PART I
FINANCIAL INFORMATION

Forward-Looking Information

Certain statements in this Form 10-QSB and elsewhere (such as in other filings by WARP Technology Holdings, Inc. (the "Company") with the Securities and Exchange Commission (the "Commission"), press releases or the content of the Company's Internet web-site) may constitute "forward-looking statements" within

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 10QSB

the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements include those relating to future opportunities, the outlook of customers, the reception of new products and technologies, and the success of new initiatives. In addition, such forward-looking statements involve known and unknown risks, uncertainties, and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results expressed or implied by such forward-looking statements. Such factors include: (i) demand for the Company's products; (ii) the actions of current and potential new competitors; (iii) changes in technology; (iv) the nature and amount of the Company's revenues and expenses; and (v) overall economic conditions and other risks detailed from time to time in the Company's periodic earnings releases and reports filed with the Commission, as well as the risks and uncertainties discussed in the Company's Annual Report on Form 10-KSB filed with the Commission on October 7, 2002 (the "Form 10-KSB").

Notes To Consolidated Financial Statements

Note 1. Organization Merger and Description of Business

On May 24, 2002 ("the Closing Date") Abbott Mines, Ltd. ("AMI"), a Nevada corporation, acquired the outstanding common stock of WARP Solutions, Inc("WARP") in a Share Exchange transaction (the "Share Exchange"). The transaction was effected by the issuance of 5.5254528 shares of AMI's common stock after giving effect to the September Stock Dividend described below. In connection with the Share Exchange, the officers and directors of WARP became the officers of AMI and joined the board of directors of AMI, replacing AMI's officers and one of the AMI directors who resigned their positions at the Closing Date. This resulted in the former WARP stockholders owning the majority of the outstanding shares of AMI. For financial reporting purposes, the transaction is accounted for as a reverse acquisition, and WARP has been treated as the acquiring entity for accounting purposes.

Although AMI is the surviving legal entity in the Share Exchange, the transaction was accounted for as an issuance of equity by WARP, and a recapitalization of WARP under the capital structure of AMI in exchange for \$690 in net assets. Under the purchase method of accounting, the historical results of WARP have been carried forward and AMI's operations have been included in the financial statements commencing on the Closing Date. Accordingly, all the historical results included are those of WARP only.

On September 20, 2002, the Company's Board of Directors declared a stock split in the form of a dividend (the "September Stock Dividend") payable to the common stockholders of record on September 24, 2002 (the "record date") of three shares of common stock for each one share issued and outstanding on the record date. The September Stock Dividend was effective and payable on October 2, 2002. All common share amounts have been reflected in the accompanying financial statements and related footnotes as if the Share Exchange and the September Stock Dividend had occurred as of the beginning of all periods presented.

On August 12, 2002, the Company's Board of Directors authorized and approved the establishment of a subsidiary in the state of Nevada with the name WARP Technology Holdings, Inc. In addition, the Company's Board of Directors authorized and approved the issuance of 100,000 shares of the Company's common stock, to its attorneys for legal services.

On August 15, 2002, the Company's Board of Directors authorized and approved the upstream merger of WARP Technology Holdings, Inc., the Company's wholly-owned subsidiary, with and into the Company ("the Upstream Merger"). The Upstream Merger became effective on August 21, 2002, and the Company changed its name from Abbott Mines, Ltd. to WARP Technology Holdings, Inc.

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 10QSB

Note 1. Organization Merger and Description of Business (continued)

AMI was incorporated on June 26, 2000, for the purpose of acquiring, exploring and developing mining properties. Subsequent to the Closing Date, AMI ceased all exploration activities.

WARP was organized as a Delaware Limited Liability Company ("LLC") on July 16, 1999, for the purpose of developing Internet performance and security software. On December 14, 1999, the LLC was reorganized as a Delaware corporation and changed its name to WARP Solutions, Inc. WARP is creating software solutions, which allow web-sites to handle more traffic and provide a reliable web experience. The WARP 2063, which was completed and available for general release in 2002, is WARP's sole product. WARP is actively selling the WARP 2063 worldwide, focusing on the United States, the United Kingdom, and the Far East. Additionally, WARP is developing products that permit secure and private transactions over the Internet.

Note 2. Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of WARP and its wholly-owned subsidiary (collectively the "Company"). All material inter-company transactions and balances have been eliminated in consolidation.

