ITEM 1. REPORT TO SHAREHOLDERS.

Management's discussion of**Fund performance**

By MFC Global Investment Management (U.S.), LLC

Preferred stocks posted very strong gains during the 12-month period ended October 31, 2009, fueled largely by a robust second-half recovery. For the year, John Hancock Patriot Premium Dividend Fund II returned 25.73% at net asset value (NAV) and 45.84% at market value. The difference in the Fund's NAV performance and its market performance stems from the fact that the market share price is subject to the dynamics of secondary market trading, which could cause it to trade at a discount or premium to the Fund's NAV share price at any time. The Fund's return was enhanced by a payment of \$10.8 million it received from the settlement of a bankruptcy proceeding involving one of the Fund's holdings, Touch America Holdings, Inc. For the same 12-month period, the Merrill Lynch Preferred Stock DRD-Eligible Index returned 3.26%, the Standard & Poor's 500 Index returned 9.80% and the Standard & Poor's 400 Mid-Cap Utilities Index returned 11.76%.

After suffering steep losses in early 2009, preferred stocks rebounded strongly in the second half amid healing in the financial markets, gradual improvement in economic conditions and investors' growing appetite for higher-yielding alternatives to cash and U.S. Treasuries. The Fund's best performers included utility preferred stocks, which held up comparatively well in the early 2009 market decline and were some of the earliest beneficiaries of investors' move away from cash and Treasuries. In this category, PPL Energy Supply, LLC and Georgia Power Co. were two standouts. Preferred stocks issued by cable companies Comcast Corp. and Viacom, Inc. also fared well, due to their solid subscriber and earnings growth. Deutsche Bank and Sovereign Bancorp, Inc., a wholly-owned subsidiary of Spanish bank Santander, also posted good gains due to their high credit ratings, lack of government borrowing and recognition of their profitable global franchises. Some energy and utility common stocks that aided the Fund's performance included BP PLC and Chevron Corp., which were helped by rising oil prices, and ONEOK, Inc. and OGE Energy Corp., which benefited from raising their dividends and from their profitable natural gas processing operations. Holdings in companies that postponed dividends in the face of wider-than-expected losses — namely CIT Group, Inc., which filed for bankruptcy — or cut dividends — namely Ameren Corp. — were a drag on the Fund's performance.

This commentary reflects the views of the portfolio managers through the end of the Fund's period discussed in this report. The managers' statements reflect their own opinions. As such, they are in no way guarantees of future events, and are not intended to be used as investment advice or a recommendation regarding any specific security. They are also subject to change at any time as market and other conditions warrant.

Past performance is no guarantee of future results.

² As a percentage of the Fund's total investments on October 31, 2009.

³ The Fund normally will invest at least 25% of its managed assets in securities of companies in the utilities industry. Such an investment concentration makes the Fund more susceptible to factors adversely affecting the utilities industry than a more broadly diversified fund. Sector investing is subject to greater risks than the market as a whole.

FINANCIAL STATEMENTS

¹ Audited by previous independent registered public accounting firm.

² Based on the average daily shares outstanding.

³ The tender offer was completed at a repurchase price of \$6.98 for 2,629,996 shares, which equals \$18,353,856 in redemptions. The tender offer had a \$0.01 NAV impact.

⁴ The tender offer was completed at a repurchase price of \$8.38 for 2,768,417 shares, which equals \$23,199,333 in redemptions. The tender offer had a \$0.01 NAV impact.

⁵ Total return based on net asset value reflects changes in the Fund's net asset value during each period. Total return based on market value reflects changes in market value. Each figure assumes that dividend and capital gain distributions, if any, were reinvested. These figures will differ depending upon the level of any discount from or premium to net asset value at which the Fund's shares traded during the period.

Notes to financial statements

Note 1

Organization

John Hancock Patriot Premium Dividend Fund II (the Fund) is a diversified closed-end management investment company registered under the Investment Company Act of 1940, as amended.

Note 2

Significant accounting policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which require management to make certain estimates and assumptions at the date of the financial statements. Events or transactions occurring after the period and through the date that the financial statements were issued, December 18, 2009, have been evaluated in the preparation of the financial statements. Actual results could differ from those estimates. The following summarizes the significant accounting policies of the Fund:

Security valuation

Investments are stated at value as of the close of regular trading on the New York Stock Exchange (NYSE), normally at 4:00 P.M., Eastern Time. Equity securities held by the Fund are valued at the last sale price or official closing price (closing bid price or last evaluated price if no sale has occurred) as of the close of business on the principal securities exchange (domestic or foreign) on which they trade. Debt obligations are valued based on the evaluated prices provided by independent pricing services, which utilizes both dealer-supplied quotes and electronic data processing techniques, which take into account factors such as institutional-size trading in similar groups of securities, yield, quality, coupon rate, maturity, type of issue, trading characteristics and other market data as well as broker quotes. Securities traded only in the over-the-counter market are valued at the last bid price quoted by brokers making markets in the securities at the close of trading. Equity and debt obligations, for which there are no prices available from an independent pricing service, are valued based on bid quotations, or evaluated prices, as applicable, obtained from broker-dealers or fair valued as described below. Certain short-term debt instruments are valued at amortized cost.

Other assets and securities for which no such quotations are readily available are valued at fair value as determined in good faith by the Fund's Pricing Committee in accordance with procedures adopted by the Board

of Trustees. Generally, trading in non-U.S. securities is substantially completed each day at various times prior to the close of trading on the NYSE. The values of such securities used in computing the net asset value of the Fund's shares are generally determined as of such times. Occasionally, significant events that affect the values of such securities may occur between the times at which such values are generally determined and the close of the NYSE. Upon such an occurrence, these securities will be valued at fair value as determined in good faith under consistently applied procedures established by and under the general supervision of the Board of Trustees.

Fair value measurements

The Fund uses a three-tier hierarchy to prioritize the assumptions, referred to as inputs, used in valuation techniques to measure fair value. The three-tier hierarchy of inputs and the valuation techniques used are summarized below:

Level 1 □ Exchange traded prices in active markets for identical securities. This technique is used for exchange-traded domestic common and preferred equities, certain foreign equities, warrants, rights, options and futures.

