## Notes to Condensed Consolidated Financial Statements (Unaudited)

### (1) Statement of Information Furnished

The accompanying unaudited condensed consolidated financial statements as of June 30, 2004 and for the three and six months ended June 30, 2004 and 2003 and the cumulative period from March 23, 1999 (Inception) to June 30, 2004 have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and pursuant with the rules and regulations of the Securities and Exchange Commission for Form 10-QSB. Accordingly, the condensed consolidated financial statements do not include all the information and notes to the financial statements required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, the accompanying unaudited condensed consolidated financial statements contain all adjustments (consisting of only normal recurring adjustments) considered necessary for a fair presentation of North American Liability Group, Inc. and Subsidiary's financial position, results of operations, and cash flows for the periods presented. These results have been determined on the basis of accounting principles generally accepted in the United States of America and applied consistently with those used in the preparation of the Company's 2003 financial statements.

The results of operations for the interim periods ended June 30, 2004 and 2003 are not necessarily indicative of the results to be expected for the full year. These interim financial statements should be read in conjunction with the December 31, 2003 financial statements and related notes included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2003.

### (2) Loss Per Share

Basic income or loss per common share amounts are based on the weighted average shares outstanding of 4,706,984 and 235,315 for the six months ended June 30, 2004 and 2003, respectively and 3,748,295 and 235,360 for the three months ended June 30, 2004 and 2003, respectively. Diluted income per common share amounts reflect the potential dilution that could occur if convertible preferred shares are converted into common stock. No conversion is assumed if such conversion would have an anti-dilutive effect on diluted loss per common share amounts.

### (3) Recent Financial Accounting Standards

In January 2003, the FASB issued FIN No. 46, "Consolidation of Variable Interest Entities," ("FIN 46"). FIN 46 clarifies the application of Accounting Research Bulletin No. 51, "Consolidated Financial Statements," to certain entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN 46 applies immediately to variable interest entities (VIE's) created after January 31, 2003, and to variable interest entities in which an enterprise obtains an interest after that date. It applies in the first fiscal year or interim period beginning after June 15, 2003, to variable interest entities in which an enterprise holds a variable interest that it acquired before

## Edgar Filing: NORTH AMERICAN LIABILITY GROUP INC - Form 10QSB

February 1, 2003.

The Company has not identified any VIE's for which it is the primary beneficiary or has significant involvement.

In December 2003, the FASB issued FIN No. 46 (revised December 2003), "Consolidation of Variable Interest Entities" ("FIN 46-R") to address certain FIN 46 implementation issues. The effective dates and impact of FIN 46 and FIN 46-R are as follows:

(i) For special purpose entities (SPE's) created prior to February 1, 2003, the Company must apply either the provisions of FIN 46 or early adopt the provisions of FIN 46-R at the end of the first interim or annual reporting period ending after December 15, 2003.

(ii) For non-SPE's created prior to February 1, 2003, the Company is required to adopt FIN 46-R at the end of the first interim or annual reporting period ending after March 15, 2004.

(iii) For all entities, regardless of whether a SPE, that were created subsequent to January 31, 2003, the provisions of FIN 46 were applicable for variable interests in entities obtained after January 31, 2003. The Company is required to adopt FIN 46-R at the end of the first interim or annual reporting period ending after March 31, 2004.

The adoption of the provisions applicable to SPE's and all other variable interests obtained after January 31, 2003 did not have a material impact on the Company's consolidated financial statements. The Company is currently evaluating the impact of adopting FIN 46-R applicable to non-SPE's created prior to February 1, 2003, but does not expect a material impact.

## Edgar Filing: NORTH AMERICAN LIABILITY GROUP INC - Form 10QSB

Also, through its wholly-owned subsidiary North American Liability Corporation ("the Subsidiary"), the Company has an Agreement with Jarboe to serve as Consultant and Director. Under that agreement, which is for a term of two years, Jarboe is to receive base annual compensation of \$24,000 plus a bonus to be paid in cash and stock of 10% of any debt or equity capital raised. No bonus has been paid for capital raising in the quarter ended June 30, 2004. A bonus will also be paid for the procurement of business at the Group or Policy level for a fair commercial market fee to be determined at the time the business is completed with the Subsidiary. No bonus has been paid for business procurement in the quarter ended June 30, 2004. The Subsidiary was also to grant, immediately upon execution of the Consulting Agreement, 66,666 shares of common stock, subject to Rule 144. ## Edgar Filing: NORTH AMERICAN LIABILITY GROUP INC - Form 10QSB

On July 14, 2004 the Company assigned a new trading symbol to its common stock. The new symbol is OTCBB: NOAL and became effective immediately.

