PROXY STATEMENT FOR THE ORTHOFIX INTERNATIONAL N.V. 2006 ANNUAL GENERAL MEETING OF SHAREHOLDERS

THIS PROXY STATEMENT AND THE ENCLOSED PROXY ARE BEING MAILED TO SHAREHOLDERS ON OR ABOUT MAY 5, 2006.

ABOUT VOTING

Who can vote?

All record holders of shares of Orthofix common stock at the close of business on May 2, 2006 (the "Record Date") have been sent this notice and will be entitled to vote at the Annual General Meeting. Each record holder on such date is entitled to cast one vote per share of common stock. On April 27, 2006, there were [] shares of Orthofix common stock outstanding.

Quorum, vote required

The presence, in person or by proxy, of the holders of fifty percent (50%) of the shares of Orthofix common stock outstanding on the Record Date shall be considered a quorum at the Annual General Meeting. An absolute majority of the votes cast will be required in order to approve the proposals before the Annual General Meeting, except that (i) each of the proposed amendments to the Articles of Association will require an absolute majority of the shares of common stock outstanding for approval and (ii) the directors shall be elected by a plurality of the votes cast. Abstentions and "broker non-votes" are counted as shares that are present and entitled to vote on the proposal for purposes of

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

determining the presence of a quorum, but abstentions and broker non-votes will not have any effect on the outcome of voting on the proposals, except for each of the proposed amendments to the Articles of Association, for which abstentions and "broker non-votes" will have the effect of a vote against each such proposal. A broker "non-vote" occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Proxies

This Proxy Statement is being furnished to holders of shares of Orthofix common stock in connection with the solicitation of proxies by and on behalf of the Board of Directors of Orthofix for use at the Annual General Meeting.

All shares of Orthofix common stock that are represented at the Annual General Meeting by properly executed proxies received prior to or at the Annual General Meeting and which are not validly revoked, will be voted at the Annual General meeting in accordance with the instructions indicated on such proxies. If no instructions are indicated on a properly executed proxy, such proxy will be voted in favor of each of the proposals. The Board of Directors of Orthofix does not know of any other matters that are to be presented for consideration at the Annual General Meeting.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (1) filing with Orthofix, at or before the taking of the vote at the Annual General Meeting, a written notice of revocation bearing a later date than the proxy, or (2) duly executing a subsequent proxy relating to the same shares of Orthofix common stock and delivering it to Orthofix before the Annual General Meeting. Attending the Annual General Meeting will not in and of itself constitute a revocation of a proxy. Any written notice of revocation or subsequent proxy should be sent so as to be delivered to: Orthofix International N.V., 7 Abraham de Veerstraat, Curacao, Netherlands Antilles, at or before the taking of the vote at the Annual General Meeting.

Voting is confidential

We maintain a policy of keeping all the proxies, ballots and voting tabulations confidential.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires that our insiders--our directors, executive officers, and greater-than-10% shareholders--file reports with the SEC on their initial beneficial ownership of Orthofix common stock and any subsequent changes. They must also provide us with copies of the reports.

To our knowledge, based solely on a review of the copies of such reports furnished to us and, with respect to our officers and directors, written

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

representations that no other reports were required, during the fiscal year ended December 31, 2005, all Section 16(a) filing requirements applicable to our officers, directors and greater-than-ten-percent beneficial owners were complied with except as follows: Mr. Gaines-Cooper reported on a Form 4 filed on April 29, 2005, the indirect acquisition of 270,000 shares of common stock he acquired on March 18, 2005. Mr. Mould reported on a Form 4 filed on May 9, 2005, the acquisition and disposal of 4,000 shares he acquired through an exercise of an option grant on May 3, 2005. INFORMATION ABOUT DIRECTORS

The Board of Directors

The Board of Directors oversees the business of Orthofix and monitors the performance of management. The directors keep themselves informed by discussing matters with the Chief Executive Officer, other key executives and our principal external advisers, by reading the reports and other materials that we regularly send them and by participating in Board and committee meetings.

The directors are elected at the annual general meeting of shareholders by a plurality of the votes cast, in person or by proxy by the shareholders. Because we are required by Netherlands Antilles law to hold the annual general meeting in the Netherlands Antilles, we do not have a policy regarding director attendance at the annual general meeting. Our Articles of Association provide that the Board of Directors shall consist of not less than seven and no more than fifteen directors, the exact number to be determined by the annual general meeting of shareholders.

Our Board usually meets four times per year in regularly scheduled meetings, but will meet more often if necessary. The Board met six times during 2005. All directors attended at least 75% of the Board meetings and meetings of the committees of which they were members. The Board has determined that the following directors and nominees are independent under Nasdaq Rule 4200: Messrs. Benjamin, Kester, von Wartburg, Weisshaar, Jordan and Widensöhler. A list of our current directors and background information for each of them is presented in the section "Proposal 1: Election of Directors", beginning on page 28.

The Committees of the Board

We have three standing committees: the Audit Committee, the Compensation Committee and the Nominating Committee.

The Audit Committee

Our Audit Committee is a separately-designated standing audit committee established in accordance with section 3(a) (58) (A) of the Securities Exchange Act of 1934, as amended. The Audit Committee is responsible for the appointment, compensation and oversight of our independent registered public accounting firm, approves the scope of the annual audit by the independent registered public

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

accounting firm, reviews audit findings and accounting policies, assesses the adequacy of internal controls and risk management and reviews and approves Orthofix's financial disclosures. The Committee also meets privately, outside the presence of Orthofix management, with our independent registered public accounting firm. The Audit Committee's Report for 2005 is printed below at page 11.

