**PROSPECTUS**

**58,682,180 Shares**

**COMMON STOCK**

This prospectus covers 58,682,180 shares of our common stock that may be offered for resale by the selling securityholders named in this prospectus and the persons to whom such selling securityholders may transfer their shares. No securities are being offered or sold by us pursuant to this prospectus. We will not receive any of the proceeds from the sale of these shares by the selling securityholders.

Shares of our common stock are quoted on the OTC Bulletin Board under the symbol IFLI. On May 7, 2008, the closing sales price for our common stock was \$0.05 per share.

The selling securityholders may sell their shares from time to time in the over-the-counter market or otherwise, in one or more transactions at fixed prices, at prevailing market prices at the time of sale or at prices negotiated with purchasers. This prospectus includes 13,976,180 shares of common stock that may be issued upon the exercise of warrants held by the selling securityholders. The selling securityholders will be responsible for any commissions or discounts due to brokers or dealers. We will pay substantially all of the expenses of registration of the shares covered by this prospectus.

**Investing in our common stock involves risk. You should carefully consider the risk factors beginning on page 8 of this prospectus before purchasing shares of our common stock.**

**Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.**

The date of this prospectus is May 8, 2008.

**SUMMARY**

*This summary highlights information contained elsewhere in this prospectus and does not contain all of the information you should consider in making your investment decision. You should read this summary together with the more detailed information, including our financial statements and related notes, elsewhere in this prospectus. You should carefully consider, among other things, the matters discussed in Risk Factors.*

**Our Company**

We are a sports entertainment company that uses our professional mixed martial arts ( MMA ) sports league, known as the International Fight League or the IFL, as a platform to generate revenues from spectator attendance at live events, broadcast of television programming, sponsorships and licensing. Our business was founded in 2005 to organize, host and promote live and televised MMA sporting events and to capitalize on the growing popularity of MMA in the United States and around the world. In 2006 and 2007 our league centered around our teams, which included some of the world's most highly regarded MMA athletes and coaches. In 2006 and 2007, our sporting events typically showcased four teams, in two-team match-ups, with athletes competing in one-on-one matches across five weight divisions. Our 2007 season consisted of nine regular season events, followed by a two round playoff for the league champion and then a two round Grand Prix tournament, in which our top athletes competed for title belts in various weight classes. At the conclusion of this Grand Prix tournament, we had belt holders for six different weight divisions.

We have changed our format for 2008. Rather than retain the team format, we have migrated to a camp format, with championship fights. Our previous teams were identified with a city or geographic region, along with a team name and logo. However, many of the teams never fought in their geographic region and were not recognized by MMA fans. By switching to the camps, we believe we can capitalize on some of the legends of MMA who are our coaches, by having their own gyms or camps compete against each other. We believe that MMA fans are familiar with these camps and this format will result in more natural match-ups that will enhance the attraction of spectators and viewers. We are also keeping our camp format open, meaning camps which are not regular members of the league can compete at an event to challenge one of the league's camps or another challenging camp. Furthermore, under our previous league structure, every team match required an athlete from each team to compete in each of the five weight divisions. Beginning in 2008, we will work with the camps to determine the best athletes and best match-ups, and we will not require a fight in every weight class if some of the weight classes do not present good match-ups or a camp does not have a talented athlete in a particular weight division. Overall, we believe this new league format will provide us with more flexibility to determine the best match-ups that will result in the best, most competitive fights. In addition, now that we have belt holders, we plan to have two or three title fights at each event. This open format may also provide opportunities for us to co-promote MMA events with other promoters or organizations. Overall, we believe these changes will provide for much more entertaining and exciting events, which we believe should ultimately increase attendance at the live events and increase our television viewership. This should, in turn, increase our potential for sponsorship and licensing revenue

MMA is a sport that is growing in popularity around the world. In MMA matches, athletes combine a variety of fighting styles, such as boxing, judo, jiu-jitsu, karate, kickboxing, mui thai, tae kwon do and/or wrestling, in each fight. Typically, MMA sporting events are promoted either as championship matches or as vehicles for well-known individual athletes. Professional MMA competition conduct is regulated primarily by rules implemented by state athletic commissions and is currently permitted in about 37 jurisdictions. To foster athlete safety and a broader acceptance of the sport, we have established our own rules of conduct, including bans on certain dangerous moves, such as elbow strikes to an opponent's head, placing more emphasis on the sport and competition.

