Item 1. Annual Report to Shareholders

Annual Report to the Shareholders
of
RENN Global Entrepreneurs Fund, Inc.

December 31, 2009

Dear Shareholder,

The big questions facing investors today are: (i) how do we achieve long-term success in a short-term world, and (ii) how do we take advantage of opportunities yet manage risks? As portfolio managers, we are addressing these questions by implementing our strategy “The Entrepreneurial Difference.”

The Fund has now completed six months as a registered non-diversified closed-end fund, having formerly operated as a Business Development Company. Shareholders voted to change the name to RENN Global Entrepreneurs Fund, Inc. If the past can tell us about the future, we know that superior returns come from investing in successful entrepreneurial companies and staying with them for a long period of time. Today, a very large number of entrepreneurs reside in the United States and China. Thus, we direct our attention primarily to those two countries.

In the previous six-month report we detailed how we were adding US-traded Chinese companies to the portfolio. There are now nine Chinese companies in our portfolio representing 38% of the total assets. China remains the fastest growing country in the world, and this should continue for years to come. As of December 31, 2009, your portfolio had unrealized gains in 7 of the 9 Chinese holdings. The Fund only invests in Chinese companies that have met or are expected to meet US listing standards.

Many of the US portfolio companies are showing good growth in earnings. Among these are Access Plans, Inc. (OTC:ALHC), Global Axxess, Inc. (OTC:GAXC), and Bovie Medical (NYSE:BVX). The extensive work continues on legacy issues seeking to realize value. Integrated Security Systems, Inc. (OTC:ISSI) would be in this category. Additionally, a merger partner for CaminoSoft Corp. (OTC:CMSF) is being sought to realize some benefits from this public company shell.

A new US portfolio position has been added in PHC, Inc. (NYSE:PHC), a company which specializes in treating mental disorders. Some of the other holdings, such as PetroHunter Energy Corp. (OTC:PHUN) and Points International, Ltd. (OTC:PTSEF), are taking steps to change their business strategy which could add to their market value.

At year-end, December 31, 2009, our net asset value was \$4.07 per share with a market close of \$2.60 on the NYSE-AMEX. This is a discount of 36% to net asset value. This discount is too high in our opinion, considering the past record and the future potential of the Fund. As our new strategy becomes better known, perhaps this will change.

Optimism continues about our strategy. A brief history of the Fund: RENN Global Entrepreneurs Fund, Inc. was incorporated in 1994 as a Business Development Company with an offering price of \$10.00 per share and began publicly trading in 1996. Beginning with \$39 million in net capital, the Fund has distributed \$83.4 million in cash and deemed dividends (\$68.9 million after consideration of taxes and the amounts retained from the deemed dividends).

The continued support from our shareholders is appreciated.

Sincerely
Russell Cleveland
President and CEO

Notes to Financial Statements
December 31, 2009

Note 1 Organization and Business Purpose

RENN Global Entrepreneurs Fund, Inc. (the “Fund” or the “Registrant”), formerly known as Renaissance Capital Growth & Income Fund III, Inc., is a registered, non-diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the “1940 Act”).

The Fund, a Texas corporation, was organized and commenced operations in 1994 and elected to be treated as a business development company (a “BDC”) subject to sections 55 through 65 under the 1940 Act. Effective May 21, 2009, the Fund withdrew this election and registered under and pursuant to the provisions of Section 8(a) of the 1940 Act.

The investment objective of the Fund is to provide its stockholders primarily with long-term capital appreciation by investing substantially in privately-placed convertible and equity securities of emerging growth companies traded on U.S. securities exchanges.

RENN Capital Group, Inc. (“RENN Group” or the “Investment Adviser”), a Texas corporation, serves as the Investment Adviser to the Fund. In this capacity, RENN Group is primarily responsible for the selection, evaluation, structure, valuation, and administration of the Fund’s investment portfolio, subject to the supervision of the Board of Directors. RENN Group is a registered investment adviser under the Investment Advisers Act of 1940, as amended (the “Advisers Act”).

