PROXY STATEMENT

**Annual Meeting of Stockholders
To Be Held on September 8, 2011**

This Proxy Statement of Bio-Reference Laboratories, Inc., a New Jersey corporation (the "Company") is first being mailed to Stockholders on or about August 4, 2011 in connection with the solicitation of proxies by the Company's Board of Directors to be used at the Annual Meeting of Stockholders of the Company to be held on Thursday, September 8, 2011 at 9:00 A.M. (local time) at the Sheraton Crossroads Hotel, Crossroads Corporate Center, One International Boulevard, Route 17 North, Mahwah, New Jersey 07495-0001. Accompanying this Proxy Statement is a Notice of Annual Meeting of Stockholders, a form of Proxy for the meeting and a copy of the Company's 2010 Annual Report containing financial statements and related data.

All proxies which are properly filled in, signed and returned to the Company prior to or at the Meeting will be voted in accordance with the instructions thereon. A proxy may be revoked by any stockholder giving the same prior to the exercise thereof by (a) written notice addressed to the Company's Secretary and delivered to the Company's principal offices prior to the commencement of the Meeting, (b) providing a signed proxy bearing a later date, or (c) appearing in person and voting at the Meeting. The Company intends to vote executed but unmarked proxies in favor of Proposals One and Two and with respect to Proposal Three, to vote for "Choice 3" every three years. The Board has fixed the close of business on Thursday, July 28, 2011, as the record date for the determination of stockholders who are entitled to notice of, and to vote at the meeting or any adjournment thereof.

The expenses of preparing, assembling, printing and mailing the form of proxy and the material used in solicitation of proxies will be borne by the Company. In addition to the solicitation of proxies by use of the mails, the Company may utilize the services of some of its officers and regular employees (who will receive no additional compensation therefore) to solicit proxies personally, and by telephone. The Company has requested banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies and will reimburse such persons for their services in doing so. The cost of such additional solicitation incurred otherwise than by use of the mails is estimated not to exceed \$10,000.

On April 7, 2010, the Company announced a two-for-one split of its Common Stock, \$.01 par value (the "Common Stock") payable to stockholders of record at the close of business on April 19, 2010. Throughout this Proxy Statement, the number of shares of Common Stock

Edgar Filing: BIO REFERENCE LABORATORIES INC - Form DEF 14A

reflects post-split shares. At the record date, the Company had 27,947,900 shares of its Common Stock, issued and outstanding, the holders of which are each entitled to one vote per share. The presence in person or by proxy of at least a majority of the outstanding Common Stock is necessary to constitute a quorum at the meeting. Broker nonvotes (that is, proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owners or other persons entitled to vote shares on a particular matter as to which the broker or nominee does not have discretionary authority) will be counted for purposes of determining a quorum for the transaction of business at the Annual Meeting but will not be considered as votes for purposes of determining the outcome of a vote. Election of directors (Proposal One) requires the affirmative vote of a plurality of the votes cast on the Proposal by the holders of Common Stock present in person or by proxy at the meeting.

A majority of votes cast upon any other question will decide the question. Abstentions will count for purposes of establishing a quorum, but will not count as votes cast for the election of directors or any other question. Abstentions will have no effect on the election of directors but are the equivalent of an against vote on matters requiring a majority of votes properly cast to decide the question.

The following table sets forth information as of July 28, 2011 with respect to the ownership of Common Stock by (i) each person known by the Company to be the beneficial owner of more than 5% of its outstanding Common Stock, (ii) each director of the Company, (iii) each executive officer of the Company, and (iv) all directors and executive officers as a group.

The number of directors on the Company's Board of Directors is currently fixed at seven. The Company's Certificate of Incorporation divides the Board of Directors into three classes. The members of each class of directors serve for staggered three-year terms. The shares represented by proxies will be voted in favor of the election as directors of Mr. Singer and Mr. Elias who are the nominees of the Board of Directors for election. Management has no reason to believe that any of such nominees for the office of director will not be available for election as a director. However, should any of them become unwilling or unable to accept nomination for election, it is intended that the individuals named in the enclosed proxy may vote for the election of such other person or persons as the Board of Directors may recommend.

