**PROXY STATEMENT
Relating to
Annual Meeting of Shareholders
To be held on December 13, 2006**

INTRODUCTION

This proxy statement is being furnished by the Board of Directors of Idaho General Mines, Inc. (the "Company") to holders of shares of the Company's \$0.001 par value common stock in connection with the solicitation by the Board of Directors of proxies to be voted at the Annual Meeting of Shareholders of the Company to be held on December 13, 2006 at 2:00 pm, local Spokane time, at the law offices of Preston Gates & Ellis LLP, 618 West Riverside Avenue, Suite 300, Spokane, Washington 99201, and any postponements or adjournments thereof, for purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This proxy statement and the accompanying proxy card are first being mailed to the shareholders on or about November 8, 2006.

A proxy card is enclosed for your use. *You are requested on behalf of the Board of Directors to sign, date, and return the proxy card in the accompanying envelope*, which is postage-paid if mailed in the United States. Your execution of the enclosed proxy will not affect your right as a shareholder to attend the Annual Meeting and to vote in person. Any shareholder giving a proxy has the right to revoke it at any time by either (i) providing a later-dated proxy to the Company prior to the Annual Meeting or presenting it at the Annual Meeting, (ii) providing a written revocation that is received by the Secretary of the Company prior to the Annual Meeting, or (iii) attending at the Annual Meeting and voting in person.

PURPOSE OF THE ANNUAL MEETING

At the Annual Meeting, shareholders entitled to vote will be asked to consider and take action on the following matters:

- election of nine directors to the Company's Board of Directors, each to serve until the next annual meeting of shareholders and until their respective successors are elected and qualified;
- to approve the Company's 2006 Equity Incentive Plan; and
- to transact such other business as may properly come before the meeting or any adjournment thereof.

As your vote is important, it is requested that you complete and sign the enclosed proxy card and mail it promptly in the postage paid return envelope provided. Shares cannot be voted at the meeting unless the owner is present to vote or is represented by proxy.

VOTING AT ANNUAL MEETING

Record Date; Quorum. The Board of Directors of the Company has fixed the close of business on November 1, 2006 as the record date for the purpose of determining shareholders of the Company entitled to notice of and to vote at the Annual Meeting. At the close of business on that date, the Company had 41,481,102 issued and outstanding shares of common stock. A majority of such shares will constitute a quorum for the transaction of business at the Annual Meeting. Proxies that are submitted but are not voted for or against (whether by abstentions, broker non-votes, or otherwise) will be treated as present for all matters considered at the meeting, and will be counted for purposes of a quorum.

Solicitation of Proxies. The accompanying proxy is solicited on behalf of the Board of Directors of the Company and the entire cost of solicitation will be borne by the Company. Following the original mailing of the proxies and soliciting materials, directors, officers and employees of the Company may, but do not presently intend to, solicit proxies by mail, telephone, telegraph, or personal interviews. The Company may request brokers, custodians, nominees, and other record holders to forward copies of the proxies and soliciting materials to persons for whom they hold shares of the Company and to request authority for the exercise of proxies. In such cases the Company will reimburse such holders for their reasonable expenses. The Company may utilize the services of a proxy solicitation firm.

Revocation of Proxy. Any proxy delivered in the accompanying form may be revoked by the person executing the proxy by:

- providing written notice to that effect to the Secretary of the Company at any time before the authority thereby granted is exercised;
 - providing a duly executed proxy bearing a later date at the Annual Meeting or to the Company prior to the Annual Meeting; or
- attending the Annual Meeting and voting in person.

How Proxies will be Voted. Assuming a quorum is present, proxies received by the Board of Directors in the accompanying form will be voted at the Annual Meeting as specified therein by the person giving the proxy. All shares represented by valid proxy will be voted at the discretion of the proxy holders on any other matters that may properly come before the meeting. However, the Board of Directors does not know of any matters to be considered at the meeting other than those specified in the Notice of Annual Meeting.

Required Votes. With respect to the election of directors, the nine candidates receiving the highest number of votes will be elected. With respect to the approval of the Company's 2006 Equity Incentive Plan, the affirmative vote of a majority of the votes cast is required.

Effect of Abstentions and Broker Non-Votes. Abstentions occur when shareholders abstain from voting for the nominees for director or abstain from voting on other proposals. Brokers and other intermediaries, holding shares in street name for their customers, are generally required to vote the shares in the manner directed by their customers. If their customers do not give any direction, brokers may vote the shares on routine matters, such as the election of directors, but not on non-routine matters. The absence of a vote on a non-routine matter is referred to as a broker non-vote. Any shares represented at the Annual Meeting but not voted (whether by abstention, broker non-vote or otherwise) will have no impact in the election of

directors, except to the extent that the failure to vote for an individual results in another individual receiving a larger proportion of votes. Any shares represented at the Annual Meeting but not voted (whether by abstention, broker non-vote or otherwise) with respect to the proposal to approve the Company's 2006 Equity Incentive Plan will have the no effect on a vote for such proposal.

Voting Power. Shareholders of the common stock of the Company are entitled to one vote for each share held. There is no cumulative voting for directors.

PROPOSAL 1: ELECTION OF DIRECTORS

The Company's directors are to be elected at each annual meeting of shareholders. At this Annual Meeting, nine directors are to be elected to serve until the next annual meeting of shareholders and until their successors are elected and qualify. The nominees for election as directors at this Annual Meeting set forth in the table below are all recommended by the Board of Directors of the Company.

In the event that any of the nominees for director should become unable to serve if elected, it is intended that shares represented by proxies which are executed and returned will be voted for such substitute nominee(s) as may be recommended by the Company's existing Board of Directors.

The nine nominees receiving the highest number of votes cast at the Annual Meeting will be elected as the Company's directors to serve until the next annual meeting of shareholders or until their successors are elected and qualified.

The Board of Directors, Board Committees and Director Independence

During the year ended December 31, 2005, there were five meetings of the Board of Directors. Each of the incumbent directors who were on the Board of Directors during 2005 attended at least 75% of the total number of meetings of the Board of Directors and the total number of meetings held by the committees of the Board of Directors on which he served. Although the Company does not have a policy requiring members of the Board of Directors to attend the Company's annual meeting of shareholders, all of our then-sitting directors attended our annual meeting of shareholders held on December 29, 2005.

Our Board of Directors has three standing committees: Audit and Finance Committee, Compensation Committee, and Nominating Committee. Each committee is described more fully below.

Shareholders may communicate with the Board of Directors by sending an email or a letter to Idaho General Mines, Inc. Board of Directors, c/o Corporate Secretary, 10 N. Post Street, Suite 610, Spokane, WA 99201, info@idahogeneralmines.com. The Corporate Secretary will receive the correspondence and forward it to the Chairman of the applicable Board of Directors Committee or to any individual director or directors to whom the communication is directed.

