Proxy Statement

2008 ANNUAL MEETING

The 2008 Annual Meeting of Shareholders of GLG Partners, Inc. will be held on June 2, 2008, for the purposes set forth in the accompanying Notice of 2008 Annual Meeting of Shareholders. This proxy statement and the accompanying proxy card, which are first being sent to shareholders on or about April 28, 2008, are furnished in connection with the solicitation by the board of directors of proxies to be used at the meeting and at any adjournment of the meeting. We will refer to our company in this proxy statement as we, us or the Company.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

What am I Voting On?

You will be voting on the following:

the election of nine members of our board of directors; and

the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2008.

Who is Entitled to Vote at the Annual Meeting?

Only holders of record of the Company's common stock and Series A voting preferred stock at the close of business on April 23, 2008, the record date for the meeting, may vote at the Annual Meeting. Each shareholder is entitled to one vote for each share of our common stock and one vote for each share of Series A voting preferred stock held on the record date. The common stock and Series A voting preferred stock will vote together as one class on all matters to be voted on at the Annual Meeting. On April 23, 2008, we had outstanding 245,741,627 shares of our common stock and 58,904,993 shares of our Series A voting preferred stock.

Who may Attend the Annual Meeting?

All shareholders as of the record date, or individuals holding their duly appointed proxies, may attend the Annual Meeting. Please note that if you hold your shares through a broker or other nominee in street name, you will need to provide a copy of a brokerage statement reflecting your stock ownership as of the record date to be admitted to the Annual Meeting.

How Do I Vote My Shares?

All shareholders may vote in person at the Annual Meeting. If your shares are held through a broker or other nominee in street name, you should contact your broker or other nominee to obtain a voting instruction card and bring it, together with proper identification and your brokerage statement reflecting your stock ownership as of the record date, with you to the Annual Meeting, in order to vote your shares.

In addition you may vote:

Edgar Filing: GLG Partners, Inc. - Form DEF 14A

for shareholders of record, by completing, signing and returning in the postage-paid envelope provided the enclosed proxy card, or via the Internet or by telephone; or

for shares held in street name, by using the method directed by your broker or other nominee. You may vote via the Internet or by telephone if your broker or nominee makes those methods available, in which case they will provide instructions with your proxy materials.

Table of Contents

How Will My Proxy Be Voted?

If you duly complete, sign and return a proxy card or use our telephone or Internet voting procedures to authorize the named proxies to vote your shares, your shares will be voted as specified. If your proxy card is signed but does not contain specific instructions, your shares will be voted as recommended by our board of directors **FOR** the election of the nominees for directors set forth herein and **FOR** ratification of the appointment of the independent registered public accounting firm. In addition, if other matters come before the Annual Meeting, the persons named as proxies in the proxy card will vote in accordance with their best judgment with respect to such matters.

Even if you plan on attending the Annual Meeting, we urge you to vote now by giving us your proxy. This will ensure that your vote is represented at the meeting. If you do attend the Annual Meeting, you can change your vote at that time, if you then desire to do so.

May I Revoke My Proxy?

For shareholders of record, whether you vote by mail, by telephone or via the Internet, you may revoke your proxy at any time before it is voted by:

delivering a written notice of revocation to the Secretary of the Company;

submitting a properly signed proxy card with a later date;

casting a later vote using the telephone or Internet voting procedures; or

voting in person at the Annual Meeting.

If your shares are held in street name, you must contact your broker or other nominee to revoke your proxy. Your proxy is not revoked simply because you attend the Annual Meeting.

Will My Vote be Confidential?

It is our policy to keep confidential all proxy cards, ballots and voting tabulations that identify individual shareholders, except as may be necessary to meet any applicable legal requirements and, in the case of any contested proxy solicitation, as may be necessary to permit proper parties to verify the propriety of proxies presented by any person and the results of the voting. The independent inspector of election and any employees involved in processing proxy cards or ballots and tabulating the vote are required to comply with this policy of confidentiality.

How Many Votes are Needed to Elect Directors and Ratify the Appointment of Our Independent Registered Public Accounting Firm?

Election of Directors. Directors are elected by a plurality of votes cast. This means that the nine nominees for election as directors who receive the greatest number of votes cast by the holders of our common stock and our Series A voting preferred stock, voting together as a single class, entitled to vote at the meeting, a quorum being present, will become directors.

Selection of our Independent Registered Public Accounting Firm. An affirmative vote of the holders of a majority of the voting power of our common stock and our Series A voting preferred stock present in person or represented by proxy, voting together as a single class, entitled to vote on the matter, a quorum being present, is necessary to ratify

the appointment of Ernst & Young LLP as our independent registered public accounting firm.

What is Constitutes a Quorum for the Meeting?

The presence in person or by proxy of a majority of the combined shares of our common stock and Series A voting preferred stock outstanding on the record date is required for a quorum. As of April 23, 2008, there were 245,741,627 outstanding shares of our common stock and 58,904,993 outstanding shares of our Series A voting preferred stock.

Table of Contents

How are Votes Counted?

Under Delaware law and our Restated Certificate of Incorporation and Bylaws, all votes entitled to be cast by shareholders present in person or represented by proxy at the meeting and entitled to vote on the subject matter, whether those shareholders vote for , against or abstain from voting, will be counted for purposes of determining the minimum number of affirmative votes required for approval of the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm. The shares of a shareholder who abstains from voting on a matter or whose shares are not voted by reason of a broker non-vote on a particular matter will be counted for purposes of determining whether a quorum is present at the meeting so long as the shareholder is present in person or represented by proxy. An abstention from voting on a matter by a shareholder present in person or represented by proxy at the meeting has no effect in the election of directors but has the same legal effect as a vote against the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm. A broker non-vote on a matter is not deemed to be present or represented by proxy for purposes of determining whether shareholder approval of the matter is obtained and has no effect in the election of directors or on the approval of the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm.

ELECTION OF DIRECTORS (Proposal 1)

Our Bylaws provide that the number of directors will be fixed from time to time exclusively by the board of directors and that such directors will be elected at the annual meeting of stockholders to hold office, subject to provisions of the Restated Certificate of Incorporation and the Bylaws with respect to resignation and removal of directors, until the next annual meeting of stockholders and until their respective successors are elected and shall have qualified.

The terms of the nine directors expire at the 2008 Annual Meeting. The board has designated Noam Gottesman, Ian G. H. Ashken, Nicolas Berggruen, Martin E. Franklin, James N. Hauslein, William P. Lauder, Paul Myners, Emmanuel Roman and Peter A. Weinberg as nominees for election as directors at the 2008 Annual Meeting with terms expiring at the 2009 Annual Meeting.

See Certain Relationships and Transactions with Related Persons Voting Agreement for a discussion of the voting agreement among the controlling shareholders, including Messrs. Gottesman and Roman, and us pursuant to which the controlling shareholders have the right to nominate a certain number of individuals designated by a majority the controlling shareholders to the board.

Proxies properly submitted will be voted at the meeting, unless authority to do so is withheld, for the election of the nine nominees specified in Information as to Nominees for Directors below. If for any reason any of those nominees is not a candidate when the election occurs (which is not expected), proxies and shares properly authorized to be voted will be voted at the meeting for the election of a substitute nominee or, instead, the board of directors may reduce the number of directors.

Table of Contents

BOARD OF DIRECTORS AND COMMITTEES

Our business is managed under the direction of the board of directors. Our board of directors has the authority to appoint committees to perform certain management and administration functions. We currently have an Audit Committee and a Compensation Committee, composed of three members each, and a Special Grant Committee, composed of Messrs. Gottesman and Roman.

The functions of each of our board committees are described below. The duties and responsibilities of the Audit Committee and the Compensation Committee are set forth in committee charters that are available on our website at www.glgpartners.com under the heading *Investor Relations* and the subheading *Corporate Governance*. The committee charters are also available in print to any shareholder upon request. The board of directors held nine meetings during fiscal 2007, seven prior to completion of the acquisition of GLG Partners LP and certain affiliated entities (collectively, *GLG*) on November 2, 2007 and two from that date to December 31, 2007. All directors attended at least 75% of all meetings of the board and those committees on which they served. Directors are expected to attend the Annual Meeting of Shareholders, our first as a public company.