Note 2 Summary of Significant Accounting Policies

Valuation of Investments

Portfolio investments are stated at quoted market or fair value as determined by the Investment Adviser (Notes 5 and 6).

Revenue Recognition

The Fund recognizes realized gain/loss in the period of the sale. Dividend income is recorded on the record date. Interest income is recorded as earned on an accrual basis. The Fund reserves any dividends or interest income which is deemed to be uncollectable.

Cash and Cash Equivalents

The Fund considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. As of December 31, 2009, cash and cash equivalents are at risk to the extent that they exceed Federal Deposit Insurance Corporation insured amounts. To minimize this risk, the Fund places its cash and cash equivalents with major U.S. financial institutions.

RENN Global Entrepreneurs Fund, Inc.
Notes to Financial Statements
December 31, 2009

Note 2 Summary of Significant Accounting Policies, continued

Income Taxes

The Fund has elected the special income tax treatment available to “regulated investment companies” (“RIC”) under Subchapter M of the Internal Revenue Code (“IRC”) which allows the Fund to be relieved of federal income tax on that part of its net investment income and realized capital gain that it pays out to its stockholders. The requirements to qualify for RIC status include, but are not limited to certain qualifying income tests, asset diversification tests and distribution of substantially all of the Fund’s taxable investment income to its stockholders. It is the intent of management to comply with all IRC requirements as they pertain to a RIC and to distribute all of the Fund’s taxable investment income and realized long-term capital gain within the defined period under the IRC to qualify as a RIC. Failure to qualify as a RIC would subject the Fund to federal income tax as if the Fund were an ordinary corporation, which could result in a substantial reduction in the Fund’s net assets as well as the amount of cash available for distribution to stockholders. Continued qualification as a RIC requires management to satisfy certain investment diversification requirements in future years. There can be no assurance that the Fund will qualify as a RIC in future years.

Federal income taxes payable on behalf of stockholders on realized capital gain that the Fund elects to retain are accrued and reflected as tax expense paid on behalf of stockholders on the last day of the tax year in which such gain is realized.

Net Decrease in Net Assets resulting from operations per share

Net decrease in net assets resulting from operations per share is based on the weighted average number of shares outstanding of 4,463,967 during the year ended December 31, 2009.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures in the financial statements. Actual results could differ from these estimates.

Note 3 Due to/from Broker

The Fund conducts business with various brokers for its investment activities. The clearing and depository operations for the investment activities are performed pursuant to agreements with these brokers. “Due from broker” represents unsettled sales transactions. “Due to broker” represents a margin loan payable to one of these brokers, which is secured by investments in securities maintained with the lending broker as collateral for the margin loan. The Fund is subject to credit risk to the extent the brokers are unable to deliver cash balances or securities, or clear security transactions on the Fund’s behalf. The Investment Adviser actively monitors the Fund’s exposure to these brokers and believes the likelihood of loss under those circumstances is remote. At December 31, 2009, “due from broker” balance was \$0 and the “due to broker” balance was \$300,540.

RENN Global Entrepreneurs Fund, Inc.
Notes to Financial Statements
December 31, 2009