Nominating Committee

The Nominating Committee is comprised of the four non-employee members of the Board of Directors, Harry Elias, Joseph Benincasa, Gary Lederman and John Roglieri. Pursuant to its charter, a copy of which may be found on the Company's website: www.bioreference.com, the Nominating Committee's role is to establish criteria for the selection of directors; to identify individuals qualified to be directors; to evaluate director candidates proposed by stockholders; to recommend individuals to fill vacancies on the Board and to recommend nominees for director at each annual stockholder meeting. The Nominating Committee may consider nominees for director of the Company submitted in writing c/o the Committee at the Company's executive offices, whether by executive officers of the Company; current directors of the Company; search firms (if any) engaged by the Committee, and, in the circumstances provided below, shall consider nominees for director proposed by a stockholder. Information with respect to the proposed nominee must be provided in writing by the stockholder addressed to the Committee at the Company's executive offices, and received not less than 90 nor more than 120 days prior to the anniversary date of the prior year's annual meeting, provided that if the current year's annual meeting is not scheduled to be held within 30 days of the anniversary date of the prior year's annual meeting, notice from a stockholder shall be considered timely if it is received not later than the tenth day following the date on which the notice of the annual meeting was mailed or the date on which public disclosure of the date of the annual meeting was made, whichever occurs first. The information shall include the name of the nominee, and such information with respect to the nominee as would be required under the rules and regulations of the Securities and Exchange Commission to be included in the Company's Proxy Statement if the proposed nominee were to be included therein. The Nominating Committee generally identifies potential candidates for director by seeking referrals from the Company's management, members of the Board of Directors and their various business contacts. Candidates are evaluated based upon factors such as independence, knowledge, judgment, integrity, character, leadership skills, education, experience, financial literacy, standing in the community and ability to foster a diversity of backgrounds and views and to complement the Board's existing strengths. Disclosure Controls and Procedures

An evaluation was performed under the supervision and with the participation of our management, including our principal executive officer and our principal financial officer as to the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) as of October 31, 2010. Any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. Based on that evaluation, the principal executive officer and the principal financial officer of the Company have concluded that, as of October 31, 2010, our disclosure controls and procedures were effective at a reasonable assurance level.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Internal control over financial reporting includes those policies and procedures that:

(i) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets;

(ii) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with the authorization of management and/or our Board of Directors; and

(iii) provide reasonable assurance regarding the prevention or timely detection of any unauthorized acquisition, use or disposition of our assets that could have a material effect on our financial statements.

Due to its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate due to changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Edgar Filing: BIO REFERENCE LABORATORIES INC - Form DEF 14A

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting using the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework. Based on its evaluation, our management concluded that our internal control over financial reporting was effective as of the end of our most recent fiscal year ended October 31, 2010.

MSPC, Certified Public Accountants and Advisors, A Professional Corporation, an independent registered public accounting firm, has audited the Consolidated Financial Statements included in our 2010 Annual Report and, as part of their audit, has issued its attestation report, included therein, on the effectiveness of our internal control over financial reporting. See Report of Independent Registered Public Accounting Firm contained in the Company's 2010 Annual Report accompanying the Proxy Statement.

There has been no change in our internal control over financial reporting that occurred during the fourth quarter of fiscal 2010 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

(1) Under SEC disclosure rules, the term "bonus" does not include awards that are performance based. As a result of this definition, payments under our Incentive Bonus Plan for Senior Management are not considered "bonuses" and are reported under the column captioned "Non-Equity Incentive Plan Compensation".

(2) The Senior Management Incentive Bonus Plan adopted by the Compensation Committee provided for bonuses as a percentage of salary to be paid to designated members of Senior Management to the extent the Company's Total Operating Income equaled certain designated percentages of Total Net Revenues. The amounts in column (g) reflect the cash awards to the named officers under the Senior Management Incentive Bonus Plan. No bonuses were earned under the Plan with respect to fiscal 2008. See "Senior Management Incentive Bonus Plans" herein.

Senior Management Incentive Bonus Plans

In each of the last three fiscal years (2008, 2009 and 2010), the Compensation Committee adopted a Senior Management Incentive Plan for that year which it believed would incentivize Senior Management to push to achieve operating results which the Committee believed would inure to the benefit of stockholders as well as management. Each Plan provided goals which the Committee believed could only be achieved through extraordinary team efforts by Senior Management and was designed to incentivize Senior Management to operate the Company in the most efficient manner possible. While not specifically emulating any specific company or companies, the Compensation Committee took into consideration the economy in general and the goals of the Company that it wished to reward, namely to improve Company margins within attainable goals for management. The national economic climate changed in 2008 after the 2008 Plan had been implemented and in the subsequent years the Committee felt a more conservative reward was consistent with the national economic conditions and reduced the

maximum bonus accordingly. In 2009, the Committee felt that the incentive would be more competitive if it broke it into separate parts while not changing the overall goals and rewards of the plan. The Committee has at all times sought to provide a mechanism to reward outstanding efforts that

enhance shareholder value without impacting the finances of the Company. The following is a description of each Plan. The Compensation Committee has adopted a similar plan for fiscal 2011. Any bonuses required to be paid under the provisions of any of the Senior Management Incentive Bonus Plans were required to be paid to each participant on the pro-rata formula established upon the adoption of the Plan and not at the discretion of the Compensation Committee.