Director Independence. Our Guidelines on Corporate Governance require that at least a majority of the members of the board of directors be independent directors. For a director to be independent, the board of directors must affirmatively determine that the director has no direct or indirect material relationship with the Company. After considering the independence criteria of the New York Stock Exchange (NYSE) and any other commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships between the directors and the Company, the board of directors has determined that:

Messrs. Gottesman and Roman (who are current executive officers of the Company), Mr. Berggruen (who is a former executive officer of the Company) and Mr. Weinberg (whose company provides financial advisory services to the Company) are not independent under the NYSE independence criteria;

none of Messrs. Ashken, Franklin, Hauslein, Lauder and Myners has a material relationship with the Company; and

each of Messrs. Ashken, Franklin, Hauslein, Lauder and Myners meets the independence requirements of the NYSE.

Prior to November 2, 2007, all of our directors then in office (including Herbert Morey), except Mr. Berggruen (who served as our President and Chief Executive Officer), met the independence requirements of the American Stock Exchange, the exchange on which our securities were previously traded.

Other than as described under *Certain Relationships and Transactions with Related Persons*, there were no transactions, relationships or arrangements that required review by the board of directors for purposes of determining director independence.

Controlled Company

Certain of our shareholders who have entered into a voting agreement, referred to as the controlling shareholders, which include our principal shareholders, Noam Gottesman, Pierre Lagrange and Emmanuel Roman (collectively, the *Principals*) and the trustees of their respective trusts (the *Trustees*), beneficially own our common stock and Series A voting preferred stock which collectively represent approximately 53% of our voting power and have the ability to

elect our board of directors. As a result, we are a controlled company for purposes of Section 303(A) of the NYSE Listed Company Manual. As a controlled company, we are exempt from certain governance requirements otherwise required by the NYSE, including the requirements that (1) we have a nominating and corporate governance committee and (2) our Compensation Committee be comprised entirely of independent directors. Notwithstanding the fact that, as a controlled company, we are not required to have a board of directors comprised of a majority of independent directors, our board of directors has determined that a majority of the individuals who comprise our board of directors are independent as defined in Section 303A.02 of the NYSE Listed Company Manual.

Table of Contents

Because of their ownership of approximately 53% of our voting power, the controlling shareholders are also able to determine the outcome of all matters requiring stockholder approval (other than those requiring a super-majority vote) and will be able to cause or prevent a change of control of our company or a change in the composition of our board of directors, and could preclude any unsolicited acquisition of our company. In addition, because they collectively may determine the outcome of a stockholder vote, they could deprive stockholders of an opportunity to receive a premium for their shares as part of a sale of our company. That voting control could ultimately affect the market price of our shares. In addition, pursuant to the voting agreement, we have agreed not to take certain actions without the consent of the controlling shareholders so long as they collectively beneficially own (1) more than 25% of our voting stock and at least one of Messrs. Gottesman, Lagrange or Roman is an employee, partner or member of our company or any of our subsidiaries or (2) more than 40% of our voting stock.

Committees

Audit Committee

Our board of directors has established an Audit Committee which currently consists of Messrs. Ashken (Chairman), Hauslein and Lauder, all of whom have been determined to be independent as defined in Rule 10A-3 of the Exchange Act and the rules of the NYSE. Our board of directors has determined that each of Messrs. Ashken, Hauslein and Lauder also satisfies the financial literacy and experience requirements of the NYSE and the rules of the SEC such that each member is an audit committee financial expert.

The responsibilities of our Audit Committee include:

meeting with our management periodically to consider significant financial reporting issues, including the adequacy of our internal control over financial reporting and the objectivity of our financial reporting;

appointing the independent registered public accounting firm, determining the compensation of the independent registered public accounting firm and pre-approving the engagement of the independent registered public accounting firm for audit and non-audit services;

overseeing the independent registered public accounting firm, including reviewing independence, performance and quality control procedures and experience and qualifications of audit personnel that are providing us audit services;

meeting with the independent registered public accounting firm and reviewing the scope and significant findings of the audits performed by them, and meeting with management and internal financial personnel regarding these matters;

reviewing our financial statements, the adequacy and sufficiency of our financial and accounting controls, practices and procedures, the activities and recommendations of the auditors and our reporting policies and practices, and reporting recommendations to our full board of directors for approval;

being responsible for the review and approval of related-party transactions;

establishing procedures for the receipt, retention and treatment of complaints regarding internal accounting controls or auditing matters and, if applicable, the confidential, anonymous submissions by employees of concerns regarding questionable accounting or auditing matters; and

preparing the report required by the rules of the SEC to be included in our annual proxy statement.

Compensation Committee

Our board of directors has established a Compensation Committee which consists of Messrs. Ashken (Chairman), Berggruen and Franklin. Messrs. Ashken and Franklin have been determined to be independent as defined in the rules of the NYSE.

Table of Contents

The functions of our Compensation Committee include:

establishing overall compensation policies and recommending to our board of directors major compensation programs;

reviewing and approving the compensation of our executive officers, certain designated employees and our non-employee directors, including salary and bonus awards;

administering any employee benefit, pension and equity incentive programs in which executive officers and directors participate;

reviewing officer and director indemnification and insurance matters; and

preparing an annual report on executive compensation for inclusion in our annual proxy statement.

Special Grant Committee

Our board of directors has established a Special Grant Committee which consists of Messrs. Gottesman and Roman. The committee has full authority and power under the Company's 2007 Restricted Stock Plan and 2007 Long-Term Incentive Plan to make grants of restricted stock to participants under such plans, other than executive officers of the Company and certain designated employees, provided, that the aggregate number of shares subject to such restricted stock grants are limited to the maximum number of shares authorized under the respective plans; and provided, further, that the committee must report all grants to the board of directors at its first meeting following such grant.

Nominations of Directors

As a controlled company, we are not required by the NYSE rules to have a nominating and corporate governance committee and we believe that the full board, which has a majority of independent directors, will be able to carry out the functions of such a committee. The Chairman, the Co-Chief Executive Officers or other members of the board of directors may identify a need to add new members to the board or to fill a vacancy on the board. In that case, the board will initiate a search for qualified director candidates, seeking input from the directors, and senior executives and, to the extent it deems appropriate, third party search firms to identify potential candidates. The board will evaluate qualified candidates and will consider the selection criteria for director candidates, including the following:

Each director should have high level managerial experience in a relatively complex organization or be accustomed to dealing with complex problems.

Each director should be an individual of the highest character and integrity, have experience at or demonstrated understanding of strategy/policy-setting and reputation for working constructively with others.

Each director should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director.

The board may from time to time review these board membership criteria in the context of current board composition and the Company's circumstances.

The board of directors will consider director candidates recommended by our shareholders for election to the board of directors. Shareholders wishing to recommend director candidates can do so by writing to the Secretary of GLG Partners, Inc. at 399 Park Avenue, 38th Floor, New York, New York 10017. Shareholders recommending candidates

for consideration by the board must provide each candidate's name, biographical data and qualifications. Any such recommendation should be accompanied by a written statement from the individual of his or her consent to be named as a candidate and, if nominated and elected, to serve as a director. The recommending shareholder must also provide evidence of being a shareholder of record of our common stock at the time. The board will evaluate properly submitted shareholder recommendations under substantially the same criteria and substantially the same manner as other potential candidates. The foregoing procedures by which shareholders may recommend director candidates to the board of directors were

Table of Contents

implemented by the Company effective as of November 2, 2007 in connection with our acquisition of GLG. Prior to this date, we did not have in place formal procedures by which shareholders could recommend director candidates.

In addition, our Bylaws establish a procedure with regard to shareholder proposals for the 2009 Annual Meeting, including nominations of persons for election to the board of directors, as described under Shareholder Proposals for Annual Meeting in 2009 .

