EXPLANATORY NOTE

On April 1, 2002, CytRx Corporation filed with the Securities and Exchange Commission (the "SEC") its Annual Report on Form 10-K for the year ended December 31, 2001 (the "Initial 10-K"). In accordance with SEC rules, CytRx incorporated by reference Part III of the Initial 10-K from the Proxy Statement to be filed by CytRx Corporation in connection with the 2002 CytRx Corporation Annual Stockholders' Meeting, which CytRx anticipated filing on or before April 30, 2002. Since the filing date of the Initial 10-K, CytRx has determined that it will not file its Proxy Statement prior to the April 30 deadline and, in accordance with SEC rules, must file an amendment to its Initial 10-K to include the disclosures required by Part III of Form 10-K. This Annual Report on Form 10-K/A amends Part III of the Initial 10-K in order to include those disclosures required by Part III of Form 10-K.

"SAFE HARBOR" STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

From time to time, we make oral and written statements that may constitute "forward looking statements" (rather than historical facts) as defined in the Private Securities Litigation Reform Act of 1995 or by the SEC in its rules, regulations and releases, including Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended. We desire to take advantage of the "safe harbor" provisions in the Private Securities Litigation Reform Act of 1995 for forward looking statements made from time to time, including, but not limited to, the forward looking statements made in this Annual Report on Form 10-K/A (the "Annual Report"), as well as those made in other filings with the SEC.

Forward looking statements can be identified by our use of forward looking terminology such as "may", "will", "expect", "anticipate", "estimate", "believe", "continue", or other similar words. Such forward looking statements are based on our management's current plans and expectations and are subject to risks, uncertainties and changes in plans that could cause actual results to differ materially from those described in the forward looking statements. In the preparation of this Annual Report, where such forward looking statements appear, we have sought to accompany such statements with meaningful cautionary statements identifying important factors that could cause actual results to differ materially from those described in the forward looking statements, and we have described many such items under "Risk Factors" set forth in "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Annual Report on Form 10-K for the year ended December 31, 2001.

We do not have, and expressly disclaim, any obligation to release publicly any updates or any changes in our expectations or any changes in events, conditions or circumstances on which any forward looking statement is

based.

Compensation of Directors

Directors who are employees of CytRx receive no compensation for their service as directors or as members of committees. Non-employee directors receive a fee of \$2,000 for each board meeting attended (\$750 for meetings attended by teleconference) and \$500 for each committee meeting attended. Non-employee directors who chair a board committee receive an additional \$250 for each committee meeting attended.

Each non-employee director receives an initial stock option grant to purchase 5,000 shares upon the date he or she first becomes a member of the board. Options to purchase 5,000 shares of common stock are granted to each non-employee director annually. Stock option grants to directors pursuant to the plans discussed above contain the same terms and provisions as stock option grants to employees, except that options granted to directors are considered non-qualified stock options for income tax reporting purposes.

Employment and Change in Control Agreements

Employment Agreement. Jack J. Luchese was named our President and Chief Executive Officer in March 1989. His employment agreement with us was amended and restated as of September 1, 1999 and was further amended as of January 1, 2002. Mr. Luchese's employment agreement expires on December 31, 2002. Under the agreement, Mr. Luchese is paid an annual base salary, which currently is \$360,150. The base salary will be reviewed no less than once each 18 months and will be adjusted from time to time consistent with average overall merit increases for all other employees. In addition to his annual base salary, Mr. Luchese is eligible to receive cash bonuses with respect to each calendar year during the term of the agreement as determined from time to time by the compensation committee of our board of directors, in its sole discretion. The employment agreement provides that Mr. Luchese will be entitled to a success bonus of \$435,150 if, during the term of the agreement, we execute a definitive agreement for a transaction that would constitute a change in control under the employment agreement, or if we execute a FLOCOR license agreement. On February 11, 2002, we entered into a merger agreement with Global Genomics Capital, Inc., which triggered our obligation to pay Mr. Luchese the success bonus. The employment agreement also provides that Mr. Luchese will be entitled to a change in control payment if, during the term of the agreement, our stockholders

Edgar Filing: CYTRX CORP - Form 10-K/A

approve a transaction that would constitute a change in control or if a change in control otherwise occurs. The amount of the change in control payment is (1) the higher of \$870,300 or an amount equal to two times his then-current salary and highest annual bonus for the last three years, minus (2) the amount of the success bonus, if any, previously paid to him. The agreement also contains confidentiality and non-competition provisions. Mr. Luchese would be required to forfeit the success bonus and change in control payment if he violated the confidentiality and non-competition provisions in the employment agreement.