2008 Plan

The 2008 Senior Management Incentive Bonus Plan (the 2008 Plan) included 13 members of Senior Management, including the Company's three executive officers, as participants. The 2008 Plan provided for bonuses only in the event the Company's Total Operating Income for the 2008 fiscal year exceeded 10.49% of Net Revenues. Under the 2008 Plan, the bonus varied from 10% to 50% of the participant's gross wages to the extent Total Operating Income as a percentage of Net Revenues varied from not less than 10.50% to 14.50% or more, provided that the maximum bonus to be paid to a participant could not exceed 50% of the participant's annual wages in fiscal 2008.

2009 Plan

The 2009 Senior Management Incentive Bonus Plan (the 2009 Plan) was structured similar to the 2008 Plan and included 14 members of Senior Management, including the Company's three executive officers, as participants. The 2009 Plan provided for bonuses only in the event the Company's Total Operating Income for the 2009 fiscal year exceeded 10.49% of Net Revenues. Under the 2009 Plan, the bonus varied from 10% to 25% of the participant's gross wages to the extent Total Operating Income as a percentage of Net Revenues varied from not less than 10.50% to 12.00% or more, provided the maximum bonus to be paid to a participant could not exceed 25% of the participant's annual wages in fiscal 2009.

2010 Plan

The 2010 Senior Management Incentive Bonus Plan (the 2010 Plan) included 17 members of Senior Management, including the Company's three executive officers, as participants. The 2010 Plan was based on two separate financial formula calculations. The first formula (Formula One) provided for bonuses only in the event the Company's Total Operating Income for the 2010 fiscal year equaled or exceeded 10.75% of Net Revenues. Under Formula One, the bonus varied from 4% to 10% of the participant's gross wages as Total Operating Income as a percentage of Net Revenue varied from not less than 10.74% to 12.76%, provided that the maximum bonus to be paid under Formula One to a participant could not exceed 10% of the participant's annual wages in fiscal 2010.

The second formula (Formula Two) provided for bonuses based on the percentage increase in the Company's Operating Income from fiscal 2009 (the Base Year) to fiscal 2010. A bonus to each participant with respect to Formula Two would only be payable if the Company's Operating Income in fiscal 2010 exceeded by at least 24.99%, the Company's Operating Income in fiscal 2009.

Under Formula Two, the bonus varied from 6% to 15 % of the participant's gross wages as the percentage increase in the Company's Operating Income in fiscal 2010 compared to fiscal 2009 varied from not less than 24.99% to in excess of 39.99% provided that the maximum bonus

to be paid under Formula Two to a participant could not exceed 15% of the participant's annual wages in fiscal 2010.

See the Summary Compensation Table, column (g) Non-Equity Incentive Plan Compensation as to the bonuses paid under the Senior Management Incentive Compensation Plan with respect to fiscal 2010 and 2009. No bonuses were earned under the Senior Management Incentive Compensation Plan with respect to fiscal 2008.

Employment Agreements with Named Officers

On December 31, 2010, the Company executed an employment agreement with Dr. Grodman (the New Contract), employing him as President and Chief Executive Officer through October 31, 2017. The New Contract replaced Dr. Grodman's employment agreement then in effect and due to expire on October 31, 2011 (the Old Contract). The New Contract is automatically renewable for one additional two year period subject to the right of either party to elect not to renew at least four months prior thereto. The New Contract provides Dr. Grodman with a minimum annual Base Compensation of \$1,060,000 subject to annual percentage increases in the Consumer Price Index as well as to increases at the discretion of the Compensation Committee. The New Contract also provides Dr. Grodman with participation rights in any fringe benefit and bonus plans available to the Company's employees to the extent determined by the Compensation Committee. The New Contract contains provisions governing in the event of Dr. Grodman's partial or total disability and provides for termination for Cause or in the event of Dr. Grodman's death. In the event of Dr. Grodman's death, unless his employment has been terminated for Cause, the Company will pay his estate a death benefit equal to 24 times his monthly Base Compensation in effect at the date of his death. Dr. Grodman has the right to terminate the New Contract in the event, among other occurrences, of a material change in his duties and responsibilities, a material relocation of the Company's principal executive offices or a material breach by the Company of the New Contract (including a material diminution of his Base Compensation). In the event of a Change in Control of the Company, Dr. Grodman can elect to terminate the New Contract. In that event, he will be entitled to be paid a lump sum Severance Payment equal to 2.99 times the average of the annual compensation paid to him by the Company for the five calendar years preceding the earlier of the calendar year in which the Change of Control occurred or the calendar year of the Date of Termination, subject to the provisions of Section 409-A of the Internal Revenue Code. Dr. Grodman is also subject to certain non-competition restrictions (generally for one year) preventing him from competing with the Company after termination of his employment.

