PROXY STATEMENT

INTERNATIONAL SPECIALTY PRODUCTS INC.

WILMINGTON, DELAWARE 19801

ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is furnished to stockholders of International Specialty Products Inc. ("ISP" or the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Stockholders to be held at 10:00 a.m., local time, on Tuesday,

Edgar Filing: INTERNATIONAL SPECIALTY PRODUCTS INC /NEW/ - Form DEF 14A

May 15, 2001, at the offices of Weil, Gotshal & Manges LLP, 767 Fifth Avenue, 25th Floor, New York, New York, and at any adjournments or postponements thereof. This proxy statement and the proxies solicited hereby are being first sent or delivered to stockholders on or about April 20, 2001.

The Board of Directors has set the close of business on March 30, 2001 (the "Record Date") as the record date for the determination of stockholders entitled to notice of, and to vote at, the meeting. As of the close of business on the Record Date, there were outstanding 66,281,174 shares of the Company's common stock, \$.01 par value ("Common Stock"). Holders of record of shares of Common Stock are entitled to one vote for each share held by them as of the Record Date on any matter that may properly come before the meeting.

Shares represented by a valid unrevoked proxy will be voted at the meeting, or any adjournment or postponement thereof, as specified therein by the person giving the proxy. If no specification is made, the shares represented by such proxy will be voted (1) FOR the election of the Board of Directors' nominees as directors; (2) FOR the adoption of the International Specialty Products Inc. 2000 Stock Option Plan for Non-Employee Directors (the "2000 Directors Plan"); (3) FOR the approval of an amendment to the International Specialty Products 2000 Long Term Incentive Plan (the "2000 LTI Plan"); and (4) in the discretion of the persons named as proxies on the enclosed proxy card on such other matters as may properly come before the meeting. Any person giving a proxy may revoke it at any time before its exercise by executing a later dated proxy, by delivery to and receipt by the Company's Secretary of written notice of such revocation, or by attending the meeting and voting in person.

Stockholders of record holding a majority of the issued and outstanding shares of Common Stock entitled to vote at the meeting, present in person or represented by proxy, constitute a quorum for the transaction of business at the meeting. Proxies submitted with votes withheld for the election of directors, abstentions and broker non-votes are included in determining whether or not a quorum is present.

The election of directors of the Company requires the affirmative vote of a plurality of the votes properly cast at the meeting. The vote required for the adoption of the 2000 Directors Plan and the approval of the amendment to the 2000 LTI Plan is the affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote at the meeting. Any shares not voted (by abstention, broker non-vote or otherwise) will not be counted as votes cast. Abstentions are treated as votes against a proposal. Broker non-votes on proposals are treated as shares as to which the beneficial holders have withheld voting power and, therefore, are not considered as shares entitled to vote on any proposal to which they relate.

Samuel J. Heyman, Chairman of the Board of ISP, beneficially owns (as defined in Rule 13d-3 of the Securities Exchange Act of 1934) and has the power to vote approximately 79% of the issued and outstanding Common Stock. See "Security Ownership of Certain Beneficial Owners and Management." Mr. Heyman has indicated to ISP that he intends to vote, or direct the vote of, such shares FOR the election of the Board of Directors' nominees as directors, FOR adoption of the 2000 Directors Plan and FOR approval of the

6

amendment to the 2000 LTI Plan. Accordingly, election of the Board of Directors' nominees as directors, the adoption of the 2000 Directors Plan and the approval of the amendment to the 2000 LTI Plan are assured.

On July 15, 1998, International Specialty Products Inc. ("Old ISP") merged with and into the Company (then known as ISP Holdings Inc. ("ISP Holdings")). In connection with the merger, ISP Holdings changed its name to International Specialty Products Inc. As used in this proxy statement, "ISP" or the "Company"

Edgar Filing: INTERNATIONAL SPECIALTY PRODUCTS INC /NEW/ - Form DEF 14A

refers to both Old ISP prior to the merger and the Company subsequent to the merger, unless the context otherwise requires.

COMPENSATION OF EXECUTIVE OFFICERS OF THE COMPANY

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of the Board of Directors establishes the compensation policies of the Company, evaluates and determines the specific compensation levels for the Company's executive officers and other employees and administers the Company's compensation plans. The Compensation Committee is composed of two independent, non-employee directors who have no interlocking relationships as defined by the rules promulgated by the Securities and Exchange Commission.

Philosophy

The objectives of the Company's executive compensation program are to support the Company's strategic goals, to provide compensation that will attract, retain and motivate highly-qualified executives and to align

executives' long-term interests with those of the Company's stockholders. The Compensation Committee's philosophy is to compensate the Company's executive officers based primarily on their performance and level of responsibility. Generally, the Company seeks to maintain a competitive position in the executive marketplace with companies identified by the Company, using external surveys, as being of similar size and engaged in similar businesses, by establishing total compensation levels for executive officers competitive with the median total compensation earned by executives with comparable responsibilities in such comparison group. These companies are not necessarily the same as those comprising the peer group index in the performance graph included elsewhere in this proxy statement.

Executive Compensation

The principal components of the Company's executive compensation program are base salary, annual incentive compensation and long-term incentive compensation.

Executive salary levels generally are adjusted annually based on an evaluation of each executive's performance (such as individual managerial accomplishments and current responsibilities of such executive officer) and the Company's budgetary considerations.

Annual incentive compensation for executive officers generally is awarded under the Company's Executive Incentive Compensation Program ("EIC") and is based on both corporate and individual performance. In any year, the aggregate EIC pool, if any, for all awards is based principally on the Company's operating income as a percentage of the Company's budgeted operating income established at the beginning of such year. The EIC pool for any year may vary in size depending upon unusual factors affecting the Company's operating results. Individual award targets for each participant in the EIC (including executive officers) are computed as a percentage of base salary based on such participant's grade level. Individual EIC awards may vary from the applicable percentage based on corporate performance as described above or an executive officer's individual performance as described below.

Specific performance-related targets and objectives for an executive officer are established at the beginning of each year. These individual goals relate to specific business, departmental or managerial objectives that support the Company's overall business plan and other specific corporate goals and strategic objectives established for the year. After considering the evaluations and recommendations of the executive officer's supervisor and a senior management committee comprised of the Company's Chairman, President

6

11

and Chief Executive Officer and Senior Vice President, Human Resources, the Compensation Committee determines an executive officer's individual EIC award based on the Company's financial performance, such officer's achievement of these pre-established targets and goals and such officer's contribution to the Company's overall performance. It also exercises discretion in view of the Company's compensation objectives and policies described above to determine total annual compensation. Based upon the foregoing criteria, the Compensation Committee determined that an aggregate of \$1,442,000 in EIC cash awards should be paid to the Company's executive officers for the year ended December 31, 2000.

In addition to the EIC awards, from time to time, the Compensation Committee may award Company employees (including executive officers) annual incentive cash compensation for extraordinary individual performance and contribution to the Company. The Compensation Committee made no special awards

to executive officers for the year ended December 31, 2000.

The Compensation Committee believes that long-term incentive compensation promotes superior future performance by executives by giving executives a significant long-term interest in the Company's success, aligning executives' interests with those of the Company's stockholders and aiding the Company's retention efforts. In light of the anticipated expiration of the Company's former incentive plan in June 2000 in accordance with that plan's terms, the Compensation Committee in early 2000 reviewed the Company's executive compensation policy and determined to adopt, subject to stockholder approval, the International Specialty Products 2000 Long Term Incentive Plan (the "2000 LTI Plan"), a long-term incentive plan based on the Company's book value rather than market value. The Compensation Committee believes that an incentive plan based on book value better reflects and measures the value of the Company and the contributions of the Company's employees. The 2000 LTI Plan also provides a meaningful incentive to employees and greater flexibility to the Company in attracting and retaining highly qualified executives. The 2000 LTI Plan was approved by the Company's stockholders at the Company's 2000 Annual Meeting of Stockholders.