## Edgar Filing: International Fight League, Inc. - Form POS AM

Our mission is to create wide spread interest in our league so that we can develop a strong following from not only MMA fans but also fans of sports and action programming and events, as well as the public in general. We are particularly targeting the male audience, ages 18 to 34. We believe as our popularity grows, including the viewership of our television programming, we can generate increased revenue from ticket sales

## **Table of Contents**

at live events, television rights fees, sponsorship and promotion fees from companies and advertisers targeting our primary market, sales of DVDs or other video formats of our events, and licensing of our brand name and other intellectual property on apparel and merchandise. Our uniqueness is derived from our camp-based league structure. The league format enables us to announce events several months in advance, enabling fans, sponsors and athletes to plan for events, which is a new concept for MMA.

We earn revenue from live event ticket sales, sponsorships and promotions and licensing of our intellectual property. In addition, our live events create a body of television programming content that we can distribute for television viewing in the U.S. and internationally and can be compiled and edited for sales of DVDs or other videos. We have held over 20 live events, the first of which took place during the second quarter of 2006, the first period in which we recognized revenues. During the year ended December 31, 2007, we recognized a net loss of approximately \$21.3 million.

We believe that the camp-based approach to MMA gives us an advantage because we are not dependent on a single athlete's success and have the ability to build the popularity of individual athletes as well as the camps and the league in general.

Our operations are centered on the following three business components:

Live and televised entertainment, which consists of live events in arenas and free distribution of IFL content on basic cable television.

Sponsorships and promotions, which consists of sponsorships for live events and televised productions and related promotion opportunities.

Branded merchandise, which consists of licensing and marketing of our intellectual property.

## **Liquidity**

Since the inception of our business in 2005, we have incurred significant losses and only began generating revenue during the second quarter of 2006. Through December 31, 2007, we have generated net losses of \$31 million.

Our ability to become profitable depends on our ability to generate and sustain substantially higher revenue while maintaining reasonable expense levels. Although we are reducing our expenses, these efforts may not be sufficient and may adversely impact our brand or fan, sponsor and merchandising interest. We expect that our revenues from operations will be insufficient to meet our projected expenses beyond the third quarter of 2008, unless we are able to increase our revenues and our profitability. We are exploring various alternatives to increase our profitability, such as a strategic alliance or relationship with a significant sports, entertainment or media organization or another significant entity interested in promoting MMA and/or exploiting our digital rights. Unless we can successfully increase our revenues (in excess of the costs we incur to generate these revenues) or our profitability, we will need raise additional capital through equity or debt financings by the end of the second quarter or in the early part of the third quarter of 2008. Such capital may not be available, or, if it is available, may not be available on terms that are acceptable to us. If we are unable to raise sufficient additional capital on acceptable terms or achieve profitability in the near-term, we will likely have a cash shortage which would disrupt our operations, have a material adverse effect on our financial condition or business prospects and could result in us being unable to continue our operations.

## **Risks Affecting Us**

Our business is subject to numerous risks, which are highlighted in the section entitled Risk Factors immediately following this prospectus summary. These risks represent challenges to the successful implementation of our strategy and the growth of our business. Some of these risks are:

as discussed above, we currently do not have sufficient cash to fund our operations for 12 months;

our business represents a new business model for the MMA market and our MMA business has been operating for less than two years;

**Table of Contents**

the markets in which we operate are highly competitive;

a future decline in the popularity of mixed martial arts;

we have experienced substantial financial losses and expect to incur net losses in the future;

our limited operating history makes forecasting our revenues and expenses difficult;

our revenues from operations are likely to be insufficient to meet our projected capital needs in the short term, therefore, we will need to raise additional capital;

our failure to obtain and maintain key agreements and arrangements could adversely affect our ability to distribute our television programming;

we may not be able to attract and retain key athletes and coaches;

insiders may exercise substantial control over us; and

if we do not continue to broadcast our events on television, our business could suffer.