The Board has adopted a written charter for the Audit Committee, a copy of which was attached as an appendix to our 2003 proxy statement and is available for review on our website at www.orthofix.com.

The Committee met 10 times during 2005.

Messrs. Benjamin, Kester and Weisshaar currently serve as members of the Audit Committee. Mr. Benjamin serves as Chairman of the Committee. Under the current rules of the Nasdaq and pursuant to Rule 10A-3 of Schedule 14A under the Securities Exchange Act of 1934, as amended, all of the members of the Audit Committee are independent. Our Board of Directors has determined that Messrs. Benjamin, Kester and Weisshaar are "audit committee financial experts" in accordance with current SEC rules.

The Compensation Committee

The Compensation Committee establishes and approves all elements of compensation for the executive officers. Each year, as the SEC requires, the Compensation Committee will report to you on executive compensation. The Compensation Committee's Report on Executive Compensation for 2005 is printed below, starting at page 24.

6

The Compensation Committee administers the 2004 Long-Term Incentive Plan, the Staff Share Option Plan (including the Performance Accelerated Stock Option Program), Performance Accelerated Stock Option Inducement Grants and the Employee Stock Purchase Plan, and has sole authority for awards under these plans. The Compensation Committee is also responsible for periodically reviewing Orthofix's plans regarding succession of senior management.

The Compensation Committee met seven times during 2005.

The Compensation Committee acts under a written charter adopted by the Board of Directors, a copy of which is available for review on our website at www.orthofix.com.

Messrs. Kester, Jordan, von Wartburg and Widensohler currently serve as members of the Compensation Committee, and each satisfies the qualification standards of Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), and Section 16 of the Securities Exchange Act of 1934, as amended. All members are independent under the current rules of the Nasdaq and the Securities and Exchange Commission. Mr. Kester serves as Chairman of the Compensation Committee.

The Nominating Committee

The Nominating Committee assists the Board in identifying qualified individuals to become Board members, determining the composition of the Board of Directors and its Committees, monitoring a process to assess Board effectiveness

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

and developing its Director Compensation policy.

The Nominating Committee met two times in 2005 and will meet at least twice annually, and more frequently as circumstances dictate. Committee meetings and communications shall be either in person or by conference telephone call.

The Board has adopted a written charter for the Nominating Committee, a copy of which was attached as an appendix to our 2004 proxy statement.

Messrs. Jordan, Benjamin, Widensohler and Weisshaar currently serve as members of the Committee. Mr. Jordan serves as Chairman of the Committee. All of the members of the Nominating Committee are independent as defined by current Nasdaq rules.

Code of Ethics

We have adopted a code of ethics to comply with SEC and Nasdaq rules. Our code of ethics applies to our directors, officers and employees worldwide, including our Chief Executive Officer and Chief Financial Officer. A copy of our Code of Ethics was filed as an exhibit to our 2003 annual report on Form 10-K and is available on our website at www.orthofix.com.

Shareholder Communication with the Board of Directors

To facilitate the ability of shareholders to communicate with our Board of Directors, we have established an electronic mailing address and a physical mailing address to which communications may be sent: boardofdirectors@orthofix.com, or The Board of Directors, c/o Mr. James F. Gero, Chairman of the Board of Directors, Orthofix International N.V., 10115 Kincey Avenue, Suite 250, Huntersville, NC 28078.

Mr. Gero reviews all correspondence addressed to the Board of Directors and regularly presents to the Board a summary of all such correspondence and forwards to the Board or individual directors, as the case may be, copies of all correspondence that, in the opinion of Mr. Gero, deals with the functions of the Board or committees thereof or that he otherwise determines requires their attention. Examples of communications that would be logged, but not automatically forwarded, include solicitations for products and services or items of a personal nature not relevant to us or our shareholders. Directors may at any time review the log of all correspondence received by Orthofix that is addressed to members of the Board and request copies of any such correspondence.

7

Nomination of Directors

As provided in its charter, the Nominating Committee identifies and recommends to the Board nominees for election or re-election to the Board and will consider nominations submitted by shareholders. The Nominating Committee Charter was attached as an appendix to our 2004 proxy statement.

The Nominating Committee seeks to create a Board of Directors that is strong in its collective diversity of skills and experience with respect to finance, leadership, business operations, technologies and industry knowledge. The Nominating Committee reviews with the Board of Directors, on an annual basis, the current composition of the Board of Directors in light of the characteristics of independence, age, skills, experience and availability of service to our company of its members and of anticipated needs. If necessary, we will retain a third party to assist us in identifying or evaluating any potential nominees for director. When the Nominating Committee reviews a

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

potential new candidate, they look specifically at the candidate's qualifications in light of the needs of the Board of Directors at that time given the then current mix of director attributes.

Generally, in nominating director candidates, the Nominating Committee strives to nominate directors that exhibit high standards of ethics, integrity, commitment and accountability. In addition, all nominations attempt to ensure that the Board of Directors shall encompass a range of talent, skills and expertise sufficient to provide sound guidance with respect to our operations and activities.

Under our Nominating Committee guidelines, directors must inform the Chairman of the Board and the Chair of the Nominating Committee in advance of accepting an invitation to serve on another public company board. In addition, no director may sit on the Board of Directors, or beneficially own more than 1% of the outstanding equity securities, of any of our competitors in our principal lines of business. The Board of Directors has not established any term limits to an individual's membership as a director.