Level 2 □ Prices determined using significant observable inputs. Observable inputs may include quoted prices for similar securities, interest rates, prepayment speeds and credit risk. Prices for securities valued using these techniques are received from independent pricing vendors and are based on an evaluation of the inputs described. These techniques are used for certain domestic preferred equities,

18 Patriot Premium Dividend Fund II | **Annual report**

certain foreign equities, unlisted rights and warrants, and fixed income securities.

Level 3 □ Prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable, such as when there is little or no market activity for an investment, unobservable inputs may be used. Unobservable inputs reflect the Fund's Pricing Committee's own assumptions about the factors that market participants would use in pricing an investment and would be based on the best information available.

Securities using this technique are generally thinly traded or privately placed, and may be valued using broker quotes, which may not only use observable or unobservable inputs but may also include the use of the brokers' own judgments about the assumptions that market participants would use.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used to value the Fund's investments as of October 31, 2009, by major security category or security type.

Security transactions and related investment income

Investment security transactions are accounted for on a trade date plus one basis for daily net asset value calculations. However, for financial reporting purposes, investment transactions are reported on trade date. Interest income is accrued as earned. Dividend income and distributions to shareholders are recorded on the ex-dividend date. Foreign dividends are recorded on the ex-date or when the Fund becomes aware of the dividends from cash collections. Discounts/premiums are accreted/ amortized for financial reporting purposes. Debt obligations may be placed in a non-accrual status and related interest income may be reduced by ceasing current accruals and writing off interest receivables when the collection of all or a portion of interest has become doubtful, based upon consistently applied

procedures. The Fund uses the identified cost method for determining realized gain or loss on investments for both financial statement and federal income tax reporting purposes.

Overdrafts

Pursuant to the custodian agreement, the Fund's Custodian may, in its discretion, advance funds to the Fund to make properly authorized payments. When such payments result in an overdraft, the Fund is obligated to repay the Custodian for any overdraft together with interest due thereon. The Custodian has a lien, security interest or security entitlement in any Fund property, to the maximum extent permitted by law to the extent of any

overdraft.

Expenses

The majority of expenses are directly identifiable to an individual fund. Fund expenses that are not readily identifiable to a specific fund are allocated in such a manner as deemed equitable, taking into consideration, among other things, the nature and type of expense and the relative size of the funds. Expense estimates are accrued in the period to which they relate and adjustments are made when actual amounts are known.

Federal income taxes

The Fund intends to qualify as a regulated investment company by complying with the applicable provisions of the Internal Revenue Code and will not be subject to federal income tax on taxable income that is distributed to shareholders. Therefore, no federal income tax provision is required.

For federal income tax purposes, the Fund has \$115,516 capital loss carryforward available, to the extent provided by regulations, to offset future net realized capital gains. To the extent that the carryforward is used by the Fund, it will reduce the amount of capital gain distributions to be paid. The loss carryforward expires as follows: October 31, 2017 □ \$115,516.

As of October 31, 2009, the Fund had no uncertain tax positions that would require financial statement recognition, de-recognition, or disclosure. The Fund's federal tax return is subject to examination by the Internal Revenue Service for a period of three years.

Distribution of income and gains

The Fund records distributions to shareholders from net investment income and net realized gains, if any, on the ex-dividend date. The Fund generally declares and pays dividends monthly. Capital gain distributions, if any, are paid annually. During the year ended October 31, 2009, the tax character of distributions paid was as follows: ordinary income \$36,499,481 and long-term capital gain \$6,511,483. During the year ended October 31, 2008, the tax character of distributions paid was as follows: ordinary income \$42,967,383 and long-term capital gain \$1,048,827.

As of October 31, 2009, the components of distributable earnings on a tax basis included \$6,109,651 of undistributed ordinary income.

Such distributions and distributable earnings on a tax basis, are determined in conformity with income tax regulations, which may differ from accounting principles generally accepted in the United States of America. Material distributions in excess of tax basis earnings and profits, if any, are reported in the Fund's financial statements as a return of capital.

Capital accounts within financial statements are adjusted for permanent book-tax differences. These adjustments have no impact on net assets or the results of operations. Temporary book-tax differences will reverse in a subsequent period. For the year ended October 31, 2009, there were no permanent material book-tax differences.

Statement of cash flows

The cash amount shown in the Statement of Cash Flows of a Fund is the amount included in the Fund's Statement of Assets and Liabilities and represents the cash on hand at its custodian and does not include any short-term investments.

Note 3

Guarantees and indemnifications

Under the Fund's organizational documents, its Officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Fund. Additionally, in the normal course of business,

the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred.

Note 4

Investment advisory and other agreements

The Fund has an investment management contract with John Hancock Advisers, LLC (the Adviser), an indirect subsidiary of Manulife Financial Corporation (MFC). Under the investment management contract, the Fund pays a daily management fee to the Adviser at an annual rate of 0.50% of the Fund's averaged daily managed assets and the value attributable to the committed facility agreement, (collectively, managed assets), plus 5.00% of the Fund's daily gross income, which amounted to \$2,527,932. The effective rate for the year ended October 31, 2009 was 0.89% of weekly managed assets. The Adviser's total fee is limited to a maximum amount equal to 1.00% annually of the Fund's averaged daily managed assets. The Fund has a subadvisory agreement with MFC Global Investment Management (U.S.), LLC, a subsidiary of MFC and an affiliate of the Adviser. The Fund is not responsible for payment of subadvisory fees.

The Fund has an administrative agreement with the Adviser under which the Adviser oversees the custodial, auditing, valuation, accounting, compliance, legal, stock transfer and dividend disbursing services and maintains Fund communications with shareholders. The Fund pays the Adviser a monthly administration fee at an annual rate of 0.10% of the Fund's average weekly managed assets. The compensation for the year amounted to \$663,664.

Trustees' fees

The compensation of unaffiliated Trustees is borne by the Fund. The unaffiliated Trustees may elect to defer, for tax purposes, their receipt of this compensation under the John Hancock Group of Funds Deferred Compensation Plan. The Fund makes investments into other John Hancock funds, as applicable, to cover its liability for the deferred compensation. Investments to cover the Fund's deferred compensation liability are recorded on the Fund's books as an other asset. The deferred compensation liability and the related other asset are always equal and are marked to market on a periodic basis to reflect any income earned by the investments, as well as any unrealized gains or losses. The Deferred Compensation Plan investments had no impact on the operations of the Fund.

Fund share transactions

Common shares

This listing illustrates the Fund's common shares repurchased for years ended October 31, 2009 and October 31, 2008 along with the corresponding dollar value.

