Japan.

The loss from Chelsea Interactive declined \$7.9 million, or 76.4%, to \$2.4 million for the nine months ended September 30, 2003, from a loss of \$10.3 million for the nine months ended September 30, 2002, due to the write-off of the Company's investment at December 31, 2002. The loss for the nine months ended September 30, 2003 represents funding to Chelsea Interactive.

Gain on sale of unconsolidated investment of \$10.9 million for the nine months ended September 30, 2002 reflects the sale of a portion of the Company's interests in Value Retail.

Interest expense grew \$17.2 million, or 51.2%, to \$50.9 million for the nine months ended September 30, 2003, from \$33.7 million for the nine months ended September 30, 2002, due to higher debt that financed acquisitions and buyouts of partners' interests.

Income from discontinued operations of \$0.3 million for the nine months ended September 30, 2003 and gain on sale of discontinued operations of \$4.8 million, net of minority interest of \$0.8 million for the nine months ended September 30, 2003, relates to the sale of St. Helena Premium Outlets located in Napa Valley, California and Factory Stores of America located in Mesa, Arizona, sold in June and September 2003, respectively.

Liquidity and Capital Resources

Edgar Filing: CHELSEA PROPERTY GROUP INC - Form 10-Q

The Company believes it has adequate financial resources to fund operating expenses, distributions, and planned development, construction and acquisition activities over the short term, which is less than 12 months and the long term, which is 12 months or more. Operating cash flow for the year ended December 31, 2002, of \$128.2 million is expected to increase with a full year of operations from the five joint venture buyout centers and the 1.8 million square feet of GLA added during 2002 as well as the opening of approximately 800,000 square feet of new joint venture GLA in 2003 and recent acquisition activity. The Company has adequate funding sources to complete and open all current development projects from available cash, credit facilities and secured construction financing. The Company also has access to the public markets through its \$1.55 billion debt and equity shelf registration for funding or refinancing requirements.

Operating cash flow is expected to provide sufficient funds for dividends and distributions in accordance with REIT federal income tax requirements. In addition, the Company anticipates retaining sufficient operating cash to fund re-tenanting and lease renewal tenant improvement costs, as well as capital expenditures to maintain the quality of its centers, meet funding requirements of Chelsea Interactive and partially fund development projects.

Common distributions declared and recorded in 2003 were \$80.6 million, or \$1.605 per share or unit. The Company's dividend payout ratio as a percentage of net income before minority interest, gain or loss on sale or writedown of assets and depreciation and amortization (reduced by amortization of deferred financing costs, depreciation of non-real estate assets and preferred dividends (FFO)) was 64.7%. The Company's senior unsecured bank line of credit (Senior Credit Facility) limits aggregate dividends and distributions to the lesser of (i) 90% of FFO on an annual basis or (ii) 100% of FFO for any two consecutive quarters.

The Company's \$200.0 million Senior Credit Facility expires in March 2005 (unless extended until March 2006), bears interest on the outstanding balance at an annual rate equal to the London Interbank Offered Rate (LIBOR) plus 0.95% (2.05% at September 30, 2003) or the prime rate, at the Company's option, and has an annual facility fee of 0.125%. The LIBOR rate spread ranges from 0.85% to 1.50% depending on the Company's Senior Debt rating. The Company received a debt rating upgrade in July 2003, resulting in a reduction of the LIBOR rate spread to 0.95% from 1.05%. At September 30, 2003, \$78.0 million was outstanding under the Senior Credit Facility.

During 2003, the Company completed two acquisition transactions valued at approximately \$219.0 million. On June 12, 2003, the Company purchased The Crossings Factory Stores, a 390,000 square-foot outlet center located in Tannersville, Pennsylvania, for \$111.3 million, including closing costs and the assumption of a \$60.7 million 5.85% mortgage loan due 2013. In conjunction with The Crossings Factory Stores acquisition, the Company completed an offering of 1.2 million shares of common stock at a price of \$42.10 per share on June 18, 2003. Net proceeds after expenses of \$49.4 million were used to fund substantially the entire cash portion of the acquisition.