To recommend a nominee, a shareholder shall give notice to the Board of Directors, at our registered address c/o Mr. Guy J. Jordan, Chairman of the Nominating Committee, Orthofix International N.V., 10115 Kinsey Avenue, Suite 250, Huntersville, NC 28078. This notice should include the candidate's brief biographical description, a statement of the qualifications of the candidate, taking into account the qualification requirements set forth above and the candidate's signed consent to be named in the proxy statement and to serve as a director if elected. The notice must be given not later than 180 days before the first anniversary of the last Annual General Meeting of Shareholders. Once we receive the recommendation, we will contact the candidate and request that he or she provide us with additional information about the candidate's independence, qualifications and other information that would assist the Nominating Committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in our proxy statement, if nominated. Candidates must respond to our inquiries within the time frame provided in order to be considered for nomination by the Nominating Committee.

The Nominating Committee has not received any nominations for director from shareholders for the 2006 Annual General Meeting of Shareholders.

Certain Relationships and Related Transactions

Mr. Gaines-Cooper is the Chairman of Venner Capital S.A. (formerly LMA International S.A.) and is the settlor of a trust which owns 100% of Venner Capital S.A. Venner Capital S.A., which owns the distribution rights in Italy to the Laryngeal Mask (used to administer anesthesia) produced by The Laryngeal Mask Company Ltd., has awarded the distribution rights for the Laryngeal Mask in Italy to Orthofix S.r.l., a subsidiary of Orthofix.

Our United Kingdom distribution company, Intavent Orthofix Limited distributes Orthofix products, Laryngeal Mask products and other orthopedic products. Until March 1, 2006 we had a Distribution Agreement with Intavent Limited and a Guarantee Agreement with Venner Capital S.A. for the supply of Laryngeal Mask products in the United Kingdom, Ireland and Channel Islands for an initial period of seven years, which expires in March 2010. Effective March 1, 2006, Venner Capital S.A. has acquired all the intellectual property and assets relating to the Laryngeal Mask from Intavent Limited. Therefore, as of

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

March 1, 2006 our distribution agreement is with Venner Capital S.A. Mr. Robert Gaines-Cooper, a director of Orthofix, is a settlor of a trust, which owns a 100% interest in Venner Capital S.A.

Arrow Medical Limited (Arrow) supplies impads for use with the A-V Impulse System to Novamedix Distribution Limited and Novamedix Services Limited (collectively "Novamedix"), wholly-owned subsidiaries of Orthofix. Venner Capital S.A. owns a 30% interest in Arrow. Mr. Gaines-Cooper is the Chairman of Venner Capital S.A. and is the settlor of a trust which owns 100% of Venner Capital S.A. Inter Medical Supplies, a wholly-owned subsidiary of Orthofix, which manufactures Orthofix products, rents facilities in the Seychelles from Venner Capital S.A. under a three year lease which started in 2005. The annual rent paid to Venner Capital S.A. is approximately \$75,000.

On January 10, 2002 we entered into full-recourse loans with Charles W. Federico and Gary Henley, each with a principal amount of \$145,200. The loans were entered into to assist the executives in purchasing shares of OrthoRx Inc. common stock. Each loan has an annual interest rate of 3.97%, compounded annually and matures on the earlier of (1) January 10, 2007 and (2) the date that the executive ceases to be our employee, officer or director. The loans are secured by stock pledge agreements covering shares of OrthoRx Inc. common stock owned by Messrs. Federico and Henley. As of December 31, 2005, no payments had been made on either of the loans, and the aggregate amount outstanding under each of the loans, including accrued interest, was \$169,668. As a result of Mr. Henley ceasing to be an employee, the promissory note evidencing his loan matured on April 4, 2006.

Gregory Federico, the son of Charles W. Federico, a director and former Orthofix Group President and CEO, is the owner of OrthoPro, Inc. ("OrthoPro"), which acts as an independent third-party distributor for Breg. In 2005, Breg paid commissions to OrthoPro of \$922,004. The OrthoPro distributor relationship with Breg predates Orthofix's acquisition of Breg in December of 2003 and commissions paid to OrthoPro are at a rate that is generally accepted in the industry.

Peggy Henley, the wife of Orthofix's former Americas President Gary Henley, is the owner of Pro Ad, Inc. ("Pro Ad"), which supplies marketing and promotional materials to Orthofix Inc. and Breg. In 2005, Orthofix Inc. and Breg, combined, paid to Pro Ad, approximately \$75,000 for these items.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of Orthofix is responsible for providing independent, objective oversight of Orthofix's accounting functions, internal controls and risk management. The Audit Committee recommends the selection of the independent auditors to the Board. The Audit Committee operates under a

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

written charter adopted by the Board of Directors, which was filed as an appendix to our 2003 proxy statement and is available for review on our website at www.orthofix.com.

Management is responsible for Orthofix's internal controls and financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of Orthofix's consolidated financial statements in accordance with auditing standards of the Public Company Accounting Oversight Board and to issue a report thereon. Additionally, the independent registered public accounting firm is also responsible for auditing management's assessment and opinion on the effectiveness of Orthofix's internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes. The Committee relies without independent verification on the information provided to it and on the representations made by management and the independent registered public accounting firm.

The Audit Committee held 10 meetings during fiscal 2005. The meetings were designed, among other things, to facilitate and encourage communication among the Committee, management and Orthofix's independent registered public accounting firm, Ernst & Young LLP. The Committee reviewed management's assessment of the effectiveness of the design and operation of Orthofix's disclosure controls over financial reporting. We discussed with Ernst & Young LLP the overall scope and plans for their audit. We met with Ernst & Young LLP, with and without management present, to discuss the results of their examinations and their evaluations of Orthofix's internal controls.