Basis of Presentation

The Company was a development stage enterprise through December 31, 2001. In 2002, the Company began to generate revenues and ceased to be a development stage enterprise. Accumulated losses incurred from inception through December 31, 2001 was \$12,334,580.

Change of Year End

During 2002, the Company announced a fiscal year end change from December 31 to June 30.

Reclassification

Certain financial statement items have been reclassified to conform to the current period's presentation.

Page 7

Note 2. Summary of Significant Accounting Policies (continued)

Revenue Recognition

Pursuant to AICPA Statement of Position ("SOP") 97-2, Software Revenue Recognition, the Company recognizes revenues from software licenses when persuasive evidence of a contractual arrangement exists, delivery has occurred, the fee is fixed or determinable and collection is probable. The Company's software licenses generally are marketed with certain post-contract customer support ("PCS") and other obligations, which may include maintenance, delivery of unspecified upgrades, and warranties regarding service response times. Revenue under PCS agreements are recognized ratably over the term of the agreement. Under SOP 97-2, the Company must allocate revenue to each element based on vendor specific objective evidence ("VSOE") of each element's fair

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 10QSB

value. Since the Company has just begun to market its products, VSOE of the fair value of each element has not been clearly established. Accordingly, revenue from license agreements are being recognized ratably over the term of the PCS agreement.

Loss Per Share

Basic and diluted net loss per share information for all periods is presented under the requirements of SFAS No. 128, Earnings Per Share. Basic loss per share is calculated by dividing the net loss by the weighted-average common shares outstanding during the period. Diluted loss per share is calculated by dividing net loss by the weighted-average common shares outstanding plus the dilutive effect of convertible preferred stock, warrants and stock options. The dilutive effect of preferred stock, warrants and options is not included as the inclusion of such is anti-dilutive for all periods presented.

Segment Information

The Company operates in one segment.

Impact of Recent Accounting Pronouncements

In July 2002, the FASB issued SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities. SFAS No. 146 provides guidance on the timing of the recognition of costs associated with exit or disposal activities. The new guidance requires costs associated with exit or disposal activities to be recognized when incurred. Previous guidance required recognition of costs at the date of commitment to an exit or disposal plan. The provisions of the statement are to be adopted prospectively after December 31, 2002. Although SFAS No. 146 may impact the accounting for costs related to exit or disposal activities the Company may enter into in the future, particularly the timing of recognition of these costs, the adoption of the statement will not have an impact on the Company's present financial condition or results of operations.

Note 3. Stockholders Equity

In September 2002, the Company closed an offering of 3,600,000 restricted shares of its common stock in a private transaction for gross proceeds of \$900,000 in cash. The Company paid finders and placement fees in the amount of \$136,000 in connection with this transaction.

Page 8

Note 3. Stockholders Equity (continued)

In November 2002 the Company closed an offering of 2,100,000 restricted shares of its common stock in a private transaction for gross proceeds of \$575,000 in cash. The Company paid finders and placement fees in the amount of \$67,000 in connection with this transaction.

In November 2002 the Company's Board of Directors approved and adopted the Warp Technology Holdings, Inc. 2002 Stock Incentive plan (the "2002 Plan") and reserved 10,000,000 shares of the Company's common stock for future issuance under the terms of the plan. Pursuant to the 2002 Plan in November 2002 the Company granted 6,000,000 options to employees at an exercise price of \$.25 per share. For financial statement purposes the Company recorded deferred compensation of \$16,800,000, representing the difference between the market price of the Company's stock and \$.25 on the date of grant. At the date of grant 1,833,333 of options were fully vested and immediately exercisable. Deferred compensation is being amortized for financial reporting purposes over the vesting period of the options. The amount recognized as expense during the three

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 10QSB

months ended December 31, 2002 was \$5,133,333.

In February 2003, the Company completed an offering of 187,500 Units for gross proceeds equaling \$2,250,000 in cash (the "February Private Placement"). Each Unit consisted of sixteen (16) shares of the Company's common stock and a warrant to purchase nine (9) shares of the Company's common stock at an exercise price of \$.10 per share. The Warrants are exercisable for a period of five years from the date of grant. All of the Units sold in the February Private Placement were offered and sold to accredited investors (as defined in Rule 501 of Regulation D). The Company paid finders and placement fees in the amount of \$123,000 in connection with the February Private Placement. The Units and the common stock and warrants underlying the Units issued in the November Private Placement are restricted securities and were issued in a transaction exempt from the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), pursuant to Section 4(2) of the Securities Act. The Units and the common stock and warrants underlying the Units issued in the November Private Placement are subject to Rule 144 under the Securities Act and therefore generally cannot be resold for a period of twelve months from the date of purchase. No general solicitations were made in connection with the February Private Placement.