	Year ended 10-31-09		Year ended 10-31-08	
	Shares	Amount	Shares	Amount
Repurchased	(2,629,996)	(\$18,353,857)	(3,623,017)	(\$31,565,136)

In December 2007, the Board of Trustees approved a share repurchase plan. Under the plan, the Fund may repurchase in the open market up to 10% of its outstanding common shares. During the year ended October 31,

2008, the Fund repurchased 854,600 common shares or 1.52% of the outstanding common shares. The share repurchase plan expired on December 31, 2008.

On March 11, 2008, the Board of Trustees approved a semiannual series tender offer program. Under the program, the Fund offers to repurchase up to 5% of the Fund's outstanding common stock at 98% of net asset value on the date the tender offer expires, provided that the common shares of the Fund have traded at an average daily discount to net asset value of greater than 10% during a twelve-week measurement period.

Annual report | Patriot Premium Dividend Fund II 21

On October 23, 2008, the Fund completed the first tender offer. The Fund accepted 2,768,417 shares for payment, which represented 5.00% of the Fund's then outstanding shares. Final payment was made on October 23, 2008 at \$8.38 per share, representing 98% of the NAV per share on October 23, 2008.

On March 27, 2009, the Fund completed the second tender offer. The Fund accepted 2,629,996 shares for payment, which represented 5.00% of the Fund's then outstanding shares. Final payment was made on March 27, 2009 at \$6.98 per share, representing 98% of the NAV per share on March 27, 2009.

**Note 6
Leverage**

The Fund utilizes a Committed Facility Agreement (CFA) to increase its assets available for investment. Prior to May 7, 2008, the Fund used Dutch Auction Rate Transferable Securities (DARTS) preferred shares for leverage. When the Fund leverages its assets, common shareholders pay all fees associated with and have the potential to benefit or be disadvantaged from leverage. The Adviser's fee is also incurred from the use of leverage. Consequently, the Fund and the Adviser may have differing interests in determining whether to leverage the Fund's assets. Leverage creates risks which may adversely affect the return for the holders of common shares, including:

- the likelihood of greater volatility of net asset value and market price of common shares
- fluctuations in the interest rate paid for those of the credit facility
- increased operating costs, which may reduce the Fund's total return to the holders of common shares
- the potential for a decline in the value of an investment acquired through leverage, while the Fund's obligations under such leverage remains fixed
- the fund is more likely to have to sell securities in a volatile market in order to meet asset coverage or other debt compliance requirements

To the extent the income or capital appreciation derived from securities purchased with funds received from leverage exceeds the cost of leverage, the Fund's return will be greater than if leverage had not been used, conversely, return would be lower if the cost of the leverage exceeds the income or capital appreciation derived.

To the extent the income or capital appreciation derived from securities purchased with funds received from leverage exceeds the cost of leverage, the Fund's return will be greater than if leverage had not been used, conversely, return would be lower if the cost of the leverage exceeds the income or capital appreciation derived.

In May 2008, the Fund's Trustees approved a plan whereby the Fund's form of leverage has changed from DARTS to a Committed Facility Agreement (the CFA). A third party financial institution has agreed to provide this credit facility that enabled the refinancing of the DARTS to debt. The redemption of all series was completed on July 3, 2008. Below is a comparison of the leverage methods utilized by the Fund:

	DARTS	CFA
Required Asset Coverage	200%	200% (300% at time of draw)
Maximum Leverage amount	\$351 million	\$284 million
Costs Associated with Leverage	Dividends paid to preferred shareholders (maximum rate equals the overnight commercial paper rate plus 1.25%)	Interest expense (one month LIBOR (reset daily) plus 0.85%)*
	DARTS auction fees	Arrangement fee**
	Auction agent expenses	Commitment fees (0.60% of the unused portion of the CFA).
	Preferred share transfer agent expenses	

* Prior to January 1, 2009 the rate was overnight LIBOR plus 0.70%.

** Arrangement fee is \$710,000.

Interest expense, arrangement fees and commitment fees are included in the Statement of Operations as interest expense. See Note 7 for further details of the CFA.

Note 7 Committed facility agreement

The Fund has entered into a Committed Facility Agreement (the CFA) with a third party financial institution that allows it to borrow up to an initial limit of \$284 million and to invest the borrowings in accordance with its investment practices. Borrowings under the CFA are secured by the assets of the Fund as disclosed in the securities owned by the fund. Interest is charged at the one month LIBOR (reset daily) plus 0.85% and is payable monthly. Under the terms of the CFA, the Fund also pays an arrangement fee of 0.25% in the first year of the agreement on the committed financing and commitment fee of 0.60% per annum on the unused portion of the facility. Arrangement and commitment fees for the year ended October 31, 2009 totaled \$247,185 and \$311,725, respectively, and are included in interest expense in the Statement of Operations. As of October 31, 2009, the Fund had borrowings of \$249,600,000 at an interest rate of one month LIBOR (reset daily) + 0.85%. For the period from November 1, 2008 to October 31, 2009, the average borrowings under the CFA and the average interest rate were \$232,757,534 and 1.19%, respectively. The Fund may terminate the CFA upon 270 days' notice to the lender and, if the Board determines that the elimination of all indebtedness leveraging the Fund's investments is in the best interests of the Fund's shareholders, the Fund may terminate the CFA on 60 days' notice. In certain circumstances, the CFA may automatically terminate and, in other specified circumstances, it may be reduced to a 30-day facility. In addition, upon the occurrence of certain defaults, the lender may terminate the CFA, and it may modify or terminate the CFA upon 270 days' notice.

Auditors' report

Report of Independent Registered Public Accounting Firm

To the Board of Trustees and Shareholders of John Hancock Patriot Premium Dividend Fund II:

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations, of changes in net assets and of cash flows and the financial highlights present fairly, in all material respects, the financial position of John Hancock Patriot Premium Dividend Fund II (the "Fund") at October 31, 2009, and the results of its operations, the changes in its net assets, its cash flows and the financial highlights for each of the periods indicated, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities as of October 31, 2009 by correspondence with the custodian and brokers, and the application of alternative auditing procedures where securities purchased confirmations had not been received, provide a reasonable basis for our opinion. The financial highlights for the period ended October 31, 2005 were audited by another independent registered public accounting firm, whose report expressed an unqualified opinion thereon.