The Audit Committee has reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2005 with management and Ernst & Young LLP. We also discussed with management and Ernst & Young LLP management's report and the independent registered public accounting firm's report and attestation on Orthofix's internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act. We also discussed with Ernst & Young LLP matters required to be discussed with audit committees, including, among other things, matters related to the conduct of the audit of Orthofix's consolidated financial statements and the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Ernst & Young LLP also provided to us the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and we discussed with them their independence from Orthofix. When considering Ernst & Young LLP's independence, we considered whether their provision of services to Orthofix beyond those rendered in connection with their audit of Orthofix's consolidated financial statements was compatible with maintaining their independence. We also reviewed, among other things, the audit and non-audit services performed by, and the amount of fees paid for such services to, Ernst & Young LLP. The Committee has determined that Ernst & Young LLP is independent of Orthofix and its management.

Based upon the review and discussions referred to above, we recommended to the Board of Directors, and the Board of Directors has approved, that Orthofix's audited financial statements be included in Orthofix's Annual Report on Form 10-K for the fiscal year ended December 31, 2005. We also recommended the selection of Ernst & Young LLP as Orthofix's independent registered public accounting firm for 2006 and, based on that recommendation, the Board has selected Ernst & Young LLP as Orthofix's independent registered public accounting firm for 2006.

EXECUTIVE COMPENSATION

The Executive Officers

The Company's Board of Directors considers succession-planning and related transition issues to be one of its primary responsibilities. Consistent with this philosophy, in August 2004 the Board of Directors approved a two-part plan to identify and hire an appropriate successor to Charles W. Federico. First, the Company desired to ensure the short-term availability of Mr. Federico's services to the Company during a Chief Executive Officer transition period without creating the uncertainty for Mr. Federico and the Company that would normally accompany such transition. Accordingly, on April 15, 2005 the Company entered into a new two-year employment agreement with Mr. Federico that took into account transition to a new Chief Executive Officer. Second, the Company commenced a formal search for Mr. Federico's potential successor with the intent of ensuring that such person would initially serve as Chief Operating Officer of the Company during a period of time while Mr. Federico continued to act as Chief Executive Officer. The Board of Directors believed this would provide appropriate time to evaluate a potential successor, allow the candidate to obtain a command of the business and to ensure a smooth transition to a new Chief Executive Officer as both persons would be employed by the Company and work side-by-side for an appropriate amount of time.

The Company hired Alan W. Milinazzo as Chief Operating Officer of the Company effective as of September 6, 2005. After a period of approximately six months, in February 2006 the Board of Directors determined that its transition goals were met and it appointed Mr. Milinazzo President and Chief Executive Officer of the Company effective as of April 1, 2006. At the same time, Mr. Federico resigned as an employee of the Company but remains a director of the Company in order to ensure continuity. The Company has engaged Mr. Federico as a consultant to the Company, beginning in 2007 through 2010, to ensure the long-term availability of his extensive experience and knowledge of the Company and its markets. Vesting of a portion of the options under the inducement agreement will be based on price targets are achieved. The performance-based vesting provisions generally provide for accelerated vesting of inducement grants for each \$5.00 increase in the price of our common stock above \$40.00 per share. The number of shares eligible for the accelerated vesting on an annual basis is limited to 25% of the number of inducement grants with a cumulative carryover for the unvested portion of shares eligible for accelerated vesting of the prior years. Prior to the expiration of the term of the options, only one-half of the options may be exercised in any one year.

Executive Employment Agreement for Charles W. Federico

On April 15, 2005, together with our subsidiary, Orthofix Inc., we entered into a new employment agreement with Mr. Federico for him to continue to serve at that time as our President and Chief Executive Officer. The agreement was part of the Company's transition plan to secure Mr. Federico's short-term employment during the anticipated hiring of a new Chief Executive Officer. The

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

agreement was amended on December 29, 2005 in order to comply with Section 409A under the Internal Revenue Code. The agreement provided for a two-year employment term and superseded and terminated his prior employment agreement dated July 1, 2001. Pursuant to the terms of the agreement, the base salary for Mr. Federico was \$464,472.96 and he received an annual bonus of \$172,227 for 2005, which was paid in March 2006. On February 16, 2006, the Company appointed Alan W. Milinazzo to succeed Mr. Federico as President and Chief Executive Officer of the Company effective April 1, 2006 Mr. Federico resigned his employment from the Company for good reason (as such term is defined in the agreement) as of the same date. While Mr. Federico is no longer an employee, he remains a director of the Company and beginning on April 15, 2007 will provide consulting services to the Company as described below.

As a result of his termination for good reason prior to expiration of the two-year employment term, on October 1, 2006 the Company will pay Mr. Federico a lump sum severance amount of \$498,340, representing his highest monthly base salary in effect in the preceding three years multiplied by the 12.5 months remaining in the employment term. In addition, under the terms of the agreement and the Company's bonus plan, Mr. Federico will be entitled to a pro rata bonus in 2007 for his service to the Company through April 1, 2006 to the extent he would otherwise be entitled to a bonus. This bonus is not expected to exceed \$65,000 and would be paid on the date in 2007 that bonuses are paid to other senior executives of the Company. Mr. Federico and his dependents will continue to receive employee welfare benefits (or their monetary value) until April 15, 2007, which will be extended during the consulting period described below. Mr. Federico is now also fully vested in any outstanding unvested options he held as of April 1, 2006 (approximately 87,932 options) and he is entitled to exercise these options until the earlier of: (1) the date on which the options would otherwise expire (for reasons other than the termination of his employment) by their original terms or (2) the later to occur of (a) the 15th day of the third month following the options' final exercise date or (b) December 31st of the calendar year that includes the options' final exercise date. The options' final exercise date means the date the options would otherwise have expired based on the terms of the options at their original grant date and disregarding any subsequent extension thereof.