Pursuant to the New Contract, the Company agreed to transfer to an Insurance Trust (the 1999 Trust) established by Dr. Grodman, an insurance policy (Policy A) owned by the Company insuring the life of Dr. Grodman pursuant to an Endorsement Split-Dollar Insurance Agreement (Split-Dollar Agreement No. 1) among the Company, Dr. Grodman and the 1999 Trust, by paying a \$1,202,411 bonus (the Initial Bonus) to Dr. Grodman, equal to the amount of the premiums paid by the Company on Policy A through the date of the New Contract. Split-Dollar Agreement No. 1 required the Company to pay the annual premiums on Policy A and provided that in the event of Dr. Grodman's death while serving as a full time Company employee, the Company would receive that amount out of the policy death proceeds equal to its interest in the policy (i.e. the greater of the premiums it had paid on the policy or the policy cash value at the date of death) and the balance of the death proceeds would be paid to Dr.

Grodman's designated beneficiaries. Pursuant to the New Contract, Split-Dollar Agreement No. 1 was terminated and in a book entry transaction, the Initial Bonus was paid to Dr. Grodman who in turn transferred the Initial Bonus amount to the 1999 Trust which in turn repaid the Initial Bonus amount back to the Company. The Company then, in accordance with Split-Dollar Agreement No. 1, transferred ownership of Policy A to the 1999 Trust. To facilitate these transactions, the parties agreed that the actual monetary funds did not need to change hands but agreed to treat the transactions appropriately for tax and accounting purposes. The Company also agreed to pay bonuses to Dr. Grodman of \$119,000 in 2011, \$70,000 in 2012 and \$70,000 in 2013 unless his employment was terminated for Cause prior to a payment. These three bonuses were equal in amount to the remaining premiums payable on Policy A. The Company will expense the Initial Bonus ratably over the term of the New Contract. If Dr. Grodman's employment is terminated for Cause, he is obligated to pay the unexpended portion of the Initial Bonus back to the Company.

The Company also agreed to obtain a second insurance policy, a second-to-die policy (Policy B) insuring the lives of Dr. Grodman and his wife. Policy B will be owned by the Company pursuant to a second Endorsement Split-Dollar Insurance Agreement (Split-Dollar Agreement No. 2) to be executed in 2011 among the Company, Dr. Grodman and an Insurance Trust (the 2011 Trust) to be established by Dr. Grodman. Policy B will provide for seven years of annual premiums of approximately \$200,000 each, to be paid by the Company unless Dr. Grodman's employment is terminated for Cause. At Dr. Grodman's death, if his wife survives him, or in the event his employment is terminated for Cause, Dr. Grodman's estate or Dr. Grodman, as the case may be, will cause the premiums paid by the Company under Policy B up to said date, to be paid back to the Company and the Company will transfer ownership of Policy B to Dr. Grodman's estate, or to Dr. Grodman, as the case may be. If Dr. Grodman survives his wife, and assuming his employment has not been terminated for Cause, at his death, the Company will be paid the greater of the premiums it paid on Policy B or the Policy B cash value out of the death proceeds and Dr. Grodman's estate will be paid the balance of the death proceeds, provided, however, that if Dr. Grodman survives his wife and assuming his employment has not been terminated for Cause, at his wife's death, Dr. Grodman or his designee shall have the option, exercisable within 90 days of her death, to purchase Policy B from the Company for the greater of the premiums paid or the cash value at the date of her death.

The employment agreement of each of the other employees listed in the table entitles the employee to monthly compensation at his then current Base Compensation for twelve months in the event of his Total Disability.

^(b) Good Reason entitling the employee to voluntarily terminate his employment agreement includes assignment of duties inconsistent with his current duties, reduction of his Base Compensation, relocation of the Company's principal executive offices to a location more than 50 miles from the current location and other breaches by the Company of the employment agreement. In the event of his voluntary termination for Good Reason, each of the employees listed in the table is entitled to be paid his monthly Base Compensation until completion of his current Employment Period which is as follows: Dr. Grodman until October 31, 2017; Mr. Dubinett until October 31, 2011; Mr. Singer until January 31, 2012; and Messrs. Faherty and Todd until October 31, 2014.