Note 4. Other

On August 13, 2002 the Company entered into a memorandum of understanding (the "MOU") to enter into a business combination transaction with Spider Software, Inc., a Canadian corporation. In connection with the MOU, and in anticipation of the completion of the transaction contemplated by this MOU, the Company advanced to Spider Software \$250,000 to finance the ongoing operations of Spider Software. On January 10, 2003 the Company completed the acquisition by issuing one million five hundred thousand shares of its common stock and converted the \$250,000 advance to be part of the purchase in exchange for all of the outstanding capital shares of Spider Software.

Page 9

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

The following discussion and analysis provides information which the Company's management believes is relevant to an assessment and understanding of the Company's results of operations and financial condition. This discussion should be read together with the Company's financial statements and the notes to financial statements which are included in this report, and with the Company's Form 10-KSB.

Plan of Operations

The Company's plan of operation is to develop, manage and market the products of its subsidiaries which have developed unique and proprietary technologies which accelerate the processing speed of dynamic content requests and improve the efficiency of an internet or intranet network's infrastructure. The Company's technology is incorporated into a network appliance and computer software that move the processing of dynamic content requests away from the core of an enterprises' network infrastructure to the edge of that infrastructure. By doing so, the Company's technology and products should enable an enterprise to improve the efficiency of its network infrastructure resulting in:

- i) The elimination of complex transaction-processing bottlenecks,
- ii) Increased response times,
- iii) Lower hardware costs, and
- iv) Lower wide area network costs.

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 10QSB

Results of Operations

During the three months ended December 31, 2002, the Company sold fourteen WARP 2063 units to channel resellers pursuant to distribution agreements, for \$579,423, which is being recognized over a twelve-month period in the consolidated statements of operations. As a result, \$5,731 was recognized in the consolidated statements of operations for the three months ended December 31, 2002 and the balance of \$573,692, recorded as deferred revenue. The additional \$81,000 of revenue recognized during the three months ended December 31, 2002 represents deferred revenue for agreements in effect at June 30 and September 30, 2002, of which \$172,000 is still deferred at December 31, 2002.

There were no revenues during the three months ended December 31, 2001.

During the six months ended December 31, 2002, the Company sold twenty WARP 2063 units to channel resellers pursuant to distribution agreements, for \$835,422, which is being recognized over a twelve-month period in the consolidated statements of operations pursuant to AICPA Statement of Position 97-2, Software Revenue Recognition. As a result, \$112,398 was recognized in the consolidated statements of operations for the six months ended December 31, 2002 and the balance of \$723,024 recorded as deferred revenue. The additional \$34,000 of revenue recognized during the six months ended December 31, 2002 represents deferred revenue for an agreement in effect at June 30, 2002, of which \$22,668 is still deferred at December 31, 2002.

Page 10

There were no revenues during the six months ended December 31, 2001.

Product development costs were approximately \$115,000 for the three months ended December 31, 2002 compared to approximately \$645,000 for the three months ended December 31, 2001. The decrease was due primarily to the substantial completion of the development of the WARP 2063 and the Company's change in focus from developing the WARP 2063 to marketing that product.

Product development costs were approximately \$252,000 for the six months ended December 31, 2002 compared to approximately \$1,485,000 for the six months ended December 31, 2001. The decrease was due primarily to the substantial completion of the development of the WARP 2063 and the Company's change in focus from developing the WARP 2063 to marketing that product.

Sales, marketing and business development expenses were approximately \$130,000 for the three months ended December 31, 2002 compared to approximately \$75,000 for the three months ended December 31, 2001. The increase was due primarily to an increased marketing effort by the Company.

Sales, marketing and business development expenses were approximately \$336,000 for the six months ended December 31, 2002 compared to approximately \$80,000 for the six months ended December 31, 2001. The increase was due primarily to an increased marketing effort by the Company.

General and administrative expenses were approximately \$616,000 for the three months ended December 31, 2002 compared to approximately \$1,006,000 for the three months ended December 30, 2001. The decrease was due to management's cost cutting initiatives primarily relating to reduced headcount and rent expense.

General and administrative expenses were approximately \$1,183,000 for the six months ended December 31, 2002 compared to approximately \$1,573,000 for the six months ended December 30, 2001. The decrease was due to management's cost cutting initiatives primarily relating to reduced headcount and rent expense.