On August 1, 2003, the Company acquired Belz Factory Outlet World Las Vegas, a 477,000 square-foot outlet center in Las Vegas, Nevada, for \$104.0 million including the assumption of a \$24.4 million 8.12% mortgage loan due 2012. As part of the transaction, the Company also acquired Belz Factory Outlet World Lakeland, a 319,000 square-foot outlet center near Memphis, Tennessee for an additional \$3.5 million. The Lakeland property is being marketed for sale. The approximately \$84.0 million cash portion of the overall transaction was financed with a \$100.0 million one-year term loan facility at an annual interest rate of LIBOR plus 0.80% that is due on July 31, 2004 and extendible for six months until January 31, 2005 at the Company's option. The LIBOR rate spread ranges from 0.70% to 1.35% depending on the Company's Senior Debt rating. Surplus proceeds from the financing of approximately \$16.0 million were used for general corporate purposes.

A summary of the maturity of the Company's contractual debt obligations (at par) as of September 30, 2003, is as follows (in thousands):

Total	Less than One Year	1 to 3 Years	4 to 5 Years	After 5 Years
-------	-----------------------	-----------------	-----------------	------------------

Edgar Filing: CHELSEA PROPERTY GROUP INC - Form 10-Q

Unsecured bank debt	\$ 183,035	\$100,000	\$83,035	\$ -	\$ -
Unsecured notes	625,000	-	50,000	125,000	450,000
Mortgage debt	377,356	2,170	17,086	171,154	186,940
Total	\$ 1,185,391	\$102,170	\$150,121	\$296,154	\$636,940

Development activity as of September 30, 2003 includes domestic and international projects totaling 1.0 million square-feet. Domestically, projects include the single-phase 438,000 square-foot Chicago Premium Outlets scheduled to open in mid 2004; the 124,000 square-foot expansion of Albertville scheduled to be fully open by spring 2004. Internationally, projects underway include the 185,000 square-foot first phase of Tosu Premium Outlets near Fukuoka, Japan, scheduled to open in March 2004; and the 230,000 square-foot first phase of Punta Norte Premium Outlets in Mexico City scheduled to open in late 2004. The Chicago project is a 50/50 joint venture with Simon. The Tosu project is a development of Chelsea Japan Co., Ltd., the Company's 40%-owned Japanese joint venture. The Punta Norte project is a development of the Company's 50% owned Mexican joint venture. Other projects in various stages of development are expected to open in 2004 and beyond. There can be no assurance that these projects will be completed or opened, or that there will not be delays in opening or completion. All current development activity is fully financed either through project specific secured construction financing, the yen denominated line of credit, available cash or through the Senior Credit Facility. The Company will seek to obtain permanent financing once the projects are completed and income has been stabilized.

In connection with the Simon joint ventures, the Company has committed to provide 50% of the development costs, which are expected to be approximately \$48.0 million for Las Vegas Premium Outlets and \$46.0 million for Chicago Premium Outlets. As of September 30, 2003, the Company had contributed \$40.5 million and \$19.4 million to the Las Vegas and Chicago projects, respectively.

The Company has an agreement with Mitsubishi Estate Co., Ltd. and Nissho Iwai Corporation to jointly develop, own and operate premium outlet centers in Japan under the joint venture Chelsea Japan. Borrowings related to Chelsea Japan for which the Company and the OP have provided guarantees as of September 30, 2003, are as follows:

Total Facility		Outstanding					Due Date	Interest Rate
Yen	US \$ Equivalent	Yen	US \$ Equivalent	US \$ Guarantee				
4.0 billion (1)	\$35.9 million	0.9 billion	\$8.5 million	\$ 8.5 million	2004	1.33%		
3.8 billion (2)	34.1 million	3.4 billion	30.2 million	12.1 million	2015	2.20%		
0.6 billion (2)	5.4 million	0.5 billion	4.8 million	1.9 million	2012	1.50%		

- 1) Facility entered into by an equity investee of the Company that has a one-year extension option until April 1, 2005.
- 2) Facilities entered into by Chelsea Japan, secured by Gotemba and Rinku and 40% severally guaranteed by the Company.

In May 2002, the Company entered into a 50/50 joint venture agreement with Sordo Madaleno y Asociados and affiliates to jointly develop Premium Outlet centers in Mexico. Construction on the 230,000 square-foot first phase of Punta Norte Premium Outlets has commenced and the center is scheduled to open in late 2004. The Company is currently advancing its share of project costs up to \$14 million to its joint venture partners on a recourse basis until certain title and other issues are resolved. As of September 30, 2003, the Company contributed \$2.0 million for the project.