^(c) Under Dr. Grodman's employment agreement, his employment terminates in the event of his death and his beneficiaries would be entitled to the death proceeds of the insurance policy owned by the Company on his life after deducting the Company's Interest in the Policy. In the event of Mr. Dubinett's death or Mr. Singer's death while employed by the Company, the decedent's beneficiaries would be entitled to the death proceeds of the insurance policy owned by the Company on his life after deducting the Company's Interest in the Policy plus additional payments equal to six months of his Base Compensation in effect at the time of his death. See Split-Dollar Life Insurance herein. In the event of Mr. Faherty's death or Mr. Todd's death while employed by the Company, the decedent's beneficiaries would be entitled to additional payments equal to six months of his Base Compensation at the time of his death.

^(d) In the event of a termination of employment after a Change in Control of the Company, the employee is entitled to receive a lump sum Severance Payment equal to 2.99 times the average of his annual compensation paid or payable by the Company in connection with his employment and included in his gross income as compensation income for the five calendar years preceding the calendar year in which the Change in Control occurred, subject to the provisions of Section 409-A of the Internal Revenue Code.

See Employment Agreements with Named Officers as to an employment agreement between the Company and Dr. Grodman executed on December 31, 2010, superseding the employment agreement then in effect and extending Dr. Grodman's employment until October 31, 2017.

Split-Dollar Life Insurance

Pursuant to the terms of their 1997 employment agreements, the Company had established split-dollar life insurance programs for each of its three Executive Officers. As a result of the passage of the Sarbanes Oxley Act of 2002 (signed into law on July 30, 2002), these

three programs were modified. Pursuant to the modification, each of the three Executive Officers assigned ownership of his policies to the Company and new policies were issued to replace the prior policies with annual premiums under the new policies (\$70,000 under Dr. Grodman's policy and \$25,000 each under Messrs. Dubinett's and Singer's policies) being equal to the premiums paid under the replaced policies. The Company has now executed new Endorsement Split-Dollar Life Insurance Agreements with each of its three Executive Officers. Pursuant to the new agreements, the Company has agreed to continue to pay the annual premium on the policy on each officer's life during the period of his full-time employment by the Company. The Company is the sole owner of the policy and of its net cash surrender value, and in the event of the officer's death while serving as a full-time employee of the Company, the Company will be entitled to receive that amount of the death proceeds equal to its interest in the policy (the aggregate amount of premiums paid by the Company with respect to the policy less the amount of any loans, if any, from the Insurer to the Company against the cash value or policy proceeds, and less the aggregate amount of any premiums paid by the officer to the Company in reimbursement of premiums paid by the Company) and the balance of the death proceeds will be paid to the officer's designated beneficiaries. The premiums paid by the Company on the current policies and the prior policies aggregated approximately \$1,782,000 and \$1,662,000 at October 31, 2010 and October 31, 2009, respectively. At those dates, the net cash surrender value of the three current policies aggregated approximately \$1,523,000 and \$1,373,000, respectively and is recorded on the books of the Company at these values.

See Employment Agreements with Named Officers as to the transfer of the split-dollar insurance policy on Dr. Grodman's life, owned by the Company, to Dr. Grodman's insurance trust and as to the purchase by the Company of a new split-dollar second-to-die insurance policy on the lives of Dr. Grodman and his wife.

Related Persons Transactions

The Company's Code of Ethics is applicable to the Company's Senior Management, as well as its key financial and accounting personnel. It has been designed to deter wrongdoing and to promote;

Honest and ethical conduct including the ethical handling of actual or apparent conflicts of interest;

Fair, accurate, timely and understandable disclosure in the Company's public communications and reports filed with the SEC;

Compliance with applicable governmental laws, rules and regulations;

Prompt internal reporting of violations of the Code to an appropriate person or persons identified in the Code; and

Accountability to ensure adherence to the Code.

The Code requires each covered person to deal ethically and honestly with the Company and to avoid business, financial or other direct or indirect interests or relationships that conflict with those of the Company or divide the covered person's loyalty to the Company. Each covered person is required to sign an attestation of compliance with the Code at the end of each fiscal year.

In addition, it is the Company's policy that transactions involving related persons (excluding executive officer compensation which is determined by the Compensation Committee) are to be presented to and assessed by the independent members of the board of directors. Related persons include the Company's directors and executive officers, immediate family members of the

directors and executive officers, and certain large security holders and their family members. If the determination is made that a related person has or may have a material direct or indirect interest in any Company transaction and that the amount involved equals or exceeds \$120,000, the Company's independent directors will review, approve and ratify the transaction, if appropriate, and the transaction will be disclosed if required under SEC rules. If the related party at issue is a director of the Company or a family member of a director, then that director will not participate in the relevant discussion and review.