Audit and Finance Committee. Our Audit and Finance Committee members are: R. Llee Chapman, Chairman, Norman A. Radford and John Benjamin, all being independent directors in accordance with the listing standards of the American Stock Exchange ("AMEX"). The Audit and Finance Committee held three meetings in 2005. The Audit and Finance Committee recommends a firm of independent certified public accountants to audit the annual financial statements; discusses and approves in advance the scope of the audit with the auditors; reviews with the independent auditors their independence, the financial statements, and their audit report; reviews management's administration of the system of internal accounting controls; and reviews our procedures relating to business ethics. Our Board of Directors has approved a written Audit and Finance Committee charter, a copy of which is attached to this proxy statement as **Appendix A**. Mr. Chapman is deemed the committee's financial expert.

Compensation Committee. Our Compensation Committee is composed of R. Llee Chapman, Chairman, Richard F. Nanna and Norman A. Radford. The Compensation Committee held three meetings in 2005. The primary purposes of the Compensation Committee are: (i) to assist the Board in discharging its responsibilities in respect of compensation of our executive officers, including setting salary and annual bonus levels for our senior executive officers as well as overseeing the senior staff bonus plans, subject to the approval of the Board; (ii) to produce an annual report for inclusion in our proxy statement on executive compensation; (iii) to provide recommendations to the Board in connection with directors' compensation; and (iv) to provide recommendations to the Board in connection with succession planning for our senior management.

Nominating Committee. Our Nominating Committee members are: John B. Benjamin, Richard F. Nanna, Gene W. Pierson, and Norman A. Radford. The Nominating Committee held two meetings in 2005. The responsibilities of the

Nominating Committee include (i) developing policies on the size and

7

composition of the Board for election or re-election and reviewing and developing the Board's criteria for selecting new directors, including standards for director independence and competence; (ii) reviewing possible candidates for Board membership consistent with the Board's criteria for selecting new directors; (iii) conducting a performance evaluation of the individual directors and of the Board as a whole on an annual basis; (iv) annually recommending a slate of nominees to the Board with respect to nominations for the Board at the annual meeting of our shareholders; (v) making recommendations to the Board relating to the composition of Board committees; (vi) advising the Board on committee member qualifications, committee member appointments and removals, committee structure and operations (including authority to delegate to subcommittees), and committee reporting to the Board; and (vii) maintaining an orientation program for new directors and a continuing education program for all directors.

The Nominating Committee is governed by the Nominating Committee Charter, which is appended to this proxy statement as **Appendix B** and is available in print to any shareholder who requests it. The functions of the Nominating Committee are described in the Nominating Committee Charter and include, among other things, identifying individuals qualified to become members of the Board and selecting or recommending to the Board the nominees to stand for election as directors.

Our shareholders may recommend director nominees, and the Nominating Committee will consider nominees recommended by shareholders. To date, we have not received any recommendations from our shareholders requesting that the Board or any of its committees consider a nominee for inclusion among the Board's slate of nominees in this proxy statement. A shareholder wishing to submit a director nominee recommendation should comply with the provisions of our bylaws and the provisions set forth in this proxy statement under the heading "Shareholder Proposals and Recommendations for Director Nominees for the 2007 Annual Meeting." We anticipate that nominees recommended by shareholders will be evaluated in the same manner as nominees recommended by anyone else, although the Nominating Committee may prefer nominees who are personally known to the existing directors and whose reputations are highly regarded. The Nominating Committee will consider all relevant qualifications as well as the needs of the company in terms of compliance with SEC rules.

While the selection of qualified directors is a complex, subjective process that requires consideration of many intangible factors, the Nominating Committee and the Board takes into account the following criteria, among others, in considering directors and candidates for the Board:

- judgment, experience, skills and personal character of the candidate; and
- the needs of the Board.

The Nominating Committee conducts a process of making a preliminary assessment of each proposed nominee based upon the resume and biographical information, an indication of the individual's willingness to serve and other background information. This information is evaluated against the criteria set forth above and our specific needs at that time. Based upon a preliminary assessment of the candidate(s), those who appear best suited to meet our needs may be invited to participate in a series of interviews, which are used as a further means of evaluating potential candidates. On the basis of information learned during this process, the Nominating Committee determines which nominee(s) to recommend to the Board to submit for election at the next annual meeting. The Nominating Committee uses the same process for evaluating all nominees, regardless of the original source of the nomination.

Independent Directors. Of the nine persons who make up our Board of Directors, the Board has determined that Messrs. Benjamin, Pierson, Radford, Nanna, Chapman, Pickren, and Campoy are independent directors under the listing standards of AMEX.

AUDIT COMMITTEE REPORT

The members of the Audit and Finance Committee have been appointed by the Board of Directors. The Audit and Finance Committee is governed by a charter that has been approved and adopted by the Board of Directors and which will be reviewed and reassessed annually by the Audit and Finance Committee. The Audit and Finance Committee is comprised of three independent directors.

The Board of Directors has charged the Audit and Finance Committee with a number of responsibilities, including review of the adequacy of the Corporation's financial reporting, accounting systems, and internal controls. The Corporation's independent auditors report directly and are ultimately accountable to the Audit and Finance Committee.

Management is responsible for the preparation and integrity of the Company's financial statements. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Committee has independently met and held discussions with management and the independent registered public accounting firm.

In the discharge of its responsibilities, the Audit and Finance Committee has reviewed and discussed with management and the independent auditors the Corporation's audited financial statements for fiscal year 2005. In addition, the Committee has discussed with the independent auditors matters such as the quality (in addition to acceptability), clarity, consistency, and completeness of the Corporation's financial reporting, as required by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended by Statement on Auditing Standards No. 90, *Audit Committee Communications*.

The Audit and Finance Committee has received from the independent auditors written disclosures and a letter concerning the independent auditors' independence from the Corporation, as required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The Audit and Finance Committee also received from the independent auditors a letter indicating there were no material issues raised by the independent auditors' most recent internal quality control review, or by any inquiry or investigation by governmental or professional authorities within the preceding five years. These disclosures have been reviewed by the Committee and discussed with the independent auditors.

Based on these reviews and discussions, the Audit and Finance Committee recommended to the Board that the audited financial statements be included in the Corporation's 2005 Annual Report on Form 10-KSB for filing with the Securities and Exchange Commission.