At December 31, 2002, the Company recognized an impairment loss equal to the net book value of its investment in Chelsea Interactive. The Company believes that it will not be able to recover the net book value of its investment in Chelsea Interactive through future cash flows before reaching the Company's \$60.0 million funding limit. Through September 30, 2003, the Company had funded \$54.8 million and anticipates that the \$5.2 million funding balance may be used to further develop the platform and to finance operating cash shortfalls and potential costs related to the disposal or discontinuance of the business. A \$0.7 million and \$2.4 million funding loss was reported for the three and nine months ended September 30, 2003, respectively. Future funding by the Company will be reported as a loss in the period funding is required. The Company has signed an agreement with a third party to restructure Chelsea Interactive, subject to the satisfaction of certain conditions. There can be no assurance that this joint venture will be successful or that Chelsea Interactive will be able to continue as a going concern.

The Company has minority interests ranging from 3% to 8% in several outlet centers and outlet development projects in Europe operated by Value Retail. The Company's total investment in Europe as of September 30, 2003, was \$3.6 million. The Company has also provided \$17.4 million in limited debt service guarantees under a standby facility for loans arranged by Value Retail to construct outlet centers in Europe. The standby facility for new guarantees, which has a maximum of \$22.0 million, expired in November 2001 and outstanding guarantees shall not survive more than five years after project completion.

To achieve planned growth and favorable returns in both the short and long-term, the Company's financing strategy is to maintain a strong, flexible financial position by: (i) maintaining a conservative level of leverage; (ii) extending and sequencing debt maturity dates; (iii) managing exposure to floating interest rates; and (iv) maintaining liquidity. Management believes these strategies will continue to enable the Company to access a broad array of capital sources, including bank or institutional borrowings and secured and unsecured debt and equity offerings, subject to market conditions.

Net cash provided by operating activities was \$129.9 million and \$84.1 million for the nine months ended September 30, 2003, and 2002, respectively. The increase was primarily due to increased operating cash flow generated on the growth of the Company's GLA and decreased losses from Chelsea Interactive and the payout of the deferred incentive compensation in March 2002 offset by the receipt in January 2002 of the final non-compete installment. Net cash used in investing activities increased to \$186.9 million from \$141.3 for the nine months ended September 30, 2003, and 2002, respectively, primarily as a result of an increase in joint venture and wholly-owned property acquisition activity. Net cash provided by financing activities increased to \$63.8 million from \$46.3 million for the nine months ended September 30, 2003, and 2002, respectively. The increase was primarily a result of common stock issuance in 2003 and preferred stock redemptions in 2002 offset by increased distributions in 2003 and lower debt activity.

Funds from Operations

Management believes that funds from operations (FFO) should be considered in conjunction with net income, as presented in the statements of income included elsewhere herein, to facilitate a clearer understanding of the operating results of the Company. The White Paper on Funds from Operations approved by the Board of Governors of NAREIT in October 1999 defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from debt restructuring and sales of properties, plus real estate related depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures. The Company believes that FFO is helpful to investors as a measure of the performance of an equity REIT because, along with cash flow from operating activities, financing activities and investing activities, it provides investors with an indication of the ability of the Company to incur and service debt, to make capital expenditures and to fund other cash needs. The Company computes FFO in accordance with the current standards established by NAREIT, which may not be comparable with FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently from the Company. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered as an alternative to net income (determined in accordance with GAAP) as an indication of the Company's financial performance or to cash flow from operating activities (determined

Edgar Filing: CHELSEA PROPERTY GROUP INC - Form 10-Q

in accordance with GAAP) as a measure of the Company's liquidity, or is it indicative of funds available to fund the Company's cash needs, including its ability to make cash distributions.

Recent Accounting Pronouncements

In November 2002, the FASB issued *Interpretation No. 45, Guarantors Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others* (FIN 45). FIN 45 requires certain guarantees to be recorded at fair value, instead of recording a liability only when a loss is probable and reasonably estimatable, as those terms are defined in FASB Statement No. 5, Accounting for Contingencies. FIN 45 also requires a guarantor to make significant new disclosures, even when the likelihood of making any payments under the guarantee is remote. The disclosure requirements of FIN 45 are effective for financial statements of interim or annual periods ending after December 15, 2002. The Company adopted the disclosure provisions of FIN 45 effective December 31, 2002. FIN 45's initial recognition and initial measurement provisions are applicable on a prospective basis to guarantees issued or modified after December 31, 2002.

In January of 2003, the FASB issued *Interpretation No. 46, Consolidation of Variable Interest Entities* (FIN 46). FIN 46 clarifies the application of existing accounting pronouncements to certain entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. The provisions of FIN 46 will be immediately effective for all variable interests in variable interest entities created after January 31, 2003. The Company has not created any variable interest entities subsequent to January 31, 2003. The provisions of FIN 46 are effective beginning in the fourth quarter for variable interest entities created before January 31, 2003. The Company is currently evaluating whether it has any variable interest entities.

