**HENRY BROS. ELECTRONICS, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**

**1. Basis of Presentation**

Henry Bros. Electronics, Inc., the ( Company ) (formally Diversified Security Solutions, Inc.) and its subsidiaries, are systems integrators providing design, installation and support services for a wide variety of security, communications and control systems. The Company specializes in turnkey systems that integrate many different technologies. Systems are customized to meet the specific needs of its customers. For the nine-months ended September 30, 2006, the Company marketed nationwide with an emphasis in the New York, Dallas, Phoenix, Denver and Southern California, metropolitan areas. Customers are primarily medium and large businesses and governmental agencies. The Company derives a majority of its sales from project installations and to a smaller extent, maintenance service revenue. In October of 2005, the Company acquired Securus, Inc. ( Securus ). Securus is a security integrator with offices in Denver and Colorado Springs. The table below shows the sales percentages by geographic location for the nine months ended September 30, 2006 and 2005:

	<b>Ended September</b>	
	<b>2006</b>	<b>2005</b>
	<b>30,</b>	
	<u>2006</u>	<u>2005</u>
New Jersey/New York	44.1%	53.9%
California	29.8%	23.7%
Texas	3.6%	8.0%
Arizona	7.7%	5.6%
Colorado	12.3%	
	<u>          </u>	<u>          </u>
Integration segment	97.5%	91.2%
Specialty segment	5.9%	9.2%
Inter-segment	-3.4%	-0.4%
	<u>          </u>	<u>          </u>
Total Revenue	100.0%	100.0%
	<u>          </u>	<u>          </u>

In October 2006, the Company moved its corporate headquarters and existing New Jersey office and warehouse facilities into a single location in Fair Lawn, New Jersey. In addition to New Jersey, other sales and service facilities are located near the Dallas Fort Worth Airport, Phoenix Arizona Airport, Denver and Colorado Springs, Colorado, Fullerton, California and New York City.

In October of 2006, the Company acquired (1) CIS Security Systems Corp., a privately-held security systems integrator with offices in Baltimore, Maryland and Newington, Virginia, and (2) certain assets of Southwest Securityscan, Inc. (SSI), a privately-held company headquartered in Duncanville, Texas. (See Note 6 below).

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America for interim financial information. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles in the United States for full year financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included and are of a normal, recurring nature. Operating results for the three-and-nine month period

**HENRY BROS. ELECTRONICS, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**

ended September 30, 2006, are not necessarily indicative of the results that may be expected for the full year. These consolidated financial statements should be read in conjunction with the consolidated financial statements and the notes thereto that are included in the Company's Annual Report on Form 10-KSB for the fiscal period ended December 31, 2005.

The presentation of certain prior year information has been reclassified to conform with the current year financial statement presentation.

**2. Net Income Per Share**

The computation of basic earnings per share is based upon the weighted average number of shares of common stock outstanding during the period. The computation of diluted earnings per share includes the dilutive effects of common stock equivalents of options and warrants, less the shares that may be repurchased with the funds received from their exercise and the effect of adding back unrecognized future stock compensation expense. Potentially dilutive securities are not included in earnings per share for the three and nine months ended September 30, 2006, as their inclusion would be anti-dilutive.

**3. Stock Based Compensation**

In December 2002, the FASB issued SFAS No. 148 *Accounting for Stock Based Compensation-Transition and Disclosure*. SFAS No. 148 provides alternative methods of transitions to SFAS No. 123's fair value method of accounting for stock based employee compensation, but does not require companies to use fair value method. It also amends the disclosure provisions of SFAS No. 123 and APB No. 25 to require, in the summary of significant policies, the effect of an entity's accounting policy with respect to stock based employee compensation on reported net income and earnings per share in annual and interim financial statements. The provision of this statement is effective for fiscal years ending after December 15, 2002, and interim reporting periods beginning after December 15, 2002. Accordingly, the fair value of all options granted on and after January 1, 2003 is to be charged against income over the vesting period. For the three months ended September 30, 2006 and 2005 the Company charged \$77,835 and \$49,782, respectively, and for the nine months ended September 30, 2006 and 2005 the Company charged \$207,704 and \$135,450, respectively to operations for those options granted subsequent to January 1, 2003. Those issued prior to adoption are accounted for under the intrinsic value method in accordance with APB No. 25. The Company adopted the perspective method as permitted by SFAS No. 148 on January 1, 2003.