Investment objective and policy

The Fund's investment objective is to provide a high current income, consistent with modest growth of capital for holders of its common shares of beneficial interest. The Fund will pursue its objective by investing in a diversified portfolio of dividend paying preferred and common stocks.

The Fund's nonfundamental investment policy, with respect to the quality of ratings of its portfolio investments, was changed by a vote of the Fund's Trustees on September 13, 1994. The policy, which became effective October 15, 1994, stipulates that preferred stocks and debt obligations in which the Fund will invest will be rated investment grade (at least BBB by S&P or Baa by Moody's) at the time of investment or will be preferred stocks of issuers of investment grade senior debt, some of which may have speculative characteristics, or, if not rated, will be of comparable quality as determined by the Adviser. The Fund will invest in common stocks of issuers whose senior debt is rated investment grade or, in the case of issuers that have no rated senior debt outstanding, whose senior debt is considered by the Adviser to be of comparable quality.

On November 20, 2001, the Fund's Trustees approved the following investment policy investment restriction change, effective December 15, 2001. Under normal circumstances, the Fund will invest at least 80% of its assets in dividend paying securities. The Fund will notify shareholders at least 60 days prior to any change in this 80% investment policy.

On January 25, 2008, the Fund's Trustees approved a change to the fund's investment policy regarding investments in securities of companies in the utilities industry. The Fund's non-fundamental policy stating that the Fund normally will invest more than 65% of its total assets in securities of companies in the utilities industry was changed to a fundamental policy to state that the Fund normally will invest more than 25% of its total assets in securities of companies in the utilities industry.

Bylaws

In November 2002, the Board of Trustees adopted several amendments to the Fund's bylaws, including provisions relating to the calling of a special meeting and requiring advance notice of shareholder proposals or nominees for Trustee. The advance notice provisions in the bylaws require shareholders to notify the Fund in writing of any proposal that they intend to present at an annual meeting of shareholders, including any nominations for Trustee, between 90 and 120 days prior to the first anniversary of the mailing date of the notice from the prior year's annual meeting of shareholders. The notification must be in the form prescribed by the bylaws. The advance notice provisions provide the Fund and its Trustees with the opportunity to thoughtfully consider and address the matters proposed before the Fund prepares and mails its proxy statement to shareholders. Other amendments set forth the procedures that must be followed in order for a shareholder to call a special meeting of shareholders.

Effective September 9, 2008, the Fund's Bylaws were amended with respect to notice requirements for Trustee nominations and other proposals by the Fund's shareholders. These provisions require the disclosure of the nominating shareholder and the nominee's investment interests as they relate to the Fund, as well as the name

of any other shareholder supporting the nominee for election as a Trustee or the proposal of other business. In order for notice to be proper, such notice must disclose the economic interests of the nominating shareholder and nominee, including his or her holdings of shares in the Fund, the intent upon which those shares were acquired, and any hedging arrangements (including leveraged or short positions) made with respect to the shares of the Fund. Additionally, any material interest that the shareholder has in the business to be brought before the meeting must be disclosed.

Please contact the Secretary of the Fund for additional information about the advance notice requirements or the other amendments to the bylaws.

Dividends and distributions

During the year ended October 31, 2009, dividends from net investment income totaling \$0.716 per share and distributions from capital gains totaling \$0.1241 were paid to shareholders. The dates of payments and the amounts per share are as follows:

Dividend reinvestment plan

The Fund offers its shareholders a Dividend Reinvestment Plan (the Plan), which offers the opportunity to earn compounded yields. Each holder of common shares may elect to have all distributions of dividends and capital

gains reinvested by Mellon Investor Services, as plan agent for the common shareholders (the Plan Agent). Holders of common shares who do not elect to participate in the Plan will receive all distributions in cash, paid by check mailed directly to the shareholder of record (or if the common shares are held in street or other nominee name, then to the nominee) by the Plan Agent, as dividend disbursing agent.

Shareholders may join the Plan by filling out and mailing an authorization card, by notifying the Plan Agent by telephone or by visiting the Plan Agent's Web site at www.melloninvestor.com. Shareholders must indicate an election to reinvest all or a portion of dividend payments. If received in proper form by the Plan Agent before the record date of a dividend, the election will be effective with respect to all dividends paid after such record date. Shareholders whose shares are held in the name of a broker or nominee should contact the broker or nominee to determine whether and how they may participate in the Plan.

If the Fund declares a dividend payable either in common shares or in cash, nonparticipants will receive cash, and participants in the Plan will receive the equivalent in common shares. If the market price of the common shares on the payment date of the dividend is equal to or exceeds their net asset value as determined on the payment date, participants will be issued common shares (out of authorized but unissued shares) at a value equal to the higher of net asset value or 95% of the market price. If the net asset value exceeds the market price of the common shares at such time, or if the Board of Trustees declares a dividend payable only in cash, the Plan Agent will, as agent for Plan participants, buy shares in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. Such purchases will be made promptly after the payable date for such dividend and, in any event, prior to the next ex-dividend date after such date, except where necessary to comply with federal securities laws. If, before the Plan Agent has completed its purchases, the market price exceeds the net asset value of the common shares, the average per share purchase price paid by the Plan Agent may exceed the net asset value of the common shares, resulting in the acquisition of fewer shares than if the dividend had been paid in shares issued by the Fund.

Each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. In each case, the cost per share of the shares purchased for each participant's account will be the average cost, including brokerage commissions, of any shares purchased on the open market plus the cost of any shares issued by the Fund. There will be no brokerage charges with respect to common shares issued directly by the Fund. There are no other charges to participants for reinvesting dividends or capital gain distributions.

Participants in the Plan may withdraw from the Plan at any time by contacting the Plan Agent by telephone, in writing or by visiting the Plan Agent's Web site at www.melloninvestor.com. Such withdrawal will be effective immediately if received not less than ten days prior to a dividend record date; otherwise, it will be effective for all subsequent dividend record dates. When a participant withdraws from the Plan or upon termination of the Plan, as provided below, certificates for whole common shares credited to his or her account under the Plan will be issued, and a cash payment will be made for any fraction of a share credited to such account.

The Plan Agent maintains each shareholder's account in the Plan and furnishes monthly written confirmations of all transactions in the accounts, including information needed by the shareholders for personal and tax records. The Plan Agent will hold common shares in the account of each Plan participant in noncertificated form in the name of the participant. Proxy material relating to the shareholders' meetings of the Fund will include those shares purchased as well as shares held pursuant to the Plan.