For further discussion of these and other risks you should consider before making an investment in our common stock, see **Risk Factors** beginning on page 7.

**Corporate History**

Prior to November 29, 2006, we were known as Paligent Inc., a Delaware corporation ( **Paligent** ). On November 29, 2006, we acquired International Fight League, Inc., a privately held Delaware corporation ( **Old IFL** ), pursuant to an agreement and plan of merger, dated as of August 25, 2006, as amended (the **Merger Agreement** ), by and among us, IFL Corp., a Delaware corporation and our wholly-owned subsidiary ( **Merger Sub** ), and Old IFL, providing for the merger of Merger Sub and Old IFL, with Old IFL being the surviving corporation and becoming our wholly-owned subsidiary (the **Merger** ). Immediately following the Merger, we changed our name to International Fight League, Inc., and Old IFL changed its name to IFL Corp. and continued to operate Old IFL's business of organizing and promoting a mixed martial arts sports league.

Immediately prior to the Merger, we completed a 1-for-20 reverse stock split of our common stock. Except as otherwise specified herein, all references herein to share amounts of our common stock reflect the reverse stock split. In addition, effective upon the closing of the Merger, all of the pre-Merger Paligent and Old IFL directors, became our directors. As part of the Merger, we also adopted the International Fight League, Inc. 2006 Equity Incentive Plan (the **2006 Equity Incentive Plan** ) under which all of the options to purchase shares of common stock of Old IFL outstanding prior to the Merger were converted into options to purchase shares of common stock of IFL.

As part of the Merger, we issued 30,872,101 shares of our common stock to the former stockholders of Old IFL in exchange for all of the issued and outstanding shares of common stock of Old IFL (including shares of Old IFL preferred stock which were converted to Old IFL common stock immediately prior to the Merger). As part of the Merger, in exchange for options to purchase 1,865,000 shares of Old IFL common stock, we issued to the holders thereof options to purchase an aggregate of 1,925,376 shares of our common stock under our 2006 Equity Incentive Plan having substantially the same terms and conditions as the Old IFL options. As a result of the Merger, the former stockholders of Old IFL became holders of IFL common stock, and holders of Old IFL options became holders of

options to acquire shares of IFL common stock.

Following the reverse stock split and the Merger, there were 32,496,948 shares of IFL common stock outstanding, of which the pre-Merger stockholders of Paligent owned approximately 5% and the pre-Merger stockholders of Old IFL owned approximately 95%. As a result, Old IFL has been treated as the acquiring company for accounting purposes. The Merger has been accounted for as a reverse acquisition under the purchase method of accounting for business combinations in accordance with generally accepted accounting principles in the United States of America. Reported results of operations of the combined group issued after completion of the transaction will reflect Old IFL's operations.

## **Table of Contents**

Immediately after the Merger, we issued an additional 1,627,500 shares of IFL common stock to Richard J. Kurtz, Paligent's principal stockholder before the Merger, in exchange for his contribution of \$651,000 of indebtedness owing to him under a promissory note issued to him by Paligent.

Unless otherwise indicated or the context otherwise requires, the terms Company, IFL, we, us, and our refer to International Fight League, Inc. (formerly known as Paligent Inc.) and its subsidiaries, including IFL Corp., after giving effect to the Merger. Unless otherwise indicated or the context otherwise requires, the term our business refers to the mixed martial arts business of Old IFL as continued by IFL Corp. after the Merger.

## **Recent Developments**

On November 19, 2007, our Board of Directors appointed Jay Larkin, our President and Chief Operating Officer at the time, as its acting Chief Executive Officer as a result of the resignation by Gareb Shamus as Chairman, Chief Executive Officer and interim Chief Financial Officer. Mr. Shamus resigned as a member of our board of directors on December 17, 2007. The Company is conducting a search for a new chief financial officer. Mr. Larkin joined us on September 21, 2007 as our President and Chief Operating Officer. The terms of Mr. Larkin's employment agreement and Mr. Shamus' transition agreement are described under Executive Compensation Executive Employment Contracts.