Pursuant to the employment agreement, Mr. Luchese has been granted options and warrants to purchase an aggregate of 1,857,427 shares of common stock. Warrants to purchase 1,257,427 shares have an exercise price of \$1.00, warrants as to 500,000 shares have an exercise price of \$0.93 and options as to 100,000 shares have an exercise price of \$1.03125. The vesting criteria of such options and warrants include a combination of tenure and achievement of defined corporate objectives. As of December 31, 2001, 1,532,427 of the 1,857,427 shares subject to options and warrants held by Mr. Luchese were vested. The shares of stock that may be acquired upon exercise of warrants and options held by Mr.

Luchese have been or will be registered by us under the Securities Act of 1933, as amended. The warrants and options contain certain anti-dilution provisions and provide for accelerated vesting in the event that Mr. Luchese's employment is terminated by the board of directors without cause, in the event of his death or disability or in the event of a change of control.

Change in Control Agreement. In April 1997, we entered into a separate change in control agreement with Mr. Luchese, which was amended and restated in September 1999 and further amended as of January 1, 2002. The change in control agreement has a renewing three-year term. If a change in control occurs during the term of the change in control agreement, or if Mr. Luchese's employment is terminated in connection with or in anticipation of a change of control, the change in control agreement would become a new two-year employment agreement that automatically replaces and supercedes Mr. Luchese's pre-change in control employment agreement, described above.

The change in control agreement provides that, to the extent that Mr. Luchese had not previously received the success bonus or the change in control payment described above under his pre-change in control employment agreement, he will be entitled to the success bonus and change in control payments if the triggering events occur during the employment period under the change in control agreement. The change in control agreement also contains confidentiality and non-competition provisions. Mr. Luchese would be required to forfeit the success bonus and change in control payment if he violated the non-competition provisions in the change in control agreement.

Mr. Luchese's employment period under the change in control agreement begins on the effective date of a change in control and continues for two years. During the employment period, Mr. Luchese's position, authority, duties and responsibilities will be at least commensurate in all material respects with those held by him during the 120-day period prior to the change in control and he will receive:

- o a monthly base salary equal to or greater than the highest monthly base salary paid to him by us during the previous year;
- o an annual cash bonus at least equal to the highest bonus paid to him in any of the three fiscal years prior to the effective date of the change in control; and
- o the ability to participate in all of the incentive, savings, welfare benefit, fringe benefit and retirement plans of CytRx.

Edgar Filing: CYTRX CORP - Form 10-K/A

If Mr. Luchese's employment terminates during the employment period he will receive certain severance benefits. If his employment terminates by reason of his death or disability, he will receive certain obligations accrued through the date of termination, plus the normal death and disability benefits, if any, to which he is otherwise entitled. If he is terminated by us for cause, or if he voluntarily resigns without good reason other than during the 30-day period beginning on the first anniversary of the effective date of the change in control, he will receive only his accrued benefits through the termination date and any previously-deferred benefits, plus any other post-termination benefits, if any, to which he is otherwise entitled. If he:

- o is terminated by us without cause,
- o resigns voluntarily with good reason, or
- o resigns for any reason during the 30-day period beginning on the first anniversary of the effective date of the change in control, he will receive a lump sum cash payment equal to:
 - o his base salary through the date of termination,
 - o a pro rata bonus for the year of termination, based upon his actual bonus earned in the prior year,
 - o any earned but unpaid amount of the success bonus and change in control payment, and
 - o any unpaid deferred compensation and vacation pay.

In addition, Mr. Luchese would be entitled to continued employee welfare benefits for two years after the date of termination, and a lump sum payment equal to the actuarial value of the service and compensation credit under our qualified and supplemental retirement plans that he would have received had he remained employed for two years after the date of his termination.

If the total payments to Mr. Luchese under the employment agreement or change in control agreement and from any other source would result in the imposition of an excise tax under Section 4999 of the Internal Revenue Code, the payments will be reduced to the extent necessary to avoid the imposition of such excise tax, but only if such reduction would result in a net after-tax benefit to Mr. Luchese. The change in control agreement further provides that Mr. Luchese has no obligation to mitigate severance payments, we will reimburse Mr. Luchese for all legal fees incurred in enforcing or contesting the change in control agreement, and Mr. Luchese will hold for the benefit of us all confidential information concerning us obtained over the course of this employment. We will require its successors to expressly assume its obligations under the change in control agreement.