Note 3 Due to/from Broker, continued

The terms on a margin loan are governed by federal regulation and by the rules of NASD and the securities exchanges. In general under Federal Reserve Board Regulation T, firms can lend a customer up to 50% of the price of a security. The rules of NASD and the exchanges supplement the requirements of Regulation T by placing “maintenance” margin requirements on customer accounts. Under the rules of the broker, equity in the account must not fall below 30% of the current market value of the securities in the account that have a market value above \$6.625 or \$2.00 per share for securities that have a market value between \$2.125 and \$6.625. The failure to do so may cause the firm to force the sale of or liquidate the securities in the account in order to bring the account’s equity back to the required level. The loan is not made for any specific term or duration but is due and payable at the brokerage firm’s discretion. The Fund has a negotiated interest rate of 150 basis points over the Federal Funds rate. The interest will vary with any changes in the Federal Funds rate. The interest charges are added to the loan balance. At December 31, 2009 the margin interest rate was 5.50%. The margin loan balance is secured by the securities referenced in footnote 8 on the schedule of investments. The Fund has a policy allowing it to borrow not more than 33% of the Fund’s Net Asset Value as of the time of borrowing for purposes of taking advantage of investments deemed to be in the best interest of the Fund or to borrow such amounts as deemed necessary and prudent as a temporary measure for extraordinary or emergency purposes. Federal regulations under the Investment Company Act of 1940 require that the Fund maintain 300% asset coverage in relation to any borrowed amount.

Note 4 Management Fees and Incentive Fees and Reimbursement

Pursuant to an Investment Advisory Agreement (the “Agreement”) effective May 15, 2009, the Investment Adviser performs certain services, including certain management, investment advisory and administrative services necessary for the operation of the Fund. In addition, under the Agreement, the Investment Adviser is reimbursed by the Fund for certain directly allocable administrative expenses. A summary of fees and reimbursements paid by the Fund under either the Agreement or the prospectus is as follows:

The Investment Adviser receives a management fee equal to a quarterly rate of 0.4375% of the Fund’s net assets, as determined at the end of such quarter, each payment to be due as of the last day of the calendar quarter. The Fund incurred \$305,132 during the year ended December 31, 2009 for such management fees.

Prior to May 21, 2009, the Investment Adviser received an incentive fee in an amount equal to 20% of the Fund’s cumulative realized capital gain in excess of cumulative realized capital loss of the Fund after allowance for any unrealized capital depreciation on the portfolio investments of the Fund at the end of the period being calculated less cumulative incentive fees previously accrued. Unrealized capital depreciation equaled net unrealized capital loss on each class of security without netting net unrealized capital gain on other classes of securities. The incentive fee was calculated, accrued, and paid on an annual basis as of year-end. No incentive fee was recorded during the year ended December 31, 2009.

On May 15, 2009 the Agreement was amended to eliminate the incentive fee. For this reason, there will be no future incentive fee expenses.

The Investment Adviser was reimbursed by the Fund for directly allocable administrative expenses paid by the Investment Adviser on behalf of the Fund. Such reimbursements were \$39,376 during the year ended December 31, 2009.

At December 31, 2009 the Fund had an account payable of \$89,206 for the amount due for the fees and expense reimbursements disclosed above.

Note 5 Eligible Portfolio Companies and Investments

Eligible Portfolio Companies

Prior to May 21, 2009, the Fund invested primarily in convertible securities and equity investments of companies that qualified as Eligible Portfolio Companies as defined in Section 2(a)(46) of the 1940 Act or in securities that otherwise qualify for investment as permitted in Section 55(a)(1) through (7) of the 1940 Act. Under the provisions of the 1940 Act at least 70% of the Fund's assets, as defined under Section 55 of the 1940 Act, must be invested in securities listed in Paragraphs 55(a)(1) through (6) of the 1940 Act ("Eligible Portfolio Investments"). In the event the Fund had less than 70% of its assets invested in Eligible Portfolio Investments, then the Fund was prohibited from making non-eligible investments until such time as the percentage of Eligible Portfolio Investments again exceeded the 70% threshold. The Fund was in compliance with these provisions through May 20, 2009.

As a result of the Fund's withdrawal of its election to be treated as a business development company as disclosed in Note 1, the provisions regarding Eligible Portfolio Investments are no longer effective as of May 21, 2009.