Under the agreement, Mr. Federico will provide the Company consulting services to the Company beginning on April 15, 2007 and ending on December 31, 2010. During such time the Company would pay Mr. Federico (1) \$50,000 per year so long as he remains a director of the Company and (2) \$110,000 per year during such time as he provides consulting services, but is not a director. In addition, Mr. Federico and his dependents will be entitled to group health benefits (or the financial equivalent thereof) during the consulting period. He will also be provided with secretarial support in order to assist him in the performance of his consulting duties.

The employment agreement contains non-solicitation covenants that extend until April 15, 2009, a non-competition covenant that remains in effect until April 15, 2007 and a confidentiality restrictive covenant that lasts indefinitely. Mr. Federico is required to extend such restrictive covenants in writing through the period of any post-termination consulting agreement and for one year following the end of the consulting period as a condition to his providing consulting services to the Company.

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

We entered into an employment agreement with Mr. Hein as of March 1, 2003 through our subsidiary, Orthofix Inc. Mr. Hein serves as our Chief Financial Officer. The initial term of the agreement is two years with automatic one-year renewals on the second and third anniversaries of the agreement unless either party notified the other party of its intention not to renew prior to a renewal period as set forth in the agreement. Under this agreement, the executive is entitled to base salary and bonus as determined by our Board of Directors. The agreement provides annual base salary of at least \$231,000, which may only be decreased if such decrease is a result of a general reduction (on the same percentage basis) affecting the base salaries of substantially all other executive officers (but may not be decreased below \$231,000). For 2005, the base salary of Mr. Hein was \$258,469. In addition, for 2005, Mr. Hein received an annual bonus of \$84,160.

If the executive is terminated without cause (as such term is defined in the agreement), he is entitled to receive a lump sum payment equal to: (1) the average of his base salary at the highest rate in effect in the 90-day period immediately before the termination and his base salary for the year preceding the termination and (2) the average of his annual bonuses for the two years before the year in which the termination occurs. Upon a resignation for good reason (as such term is defined in the agreement), the executive is entitled to half the amount that he would receive had he been terminated without cause. In addition, the executive and his family will be entitled to continuation of their welfare benefits for up to one year following their termination without cause or resignation for good reason. Similarly, any stock options held by the executive will remain outstanding for at least one year following a termination without cause and six months following a resignation for good reason. We are also required to provide the executive with reimbursement for outplacement services of up to \$20,000 upon a termination without cause or resignation for good reason.

If there is a change in control of the Company (as such term is defined in the agreement), (1) the agreement automatically extends for one year from the date of the change in control (unless the then current term is greater than one year), (2) all stock options and stock appreciation rights will vest automatically and (3) any forfeiture provisions included in the executives' restricted stock awards will immediately lapse. In addition, in the event that the executive is terminated without cause or resigns for good reason following a change in control, the individual is entitled to receive a lump sum payment equal to: (1) the greater of (a) the average of his annual base salary at the highest rate in effect in the 90-day period immediately before the termination and his annual base salary for the year preceding the termination and (b) the average of his annual base salary in effect immediately before the change in control and his annual base salary for the year preceding the change in control; (2) the greater of (x) the average of his annual bonuses for the two years before the year in which the termination occurs and (y) the average of his annual bonuses for the two years before the year in which the change in control occurs; and (3) the executive's annual automobile allowance. The agreement also provides that, in the event that any payments made to the executive, constitutes an "excess parachute payment" under Section 280G of the Internal Revenue Code, then the amount to be paid to the executive will be reduced so that no excess parachute payment exists.

The agreement contains a non-competition provision that lasts for one year following a termination of employment to the extent Mr. Hein has received, or will be receiving, any payments or benefits pursuant to the agreement, and confidentiality and assignment of inventions provisions that last indefinitely. We guarantee the obligations of Orthofix Inc. under the agreement.

For 2005, the base salary of Mr. Mason was \$258,469 and he received no annual bonus. Under Mr. Mason's employment agreement, he was granted an inducement stock option award to purchase 150,000 shares of common stock of the Company in accordance with the terms and conditions specified in the Performance Accelerated Stock Option Inducement Agreement, which is described below.

stock options held by Mr. Mason will remain outstanding for the lesser of one year of his securing new employment following a termination without cause and six months following a resignation for good reason (provided, however, that the inducement stock award granted to him will be governed by the terms and conditions of the applicable Performance Accelerated Stock Option Inducement Agreement). We are also required to provide Mr. Mason with reimbursement for outplacement services of up to \$20,000 upon a termination without cause or resignation for good reason.