Information considered in evaluating such transactions include the nature of the related person's interest in the transaction, the material terms of the transaction, the importance of the transaction to the Company and the related person, whether the transaction would impair the judgment of a director or an executive officer to act in the best interests of the Company, and any other matters that management or the independent directors deem appropriate. Corporate policy requires all directors and employees, including all executives, to disclose their interests (including indirect interests through family members) with individuals or entities doing business with the Company, to management and/or the Board of Directors, and to remove themselves from all decisions related to that organization.

No such transactions with related parties occurred in fiscal years 2008 through 2010.

Compensation Discussion and Analysis

Background

Through fiscal 2001, the Board of Directors, including the Company's three executive officers, were responsible for reviewing the compensation paid to the Company's executive officers, provided that none of the Company's executive officers could vote with respect to his own compensation package. In fiscal 2002, the Company established a Compensation Committee consisting of three non-employee directors, Morton L. Topfer (Chairman), Gary Lederman and John Roglieri. Mr. Topfer resigned as a director and as a member of the Compensation Committee in February 2004. In March 2004, Dr. Roglieri became the Chairman of the Compensation Committee and Mr. Elias was elected as a member of the Committee. Mr. Benincasa was elected as a member of the Committee in June 2005.

In May 1997, the Company executed an employment agreement with Dr. Grodman which expired on October 31, 2004. Effective November 1, 2004, the Company executed a new seven year employment agreement with Dr. Grodman. On December 31, 2010, the Company executed a new employment agreement with Dr. Grodman expiring on October 31, 2017 and superseding the contract then in effect. The terms of the new employment agreement are described above. See Employment Agreements with Named Officers.

In May 1997, the Company also executed employment agreements with Messrs. Dubinett and Singer (each expiring on October 31, 2002). During fiscal 2002, the Compensation Committee authorized extensions of both Messrs. Dubinett and Singer's contracts for two additional years, with the Company having the option to extend each agreement for two consecutive one-year periods in addition. In consideration for Messrs. Dubinett and Singer

executing the extension agreements, the Company agreed that the base compensation during each extension year would not be less than the total cash compensation paid to such individual in fiscal 2002. The Company's option to extend Mr. Dubinett and Mr. Singer's employment agreements was further extended through fiscal 2011 for Mr. Dubinett and through January 31, 2012 for Mr. Singer.

Executive Compensation Philosophy

The objective of the Company's compensation program for its three executive officers is to reward them for their leadership and efficiency in their areas of responsibility and for their overall contribution to the Company's performance (Dr. Grodman as chief executive officer, Mr. Dubinett as chief operating officer responsible for healthcare regulatory compliance and insurance matters, and Mr. Singer as chief financial officer responsible for all financial matters). Except for the Senior Management Incentive Bonus Plan, there are no specific performance objectives or targets required to be achieved.

The elements of compensation for each of the executive officers are the following cash amounts.

- (i) Annual Base Compensation
- (ii) Participation in the Senior Management Incentive Bonus Plan

In view of the fact that our three named executive officers own substantial equity interests in the Company, our compensation program for them focuses primarily on base salary, subject to annual increase based upon a review of the executive's and the Company's performance. In addition, to further incentivize our executive officers as well as certain other members of senior management, in 2005, we established a Senior Management Incentive Bonus Plan designed to assist in the Company's profitability. The Plan is designed to encourage a team effort as all of the senior management participants are rewarded under the Plan if the Targets are achieved and none of them are rewarded under the Plan if the Targets are not achieved. Bonuses under the Plan are earned and paid only to the extent the Company's Total Operating Income equaled certain designated percentages of Total Net Revenues (with an additional formula governing the 2010 Plan). Plan criteria were met with respect to fiscal 2007, 2009 and 2010 so that bonuses were earned and paid, but no bonuses were earned or paid under the Plan with respect to fiscal 2008 as the Plan's targeted performances were not achieved. See "Senior Management Incentive Bonus Plans" herein.

Process for Determining Executive Compensation

Dr. Grodman's 2004 seven year employment agreement was due to expire in October 2011. Dr. Grodman negotiated the terms of his new employment agreement directly with the Compensation Committee which did not have specific performance objectives for the Company to achieve in the future but believed that the steady increase in each of the past four years in the Company's net revenues and profits were to a significant degree attributable to Dr. Grodman's leadership as president and chief executive officer. The Committee believed it was important for the Company and its stockholders to secure Dr. Grodman's services for another seven years. In

addition, the Compensation Committee relied in part on executive compensation studies furnished by Compensation Resources, Inc. See Rationale for Current Agreements with Three Executive Officers .