Employment Contracts

We entered into an employment agreement with Mr. Robert L. Russell on March 31, 2005 pursuant to which Mr. Russell serves as our President and Chief Executive Officer. The employment agreement is for a three year term. Under the agreement, we agreed to pay Mr. Russell a base salary of \$180,000 per annum, reviewable annually, and a performance bonus based on certain performance criteria. The base salary became effective on January 1, 2006 as a result of meeting certain corporate funding goals. In addition, Mr. Russell is entitled to participate in our Stock Option Plan and group insurance benefits. Mr. Russell is also entitled to 20 days paid vacation per year, as well as traveling and other expenses. Mr. Russell may terminate his employment upon two months' written notice. We may terminate the employment agreement without notice or payment in lieu thereof for cause at any time. Additionally, we may terminate Mr. Russell's employment without cause upon majority vote of our Board of Directors and upon payment to Mr. Russell of an amount equal to 36 months' salary plus an amount equal to 100% of the greater of any target bonus or bonus actually earned for each year in the 24-month period and any other compensation Mr. Russell is entitled to receive. In the case of termination without cause, Mr. Russell will also be entitled to receive health insurance benefits for 24 months following the date of termination, and all outstanding options held by Mr. Russell will vest upon termination. Termination of employment upon a change of control, as defined in the employment agreement, is deemed to be a termination without cause. Upon the occurrence of a change of control Mr. Russell is entitled to receive additional equity in our company equal to the equity he holds prior to the change of control (including any options or warrants held by Mr. Russell).

On March 31, 2005, we entered into written employment agreements with Robert L. Dumont, our then Executive Vice President—Business Strategies and Development and acting Chief Financial Officer. On April 21, 2006 we entered into an employment agreement with Henry A. Miller pursuant to which Mr. Miller serves as our Chief Financial Officer, Executive Vice-President Finance and Senior Counsel. Each of these employment contracts runs for a term of three years. In connection with the hiring of Mr. Miller, effective April 21, 2006, Mr. Dumont no longer served as our acting Chief Financial Officer, but instead serves as our Executive Vice President—Business Strategies and Investor Relations.

Compensation of Directors

For service during 2005, all directors receive \$1,500 cash compensation per quarter and directors who act as committee chairs receive an additional \$250 cash compensation per quarter. Prior to 2005, the directors received

non-qualified stock options and a share grant of 5,000 shares per Board meeting attended in person or by phone.

From the end of 2004 until April 5, 2006, we did not issue any stock options or shares to any of our directors. On April 5, 2006, each director received an award of 50,000 non-qualified stock options. Mr. Robert L. Russell is our only director who is also an employee. In

October 2006, the Board approved an increase in the cash compensation for Directors who act as committee chairs (excepting certain operational committees) to \$2,500 per quarter.

Policy on Audit and Finance Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditors

The Audit and Finance Committee is responsible for appointing, setting compensation and overseeing the work of the independent auditors. The Audit and Finance Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent auditors. On an ongoing basis, management communicates specific projects and categories of services for which advance approval of the Audit and Finance Committee is requested. The Audit and Finance Committee reviews these requests and advises management if the Audit and Finance Committee approves the engagement of the independent auditors for specific projects. On a periodic basis, management reports to the Audit and Finance Committee regarding the actual spending for such projects and services compared to the approved amounts. The Audit and Finance Committee may also delegate the ability to pre-approve audit and permitted non-audit services to a subcommittee consisting of one or more Audit and Finance Committee members, provided that any such pre-approvals are reported on at a subsequent Audit and Finance Committee meeting. All of the audit-related fees, tax fees and all other fees paid to Williams & Webster by the Company for the fiscal years 2004 and 2005 were approved by the Audit and Finance Committee.

PROPOSAL 2: APPROVAL OF THE IDAHO GENERAL MINES, INC. 2006 EQUITY INCENTIVE PLAN

Background. Our Board of Directors adopted the 2006 Equity Incentive Plan (the "2006 Plan") on October 24, 2006. Unless sooner terminated by the Board of Directors, the 2006 Plan will terminate on the day before the tenth anniversary of the date that the plan was approved by our shareholders. The 2006 Plan is attached to this proxy statement as Appendix C.

Eligibility and Types of Awards. The 2006 Plan provides for the grant of incentive stock options, nonqualified stock options, restricted stock awards, restricted stock units and stock appreciation rights, which may be granted to our employees (including officers), directors and consultants. Each award is subject to an agreement between the Company and the recipient of the grant reflecting the terms and conditions of the award. As of October 24, 2006, approximately nine employees of the Company and approximately nine directors are eligible to receive awards. Certain consultants to the Company are also eligible to receive awards under the 2006 Plan.

Share Reserve. The aggregate number of shares of common stock that may be issued pursuant to awards granted under the 2006 Plan will not exceed three million five hundred thousand (3,500,000) plus the number of shares that are ungranted and those that are subject to reversion under the Idaho General Mines, Inc. 2003 Stock Plan (the "2003 Plan"). Shares under the 2003 Plan that become eligible for awards under the 2006 Plan may not be granted again under the 2003 Plan.

The following types of awards issued under the 2006 Plan may again become available for the grant of new awards under the 2006 Plan: option, stock appreciation right, restricted stock grant or restricted stock unit grant issued under the 2006 Plan that is forfeited or repurchased by us prior to it becoming fully vested; shares withheld for taxes; shares tendered to us to pay the exercise price of an option; and shares subject to awards issued under the 2006 Plan that have expired or otherwise terminated without having been exercised in full.

Administration. The Board of Directors has delegated authority to administer the 2006 Plan to the Compensation Committee. Subject to the terms of the 2006 Plan, the plan administrator, which is the Compensation Committee, determines recipients, grant dates, the numbers and types of stock awards to be granted and the terms and conditions of the stock awards, including the period of their exercisability and vesting. Subject to the limitations set forth below, the plan administrator will also determine the exercise price of options granted, the purchase price for restricted stock and restricted stock units, and, if applicable, the strike price for stock appreciation rights.

New Plan Benefits. As of the date of this proxy statement, no awards have been made under the 2006 Plan. The amount of awards to be made under the 2006 Plan is not presently determinable.

Stock Options. Nonqualified stock options and incentive stock options are granted pursuant to stock option agreements. The plan administrator determines the exercise price for stock options. Subject to the limitations set forth below regarding persons owning more than ten percent of our stock or of any of our affiliates ("ten percent shareholders"), the exercise price for nonqualified stock options and incentive stock options will be at least 100% of the fair market value of the shares of common stock underlying the option on the date such option is granted. Incentive stock options will not be exercisable after the expiration of ten years from the date of grant. For ten percent shareholders, the exercise price for incentive stock options will be at least 110% of the fair market value of the shares of common stock underlying an incentive stock option on the date such incentive stock option is granted and such incentive stock option will not be exercisable after the expiration of five years from the date of grant. The plan administrator determines the vesting period and term of stock options granted under the 2006 Plan.

Unless the terms of an optionee's stock option agreement provide otherwise, if an optionee's service relationship with us, or any of our affiliates, ceases due to disability or death or the optionee dies within a specified period after termination of service, the optionee, or his or her beneficiary, may exercise any vested options for a period of 12 months in the event of disability or 18 months in the event of death, after the date such service relationship ends or after death, as applicable. If an optionee's relationship with us, or any of our affiliates, ceases for any reason other than disability or death, the optionee may exercise any vested options for a period of three months from cessation of service, unless the terms of the stock option agreement provide for earlier or later termination. In no event, however, may an option be exercised after the expiration of its term, as set forth in the stock option agreement.