The reinvestment of dividends and distributions will not relieve participants of any federal income tax that may be payable or required to be withheld on such dividends or distributions. Participants under the Plan will receive tax information annually. The amount of dividend to be reported on 1099-DIV should be (1) in the case of shares issued by the Fund, the fair market value of such shares on the dividend payment date and (2) in the case of shares purchased by the Plan Agent in the open market, the amount of cash used by the Plan Agent to purchase shares in the open market, including the amount of cash allocated to brokerage commissions paid on such purchases.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund reserves the right to amend or terminate the Plan as applied to any dividend or distribution paid subsequent to written notice of the change sent to all shareholders of the Fund at least 90 days before the record date for the dividend or distribution. The Plan may be amended or terminated by the Plan Agent after at least 90 days' written notice to all shareholders of the Fund. All correspondence or additional information concerning the Plan should be directed to the Plan Agent, Mellon Bank, N.A., c/o Mellon Investor Services, P.O. Box 3338, South Hackensack, NJ 07606-1938 (Telephone: 1-800-852-0218).

**Board Consideration of and
Continuation of Investment Advisory
Agreement and Subadvisory Agreement**

The Investment Company Act of 1940 (the 1940 Act) requires the Board of Trustees (the Board) of John Hancock Patriot Premium Dividend Fund II (the Fund), including a majority of the Trustees who have no direct or indirect interest in the investment advisory agreement and are not "interested persons" of the Fund, as defined in the 1940 Act (the Independent Trustees), annually to meet in person to review and consider the continuation of existing advisory and subadvisory agreements. At meetings held on May 6th and June 8th, 2009, the Board considered the renewal of:

(i) the investment advisory agreement (the Advisory Agreement) with John Hancock Advisers, LLC (the Adviser) and

(ii) the investment subadvisory agreement (the Subadvisory Agreement) with MFC Global Investment Management (U.S.), LLC (the Subadviser) for the Fund.

The Advisory Agreement and the Subadvisory Agreement are collectively referred to as the Advisory Agreements. The Board considered the factors and reached the conclusions described below relating to the selection of the Adviser and Subadviser and the continuation of the Advisory Agreements. During such meetings, the Board's Contracts/Operations Committee and the Independent Trustees also met in executive sessions with their independent legal counsel.

In evaluating the Advisory Agreements, the Board, including the Contracts/Operations Committee and its Independent Trustees, reviewed a broad range of information requested for this purpose. The Independent Trustees considered the legal advice of independent legal counsel and relied on their own business judgment in determining the factors to be considered in evaluating the materials that were presented to them and the weight to be given to each such factor. The Board's review and conclusions were based on a comprehensive consideration of all information presented to the Board and not the result of any single controlling factor. The key factors considered by the Board and the conclusions reached are described below.

Nature, extent and quality of services

The Board considered the ability of the Adviser and the Subadviser, based on their resources, reputation and other attributes, to attract and retain qualified investment professionals, including research, advisory, and supervisory personnel. It considered the background and experience of senior management and investment professionals responsible for managing the Fund. The Board considered the investment philosophy, research and investment decision-making processes of the Adviser and the Subadviser responsible for the daily investment activities of the Fund. The Board considered the Subadviser's history and experience with the Fund. The Board considered the Adviser's execution of its oversight responsibilities. The Board further considered the culture of compliance, resources dedicated to compliance, compliance programs, record of compliance with applicable laws and regulation, with the Fund's investment policies and restrictions and with the applicable Code of Ethics, and

the responsibilities of the Adviser's and Subadviser's compliance department. In addition, the Board took into account the administrative and other non-advisory services provided to the Fund by the Adviser and its affiliates.

Based on the above factors, together with those referenced below, the Board concluded that, within the context of its full deliberations, the nature, extent and quality of the investment advisory services provided to the Fund by the Adviser and Subadviser supported renewal of the Advisory Agreements.

Fund performance

The Board considered the performance results for the Fund over various time periods ended December 31, 2008. The Board also considered these results in comparison to the performance of a peer group of comparable funds (the Peer Group) and two benchmark indices. The funds within the Peer Group were selected by Morningstar Inc. (Morningstar), an independent provider of investment company data. Morningstar was not able to select

a comparative category of relevant funds (the Category) for the Fund. The Board noted the imperfect comparability of the Peer Group and that Morningstar was not able to select a comparative Category for the Fund. The Board also considered updated performance information at its May and June 2009 meetings. Performance and other information may be quite different as of the date of this shareholders report.

The Board viewed favorably that the Fund's performance during all periods under review was higher than the performance of the Peer Group median and one of its benchmark indices, the Merrill Lynch Preferred Stock DRD Eligible Index. The Board noted that the Fund's performance for all the periods under review was lower than its other benchmark index, the Barclays Capital US Aggregate Bond Index, as was the Peer Group.

Investment advisory fee and subadvisory fee rates and expenses

The Board reviewed and considered the contractual investment advisory fee rate payable by the Fund to the Adviser for investment advisory services (the Advisory Agreement Rate). The Board received and considered information comparing the Advisory Agreement Rate with the advisory fees for the Peer Group. The Board noted that the Advisory Agreement Rate was not appreciably higher than the median rate of the Peer Group.

The Board received and considered expense information regarding the Fund's various components, including advisory fees, and other non-advisory fees, including transfer agent fees, custodian fees, and other miscellaneous fees (e.g., fees for accounting and legal services). The Board considered comparisons of these expenses to the Peer Group median. The Board also received and considered expense information regarding the Fund's total operating expense ratio (Expense Ratio). The Board received and considered information comparing the Expense Ratio of the Fund to that of the Peer Group median before the application of fee waivers and reimbursements (Gross Expense Ratio) and after the application of such waivers and reimbursement (Net Expense Ratio). The Board noted that the Fund's Net Expense Ratio was inline with the Peer Group median. The Board also noted that the Fund's Gross Expense Ratio was higher than the Peer Group median. The Board noted that, unlike the Fund, several funds in the Peer Group employed fee waivers or reimbursements.

The Adviser also discussed the Morningstar data and rankings, and other relevant information, for the Fund. Based on the above-referenced considerations and other factors, the Board concluded that the Fund's overall performance and expense results supported the re-approval of the Advisory Agreements.