The 2000 LTI Plan is an important component of the Company's performance-based compensation philosophy and provides a vehicle by which executive officers can be motivated to increase the Company's profitability. The Compensation Committee generally grants units to executive officers under the 2000 LTI Plan on a regular, periodic basis based upon the executive's individual performance, respective grade level and the Company's book value at the time of grant. The Compensation Committee also has granted from time to time units to executives based on individual merit, taking into account, among other things, an evaluation of the executive's past or potential contribution to the Company or its subsidiaries and recommendations by the Company's management, including the Chairman. In October and December 2000, the Compensation Committee adopted amendments to the 2000 LTI Plan, subject to stockholder approval of the latter amendment, to allow the Compensation Committee to grant units with an Initial Value (as defined in the 2000 LTI Plan) that is less than the value that such units would otherwise have as normally determined under the 2000 LTI Plan and to give to the Compensation Committee discretion to determine the vesting schedule of any unit grant. See "Proposal 3 -- Amendment to the International Specialty Products 2000 Long Term Incentive Plan." During 2000, 1,022,674 units were granted to the Company's executive officers, including 187,450 units granted, subject to stockholder approval, with Initial Values that were less than the Initial Values such units would otherwise have as normally determined under the 2000 LTI Plan.

The Compensation Committee also believes that equity ownership by management encourages management to enhance stockholder value. In addition to the awards of long-term incentive units under the 2000 LTI Plan, certain officers, including a named executive officer, were granted shares of restricted common stock in recognition of their past or potential contributions to the Company. In order to enhance retention and to strengthen the link between the officers' long-term interests with those of the Company's stockholders, the restricted shares granted to these officers were made subject to vesting restrictions that generally lapse over a period of up to five years so long as the recipient is an employee at the time. Stock bonus awards also were made in February 2000 to two executive officers for retention purposes.

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation paid by public companies to certain executive officers. Under Section 162(m), a company generally may deduct compensation paid to such an officer only to the extent it does not exceed \$1 million during any calendar

year or is "performance-based" as defined in Section 162(m) and approved by stockholders. While the Compensation Committee generally intends to qualify certain compensation paid to executive officers for deductibility under the Internal Revenue Code, including Section 162(m), it may from time to time authorize the payment of compensation to the Company's executive officers that is not fully deductible if it determines, after weighing many factors, including the deductibility of such compensation, that such compensation is appropriate and in the best interests of the Company. The Company expects that the deductibility limit of Section 162(m) currently will have an insignificant effect on the Company.

Compensation of the Chief Executive Officer

The Compensation Committee reviews and evaluates the Chief Executive Officer's total compensation package annually. Although the Compensation Committee's basis for determining the Chief Executive Officer's compensation is substantially the same as discussed above with respect to the Company's other executive officers, the Compensation Committee relies more heavily on the Company's financial performance, overall financial condition and achievement of annual and strategic corporate objectives in determining the total annual and long-term compensation for the Chief Executive Officer. Among the criteria used in determining the compensation of the Chief Executive Officer are (i) the Company's financial performance compared to its performance in the prior year, including the Company's operating income, revenues, net income per share and overall financial condition, and (ii) the Company's actual financial performance compared to its annual business plan. Based on the foregoing criteria during 2000, the Compensation Committee increased Mr. Kumar's annual base salary of \$325,000 to \$341,300, an increase of five percent. Effective June 30, 2000 and December 31, 2000, Mr. Kumar also received two awards of 67,080 and 75,000 incentive units, respectively, under the 2000 LTI Plan with an Initial Value of \$8.99 and \$0.00, respectively, per unit. These awards are subject to the approval of the amendment to the 2000 LTI Plan by the stockholders at the meeting. See "Proposal 3 -- Amendment to the International Specialty Products 2000 Long Term Incentive Plan." Mr. Kumar exchanged 500,000 previously granted stock options held by him for 488,818 units under the 2000 LTI Plan, which was approved by stockholders at the Company's 2000 annual meeting.

Mr. Kumar is also eligible to participate in the EIC to the same extent as other executive officers of the Company. Based on the Compensation Committee's evaluation of both corporate and individual achievement of performance-related goals as described above, Mr. Kumar received an EIC award of \$250,000 for 2000. The Compensation Committee considers Mr. Kumar's total compensation package relative to that of other chief executive officers in the comparison group of companies of similar size and in similar businesses to the Company described above. The Company believes that Mr. Kumar's compensation is below the average of that paid to chief executive officers of such comparable companies.

Such restricted shares vest in 12.5% increments every six months, commencing on January 1, 2001 and ending on July 1, 2004. Ms. Yoss has the right to receive dividends on such restricted shares if and when dividends are declared and paid on the Common Stock. Ms. Yoss commenced employment with the Company in February 1998. - (1) All stock options represent options to purchase shares of Common Stock and were granted under the 1991 Incentive Plan. The 1991 Incentive Plan provides that the vesting of options will be accelerated automatically if at any time following a "Change of Control" (as defined), the Company terminates without cause the optionee's employment, the optionee's employment is terminated as a result of his death or permanent disability or the optionee terminates his employment for "good reason" (as defined). The 1991 Incentive Plan expired in June 2000 in accordance with its terms.
- (2) Options for 100,000, 50,000 and 3,075 shares of Common Stock were in-the-money for Messrs. Kumar, Weinberg and Ms. Yoss, respectively, at December 31, 2000, and none of the options held by Messrs. Heyman and Mueller were in-the-money at December 31, 2000.

- (3) Excluded are SARs relating to shares of common stock of an affiliate of the Company held by Messrs. Kumar, Weinberg, and Ms. Yoss. These SARs represent the right to receive a cash payment based upon the appreciation in value of the specified number of shares of such affiliate's common stock over the determined initial Book Value (as defined) per share of such affiliate's common stock. The SARs vest over a five-year period, subject to earlier vesting under certain circumstances, including in connection with a change of control, and have no expiration date. Of the 17,810 SARs held by Mr. Kumar, 16,088 were exercisable at December 31, 2000 and 1,722 were unexercisable. Of the 25,409 SARs held by Mr. Weinberg, 14,219 were exercisable at December 31, 2000 and 11,190 were unexercisable. Of the 4,363 SARs held by Ms. Yoss, 1,454 were exercisable and 2,909 were unexercisable. None of these SARs were in-the-money at December 31, 2000.

- (1) The Company's 2000 LTI Plan provides long-term compensation to employees and key management personnel based on the Company's book value. The number of incentive units ("Incentive Units") granted is determined by the Compensation Committee in its sole discretion, subject to a maximum number of Incentive Units that may be received by any employee in any calendar year. For more information regarding the terms of the 2000 LTI Plan and the proposed amendment thereto, see "Proposal 3 -- Amendment to the International Specialty Products 2000 Long Term Incentive Plan."
 - (2) Generally, Incentive Units vest cumulatively, in twenty percent (20%) increments, on each anniversary of the date such Incentive Units were granted or received in exchange for stock options. If the proposed amendment to the 2000 LTI Plan is approved, the Compensation Committee, in its sole discretion, may grant Incentive Units with any vesting schedule other than that normally provided in the 2000 LTI Plan. Subject to such stockholder approval, Messrs. Kumar, Weinberg, Mueller and Ms. Yoss each received Incentive Units with accelerated vesting schedules. See "Proposal 3 -- Amendment to the International Specialty Products 2000 Long Term Incentive Plan." Vesting will end upon the termination of an employee's employment with the Company or any subsidiary for any reason. Incentive Units generally are exercisable for a period of six years from the date of grant. In the event of a "Change of Control" of the Company (as defined), all Incentive Units will become fully and immediately vested and payable in cash.
 - (3) Set forth under the "Threshold" column is the "Initial Value" (as defined) per unit at which the respective Incentive Units were granted. The value of an Incentive Unit as of any "Valuation Date" (as defined) generally is equal to the Company's total stockholders' equity (adjusted to exclude accumulated comprehensive income and losses), divided by the total number of outstanding shares of Common Stock

11

16

as determined on such Valuation Date. A "Valuation Date" is the last business day of each fiscal quarter of the Company. If the proposed amendment to the 2000 LTI Plan is approved, the Compensation Committee, in its sole discretion, may grant Incentive Units with an Initial Value (i.e., the value of an Incentive Unit on the date of grant) that is less than the Initial Value of such Incentive Units as normally determined under the 2000 LTI Plan. See "Proposal 3 -- Amendment to the International Specialty Products 2000 Long Term Incentive Plan."