Acceptable consideration for the purchase of common stock issued upon the exercise of a stock option will either be cash, common stock owned by the optionee that has been held by the optionee for at least six months, a deferred payment arrangement, a cashless exercise or other legal consideration approved by

the plan administrator. The plan administrator may grant stock options with provisions entitling the optionee to a further option, referred to as a re-load option, in the event the optionee exercises the option evidenced by the option agreement, in whole or in part, by surrendering other shares of our common stock.

Generally, an optionee may not transfer a nonqualified stock option other than by will or the laws of descent and distribution unless the nonqualified stock option agreement provides otherwise. Optionees may not transfer incentive stock options except by will or by the laws of descent and distribution and incentive stock options are exercisable during the lifetime of the optionee only by the optionee. Optionees may designate a beneficiary who may exercise the option following the optionee's death.

Restricted Stock and Restricted Stock Units. A restricted stock award or restricted stock unit award is the grant of shares of our common stock either currently (in the case of restricted stock) or at a future date (in the case of restricted stock units) at a price determined by the plan administrator. Restricted stock and restricted stock units are granted pursuant to stock award agreements. Upon termination of a recipient's service with us, shares of restricted stock that are unvested as of the date of such termination may be reacquired by us subject to the terms of the restricted stock award agreement. Restricted stock awards may be subject to a repurchase right in accordance with a vesting schedule determined by the Board of Directors. Restricted stock and restricted stock units may be transferable only to the extent provided in a stock award agreement.

Stock Appreciation Rights. Stock appreciation rights entitle a participant to receive a payment equal in value to the difference between the fair market value of a share of common stock on the date of exercise of the stock appreciation right over the grant price of the stock appreciation right. Stock appreciation rights are granted pursuant to stock award agreements. The plan administrator may grant stock appreciation rights in connection with stock options or in a stand-alone grant. The plan administrator determines the term and grant price for a stock appreciation right. A stock appreciation right granted under the 2006 Plan vests at the rate specified in the stock award agreement. With respect to stock appreciation rights that are granted in connection with stock options, such stock appreciation rights shall be exercisable only to the extent that the related stock option is exercisable and such stock appreciation rights shall expire no later than the date on which the related stock options expire. If a recipient's relationship with us, or any of our affiliates, ceases for any reason, any unvested stock appreciation rights will be forfeited and any vested stock appreciation rights will be automatically redeemed.

Capitalization Adjustments. In the event of a dividend or other distribution (whether in the form of cash, shares of common stock, other securities, or other property), recapitalization, stock split, reorganization, merger, consolidation, exchange of our common stock or our other securities, or other change in our corporate structure, the plan administrator will appropriately adjust the number of shares that may be delivered under the 2006 Plan and the number and price of the shares covered by each outstanding stock award.

Changes in Control. In the event of a change in control (as defined in the 2006 Plan), all outstanding options and other awards under the 2006 Plan may be assumed, continued or substituted for by any surviving or acquiring entity. If the surviving or acquiring entity elects not to assume, continue or substitute for such awards, the vesting of such awards held by award holders whose service with us or any of our affiliates has not terminated will be accelerated and such awards will be fully vested and exercisable immediately prior to the consummation of such transaction, and the stock awards shall automatically terminate upon consummation of such transaction if not exercised prior to such event.

Amendment and Termination. The plan administrator may amend (subject to shareholder approval as required by applicable law), suspend or terminate the 2006 Plan at any time.

Federal Income Tax Consequences.

The federal income tax consequences of awards under the 2006 Plan to the Company and the Company's employees, officers, directors, and consultants are complex and subject to change. The following discussion is only a summary of the general rules applicable to the 2006 Plan.

Under Section 409A of the Internal Revenue Code of 1986, as amended (the "Code"), enacted as part of the American Jobs Creation Act of 2004, recipients of certain equity compensation awards (including certain types of stock appreciation rights and restricted stock units) may be subject to a burdensome taxation regime. If Section 409A of the Code were to apply to awards under the 2006 Plan, the affected participants may be required to recognize ordinary income for tax purposes earlier than the times otherwise applicable as described in the discussion below and to pay substantial penalties. The Company does not intend to issue any awards that would be subject to Section 409A of the Code until the new rules have been revised or clarified. Furthermore, the Board and the Committee generally have the authority to amend the 2006 Plan as they deem necessary to comply with applicable laws, including Section 409A of the Code. Therefore, the following discussion does not specifically address the potential impact of Section 409A of the Code on the various awards.

Stock Options.

Options granted under the 2006 Plan may be either incentive stock options or nonqualified stock options. Incentive stock options are options which are designated as such by the Company and which meet certain requirements under Section 422 of the Code and the regulations thereunder. Any option which does not satisfy these requirements will be treated as a nonqualified stock option.

Incentive Stock Options.

If an option granted under the 2006 Plan qualifies as an incentive stock option, the optionee will not recognize any income upon either the grant or the exercise of the option, and the Company will not be entitled to a deduction for federal tax purposes. Upon a sale of the shares, the tax treatment to the optionee and the Company will depend primarily upon whether the optionee has met certain holding period requirements at the time he or she sells the shares. In addition, as discussed below, the exercise of an incentive stock option may subject the optionee to alternative minimum tax liability.

If an optionee exercises an incentive stock option and does not dispose of the shares received within two years after the date the option was granted or within one year after the transfer of the shares to him or her, any gain realized upon ultimate disposition of the shares will be characterized as long-term capital gain and, in such case, the Company will not be entitled to a federal tax deduction.

If the optionee disposes of the shares either within two years after the date the option is granted or within one year after the transfer of the shares to him or her, the disposition will be treated as a disqualifying disposition and an amount equal to the lesser of (1) the fair market value of the shares on the date of exercise minus the exercise price, or (2) the amount realized on the disposition minus the exercise price, will be taxed as ordinary income to the optionee in the taxable year in which the disposition occurs. (However, in the case of gifts, sales to related parties, and certain

other transactions, the full difference between the fair market value of the stock and the purchase price will be treated as compensation income). The excess, if any, of the amount realized upon disposition over the fair market value at the

time of the exercise of the option will be treated as long-term capital gain if the shares have been held for more than one year following the exercise of the option.

The 2006 Plan alternatively allows for the exercise of an incentive stock option using shares previously acquired upon the exercise of stock options or through open-market purchases. Using shares acquired by exercising an incentive stock option to pay the option price of another option (whether or not it is an incentive stock option) will be considered a disposition of the shares for federal tax purposes. However, except as described below, an optionee will recognize no income upon such stock-for-stock exercise. To the extent an optionee acquires an equivalent number of shares, the optionee's basis in the shares the optionee acquires upon exercise will be equal to the optionee's basis in the surrendered shares increased by any income the optionee recognized on the deemed sale. The optionee's basis in any additional shares acquired upon such exercise will be zero, and a disqualifying disposition of the acquired shares within the one- or two-year holding period described above will apply first as a disqualifying disposition of the shares with the lowest basis. Furthermore, if an optionee exercises an incentive stock option by tendering already owned shares that the optionee acquired by exercise of another incentive stock option and for which the incentive stock option holding period described above has not been satisfied at the time of exercise, the IRS will treat the transaction as a disqualifying disposition of those previously-acquired shares. The optionee will recognize compensation income and will be subject to other basis allocation and holding period requirements if the optionee makes a disqualifying disposition.