Mr. Dubinett and Mr. Singer have employment contracts which periodically are extended for relatively short periods. They each negotiate the terms of their contracts including their Base Compensation with Dr. Grodman who then recommends the terms to the Compensation Committee for approval. Since fiscal 2008, the Base Compensation and the increase in Base Compensation in each year for Mr. Dubinett and for Mr. Singer have been identical. This is because in the opinion of Dr. Grodman and the Compensation Committee, each of such executive officers has performed his duties flawlessly and to distinguish between them in compensation could cause the Company to lose the services of one of them. The relative short term of each of their employment agreements could allow for early termination if Dr. Grodman or the Compensation Committee is not satisfied with either officer's performance. Furthermore, the increases in their Base Compensation in each of the past three fiscal years have been as follows and such increases include automatic increases in fiscal years 2008 and 2010 based upon increases in the Consumer Price Index.

**Increases in Base Compensation for Each of
Mr. Dubinett and Mr. Singer Over the Prior Three Fiscal Years**

	<u>Amount</u>	<u>Percentage Increase*</u>
Fiscal 2008	\$ 39,585	12%
Fiscal 2009	18,490	5%
Fiscal 2010	19,075	5%

* Includes increases in fiscal 2008 and fiscal 2010 due to increases in the Consumer Price Index.

In addition to their Base Compensation, Dr. Grodman, Mr. Dubinett and Mr. Singer have been and are participants in the Company's Senior Management Incentive Compensation Plans.

Rationale for Current Employment Agreements with the Three Executive Officers

In December 2010, the Compensation Committee approved a new employment agreement (the New Contract) with Dr. Grodman ensuring that he would continue to serve as president of the Company through October 31, 2017. The New Contract superseded the employment agreement then in effect and due to expire on October 31, 2011 (the Old Contract). In negotiating Dr. Grodman's New Contract, the Compensation Committee relied in part on executive compensation studies furnished by Compensation Resources, Inc., an independent executive compensation consulting firm (CRI). After taking into account the compensation paid to the chief executive officers of a peer group of nine publicly owned clinical testing laboratories (including the two major national laboratories, Quest Diagnostics, Inc. and Laboratory CP of America Holdings) CRI concluded that Dr. Grodman's compensation package under the Old Contract was below (by over 20%) the comparable value delivered to the chief executive officers in the peer group and that Dr. Grodman's compensation in its totality under

the New Contract was within a reasonable comparable range. The nine peer group publicly owned clinical testing laboratories used as a benchmark by CRI were;

Bioclinica Inc.
Genoptix Inc
Laboratory CP of Amer Hldgs
Medtox Scientific Inc.
Neogenomics Inc.
Orchid Cellmark Inc.
Psychemedics Corp.
Quest Diagnostics Inc.
Response Genetics Inc.

The Compensation Committee also determined that the Base Compensation paid with respect to fiscal 2010, and the terms of the extension agreements with Messrs. Dubinett and Singer, were reasonable in relationship to the services performed, the responsibilities assumed and the results obtained, and were in the best interests of the Company. In connection with Dr. Grodman's compensation, the Compensation Committee considered the Company's increase in net revenues, patients serviced, working capital and shareholders' equity in fiscal 2010 compared with the corresponding period in fiscal 2009. Furthermore, after a review of the base compensation paid to the named executive officers of the following companies, namely Alliance Healthcare Services, Inc., Bioclinica Inc., Genoptix Inc., Insight Health Svcs Hldg Corp, Laboratory Cp of America Hldgs, Medtox Scientific Inc., Quest Diagnostics Inc. and Radnet Inc., the Compensation Committee concluded that the base compensation to be paid to Messrs. Grodman, Dubinett and Singer for fiscal 2010 was well within the range of the base compensation levels of the named executive officers at such other companies and was appropriate.

Benefits and Perquisites

The Company's policy is to provide health benefits as well as access to its 401(k) Plan to which it contributes a maximum of \$500 per employee each year, to all of its employees including its three executive officers.

The Company leases automobiles for the use by its executive officers but amounts reflecting their personal use are reported as income to them subject to tax. Similarly, personal use of the Company airplane by any of the Company's executive officers is reported as income to them, subject to tax. See Footnote (3) to the Summary Compensation Table.