- (4) Upon exercise of an Incentive Unit, a participant will receive in cash the excess, if any, of the value of such Incentive Unit as of the Valuation Date on or, in the event of an exercise between Valuation Dates, immediately preceding the exercise date (the "Final Value"), over the Initial Value of such Incentive Unit (subject to all appropriate withholdings). Accordingly, the dollar value of future payouts is not readily ascertainable.

Edgar Filing: INTERNATIONAL SPECIALTY PRODUCTS INC /NEW/ - Form DEF 14A

- (5) These Incentive Units were granted in exchange for stock options to purchase, with respect to Mr. Kumar, 500,000 shares and, with respect to Mr. Mueller, 60,000 shares of Common Stock previously granted under the 1991 Incentive Plan.
- (6) These Incentive Units were granted subject to stockholder approval of the amendment to the 2000 LTI Plan. See "Proposal 3 -- Amendment to the International Specialty Products 2000 Long Term Incentive Plan."
- (7) In addition to these grants, subject to stockholder approval of the amendment to the 2000 LTI Plan, Messrs. Kumar and Weinberg will receive two additional grants of 75,000 and 50,000 Incentive Units, respectively, each with Initial Values of \$0.00 on December 31, 2001 and December 31, 2002. The Incentive Units will vest in 10% increments every six months following the date of grant.

PENSION PLANS

Non-Qualified Retirement Plan. The Company has a non-qualified retirement plan for the benefit of certain key employees (the "Retirement Plan"). The benefit payable under the Retirement Plan, which vests in accordance with a 10-year schedule, consists of an annual payment commencing at age 65 equal to 25% of a covered employee's last full year's base salary. The benefit continues for the longer of 15 years or the joint lifetimes of the employee or his or her spouse. If a covered employee dies while employed by the Company or a subsidiary, a death benefit of 36% of the employee's base salary at the date of death is payable for a term of 15 years to the employee's beneficiary.

No new participants have been admitted to the Retirement Plan since January 1989 and it is not anticipated that any new participants will be admitted hereafter. Of the executive officers named in the Summary Compensation Table, only Mr. Heyman participates in the Retirement Plan.

The following table shows, for the salary levels and years of service indicated, the annual pension benefit, payable commencing at age 65 to participants in the Retirement Plan.

The years of service covered by the Retirement Plan are fifteen years for Mr. Heyman. Current salaries covered by the Retirement Plan are the amounts set forth under the "salary" column of the Summary Compensation Table for the above-named executive officer. The annual pension benefit is not subject to reduction for Social Security and other benefits and is computed on a straight-life annuity basis.

OTHER AGREEMENTS

In connection with his becoming President and Chief Executive Officer of ISP, on September 29, 1999, the Company granted to Mr. Kumar the right to purchase, and on such date Mr. Kumar purchased, 318,599 shares of Common Stock for a purchase price of \$9.563 per share, or an aggregate of \$3,046,762. Under the purchase agreement, as amended, the Company loaned to Mr. Kumar the funds to purchase the shares, which loan is evidenced by a recourse promissory note ("Note") of Mr. Kumar in the foregoing principal amount. The Note bears interest at a rate of six percent (6%) per annum, three percent (3%) of which is payable annually during the term of the loan with the balance payable at stated maturity or the date on which the outstanding principal amount of the Note is declared due and payable. The principal amount of the Note is payable in four installments on each June 11 of the years 2001, 2002 and 2003 and on January 11, 2004, the first three of which are in the amount of \$761,691 each and the last of which is for the balance of the then outstanding principal amount. If Mr. Kumar remains continuously employed by the Company or any of its subsidiaries through each installment payment date, the principal amount due on such installment payment date will be forgiven, so that if Mr. Kumar remains continuously employed by the Company or any of the subsidiaries through January 11, 2004, the loan and the Note will be discharged and cancelled in full, provided that all interest due on the Note has been paid. In addition, if a "Change of Control" (as defined) occurs, and at any time following such Change of Control, the Company (or its successor) terminates without "cause" (as defined) Mr. Kumar's employment, or Mr. Kumar's employment is terminated as a result of his death or "disability" (as defined), or Mr. Kumar terminates his employment for "good reason" (as defined), the principal amount of the loan then outstanding shall be immediately forgiven. If Mr. Kumar's employment with the Company is otherwise terminated for any reason whatsoever, the entire principal balance outstanding, together with all interest accrued thereon, will be immediately due and payable at the Company's election.

For information with respect to certain other arrangements relating to Mr. Weinberg, see also Note (4) under "-- Summary Compensation Table."

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who beneficially own more than 10% of the Common Stock, to file initial statements of beneficial ownership (Form 3), and statements of changes in beneficial ownership (Form 4 or 5), of securities of the Company with the Securities and Exchange Commission and the New York Stock Exchange.

13

18

Executive officers, directors and greater than 10% stockholders also are required to furnish the Company with copies of all forms that they file pursuant to Section 16(a).

To the Company's knowledge, based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no additional forms were required for those persons, the Company

Edgar Filing: INTERNATIONAL SPECIALTY PRODUCTS INC /NEW/ - Form DEF 14A

believes that its executive officers, directors and greater than 10% beneficial owners complied with the Section 16(a) filing requirements applicable to them during 2000, except that Sunil Kumar, President and Chief Executive Officer and a director of the Company, inadvertently filed one Form 4 on an untimely basis on which one open market purchase by a family member of shares of Common Stock, as to which Mr. Kumar disclaims beneficial ownership, was reported.

PERFORMANCE GRAPH

The following graph compares the performance of the Common Stock with the performance of the Standard & Poor's 500 Index and the Standard & Poor's Specialty Chemicals Index for the period January 1, 1996 through the end of 2000. The graph assumes that the value of the investment in Common Stock and in each index was \$100 on December 31, 1995 and that all dividends were reinvested. [STOCK PRICE PERFORMANCE LINE GRAPH]

CERTAIN TRANSACTIONS

MANAGEMENT AGREEMENT

Pursuant to a management agreement (the "Management Agreement"), the Company provides certain general management, administrative, legal, telecommunications, information and facilities services to certain of its affiliates, including BMCA and G-I Holdings. Charges by the Company for providing such services aggregated \$6.1 million in 2000. Such charges consist of management fees and other reimbursable expenses attributable to, or incurred by the Company for the benefit of, the respective parties, which are based on an estimate of the costs the Company incurs to provide such services. The Management Agreement also obligates

the Company to pay to a subsidiary of G-I Holdings annual lease payments in the amount of \$57,300 for the use of one of the Company's sales offices. Total amounts due in connection with this lease for the year 2000 were approximately \$473,000, which amount included the annual rent and arrearages in the amount of \$419,381. Effective January 1, 2001, the Management Agreement was amended to extend the term of the agreement through March 31, 2001, to provide for the automatic extension of the agreement for successive quarterly periods unless the agreement is terminated by a party, and to adjust the management fees payable

thereunder. In addition, the Management Agreement was amended to provide that BMCA rather than the Company be responsible for providing management services to G-I Holdings and certain of its subsidiaries and that G-I Holdings pay to BMCA a management fee for such services. The Company and BMCA also allocate a portion of the management fees payable by BMCA under the Management Agreement to separate lease payments for the use of BMCA's headquarters. Based on the services provided by the Company in 2000 under the Management Agreement, the aggregate amount payable to the Company under the Management Agreement for 2001, net of the lease payments to a subsidiary of G-I Holdings, is expected to be approximately \$6.6 million.