The exercise of an incentive stock option may subject an optionee to alternative minimum tax liability. The excess of the fair market value of the shares at the time an incentive stock option is exercised over the purchase price of the shares is included in income for purposes of the alternative minimum tax even though it is not included in taxable income for purposes of determining the regular tax liability of an employee. Consequently, an optionee may be obligated to pay alternative minimum tax in the year he or she exercises an incentive stock option.

In general, the Company will not be entitled to a federal income tax deduction upon the grant, exercise, or termination of an incentive stock option. However, in the event an optionee sells or otherwise disposes of the stock received on the exercise of an incentive stock option in a disqualifying disposition, the Company will be entitled to a deduction for federal income tax purposes in an amount equal to the ordinary income, if any, recognized by the optionee upon disposition of the shares, provided that the deduction is not otherwise disallowed under the Code.

Nonqualified Stock Options.

Nonqualified stock options granted under the 2006 Plan do not qualify as "incentive stock options" and will not qualify for any special tax benefits to the optionee. An optionee generally will not recognize any taxable income at the time he or she is granted a nonqualified option. However, upon exercise, the optionee will recognize ordinary income for federal tax purposes measured by the excess of the then fair market value of the shares over the exercise price. The income realized by the optionee will be subject to income and other employee withholding taxes.

The optionee's basis for determining gain or loss upon the subsequent disposition of shares acquired upon the exercise of a nonqualified stock option will be the amount paid for such shares plus any ordinary income recognized as a result of the exercise of such option. Upon disposition of any shares acquired pursuant to the exercise of a nonqualified stock option, the difference between the sale price and the optionee's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year at the time of their disposition.

The 2006 Plan also allows for the exercise of a nonqualified stock option using shares previously acquired upon the exercise of stock options or through open-market purchases. Upon such exchange, an optionee will not recognize any taxable income with respect to shares of common stock received upon the exercise of nonqualified stock options that are equal in number to the shares delivered in payment of the exercise price. For federal income tax purposes, these newly acquired shares will have the same basis and capital gain holding period as the delivered shares.

Any additional shares received upon exercise of nonqualified stock options will, in general, have to be reported as ordinary income for the year of exercise in an amount equal to the fair market value on the exercise date. These additional shares will have a tax basis equal to such fair market value and a capital gain holding period measured (in general) from the exercise date.

In general, the Company will not be entitled to a federal income tax deduction upon the grant or termination of a nonqualified stock option or a sale or disposition of the shares acquired upon the exercise of a nonqualified stock option. However, upon the exercise of a nonqualified stock option, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that an optionee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

Restricted Stock and Restricted Stock Units.

Generally, the holder of restricted stock will recognize ordinary compensation income at the time the stock becomes vested. The amount of ordinary compensation income recognized will be equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the holder in exchange for stock.

In the case of restricted stock units, the holder will recognize ordinary compensation income at the time the stock is received equal to the excess of value of the stock on the date of receipt over any amount paid by the holder in exchange for stock. If the holder of a restricted stock unit receives the cash equivalent of the stock issuable under the restricted stock unit in lieu of actually receiving the stock, the recipient will recognize ordinary compensation income at the time of the receipt of such cash in the amount of the cash received. In the case of both restricted stock and restricted stock units, the income recognized by the holder will generally be subject to U.S. income tax withholding and employment taxes. Depending on their terms, certain types of restricted stock units may be subject to the application of Section 409A of the Code, discussed above. The Company does not intend to issue restricted stock units having features that could render them subject to the application of Section 409A of the Code until the new rules are revised or clarified.

In the year that the recipient of a stock award recognizes ordinary taxable income in respect of restricted stock or a restricted stock unit, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that the recipient is required to recognize, provided that the deduction is not otherwise disallowed under the Code.

Stock Appreciation Rights.

The Company may grant either stand-alone SARs or tandem SARs under the 2006 Plan. Generally, the recipient of a SAR will not recognize any taxable income at the time the SAR is granted.

With respect to stand-alone SARs, if the holder receives the appreciation inherent in the SARs in cash, the cash will be taxable as ordinary compensation income to the employee at the time that it is received. If the holder receives the appreciation inherent in the stand-alone SARs in stock, the holder will recognize

ordinary compensation income equal to the excess of the fair market value of the stock on the day it is received over any amounts paid by the holder for the stock.

With respect to tandem SARs, if a holder elects to surrender the underlying option in exchange for cash or stock equal to the appreciation inherent in the underlying option, the tax consequences to the holder will be the same as discussed above relating to stand-alone SARs. If the holder elects to exercise the underlying option, the holder will be taxed at the time of exercise as if he or she had exercised a nonqualified stock option (discussed above), i.e., the holder will recognize ordinary income for U.S. federal income tax purposes measured by the excess of the then fair market value of the shares of stock over the exercise price.

The income recognized by the holder of a stand-alone SAR or tandem SAR will generally be subject to U.S. income tax withholding and employment taxes.

In general, the Company will not be entitled to a federal income tax deduction upon the grant or termination of stand-alone SARs or tandem SARs. However, upon the exercise of either a stand-alone SAR or a tandem SAR, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that the employee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

Former Plan Shares shall include reserved shares of Common Stock that are not subject to a grant under the Former Plan. The number of shares of Common Stock underlying a Stock Award not issued as a result of any of the following actions shall again be available for issuance under the Plan: (i) a payout of a Stand-Alone Stock Appreciation Right, or a performance-based award of Restricted Stock or Restricted Stock Units in the form of cash; (ii) a cancellation, termination, expiration, forfeiture, or lapse for any reason (with the exception of the termination of a Tandem Stock Appreciation Right upon exercise of the related Options, or the termination of a related Option upon exercise of the corresponding Tandem Stock Appreciation Right) of any Stock Award; or (iii) payment of the Option exercise price and/or payment of any taxes arising upon exercise of the Option by withholding shares of Common Stock which otherwise would be acquired on exercise or issued upon such payout.

(c) Source of Shares. The shares of Common Stock subject to the Plan may be unissued shares or reacquired shares, bought on the market or otherwise.

5. Eligibility.

(a) Eligibility for Specific Stock Awards. Incentive Stock Options may be granted only to Employees. Stock Awards other than Incentive Stock Options may be granted to Eligible Recipients.

(b) Ten Percent Shareholders. A Ten Percent Shareholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least 110% of the Fair Market Value of the Common Stock at the date of grant and the Option is not exercisable after the expiration of five years from the date of grant.