**HENRY BROS. ELECTRONICS, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**

**4. Segment Data**

<b>Total Assets</b>	
Total Integration	\$ 16,166,798
Specialty Products and Services	4,685,125
Corporate	2,861,147
<b>Total Assets</b>	<b>\$ 23,713,070</b>

**5. Contingent Liabilities**

From time to time, the Company is subject to various claims with respect to matters arising out of the normal course of business. In management's opinion, none of these claims is likely to have a material affect on the Company's financial statements.

**6. Subsequent Events**

On October 2, 2006, the Company consummated the acquisition of all the capital stock of CIS Security Systems Corp. ( "CIS" ), a privately-held security systems integrator with offices in Baltimore, Maryland and Newington, Virginia, for an aggregate purchase price of \$1,555,564 (\$850,000 in cash to the selling shareholder, the assumption and subsequent repayment of CIS debt in the amount of \$603,364, the issuance of 20,000 shares of the Company's \$0.01 par value common stock valued at \$67,200 and approximately \$35,000 in transaction costs). In addition, the selling

**HENRY BROS. ELECTRONICS, INC. AND SUBSIDIARIES  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**

shareholder may earn an additional amount up to \$250,000 in cash and 80,000 additional shares of the Company's common stock if CIS achieves certain performance targets through December, 2011.

Established in 1987, CIS provides design, engineering and installation services for integrated electronic security systems for both commercial and government clients in the Washington-Baltimore metropolitan area. CIS also provides design-build services for large-scale security systems for malls, shopping centers and stadiums throughout the country.

On October 2, 2006, the Company acquired certain assets of Southwest Securityscan, Inc. (SSI), a privately-held company headquartered in Duncanville, Texas. In exchange for certain inventory, furniture, equipment, vehicles, customer lists, customer monitoring contracts and relationships, the Company paid outstanding SSI indebtedness of \$88,014 on behalf of SSI and \$6,773 in cash to SSI.

Established in 1974, SSI provides installation, service and monitoring of access, surveillance and alarm systems.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

**OVERVIEW**

We are an established leader in the electronic physical security industry, specializing in integrated security systems and emergency preparedness.

**OUR VISION AND STRATEGY**

Our vision is to maintain our leadership position in security technology. We intend to do this in part by:

Providing advice on product selection and system design;

Examining and thoroughly testing each security product as it would be set up for use in our customers' facilities; and,

Using only systems and components that are reliable and efficient to use.

In addition to growing the business organically, we have been actively pursuing the strategic acquisition of synergistic integrators and specialty products and service companies to further fuel steady growth. Consistent with our expansion strategy, we acquired seven companies since August of 2002, which include the two acquisitions made in October 2006 (See Note 6 to the Condensed Consolidated Financial Statements).

To finance our acquisitions, we have used a combination of cash, company common stock and bank debt. We currently have a \$5 million credit facility with TD Bank North, which includes a \$1 million term loan of which \$531,122 was outstanding at September 30, 2006 and a \$4 million revolving credit

## Edgar Filing: Henry Bros. Electronics, Inc. - Form 10-Q

facility. Borrowings under the revolving credit facility were \$250,000 at September 30, 2006. It is our expectation and intent to use cash and to incur additional debt as appropriate to finance future acquisitions. Additionally, to fund future acquisitions we would consider the issuance of subordinated debt, or the sale of equity securities, or the sale of existing Company assets.

### TRENDS

We anticipate our overall average operating margins for our business to approximate 3% for 2006, as compared to operating margins of 5.0% and 1.3% for years 2005 and 2004, respectively.