Compensation Committee Interlocks and Insider Participation

Until November 2, 2007, the Compensation Committee consisted of Messrs. Hauslein and Lauder and Herbert Morey. Effective November 2, 2007, the committee was reconstituted with Messrs. Ashken, Berggruen and Franklin. Except for Mr. Berggruen, who served as our President and Chief Executive Officer until November 2, 2007, no member of the Compensation Committee during fiscal 2007 was or is currently an officer or employee of ours or was formerly an officer or employee of ours. In addition, no executive officer of ours during fiscal 2007 served or currently serves as a member of another entity's board of directors or as a member of the Compensation Committee of another entity (or other board committee performing equivalent functions), which entity had an executive officer serving on our board of directors.

Code of Ethics, Corporate Governance Guidelines and Committee Charters

We have adopted a code of ethics and corporate governance guidelines that apply to our officers and directors. Our code of ethics, corporate governance guidelines and Audit and Compensation Committee charters are available on our website (www.glgpartners.com) and in print to any stockholder upon request.

AUDIT COMMITTEE REPORT

The Audit Committee assists the board of directors in overseeing and monitoring the integrity of the Company's financial reporting process, its internal control and disclosure control systems, the integrity and audits of its financial statements, the Company's compliance with legal and regulatory requirements, the qualifications, independence and performance of its independent registered public accounting firm.

The committee's roles and responsibilities are set forth in a written charter adopted by the board, which is available on the Company's website at www.glgpartners.com under the heading "Investor Relations" and the subheading "Corporate Governance". The Audit Committee reviews and reassesses the charter annually, and more frequently as necessary to address any changes in NYSE corporate governance and SEC rules regarding audit committees, and recommends any changes to the board of directors for approval.

Management is responsible for the Company's financial statements and the reporting process, including the system of internal control. Ernst & Young LLP, the Company's independent registered public accounting firm, is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles and an opinion on the management's assessment of internal control over financial reporting.

The Audit Committee is responsible for overseeing the Company's overall financial reporting process. In fulfilling its responsibilities for the financial statements for fiscal year 2007, it:

Reviewed and discussed the audited restated financial statements for the fiscal year ended December 31, 2007 with management and Ernst & Young LLP;

Discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, relating to the conduct of the 2007 audit; and

Received written disclosures and the letter from Ernst & Young LLP regarding its independence as required by Independence Standards Board Standard No. 1. The Audit Committee also discussed with Ernst & Young LLP its independence.

For information on fees paid to Ernst & Young LLP for each of the last two fiscal years, see "Proposal to Ratify the Appointment of Independent Registered Public Accounting Firm (Proposal 2)".

The Audit Committee considered the non-audit services provided by Ernst & Young LLP in fiscal year 2007 and determined that engaging Ernst & Young LLP to provide those services is compatible with and does not impair Ernst & Young LLP's independence.

In fulfilling its responsibilities, the Audit Committee met with Ernst & Young LLP, with and without management present, to discuss the results of their examinations and the overall quality of the Company's financial reporting. The Audit Committee considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that it determined appropriate.

Based on its review of the audited restated financial statements and discussions with, and the reports of, management and Ernst & Young LLP, the Audit Committee recommended to the board of directors that the audited restated financial statements be included in the Company's amended Annual Report on Form 10-K/A for the fiscal year ended December 31, 2007 for filing with the SEC.

The Audit Committee has appointed Ernst & Young LLP as auditors of the Company for the fiscal year ending December 31, 2008, subject to the approval of shareholders.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis describes the material elements of compensation in 2007 for our executive officers identified in the Summary Compensation Table (our Named Executive Officers). For the period prior to the acquisition by our predecessor, Freedom Acquisition Holdings, Inc., of GLG on November 2, 2007, we only had one executive officer, Nicolas Berggruen, and did not provide any compensation to Mr. Berggruen. Prior to the acquisition of GLG, GLG provided compensation to those executives of GLG who became Named Executive Officers in accordance with GLG's compensation philosophy as a private company. In connection with the GLG acquisition, we adopted GLG's compensation arrangements with certain of the Named Executive Officers and, in addition, entered into certain new compensation arrangements with the continuing Named Executive Officers.

Prior to the Acquisition of GLG

Prior to the acquisition of GLG, neither Mr. Berggruen nor any of our other directors received any cash compensation for services rendered. No compensation of any kind, including finder's and consulting fees, will be paid to any of our existing stockholders, including our officers and directors, or any of their respective affiliates, for services rendered prior to or in connection with the acquisition of GLG. However, these individuals were reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf, such as identifying potential target businesses and performing due diligence on suitable business combinations.

We agreed to pay Berggruen Holdings, Inc., an affiliate of Mr. Berggruen, a total of \$10,000 per month for office space, administrative services and secretarial support until November 2, 2007. This arrangement was agreed to by Berggruen Holdings, Inc. for our benefit and was not intended to provide Berggruen Holdings, Inc. compensation in lieu of a management fee. We believe that such fees are at least as favorable as we could have obtained from an unaffiliated third party. Other than this \$10,000 per-month fee, no compensation of any kind, including finder's and consulting fees, was paid to Mr. Berggruen, our other directors, or any of their respective affiliates, for services rendered prior to or in connection with a business combination.

GLG

GLG's compensation philosophy has been to create a system that rewards the Principals, key personnel and all other employees for performance. The primary objectives of GLG's compensation programs is to (1) attract, motivate and retain talented and dedicated senior management and other key personnel and (2) link annual compensation to both individual performance and fund performance, together with our overall financial results. GLG believes this aligns the interests of its senior management and other key personnel with those of the investors in the GLG funds. To achieve these objectives, GLG compensated its senior management and other key personnel with a combination of fixed salary, discretionary bonus and cash distributions or limited partner profit shares. Prior to our acquisition of GLG, these amounts were determined, in the case of Principals, key personnel and employees providing services to GLG Partners LP, by the Principals in their capacities as managing directors of GLG Partners LP and as directors of GLG Partners Limited, the general partner of GLG Partners LP, and, in the case of Principals, key personnel and employees providing services to GLG Partners Services LP, by the Trustees (or their designees), upon consultation with the Principals, in their capacities as directors of GLG Partners Services Limited, the general partner of GLG Partners Services LP. GLG set compensation at levels that it believed were competitive against compensation offered by other alternative asset managers and leading investment banks, primarily in London, against whom GLG competes for senior management and other key personnel, while taking into account the performance of the GLG funds and managed accounts. Historically, GLG's management has paid primarily cash compensation and has focused on the total compensation package paid to the Principals, senior management and key personnel. However, the most

significant portion of the remuneration paid by GLG to its senior management and key personnel (other than the Principals) has been and is expected to continue to be in the form of discretionary bonuses and discretionary limited partner profit share. GLG believes these forms of remuneration are important to align the interests of its senior management and key personnel with those of investors in the GLG funds.

Table of Contents

In determining compensation levels, GLG took into account various factors such as market compensation paid by other leading alternative asset managers generally. This is achieved by:

discussions with other investment professionals and peer groups from other alternative asset managers;

discussions with professional advisors about market rates across the board;

discussions with recruitment agencies used by us and review of salary surveys generated by recruitment agencies; and

publicly available information ascertained via various means, such as newspapers, magazines, the internet and reports such as the Hedge Fund Compensation Report.

As a privately owned business, GLG did not formally benchmark its compensation arrangements against any specific list of companies, nor did it maintain a certain target percentile within a peer group. Direct comparison may not be possible as elements of individual compensation would vary from firm to firm by virtue of a number of factors, including, among other things:

different levels of equity ownership;

varying responsibilities;

roles and years of service of each individual;

the amount of assets under management;

the investment performance;

the firm size; and

differing reinvestment requirements.

In connection with our acquisition of GLG in November 2007, we adopted the essential components of GLG's compensation philosophy and compensation arrangements with our Named Executive Officers and other key personnel. In addition, as described below under Long-Term Incentive Compensation, as a public company, we also have the ability to make equity-based awards to our Named Executive Officers.

Salary and Bonus

Base salaries have generally been based upon an individual's scope of responsibilities, level of experience, amounts paid to comparable individuals (both within and outside of our company) and length of service. Discretionary annual bonuses have generally been based on individual performance in absolute and qualitative terms, as well as team performance and our overall performance. Discretionary annual bonuses are designed to reward high-performing key personnel and employees who drive our results and provide an incentive to sustain this performance in the long-term.

