ITEM 7.01 REGULATION FD DISCLOSURE

On April 3, 2006, Century Aluminum Company (the "Company") issued a press release announcing the acceleration of the further expansion of its aluminum smelter in Grundartangi, Iceland from 220,000 metric tons per year ("mtpy") to 260,000 mtpy. The Company announced that the additional expansion should be completed by the fourth quarter of 2007. The Company had previously announced that power for the additional expansion was expected in late 2008. The Company expects that the expansion from 220,000 mtpy to 260,000 mtpy should cost approximately \$3,000 per metric ton of expansion capacity, or approximately \$120 million for the additional expansion.

The information in this Form 8-K and Exhibit 99.1 attached hereto may contain "forward-looking statements" within the meaning of U.S. federal securities laws. The Company has based its forward-looking statements on current expectations and projections about the future, however, these statements are subject to risks, uncertainties and assumptions, any of which could cause the Company's actual results to differ materially from those expressed in its forward-looking statements. More information about these risks, uncertainties and assumptions can be found in the risk factors and forward-looking statements cautionary language contained in the Company's Annual Report on Form 10-K and in other filings made with the Securities and Exchange Commission. The Company does not undertake, and specifically disclaims, any obligation to revise any forward-looking statements to reflect the occurrence of anticipated or unanticipated events or circumstances after the date such forward-looking statements are made.
