Chapter 11 Reorganization Proceedings

On February 2, 2005, Tower Automotive, Inc. and its United States subsidiaries (Debtors) filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code (Bankruptcy Code) in the United States Bankruptcy Court Southern District of New York (the Court). The cases were consolidated for the purpose of joint administration. The Debtors are operating their businesses as debtors-in-possession (DIP) pursuant to the Bankruptcy Code. An official committee of unsecured creditors has been appointed.

Pursuant to the provisions of the Bankruptcy Code, all actions to collect upon any of the Debtors' liabilities as of the petition date or to enforce pre-petition date contractual obligations are automatically stayed. Absent approval from the Bankruptcy Court, Debtors are prohibited from paying pre-petition obligations. In addition, as a consequence of the Chapter 11 filing, pending litigation against Debtors is generally stayed, and no party may take any action to collect pre-petition claims except pursuant to an order of the Court. However, Debtors have requested that the Bankruptcy Court approve certain pre-petition liabilities, such as payments for the retention of certain legal and financial professionals, employee wages and benefits and certain other pre-petition obligations. Since the filing, all orders sufficient to enable Debtors to conduct normal business activities, including approval of the Debtors' DIP financing have been entered by

the Court. While the Debtors are subject to Chapter 11, all transactions of the Debtors outside the ordinary course of business will require the prior approval of the Court.

The provisions in Statement of Position 90-7, Financial Reporting by Entities in Reorganization Under the Bankruptcy Code (SOP 90-7) apply to the Debtors' financial statements while the Debtors operate under the provisions of Chapter 11. SOP 90-7 does not change the application of generally accepted accounting principles in the preparation of financial statements. However, SOP 90-7 does require that the financial statements for periods including and subsequent to the filing of the Chapter 11 petition distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the business.

Petition Date Financial Information

The financial information filed as of the petition date is subject to change. Tower Automotive may, at a future date, amend its schedules for updated financial information.

Intercompany Transactions

Intercompany transactions between the debtors have been eliminated in this financial information. Intercompany transactions with the Company's non-debtor subsidiaries have not been eliminated in these financial statements and are reflected as intercompany receivables and payables.

Income Taxes

Tower Automotive accounts for income taxes on a consolidated basis. Accordingly, income tax expense/benefit and income tax assets and liabilities in the accompanying statements of operations and balance sheets, respectively, do not necessarily reflect the entities current income tax position for the periods presented.

DIP Financing

In February 2005, the Bankruptcy Court approved a Revolving Credit, Term Loan and Guaranty Agreement (DIP Agreement) with a national banking institution as agent for the lenders (Lenders) and each of the Lenders.

The DIP Agreement provides for a \$725 million commitment of debtor-in-possession financing comprised of a revolving credit and letter of credit facility in an aggregate principal amount not to exceed \$300 million and a term loan in the aggregate principal amount of \$425 million. The proceeds of the term loan have been used to refinance the Debtors' obligation amounting to \$425 million under the Credit Agreement. The proceeds of the revolving credit loans shall be used to fund the working capital requirements of the Debtors during the Chapter 11 proceedings. Obligations under the DIP Agreement are secured by a lien on the assets of the Debtors (which lien shall have first priority with respect to a significant portion of the Debtors' assets) and by a super-priority administrative expense claim in each of the bankruptcy cases.

Advances under the DIP Agreement will bear interest at a fixed rate per annum equal to (x) the greatest (as of the date the advance is made) of the prime rate, the Base CD Rate (as defined in the DIP Agreement) plus 1%, or the Federal Funds Effective Rate (as defined in the DIP Agreement) plus 0.5%, plus (y) 1.75%, in the case of a loan under the revolving facility, or 2.75% in the case of the term loan. Alternatively, the Debtors may request that advances be made at a variable rate equal to (x) the Adjusted LIBO Rate (as defined in the DIP Agreement), for a one-month, three-month, six-month, or nine-month period, at the election of Debtors, plus (y) 2.75%, in the case of a loan under the revolving facility, or 3.75% in the case of the term loan. In addition, the DIP Agreement obligates the Debtors to pay certain fees to the Lenders as described in the DIP Agreement.

MONTHLY OPERATING REPORT, FEBRUARY 2005**

NOTES TO MONTHLY OPERATING REPORT (CONTINUED)

The DIP Agreement contains various representations, warranties and covenants by the Debtors that are customary for transactions of this nature, including (without limitation) reporting requirements and maintenance of financial covenants.

The Debtors' obligations under the DIP Agreement may be accelerated following certain events of default, including (without limitation) any breach by the Debtors of any of the representations, warranties, or covenants made in the DIP Agreement or the conversion of any of the bankruptcy cases to a case under Chapter 7 of the Bankruptcy Code or the appointment of a trustee pursuant to Chapter 7 of the Bankruptcy Code.

The DIP Agreement matures on February 7, 2007; however, the Debtors are obligated to repay all borrowings made pursuant to the DIP Agreement upon substantial consummation of a plan of reorganization of the Debtors that is confirmed pursuant to an order of the Bankruptcy Court.

TAX PAYMENT CERTIFICATION

Tower Automotive's US subsidiaries and Debtors have paid post petition tax payments as due. Tax bills which straddle the bankruptcy filing date have been split and accrued separately as pre petition and post petitions amounts. The post petition amounts have been paid. Sales and payroll taxes for both pre petition and post petition have been paid in accordance with first day motions.

Any exceptions to this certification (amounts under dispute, ongoing audits for post petition periods etc.) are listed below.

- o Certain pre-petition sales and use tax amounts owed, totally less than \$10,000, have not been paid as of the date of this Monthly Operating Report. Such amounts will be paid during the month of April 2005 and will be reported as such in the April 2005 Monthly Operating Report
- o Certain post-petition property taxes, totally \$306,691.66, have not been paid when due, February 28, 2005. Such amounts will be paid during the month of April 2005 and will be reported as such in the April 2005 Monthly Operating Report.
- o We are currently under audit by several states for sales and use tax. Such audits may result in additional amounts due to various state agencies for sales and use tax. However, it is not possible to predict the outcome of such audits at the date of this report.

Payroll Taxes withheld and paid

All payroll taxes have been paid when due. Amounts shown as not paid (differences) are not due as of the date of this information. We periodically withhold and remit payroll taxes in various other state and local jurisdictions which are not listed in this schedule as no amounts were withheld or due during the period.
