TURKCELL'S 2008 YEAR END SUBSCRIBERS REACH 37 MILLION

Subject: Statement made pursuant to Circular VIII, No: 39 of the Capital Markets Board.

Istanbul Stock Exchange

ISTANBUL

Special Subjects:

Turkcell grew its subscriber base by 5% to 37.0 million in Turkey as of December 31, 2008 in a year characterised by intense market activity and competition. At the end of the fourth quarter of 2008, our post paid subscriber reached 7.5 million and pre-paid 29.5 million. The total number of subscribers as of December 31, 2007 stood at 35.4 million.

We gained 1.6 million net subscribers in 2008: this includes the addition of 650,000 net subscribers in the fourth quarter of 2008 alone, maintaining its leadership in the market. Of the net subscribers that we gained in the market during the last quarter of 2008, 43% were post-paid subscribers.

“We are delighted that Turkish consumers have continued to show their preference for Turkcell in 2008, particularly in view of the intense competition that resulted from the implementation of Mobile Number Portability (“MNP”), on November 9, 2008. MNP has given a chance to consumers for choosing alternative operators, however in line with our expectations, it did not change the balance in the market.

In 2008, we continued to offer campaigns to our individual and corporate customers in line with their needs and usage habits and maintained our leadership in coverage and quality. In the coming periods, we will continue to keep our leader position by easing and enriching the lives of our subscribers.”said Koray Ozturkler Turkcell Chief Corporate Affairs Officer.

We hereby confirm that the above-mentioned explanations are furnished as per the provisions of the Communiqué Serial no VIII/39, that they reflect all information we have gathered so far, that they are in accordance with our corporate documents, that we have used all endeavors to collect the complete and true related information and that we assume the responsibility for this disclosure.