As of December 31, 2000, G-I Holdings owed the Company an aggregate of \$4.3 million, including \$0.6 million of unpaid management fees under the Management Agreement and \$2.1 million of other payments that the Company made on behalf of G-I Holdings. In January 2001, G-I Holdings filed a voluntary petition for reorganization under Chapter 11 of the U.S. Bankruptcy Code due to its asbestos-related claims. As a result, the Company, as of December 31, 2000, established a reserve for doubtful receivables from G-I Holdings of \$2.7 million.

Certain of the executive officers of the Company perform services for affiliates of the Company pursuant to the Management Agreement, and the Company is indirectly reimbursed therefor by virtue of the management fees and other reimbursable expenses payable under the Management Agreement. In this regard, Mr. Weinberg and Ms. Yoss received \$400,000 and \$230,000, respectively, of additional compensation in connection with services performed by them for BMCA in 2000. BMCA reimbursed ISP for these payments pursuant to the Management Agreement. See "Compensation of Executive Officers of the Company -- Summary Compensation Table."

Although, due to the unique nature of the services provided under the Management Agreement, comparisons with third party arrangements are difficult, the Company believes that the terms of the Management Agreement, taken as a whole, are no less favorable to the Company than could be obtained from an unaffiliated third party.

TAX SHARING AGREEMENT

The Company was a party to tax sharing agreements with members of the consolidated tax group that included GAF Corporation ("GAF") and G-I Holdings (the "G-I Holdings Group"). As a result of a series of transactions (the "Separation Transactions") involving GAF and its subsidiaries on January 1, 1997 that resulted in, among other things, the capital stock of ISP Holdings being distributed to the stockholders of GAF, the Company is no longer included in the consolidated Federal income tax returns of the G-I Holdings Group, and therefore, such tax sharing agreements are no longer applicable with respect to the tax liabilities of the Company for periods subsequent to the Separation Transactions. The Company remains obligated, however, with respect to tax liabilities imposed or that may be imposed for periods prior to the Separation Transactions. Among other things, those tax sharing agreements provide for the sharing of the G-I Holdings Group's consolidated tax liability based on each member's share of the tax as if such member filed on a separate basis. Accordingly, a payment of tax would be made to G-I Holdings equal to the Company's allocable share of the G-I Holdings Group's consolidated tax liability. Furthermore, those tax-sharing agreements provide for an indemnification to the Company for any tax liability attributable to another member of the G-I Holdings Group. In light of G-I Holdings' recent bankruptcy filing, G-I Holdings may not have sufficient assets to satisfy its indemnification obligations to the Company.

SALES TO AFFILIATES

BMCA, an indirect subsidiary of G-I Holdings and an affiliate of the Company, and its subsidiaries purchase from the Company all of their colored roofing granules requirements under a requirements contract, except for the requirements of certain of their roofing plants which are supplied by third parties. Effective January 1, 2001, this contract was amended and restated to provide, among other things, that the contract will expire on December 31, 2001, unless extended by the parties. In 2000, BMCA and its subsidiaries purchased a total of \$59.3 million of mineral products from the Company, representing 7.6% of the Company's total net sales and 82.5% of the Company's net sales of mineral products. The Company's supply arrangements with BMCA and its subsidiaries are at prices and on terms which the Company believes are no less favorable to it than could be obtained from an unaffiliated third party.

CERTAIN OTHER TRANSACTIONS

For a discussion of certain arrangements with executive officers of the Company, see "Compensation of Executive Officers of the Company -- Other Agreements."

In April 2000, the Company made a loan to Mr. Weinberg in the principal amount of \$143,635 to enable him to satisfy certain withholding tax obligations in connection with the award by the Company to him of 65,000 shares of unrestricted Common Stock. The loan bore interest at an annual rate of 6.45% and was paid in full at its maturity in April 2001. In February 2001, the Company made a second loan to Mr. Weinberg in the principal amount of \$36,450 to enable him to satisfy certain withholding tax obligations in connection with the award by the Company to him of 13,055 shares of unrestricted Common Stock. The loan bears interest at an annual rate of 6.45% and is due and payable in full, together with accrued interest thereon, on April 15, 2002.

In April 2000, the Company made a loan to Ms. Yoss in the principal amount of \$22,098 to enable her to satisfy certain withholding tax obligations in connection with the award by the Company to her of 10,000 shares of unrestricted Common Stock. The loan bore interest at an annual rate of 6.45% and was paid in full at maturity in April 2001. In January 2001, the Company made a second loan to Ms. Yoss in the principal amount of \$44,282 to enable her to satisfy certain withholding tax obligations in connection with the award by the Company to her of 150,000 shares of restricted Common Stock, 18,750 shares of which vested on January 1, 2001. The remainder of such shares vest in 12.5% increments every six months thereafter until full vesting on January 1, 2004, subject to certain terms and conditions. The loan bears interest at an annual rate of 6.45% and is due and payable in full, together with accrued interest thereon, on April 15, 2002.

The Company invests primarily in international and domestic arbitrage and securities of companies involved in acquisition or reorganization transactions, including, at times, common stock short positions which are offsets against long positions in securities which are expected, under certain circumstances, to be exchanged or converted into the short positions. The latter category of investments is administered, at no cost or charge to the Company, by certain investment partnerships controlled by Mr. Heyman and his family, and, when purchased or sold on the same day as investments purchased or sold by members of the ISP group of companies, and certain Heyman family enterprises, are effected at the same price as the investments of such other entities.

PROPOSAL 2

ADOPTION OF THE INTERNATIONAL SPECIALTY PRODUCTS INC.
2000 STOCK OPTION PLAN FOR NON-EMPLOYEE DIRECTORS

BACKGROUND

The Board of Directors is proposing for stockholder approval adoption of the International Specialty Products Inc. 2000 Stock Option Plan for Non-Employee Directors (the "2000 Directors Plan"). The 2000 Directors Plan replaces the 1991 Incentive Plan to the extent that the 1991 Incentive Plan provided for grants of stock options to non-employee directors. The 1991 Incentive Plan expired in June 2000 in accordance with

16

21

its terms. The 2000 Directors Plan is intended to encourage ownership of the Company's Common Stock by outside directors of the Company, whose services are considered essential to the Company's future growth and continued financial success and to thereby provide them with a further incentive to continue as directors of the Company. The Compensation Committee adopted, subject to stockholder approval, the 2000 Directors Plan effective as of July 1, 2000 (the "Effective Date"). The closing price of the Common Stock on the New York Stock Exchange on April 12, 2001 was \$8.24.

The following description of the 2000 Directors Plan is qualified in its entirety by reference to the full text of the 2000 Directors Plan, which is attached to this proxy statement as Annex B. In the event this description and the 2000 Directors Plan are in conflict, the text of the 2000 Directors Plan will control in all cases.

PLAN SUMMARY

The 2000 Directors Plan provides for the granting of options to purchase shares of Common Stock to non-employee directors of ISP. Under the 2000 Directors Plan, options may be granted from time to time until July 1, 2010, the expiration date of the 2000 Directors Plan. Currently, five persons are eligible to participate in the 2000 Directors Plan.

Directors Who May Participate

All directors of the Company who are not officers or employees of the Company or any subsidiary of the Company ("Eligible Directors") are eligible to receive options under and participate in the 2000 Directors Plan.