On November 19, 2007, we disclosed that we would be restating our financial statements to reflect a changing in our barter accounting for our arrangement with Fox Sports Net. The financial statements contained in this prospectus reflect these changes.

On August 6, 2007, we sold 25,330,000 shares of our common stock at a price of \$0.50 per share to a number of institutional and individual accredited investors in a private placement, for gross proceeds of \$12,665,000. As part of the transaction, we issued to the investors five-year warrants to purchase 12,665,000 shares of our common stock at an exercise price of \$1.05 per shares. In connection with the private placement, we incurred various expenses which included commissions to the placement agent, legal and accounting fees, and other miscellaneous expenses, of \$1 million. We also issued to the placement agent, as partial compensation for its services, a five-year warrant to purchase up to 729,900 shares of common stock at an exercise price of \$1.05 per share.

On April 2, 2007, we entered into an agreement and general release (the Agreement and Release), pursuant to which Salvatore A. Bucci, our former Chief Financial Officer, Executive Vice President and Treasurer was to resign effective at the close of business on June 30, 2007. This Agreement and Release was amended and restated as of June 19, 2007, to extend Mr. Bucci's resignation date to September 30, 2007. Under these arrangements, Mr. Bucci continued to serve as our Chief Financial Officer, Executive Vice President and Treasurer through September 30, 2007, at which time his resignation became effective. Michael Keefe, our Executive Vice President, General Counsel and Corporate Secretary is currently serving as our Acting Chief Financial Officer.

## **Corporate Information**

Our principal executive offices are located at 424 West 33rd Street, Suite 650, New York, New York 10001, and our telephone number is (212) 356-4000. **RISK FACTORS**

*You should carefully consider the risks described below before making an investment decision. Our business, prospects, financial condition or operating results could be materially adversely affected by any of these risks. The trading price of our common stock could decline due to any of these risks and you may lose all or part of your investment. In assessing the risks described below, you should also refer to the other information contained in this prospectus, including our financial statements and the related notes, before deciding to purchase any shares of our common stock.*

**Risks Related To Our Business**

***We have experienced losses and expect to incur substantial net losses in the future and have received a going concern opinion from our auditors for 2007. If we do not achieve profitability and find additional sources of cash, our financial condition and stock price could suffer and we could be forced to discontinue operations.***

Since the inception of our business in 2005, we have incurred significant losses and only began generating revenue during the second quarter of 2006. Through December 31, 2007, we have generated net losses of \$31 million. We expect to incur additional losses and negative cash flow for the foreseeable future. Our ability to become profitable depends on our ability to generate and sustain substantially higher revenue while maintaining reasonable expense levels. Although we have and intend to continue reducing our expenses, these efforts may not be sufficient and may adversely impact our brand or fan, sponsor and merchandising interest. If we do not achieve profitability, we may have to discontinue our operations.

As a result of our continued losses, our independent auditors have included an explanatory paragraph in our financial statements for the fiscal year ended December 31, 2007, expressing doubt as to our ability to continue as a going concern. The inclusion of a going concern explanatory paragraph in the report of our independent auditors could make it more difficult for us to secure additional financing or enter into strategic relationships with distributors on terms acceptable to us, if at all, and may materially and adversely affect the terms of any financing that we may obtain. If revenues grow slower than we anticipate, or if operating expenses exceed our expectations or cannot be adjusted accordingly, we may not achieve profitability and the value of your investment could decline significantly.

