REPORT OF INDEPENDENT AUDITORS

To the Board of Directors and Shareholders of Associated Estates Realty Corporation:

We have audited the accompanying statement of revenue and certain operating expenses of the property known as The Apartments at the Arboretum (the "Property") for the year ended December 31, 2011. The statement of revenue and certain operating expenses is the responsibility of management. Our responsibility is to express an opinion on the statement of revenue and certain operating expenses based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenue and certain operating expenses is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of revenue and certain operating expenses. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of revenue and certain operating expenses. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenue and certain operating expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission, as described in Note 1, and is not intended to be a complete presentation of the Property's revenues and expenses.

In our opinion, the statement of revenue and certain operating expenses of the Property presents fairly, in all material respects, the revenue and certain operating expenses described in Note 1 to the statement of revenue and certain operating expenses of the Property for the year ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

THE APARTMENTS AT THE ARBORETUM

NOTES TO STATEMENTS OF REVENUE AND CERTAIN OPERATING EXPENSES

1. BASIS OF PRESENTATION

On May 23, 2012, Associated Estates Realty Corporation (the "Company") acquired, through a wholly owned subsidiary, The Apartments at the Arboretum, a 205-unit (unaudited) apartment community located in Cary, North Carolina. The property was purchased from NR Arboretum Property Owner, LLC, an unrelated third party. The accompanying statements of revenue and certain operating expenses have been prepared for the purpose of complying with Rule 3-14 of Regulation S-X of the U.S. Securities and Exchange Commission for the acquisition of real estate properties and, accordingly, certain expenses such as depreciation and amortization, interest, management fees, and other corporate expenses are not included in the statements of revenue and certain operating expenses because they are not directly related to the proposed future operations of the property. Therefore, the amounts reported in the accompanying statements may not be comparable to the results of operations reported for the future operations of the property. Except as noted above, the Company is not aware of any material factors during the year ended December 31, 2011, or the three months ended March 31, 2012, that would cause the reported financial information not to be indicative of future operating results.

The accompanying interim statement of revenue and certain operating expenses for the three months ended March 31, 2012, is unaudited. In the opinion of management, all adjustments, consisting only of normal and recurring adjustments considered necessary for a fair statement, have been included. The reported results are not necessarily indicative of the results that may be expected for the full year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition: Apartment units are generally leased with terms of one year or less. Rent payments are due at the beginning of each month and rental revenue is recognized at that time. Reimbursements for expenses, such as water and sewer expense, are included in "Property revenue" in the statements of revenue and certain operating expenses.

Property Operating and Maintenance: Property operating and maintenance expenses represent the direct expenses of operating the property and consist primarily of payroll, utilities, repairs and maintenance, and other operating expenses that are expected to continue in the proposed future operations of the property.

Capitalization: Significant improvements and replacements are capitalized and depreciated using the straight-line method over their estimated useful lives, which are not included in these statements of revenue and certain operating expenses. Repairs and maintenance costs are charged to expense as incurred and are included in "Property operating and maintenance expenses" in the statements of revenue and certain operating expenses.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of revenue and certain expenses during the reporting period. Actual results could differ from these estimates.

Commitments and Contingencies: Liabilities for loss contingencies arising from claims, assessments, litigation, fines, penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated. Legal cost incurred in connection with loss contingencies are expensed as incurred. There is no material litigation nor to management's knowledge is any material litigation currently threatened against the property other than routine litigation, claims and administrative proceedings arising in the ordinary course of business.
