PRESS RELEASE

TELECOM ITALIA: SUPPLEMENT TO THE AGENDA FOR THE SHAREHOLDERS' MEETING OF 20 MAY

Luca Marzotto replaces Flavio Cattaneo in the Nomination and Remuneration Committee

Venice, 26 March 2015

The Telecom Italia Board of Directors, met today chaired by Giuseppe Recchi.

As described last 19 March when announcing the start of the transaction, following the successful placement of the "€2,000,000,000 1.125 per cent. equity-linked bonds due 2022", the Board of Directors resolved to supplement the agenda of the Shareholders' Meeting of 20 May 2015 to include the proposed authorisation to convert the bonds and increase the share capital, by means of the issue of new-issue ordinary shares reserved to service the initiative, with the exclusion of preferential subscription rights.

The amended notice convening the Shareholders' Meeting will be published over the next few days.

The Board of Directors also acknowledged the "general, irrevocable and binding" commitment made by Telefonica SA to waive - as per the instructions given by Anatel - exercise of all administrative rights ("direitos politicos") concerning the Company's ordinary shares that Telefonica will (indirectly) end up holding upon completion of the breakup of Telco S.p.A., relative majority shareholder of Telecom Italia. This commitment had already been announced on national press in accordance with the regulations governing shareholder agreements; it is also available on the website www.telecomitalia.com.

Finally, the Board of Directors acquired the resignation from office of the member of the Nomination and Remuneration Committee, Director Flavio Cattaneo (independent). Director Flavio Cattaneo declared that various important, additional commitments he had made in other companies no longer allowed him to devote the time and energy necessary to this additional role. Director Luca Marzotto (independent) was called to join the Nomination and Remuneration Committee in his place.

Cautionary Statement for Purposes of the "Safe Harbor" Provisions of the United States Private Securities Litigation Reform Act of 1995.

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements. The Group's interim report as of and for the twelve months ended December 31, 2014 included in this Form 6-K contains certain forward-looking statements. Forward-looking statements are statements that are not historical facts and can be identified by the use of forward-looking terminology such as "believes," "may," "is expected to," "will," "will continue," "should," "seeks" or "anticipates" or similar expressions or the negative thereof or other comparable terminology, or by the forward- looking nature of discussions of strategy, plans or intentions.

Actual results may differ materially from those projected or implied in the forward-looking statements. Such forward-looking information is based on certain key assumptions which we believe to be reasonable but forward-looking information by its nature involves risks and uncertainties, which are outside our control, that could significantly affect expected results.

The following important factors could cause our actual results to differ materially from those projected or implied in any forward-looking statements:

1. our ability to successfully implement our strategy over the 2015-2017 period;
2. the continuing effects of the global economic crisis in the principal markets in which we operate, including, in particular, our core Italian market;
3. the impact of regulatory decisions and changes in the regulatory environment in Italy and other countries in which we operate;
4. the impact of political developments in Italy and other countries in which we operate;
5. our ability to successfully meet competition on both price and innovation capabilities of new products and services;
6. our ability to develop and introduce new technologies which are attractive in our principal markets, to manage innovation, to supply value added services and to increase the use of our fixed and mobile networks;

7. our ability to successfully implement our internet and broadband strategy;
8. our ability to successfully achieve our debt reduction and other targets;
9. the impact of fluctuations in currency exchange and interest rates and the performance of the equity markets in general;
10. the outcome of litigation, disputes and investigations in which we are involved or may become involved;
11. our ability to build up our business in adjacent markets and in international markets (particularly in Brazil), due to our specialist and technical resources;
12. our ability to achieve the expected return on the investments and capital expenditures we have made and continue to make in Brazil;
13. the amount and timing of any future impairment charges for our authorizations, goodwill or other assets;
14. our ability to manage and reduce costs;
15. any difficulties which we may encounter in our supply and procurement processes, including as a result of the insolvency or financial weaknesses of our suppliers; and
16. the costs we may incur due to unexpected events, in particular where our insurance is not sufficient to cover such costs.

The foregoing factors should not be construed as exhaustive. Due to such uncertainties and risks, readers are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date hereof. We undertake no obligation to release publicly the result of any revisions to these forward-looking statements which may be made to reflect events or circumstances after the date hereof, including, without limitation, changes in our business or

acquisition strategy or planned capital expenditures, or to reflect the occurrence of unanticipated events.