If there is a change in control (as such term is defined in the agreement) of the Company: (1) the term of the agreement automatically extends for one year from the date of the change in control (unless the then current term is greater than one year); (2) all stock options and stock appreciation rights will vest automatically (provided, however, that the inducement stock award granted to Mr. Mason will be governed by the terms and conditions of the applicable Performance Accelerated Stock Option Inducement Agreement); and (3) any forfeiture provisions included in Mr. Mason's restricted stock awards will immediately lapse. In addition, in the event that Mr. Mason is terminated without cause or resigns for good reason following a change in control, he is entitled to receive a lump sum payment equal to: (1) the greater of (a) the average of his annual base salary at the highest rate in effect in the 90-day period immediately before the termination and his annual base salary for the year preceding the termination and (b) the average of his annual base salary in effect immediately before the change in control and his annual base salary for the year preceding the change in control; (2) the greater of (x) the average of his annual bonuses for the two years before the year in which the termination occurs and (y) the average of his annual bonuses for the two years before the year in which the change in control occurs; and (3) his annual automobile allowance. The agreement also provides that, in the event that any payments made to Mr. Mason constitute "excess parachute payments" under Section 280G of the Internal Revenue Code, then the amounts to be paid to him will be reduced so that no excess parachute payments exist.

If Mr. Mason's employment is terminated for cause (as such term is defined in the agreement) or due to death, disability or retirement, Mr. Mason will not be entitled to the foregoing benefits. If Mr. Mason's employment is terminated (for any reason by either party), then he shall relinquish his equity interest of 0.1% in Breg Mexico S. de R.I. de C.V. to the Company for no consideration.

21

The agreement contains a non-competition provision that lasts for one year following a termination of employment to the extent Mr. Mason has received, or will be receiving, any payments or benefits pursuant to the agreement, and confidentiality and assignment of inventions provisions that last indefinitely. In addition, the agreement also contains a no solicitation of clients, customers and employees provision that lasts for two years following a termination of employment for any reason.

Performance Accelerated Stock Option Inducement Agreement with Bradley Mason

On December 30, 2003, in conjunction with the acquisition of Breg, Inc., Mr. Mason was granted an inducement stock option award pursuant to a Performance Accelerated Stock Option Inducement Agreement, whereby Mr. Mason received the option to purchase 150,000 shares of common stock of the Company.

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

The exercise price was fixed at \$38.00 per share on November 20, 2003, which was the date we announced our decision to acquire Breg, Inc. The inducement grant includes both service-based and performance-based vesting provisions. Under the service-based provisions, subject to the continued employment of Mr. Mason, the inducement grant becomes 100% fully-vested on the fourth anniversary of the grant date. Vesting of a portion of the options under the inducement agreement will be accelerated if certain stock price targets are achieved. The performance-based vesting provisions generally provide for the vesting of one-fifth of the inducement grant for each \$5.00 increase in the price of our common stock above \$40.00 per share. The total number of shares eligible for the accelerated vesting on an annual basis is limited to 25% of the total number of shares under the inducement grant plus any unvested shares, if any, that would have vested if performance targets had been met in prior years. Prior to the expiration of the term of the options, only one-half of the vested options can be exercised in any one year. As of December 31, 2005, 10% of the options granted under the inducement grant had vested.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for our compensation policies and establishing and approving all elements of compensation for executive officers. The Committee has overall responsibility for evaluating and making recommendations to the Board of Directors regarding the compensation of directors, executive officers (including our Chief Executive Officer) and key employees. The Compensation Committee acts under a written charter adopted by the Board of Directors, which is available for review on our website at www.orthofix.com.

In 2005, the Compensation Committee of the Board of Directors was composed of Messrs. Kester, Jordan, Widensohler and von Wartburg, each of whom was an independent, non-employee, non-affiliated director during the period in which they were a member of the Compensation Committee. During 2005, Mr. Kester served as Chairman of the Compensation Committee. The Compensation Committee, as composed during 2005, furnished the following report on executive compensation for 2005 and made all determinations with respect to executive officer compensation for fiscal year 2005.

Overview

The Compensation Committee believes that executive compensation programs should be designed to attract, retain and motivate executive officers and key employees, while enhancing and increasing shareholder value. We accomplish this through incentive compensation plans that link executive and staff compensation to our overall Company performance, thereby aligning their interests with the interests of our shareholders.

Our compensation program for our executive officers and key employees consists of three major components: (1) annual salary; (2) performance-based incentives in the form of cash bonuses; and (3) long-term equity-based incentives. The Compensation Committee determines what portion of an executive's compensation should be in the form of salary, performance-based cash bonus and equity-based compensation. Long-term equity-based compensation for executive officers and key employees is in the form of stock options that have been granted under our Staff Share Option Plan (including the Performance Accelerated

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

Stock Option Program) and the 2004 Long Term Incentive Plan.

It is the Compensation Committee's objective to provide incentives that promote both short-and-long-term objectives of the Company. Achievement of short-term objectives is rewarded through base salary and annual performance incentives in the form of cash bonuses, while long-term equity-based incentive grants encourage executives to focus on the Company's long-term goals. These incentives are based on financial objectives that are important to the Company including revenue and earnings growth both on an absolute basis and against pre-established performance goals and the creation of shareholder value. The compensation program also accounts, to a lesser degree, for individual performance, which enables the Committee to differentiate among executives and emphasize the link between personal performance and compensation.

In 2004 the Company engaged an outside executive compensation and benefits consulting firm, to assist the Company with a review of its compensation program, philosophy and long-term incentive practices for senior management positions. The executive compensation review included Board and executive interviews combined with a market analysis of a select group of peer organizations using publicly available proxy statements as well as published survey data sized to reflect our annual revenues. The peer group was reviewed and confirmed by both executive management and the Compensation Committee. In early 2006, the Compensation Committee requested the outside firm to update its original analysis.

