SCHEDULE 13D

Item 1. Security and Issuer

The Schedule 13D filed with the Securities and Exchange Commission on October 8, 2010 by the Reporting Persons (the "Schedule 13D") with respect to the shares of Common Stock, par value \$0.01 (the "Shares"), issued by Dynegy Inc. (the "Issuer") and as amended by Amendment Number One and Amendment Number Two, is hereby further amended to furnish the additional information set forth

Edgar Filing: DYNEGY INC. - Form SC 13D/A

herein. All capitalized terms contained herein but not otherwise defined shall have the meanings ascribed to such terms in the Schedule 13D.

Item 4. Purpose of Transaction.

Item 4 of the Schedule 13D is amended by adding the following:

The Reporting Persons are preparing to file an application under Section 203 of the Federal Power Act to obtain any approval deemed to be required to acquire additional shares of the Issuer's stock which would cause the Reporting Persons aggregate ownership to exceed 10% of the Issuer's outstanding Shares, in the open market or otherwise, including through the exercise of call options currently owned by the Reporting Persons, as well as call options that the Reporting Persons may continue to acquire.

The Reporting Persons continue to believe the Dynegy/Blackstone merger severely undervalues the Issuer and that the merger consideration of \$4.50 per share is inadequate. In this regard we note the November 15, 2010 report from J.P.Morgan which states, among other things, that J.P.Morgan is "introducing a December 2011 price target of \$7, up from our prior December 2010 price target of \$5".

In addition to demanding appraisal rights under Delaware law, the Reporting Persons intend to investigate any potential voting irregularities. Since the record date for the special meeting, a tremendous amount of the Issuer's stock has traded hands. This high volume of trading activity has resulted in a large number of record date holders who continue to have voting power over the stock with respect to the merger, but no longer have any economic interest in the stock. In light of these significant changes in shareholders we believe that the record date for voting on the transaction should be changed. Further, if the record date is not changed and there is voting in the transaction by persons that have no economic interest in the transaction and the merger is approved, we intend to diligently investigate and challenge by all legal means, any improprieties in those votes. Given that the current trading price of the Issuer's stock is above the \$4.50 merger price, the Reporting Persons would be suspicious if the proposed transaction is approved, particularly if those votes are provided by persons with no economic interest in the transaction.