Change in Control Benefits

The Company's employment agreements with its three executive officers provide for substantial Severance Payments to them in the event of a change in control of the Company. This provision provides an additional level of financial security for the three executive officers. These executives could well be asked to evaluate a transaction purportedly expected to maximize shareholder value while resulting in the elimination of their jobs. The Severance Payment

provision (2.99 times the annual average of the preceding five years of compensation) could help to minimize the distraction caused by concerns over personal financial security in the context of a proposed change in control.

Stock Option Grant Practices

The Company has in the past granted stock options at an exercise price at least equal to the fair market value on the date of the grant. Due to the substantial stock ownership position of the Company's three executive officers, no stock options have been granted to them (or restricted stock awarded to them) in the last three years.

Policy Regarding the One Million Dollar Deduction Limitation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation in excess of \$1,000,000 paid for any fiscal year to a corporation's chief executive officer and to the four other most highly compensated executive officers in office as of the end of the fiscal year. The statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. However, shareholder interests may at times be best served by not restricting the Compensation Committee's discretion and flexibility in developing compensation programs, even though the programs may result in non-deductible compensation expenses. Accordingly, the Compensation Committee may from time to time approve elements of compensation for certain officers that are not fully deductible.

ADVISORY VOTE ON EXECUTIVE COMPENSATION (PROPOSAL TWO)

As required by Section 14A of the Exchange Act, the Company is affording its shareholders an advisory (non-binding) vote with respect to the compensation of our three Named Executive Officers (defined as *say on pay*). Accordingly, you may vote on the following resolution at the 2011 Annual Meeting:

Resolved, that the shareholders of the Company approve, on an advisory basis, the compensation paid to the Company's three Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative discussion in the Company's 2011 Annual Meeting Proxy Statement.

This is merely an advisory vote, and is not binding on the Company. However, the Board of Directors and the Compensation Committee (which is comprised of independent directors), expect to take into account the outcome of this vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results. Shareholders are encouraged to read the Company's disclosure pursuant to Item 402 including the Compensation Discussion and Analysis section, the accompanying compensation tables and the related narrative disclosure in this Proxy Statement.

The Board of Directors recommends that you vote FOR the approval, on an advisory basis, of the resolution approving the Company's compensation for its three Named Executive Officers. Proxies given without instructions will be voted FOR approval of this resolution.

ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION (PROPOSAL THREE)

As required by Section 14A of the Exchange Act, in addition to providing shareholders with the opportunity to cast an advisory vote regarding the executive compensation of its Named Executive Officers, this year the Company is providing shareholders with an advisory vote on whether the advisory vote on executive compensation should be held every one, two or three years.

Edgar Filing: BIO REFERENCE LABORATORIES INC - Form DEF 14A

The Board believes that a frequency of every three years for the advisory vote on executive compensation is the most appropriate choice for conducting and responding to a say on pay vote for the Company. Shareholders who have concerns about executive compensation during the interval between say on pay votes may bring their specific concerns to the attention of the Board by letter addressed to the Secretary, Bio-Reference Laboratories, Inc, 481B Edward H. Ross Drive, Elmwood Park, NJ 07407. The Secretary will circulate any such letter to each member of the Board of Directors for the Board's and the Compensation Committee's consideration.

The proxy card provides shareholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining). Shareholders are being asked to vote on the following resolution.

Resolved that the Company's shareholders determine on an advisory basis, that the frequency with which the Company's shareholders shall have an advisory vote on the compensation of the Company's Named Executive Officers is:

Choice 1 every year

Choice 2 every two years

Choice 3 every three years; or

Choice 4 abstain from voting

Although this advisory vote on the frequency of the say on pay vote is non-binding, the Board and the Compensation Committee will take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

The Board of Directors recommends that you vote for Choice 3 every three years for future advisory votes on executive compensation, and proxies given without instruction will be so voted.

All Other Fees

No other fees were billed to the Company by MSPC with respect to fiscal 2010 or fiscal 2009 other than for the services described above.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee pre-approved each material non-audit engagement for services performed by the Company's independent auditors in fiscal 2010. Prior to pre-approving any such non-audit engagement or service, it is the Committee's practice to first gather information regarding the requested engagement or service in order to enable the Committee to assess the impact of the engagement or service on the auditor's independence.

Edgar Filing: BIO REFERENCE LABORATORIES INC - Form DEF 14A

The Audit Committee has considered whether the provision of tax return preparation and other professional services to the Company by MSPC is compatible with such firm maintaining its independence and has concluded that such firm is independent with respect to the Company in its role as the Company's principal accountant and auditor.