24

The Company's compensation philosophy is oriented to reflect a "pay-for-performance" outlook based around the following pay structure philosophy assuming that the Company meets or exceeds its performance goals:

Pay Element	Market Position	Rationale
Annual Salary	50th Percentile	"Competitive" annual salary levels.
Target Total Cash (1)	75th Percentile	Opportunity for greater than "Competitive" cash compensation if performance exceeds expectations.
Target Total Direct Compensation (2)	60th to 75th Percentile	Long-term incentive plus total cash must align with shareholder interest and reward long-term performance.

(1) Total cash compensation equals annual salary plus incentive cash bonus.

(2) Total direct compensation equals total cash plus annualized expected value of long-term incentives.

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

Annual Salary

The Compensation Committee makes annual determinations with respect to executives' salaries. In making these decisions, the Compensation Committee reviews each executive's performance, the market compensation levels for comparable positions, our performance goals and objectives and other relevant information.

Performance-Based Incentives

The Compensation Committee believes that a portion of the compensation for each executive should be in the form of annual performance-based incentives. Short-term incentives, such as the annual cash bonus programs tie executive compensation to the Company's financial performance as well as individual performance in specified areas. The Compensation Committee establishes Company-wide and business segment performance goals and targets at the beginning of each fiscal year.

The Committee does not exclusively use a fixed formula in determining incentive awards. Instead it exercises discretion in light of pre-established goals and in view of its compensation objectives to determine individual incentive award amounts.

For 2005, the Compensation Committee set sales attainment, income attainment and individual objective goals. Incentive payments were funded based upon performance levels attained against these goals as well as upon Committee judgment. Messrs. Kester, Jordan, Widensohler and von Wartburg participated in the determination of the cash bonus amounts to be paid to the executive officers for their performance and services during fiscal year 2005.

Long-Term Incentives

The goal of our equity incentive plans is to create an ownership interest in the Company in order to align the interests of executives with shareholders, to more closely tie executive compensation to Company performance, and to create long-term performance and service incentives for executives and key employees. Pursuant to our 2004 Long Term Incentive Plan, 508,500 stock options were granted in 2005 to our employees, including our executive officers and to certain of our independent directors. Employee grants under our 2004 Long Term Incentive Plan are based on the employee's performance and his or her anticipated contributions to the achievement of our goals and objectives.

25

Other Compensation

Executive management members participate in the Company's defined contribution plans and our Employee Stock Purchase Plan on the same basis as other similarly situated employees.

Compliance with Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code, limits the deductibility of compensation payments to our named executive officers in excess of \$1 million per year per person, unless certain requirements are met. To the extent that it is practicable and consistent with our executive compensation philosophy, we intend to comply with Section 162(m) of the Internal Revenue Code. Compensation paid to the named executive officers has historically not exceeded deductibility

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

limits under Section 162(m) of the Internal Revenue Code. If compliance with Section 162(m) of the Internal Revenue Code conflicts with our compensation philosophy or is determined not to be in the best interest of our stockholders, the Compensation Committee will abide by our compensation philosophy.

Chief Executive Officer Compensation

The base salary for Charles W. Federico, our Group President and Chief Executive Officer in 2005 was \$478,407 and his annual cash bonus was \$172,227. In addition, he was granted 35,000 options. The Compensation Committee determined the foregoing compensation of Mr. Federico based on the policies described above for all executive officers. In determining the incentive compensation awards for Mr. Federico, the Compensation Committee considered both our performance, as measured by specific targets and performance objectives, as well as Mr. Federico's leadership role in the achievement of these targets and objectives as outlined in the discussion above. In all such determinations, the Committee also considered transition issues related to the Board of Directors' 2005 succession planning efforts. For a description of succession planning and the employment agreement for Mr. Federico, see introduction to "Executive Compensation" and "Executive Employment Agreements - Executive Employment Agreement for Charles W. Federico" above.

PROPOSAL 2: APPROVAL OF AMENDMENT AND RESTATEMENT OF ARTICLE 16 OF THE ARTICLES OF ASSOCIATION

Our Board of Directors has approved and recommended for submission to the shareholders an amendment and restatement of Article 16 of the Orthofix International N.V. Articles of Association. A copy of Article 16 of the Articles of Association as it is proposed to be amended and restated is attached as Appendix I to this proxy statement.

The Board adopted the amendment and restatement of Article 16 to the

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

Articles of Association on April 12, 2006, subject to shareholder approval. These revisions to the Articles of Association provide that, without the prior approval of the general meeting of shareholders, the Board of Directors would have the express authority (1) to declare dividends out of the profits of the preceding fiscal year or years then available for distribution (including profits carried forward from prior years) and (2) to declare and make distributions out of retained earnings reserves or out of the contributed surplus capital reserves. In the case of both (1) and (2), such dividends and distributions may be paid or made in cash, property (including securities) or shares of common stock of the Company.

As currently in effect, Article 16 of the Articles of Association provides, among other things, that no profits may be distributed to the holders of shares of common stock unless (1) the Board first recommends to shareholders in writing the amount of such proposed distribution and the date on which it is to be paid and (2) the shareholders then approve the board's recommendation at the general meeting of shareholders. As a result, such a proposed distribution cannot be made until after the applicable general meeting of shareholders at which it is approved or any special meeting of shareholders called for that purpose. The Board believes that the proposed amendment to Article 16 of the Articles of Association will enable Orthofix to act in a more timely manner in the event that such a distribution is authorized by the Board. In addition, the Board believes that the proposed amendment will enable Orthofix to avoid the expense associated with obtaining shareholder approval for such a distribution at the general or special meeting of shareholders.