Grant of Options and Awards

The 2000 Directors Plan provides for an automatic grant to each person who first becomes an Eligible Director after the Effective Date of a non-qualified stock option to purchase 5,000 shares of Common Stock (an "Initial Option"), subject to adjustment as provided in the 2000 Directors Plan, upon the commencement of service as a non-employee director. The 2000 Directors Plan also provides for an automatic annual grant to each person who was or becomes an Eligible Director on or after the Effective Date of a non-qualified stock option to purchase 3,000 shares of Common Stock (an "Additional Option"), subject to adjustment as provided in the 2000 Directors Plan, on each anniversary of such Eligible Director's initial election or appointment, provided that the person serve as director through such anniversary date.

The maximum number of shares for which options may be granted under the 2000 Directors Plan is 200,000, which may be authorized but unissued shares of Common Stock or shares of Common Stock held in the Company's treasury.

Exercise of Options, Exercise Price and Duration

Edgar Filing: INTERNATIONAL SPECIALTY PRODUCTS INC /NEW/ - Form DEF 14A

The exercise price of non-qualified options granted under the 2000 Directors Plan is equal to the fair market value of a share of Common Stock on the date of grant of such option.

The term of each option granted to Eligible Directors is nine years. Initial Options vest as to one-third of the shares subject thereto on each of the first through third anniversaries of the date of grant. Additional Options become exercisable in full on the first anniversary of the date of grant.

Termination of Service, Transferability

If an Eligible Director who has been granted options under the 2000 Directors Plan ceases to be a director of the Company for any reason, each option held on the date of such cessation, to the extent then exercisable, may be exercised at any time prior to the earlier to occur of the expiration date of the option or the expiration of 60 days following the date service as a director ceases. Options are not transferable by the optionee, except by will or the laws of descent and distribution.

17

22

The 2000 Directors Plan permits option agreements to contain limited stock appreciation rights ("Limited Rights"). Under the Limited Rights, should a tender or exchange offer for the Common Stock be made by a bidder other than the Company, the optionee would be entitled to surrender any option or portion thereof (regardless of the extent to which the option was then exercisable) and to receive cash or Common Stock (or a combination thereof), as determined by the Board of Directors, equal to the difference between the aggregate fair market value of the shares subject to options on the date of surrender (as determined in accordance with the Limited Rights) and the aggregate exercise price.

Amendment

The Board of Directors of the Company may terminate, modify, suspend or amend the 2000 Directors Plan at any time and from time to time. No option shall be modified or amended without the consent of the optionee or the optionee's executor, administrator, guardian or legal representative to the extent that such action would adversely alter or impair any rights or obligations under any such option.

FEDERAL INCOME TAX EFFECTS OF PLAN PARTICIPATION

The discussion below is based on federal income tax law and authorities as of the date of this proxy statement, which are subject to change at any time (possibly with retroactive effect). The law is technical and complex and the discussion represents only a general summary of some of the applicable provisions of Federal income tax law.

Non-qualified stock options ("NSOs") granted under the 2000 Directors Plan are options that do not qualify as incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). An Eligible Director who receives an NSO does not recognize any taxable income upon the grant of such NSO. However, the Eligible Director generally will recognize ordinary income upon exercise of an NSO in an amount equal to the excess of (i) the fair market value of the shares of Common Stock at the time of exercise over (ii) the exercise price.

A federal income tax deduction generally will be allowed to the Company in an amount equal to the ordinary income included by the director with respect to his NSO, provided that such amount constitutes an ordinary and necessary business expense to the Company and is reasonable and the limitations of Section

280G of the Code do not apply.

If an individual exercises an NSO by delivering shares of Common Stock to the Company, other than shares previously acquired pursuant to the exercise of an incentive stock option which is treated as a "disqualifying disposition", the individual will not recognize gain or loss with respect to the exchange of such shares, even if their then fair market value is different from the individual's tax basis. The individual, however, will recognize ordinary income as described above with respect to the exercise of the NSO as if he paid the exercise price in cash, and the Company likewise generally will be entitled to an equivalent tax deduction.

ERISA. The 2000 Directors Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

No employees and, therefore, no executive officers are eligible to receive options under the 2000 Directors Plan. Options to purchase an aggregate of 19,000 shares of Common Stock were granted under the 2000 Directors Plan to current non-employee directors as a group, subject to stockholder approval of the plan. If the proposed 2000 Directors Plan is approved by stockholders, these options will become effective, and Eligible Directors will automatically receive future grants of options as provided in the 2000 Directors Plan described above.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ADOPTION OF THE INTERNATIONAL SPECIALTY PRODUCTS INC. 2000 STOCK OPTION PLAN FOR NON-EMPLOYEE DIRECTORS.

PROPOSAL 3

AMENDMENT TO THE INTERNATIONAL SPECIALTY PRODUCTS 2000 LONG TERM INCENTIVE PLAN

BACKGROUND

The Board of Directors is proposing for stockholder approval an amendment to the International Specialty Products 2000 Long Term Incentive Plan (the "2000 LTI Plan"). The 2000 LTI Plan is intended to provide benefits that will attract and retain highly qualified persons as officers and employees of the Company and its subsidiaries, by providing a long-term incentive system that supports the Company's business strategy and emphasizes pay for performance by tying reward opportunities to corporate goals.

In December 2000, the Compensation Committee of the Board of Directors unanimously approved amending the 2000 LTI Plan, subject to stockholder approval, to allow the Compensation Committee to grant Incentive Units (as hereinafter defined), in its sole discretion, with an Initial Value (as hereinafter defined) that is less than the value of such Incentive Units as normally determined under the 2000 LTI Plan and with any vesting schedule other than the vesting schedule normally provided by the 2000 LTI Plan, provided that the Incentive Units granted under such vesting schedule vest on a Valuation Date. The Compensation Committee also unanimously approved amending the 2000 LTI Plan, subject to stockholder approval, to increase the limit on the number of Incentive Units that may be granted to any eligible person during any calendar year from 500,000 to 700,000 Incentive Units. The amendment has permitted the Company greater flexibility in attracting and retaining highly qualified employees.

The following is a summary of the principal provisions of the 2000 LTI Plan as it exists without giving effect to the proposed amendment. The full text of the proposed amendment to the 2000 LTI Plan is attached to this proxy statement

as Annex C.

PLAN SUMMARY

The 2000 LTI Plan permits the grant of Incentive Units based on the Company's book value to eligible employees of the Company and its subsidiaries.

Employees Who May Participate

Every employee of the Company or any of its subsidiaries is eligible to participate in the 2000 LTI Plan. However, the employees entitled to receive grants of Incentive Units or exchange stock options for Incentive Units will be determined by the Compensation Committee in its sole discretion. As of March 30, 2001, the Company had approximately 2,600 employees.

Description of Incentive Units

The number of incentive units ("Incentive Units") granted to each employee is determined by the Compensation Committee in its sole discretion. The number of Incentive Units to be received by each employee in exchange for stock options, and the number of stock options that can be exchanged for Incentive Units, is also determined by the Compensation Committee in its sole discretion. Currently, the maximum number of Incentive Units that may be received by any eligible employee under the 2000 LTI Plan in any calendar year is 500,000, subject to adjustment in the case of reorganization, recapitalization, stock split, stock dividend, combination of shares or otherwise. If the proposed amendment to the 2000 LTI Plan is approved, the maximum number of Incentive Units that may be received by any eligible employee during any calendar year will be limited to 700,000. No Incentive Units will be granted under the 2000 LTI Plan more than five years after the Effective Date.