(c) Consultants. A Consultant shall not be eligible for the grant of a Stock Award if, at the time of grant, a Form S-8 Registration Statement under the Securities Act (“*Form S-8*”) is not available to register either the offer or the sale of the Company’s securities to such Consultant because of the nature of the services that the Consultant is providing to the Company, or because the Consultant is not a natural person, or as otherwise provided by the rules governing the use of Form S-8, unless the Company determines both (i) that such grant (A) shall be registered in another manner under the Securities Act (e.g., on a Form S-3 Registration Statement) or (B) does not require registration under the Securities Act in order to comply with the requirements of the Securities Act, if applicable, and (ii) that such grant complies with the securities laws of all other relevant jurisdictions. Form S-8 generally is available to consultants and advisors only if (i) they are natural persons, (ii) they provide bona fide services to the issuer, its parents, its majority-owned subsidiaries or majority-owned subsidiaries of the issuer’s parent, and (iii) the services are not in connection with the offer or sale of securities in a capital-raising transaction, and do not directly or indirectly promote or maintain a market for the issuer’s securities.

(d) Foreign Participants. Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in other countries in which the Company and its subsidiaries operate or have Employees, Directors or Consultants, the Board, in its sole discretion, shall have the power and authority to: (i) determine which subsidiaries shall be covered by the Plan; (ii) determine which

C-6

Employees, Directors or Consultants outside the United States are eligible to participate in the Plan; (iii) modify the terms and conditions of any Stock Award granted to Employees, Directors or Consultants outside the United States to comply with applicable foreign laws; (iv) establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable (any such subplans and/or modifications shall be attached to this subplan as appendices); provided, however, that no such subplans and/or modifications shall increase the number of shares reserved for the Plan as set forth in Section 4 of the Plan; and (v) take any action, before or after a Stock Award is made, that it deems advisable to obtain approval or comply with any applicable foreign laws.

6. Option Provisions.

Each Option shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. The provisions of separate Options need not be identical, but each Option shall include (through incorporation of provisions hereof by reference in the Option Agreement or otherwise) the substance of each of the following provisions:

(a) Term. Subject to the provisions of Section 5(b) regarding Ten Percent Shareholders, no Option shall be exercisable after the expiration of ten years from the date it was granted.

(b) Exercise Price of an Incentive Stock Option. Subject to the provisions of Section 5(b) regarding Ten Percent Shareholders, the exercise price of each Incentive Stock Option shall be not less than 100% of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, an Incentive Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code.

(c) Exercise Price of a Nonstatutory Stock Option. The exercise price of Nonstatutory Stock Options shall be not less than 100% of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted.

(d) Consideration. The purchase price of Common Stock acquired pursuant to an Option shall be paid, to the extent permitted by applicable statutes and regulations, either (i) in cash at the time the Option is exercised, or (ii) at the discretion of the Board at the time of the grant of the Option (or subsequently in the case of a Nonstatutory Stock Option) (A) by delivery to the Company of other Common Stock, (B) according to a deferred payment or other similar arrangement with the Optionholder, (C) pursuant to a cashless exercise program implemented by the Company in connection with the Plan, or (D) in any other form of legal consideration that may be acceptable to the Board. Unless otherwise specifically provided in the Option Agreement, the purchase price of Common Stock acquired pursuant to an Option that is paid by delivery to the Company of other Common Stock acquired, directly or indirectly from the Company, shall be paid only by shares of the Common Stock of the Company that have been held for more than six months (or such longer or shorter period of time required to avoid a charge to earnings for financial accounting purposes).

In the case of any deferred payment arrangement, interest shall be compounded at least annually and shall be charged at the minimum rate of interest necessary to avoid the treatment as interest, under any applicable provisions of the Code, of any amounts other than amounts stated to be interest under the deferred payment arrangement.

(e) Transferability of an Incentive Stock Option. An Incentive Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

(f) Transferability of a Nonstatutory Stock Option. A Nonstatutory Stock Option shall be transferable only to the extent provided in the Option Agreement (subject to applicable securities laws). Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

(g) Vesting Generally. The total number of shares of Common Stock subject to an Option may, but need not, vest and therefore become exercisable in periodic installments that may, but need not, be equal. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options may vary. The provisions of this Section 6(g) are subject to any Option provisions governing the minimum number of shares of Common Stock as to which an Option may be exercised.

(h) Termination of Continuous Service. In the event an Optionholder's Continuous Service terminates (other than upon the Optionholder's death or Disability), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination) but only within such period of time ending on the earlier of (i) the date three months following the termination of the Optionholder's Continuous Service (or, except with respect to Incentive Stock Options, such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified in the Option Agreement, the Option shall terminate.

(i) Extension of Termination Date. Except with respect to Incentive Stock Options, an Optionholder's Option Agreement may also provide that if the exercise of the Option following the termination of the Optionholder's Continuous Service (other than upon the Optionholder's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option shall terminate on the earlier of (i) the expiration of the term of the Option set forth in Section 6(a), or (ii) the expiration of a period of thirty days after the termination of the Optionholder's Continuous Service during which the exercise of the Option would not be in violation of such registration requirements.

(j) Disability of Optionholder. In the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination), but only within such period of time ending on the earlier of (i) the date 12 months following such termination (or, except with respect to Incentive Stock Options, such longer or shorter period specified in the Option Agreement) or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified herein, the Option shall terminate.

(k) Death of Optionholder. In the event (i) an Optionholder's Continuous Service terminates as a result of the Optionholder's death or (ii) the Optionholder dies within the period (if any) specified in the Option Agreement after the termination of the Optionholder's Continuous Service for a reason other than death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the option upon the Optionholder's death pursuant to Section 6(e) or 6(f), but only within the period ending on the earlier of (A) the date 18 months following the date of death (or, except with respect to Incentive Stock Options, such longer or shorter period specified in the Option Agreement) or (B) the expiration of the term of such Option as set forth in the Option Agreement. If, after death, the Option is not exercised within the time specified herein, the Option shall terminate.

(l) Early Exercise. The Option may, but need not, include a provision whereby the Optionholder may elect at any time before the Optionholder's Continuous Service terminates to exercise the Option as to any part or all of the shares of Common Stock subject to the Option prior to the full vesting of the Option. The early purchase of any unvested shares of Common Stock will be pursuant to an early exercise provision in the Option Agreement which may provide for a repurchase option in favor of the Company and other restrictions the Board determines to be appropriate. Any repurchase option so provided for will be subject to the repurchase provisions set forth in Section 11(h) herein.