***Our revenues from operations are likely to be insufficient to meet our projected expenses in the short term; therefore, we will need to raise additional funds, which may not be available to us on favorable terms, if at all, thereby potentially disrupting the growth of our business and our ability to generate revenues.***

We expect that our revenues from operations will be insufficient to meet our projected expenses, unless we are able to increase our revenues through other sources, such as entering into a strategic alliance with a significant television broadcaster or sports or entertainment enterprise or exploiting our digital rights. Unless we can successfully increase our revenues through these other sources (in excess of the costs we incur to generate these revenues), we will likely be required to raise additional capital through equity or debt financings by the end of the second quarter or in the early part of the third quarter of 2008. Such capital may not be available, or, if it is available, may not be available on terms that are acceptable to us. A future financing may be substantially dilutive to our existing stockholders and could result in significant financial and operating covenants that would negatively impact our business. If we are unable to raise sufficient additional capital on acceptable terms, we will likely have a cash shortage which would disrupt our operations, have a material adverse effect on our financial condition or business prospects and could result in insolvency.

***Our business is difficult to evaluate because it represents a new business model for the MMA market and we have been operating for less than two years. The MMA market may not develop as we anticipate, and we may not successfully execute our business strategy.***

Our original league-based MMA business model focusing on teams, rather than individual competition, was unique to the MMA industry. We have since modified our business model to be a camp-based league,

**Table of Contents**

with title belt holders for different weight classes. We made this change because we believed the camp-based model would eventually be more successful. However, our model may not prove to be successful. We have a limited operating history upon which you can evaluate our business. Although we were organized in 2005, we did not begin revenue generating operations until 2006. The MMA industry is also rapidly growing and evolving and may not develop in a way that is advantageous for our business model. You must consider the challenges, risks and difficulties frequently encountered by early stage companies using new and unproven business models in new and rapidly evolving markets. Some of these challenges relate to our ability to:

increase our brand name recognition;

expand our popularity and fan base;

successfully produce live events;

manage existing relationships with broadcast television outlets and create new relationships domestically and internationally;

manage licensing and branding activities; and

create new outlets for our content and new marketing opportunities.

Our business strategy may not successfully address these and the other challenges, risks and uncertainties that we face, which could adversely affect our overall success and delay or prevent us from achieving profitability.

***Our limited operating history makes forecasting our revenues and expenses difficult, and we may be unable to adjust our spending in a timely manner to compensate for unexpected revenue shortfalls.***

As a result of our limited operating history, it is difficult to accurately forecast our future revenues. Current and future expense levels are based on our operating plans and estimates of future revenues. Revenues and operating results are difficult to forecast because they generally depend on our ability to promote events and the growth in popularity of the IFL or MMA. As a result, we may be unable to adjust our spending in a timely manner to compensate for any unexpected revenue shortfall, which would result in further substantial losses.

***Our MMA content is being televised in the United States under short-term agreements with FSN and HDNet, which may not be renewed. If we do not enter into new agreement after these expire, we will not have a broadcast outlet for our MMA content in the U.S.***

We are currently televising our MMA content in the U.S. pursuant to short-term agreements with FSN and HDNet, which will only broadcast our programming through our May 16, 2008 event at Mohegan Sun. No assurance can be given that we will be able to negotiate new television rights agreements for our MMA content with any broadcaster or that any such agreements will be favorable to us. Our revenues are dependent, indirectly, on the distribution of our free televised programming. Accordingly, any failure to maintain or renew arrangements with the distributors could adversely affect our operating results.

***We depend on certain key executive personnel for our success, the loss of whom could adversely affect our business, financial condition and results of operations.***

Our success depends on the continued availability and contributions of members of our senior management and other key personnel. The loss of the services of any of our executive officers or any of a number of other key personnel

could delay or reduce our efforts to increase the popularity of our MMA league. Furthermore, recruiting and retaining qualified personnel to assist with these efforts will be critical to our success. The loss of members of our management team or our inability to attract or retain other qualified personnel or advisors, could significantly weaken our management team, harm our ability to compete effectively, harm our long-term business prospects, disrupt our relationships with advertisers and have a corresponding negative effect on our financial results, marketing and other objectives and impair our ability to

**Table of Contents**

develop our MMA league. Our financial situation has increased the difficulty of retaining and attracting talented employees.