The Board also received information about the investment subadvisory fee rate (the Subadvisory Agreement Rate) payable by the Adviser to the Subadviser for investment sub-advisory services. The Board concluded that the Subadvisory Agreement Rate was fair and equitable, based on its consideration of the factors described here.

Profitability

The Board received and considered a detailed profitability analysis of the Adviser based on the Advisory Agreements, as well as on other relationships between the Fund and the Adviser and its affiliates, including the Subadviser. The Board also considered a comparison of the Adviser's profitability to that of other similar investment advisers whose profitability information is publicly available. The Board concluded that, in light of the costs of providing investment management and other services to the Fund, the profits and other ancillary benefits reported by the Adviser were not unreasonable.

Economies of scale

The Board received and considered general information regarding economies of scale with respect to the management of the Fund, including the Fund's ability to appropriately benefit from economies of scale under the Fund's fee structure. The Board recognized the inherent limitations of any analysis of economies of scale, stemming largely from the Board's understanding that most of the Adviser's and Subadviser's costs are not specific to individual Funds, but rather are incurred across a variety of products and services.

Annual report | Patriot Premium Dividend Fund II 31

The Board observed that the Advisory Agreements did not offer breakpoints. However, the Board considered the limited relevance of economies of scale in the context of a closed-end fund that, unlike an open-end fund, does not continuously offer its shares. The Board noted that the Fund, as a closed-end investment company, was not expected to increase materially in size and that its assets would grow (if at all) through the investment performance of the Fund. Therefore, the Board did not consider potential economies of scale as a principal factor in assessing the fees payable under the Advisory Agreements, but concluded that the fees were fair and equitable based on relevant factors.

Other benefits to the Adviser

The Board received information regarding potential "fall-out" or ancillary benefits received by the Adviser and its affiliates, including the Subadviser, as a result of their relationship with the Fund. Such benefits could include, among others, benefits directly attributable to the relationship of the Adviser and Subadviser with the Fund and benefits potentially derived from an increase in business as a result of their relationship with the Fund (such as the ability to market to shareholders other financial products offered by the Adviser and its affiliates).

Other factors and broader review

As discussed above, the Board reviewed detailed materials received from the Adviser and Subadviser as part of the annual re-approval process. The Board also regularly reviews and assesses the quality of the services that the Fund receives throughout the year. In this regard, the Board reviews reports of the Adviser and Subadviser at least quarterly, which include, among other things, fund performance reports and compliance reports. In addition, the Board meets with senior investment officers at various times throughout the year.

After considering the above-described factors and based on its deliberations and its evaluation of the information described above, the Board concluded that approval of the continuation of the Advisory Agreements for the Fund was in the best interest of the Fund and its shareholders. Accordingly, the Board unanimously approved the continuation of the Advisory Agreements.

Information about the portfolio managers

Management biographies and Fund ownership

Below is a list of the portfolio managers who share joint responsibility for the day-to-day investment management of the Fund. It provides a brief summary of their business careers over the past five years and their range of beneficial share ownership in the Fund as of October 31, 2009.

Gregory K. Phelps

Senior Vice President, MFC Global Investment Management (U.S.), LLC since 2005
 Senior Vice President, John Hancock Advisers, LLC (1995-2005)
 Began business career in 1981
 Joined fund team in 1995
 Fund ownership □ None

Mark T. Maloney

Vice President, MFC Global Investment Management (U.S.), LLC since 2005
 Vice President, John Hancock Advisers, LLC (1982-2005)
 Began business career in 1976
 Joined fund team in 1997
 Fund ownership □ None

Other accounts the portfolio managers are managing

The table below indicates, for each portfolio manager, information about the accounts over which the portfolio manager has day-to-day investment responsibility. All information on the number of accounts and total assets in the table is as of October 31, 2009. For purposes of the table, □Other Pooled Investment Vehicles□ may include investment partnerships and group trusts, and □Other Accounts□ may include separate accounts for institutions or individuals, insurance company general or separate accounts, pension funds and other similar institutional accounts.

PORTFOLIO MANAGER	OTHER ACCOUNTS MANAGED BY THE PORTFOLIO MANAGERS
-------------------	--

Gregory K. Phelps	Other Registered Investment Companies: 4 (four) accounts with total assets of approximately \$2.6 billion Other Pooled Investment Vehicles: None Other Accounts: None
-------------------	---

Mark T. Maloney	Other Registered Investment Companies: 4 (four) accounts with total assets of approximately \$2.6 billion Other Pooled Investment Vehicles: None Other Accounts: None
-----------------	---

Neither the Adviser nor Subadviser receives a fee based upon the investment performance of any of the accounts included under □Other Accounts Managed by the Portfolio Managers□ in the table above.

When a portfolio manager is responsible for the management of more than one account, the potential arises for the portfolio manager to favor one account over another. For the reasons outlined below, the Fund does not believe that any material conflicts are likely to arise out of a portfolio manager's responsibility for the management of the Fund as well as one or more other accounts. The Adviser and the Subadviser have adopted procedures, overseen by the Chief Compliance Officer, that are intended to monitor compliance with the policies

referred to in the following paragraphs.

□ The Subadviser has policies that require a portfolio manager to allocate investment opportunities in an equitable manner and generally to allocate such investments proportionately among all accounts with similar investment objectives.

Annual report | Patriot Premium Dividend Fund II 33

□ When a portfolio manager intends to trade the same security for more than one account, the policies of the Subadviser generally require that such trades for the individual accounts are aggregated so that each account receives the same price. When not possible or when it may not result in the best possible price, the Subadviser will place the order in a manner intended to result in as favorable a price as possible for such client.

□ The investment performance on specific accounts is not a factor in determining the portfolio manager's compensation. See □ Compensation of Portfolio Managers □ below. Neither the Adviser nor the Subadviser receives a performance-based fee with respect to other accounts managed by the Fund's portfolio managers.

□ The Subadviser imposes certain trading restrictions and reporting requirements for accounts in which a portfolio manager or certain family members have a personal interest in order to confirm that such accounts are not favored over other accounts.

□ The Subadviser seeks to avoid portfolio manager assignments with potentially conflicting situations. However, where a portfolio manager is responsible for accounts with differing investment objectives and policies, it is possible that the portfolio manager will conclude that it is in the best interest of one account to sell a portfolio security while another account continues to hold or increase the holding in such security.