(m) Substitution of Stock Appreciation Rights for Options. If the Company is required to or elects to expense the cost of Options pursuant to FAS 123 (or a successor or other standard), the Board shall have the sole discretion to substitute without receiving Participants' permission, Stock Appreciation Rights paid only in stock for outstanding Options; provided, the terms of the substituted Stock Appreciation Rights are substantially the same as the terms of the Options, the number of shares underlying the number of Stock Appreciation Rights equals the number of shares underlying the Options and the difference between the Fair Market Value of the underlying shares of Common Stock and the grant price of the Stock Appreciation Rights is equivalent to the difference between the Fair Market Value of the underlying shares of Common Stock and the exercise price of the Options.

(n) Re-Load Options.

(i) Without in any way limiting the authority of the Board to make or not to make grants of Options hereunder, the Board shall have the authority (but not an obligation) to include as part of any Option Agreement a provision entitling the Optionholder to a further Option (a "**Re-Load Option**") in the event the Optionholder exercises the Option evidenced by the Option Agreement, in whole or in part, by surrendering other shares of Common Stock in accordance with this Plan and the terms and conditions of the Option Agreement. Unless otherwise specifically provided in the Option Agreement, the Optionholder shall not surrender shares of Common Stock acquired, directly or indirectly from the Company, unless such shares have been held for more than six months (or such longer or shorter period of time required to avoid a charge to earnings for financial accounting purposes).

(ii) Any such Re-Load Option shall (i) provide for a number of shares of Common Stock equal to the number of shares of Common Stock surrendered as part or all of the exercise price of such Option, (ii) have an expiration date which is the same as the expiration date of the Option the exercise of which gave rise to such Re-Load Option, and (iii) have an exercise price which is equal to 100% of the Fair Market Value of the Common Stock subject to the Re-Load Option on the date of exercise of the original Option. Notwithstanding the foregoing, a Re-Load Option shall be subject to the same exercise price and term provisions heretofore described for Options under the Plan.

Any such Re-Load Option may be an Incentive Stock Option or a Nonstatutory Stock Option, as the Board may designate at the time of the grant of the original Option; provided, however, that the designation of any Re-Load Option as an Incentive Stock Option shall be subject to the \$100,000 annual limitation on the exercisability of Incentive Stock Options described in Section 11(d) of the Plan and in Section 422(d) of the Code. There shall be no Re-Load Options on a Re-Load Option. Any such Re-Load Option shall be subject to the availability of sufficient shares of Common Stock under Section 4(a) and shall be subject to such other terms and conditions as the Board may determine that are not inconsistent with the express provisions of the Plan regarding the terms of Options.

7. Provisions of Stock Awards other than Options.

(a) Restricted Stock and Restricted Stock Units.

(i) Designation. Restricted Stock or Restricted Stock Units may be granted under the Plan. After the Board determines that it will offer Restricted Stock or Restricted Stock Units, it will advise the Participant in writing or electronically, by means of a Stock Award Agreement, of the terms, conditions and restrictions, including vesting, if any, related to the offer, including the number of shares of Common Stock that the Participant shall be entitled to receive or purchase, the price to be paid, if any, and, if applicable, the time within which the Participant must accept the offer. The offer shall be accepted by execution of a Stock Award Agreement or as otherwise directed by the Board. The term of each award of Restricted Stock or Restricted Stock Units shall be at the discretion of the Board.

(ii) Restrictions. Subject to Section 8(b)(iii), the Board may impose such conditions or restrictions on the Restricted Stock or Restricted Stock Units granted pursuant to the Plan as it may determine advisable, including the achievement of specific performance goals, time based restrictions on vesting, or others. If the Board established performance goals, the Board shall determine whether a Participant has satisfied the performance goals.

(iii) Performance Criteria. Restricted Stock and Restricted Stock Units granted pursuant to the Plan that are intended to qualify as “performance based compensation” under Section 162(m) of the Code shall be subject to the attainment of performance goals relating to the Performance Criteria selected by the Board and specified at the time such Restricted Stock and Restricted Stock Units are granted. For purposes of this Plan, “*Performance Criteria*” means one or more of the following (as selected by the Board and as such list to be amended or supplemented from time to time by the Plan Administrator): (1) cash flow; (2) earnings per share; (3) earnings before interest, taxes, and amortization; (4) return on equity; (5) total shareholder return; (6) share price performance; (7) return on capital; (8) return on assets or net assets; (9) revenue; (10) revenue growth; (11) earnings growth; (12) operating income; (13) operating profit; (14) profit margin; (15) return on operating revenue; (16) return on invested capital; (17) market price; (18) brand recognition; (19) customer satisfaction; (20) operating efficiency; or (21) productivity. Any of these Performance Criteria may be used to measure the performance of the Company as a whole or any business unit or division of the Company.

(iv) Transferability. Restricted Stock and Restricted Stock Units shall be transferable by the Participant only upon such terms and conditions as are set forth in the Stock Award Agreement, as the Board shall determine in its discretion.

(v) Vesting. Unless the Board determines otherwise, the Stock Award Agreement shall provide for the forfeiture of the non-vested shares of Common Stock underlying Restricted Stock or the termination of unvested Restricted Stock Units upon termination of a Participant's Continuous Service. To the extent that the Participant purchased the shares of Common Stock granted under any such Restricted Stock award and any such shares of Common Stock remain non-vested at the time of termination of a Participant's Continuous Service, the termination of Participant's Continuous Service shall cause an immediate sale of such non-vested shares of Common Stock to the Company at the original price per share of Common Stock paid by the Participant.

(b) Stock Appreciation Rights. Grants of Stock Appreciation Rights shall be pursuant to a Stock Award Agreement, which shall be in such form and shall contain such terms and conditions, as the Board shall deem appropriate. The Board may grant Stock Appreciation Rights in connection with all or any part of an Option ("*Tandem Stock Appreciation Rights*") to a Participant or in a stand-alone grant ("*Stand-Alone Stock Appreciation Rights*"). The terms and conditions of a Stock Appreciation Right shall include (through incorporation of the provisions hereof by reference in the Stock Award Agreement or otherwise) the substance of each of the following provisions:

(i) Calculation of Appreciation. Each Stock Appreciation Right will be denominated in shares of Common Stock equivalents. The appreciation distribution payable on the exercise of a Stock Appreciation Right will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the Stock Appreciation Right) of a number of shares of Common Stock equal to the number of shares of Common Stock equivalents in which the Participant is vested under such Stock Appreciation Right and with respect to which the Participant is exercising the Stock Appreciation Right on such date, over (B) an amount that will be determined by the Board at the time of grant of the Stock Appreciation Right (which amount shall not be less than the Fair Market Value of such shares of common stock at the time of grant of the Stock Appreciation Rights).

(ii) Vesting. At the time of the grant of a Stock Appreciation Right, the Board may impose such restrictions or conditions to the vesting of such Stock Appreciation Right as it deems appropriate.

(iii) Exercise. To exercise any outstanding Stock Appreciation Right, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Stock Award Agreement evidencing such Stock Appreciation Right.

(iv) Payment. The appreciation distribution in respect of a Stock Appreciation Right may be paid in Common Stock, in cash, or any combination of the two, as the Board deems appropriate.