There are several factors impacting operating margins, including levels of competition for a particular project and the size of the project. As a significant amount of our costs are relatively fixed, such as labor costs, increases or decreases in revenues can have a significant impact on operating margins. The Company continually monitors costs and pursues various cost control measures and sales initiatives to improve operating margins.

During the fourth quarter 2006, the Company will begin incurring costs related to the implementation of Sarbanes Oxley, and will also incur additional costs associated with the move to a larger facility in New Jersey.

### Three Months Ended September 30, 2006 compared to September 30, 2005

**Revenue** - Revenue for the three months ended September 30, 2006 was \$8,291,655 representing a decrease of \$3,007,141 or 26.6% as compared to \$11,298,796 for the three months ended September 30, 2005. This decrease in revenue can be primarily attributed to lower sales in our New Jersey, Viscom and Texas Divisions. The decline in New Jersey resulted from the wind down of two large projects in the New York metro area. Lower revenue from our Viscom group was attributable to a large project with the Santa Clara VTA in the third quarter of 2005 that had not been replaced in the current 2006 fiscal third quarter. In response to the decline in revenues in our Texas Division there have been changes in management to more effectively take advantage of the opportunities that exist in this market. This overall decline in revenues was partially offset by revenue from Securus (Colorado operations) acquired in October 2005 and higher revenue from our Arizona Division.

Booked orders increased 32.5% to \$12,091,924 in the third quarter of 2006 as compared to \$9,125,096 in the third quarter of 2005. The Company's backlog as of September 30, 2006 was \$15,951,101.

**Cost of Revenue** - Cost of revenue for the three months ended September 30, 2006 was \$6,146,932 as compared to \$8,427,197 for the three months ended September 30, 2005. The gross profit margin for the three months ended September 30, 2006 was 25.9% as compared to 25.4% for the three months ended September 30, 2005. Higher gross profit dollars and margins in our New Jersey and Arizona Divisions for the three months ended September 30, 2006 offset the decline in gross profit at our Viscom and Airorlite Divisions. The decline in Viscom is a direct result of wind down of the Santa Clara VTA project discussed in the Revenue section above. The decline in Airorlite resulted from

## Edgar Filing: Henry Bros. Electronics, Inc. - Form 10-Q

the investment that was made by this division in the quarter to support a project for a large legacy customer. This investment, to develop a customized solution to meet a customer need with wider commercial application potential, is expected to lead to a major municipal communications contract expected to be completed in the fourth quarter. Lower margins from the California Division due to cost overruns on a project, and the poor performance from the Texas Division, contributed to the decline in gross profit margin.

**Selling, General and Administrative Expenses** - Selling, general and administrative expense was \$2,573,750 for the three months ended September 30, 2006 as compared to \$2,296,143 for the three months ended September 30, 2005. This increase of 12.1% or \$277,607 was primarily attributable to increased costs associated with the Securus acquisition in our 2005 fourth quarter.

**Interest Income** Interest income for the three months ended September 30, 2006 was \$7,319 as compared to \$1,486 for the three months ended September 30, 2005. The increase is directly related to higher cash balances available to invest during the third quarter of 2006 versus the same 2005 period.

**Interest Expense** - Interest expense for the three months ended September 30, 2006 was \$19,279 as compared to \$19,177 for the three months ended September 30, 2005. While the average outstanding debt balance of \$992,144 was lower in the three month period ended September 30, 2006 versus an average outstanding balance of \$1,123,950 for the three months ended September 30, 2005, a higher overall effective interest rate in the 2006 period resulted in a slightly higher interest expense.

**Tax Expense** - Due to the loss before tax for the three months ended September 30, 2006, the company received a net tax benefit for that period. The tax benefit, however, was largely offset by state income taxes for those jurisdictions that were profitable during the period.