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 10QSB

During the three months ended December 31, 2002 the Company had net interest income of approximately \$3,600 compared to net interest income of approximately \$7,000 for the three months ended December 31, 2001. The decrease is the result of a decrease in cash balances available for investment.

During the six months ended December 31, 2002 the Company had net interest income of approximately \$8,900 compared to net interest income of approximately \$20,000 for the six months ended December 31, 2001. The decrease is the result of a decrease in cash balances available for investment.

Net Operating Loss Carryforwards

At June 30, 2002, WARP had net operating loss carryforwards of approximately \$14,000,000, which may be used to reduce taxable income in future years through the year 2022. Due to uncertainty

Page 11

surrounding the realization of the favorable tax attributes in future returns, WARP has placed a full valuation allowance against its net deferred tax asset. At such time as it is determined that it is more likely than not that the deferred tax asset is realizable, the valuation allowance will be reduced. Furthermore, the net operating loss carryforward may be subject to further limitation pursuant to Section 382 of the Internal Revenue Code.

Liquidity and Capital Resources

Since inception, the Company has financed its operations primarily through the sale of its capital stock and short-term borrowings.

Net cash used in operating activities for the six months ended December 31, 2002 was approximately \$1,644,000 consisting primarily of the net loss of \$6,743,000 offset by an increase in deferred revenue of approximately \$690,000 and non-cash compensation of approximately \$5,133,000.

Net cash used in investing activities during the six months ended December 31, 2002 of \$267,000 consisted of the payment of a \$250,000 advance in connection with the proposed acquisition of Spider Software, Inc. by the Company and the purchase of property and equipment of \$13,000.

Net cash provided by financing activities during the six months ended December 31, 2002 of \$1,291,000 representing the net proceeds from the issuance of common stock of approximately \$1,272,000 and repayment of shareholder loan of approximately \$19,000.

As of December 31, 2002, the Company had working capital of \$212,000, as compared to \$818,000 at June 30, 2002. The Company's cash and cash equivalents were \$564,000 at December 31, 2002, compared to \$1,185,000 at December 31, 2002.

In February 2003, the Company completed an offering of 187,500 Units with gross proceeds to the Company from the sale equaling \$2,250,000 (the "February Private Placement"). Each Unit consisted of sixteen (16) shares of the Company's common stock and a warrant to purchase nine (9) shares of the Company's common stock at an exercise price of \$.10 per share.

The Company has incurred losses and negative cash flows from operations since inception, and as such has been dependent upon raising money for short and long-term cash needs through the sale of its capital stock in private placements and through debt.

During 2002 and 2001, management took steps to reduce costs, including staff

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 10QSB

reductions, salary reductions, and elimination of other employee's fringe benefits. Even with the reduction in expenses and an expected increase in sales, the Company anticipated that during its 2003 fiscal year it will need to raise over \$2,000,000 to support its working capital needs and to continue to execute the requirements of the business plan. In fiscal 2003 the Company has raised approximately \$3,400,000 which management believes to be sufficient to fund its current operations and the operations of Spider Software, its newly acquired wholly owned subsidiary through the end of this fiscal year.

Page 12

Ultimate future capital requirements will depend on many factors, including cash flow from operations, continued progress in research and development programs, competing technological and market developments, and the Company's ability to successfully market its products.

Critical Accounting Policies

Revenue Recognition

Pursuant to AICPA Statement of Position ("SOP") 97-2, Software Revenue Recognition, the Company recognizes revenues from software licenses when persuasive evidence of a contractual arrangement exists, delivery has occurred, the fee is fixed or determinable and collection is probable. The Company's software licenses generally are marketed with certain post-contract customer support ("PCS") and other obligations, which may include maintenance, delivery of unspecified upgrades, and warranties regarding service response times. Revenue under PCS agreements are recognized ratably over the term of the agreement. Under SOP 97-2, the Company must allocate revenue to each element based on vendor specific objective evidence ("VSOE") of each element's fair value. Since the Company has just begun to market its products, VSOE of the fair value of each element has not been clearly established. Accordingly, revenue from license agreements are being recognized ratably over the term of the PCS agreement.

Product Development Costs

Product development costs incurred in the process of developing product improvements and enhancements or new products are charged to expense as incurred. Statement of Financial Accounting Standards ("SFAS") No. 86, Accounting for the Costs of Computer Software to be Sold, Leased or Otherwise Marketed, requires capitalization of certain software development costs subsequent to the establishment of technological feasibility. Based on the Company's product development process, technological feasibility is established upon the completion of a working model.