(v) Termination of Continuous Service. If a Participant's Continuous Service terminates for any reason, any unvested Stock Appreciation Rights shall be forfeited and any vested Stock Appreciation Rights shall be automatically redeemed.

(vi) Transferability. Stock Appreciation Rights shall be transferable by the Participant only upon such terms and conditions as are set forth in the Stock Award Agreement, as the Board shall determine in its discretion.

(vii) Tandem Stock Appreciation Rights. A Tandem Stock Appreciation Right shall be exercisable only to the extent that the related Option is exercisable and a Tandem Stock Appreciation Right shall expire no later than the date on which the related Option expires.

8. Covenants of the Company.

(a) Availability of Shares. During the terms of the Stock Awards, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such Stock Awards.

(b) Securities Law Compliance. The Company shall seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; provided, however, that this undertaking shall not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained.

9. Use of Proceeds from Stock.

Proceeds from the sale of Common Stock pursuant to Stock Awards shall constitute general funds of the Company.

10. Effective Date of Plan.

The Plan shall become effective as determined by the Board, but no Stock Award shall be exercised (or, in the case of a stock bonus, shall be granted) unless and until the Plan has been approved by the shareholders of the Company, which approval shall be within twelve months before or after the date the Plan is adopted by the Board.

11. Miscellaneous.

(a) Acceleration of Exercisability and Vesting. The Board shall have the power to accelerate the time at which a Stock Award may first be exercised or the time during which a Stock Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Stock Award stating the time at which it may first be exercised or the time during which it will vest.

(b) Shareholder Rights. No Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Stock Award unless and until such Participant has satisfied all requirements for exercise of the Stock Award pursuant to its terms.

(c) No Employment or other Service Rights. Nothing in the Plan or any instrument executed or Stock Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Stock Award was granted or shall affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(d) Incentive Stock Option \$100,000 Limitation. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and its Affiliates) exceeds \$100,000, the Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options.

(e) Maximum Award Amounts. In no event shall a Participant receive a Stock Award or Stock Awards during any one calendar year covering in the aggregate more than 1,000,000 shares of Common Stock.

(f) Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Stock Award (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Stock Award, and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (1) the issuance of the shares of Common Stock upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act, or (2) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(g) Withholding Obligations. To the extent provided by the terms of a Stock Award Agreement, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Common Stock under a Stock Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) tendering a cash payment, (ii) authorizing the Company to withhold shares of Common Stock from the shares of Common Stock otherwise issuable to the Participant as a result of the exercise or acquisition of Common Stock under the Stock Award, provided, however, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law, or (iii) delivering to the Company owned and unencumbered shares of Common Stock.

(h) Repurchase Provisions. The Company shall exercise any repurchase option specified in the Stock Award by giving the holder of the Stock Award written notice of intent to exercise the repurchase option. Payment may be cash or cancellation of purchase money indebtedness for the Common Stock. The terms of any repurchase option shall be specified in the Stock Award and may be either at Fair Market Value at the time of repurchase or at not less than the original purchase price.

(i) Plan Unfunded. The Plan shall be unfunded. Except for the Board's reservation of a sufficient number of authorized shares to the extent required by law to meet the requirements of the Plan, the Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure payment of any Stock Award under the Plan.

C-13

12. Adjustments upon Changes in Stock.

(a) Capitalization Adjustments. In the event that any dividend or other distribution (whether in the form of cash, shares of the Common Stock, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, exchange of Common Stock or other securities of the Company, or other change in the corporate structure of the Company affecting the Common Stock occurs, the Board, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan, shall appropriately adjust the number and class of Common Stock that may be delivered under the Plan and/or the number, class, and price of Common Stock covered by each outstanding Stock Award; provided however that no such adjustment shall be made to any Stock Award to the extent that it would, in the view of the Company, cause such Stock Award to be subject to Section 409A of the Code. The Board shall provide holders of Restricted Stock Units a dividend equivalent right, pursuant to a separate arrangement between the Company and any such holder, in the form of additional shares of Common Stock or units, with respect to the unvested shares of Common Stock or unvested units the Participant shall be entitled to receive or purchase.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Board will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. To the extent it has not been previously exercised, a Stock Award will terminate immediately prior to the consummation of such proposed action.

(c) Change in Control. In the event of Change in Control, then, to the extent permitted by applicable law: (1) any surviving corporation may assume any Stock Awards outstanding under the Plan or may substitute similar stock awards (including an award to acquire the same consideration paid to the shareholders in the transaction described in this Section 12(c)) for those outstanding under the Plan, or (2) in the event any surviving corporation does not assume or continue such Stock Awards, or to substitute similar stock awards for those outstanding under the Plan in accordance with the preceding clause, then the time during which such Stock Awards may be exercised automatically will be accelerated and become fully vested and exercisable immediately prior to the consummation of such transaction, and the Stock Awards shall automatically terminate upon consummation of such transaction if not exercised prior to such event.

(d) No Limitations. The grant of Stock Awards will in no way affect the Company's right to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

13. Amendment of the Plan and Stock Awards.

(a) Amendment of Plan. The Board at any time, and from time to time, may amend the Plan. However, except as provided in Section 12 relating to adjustments upon changes in Common Stock, no amendment shall be effective unless approved by the shareholders of the Company to the extent shareholder approval is necessary to satisfy the applicable requirements of Section 422 or 162(m) of the Code and the Treasury Regulations thereunder, Rule 16b-3 or any Nasdaq or securities exchange listing requirements. For purposes of clarity, any increase in the number of shares reserved for issuance hereunder in accordance with the provisions of Section 4(a) hereof shall not be deemed to be an amendment to the Plan ; provided that any such adjustment that would increase the number of

shares of Common Stock that may be issued pursuant to Incentive Stock Options (other than an increase merely reflecting a change in the number of outstanding shares, such as a stock dividend or stock split), shall constitute an amendment to the Plan requiring shareholder approval.

(b) Contemplated Amendments. It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options and/or to bring the Plan and/or Incentive Stock Options granted under it into compliance therewith.

(c) No Impairment of Rights. Rights under any Stock Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (i) the Company requests the consent of the Participant and (ii) the Participant consents in writing.

(d) Amendment of Stock Awards. The Board at any time, and from time to time, may amend the terms of any one or more Stock Awards; provided, however, that the rights under any Stock Award shall not be impaired by any such amendment unless (i) the Company requests the consent of the Participant and (ii) the Participant consents in writing.

14. Termination or Suspension of the Plan.

(a) Plan Term. The Board may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate on the day before the tenth anniversary of the date the Plan is adopted by the Board or approved by the shareholders of the Company, whichever is later. No Stock Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) No Impairment of Rights. Suspension or termination of the Plan shall not impair rights and obligations under any Stock Award granted while the Plan is in effect except with the written consent of the Participant.

15. Choice of Law.

The law of the State of Washington shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to such state's conflict of laws rules.