Investments

Investments are carried in the statement of assets and liabilities at fair value, as determined in good faith by the Investment Adviser, subject to the approval of the Fund's Board of Directors. The convertible debt securities held by the Fund generally have maturities between five and seven years and are convertible (at the discretion of the Fund) into the common stock of the issuer at a set conversion price. The common stock underlying these securities is generally unregistered and thinly-to-moderately traded. Generally, the Fund negotiates registration rights at the time of purchase and the portfolio companies are required to register the shares within a designated period and the cost of registration is borne by the portfolio company. Interest on the convertible securities is generally payable quarterly. The convertible debt securities generally contain embedded call options giving the issuer the right to call the underlying issue. In these instances, the Fund has the right of redemption or conversion. The embedded call option will generally not vest until certain conditions are achieved by the issuer. Such conditions may require that minimum thresholds be met relating to the market price of the underlying common stock, liquidity, and other factors.

Note 6 Valuation of Investments

The Fund has adopted the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), issued in June 2009. The Fund follows the provisions of ASC 820, Fair Value Measurements, under which, the Fund has established a fair value hierarchy that prioritizes the sources ("inputs") used to measure fair value into three broad levels: inputs based on quoted market prices in active markets (Level 1 inputs); observable inputs based on corroboration with available market data (Level 2 inputs); and unobservable inputs based on uncorroborated market data or a reporting entity's own assumptions (Level 3 inputs). The Fund's valuation policies are as follows:

On a weekly basis, RENN Group prepares a valuation to determine fair value of the investments of the Fund. The Board of Directors of the Fund approves the valuation on a quarterly basis. Interim board involvement may occur if material issues arise before quarter end. The valuation principles are described below.

- Unrestricted common stock of companies listed on an exchange, NASDAQ or in the over-the-counter market is valued at the closing price on the date of valuation.

RENN Global Entrepreneurs Fund, Inc.
 Notes to Financial Statements
 December 31, 2009

Note 6 Valuation of Investments, continued

- Restricted common stock of companies listed on an exchange, NASDAQ or in the over-the-counter market is valued based on the quoted price for an otherwise identical unrestricted security of the same issuer that trades in a public market, adjusted to reflect the effect of any significant restrictions.
- The unlisted preferred stock of companies with common stock listed on an exchange, NASDAQ or in the over-the-counter market is valued at the closing price of the common stock into which the preferred stock is convertible on the date of valuation.
- Debt securities are valued at fair value. The Fund considers, among other things, whether a debt issuer is in default or bankruptcy. It also considers the underlying collateral. Fair value is generally determined to be the greater of the face value of the debt or the market value of the underlying common stock into which the instrument may be converted.
- The unlisted in-the-money options or warrants of companies with the underlying common stock listed on an exchange, NASDAQ or in the over-the-counter market are valued at fair value (the positive difference between the closing price of the underlying common stock and the strike price of the warrant or option). An out-of-the money warrant or option has no value; thus, the Fund assigns no value to it.

Investments in privately held entities are valued at fair value. If there is no independent and objective pricing authority (i.e. a public market) for such investments, fair value is based on the latest sale of equity securities to independent third parties. If a private entity does not have an independent value established over an extended period of time, then the Investment Adviser will determine fair value on the basis of appraisal procedures established in good faith and approved by the Board of Directors.

The following table shows a summary of investments measured at fair value on a recurring basis classified under the appropriate level of fair value hierarchy as of December 31, 2009:

	December 31, 2009
Quoted Prices in Active Markets for Identical Assets (Level 1)	\$ 11,914,529
Significant Other Observable Inputs (Level 2)	\$4,174,068
Significant Unobservable Inputs (Level 3)	\$ 1,872,007
Total Investments	\$ 17,960,604

The following is a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining fair value:

Level 3	
Beginning balance – December 31, 2008	\$-
Transfer in	\$1,872,007
Ending Balance – December 31, 2009	\$1,872,007

Note 7 Income Taxes

During 2009 management followed a policy of distributing all of the Fund's taxable investment income and realized capital gain within the defined period under the IRC to ensure that any Federal income tax on such income, if any, is paid by the Fund's stockholders. During 2009 there was no taxable investment income or realized capital gain, and therefore no declaration of any distributions. Accordingly, no income tax expense was reported by the Fund for the year ended December 31, 2009. During 2009, the Fund sustained a realized loss of \$9,421,643 on investments which is available to offset future realized capital gain for a period of eight years. No income tax benefit has been reflected on this carryforward, as the income tax application has not yet been determined.