The Board believes it is in the best interests of the shareholders to provide the Board with the aforementioned express authority. The Board further believes it will be advantageous to enable the Company to act promptly with respect to dividend and distribution opportunities (including stock splits in the form of stock dividends) without the delay involved in obtaining shareholder approval.

The Board of Directors recommends that you vote "FOR" the proposal to amend Article 16 of the Articles of Association.

31

PROPOSAL 3: APPROVAL OF AMENDMENT TO SECTION 4.2 AND SECTION 4.3 OF ARTICLE 4 (AND RENUMBERING OF CURRENT SECTION 4.4) OF THE ARTICLES OF ASSOCIATION

Our Board of Directors has approved and recommended for submission to the shareholders certain technical amendments to Section 4.2 and Section 4.3 and renumbering of current Section 4.4 of Article 4 of our Articles of Association. As proposed, Section 4.2 would be amended as described below, the current Section 4.3 would be deleted in its entirety, and the current Section 4.4 would be renumbered as Section 4.3 (with no textual changes). A copy of Section 4.2 as it is proposed to be amended and restated, together with a description of the proposed deletion of Section 4.3 and the renumbering of Section 4.4, is attached as Appendix III to this proxy statement.

The Board adopted the amendments to Section 4.2 and Section 4.3 (and

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

the renumbering of Section 4.4) on April 12, 2006, subject to shareholder approval.

The amendments to Section 4.2 clarify the manner in which shares of Orthofix common stock may be issued by providing that the issuance of common stock shall be affected (1) by way of a deed signed by the Company and the acquirer of the shares or (2) as otherwise permitted by law. Currently, the Articles require such a deed to be signed by the Company and the acquirer. The Board believes that the proposed amendment to Section 4.2 will provide the Company with increased flexibility in response to any potential future changes in Netherlands Antilles corporate law which broaden or change the manner in which such a deed may be executed for companies, like Orthofix, whose common stock is publicly traded and whose shareholder base is diverse and disparate. The Board believes that it is in the best interests of the shareholders to provide for this increased flexibility in anticipation of any future Netherlands Antilles corporate law amendments of this nature.

The Board is also proposing to delete the current text in Section 4.3. Currently, Section 4.3 provides as follows:

"4.3 The Board of Directors is competent, without instruction of the General Meeting of Shareholders, to redeem Common Shares with due observance of the provisions applicable thereto of these Articles of Association and subsequently cancel them. The redemption price per Common Share so redeemed shall be calculated in accordance with generally accepted accounting principles as being the value that would be payable on such Common Shares were the Company liquidated or dissolved."

The deletion of this section is being proposed to clarify that any such repurchase by the Company of shares of its common stock would be made in accordance with other requirements set forth in the Articles, such as those set forth in Section 6.1.

Section 6.1 provides as follows:

"6.1 The Company may, with due observance of the provisions of article 114 of Book 2 Civil Code Netherlands Antilles for its own account and for valuable consideration from time to time, acquire fully paid Common Shares. The authority to make any such acquisition is vested in the Board of Directors. Any Common Shares so acquired may be cancelled by the Board of Directors."

The Board believes it is in the best interests of the shareholders to delete Section 4.3 because the Board believes that Section 6.1 provides a more appropriate and flexible standard than that currently set forth in Section 4.3, which may limit the price paid in any such repurchase of Company common stock to the liquidation value of such Company common stock. The Board believes that such a standard unduly restricts the Company's ability to engage in any such future share repurchases.

As a result, the Board is proposing that current Section 4.3 be deleted in its entirety and that current Section 4.4 be renumbered as Section 4.3.

The Board of Directors recommends that you vote "FOR" the proposal to amend Section 4.2, delete the current Section 4.3 and renumber the current Section 4.4 of Article 4 of the Articles of Association.

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A

PROPOSAL 4: APPROVAL OF FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2005

Shareholders will be asked to consider, and, if thought fit, approve the balance sheet and income statement at and for the year ended December 31, 2005.

Pursuant to Article 116 of Book 2 Civil Code of the Netherlands Antilles, the Board of Directors is required to draw up the company's balance sheet and income statement within eight months after the end of the fiscal year and to submit the same to the annual general meeting of shareholders for approval.

A copy of the company's balance sheet and income statement at and for the year ended December 31, 2005 is included in our Annual Report, a copy of which accompanies this proxy statement, and in our Annual Report on Form 10-K for the year ended December 31, 2005 filed with the SEC. The Board of Directors recommends that you vote "FOR" the proposal to approve the balance sheet and income statement at and for the year ended December 31, 2005.

Pre-Approval Policies and Procedures

Any services provided by Ernst & Young LLP that are not specifically included within the scope of the audit must be either (i) pre-approved by the entire Audit Committee in advance of any engagement or (ii) pre-approved by the Chairman of the Audit Committee pursuant to authority delegated to him by the other independent members of the Audit Committee, in which case the Audit Committee is then informed of his decision. Under the Sarbanes-Oxley Act of 2002, these pre-approval requirements are waived for non-audit services where (i) the aggregate of all such services is no more than 5% of the total amount paid to the external auditors during the fiscal year in which such services were provided, (ii) such services were not recognized at the time of the engagement to be non-audit services and (iii) such services are approved by the Audit Committee prior to the completion of the audit engagement. In 2005, all fees paid to Ernst & Young LLP for non-audit services were pre-approved.

In making its recommendation to appoint Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form PRE 14A