The initial value (the "Initial Value") of Incentive Units granted under the 2000 LTI Plan normally is equal to the value of such Incentive Units determined as of the Valuation Date (as hereinafter defined) on which the grant occurred, except that the Initial Value of Incentive Units exchanged for stock options is equal to the value of such Incentive Units determined as of a Valuation Date selected by the Compensation

19

24

Committee in its sole discretion. The value of an Incentive Unit generally is the sum of the Company's total stockholders' equity (adjusted to exclude accumulated comprehensive income and losses), divided by the total number of outstanding shares of Common Stock. A "Valuation Date" is the last business day of each fiscal quarter of the Company. If the proposed amendment to the 2000 LTI Plan is approved, the Compensation Committee, in its sole discretion, may grant Incentive Units with an Initial Value that is less than the value of such Incentive Units as normally determined under the 2000 LTI Plan.

In the event of a change in the Company's outstanding Common Stock by reason of any reorganization, recapitalization, stock split, stock dividend, combination of shares or otherwise, there will be substituted for, added to or subtracted from each Incentive Unit then outstanding under the 2000 LTI Plan the number of additional or partial Incentive Units that, in the sole discretion of the Compensation Committee, accurately reflects the effect of such reorganization, recapitalization, stock split, stock dividend, share combination or other such event, and the Initial Value of each Incentive Unit will also be adjusted by the Compensation Committee if it determines in its sole discretion that such adjustment is appropriate.

Incentive Units Available; Exchange of Options

The Compensation Committee has authorized 5,000,000 Incentive Units for issuance to participants. The Compensation Committee may, in its sole discretion, permit one or more participants to exchange stock options they hold under the 1991 Incentive Plan for Incentive Units under the 2000 LTI Plan.

Vesting and Duration

Incentive Units normally vest cumulatively, in twenty percent (20%) increments, on each anniversary of the date such Incentive Units were granted to the employee or received in exchange for stock options. If the proposed amendment to the 2000 LTI Plan is approved, the Compensation Committee, in its sole discretion, may grant Incentive Units with any vesting schedule other than the vesting schedule normally provided in the 2000 LTI Plan. Vesting will end upon the termination of an employee's employment with the Company or any subsidiary for any reason. Incentive Units may be exercised for six years from the date of grant, subject to the provisions regarding "Termination of Employment" described below.

In the event of a "Change in Control" of the Company (as defined in the 2000 LTI Plan), all Incentive Units granted by the Compensation Committee under the 2000 LTI Plan will become fully and immediately vested and payable in cash.

Exercise of Incentive Units, Exercise Price

Upon exercise of an Incentive Unit, the employee will receive from a subsidiary of the Company in cash the excess, if any, of the value of such Incentive Unit as of the Valuation Date on or, in the event of an exercise between Valuation Dates, immediately preceding the exercise date (the "Final Value"), over the Initial Value of such Incentive Unit (subject to all appropriate withholdings). The value of a partial Incentive Unit will be determined by the same method, but pro rated to reflect the percentage of a whole Incentive Unit reflected by such partial Incentive Unit.

If an employee received any Incentive Units in exchange for stock options, a special provision of the 2000 LTI Plan governs the cash amount to be received by such employee in the event of a Change in Control of the Company within one year of such exchange of stock options. In such event, the amount to be received (subject to all appropriate withholdings) will be equal to the greater of (i) the amount determined by subtracting the Initial Value from the Final Value of each Incentive Unit pursuant to the procedures described in the immediately preceding paragraph, or (ii) the difference between the market price of the Common Stock at the time of the Change in Control and the exercise price of the stock options exchanged by the employee for Incentive Units, multiplied by the number of shares of Common Stock underlying such stock options.

20

25

Termination of Employment, Transferability

Upon termination of an employee's employment with the Company or any subsidiary for Good Cause (as defined in the 2000 LTI Plan), the Incentive Units granted to such employee will be immediately forfeited and unexercisable. If an employee's employment is terminated due to his or her death, long-term disability or retirement, the vested Incentive Units granted to such employee will be exercisable for one year, unless, prior to the end of such one year period, the sixth anniversary of the grant of such Incentive Units occurs. If an employee's employment is terminated for any other reason, the employee will have 90 days to exercise his or her vested Incentive Units, unless, prior to the end of such 90 day period, the sixth anniversary of the grant of such Incentive Units occurs.

An employee may not sell, assign, redeem, pledge, transfer or otherwise encumber an accrued but unpaid Incentive Unit, except by will or the laws of descent and distribution.

Amendment

The Compensation Committee may amend the 2000 LTI Plan from time to time or suspend or terminate the 2000 LTI Plan at any time. No amendment of the 2000 LTI Plan may be made without approval of the stockholders of the Company if the amendment will (i) increase the maximum number of Incentive Units that may be granted to an individual participant under the 2000 LTI Plan during any particular calendar year, (ii) modify the requirements as to eligibility for participation in the 2000 LTI Plan or (iii) change the vesting provisions of the 2000 LTI Plan.

COSTS

The costs and expenses of administering the 2000 LTI Plan are borne by the Company and are not charged against any award or to any employee receiving an Incentive Unit.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The statements in the following paragraphs of the principal U.S. federal income tax consequences of Incentive Units under the 2000 LTI Plan are based on federal income tax law and authorities as of the date of this proxy statement, which are subject to change at any time (possibly with retroactive effect). The law is technical and complex, and the discussion below represents only a general summary of some of the applicable provisions of federal income tax law.

Incentive Units. An employee who receives an Incentive Unit will not recognize any taxable income upon the grant of such Incentive Unit. However, the employee generally will recognize ordinary income upon the receipt of cash pursuant to the exercise of an Incentive Unit. The ordinary income recognized with respect to the receipt of cash upon exercise of an Incentive Unit will be subject to both wage withholding and other employment taxes.

Dividend Equivalents. Holders of Incentive Units who are credited with additional Incentive Units under the 2000 LTI Plan to account for dividends paid on the Common Stock will be taxed with respect to such additional Incentive Units in the manner described in the preceding paragraph (i.e., no income recognition on date of receipt of additional Incentive Units, but rather ordinary income recognition on the date of exercise).

Company Tax Treatment. A federal income tax deduction generally will be allowed to the Company in an amount equal to the ordinary income included by the individual with respect to his or her Incentive Units, provided that such amount constitutes an ordinary and necessary business expense to the Company, is reasonable, and the limitations of Sections 280G and 162(m) of the Code (discussed below) do not apply.

Change in Control. In general, if the total amount of payments to an individual that are contingent upon a "change in control" of the Company (as defined in Section 280G of the Code), including payments under the 2000 LTI Plan that vest upon a "change in control," equals or exceeds three times the individual's "base amount" (generally such individual's average annual compensation for the five calendar years preceding the

Edgar Filing: INTERNATIONAL SPECIALTY PRODUCTS INC /NEW/ - Form DEF 14A

change in control), then, subject to certain exceptions, the payments may be treated as "parachute payments" under the Code, in which case a portion of such payments would be non-deductible to the Company and the individual would be subject to a 20% excise tax on such portion of the payments.

Certain Limitations on Deductibility of Executive Compensation. With certain exceptions, Section 162(m) of the Code denies a deduction to publicly held corporations for compensation paid to certain executive officers in excess of \$1 million per executive per taxable year (including any deduction with respect to the exercise of an Incentive Unit). One such exception applies to certain performance-based compensation, provided that such compensation has been approved by stockholders in a separate vote and certain other requirements are met. The Company believes that Incentive Units granted under the 2000 LTI Plan (other than Incentive Units granted to participants in exchange for options) should qualify for the performance-based compensation exception to Section 162(m) of the Code with respect to those Incentive Units granted with an Initial Value at or above the value at the date of grant of such Incentive Units.