During each of March, June, and September 2008, the Board of Directors declared cash distributions of \$0.10 per share, \$446,397, which were designated as distributions of realized capital gain and return of capital in accordance with the IRC, which assured that any Federal income tax on such realized capital gain, if any, is paid by the Fund's stockholders. These distributions were paid to the stockholders during March, July, and October 2008, respectively. During 2008 management followed a policy of distributing all of the Fund's taxable investment income and realized capital gain within the defined period under the IRC to ensure that any Federal income tax on such income, if any, is paid by the Fund's stockholders. Accordingly, no income tax expense was reported by the Fund for the year ended December 31, 2008.

- (a) Total investment return is calculated by comparing the common stock price on the first day of the period to the price on the last day of the period. The calculation also assumes reinvestment of distributions at actual prices pursuant to the Company's dividend reinvestment plan and reflects taxes paid by the Fund for deemed distributions. Total investment return calculated for a period of less than one year is not annualized.
- (b) Average net assets have been computed based on monthly valuations.

Board Member Attributes. The following is a summary of some of the experience, skills and attributes that led to the conclusion that each member should serve as a director for the Fund:

Russell Cleveland, the Chairman, brings more than 40 years of experience in the investment business, 34 years of which were spent as a portfolio manager specializing in multiple classes of securities of small private and publicly traded companies. He is a graduate of the Wharton School of Business and has appeared on CNBC numerous times as a small cap analyst. He has been a Director of the Fund since its inception.

Peter Collins has been a financial and management consultant in the areas of finance, start-ups, joint ventures, mergers and acquisitions to closely held businesses in the U.S. and Europe. He has advised companies in many segments of industry, including manufacturing, distribution, service, agriculture, construction, and multimedia. Mr. Collins was

educated in England, where he received a B.Sc. in Civil engineering and a M.Sc. in Business Administration. He has been a Director of the Fund since 1994.

Charles C. Pierce, Jr. is a retired Vice Chairman of Dain Rauscher, Inc., former President of the Texas Stock and Bond Dealers Association, and former Chairman of the South Central District of the Securities Industry Association covering, Texas, Oklahoma, New Mexico, Kansas, and Colorado, and has been a Director of the Fund since 2002.

J. Philip McCormick was an audit partner and director of KPMG and KMG Main Hudman from 1973 to 1991, a member of senior management with Enserch Corporation from 1991 through 1997, and currently is a senior adviser to Stonehenge Growth Capital and a director of Quest Energy Partners, LP. He has been a Director of the Fund since 2006.

Ernest C. Hill was an Assistant Professor of Finance with Southern Methodist University and an Associate Director of the Southwestern Graduate School of Banking, and was instrumental in the formation of an Entrepreneurial Seminar for the Southern Methodist School of Business. He was awarded a Ford Fellowship to the Stanford School of Business, where he received an MBA with honors in Investment and Finance. He specializes in computer-aided investment analysis and administrative procedures. Mr. Hill has been a Director of the Fund since 1994.

Additional information concerning the directors is included in the Statement of Additional Information contained in the N-2 registration statement filed with the SEC by the Fund. This information may be obtained without charge by calling 1(800)687-3863.

Consideration of Diversity in Board Membership. In selecting and re-electing board members, consideration is given to the presence on the Board of a broad spectrum of business acumen and personal perspectives. The Fund has members who bring experience in banking and finance, executive management of corporations, directorship, and success with entrepreneurial challenges, among others. The Fund intends to keep a diversity of skills and attitudes in its board makeup and assesses those qualities in any present director or one who is being considered for nomination to the Board.