Prior to our acquisition of GLG, each of Messrs. Gottesman and Roman had entered into an employment agreement with GLG Partners LP, pursuant to which he received an annual salary payable in pounds sterling, which increased by 10% effective December 1 of each calendar year. In addition, each Principal was eligible to receive a discretionary bonus annually under these employment agreements.

Prior to our acquisition of GLG, each of Messrs. Gottesman and Roman had also entered into an employment agreement with GLG Partners Services LP, pursuant to which he received an annual salary payable in U.S. dollars, which increased by 10% effective December 1 of each calendar year. In addition, each Principal was eligible to receive a discretionary bonus annually under these employment agreements.

Upon consummation of the acquisition of GLG on November 2, 2007, the prior employment agreements were terminated and new employment agreements with each of Messrs. Gottesman, Roman, White and San Miguel became effective. The salaries of Messrs. Gottesman, Roman and White were set at levels that we believe to be reasonable given their duties, responsibilities and contributions to the Company. Mr. San Miguel's salary was set at a level that we believe to be reasonable given his duties, responsibilities and contributions to

the Company and that we believe to be comparable to those provided to executives with similar responsibilities at other companies in our industry.

Noam Gottesman. Effective as of November 2, 2007, Mr. Gottesman, our Chairman of the Board and Co-Chief Executive Officer, entered into substantially identical employment agreements with each of GLG Partners LP, GLG Partners Services LP and the Company, pursuant to which he receives an aggregate annual salary of \$1,000,000 each calendar year. In addition, Mr. Gottesman is eligible to receive a discretionary bonus and equity incentive awards, including under our 2007 Long-Term Incentive Plan (the LTIP), annually under these employment agreements, provided that no awards were granted to him for 2007.

Emmanuel Roman. Effective as of November 2, 2007, Mr. Roman, our Co-Chief Executive Officer, also entered into substantially identical employment agreements with each of GLG Partners LP, GLG Partners Services LP and the Company, pursuant to which he receives an aggregate annual salary of \$1,000,000 each calendar year. In addition, Mr. Roman is eligible to receive a discretionary bonus and equity incentive awards, including under our LTIP, annually under these employment agreements, provided that no awards were granted to him for 2007.

Simon White. Pursuant to an employment agreement with the Company, Mr. White serves as Chief Operating Officer of the Company. Under the terms of his employment agreement, Mr. White receives an annual salary of \$500,000 and other benefits as set forth in the employment agreement. Mr. White is also eligible to receive a discretionary cash bonus and to receive equity incentive awards, including under the LTIP. Mr. White also participates in the limited partner profit share arrangement and equity participation plan described under Distributions and Limited Partner Profit Shares below. On November 2, 2007, Mr. White's interest letter with Laurel Heights LLP was amended to provide that he will no longer receive any partnership draw from Laurel Heights LLP, but he will continue to be eligible for discretionary partnership profit allocations.

Alejandro San Miguel. Pursuant to his employment agreement with the Company, Mr. San Miguel serves as General Counsel and Corporate Secretary of the Company and receives: an annual salary of \$500,000; an annual bonus equal to at least \$1.0 million, a portion of which may be conditioned upon the achievement of performance goals; an award of 253,631 shares of restricted stock under the LTIP; and other benefits as set forth in the employment agreement. Mr. San Miguel is also eligible to receive a discretionary cash bonus and to receive equity incentive awards, including under the LTIP.

Performance Compensation Awards for 2008

The 2007 Long-Term Incentive Plan was designed so that the payment of performance compensation awards under the plan would be deductible under Section 162(m) of the Internal Revenue Code. For 2008, the Compensation Committee established performance goals and made performance compensation awards under the plan to Messrs. Simon White, Jeffrey M. Rojek (our Chief Financial Officer as of March 18, 2008) and Alejandro San Miguel on March 28, 2008. Messrs. Gottesman and Roman have not received any performance compensation awards for 2008. Under the awards, the Compensation Committee established a notional bonus pool amount of \$9.0 million for 2008, which would be available for cash payments to the eligible executive officers if the performance goals were satisfied. The actual bonus pool amount will be equal to the percentage of a target amount of net AUM achieved by the Company as of December 31, 2008, multiplied by the notional bonus pool amount, subject to a maximum bonus pool amount of \$9.0 million (which would be achieved at 100% of the target net AUM amount). No bonus pool will be available and no bonus will be paid if net AUM falls below a certain minimum performance target amount. We believe that the target net AUM amount for 2008 is set at a level which would be achievable by the Company if the Company meets its current business plan. Depending on the Company's 2008 performance, the actual amount available for the bonus pool may be less than or equal to the notional bonus pool amount of \$9.0 million.

Under the awards, the 2008 performance compensation amounts for each individual eligible executive officer will be determined by the Compensation Committee in its sole discretion, subject to the maximum amounts of the actual bonus pool amount allocable to each of Messrs. White, Rojek and San Miguel being one-third of the actual bonus pool amount. The Compensation Committee retains the sole discretion to allocate

Table of Contents

all, less than all or none of the actual bonus pool amount to the eligible executive officers within such maximums. If the Compensation Committee allocates less than the maximum amount to an eligible executive officer, the unallocated amount will not be available for allocation to any other eligible executive officer. While the specific criteria the Compensation Committee will consider in making its bonus allocation decisions will not be determined until a later date, we expect that the Compensation Committee (which is comprised of a majority of independent directors) will consider, among other things, the individual executive officer's responsibilities, achievements, contributions to the performance of the Company for 2008, our results of operations, earnings per share and adjusted net income per non-GAAP weighted average fully diluted shares for 2008, the performance of our funds and our success in attracting and retaining AUM for 2008.

Distributions and Limited Partner Profit Shares

Prior to our acquisition of GLG, the Principals had direct and indirect ownership interests in certain GLG entities, principally GLG Partners LP and GLG Partners Services LP, through which they were entitled to receive distributions of profits earned by these GLG entities. In addition, GLG sought to align the interests of its non-principal senior management and other key personnel with those of the investors in the GLG funds through the limited partner profit share arrangement. Under this arrangement, these individuals have direct or indirect profits interests in these GLG entities, which entitles these individuals to receive distributions of profits derived from the fees earned by these GLG entities. Prior to an acquisition of GLG, each of these individuals received the majority of his or her economic benefit in the form of distributions in respect of his or her ownership interests in these GLG entities, in the case of the Principals, and limited partner profit shares, in the case of non-principals. For purposes of this discussion, distributions to each Principal include distributions to his respective Trustee.

Participants in the limited partner profit share arrangement are paid base limited partner profit share generally based on the individual's scope of responsibilities, level of experience, amounts paid comparable individuals (both within and outside of our company) and length of service. Discretionary limited partner profit share is based on the individual's contribution to the generation of profits by GLG Partners LP and GLG Partners Services LP, taking into account the nature of the services provided to us by each individual, his or her seniority and the performance of the individual during the period.

A significant portion of the distributions received by the Principals, senior management and key personnel historically has been performance-based. In making compensation decisions, management has taken in the past, and is expected to continue to take in the future, into account performance during the year both absolutely and against established goals for our company to generate revenue and profits, leadership qualities of the individual, the individual's contribution to the growth of the business, operational performance, business responsibilities, length of service, current compensation arrangements and long-term potential to enhance value for investors in the GLG funds. Specific factors affecting compensation decisions include:

key financial measurements such as fee revenue, operating profit, fund inflows and fund performance;

promoting commercial excellence, including by creating new product or investment ideas, improving fund performance, introducing new clients, growing AUM, being a leading market player or attracting and retaining other talented individuals and investors;

achieving excellence and respect among the senior management, peers and other employees; and

enhancing the growth and reputation of the our business as a whole.

Although we do not set specific financial performance targets for the individual based on any quantitative formula, the key factors and financial measurements listed will be considered together with management's judgment about each individual's performance in determining the appropriate compensation in light of our current year performance.