Certain Incentive Units granted in 2000 under the 2000 LTI Plan are subject to stockholder approval of the proposed amendment. The following table sets forth the Incentive Units that have been granted to the persons and groups referred to below under the 2000 LTI Plan, subject to stockholder approval of the proposed amendment to the 2000 LTI Plan:

NAME AND POSITION -----	NUMBER OF UNITS(1) -----

-
- (1) For information relating to the potential value of these units, see "Compensation of Executive Officers of the Company -- Long-Term Incentive Plan -- Awards in 2000."
 - (2) These 142,080 Incentive Units were granted to Mr. Kumar, subject to stockholder approval of the proposed amendment in two grants. The first grant was for 67,080 Incentive Units at an Initial Value determined as normally determined under the 2000 LTI Plan. The second grant was for 75,000 Incentive Units at an Initial Value that was less than that normally determined under the 2000 LTI Plan.
 - (3) Of these 254,530 Incentive Units, 187,450 Incentive Units were granted to the Company's executive officers at Initial Values that were less than the Initial Values that such Incentive Units would otherwise have been granted as normally determined under the 2000 LTI Plan.

Edgar Filing: INTERNATIONAL SPECIALTY PRODUCTS INC /NEW/ - Form DEF 14A

(4) Non-Employee Directors of the Company are not eligible to participate in the 2000 LTI Plan.

ANNEX B

INTERNATIONAL SPECIALTY PRODUCTS INC.
2000 STOCK OPTION PLAN FOR NON-EMPLOYEE DIRECTORS

1. PURPOSE

The purpose of this 2000 Stock Option Plan for Non-Employee Directors (the "Plan") of International Specialty Products Inc. (the "Company") is to encourage ownership of the Company's common stock, \$.01 par value ("Common Stock"), by outside directors of the Company, whose services are considered essential to the Company's future growth and continued financial success and to thereby provide them with a further incentive to continue as directors of the Company. The stock options (the "Option" or "Options") granted pursuant to the Plan are a matter of separate inducement and are not in lieu of any salary or other compensation for the services of any Eligible Director (as hereinafter defined) participating in the Plan.

2. PARTICIPATION IN THE PLAN

All directors of the Company who are not officers or employees of the Company or any subsidiary of the Company ("Eligible Director(s)") shall participate in the Plan, except for any Eligible Director who shall elect in a written notice to the Secretary of the Company not to participate in the Plan.

3. COMMON STOCK SUBJECT TO THE PLAN

The maximum number of shares of Common Stock available for the exercise of Options granted under the Plan shall be two hundred thousand (200,000) shares. Such number of shares of Common Stock shall be subject to adjustment as provided in Section 7 of the Plan. Such shares may be authorized but unissued shares of Common Stock or shares of Common Stock issued and reacquired by the Company and held in its treasury. If any outstanding Option expires or is terminated for any reason without having been exercised in full, the shares of Common Stock covered by the unexercised portion of such Option shall again become available for the grant of Options.

4. NONSTATUTORY STOCK OPTIONS

All Options shall be nonqualified Options and shall not be entitled to tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended to date, and as may be amended from time to time (the "Code").

5. TERMS, CONDITIONS AND FORM OF OPTIONS

(a) OPTION AGREEMENTS. Each Option granted under the Plan shall be evidenced by a written agreement setting forth the terms and conditions of such grant (the "Stock Option Agreement"), which shall be executed by the Company and by the person to whom the Option is granted.

(b) GRANT OF OPTIONS. Each person who first becomes an Eligible Director after the Effective Date (as hereinafter defined) of the Plan shall be granted automatically, as of the date such person becomes an Eligible Director, an Option to purchase 5,000 shares of Common Stock of the Company (the "Initial Option"), subject to adjustment as provided in Section 7 of the Plan. Each person who is an Eligible Director on the Effective Date and each person who first becomes an Eligible Director thereafter shall be granted automatically, on each anniversary date of such Eligible Director's initial election or appointment to the Board of Directors, commencing in the year 2000, an additional Option to purchase 3,000 shares of Common Stock of the Company (an "Additional Option"), subject to adjustment as provided in Section 7 of the Plan, provided that such Eligible Director has continued to serve in such capacity through such anniversary date. If the date of grant of any Option is

not a business day, such Option shall be granted on the next succeeding business day.

B-1

(c) OPTIONS NOT TRANSFERABLE. The rights and benefits under the Plan may not be assigned, except as provided in this Section 5(c). Each Option shall not be transferable by the optionee, except by will or, if the optionee dies intestate, by the laws of descent and distribution of the state of the optionee's domicile at the time of his death, and shall be exercised during the lifetime of the optionee only by the optionee or the optionee's guardian or legal representative. No Option or interest therein may be transferred, assigned, pledged or hypothecated by the optionee, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process.

(d) EXERCISE OF OPTIONS. Subject to Section 5(e) hereof, an Option granted under the Plan shall, to the extent not exercised, expire on the ninth anniversary of the date of grant. To the extent that an Option is not exercised within the period of time prescribed by the Plan and the Stock Option Agreement confirming the Option, the Option shall lapse and all rights of the optionee with respect to it shall terminate. An Initial Option granted to an Eligible Director shall vest and become exercisable in equal annual installments on each of the first through third anniversaries of the date of grant. An Additional Option granted to an Eligible Director shall fully vest and become exercisable with respect to one hundred percent (100%) of the aggregate number of shares of Common Stock subject to such Additional Option on the first anniversary of the date of grant. Options may be exercised only by written notice to the Company addressed to the office of the Secretary of the Company and accompanied by payment of the full exercise price for the shares as to which they are exercised.

(e) TERMINATION OF SERVICE; EXERCISE BY REPRESENTATIVE FOLLOWING DEATH OR DISABILITY OF DIRECTOR. If an Eligible Director who has been granted Options under the Plan shall cease to be a director of the Company for any reason then each Option held by such Eligible Director on the date of such cessation, to the extent then exercisable, may be exercised at any time prior to the earlier of (i) its expiration date or (ii) the expiration of a sixty (60) day period following the date of such cessation.

6. OPTION EXERCISE PRICE; PAYMENT FOR SHARES

(a) The exercise price for each share of Common Stock subject to an Option shall be equal to the Fair Market Value (as hereinafter defined) of a share of Common Stock on the date of grant of such Option and shall be payable in cash (including check, bank draft, money order or wire transfer), or, if approved by the Board of Directors in its sole discretion, by delivering shares of Common Stock already owned by the optionee and having an aggregate value (based on the Fair Market Value of the Common Stock so delivered as of the day preceding the date of delivery) equal to the exercise price of the Option shares purchased, or by delivering to the Company a combination of such shares and cash having an aggregate value (based on the Fair Market Value of the Common Stock so delivered as of the date preceding the date of delivery) equal to the exercise price of the Option shares purchased.

(b) For purposes of Section 6 hereof, "Fair Market Value", as of any date, shall mean (i) in the event the Common Stock is listed on a national securities exchange, the closing price as reported for composite transactions on the date, or, if no sales occurred on that date, then the closing price on the next preceding date on which such sales of Common Stock occurred; (ii) in the event the Common Stock is not listed on a national securities exchange, the mean between the high bid and the low asked prices reported for shares of Common

Stock traded over-the-counter on that date, or, if no bid and asked prices were reported on that date, then the mean between the high bid and low asked prices on the next preceding date on which such prices were reported; or (iii) in the event there are no over-the-counter prices for the Common Stock and it is not listed on a national securities exchange, the fair market value determined by the Board of Directors either on the basis of the available price of the Common Stock or in such other manner as the Board of Directors may deem reasonable.

7. GENERAL PROVISIONS

(a) NO RIGHTS AS STOCKHOLDERS. An Eligible Director to whom an Option is granted shall not be deemed the holder of any shares subject to the Option or have any rights of a stockholder with respect thereto

B-2

33

until the date of issuance to such Eligible Director of a stock certificate therefor, and no adjustment will be made for dividends or other rights for which the record date precedes the date such certificate is issued.

(b) TERM OF THE PLAN. The Plan shall terminate on the tenth anniversary of the Effective Date of the Plan. No Options shall be granted more than ten (10) years after the Effective Date.