19

Board Oversight of Risk. The Board endeavors to forestall risk by its development of fundamental investment policies for approval by the shareholders and other policies which are more flexible for the Adviser's activities on the Fund's behalf. The Board is also involved in the assessment and monitoring of risk by virtue of its review of the Fund's investment activities, noting whether the portfolio has industry or geographic susceptibilities, the appointment of the Adviser's portfolio managers to directorships on portfolio boards when indicated, and by review of the financial particulars of the Fund, including any occasions of debt. It also considers the strength of the Adviser's staff to provide uninterrupted investment and administrative services to the Fund.

Board Leadership Structure. The Board has determined that Mr. Cleveland's dual role as the Fund's Chief Executive Officer and Chairman of the Board is appropriate for this Fund. Mr. Cleveland is an "interested person" in the Fund, giving him an additional incentive for its good performance and protection. He has foregone compensation from the Fund for both roles except for his indirect benefit from the Adviser's management fee based on growth of the Fund's asset values and the growth in the market value of the Fund's stock that he owns indirectly. The appointment of a separate person serving as chairman would likely require the Fund to incur additional fee expense for the position, which the Board feels is unwarranted. The Board feels that its considerable oversight of risk fuses well with the Board's leadership structure.

Quarterly Reports

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. A copy of each such Form N-Q is available on the SEC's website at www.sec.gov. Such forms may also be reviewed and copied at the SEC Public Reference Room in Washington, DC, and you may call the Public Reference Room at 1-800-SEC-0330 for information on its hours, etc.

Proxy Voting Policies and Procedures

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities is available, without charge, upon request by calling 1(800)687-3863. Furthermore, you can obtain the description on the Fund's website at www.rencapital.com.

Portfolio Proxy Voting Records

The Fund's record of proxy voting regarding portfolio securities is presented each year for the 12-month period ended June 30. It is filed with the SEC on Form N-PX and is available without charge on the SEC's website at www.sec.gov.

Delivery of Shareholder Documents.

The Securities and Exchange commission (the "SEC") permits funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements or Notices of Internet Availability of Proxy Materials and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called "householding" and it helps eliminate duplicate mailings to shareholders.

RENN Global Entrepreneurs Fund, Inc. may household the mailing of your documents indefinitely unless you instruct RENN Global Entrepreneurs Fund, Inc. otherwise.

If you prefer to receive multiple copies of these materials, please call American Stock Transfer at 1-800-937-5449. You may also notify us in writing or via email. We will begin sending you individual copies of reports within 30 days of receiving your request to stop householding.

Dividend Reinvestment Plan

Pursuant to the Fund's Dividend Reinvestment and Cash Purchase Plan (the "Plan"), a stockholder whose shares are registered in his or her own name will be deemed to have elected to have all dividends and distributions automatically reinvested in Fund shares unless he or she elects otherwise on a current basis. Stockholders whose shares are held in nominees' names will likewise be treated as having elected to have their dividends and distributions reinvested. You may elect to receive cash distributions, net of withholding tax, by requesting an election form from the Fund's Plan Agent, American Stock Transfer & Trust Co. You may terminate participation by notifying the Plan Agent in writing, effective immediately if notice is received by the Plan Agent not less than 10 days prior to any dividend or distribution. Information regarding income tax consequences should be directed to your tax consultant – the Plan will furnish information by January 31 following the year of distribution as to the category of income that the distributions represent. Your questions regarding the Plan should be directed to the Fund's Plan Agent, American Stock Transfer & Trust Co., whose telephone number is 718-921-8275 and whose address is 40 Wall Street, New York, NY 10005.

Item 2. Code of Ethics.

The Fund posts its Code of Ethics on the Fund’s website located at www.rencapital.com. The Code of Ethics applies to all access persons of the Fund, including the principal executive officer and principal financial and accounting officer.