***Our failure to continue to develop creative and entertaining programs and events would likely lead to a decline in the popularity of our brand of entertainment.***

The creation, marketing and distribution of our live and televised entertainment are at the core of our business and are critical to our ability to generate revenues across our media platforms and product outlets. Our failure to continue to create popular live events and televised programming would likely lead to a decline in our television ratings and attendance at our live events, which would likely harm our operating results.

***Our insurance may not be adequate to cover liabilities resulting from accidents or injuries that occur during our physically demanding events.***

We hold numerous live events each year. This schedule exposes our athletes and coaches who are involved in the production of those events to the risk of travel and event-related accidents, the consequences of which may not be fully covered by insurance. The physical nature of our events exposes athletes and coaches to the risk of serious injury or death. Although we provide the necessary and required health, disability and life insurance for our athletes and coaches on an event-by-event basis, this coverage may not be sufficient to cover all injuries they may sustain. Liability extending to us resulting from any death or serious injury sustained by one of our athletes or coaches during an event, to the extent not covered by our insurance, could adversely affect our operating results.

***We face a variety of risks as we develop and refine our businesses.***

We are a new company and are developing and refining our businesses. Risks related to this may include:

- potential diversion of management's attention and other resources, including available cash;
- unanticipated liabilities or contingencies;
- increased losses due to increased or unanticipated costs;
- failure to retain and recruit MMA athletes;
- failure to maintain or obtain new television distribution agreements;
- inability to protect intellectual property rights;
- competition from other companies with experience in such businesses; and
- possible additional regulatory requirements and compliance costs.

***We currently have weaknesses in internal control over financial reporting. If we fail to rectify these weaknesses and then maintain effective controls, we may be subject to litigation and/or costly remediation and the price of our common stock may be adversely affected.***

Failure to establish the required controls or procedures, or any failure of those controls or procedures once established, could adversely impact our public disclosures regarding our business, financial condition or results of operations. Our management and our auditors have identified a material weakness in our disclosure controls and procedures and in our

internal control over financial reporting due to insufficient resources in the accounting and finance department. Due to these weaknesses, there is more than a remote likelihood that a material misstatement of the consolidated financial statements would not have been prevented or detected.

Should we or our auditors identify any other material weaknesses and/or significant deficiencies, those will need to be addressed as well. Any actual or perceived weaknesses or conditions that need to be addressed in our internal control over financial reporting, disclosure of management's assessment of our internal control over financial reporting or disclosure of our public accounting firm's attestation to or report on management's

## **Table of Contents**

assessment of our internal control over financial reporting could adversely impact the price of our common stock and may lead to claims against us.

***Compliance with corporate governance and public disclosure regulation are costly compared to our revenues, and could increase liability exposure for us, our directors and our executive officers.***

Rules adopted by the United States Securities and Exchange Commission (the SEC) pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 require annual assessment of our internal control over financial reporting, and attestation of our assessment by our independent registered public accountants. The assessment requirement first applied to fiscal 2007. The standards for management's assessment of the internal control over financial reporting required significant documentation, testing and possible remediation to meet the detailed standards. We encountered problems or delays in completing activities necessary to make an assessment of our internal control over financial reporting. In addition, we may encounter problems or delays in completing the implementation of improvements and receiving an attestation of our assessment by our independent registered public accountants which will be required for fiscal 2008. If we do not improve our internal control over financial reporting so that it is effective, or our independent registered public accountants are unable to provide an unqualified attestation report on such assessment, investor confidence in us and the value of our common stock may be negatively impacted. Further, many companies have reported that compliance with these standards requires a disproportionate expenditure of funds.

In addition, as a public reporting company, we are subject to various laws, regulations and standards relating to corporate governance and public disclosure. Our management team needs to invest significant time and financial resources to comply with both existing and evolving standards for public companies, which will lead to significant general and administrative expenses and a diversion of management time and attention from revenue-generating activities to compliance activities. In addition, because public company directors and officers face increased liabilities, the individuals serving in these positions may be less willing to remain as directors or executive officers for the long-term, and we may experience difficulty in attracting qualified replacement directors and officers. We also experienced increased cost and efforts obtaining director and officer liability insurance, and we may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. As a result, we may need to expend a significantly larger amount than we previously spent on recruiting, compensating and insuring new directors and officers.