We believe that GLG's philosophy of seeking to align the interests of our key personnel with those of the investors in the GLG funds has been a key contributor to GLG's growth and successful performance. The Principals, their Trustees and certain of the key personnel participating in the equity participation plan agreed to invest in the GLG funds at least 50% of the excess of the cash proceeds they received in the acquisition

Table of Contents

over the aggregate amount of any taxes payable on their respective portion of the purchase price, further aligning their interests with those of the investors in these funds. In December 2007, the Principals, their Trustees and these key personnel invested a portion of the cash proceeds from the sale of GLG representing approximately \$825 million of additional net AUM in the GLG funds and pay the same fees and invest on the same terms as other investors. The determination of the GLG funds into which our key personnel participating in the equity participation plan will invest the proceeds of the acquisition and the amounts to be invested in each GLG fund will be made by the general partners of Sage Summit LP and Lavender Heights Capital LP, respectively, the vehicles through which the equity participation plan is implemented, in consultation with certain of our key personnel. The general partners of these limited partnerships are Sage Summit Ltd. and Mount Garnet Limited, the directors of which are the Trustees. See Certain Relationships and Transactions with Related Persons Investment Transactions .

Long-Term Incentive Compensation

On October 31, 2007, our stockholders approved the adoption of our 2007 Restricted Stock Plan and the LTIP. We believe the continued ownership by our senior management and key personnel of significant amounts of our common stock, either directly or indirectly through stock-based awards under the Restricted Stock Plan and the LTIP, will afford significant alignment with holders of our common stock. Our long-term incentive compensation will be delivered through the grant of shares of restricted stock to senior management, key personnel and employees under the plans.

Restricted stock will aid in the attraction and retention of our senior management, key personnel and employees and align the interests of these individuals with those of our stockholders. Restricted stock will have additional value for our senior management, key personnel and employees as the price of our common stock increases and our personnel remain employed by us for the period required for the shares of restricted stock to vest (typically over a period of four years), thus providing an incentive to remain employed with us.

The Compensation Committee or another committee designated by the board will determine all material aspects of the long-term incentive awards who receives an award, the amount of the award, the grant price of the award (if any), the timing of the awards as well as any other aspect of the award it may deem material. When making its decisions regarding long-term incentives, the Compensation Committee may consider many factors. In addition to competitive market data, it may consider the number of shares of our common stock outstanding, the amount of equity incentives currently outstanding and the number of shares available for future grant under the plans. Furthermore, individual stock option awards may be based on many individual factors such as relative job scope and contributions made during the prior year and the number of shares held by individual members of our senior management, key personnel and employees.

Personal Benefits

Our Named Executive Officers participate in a variety of retirement, health and welfare, and vacation benefits designed to enable the Company to attract and retain its workforce in a competitive marketplace. Health and welfare and vacation benefits help ensure that the Company has a productive and focused workforce through reliable and competitive health and other benefits.

Perquisites

Our Named Executive Officers are provided a limited number of perquisites whose primary purpose is the Company's desire to minimize distractions from the executives' attention to the Company's business. An item is not a perquisite if it is integrally and directly related to the performance of the executive's duties. An item is a perquisite if it confers a direct or indirect benefit that has a personal aspect, without regard to whether it may be provided for some business

reason or for the convenience of the Company, unless it is generally available on a non-discriminatory basis to all employees.

The principal perquisites offered to our Named Executive Officers in 2007 are allowances for health, medical, travel and other fringe benefits. Please see the Summary Compensation Table and accompanying

Table of Contents

narrative disclosures set forth in this proxy statement for more information on perquisites and other personal benefits we provide to our Named Executive Officers.

Severance and Change in Control Benefits

Severance and change in control benefits are designed to facilitate our ability to attract and retain executives as we compete for talented employees in a marketplace where such protections are commonly offered. The severance and change in control benefits found in the Named Executive Officers' employment agreements are designed to encourage employees to remain focused on our business in the event of rumored or actual fundamental corporate changes. These benefits include continued base salary payments and health insurance coverage (typically for a one-year period), acceleration of the vesting of outstanding equity-based awards, such as restricted stock (without regard to the satisfaction of any time-based requirements or performance criteria).

Termination Provisions. Our employment agreements with the Named Executive Officers provide severance payments and other benefits in an amount we believe is appropriate, taking into account the time it is expected to take a separated employee to find another job. The payments and other benefits are provided because we consider a separation to be a Company-initiated termination of employment that under different circumstances would not have occurred and which is beyond the control of a separated employee. Separation benefits are intended to ease the consequences to an employee of an unexpected termination of employment. The Company benefits by requiring a general release from separated employees. In addition, the Company has included post-termination non-compete and non-solicitation covenants in certain individual employment agreements.

We consider it likely that it will take more time for higher-level employees to find new employment, and therefore senior management generally is paid severance for a longer period. Additional payments may be permitted in some circumstances as a result of individual negotiations with executives, especially where we desire particular nondisparagement, cooperation with litigation, noncompetition and nonsolicitation terms. See the descriptions of the individual employment agreements with the Named Executive Officers under *Certain Relationships and Transactions with Related Persons* *Employment Agreements* for additional information.

Change of control provisions. Under the Restricted Stock Plan and the LTIP and the award agreements under those plans, our restricted stock generally vest upon a change of control followed by a termination of or change in an executive's employment, whether or not time vesting requirements or performance targets have been achieved. Under the employment agreements with our Named Executive Officers, other change of control benefits generally require a change of control, followed by a termination of or change in an executive's employment (*i.e.*, a *double trigger*). The Company believes that the *double trigger* provisions in the Restricted Stock Plan, LTIP and employment agreements with our Named Executive Officers are reasonable and in the best interests of shareholders as they will increase the likelihood that an executive will remain with the Company should a change of control event occur. In addition, the *double trigger* provisions in the employment agreements will help ensure that some change of control benefits will become due only if the Named Executive Officer's employment actually terminates as a result of the change of control.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits our tax deductions relating to the compensation paid to Named Executive Officers, unless the compensation is performance-based and the material terms of the applicable performance goals are disclosed to and approved by our stockholders. All of our equity-based compensation plans have received stockholder approval and, to the extent applicable, were prepared with the intention that our incentive compensation would qualify as performance-based compensation under Section 162(m). While we intend to continue

to rely on performance-based compensation programs, we are cognizant of the need for flexibility in making executive compensation decisions, based on the relevant facts and circumstances, so that the best interests of the Company and our stockholders are achieved. To the extent

Table of Contents

consistent with this goal and to help us manage our compensation costs, we attempt to satisfy the requirements of Section 162(m) with respect to those elements of our compensation programs that are performance-based.

Accounting for Stock-Based Compensation

Effective January 1, 2006, we adopted Statement of Financial Accounting Standards (SFAS) No. 123 (Revised 2004), *Share-Based Payments* (SFAS 123(R)), and began recording stock-based compensation expense in our financial statements in accordance with SFAS 123(R).

Certain Awards Deferring or Accelerating the Receipt of Compensation

Section 409A of the Code, enacted as part of the American Jobs Creation Act of 2004, imposes certain new requirements applicable to nonqualified deferred compensation plans . If a nonqualified deferred compensation plan subject to Section 409A fails to meet, or is not operated in accordance with, these new requirements, then all compensation deferred under the plan may become immediately taxable. The Company intends that awards granted under the LTIP will comply with the requirements of Section 409A and intends to administer and interpret the LTIP in such a manner.

Role of Executives and Others in Establishing Compensation

Our Co-Chief Executive Officers, Noam Gottesman and Emmanuel Roman, annually review the performance of the Named Executive Officers (other than their own, which are reviewed by the Compensation Committee), and meet on a case-by-case basis with each of the other Named Executive Officers to reach agreements with respect to salary adjustments and annual award amounts, which are then presented to the Compensation Committee for approval. The Compensation Committee can exercise discretion in modifying any recommended adjustments or awards to executives. There was only one meeting of the Compensation Committee in 2007 and Messrs. Gottesman and Roman both attended.

The day-to-day design and administration of benefits, including health and vacation plans and policies applicable to salaried employees in general are handled by our Human Resources, Finance and Legal Departments. Our Compensation Committee (or board of directors) remains responsible for certain fundamental changes outside the day-to-day requirements necessary to maintain these plans and policies.