The Fund intends to disclose material amendments or waivers of the Code of Ethics by posting promptly to the Fund’s website. During the period covered by this report, there has been no amendment or waiver regarding a provision that applies to the principal executive officer, principal financial officer, principal accounting officer, or controller, or persons performing similar functions, with regard to ethical conduct, handling of conflicts of interest, fair, full, accurate, timely and understandable disclosure in SEC filings and in public communications, compliance with applicable governmental laws, rules and regulations, internal reporting of violations or accountability for adherence to the Code of Ethics.

Item 3. Audit Committee Financial Expert.

The Registrant’s Board of Directors has determined that J. Philip McCormick is qualified to serve as financial expert on its audit committee and that he is “independent,” as defined by the U.S. Securities and Exchange Commission.

Item 4. Principal Accountant Fees and Services.

The following table presents fees paid by the Fund for professional services rendered by KBA Group LLP and Malin, Bergquist & Company, LLP for the fiscal years ended December 31, 2009 and 2008.

Fee Category	Fiscal 2009 Fees	Fiscal 2008 Fees
Audit Fee- KBA Group LLP	\$120,650	\$136,850
Audit Fee-Malin, Bergquist & Company, LLP	\$20,000	\$-
Audit-Related Fees	\$-	\$-
Tax Fees	\$-	\$-
All Other Fees	\$-	\$-
Total Fees	\$140,650	\$136,850

Audit Fees were for professional services rendered for the audit of the Fund’s annual financial statements and review of the Fund’s quarterly financial statements. No non-audit fees were paid to the independent audit firm of KBA Group LLP or Malin, Bergquist & Company, LLP.

The Audit Committee generally requires pre-approval of engagements for all auditor services, which proposed services must be described in detail and which auditor must have been determined by the Audit Committee as independent. One factor used by the Audit Committee in its assessment of an auditor's independence is the amount of non-audit services performed for the Fund or its affiliates. Any non-audit services which were not specified at the onset but which are made known to the Audit Committee and approved by it prior to the completion of an audit will be deemed pre-approved to the extent that the amount is less than five percent of the total auditor service fees for the year. In the ordinary course of its duties the Chairman of the Audit Committee would be the member who would sign any pre-approval. However, in his absence or incapacity any one of the other members of the Audit Committee may sign if the approval is time-sensitive and a majority of the other available members of the Audit Committee agreed to which member would be the signator.

The Fund does not ordinarily engage the auditor for non-audit services, and no non-audit services were approved or provided for the period covered by this report.

Item 5. Audit Committee of Listed Registrants.

The Registrant has an Audit Committee which was established by the Board of Directors of the Fund in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The members of the Registrant's Audit Committee are Ernest Hill (Chairman), J. Philip McCormick, Peter Collins and Charles Pierce, Jr.

Item 6. Schedule of Investments.

See the Annual Report to Shareholders under Item 1 of this Form.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

The Fund has delegated its proxy voting responsibility to its Investment Adviser, RENN Capital Group, Inc. ("RENN Group"). The Proxy Voting Policies and Procedures of RENN Group are set forth below. The guidelines are reviewed periodically by RENN Group and the Fund's independent directors, and, accordingly, are subject to change. For purposes of these Proxy Voting Policies and Procedures described below, "we" "our" and "us" refers to RENN Group.

"Introduction

"As an investment adviser registered under the Advisers Act, we have a fiduciary duty to act solely in the best interests of our clients. As part of this duty,

we recognize that we must vote client securities in a timely manner free of conflicts of interest and in the best interests of our clients.

"These policies and procedures for voting proxies for our investment advisory clients are intended to comply with Section 206 of, and Rule 206(4)-6 under, the Advisers Act.

"Proxy Policy

"We vote proxies relating to our portfolio securities in the best interest of our clients' shareholders. We review on a case-by-case basis each proposal submitted

to a shareholder vote to determine its impact on the portfolio securities held by our clients. Although we generally vote against proposals that may have a negative impact on our clients' portfolio securities, we may vote for such a proposal if there exists compelling long-term reasons to do so.