## **Risks Related To Our Industry**

***The failure to retain or continue to recruit key athletes and coaches could negatively impact the growth of IFL's popularity.***

Our success depends, in large part, upon our ability to recruit and retain athletes and coaches who are well known in the MMA world and who can perform at a high level in our live events and televised programming. There is no assurance that we will be able to continue to identify and retain these athletes and coaches in the future. Additionally, there is no assurance that we will be able to retain our current athletes and coaches after their contracts expire. Our failure to attract and retain key athletes, or a serious or untimely injury to, or the death of, or unexpected or premature loss or retirement for any reason of any of our key athletes, could lead to a decline in the popularity of our brand of mixed martial arts, which could adversely affect our operating results.

***The markets in which we operate are highly competitive, rapidly changing and increasingly fragmented, and we may not be able to compete effectively, especially against competitors with greater financial resources or marketplace presence.***

For our live and television audiences, we face competition from professional and college sports, as well as from other forms of live and televised entertainment and other leisure activities in a rapidly changing and increasingly fragmented marketplace. Many of the companies with which we compete have greater financial resources than are currently available to us. Our failure to compete effectively could result in a significant loss of viewers, venues, distribution channels or athletes and fewer advertising dollars spent on our form of sporting events, any of which could adversely affect our operating results.

**Table of Contents**

***A decline in the popularity of mixed martial arts, including changes in the social and political climate, could adversely affect our business.***

Our operations are affected by consumer tastes and entertainment trends, which are unpredictable and subject to change and may be affected by changes in the social and political climate. We believe that mixed martial arts is growing in popularity in the United States and around the world, but a change in our fans' tastes or a material change in the perceptions of our advertisers, distributors and licensees, whether due to the social or political climate or otherwise, could adversely affect our operating results.

***Changes in the regulatory atmosphere and related private-sector initiatives could adversely affect our business.***

Although the production and distribution of television programming by independent producers is not directly regulated by the federal or state governments in the United States, the marketplace for television programming in the United States is affected significantly by government regulations applicable to, as well as social and political influences on, television stations, television networks and cable and satellite television systems and channels. We voluntarily designate the suitability of each of our television programs for audiences using standard industry practices. A number of governmental and private sector initiatives relating to the content of media programming in recent years have been announced in response to recent events unrelated to us or mixed martial arts. Changes in governmental policy and private sector perceptions could further restrict our program content and adversely affect our viewership levels and operating results, as well as the willingness of broadcasters to distribute our programming.

***Because we depend upon our intellectual property rights, our inability to protect those rights or prevent their infringement by others could adversely affect our business.***

Intellectual property is material to all aspects of our operations, and we may expend substantial cost and effort in an attempt to maintain and protect our intellectual property. We have a portfolio of registered trademarks and service marks and maintain a catalog of copyrighted works, including copyrights to television programming and photographs. Our inability to protect our portfolio of trademarks, service marks, copyrighted material, trade names and other intellectual property rights from piracy, counterfeiting or other unauthorized use could negatively affect our business.

***We may be prohibited from promoting and conducting our live events if we do not comply with applicable regulations.***

In various states in the United States and some foreign jurisdictions, athletic commissions and other applicable regulatory agencies require us to obtain licenses for promoters, medical clearances and/or other permits or licenses for athletes and/or permits for events in order for us to promote and conduct our live events. If we fail to comply with the regulations of a particular jurisdiction, we may be prohibited from promoting and conducting live events in that jurisdiction. The inability to present live events over an extended period of time or in a number of jurisdictions could lead to a decline in the various revenue streams generated from our live events, which could adversely affect our operating results.

***A decline in general economic conditions could adversely affect our business.***

Our operations are affected by general economic conditions, which generally may affect consumers' disposable income, the level of advertising spending and sponsorships. The demand for entertainment and leisure activities tends to be highly sensitive to the level of consumers' disposable income. A decline in general economic conditions could reduce the level of discretionary income that our fans and potential fans have to spend on our live and televised entertainment and consumer products, which could adversely affect our revenues.