Compensation of portfolio managers

The Subadviser has adopted a system of compensation for portfolio managers and others involved in the investment process that is applied consistently among investment professionals. At the Subadviser, the structure of compensation of investment professionals is currently composed of the following basic components: fixed base salary, and an annual investment bonus plan, as well as customary benefits that are offered generally to all full-time employees of the Subadviser. A limited number of senior portfolio managers, who serve as officers of both the Subadviser and its parent company, may also receive options or restricted stock grants of common shares of Manulife Financial Corporation.

Only investment professionals are eligible to participate in the Investment Bonus Plan on an annual basis. While the amount of any bonus is discretionary, the following factors are generally used in determining bonuses: 1) The investment performance of all accounts managed by the investment professional over one- and three-year periods are considered. The pre-tax performance of each account is measured relative to an appropriate peer group benchmark. 2) The profitability of the Subadviser and its parent company are also considered in determining bonus awards, with greater emphasis placed upon the profitability of the Adviser. 3) The more intangible contributions of an investment professional to the Subadviser's business, including the investment professional's support of sales activities, new fund/strategy idea generation, professional growth and development, and management, where applicable, are evaluated in determining the amount of any bonus award.

While the profitability of the Subadviser and the investment performance of the accounts that the investment professionals maintain are factors in determining an investment professional's overall compensation, the investment professional's compensation is not linked directly to the net asset value of any fund.

ITEM 2. CODE OF ETHICS.

As of the end of the period, October 31, 2009, the registrant has adopted a code of ethics, as defined in Item 2 of Form N-CSR, that applies to its Chief Executive Officer, Chief Financial Officer and Treasurer (respectively, the principal executive officer, the principal financial officer and the principal accounting officer, the "Senior Financial Officers"). A copy of the code of ethics is filed as an exhibit to this Form N-CSR.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

Stanley Martin is the audit committee financial expert and is independent, pursuant to general instructions on Form N-CSR Item 3.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

(a) Audit Fees

The aggregate fees billed for professional services rendered by the principal accountant(s) for the audit of the registrant's annual financial statements or services that are normally provided by the accountant(s) in connection with statutory and regulatory filings or engagements amounted to \$39,932 for the fiscal year ended October 31, 2009 and \$52,756 for the fiscal year ended October 31, 2008. These fees were billed to the registrant and were approved by the registrant's audit committee.

(b) Audit-Related Services

Audit-related fees amounted to \$0 for the fiscal year ended October 31, 2009 and \$43,700 for the fiscal year ended October 31, 2008 billed to the registrant or to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant ("control affiliates").

(c) Tax Fees

The aggregate fees billed for professional services rendered by the principal accountant(s) for the tax compliance, tax advice and tax planning (tax fees) amounted to \$2,202 for the fiscal year ended October 31, 2009 and \$3,500 for the fiscal year ended October 31, 2008. The nature of the services comprising the tax fees was the review of the registrant's income tax returns and tax distribution requirements. These fees were billed to the registrant and were approved by the registrant's audit committee. There were no tax fees billed to the control affiliates.

(d) All Other Fees

The all other fees billed to the registrant for products and services provided by the principal accountant were \$55 for the fiscal year ended October 31, 2009 and \$0 for the fiscal year ended October 31, 2008 billed to control affiliates for products and services provided by the principal accountant. The nature of the services comprising the all other fees was related to the principal accountant's report on the registrant's Eligible Asset Coverage. These fees were approved by the registrant's audit committee.

(e)(1) Audit Committee Pre-Approval Policies and Procedures:

The trust's Audit Committee must pre-approve all audit and non-audit services provided by the independent registered public accounting firm (the Auditor) relating to the operations or financial reporting of the funds. Prior to the commencement of any audit or non-audit services to a fund, the Audit Committee reviews the services to determine whether they are appropriate and permissible under applicable law.

The trust's Audit Committee has adopted policies and procedures to, among other purposes, provide a framework for the Committee's consideration of audit-related and non-audit services by the Auditor. The policies and procedures require that any audit-related and non-audit service provided by the Auditor and any non-audit service provided by the Auditor to a fund service provider that relates directly to the operations and financial reporting of a fund are subject to approval by the Audit Committee before such service is provided. Audit-related services provided by the Auditor that are expected to exceed \$25,000 per instance/per fund are subject to specific pre-approval by the Audit Committee. Tax services provided by the Auditor that are expected to exceed \$30,000 per instance/per fund are subject to specific pre-approval by the Audit Committee.

All audit services, as well as the audit-related and non-audit services that are expected to exceed the amounts stated above, must be approved in advance of provision of the service by formal resolution of the Audit Committee. At the regularly scheduled Audit Committee meetings, the Committee reviews a report summarizing the services, including fees, provided by the Auditor.

(e)(2) Services approved pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X:

Audit-Related Fees, Tax Fees and All Other Fees:

There were no amounts that were approved by the Audit Committee pursuant to the de minimis exception under Rule 2-01 of Regulation S-X.

(f) According to the registrant's principal accountant, for the fiscal year ended October 31, 2009, the percentage of hours spent on the audit of the registrant's financial statements for the most recent fiscal year that were attributed to work performed by persons who were not full-time, permanent employees of principal accountant was less than 50%.

(g) The aggregate non-audit fees billed by the registrant's accountant(s) for services rendered to the registrant and rendered to the registrant's control affiliates for each of the last two fiscal years of the registrant were \$8,199,855 for the fiscal year ended October 31, 2009 and \$4,591,272 for the fiscal year ended October 31, 2008.

(h) The audit committee of the registrant has considered the non-audit services provided by the registrant's principal accountant(s) to the control affiliates and has determined that the services that were not pre-approved are compatible with maintaining the principal accountant(s)' independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The registrant has a separately-designated standing audit committee comprised of independent trustees. The members of the audit committee are as follows:

Stanley Martin - Chairman
Deborah C. Jackson
Steven R. Pruchansky

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Information about the portfolio managers

Management biographies and Fund ownership

Below is a list of the portfolio managers who share joint responsibility for the day-to-day investment management of the Fund. It provides a brief summary of their business careers over the past five years and their range of beneficial share ownership in the Fund as of October 31, 2009.