"Our proxy voting decisions are made by the senior offices who are responsible for monitoring each of our clients' investments. To ensure that our vote is not the product of a conflict of interest, we require that: (i) anyone involved in the decision-making process disclose to our Chief Compliance Officer any potential conflict that he or she is aware of and any contact that he or she has had with any interested party regarding a proxy vote; and (ii) employees involved in the decision-making process or vote administration are prohibited from revealing how we intend to vote on a proposal in order to reduce any attempted influence from interested parties."

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

The Portfolio Managers for the Fund during the period covered by this report were:

Russell Cleveland, who has served as the Chairman of the Board, President, Chief Executive Officer, and a Class Three Director of the Fund, and majority stockholder of RENN Group since 1994.

Z. Eric Stephens, who has served as a Vice President of RENN Group since January 2006 and a Vice President of the Fund since August 2006, and Chief Operating Officer of RENN Group since April 2009. Previously, Mr. Stephens was a director with CBIZ Valuation Group.

Scott E. Douglass has served as a Vice President of the Fund and of RENN Capital Group, Inc. since November 2004.

As employees of the Adviser, each of the foregoing Portfolio Managers is also responsible for the day-to-day management of the portfolios of four British funds, none of which is an investment company registered in the United States or a pooled investment vehicle. The total assets managed for those funds are \$137,982,541 as of December 31, 2009.

There could appear to be a potential conflict of interest for the Portfolio Managers in that the Adviser does not receive an incentive fee from the Fund, whereas it does receive performance fees from at least some of the other funds it manages. However, investment opportunities that are appropriate for the Fund are considered concurrently with the assessment of the opportunity for the Adviser's other clients, and the amount prorated to the Fund is determined according to SEC guidelines for permitted co-investments, which proration is reviewed by the Fund's Board of Directors. In addition, the Portfolio Managers' compensation structures have no specific provision for participation calculated on the performance of any particular client of the Adviser.

The Portfolio Managers are employed by RENN Capital Group, Inc. which is the Investment Adviser to the Fund. The Portfolio Managers are compensated by annual salaries and occasional bonuses. Bonuses are generally paid when one or more of the Adviser's managed funds pays an incentive fee. Four of the Adviser's five managed funds have incentive fee arrangements. The Fund does not have an incentive fee arrangement.

Russell Cleveland is the only Portfolio Manager that has beneficial ownership in the Fund, and it was in the range of slightly over \$1,000,000 as of December 31, 2009.

Item 9. Purchases of Equity Securities by the Fund and Its Affiliated Purchasers.

Neither the Fund nor any Affiliated Purchaser has purchased any of the Fund's securities in the period covered by this report. The purchase of the Fund's securities is authorized under its Dividend Reinvestment Plan and Cash Purchase Plan dated February 15, 1994, but no such shares were purchased during the period covered by this report.

An "Affiliated Purchaser" is defined as a person acting directly or indirectly, in concert with the Fund in the purchase of the Fund's securities, or any person controlling, controlled by, or under common control with the Fund and thereby controlling the purchase of the Fund's shares, but does not include an officer or director of the Fund who may properly authorize repurchase of the Fund's shares pursuant to Rule 10b-18 of the Exchange Act of 1934.

Item 10. Submission of Matters to a Vote of Security Holders.

There have been no material changes to the procedures by which shareholders may recommend nominees to the Fund's Board of Directors since the Fund last provided disclosure in response to this item. The submission of shareholder proposals which require a vote of all shareholders will be handled in accordance with Rule 14a-8 of the Exchange Act.

Item 11. Controls and Procedures.

Under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, we evaluated the effectiveness of our disclosure controls and procedures as required by Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") as of the end of the period covered by this report. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of that date to provide reasonable assurance that the information we are required to disclose in reports that we file under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and includes controls and procedures designed to ensure that information required to be disclosed by us in such reports is accumulated and communicated to our management, including the principal executive officer and principal financial officer, in sufficient time to allow timely decisions regarding required disclosure.