(c) LIMITATION OF RIGHTS. Neither the Plan, nor the granting of an Option, nor any other action taken pursuant to the Plan, shall constitute or be evidence of any agreement or understanding, express or implied, that the Company will retain an Eligible Director, nor confer upon any Eligible Director the right to remain a member of the Board of Directors, for any period of time or at any particular rate of compensation.

(d) ADJUSTMENTS. The aggregate number of shares of Common Stock subject to the Plan, the number of shares subject to outstanding Options, the exercise price of such outstanding Options and the number of shares covered by future Option grants shall be appropriately adjusted, in any reasonable manner determined by the Board of Directors, to reflect any future stock dividends, stock splits, split-ups, reorganizations, recapitalizations or other substitutions of securities of the Company for the present Common Stock. Such adjustment shall be effective and binding for all purposes of the Plan and each Stock Option Agreement entered into under the Plan. Upon the effective date of any merger or consolidation of the Company with or into another corporation (other than a merger or consolidation in which the Company is the surviving corporation and which does not result in any reclassification or reorganization of the then outstanding shares of Common Stock) and upon the effective date of any sale of all or substantially all of the assets of the Company to any other entity (a "Terminating Event"), the Plan and any unexercised Options granted under the Plan shall terminate unless a provision shall be made in writing in connection with such Terminating Event for the continuance of the Plan and, if the Company is not the surviving corporation, for the assumption of such unexercised Options by a successor parent or subsidiary thereof or for the substitution for such unexercised Options of new Options covering shares of such successor with appropriate adjustments as to number, price and kind of securities or property subject to such new Options. In such event, the Plan and the unexercised Options theretofore granted or the new Options substituted therefor shall continue in the manner and under the terms provided in the Plan. No adjustment or substitution provided for in this Section 7 shall require the Corporation to issue a fractional share.

(e) SURRENDER AND REPURCHASE OF OPTIONS. A Stock Option Agreement may provide that in the event of any tender or exchange offer (other than an offer by the Company) for shares of Common Stock, the optionee will have the

unconditional right (a "Limited Right") to surrender all or any portion of such Option (regardless of the extent to which such Option is then exercisable) during the 30-day period following the date shares are first purchased or exchanged pursuant to such offer (but without regard to the number of shares so purchased) and to receive in consideration of such surrender an amount equal to the excess of the "Fair Market Value on the date of surrender" (as hereinafter defined) of the shares covered by the surrendered portion of the Option over the exercise price of the shares covered by such portion of the Option. Such amount shall be paid in (i) cash, (ii) Common Stock, or (iii) any combination of cash and Common Stock, with the form of payment to be at the election of the Board of Directors, provided, however, that in every instance the Board of Directors shall determine that such payment is consistent with the purposes set forth in Section 1 of the Plan. For the purposes of Limited Rights, the term "Fair Market Value on the date of surrender" shall mean the average of the Fair Market Value of the shares of Common Stock during the period commencing on the date the bidder publicly announced its intention to pay the price which was initially paid for, or the exchange ratio which was initially used for, such shares first purchased or exchanged and ending on the date on which such shares were first purchased or exchange, inclusive.

(f) EFFECTIVE DATE. This Plan shall take effect on and as of July 1, 2000 (the "Effective Date"), subject to approval of the Plan by the stockholders of the Company by no later than the next Annual Meeting of Stockholders of the Company to occur after the Effective Date. If such stockholder approval is not obtained on or prior to the date of such Annual Meeting, all prior Option grants shall be void ab initio and of no further force and effect. In no event shall any Option be exercisable unless the Common Stock subject thereto (i) has been registered under the Securities Act of 1933, as amended, and qualified under applicable state "blue sky" laws in connection with the offer and sale thereof, or the Company has determined that an exemption from

B-3

34

registration under the Securities Act and from qualification under such state "blue sky" laws is available and (ii) has been admitted to listing on any stock exchange on which the Common Stock may then be listed free of any conditions not acceptable to the Company.

(g) AMENDMENT. The Board of Directors of the Company may terminate, modify, suspend or amend the Plan at any time and from time to time. No Option shall be modified or amended without the consent of the optionee or the optionee's executor, administrator, guardian or legal representative to the extent that such action would adversely alter or impair any rights or obligations under any Option granted under the Plan.

(h) NOTICE. Any written notice to the Company required by any of the provisions of the Plan or a Stock Option Agreement under the Plan shall be addressed to the Secretary of the Company and shall become effective when it is received.

8. GOVERNING LAW

The Plan, together with all Options and Stock Option Agreements under the Plan, and all determinations made and actions taken pursuant hereto, shall be governed by the laws of the State of New Jersey, to the extent not superseded by the laws of the United States.

ANNEX C

AMENDMENT NO. 2 TO THE
INTERNATIONAL SPECIALTY PRODUCTS
2000 LONG TERM INCENTIVE PLAN

This Amendment No. 2 (the "Amendment") to the International Specialty Products 2000 Long Term Incentive Plan, as amended (the "Plan"), is effective as of December 31, 2000 (the "Effective Date").

1. Section IV(a) of the Plan is hereby amended to read in its entirety as follows:

"(a) Grant of Incentive Units. The Committee may, in its sole discretion, grant Incentive Units to any one or more Employees. The number of Incentive Units granted to each Employee shall be determined by the Committee in its sole discretion. Subject to adjustment as provided in Section IV(d) below, the maximum number of Incentive Units which may be granted to any individual participant under the Plan (including Incentive Units granted to a participant in exchange for Options) during any particular calendar year shall not exceed 700,000. Incentive Units may only be granted on a Valuation Date. Subject to adjustment as provided in Section IV(d) below, the "Initial Value" of any Incentive Unit granted under this Plan shall normally be equal to the value of such Incentive Unit determined (under Section I(k) hereof) as of the Valuation Date on which such Incentive Unit is granted. The Committee, however, may in its sole discretion grant Incentive Units with an "Initial Value" that is lower than the value of such Incentive Units as normally determined on any given Valuation Date."

2. Section IV(e) of the Plan is hereby amended to read in its entirety as follows:

"(e) Vesting in Incentive Units. The Incentive Units granted to an Employee or received by an Employee in exchange for Options (including any additional whole or partial Incentive Units credited to the Employee as a result of the payment of a dividend on the Corporation's common stock or a recapitalization) shall normally vest cumulatively, in twenty percent (20%) increments, on each anniversary of the date such Incentive Units were granted to the Employee or received in exchange for Options and such vesting shall end upon the termination of an Employee's employment with the Corporation or any subsidiary for any reason whatsoever; provided, however, that the Committee may in its sole discretion grant Incentive Units with any other vesting schedule, provided that Incentive Units granted under such vesting schedule vest on a Valuation Date. However, (i) such Incentive Units will become fully and immediately vested and payable in cash (pursuant to the terms of Section IV(g) hereof) in the event of a Change in Control of the Corporation and (ii) such Incentive Units, to the extent not then exercised, shall become immediately forfeited and totally unexercisable upon the termination of an Employee's employment with the Corporation or any Subsidiary for Good Cause."

3. Except as amended hereby, the Plan remains unmodified.

4. The above amendments to the Plan are effective as of the Effective Date, provided that such amendments are approved by the stockholders of International Specialty Products Inc. (the "Corporation") at an annual meeting, any special meeting or by written consent of the stockholders of the Corporation within twelve months of the Effective Date, and such approval of the stockholders shall be a condition to the right of each participant to receive any Incentive Units (as defined in the Plan) under the Plan, as amended hereby. Any Incentive Units granted under the Plan, as amended hereby, prior to such approval of the stockholders shall be effective as of the date of grant, but no such Incentive

Unit may be exercised and no restrictions relating to any Incentive Unit may lapse prior to such stockholder approval, and if the stockholders fail to approve the Plan as specified hereunder, any such Incentive Unit shall be cancelled.