### (8) Going Concern Matters

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. Due to its past financial difficulties, the Company has accumulated debts, including judgments, and accrued interest of approximately \$1,100,000 relating to its former line of business and maintains these on its balance sheet as current liabilities. Interest on these balances is accruing at a rate of approximately \$13,000 per quarter as of June 30, 2004. The Company is continuing in its efforts to resolve these obligations and others through settlements. However, there is no assurance that the Company will be able to settle in terms agreeable to the Company and if it does not do so, this will have a material adverse affect on the ability of the Company to operate properly in the future. As shown in the financial statements, the Company has incurred cumulative losses of approximately \$4,600,000 during its development stage and has classified all of its debt as current at June 30, 2004. These factors among others may dictate that the Company will be unable to continue as a going concern for a reasonable period of time.

### Item 2. Management Discussion and Analysis or Plan of Operation

-----

All statements contained herein that are not historical facts, including but not limited to, statements regarding the anticipated impact of future capital requirements and future development plans are based on current expectations. These statements are forward looking in nature and involve a number of risks and uncertainties. Actual results may differ materially. Among the factors that could cause actual results to differ materially are the following: amount of revenues earned by the Company's operations; the availability of sufficient capital to finance the Company's business plan on terms satisfactory to the Company; general business and economic conditions; and other risk factors described in the Company's reports filed from time to time with the Commission. The Company wishes to caution readers not to place undue reliance on any such forward looking statements, which statements are made pursuant to the Private Securities Litigation Reform Act of 1995 and, as such, speak only as of the date made.

### Results of Operations

-----

Six Months Ended June 30, 2004 Compared with Six Months Ended June 30, 2003.

-----

We had no revenues for the six months ended June 30, 2004 and 2003. There is no assurance that we will any have revenues in fiscal 2004.

## Edgar Filing: NORTH AMERICAN LIABILITY GROUP INC - Form 10QSB

As we had no sales in this quarter, we had no cost of sales for the quarters.

Operating expenses for the six months ended June 30, 2004 were \$223,051 as opposed to no operating expenses for the six months ended June 30, 2003. The increase is due to the launch of our new business.

Other expenses for the six months ended June 30, 2004 was \$59,984 as compared to expense of \$59,703 for the six months ended June 30, 2003. This increase was due primarily to interest expense of \$114,228 offset by other income of \$54,244, which resulted primarily from a settlement with our former CEO.

The Company's net loss for the six months ended June 30, 2004 was \$283,035 as compared to \$59,703 for the six months ended June 30, 2003, an increase of approximately \$223,332 or 374%. This increase in net loss was primarily due to the increase in operating and other expenses as referenced above.

Three Months Ended June 30, 2004 compared with Three Months Ended June 30, 2003

-----  
The Company's net loss for the three months ended June 30, 2004 was \$13,794 as compared to \$30,376 for the three months ended June 30, 2003, a decrease of approximately \$16,582 or 55%. This decrease in net loss was primarily due to the decrease in interest expense as a result of the repayment of our secured loans in April, 2004.

### Liquidity and Capital Resources

-----  
On June 30, 2004, the Company had a working capital deficit of approximately \$1,200,000. Since its inception, the Company has continued to sustain losses. The Company's operations since inception have been funded by the sale of common and preferred stock, and proceeds from loans secured by the Company's common stock. These funds have been used for working capital and capital expenditures and other corporate purchases. The Company has had losses of approximately \$4,600,000 since inception. The Company is seeking financing through equity financing. There can be no assurance that the Company will be able to obtain funding at terms acceptable to the Company. These factors indicate that the Company may not be able to continue as a going concern.

### Other Events

-----  
In February 2004, we converted 35,304,000 of our Series 2001 A Preferred Stock into 1,176,800 shares of our common stock. Also in February 2004, Bradley Wilson and Regency Financial Group, Inc., agreed to tender to us and we retired 5,266,666 shares of common stock and they were collectively issued a total of 50,000,000 shares of the Company's Class B Preferred Stock.

In May 2004, in return of contributing \$160,000 to our capital, we agreed to issue Bradley Wilson 5,333 shares of our common stock. Also in May 2004, in return of contributing \$250,000 to our capital, we agreed to issue Terry Hunter 8,333 shares of our common

stock.

### Off-Balance Sheet Arrangements

-----

The Company does not maintain off-balance sheet arrangements nor does it participate in non-exchange traded contracts requiring fair value accounting treatment.

### Item 3. Controls and Procedures