ITEM 4. CONTROLS AND PROCEDURES

Within 90 days prior to the date of this quarterly report on Form 10-QSB for the second quarter ended December 31, 2002, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and President, its principal executive officer, and the Company's Chief Operating Officer, its principal operating officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Rule 13a-14 of the Securities Exchange Act of 1934. Based upon that evaluation, the principal executive officer and principal operating officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company, including its consolidated subsidiaries, that is required to be included in the Company's periodic SEC filings. There were no significant changes in internal controls or in other

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 10QSB

factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

Page 13

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

The Company is not a party to any material legal proceedings.

ITEM 2. CHANGES IN SECURITIES.

In November, 2002, the Company closed an offering of 2,100,000 shares of its common stock in a private transaction with gross proceeds to the Company from the sale equaling \$575,000 (the "November Private Placement"). All of the shares sold in the November Private Placement were offered and sold to accredited investors (as defined in Rule 501 of Regulation D). The purchase price of the November Private Placement shares was paid in cash. Pursuant to the terms of a Financial Consulting Agreement between the Company and Lighthouse Capital, the Company paid fees in the amount of \$67,000 in connection with the November Private Placement. The shares of common stock issued in the November Private Placement are restricted shares and were issued in a transaction exempt from the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), pursuant to Section 4(2) of the Securities Act. The shares issued in the November Private Placement are subject to Rule 144 under the Securities Act and therefore generally cannot be resold for a period of twelve months from the date of purchase. No general solicitations were made in connection with the November Private Placement.

On January 10, 2003, the Company, through its wholly-owned subsidiary 6043577 Canada Inc., acquired one hundred percent (100%) of the issued and outstanding capital stock of Spider Software, Inc. through a share exchange transaction pursuant to the Exchange Agreement (as described further below). Pursuant to the Exchange Agreement the Spider shareholders were issued approximately 1,500,000 shares of the preferred stock of 6043577 Canada Inc., which in turn is convertible into shares of the Company's common stock on a 1 for 1 basis. Upon full conversion, the terms of the Exchange Agreement will result in the issuance of approximately 1,500,000 shares of the Company's common stock. Neither the preferred stock of 6043577 Canada Inc., nor the shares of the Company's common stock to be issued upon conversion of such preferred stock (collectively the "Consideration Shares") have been registered under the Securities Act. The Consideration Shares were and shall be issued to the Spider stockholders pursuant to an exemption from registration under Section 4(2) of the Securities Act. The Consideration Shares are subject to restrictions on transfer under the Securities Act and may only be transferred or resold pursuant to an effective registration statement or in compliance with an exemption from such registration. A copy of the Exchange Agreement is attached as Exhibit 2.2 to the Company's Current Report on Form 8-K filed with the Commission on January 27, 2003 and is incorporated herein by reference.

In February 2003, the Company completed an offering of 187,500 Units with gross proceeds to the Company from the sale equaling \$2,250,000 (the "February Private Placement"). Each Unit consisted of sixteen (16) shares of the Company's common stock and a warrant to purchase nine (9) shares of the Company's common stock at an exercise price of \$.10 per share. The Warrants are exercisable for a period of five years from the date of grant. All of the Units sold in the February

Private Placement were offered and sold to accredited investors (as defined in Rule 501 of Regulation D). The Company paid finders and placement fees in the amount of \$123,000 in connection with the February Private Placement. The Units and the common stock and warrants underlying the Units issued in the November Private Placement are restricted securities and were issued in a transaction exempt from the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), pursuant to Section 4(2) of the Securities Act. The Units and the common stock and warrants underlying the Units issued in the November Private Placement are subject to Rule 144 under the Securities Act and therefore generally cannot be resold for a period of twelve months from the date of purchase. No general solicitations were made in connection with the February Private Placement.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

No matters were submitted to a vote of the Company's shareholders during the first quarter of the fiscal year ending June 30, 2003.

ITEM 5. OTHER INFORMATION.