Executive Involuntary Termination Agreements. CytRx and each executive officer other than Jack J. Luchese, entered into executive involuntary termination agreements. Under these agreements, if within 24 months after a change in control of CytRx an executive officer is terminated or is required to relocate greater than 35 miles from CytRx's current headquarters in Norcross, Georgia, such executive officer will receive a severance payment equal to one year of that officer's current salary. If an executive officer is terminated without cause and not within 24 months after a change in control of CytRx, such officer will receive six months base salary. If an executive officer is terminated for cause, that officer will receive an amount of severance determined by CytRx's Chief Executive Officer that may be no greater than three

Edgar Filing: CYTRX CORP - Form 10-K/A

months of pay at the officer's salary as in effect on the termination date. In exchange for entering into these agreements, the executive officers agreed to release CytRx from all claims that such officer may have against CytRx as of the date such officer executed the agreement.

Compensation Committee Interlocks and Insider Participation.

There are no "interlocks," as defined by the Securities and Exchange Commission, with respect to any member of the compensation committee. Raymond C. Carnahan, Jr., Max Link and Herbert H. McDade, Jr. are the current members of the compensation committee.

Item 13. Certain Relationships and Related Transactions

Effective January 1, 2001, CytRx entered into an agreement with Cappello Capital Corp. in which Cappello Capital serves as our exclusive financial advisor. The initial term of such agreement was for a period of twelve months, but at the closing of the pending merger between CytRx and Global Genomics Capital, Inc., this agreement will be extended until the one year anniversary of the effective date of that merger. Under the agreement, Cappello Capital assists us with analysis of potential transactions and strategic alternatives. The types of transactions that Cappello Capital may assist us with include private placement of equity, debt or convertible securities, strategic alliances, sale of all or a portion of CytRx, recapitalization or strategic acquisitions. As compensation for its services, we granted Cappello Capital a ten-year warrant to purchase 1,272,492 shares of our common stock (subject to downward adjustment under certain conditions) with an exercise price of \$1.00 per share. Additionally, if we proceed with any of the transactions described in the agreement, we pay Cappello Capital a fee of between 3% and 7.5%, depending upon the nature of the transaction and the dollar amount involved. The fee payable to Cappello Capital if the merger with Global Genomics Capital closes will be 448,330 shares of CytRx common stock, or 4.5% of the shares issuable in the merger. Alexander L. Cappello, one of our directors, is Chairman and Chief Executive Officer of Cappello Group, Inc., an affiliate of Cappello Capital.

Under his employment agreement, Jack J. Luchese was entitled to a payment of \$435,150 upon the execution of the merger agreement between CytRx and Global Genomics Capital and is entitled to an additional \$435,150 upon the closing of the pending merger. In order to reduce the amount of cash that CytRx had to pay to Mr. Luchese, CytRx and Mr. Luchese agreed that approximately \$325,200 of the first \$435,150 payment would be satisfied by CytRx granting a stock

award to Mr. Luchese under the CytRx Corporation 2000 Long-Term Incentive Plan under which CytRx would issue Mr. Luchese 558,060 shares of CytRx common stock. Those shares of stock were issued at a value equal to 85% of the volume weighted average price of CytRx common stock for the 20 trading days ended on February 8, 2002.

Under agreements between each executive officer of CytRx, other than Jack J. Luchese, and CytRx, each executive officer of CytRx will be entitled to a cash payment upon his termination subsequent to the closing of the merger with Global Genomics Capital. In order to reduce the amount of cash that CytRx will have to pay to these executive officers, they have been offered, subject to certain stockholder approval, stock awards in lieu of cash for all or any portion of the amounts due to them. If any officer accepts the offer and, at the 2002 CytRx Annual Stockholders' Meeting, the CytRx stockholders approve an amendment to the 2000 Long-Term Incentive Plan increasing the number of shares subject to that plan, that officer will receive a stock award under which CytRx will issue that officer a number of shares that when multiplied by 85% of the volume weighted average price of CytRx common stock for the 20 trading days prior to February 11, 2002, equals the amount of cash that the officer has elected to forego. In addition, as an additional inducement for an executive officer to accept, in full or in part, this offer, CytRx has agreed to amend all outstanding options held by such officer to allow those options to be exercised for the entire remainder of their original terms.