Our board of directors has established a Special Grant Committee which consists of Messrs. Gottesman and Roman. The committee has full authority and power, pursuant to the Company's Restricted Stock Plan and LTIP to make grants of restricted stock to participants under such plans, other than executive officers of the Company and certain designated employees, provided, that the aggregate number of shares subject to such restricted stock grants are limited to the maximum number of shares authorized under the respective plans; and provided, further, that the committee must report all grants to the Board of Directors at its first meeting following such grant.

The board has also delegated to the Co-Chief Executive Officers the authority to set compensation for all personnel, other than executive officers of the Company and certain designated employees.

Conclusion

In summary, we believe the current design of our executive compensation programs, utilizing a mix of base salary, annual cash bonus and long-term equity-based incentives properly motivates our management team to perform and produce strong returns for the Company and its stockholders. Further, although the current compensation programs have been in place for less than a year, in the view of the board of directors and the Compensation Committee, the

overall compensation amounts earned by the Named Executive Officers under our compensation programs for fiscal 2007 reflect the performance of the Company during the period and appropriately reward the Named Executive Officers for their efforts and achievements during fiscal 2007, consistent with our compensation philosophy and objectives.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

The following table sets forth certain summary information concerning compensation paid or accrued by the Company and GLG for services rendered in all capacities during the fiscal years ended December 31, 2007 and 2006 for our Named Executive Officers. As discussed above under Compensation Discussion and Analysis, prior to November 2, 2007, in addition to receiving an annual salary and discretionary bonus (other than Mr. White), Messrs. Gottesman, Roman and White received the majority of their compensation in the form of distributions in respect of their direct or indirect ownership interests in GLG's businesses and/or limited partner profit shares. Therefore, a significant portion of the distributions received by these Named Executive Officers has been performance-based, because all of their distributions have been calculated based on their respective percentage interests in the profits of GLG and their allocated limited partner profit shares. Cash distributions in respect of fiscal 2007 and 2006 to the Gottesman GLG Trust for the benefit of Mr. Gottesman were \$116,121,592 and \$54,579,000, respectively, and to the Roman GLG Trust for the benefit of Mr. Roman were \$38,933,580 and \$19,152,000, respectively. The fiscal 2007 amounts for Messrs. Gottesman and Roman are subject to adjustment in connection with the final 2007 profit determinations. In addition, Mr. White received limited partner profit shares in the amounts of \$2,735,800 and \$2,206,000, representing limited partner profit share for fiscal 2007 and the second half of fiscal 2006, respectively. See Certain Relationships and Transactions with Related Persons Limited Partner Profit Share Arrangement.

CERTAIN RELATIONSHIPS AND TRANSACTIONS WITH RELATED PERSONS

Investment Transactions

All GLG shareholders, including the Principals and their Trustees and the key personnel participating in the equity participation plan invested in the GLG funds at least 50% of the excess of the cash proceeds they received in the acquisition over the aggregate amount of any taxes payable on their respective portion of the purchase price, further aligning their interests with those of the investors in these funds. The Principals and the Trustees (including certain family members of the Principals) and key personnel had as of December 31, 2007, investments in GLG funds equal to approximately \$725 million of net AUM and pay the same fees and invest on the same terms as do other investors. Because these investments are made at the same fees and on the same terms as those of other investors, we believe these investments do not result in conflicts of interest with other investors in the GLG funds. The determination of the GLG funds into which our key personnel participating in the equity participation plan will invest the proceeds of the acquisition and the amounts to be invested in each GLG fund will be made by the general partners of Sage Summit LP and Lavender Heights Capital LP, the vehicles through which the equity participation plan is implemented, in consultation with such GLG key personnel. The general partners of these limited partnerships are Sage Summit Ltd. and Mount Garnet Limited, respectively, the directors of which are the Trustees.

Lehman Brothers Bankhaus AG Loans

A subsidiary of Lehman Brothers Holdings Inc. holds approximately 11.1% of the voting interest in our company.

In 2000, Lehman Brothers Bankhaus AG, an affiliate of Lehman Brothers International (Europe), which we refer to as Lehman Bankhaus, made loans to each of the Gottesman GLG Trust, the Lagrange GLG Trust, the Green GLG Trust, and Stirling Trustees Limited, in its capacity as trustee of the Jabre GLG Trust, a trust established by Philippe Jabre for the benefit of himself and his family (the Jabre GLG Trust). The loan to Abacus (C.I.) Limited was novated and assigned to Mr. Green in June 2002 and further novated and assigned to Chapter Investment Assets Limited in June 2007. The loans were non-recourse to the assets of the borrowers, except that they were secured by a pledge to Lehman Bankhaus by each of the borrowers of 1,000 shares of non-voting stock (representing all of the non-voting stock) in each of GLG Holdings Limited, GLG Partners Services Limited, GLG Partners (Cayman) Limited and GLG Partners Asset Management Limited owned by the borrowers and any dividends paid on such shares. The loans required that dividends be paid on the non-voting shares from time to time and that all dividends paid on the non-voting shares be applied to the repayment of the loans. In June 2007, the loan to the Jabre GLG Trust was repaid in full. In February 2008, the remaining loans to the Gottesman GLG Trust, the Lagrange GLG Trust and Chapter Investment Assets Limited were repaid in full. The largest amounts of principal outstanding under the loans during 2007 and the amounts of principal and interest paid on the loans during 2007 by the Gottesman GLG Trust, the Lagrange GLG Trust, Mr. Green/Chapter Investment Assets Limited and the Jabre GLG Trust were \$23,939,611, \$12,544,497, \$16,829,384 and \$11,787,017, respectively, and \$20,658,890, \$10,735,529, \$14,487,785 and \$11,975,555, respectively. The loans bore interest at a rate of 3.0% per annum, other than the loan to the Gottesman GLG Trust, which bore interest at a rate of 4.53% per annum. As of June 15, 2007, all of Mr. Green's non-voting shares in each of the GLG entities referred to above were transferred to Chapter Investment Assets Limited.

Prior to the closing of the acquisition, each of GLG Holdings Limited and GLG Partners Services Limited declared dividends payable to holders of record immediately prior to the closing of the acquisition on its non-voting shares based on a formula which is expected to result in an amount sufficient to repay fully (but not exceed) outstanding amounts on the loans to the Gottesman GLG Trust, the Lagrange GLG Trust and Mr. Green described above. Immediately prior to the closing of the acquisition, Lehman Bankhaus released the pledge on the non-voting shares,

but not on any dividend, and all of the non-voting shares were repurchased or redeemed by the relevant GLG entity. Lehman Bankhaus had agreed to forgive the remaining outstanding balance after the closing if the formula-based dividend is not sufficient to repay the loans. In February 2008, the formula-based dividends paid were sufficient to repay the loans in full and the loans were terminated.

Amendment to the Purchase Agreement

Pursuant to the purchase agreement for our acquisition of GLG, the purchase price was subject to increase or decrease on each of three adjustment dates based on the net cash (as defined in the purchase agreement) of GLG at the time of the acquisition. The purchase price would be adjusted up or down, on a dollar-for-dollar basis, to the extent the net cash amount as of the closing date is higher or lower than \$0, as calculated by the Buyer's representative, Jared Bluestein. On March 4, 2008, the Company, the Buyer's Representative and the Seller's Representative, Noam Gottesman, amended the purchase agreement to defer the third adjustment date from ten business days after the receipt of our audited fiscal 2007 financial statements to the earliest of (a) July 31, 2008 and (b) the date set forth in a written notice given to Buyer's Representative by Seller's Representative, which date may not be prior to (i) the fifth business day after such written notice is given to Buyer's Representative or (ii) receipt of the audited restated financial statements of GLG for the year ended December 31, 2007.