Critical Accounting Policies and Estimates

The Company's discussion and analysis of its financial condition and results of operations are based upon the Company's consolidated financial statements which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires the Company to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under

different assumptions or conditions.

The Company believes the following critical accounting policies affect its more significant judgments and estimates used in the preparation of its consolidated financial statements.

Bad Debt

The Company maintains an allowance for doubtful accounts for estimated losses resulting from the inability of its tenants to make required rent payments. If the financial condition of the Company's tenants were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required. The Company's allowance for doubtful accounts included in tenant accounts receivable totaled \$2.2 million and \$2.6 million at September 30, 2003, and December 31, 2002, respectively.

Valuation of Investments

On a periodic basis, management assesses whether there are any indicators that the value of real estate properties, including joint venture properties, may be impaired. If the carrying amount of the property is greater than the estimated expected future cash flow (undiscounted and without interest charges) of the asset, impairment has occurred. The Company will then record an impairment loss equal to the difference between the carrying amount and the fair value of the asset. The Company does not believe that the value of any of its rental properties was impaired at September 30, 2003. The Company currently believes that it will not be able to recover the net book value of its investment in Chelsea Interactive through future cash flows unless Chelsea Interactive is able to achieve positive cash flow before reaching the \$60.0 million funding limit. Due to current market conditions and the costs of operating the platform, future funding by the Company will be reported as a loss in the period funding occurs. As of September 30, 2003, \$54.8 million had been funded and \$0.7 million and \$2.4 million has been reported as a loss for the three and nine month periods then ended.

Economic Conditions

Substantially all leases contain provisions, including escalations of base rents and percentage rentals calculated on gross sales, to mitigate the impact of inflation. Inflationary increases in common area maintenance and real estate tax expenses are substantially reimbursed by tenants.

Virtually all tenants have met their lease obligations and the Company continues to attract and retain quality tenants. The Company intends to reduce operating and leasing risks by continually improving its tenant mix, rental rates and lease terms and by pursuing contracts with creditworthy upscale and national brand-name tenants.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

The Company is exposed to changes in interest rates primarily from its floating rate debt arrangements. In December 2000, the Company implemented a policy to protect against interest rate and foreign exchange risk. The Company's primary strategy is to protect against this risk by using derivative transactions as appropriate to minimize the variability that floating rate interest and foreign currency fluctuations could have on cash flow. In December 2000, a wholly-owned subsidiary of the Company entered into an interest rate swap agreement effective January 2, 2001 with a financial institution for a notional amount of \$69.3 million amortizing to \$64.1 million to hedge against unfavorable fluctuations in the LIBOR rates of its secured mortgage loan facility. The hedge effectively produces a fixed rate of 7.2625% on the notional amount until January 1, 2006.

At September 30, 2003, a hypothetical 100 basis point adverse move (increase) in US Treasury and LIBOR rates applied to unhedged debt would adversely affect the Company's annual interest cost by approximately \$1.8 million annually.

Edgar Filing: CHELSEA PROPERTY GROUP INC - Form 10-Q

Following is a summary of the Company's debt obligations at September 30, 2003, (in thousands):

	Expected Maturity Date						Total	Fair
	2004	2005	2006	2007	2008	Thereafter		
Fixed Rate Debt:	\$ -	\$49,945	-	\$124,866	\$165,505	\$607,439	\$947,755	\$1,06
Average Interest Rate:	-	8.38%	-	7.25%	6.99%	7.18%	7.22%	
Variable Rate Debt:	100,000	83,035	-	-	-	61,725	244,760	24
Average Interest Rate:	1.91%	2.05%	-	-	-	2.82%	2.19%	

Item 4. Controls and Procedures

Our chief executive officer and chief financial officer evaluated the effectiveness of our disclosure controls and procedures (as defined in rule 13a-14(c) under the Securities Exchange Act of 1934, as amended) as of September 30, 2003 and, based on that evaluation, concluded that, as of the end of the period covered by this report we had sufficient controls and procedures for recording, processing, summarizing and reporting information that is required to be disclosed in our reports under the Securities Exchange Act of 1934, as amended, within the time periods specified in the SEC's rules and forms.

During the quarter ended September 30, 2003, there have not been any significant changes to our internal controls including any corrective actions with regard to significant deficiencies and material weaknesses or other factors that could significantly affect these controls.