**Net Income** - As a result of the above noted factors our net loss was \$379,815 for the three months ended September 30, 2006 and our net income was \$287,822 for the three months ended September 30, 2005. This resulted in diluted loss per share of \$0.07 on weighted average common shares outstanding of 5,746,065 for the three months ended September 30, 2006, as compared to diluted earnings per share of \$0.05 on weighted average common shares outstanding of 5,739,398 for the three month period ended September 30, 2005.

### **Nine Months Ended September 30, 2006 compared to September 30, 2005**

**Revenue** - Revenue for the nine months ended September 30, 2006 were \$27,476,851 representing a decrease of \$2,633,845 or 8.7% as compared to \$30,110,696 for the nine months ended September 30, 2005. This decrease in revenue can be primarily attributable to declines in revenues in the New Jersey, Viscom and Texas Divisions for the reasons noted in the three months discussion above. These declines were partially offset by revenues from Securus (Colorado operations) acquired in October 2005 and higher revenues from the California Division.

Booked orders increased 12.4% to \$27,425,891 in the nine months ended September 30, 2006 as compared to \$24,406,990 in the corresponding period of 2005.

## Edgar Filing: Henry Bros. Electronics, Inc. - Form 10-Q

**Cost of Revenue** - Cost of revenue for the nine months ended September 30, 2006 was \$19,772,387 as compared to \$22,161,167 for the nine months ended September 30, 2005. The gross profit margin for the nine months ended September 30, 2006 was 28.0% as compared to 26.4% for the nine months ended September 30, 2005. The increase in gross profit percentage is due in part to lower material costs as a percent of revenues as two large New Jersey projects were substantially completed. This was largely offset by declines in our Texas, Viscom and Airorlite Divisions for the reasons noted in the three months discussion above.

**Selling, General and Administrative Expenses** - Selling, general and administrative expense was \$7,640,362 for the nine months ended September 30, 2006 as compared to \$6,650,688 for the nine months ended September 30, 2005. This increase of 14.9% or \$989,674 was primarily attributed to increased costs associated with the Securus acquisition in our 2005 fourth quarter.

**Interest Income** Interest income for the nine months ended September 30, 2006 was \$13,733 as compared to \$10,892 for the nine months ended September 30, 2005. The increase is directly related to lower cash balances available to invest during the first half of 2006 versus the same period in 2005.

**Interest Expense** - Interest expense for the nine months ended September 30, 2006 was \$54,897 as compared to \$59,854 for the nine months ended September 30, 2005. While the average outstanding debt balance of \$988,191 was considerably lower in the nine month period ended September 30, 2006 versus an average outstanding balance of \$1,347,307 for the nine months ended September 30, 2005, a higher overall effective interest rate in the 2006 period significantly offset the impact of the lower debt balances in that same period.

**Tax Expense** Although the Company had a slight profit before tax for the nine months ended September 30, 2006, there was an overall tax liability of \$147,065 largely driven by state income taxes for those jurisdictions that were profitable during the period.

**Net Income** - As a result of the above noted factors our net loss was \$124,127 for the nine months ended September 30, 2006 and our net income was \$656,081 for the nine months ended September 30, 2005. This resulted in diluted loss per share of \$0.02 on weighted average common shares outstanding of 5,746,065 for the nine months ended September 30, 2006, as compared to diluted earnings per share of \$0.11 on weighted average common shares outstanding of 5,739,398 for the nine month period ended September 30, 2005.

**Liquidity and Capital Resources** - As of September 30, 2006, we had cash and cash equivalents of \$867,045. Our net current assets were \$9,934,202 at September 30, 2006 versus \$10,436,133 at December 31, 2005. Total debt at September 30, 2006 was \$1,112,842 compared to the December 31, 2005 balance of \$1,024,627.

Cash from operating activities used \$715,081 during the nine months ended September 30, 2006. The most significant use of cash resulted from a net pay down in accounts payable of \$1,663,791 and an increase in retainage receivable of \$607,880. This was partially offset by a decrease in accounts receivable of \$948,177.