Gregory K. Phelps

Senior Vice President, MFC Global Investment Management (U.S.), LLC since 2005
Senior Vice President, John Hancock Advisers, LLC (1995-2005)
Began business career in 1981

Joined fund team in 1995

Fund ownership None

Mark T. Maloney

Vice President, MFC Global Investment Management (U.S.), LLC since 2005

Vice President, John Hancock Advisers, LLC (1982-2005)

Began business career in 1976

Joined fund team in 1997

Fund ownership None

Other accounts the portfolio managers are managing

The table below indicates, for each portfolio manager, information about the accounts over which the portfolio manager has day-to-day investment responsibility. All information on the number of accounts and total assets in the table is as of October 31, 2009. For purposes of the table, Other Pooled Investment Vehicles may include investment partnerships and group trusts, and Other

Accounts may include separate accounts for institutions or individuals, insurance company general or separate accounts, pension funds and other similar institutional accounts.

PORTFOLIO MANAGER	OTHER ACCOUNTS MANAGED BY THE PORTFOLIO MANAGERS
Gregory K. Phelps	Other Registered Investment Companies: 4 (four) accounts with total assets of approximately \$2.6 billion Other Pooled Investment Vehicles: None Other Accounts: None
Mark T. Maloney	Other Registered Investment Companies: 4 (four) accounts with total assets of approximately \$2.6 billion Other Pooled Investment Vehicles: None Other Accounts: None

Neither the Adviser nor Subadviser receives a fee based upon the investment performance of any of the accounts included under Other Accounts Managed by the Portfolio Managers in the table above.

When a portfolio manager is responsible for the management of more than one account, the potential arises for the portfolio manager to favor one account over another. For the reasons outlined below, the Fund does not believe that any material conflicts are likely to arise out of a portfolio manager's responsibility for the management of the Fund as well as one or more other accounts. The Adviser and the Subadviser have adopted procedures, overseen by the Chief Compliance Officer, that are intended to monitor compliance with the policies referred to in the following paragraphs.

The Subadviser has policies that require a portfolio manager to allocate investment opportunities in an equitable manner and generally to allocate such investments proportionately among all accounts with similar investment objectives.

When a portfolio manager intends to trade the same security for more than one account, the policies of the Subadviser generally require that such trades for the individual accounts are aggregated so that each account receives the same price. When not possible or when it may not result in the best possible price, the Subadviser will place the order in a manner intended to result in as favorable a price as possible for such client.

□ The investment performance on specific accounts is not a factor in determining the portfolio manager's compensation. See □ Compensation of Portfolio Managers □ below. Neither the Adviser nor the Subadviser receives a performance-based fee with respect to other accounts managed by the Fund's portfolio managers.

□ The Subadviser imposes certain trading restrictions and reporting requirements for accounts in which a portfolio manager or certain family members have a personal interest in order to confirm that such accounts are not favored over other accounts.

□ The Subadviser seeks to avoid portfolio manager assignments with potentially conflicting situations. However, where a portfolio manager is responsible for accounts with differing investment objectives and policies, it is possible that the portfolio manager will conclude that it is in the best interest of one account to sell a portfolio security while another account continues to hold or increase the holding in such security.

Compensation of portfolio managers

The Subadviser has adopted a system of compensation for portfolio managers and others involved in the investment process that is applied consistently among investment professionals. At the Subadviser, the structure of compensation of investment professionals is currently composed of the following basic components: fixed base salary, and an annual investment bonus plan, as well as customary benefits that are offered generally to all full-time employees of the Subadviser. A limited number of senior portfolio managers, who serve as officers of both the Subadviser and its parent company, may also receive options or restricted stock grants of common shares of Manulife Financial Corporation.

Only investment professionals are eligible to participate in the Investment Bonus Plan on an annual basis. While the amount of any bonus is discretionary, the following factors are generally used in determining bonuses: 1) The investment performance of all accounts managed by the investment professional over one- and three-year periods are considered. The pre-tax performance of each account is measured relative to an appropriate peer group benchmark. 2) The profitability of the Subadviser and its parent company are also considered in determining bonus awards, with greater emphasis placed upon the profitability of the Adviser. 3) The more intangible contributions of an investment professional to the Subadviser's business, including the investment professional's support of sales activities, new fund/strategy idea generation, professional growth and development, and management, where applicable, are evaluated in determining the amount of any bonus award.

While the profitability of the Subadviser and the investment performance of the accounts that the investment professionals maintain are factors in determining an investment professional's overall compensation, the investment professional's compensation is not linked directly to the net asset value of any fund.

*On March 11, 2008, the Board of Trustees approved a semiannual series tender offer program. Under the program, the Fund will offer to repurchase up to 5% of the Fund's outstanding common stock at 98% of net asset value on the date the tender offer expires, provided that the common shares of the Fund have traded at an average daily discount to net asset value of greater than 10% during a twelve week measurement period. The tender offer will occur twice a year if the thresholds are met, with the Board of Trustees to review the program annually. On March 27, 2009, the Fund completed the tender offer. The Fund accepted 2,629,996 shares for payment which represented 5.00% of the Fund's then outstanding shares. Final payment was made on March 27, 2009 at \$6.98 per share, representing 98% of the NAV per share on March 27, 2009.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

Edgar Filing: HANCOCK JOHN PATRIOT PREMIUM DIVIDEND FUND II - Form N-CSR

(a) The registrant has adopted procedures by which shareholders may recommend nominees to the registrant's Board of Trustees. A copy of the procedures is filed as an exhibit to this Form N-CSR. See attached "John Hancock Funds - Governance Committee Charter".

ITEM 11. CONTROLS AND PROCEDURES.

(a) Based upon their evaluation of the registrant's disclosure controls and procedures as conducted within 90 days of the filing date of this Form N-CSR, the registrant's principal executive

officer and principal financial officer have concluded that those disclosure controls and procedures provide reasonable assurance that the material information required to be disclosed by the registrant on this report is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

(b) There were no changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal half-year (the registrant's second fiscal half-year in the case of an annual report) that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

(a)(1) Code of Ethics for Senior Financial Officers is attached.

(a)(2) Separate certifications for the registrant's principal executive officer and principal financial officer, as required by Section 302 of the Sarbanes-Oxley Act of 2002 and Rule 30a-2(a) under the Investment Company Act of 1940, are attached.

(b)(1) Separate certifications for the registrant's principal executive officer and principal financial officer, as required by 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, and Rule 30a-2(b) under the Investment Company Act of 1940, are attached. The certifications furnished pursuant to this paragraph are not deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liability of that section. Such certifications are not deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Registrant specifically incorporates them by reference.