Transactions with Lehman Brothers

Lehman Brothers Holdings Inc. and its affiliates (collectively, "Lehman Brothers") provide services to the GLG funds through the following related arrangements: Lehman Brothers provides prime brokerage services to certain of the GLG funds pursuant to prime brokerage agreements with each of the GLG funds. In addition, Lehman Brothers acts as a broker, prime broker, derivatives counterparty and stock lending agent for certain of the GLG funds and managed accounts pursuant to market standard trading agreements. Lehman Brothers also clears and settles securities and derivatives trades for certain of the GLG funds and for certain managed accounts pursuant to a clearing and settlement agreement dated September 2000 with GLG Partners LP. In addition, Lehman Brothers provides on-going services such as issuing contract notes to our clients and provides certain systems, such as a convertible bond trading system, pursuant to an ongoing services agreement, dated September 2000. Pursuant to a dealing agreement, dated September 2000, Lehman Brothers provides custody services to certain of our clients. This agreement also establishes the regulatory relationship between Lehman Brothers and us. Lehman Brothers also provides payroll services to us and has agreed to provide us with disaster recovery support, such as office space. Pursuant to these agreements, the GLG funds paid Lehman Brothers an aggregate of approximately \$125 million for these services during 2007. GLG paid Lehman Brothers approximately \$100,000 in the aggregate in respect of payroll services provided during 2007.

In addition, Lehman Brothers distributes GLG funds through their private client sales force, and we rebate to Lehman Brothers, on an arm's-length basis, certain of the fees that we receive from the GLG funds in relation to these investments. The annual charge to GLG was approximately \$5.5 million in 2007.

Limited Partner Profit Share Arrangement

Beginning in mid-2006, we entered into partnership with a number of our key personnel in recognition of their importance in creating and maintaining the long-term value of our company. These individuals ceased to be employees and either became direct or indirect holders of limited partnership interests in certain GLG entities or formed Laurel Heights LLP and Lavender Heights LLP through which they provide services to us. Future participants in the limited partner profit share arrangement are expected to participate as members of Laurel Heights LLP and, in certain cases, Lavender Heights LLP. Through these partnership interests, our key personnel are entitled to partnership draws and limited partner profit distributions. New key personnel and additional existing personnel may be admitted as new members of Laurel Heights LLP and Lavender Heights LLP. In addition, current members of Laurel Heights LLP and Lavender Heights LLP who cease to provide services to us will be removed as members of Laurel Heights LLP and Lavender Heights LLP. We refer to these amounts as the "limited partners profit shares". Key personnel that are participants in the limited partner profit share arrangement do not receive salaries or discretionary bonuses from us, except for our Chief Operating Officer. We did not acquire the membership interests of our key personnel in Laurel Heights LLP and Lavender Heights LLP or Saffron Woods' or Steven Roth's interest in GLG Partners Services

LP representing their interests in the limited partner profit share arrangement. These interests remain outstanding after the consummation of the acquisition transaction. The amounts distributed to Laurel Heights LLP by GLG

Partners LP and to Lavender Heights LLP, Saffron Woods Corporation and Steven Roth by GLG Partners Services LP, on account of their respective limited partnership interests are determined by the respective general partners of the limited partnerships, whose decisions will be controlled by our management. The amounts received by Laurel Heights LLP and Lavender Heights LLP are distributed by them to our key personnel who are their members as limited partner profit shares in such amounts as shall be determined by their respective managing members, whose decisions will be controlled by the Principals or the Trustees, as the case may be. Other than distributions in connection with the limited partners profit share arrangement and with respect to the delivery of restricted stock and related dividends or dividend equivalents under the Restricted Stock Plan and LTIP, Laurel Heights LLP, Lavender Heights LLP, Saffron Woods and Steven Roth are not expected to receive any other distributions from GLG Partners LP or GLG Partners Services LP.

The Principals do not participate in the limited partner profit share arrangement. For 2007, Mr. White received limited partner profit share in the amount of \$2,735,800.

Equity Participation Plan

In March 2007, we established the equity participation plan to provide certain key individuals, through their direct or indirect limited partnership interests in two limited partnerships, Sage Summit LP and Lavender Heights Capital LP, with the right to receive a percentage of the proceeds derived from an initial public offering relating to GLG or a third-party sale of GLG. The Principals do not participate in the equity participation plan. Upon consummation of the acquisition, Sage Summit LP and Lavender Heights Capital LP received collectively 33,000,000 shares of our common stock and \$150 million in cash or promissory notes payable to the GLG shareholders in the acquisition, 99.9% of which was allocated to key individuals who are limited partners of Sage Summit LP and Lavender Heights LP. The balance of the consideration remains unallocated. Of the portion which has been allocated, 92.4% was allocated to limited partners whom we refer to as Equity Sub Plan A members and 7.6% was allocated to limited partners whom we refer to as Equity Sub Plan B members. These limited partnerships distributed to the Equity Sub Plan A members, 25% of the aggregate amount allocated to them upon consummation of the acquisition of GLG, and the remaining 75% will be distributed to the members in three equal installments of 25% each upon vesting over a three-year period on the first, second and third anniversaries of the consummation of the acquisition, subject to the ability of the general partners of the limited partnerships, whose respective boards of directors consist of the Trustees, to accelerate vesting. These limited partnerships will distribute to the Equity Sub Plan B members, 25% of the aggregate amount allocated to them in four equal installments of 25% each upon vesting over a four-year period on the first, second, third and fourth anniversaries of the consummation of the acquisition, subject to the ability of the general partners of the limited partnerships, whose respective boards of directors consist of the Trustees, to accelerate vesting. The unvested portion of such amounts will be subject to forfeiture in the event of termination of the individual as a limited partner prior to each vesting date, unless such termination is without cause after there has been a change in control of our company after completion of the acquisition or due to death or disability. Upon forfeiture, these unvested amounts will not be returned to us but instead to the limited partnerships, which may reallocate such amounts to their existing or future limited partners.

In March 2007, Mr. White was admitted as a limited partner in each of Sage Summit LP and Lavender Heights Capital LP through which he is entitled to receive \$2,000,000 in cash and 440,000 shares of common stock representing 0.2% of the total consideration of the acquisition, subject to vesting as described above. Mr. White's \$2,000,000 cash amount was paid in the form of loan notes of our FA Sub 1 Limited subsidiary, which bear interest at a fluctuating rate per annum equal to the Citibank Institutional Market Deposit Account less 0.10% per annum. For 2007, Mr. White earned \$14,089 in interest on the loan notes.

Voting Agreement

Concurrent with the execution of the purchase agreement, the Principals, the Trustees, Sage Summit LP and Lavender Heights Capital LP, whom we refer to collectively as the controlling stockholders, and our company entered into a voting agreement in connection with the controlling stockholders' control of our company. The controlling stockholders control approximately 53% of the voting power of the outstanding shares of our capital stock.

Table of Contents

Voting Arrangement

The controlling stockholders have agreed to vote all of the shares of our common stock and Series A voting preferred stock and any other security of our company beneficially owned by the controlling stockholders that entitles them to vote in the election of our directors, which we refer to collectively as the voting stock, in accordance with the agreement and direction of the parties holding the majority of the voting stock collectively held by all controlling stockholders, which we refer to as the voting block, with respect to each of the following events:

the nomination, designation or election of the members of our board of directors (or the board of any subsidiary) or their respective successors (or their replacements);

the removal, with or without cause, from the board of directors (or the board of any subsidiary) of any director; and

any change in control our company.

The controlling stockholders and we have agreed that so long as the controlling stockholders and their respective permitted transferees collectively beneficially own (1) more than 25% of our voting stock and at least one Principal is an employee, partner or member of ours or any subsidiary of ours or (2) more than 40% of the voting stock, we will not authorize, approve or ratify any of the following actions or any plan with respect thereto without the prior approval of the Principals who are then employed by us or any of its subsidiaries and who beneficially own more than 50% of the aggregate amount of voting stock held by all continuing Principals:

any incurrence of indebtedness, in one transaction or a series of related transactions, by us or any of our subsidiaries in excess of \$570.0 million or, if a greater amount has been previously approved by the controlling stockholders and their respective permitted transferees, such greater amount;

any issuance by us of equity or equity-related securities that would represent, after such issuance, or upon conversion, exchange or exercise, as the case may be, at least 20% of our total voting power, other than (1) pursuant to transactions solely among us and our wholly owned subsidiaries, and (2) upon conversion of convertible securities or upon exercise of warrants or options;

any commitment to invest or investment or series of related commitments to invest or investments in a person or group of related persons in an amount greater than \$250.0 million;

the adoption of a shareholder rights plan;

any appointment of a Chief Executive Officer or Co-Chief Executive Officer of ours; or

the termination of the employment of a Principal with us or any of its material subsidiaries without cause.