Cash from investing activities used \$592,247. The most significant capital expenditures resulted from capital improvements resulting from the consolidation of our Saddle Brook, New Jersey office and warehouse facilities into a single facility located in Fair Lawn, New Jersey, as well as improvements

## Edgar Filing: Henry Bros. Electronics, Inc. - Form 10-Q

to our information technology infrastructure and increases in vehicle purchases for our service technicians.

Cash from financing activities used \$3,313 representing repayments of bank loans and capitalized lease payments, mostly offset by \$250,000 of borrowing against the revolving credit facility.

Borrowings under the revolving credit facility at October 31, 2006 were \$2,479,857. These additional borrowings since September 30, 2006 were used for the: (1) funding of the CIS and SSI acquisitions (see Note 6 to the Condensed Consolidated Financial Statements); (2) costs associated with the consolidation of our New Jersey office and warehouse facilities into a new larger location; and (3) improvements to our information technology infrastructure.

### **Critical Accounting Policies**

Disclosure of the Company's significant accounting policies is included in Note 1 to the consolidated financial statements of the Company's Annual Report on Form 10-KSB for year ended December 31, 2005. Some of these policies require management to make estimates and assumptions that may affect the reported amounts in the Company's financial statements.

### **Forward Looking Statements**

When used in this discussion, the words "believes", "anticipates", "contemplated", "expects", or similar expressions are intended to identify forward looking statements. Such statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those projected. Those risks and uncertainties include changes in interest rates, the ability to control costs and expenses, significant variations in recognized revenue due to customer caused delays in installations, cancellations of contracts by our customers, and general economic conditions which could cause actual results to differ materially from historical earnings and those presently anticipated or projected. The Company undertakes no obligation to publicly release the results of any revisions to those forward looking statements that may be made to reflect events or circumstances after this date or to reflect the occurrence of unanticipated events.

### **Item 3. Quantitative and Qualitative Disclosures about Market Risk**

We have one revolving credit facility for which the interest rate on outstanding borrowings is variable. At December 31, 2005 there were no amounts outstanding under this revolving credit facility and at September 30, 2006 there was \$250,000 outstanding under this credit facility.

**Item 4. Controls and Procedures**

**(a) Evaluation of Disclosure Controls and Procedures**

Pursuant to Rule 13a-15 under the Securities and Exchange Act of 1934 as amended, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer, Chief Operating Officer and Chief Financial Officer, of the design and operation of the Company's disclosure controls and procedures as defined under Rule 13a-15(e) under the Securities Exchange Act of 1934 as of the end of the period covered by this report. Based upon that evaluation, the Company's Chief Executive Officer, Chief Operating Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures.

- (i) are effective in timely alerting them to material information relating to the Company (including its consolidated subsidiaries) required to be included in the Company's periodic SEC filings;
- (ii) are designed to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Securities and Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms; and
- (iii) include controls and procedures designed to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Security Exchange Act is accumulated and communicated to the Company's management, including its principal executive and principal financial officers or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

**(b) Change in Internal Controls over Financial Reporting**

As required by Rule 13a-15(d), the company's executive management including the Chief Executive Officer, the Chief Operating Officer and the Chief Financial Officer, also conducted an evaluation of the Company's internal control over financial reporting to determine whether any change occurred during the Company's last fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting. Based on that evaluation, there have been no changes in the Company's internal control over financial reporting during the fiscal quarter covered by this report that have materially affected, or are reasonably likely to materially affect our internal controls over financial reporting.

**Part II - Other Information**

**Item 1. Legal Proceedings**

Not applicable

**Item 1A. Risk Factors**

As of the quarter ended September 30, 2006 there were no material changes to the risk factors discussed in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2005.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

Not applicable

**Item 3. Defaults Upon Senior Securities**

Not applicable

**Item 4. Submission of Matters to a Vote of Security Holders**

Not applicable

**Item 5. Other Information**

Not applicable

**Item 6. Exhibits**