2002 Stock Incentive Plan

On November 29, 2002, the Board of Directors of the Company approved and adopted the WARP Technology Holdings, Inc. 2002 Stock Incentive Plan (the "2002 Plan") and reserved 10,000,000 shares of the Company's common stock for future issuance under the terms of the 2002 Plan. The purpose of the 2002 Plan is to provide a means through which the Company and its subsidiaries may attract, retain and compensate the able and talented employees and consultants that the Company will need to execute its business plan and bring its products to market. On November 29, 2002, the Board of Directors issued 6,000,000 options to certain employees of the Company under the 2002 Plan. Such options have a term of ten years and have an exercise price of \$.25 per share. A copy of the 2002 Plan and a form of Stock Option Grant are attached hereto as Exhibits 10.8 and 10.9 to this Report and are incorporated herein by reference.

Formation of Foreign Subsidiary

In November 2002, the Company formed WARP Solutions Ltd., a corporation formed under the laws of Great Britain, as a wholly-owned subsidiary in order to facilitate the Company's over-seas sales efforts, including those in Europe and the Far East. WARP Solutions Ltd. does not have any operations or revenues but was created as a vehicle to employ and compensate the Company's foreign employees and consultants.

Acquisition of Spider Software, Inc.

On January 10, 2003 (the "Closing Date"), the Company, through its

Edgar Filing: WARP TECHNOLOGY HOLDINGS INC - Form 10QSB

wholly-owned subsidiary 6043577 Canada Inc., acquired one hundred percent (100%) of the issued and outstanding capital stock of Spider Software, Inc. ("Spider"), a privately held Canadian corporation, through a share exchange transaction pursuant to a Share Exchange Agreement (the "Exchange Agreement") dated as of December 13, 2002, by and among the Company, 6043577 Canada Inc., Spider, the Spider Insiders and the Sellers as Identified on Schedule A thereto. Pursuant to the Exchange Agreement the Spider shareholders were issued approximately 1,500,000 shares of the preferred stock of 6043577 Canada Inc., which in turn is convertible into shares of the Company's common stock on a 1 for 1 basis, and the Company forgave outstanding Spider promissory notes of approximately \$250,000, in exchange for one hundred percent (100%) of the issued and outstanding capital stock of Spider. A copy of the Exchange Agreement is attached as Exhibit 2.2 to the Company's Current Report on Form 8-K filed with the Commission on January 27, 2003 and is incorporated herein by reference.

In accordance with the terms and conditions of the Exchange Agreement, the Company caused 6043577 Canada Inc. to issue .197707 shares of the preferred stock of 6043577 Canada Inc. for each one (1) share of Spider common stock acquired. The Company owns 100 percent of the voting common stock of 6043577 Canada Inc. The preferred stock of 6043577 Canada Inc. has no voting rights or other preferences but is convertible on a 1 for 1 basis into the common stock of the Company. As a result, on the Closing Date, Spider became a wholly-owned subsidiary of 6043577 Canada Inc. and thereby a wholly-owned subsidiary of the Company.

Between August 2002 and the Closing Date, the Company advanced to Spider a total of approximately \$250,000 pursuant to Note Purchase Agreements in order to provide Spider with working capital to finance its operations prior to the closing of the Transaction. Spider issued promissory notes to the Company for all such advances. Subsequent to the Closing Date, the Company converted the \$250,000 advance to be a part of the purchase price.

On September 20, 2002, the Company's Board of Directors declared a stock split in the form of a dividend (the "September Stock Dividend") payable to the common stockholders of record on September 24, 2002 (the "record date") of three shares of common stock for each one share issued and outstanding on the record date. The September Stock Dividend was effective and payable on October 2, 2002.

Certification of Chief Executive Officer

(Pursuant to 18 U.S.C. Section 1350

As Adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002)

In connection with the Quarterly Report on Form 10-QSB of WARP Technology Holdings, Inc. (the "Company") for the period ended December 31, 2002, as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Karl Douglas, Chief Executive Officer of the Company, certify that:

1. I have reviewed this quarterly report on Form 10-QSB;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the Company as of, and for, the periods presented in this quarterly report;
4. The Company's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the Company and we have:
 - a) designed such disclosure controls and procedures to ensure that material information relating to the Company, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly is being prepared;
 - b) evaluated the effectiveness of the Company's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
 - c) presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. The Company's other certifying officer and I have disclosed, based on our most recent evaluation, to the Company's auditors and the Company's board of directors (or persons performing the equivalent function):
 - a) all significant deficiencies in the design or operation of internal controls which could adversely affect the Company's ability to record, process, summarize and report financial data and have identified for the Company's auditors any material weaknesses in internal controls; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls; and
6. The Company's other certifying officer and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