The controlling stockholders and we have agreed, subject to the fiduciary duties of our directors, that so long as the controlling stockholders and their respective permitted transferee(s) beneficially own voting stock representing:

more than 50% of our total voting power, we will nominate individuals designated by the voting block such that the controlling stockholders will have six designees on the board of directors if the number of directors is ten or eleven, or five designees on the board if the number of directors is nine or less and, in each case, assuming such nominees are elected;

between 40% and 50% of our total voting power, we will nominate individuals designated by the voting block such that the controlling stockholders will have five designees on the board of directors if the number of directors is ten or eleven, or four designees on the board if the number of directors is nine or less and, in each case, assuming such nominees are elected;

between 25% and 40% of our total voting power, we will nominate individuals designated by the voting block such that the controlling stockholders will have four designees on the board of directors if the

number of directors is ten or eleven, or three designees on the board if the number of directors is nine or less and, in each case, assuming such nominees are elected;

between 10% and 25% of our total voting power, we will nominate individuals designated by the voting block such that the controlling stockholders will have two designees on the board of directors, assuming such nominees are elected; and

less than 10% of our total voting power, we will have no obligation to nominate any individual that is designated by the controlling stockholders.

In the event that any designee for any reason ceases to serve as a member of the board of directors during his or her term of office, the resulting vacancy on the board will be filled by an individual designated by the controlling stockholders.

Transfer Restrictions

No controlling stockholder may transfer voting stock except that transfers may be made to permitted transferees (as defined in the voting agreement) and in public markets as permitted by the GLG shareholders agreement among the GLG shareholders, Berggruen Holdings and Marlin Equities described above.

Drag-Along Rights

The controlling stockholders have agreed that if (1) the voting block proposes to transfer all of the voting stock held by it to any person other than a Principal or a Trustee, (2) such transfer would result in a change in control of our company, and (3) if such a transfer requires any approval under the voting agreement or under the GLG shareholders agreement, such transfer has been approved in accordance with the voting agreement and the GLG shareholders agreement, then if requested by the voting block, each other controlling stockholder will be required to sell all of his or its voting stock.

Restrictions on Other Agreements

The controlling stockholders have agreed not to enter into or agree to be bound by any other stockholder agreements or arrangements of any kind with any person with respect to any voting stock, including, without limitation, the deposit of any voting stock in a voting trust or forming, joining or in any way participating in or assisting in the formation of a group with respect to any voting stock, except to the extent contemplated by the shareholders agreement.

Any permitted transferee (other than a limited partner of Sage Summit LP and Lavender Heights Capital LP) of a controlling stockholder will be subject to the terms and conditions of the voting agreement as if such permitted transferee were a controlling stockholder. Each controlling stockholder has agreed (1) to cause its respective permitted transferees to agree in writing to be bound by the terms and conditions of the voting agreement and (2) that such controlling stockholder will remain directly liable for the performance by its respective permitted transferees of all obligations of such permitted transferees under the voting rights agreement.

Agreement among Principals and Trustees

Concurrent with the execution of the purchase agreement, the Principals and the Trustees entered into an agreement among principals and trustees.

The agreement among principals and trustees provides that in the event a Principal voluntarily terminates his employment with us for any reason prior to the fifth anniversary of the consummation of the acquisition, the following percentages of our common stock, our Series A voting preferred stock or Exchangeable Shares held by that Principal and his Trustee as of the consummation of the acquisition, which we refer to as Forfeitable Interests, will be forfeited, together with the same percentage of all distributions received with respect to such Forfeitable Interests after the date the Principal voluntarily terminates his employment with us,

Table of Contents

to the Principals who continue to be employed by us or a subsidiary as of the applicable forfeiture date and their Trustees, as follows:

in the event the termination occurs prior to the first anniversary of the consummation of the acquisition, 82.5%;

in the event the termination occurs on or after the first but prior to the second anniversary of the consummation of the acquisition, 66%;

in the event the termination occurs on or after the second but prior to the third anniversary of the consummation of the acquisition, 49.5%;

in the event the termination occurs on or after the third but prior to the fourth anniversary of the consummation of the acquisition, 33%; and

in the event the termination occurs on or after the fourth but prior to the fifth anniversary of the consummation of the acquisition, 16.5%.

For purposes of the agreement, **forfeiture date** means the date which is the earlier of (1) the date that is six months after the applicable date of termination of employment by the Principal and (2) the date on or after such termination date that is six months after the date of the latest publicly-reported disposition of our equity securities by any continuing Principal, which disposition is not exempt from the application of the provisions of Section 16(b) of the Exchange Act.

Shares of our capital stock acquired by the Principals or their Trustees after the consummation of the acquisition (other than by operation of the agreement among principals and trustees), including shares acquired as a result of equity awards from us, will not be subject to the forfeiture provisions described above.

None of the forfeited Forfeitable Interests will return to or benefit us. Forfeited Forfeitable Interests will be allocated among the continuing Principals and their Trustees based on their and their permitted transferees' collective pro rata ownership of all Forfeitable Interests held by the continuing Principals and their Trustees and their respective permitted transferees as of the Forfeiture Date. For purposes of this allocation, each Principal and his Trustee will be deemed to hold all Forfeitable Interests that he or his permitted transferee transfers to a charitable institution, even if such charitable institution subsequently transfers such Forfeitable Interests to any other person or entity.

To the extent that a continuing Principal or his Trustee receives Forfeitable Interests of another Principal or his Trustee or permitted transferee pursuant to the provisions described above, such Forfeitable Interests will be deemed to be Forfeitable Interests of the continuing Principal or his Trustee receiving such Forfeitable Interests for all purposes of the agreement among principals and trustees.

The transfer by a Principal or his Trustee of any Forfeitable Interests to a permitted transferee or any other person will in no way affect any of his obligations under the agreement. A Principal or his Trustee may, in his or its sole discretion, satisfy all or a portion of his or its obligations under the agreement among principals and trustees by substituting, for any shares of our common stock or shares of our Series A voting preferred stock and Exchangeable Shares otherwise forfeitable, an amount of cash equal to the closing trading price, on the business day immediately preceding the Forfeiture Date, of such shares on the securities exchange, if any, where such shares then primarily trade.

The forfeiture requirements contained in the agreement among principals and trustees will lapse with respect to a Principal and his Trustee and permitted transferees upon the death or disability of a Principal, unless he voluntarily

terminated his employment with us prior to such event.

The agreement among principals and trustees may be amended and the terms and conditions of the agreement may be changed or modified upon the approval of a majority of the Principals who remain employed by us. We and our stockholders have no ability to enforce any provision thereof or to prevent the Principals from amending the agreement among principals and trustees or waiving any forfeiture obligation.

OTHER MATTERS

The board of directors does not know of any other matters that may be presented at the meeting. SHAREHOLDER PROPOSALS FOR ANNUAL MEETING IN 2009

To be eligible for inclusion in our proxy statement and the proxy card, shareholder proposals for the 2009 Annual Meeting of Shareholders must be received on or before January 28, 2009 by the Office of the Secretary at our headquarters, 399 Park Avenue, 38th Floor, New York, New York 10022. In addition, our Bylaws require a shareholder desiring to propose any matter for consideration of the shareholders at the 2009 Annual Meeting of Shareholders to notify the Company's Secretary in writing at the address listed in the preceding sentence on or after February 2, 2009 and on or before March 4, 2009. If the number of directors to be elected to the board at the 2009 Annual Meeting of Shareholders is increased and we do not make a public announcement naming all of the nominees for director or specifying the increased size of the board on or before February 22, 2009, a shareholder proposal with respect to nominees for any new position created by such increase will be considered timely if received by our Secretary not later than the close of business on the tenth day following our public announcement of the increase.

EXPENSES OF SOLICITATION

We will bear the cost of the solicitation of proxies. In addition to mail and e-mail, proxies may be solicited personally, or by telephone or facsimile, by a few of our regular employees without additional compensation. We will reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their expenses for forwarding proxy materials to principals and beneficial owners and obtaining their proxies.