**Table of Contents**

**Risks Related To Our Common Stock**

***Insiders have substantial control over us, and they could delay or prevent a change in our corporate control even if our other stockholders wanted it to occur.***

As of March 31, 2008, our executive officers, directors, and principal stockholders who hold 5% or more of our outstanding common stock beneficially owned, in the aggregate, approximately 72% of our outstanding common stock. These stockholders are able to exercise significant control over all matters requiring stockholder approval, including the election of directors and approval of significant corporate transactions. This could delay or prevent an outside party from acquiring or merging with us even if our other stockholders wanted it to occur.

***We cannot assure you that a market will develop for our common stock or what the market price of our common stock will be.***

Prior to the merger and our acquisition of Old IFL's business, there was a limited trading market for our common stock and there was no public trading market for Old IFL's common stock. Upon the effectiveness on May 29, 2007 of a registration statement for 19,376,000 shares of our common stock sold in a December 2006 private placement, a more active trading market developed for our common stock. However, since that time, the price of our common stock has decreased significantly and has traded below \$0.10 per share. No assurance can be given that an active market for our common stock will be sustained, or that you will be able to sell your shares of common stock at an attractive price or at all. We cannot predict the prices at which our common stock will trade. It is possible that, in future quarters, our operating results may be below the expectations of securities analysts or investors. As a result of these and other factors, the price of our common stock may decline, possibly materially.

***If we raise additional capital through the issuance of equity securities, or securities exercisable for or convertible into our equity securities, our stockholders could experience substantial dilution.***

If we raise additional capital by issuing equity securities or convertible debt securities, our existing stockholders may incur substantial dilution. Further, we may issue shares that have rights, preferences and privileges superior to the rights, preferences and privileges of our outstanding common stock.

***The market price of our common stock may be volatile.***

The market price of our common stock has been and will likely continue to be highly volatile, as is the stock market in general, and the market for OTC Bulletin Board quoted stocks in particular. Some of the factors that may materially affect the market price of our common stock are beyond our control, such as changes in financial estimates by industry and securities analysts, conditions or trends in the MMA and entertainment industries, announcements made by our competitors or sales of our common stock. These factors may materially adversely affect the market price of our common stock, regardless of our performance.

In addition, the public stock markets have experienced extreme price and trading volume volatility. This volatility has significantly affected the market prices of securities of many companies for reasons frequently unrelated to the operating performance of the specific companies. These broad market fluctuations may adversely affect the market price of our common stock.

***Future sales of our common stock may depress our stock price.***

Sales of a substantial number of shares of our common stock in the public market could cause a decrease in the market price of our common stock. As of March 31, 2008 we had 79,058,509 shares of common stock outstanding, and options and warrants outstanding to purchase 2,900,308 and 14,611,180, respectively, shares of our common stock. Substantially all of the 79 million shares of our common stock that are issued and outstanding may be traded under our two recent registrations statements or Rule 144 of the Securities Act of 1933. We may also issue additional shares of stock and securities convertible into or exercisable for stock in

**Table of Contents**

connection with our business. If a significant portion of these shares were sold in the public market, the market value of our common stock could be adversely affected.

***If you are not an institutional investor, you may purchase our securities in this offering only if you reside within certain states and may engage in resale transactions only in those states and a limited number of other jurisdictions.***

If you are not an institutional investor, you will need to be a resident of certain jurisdictions to purchase our securities in this offering. The definition of an institutional investor varies from state to state but generally includes financial institutions, broker-dealers, banks, insurance companies and other qualified entities. In order to prevent resale transactions in violation of states securities laws, you may engage in resale transactions only in the states and in other jurisdictions in which an applicable exemption is available or a registration application has been filed and accepted. This restriction on resale may limit your ability to resell the securities purchased in this offering and may impact the price of our shares.

We are planning to seek a listing in a securities manual. Publication of certain information with respect to IFL in a securities manual is significant because it will allow you, in certain circumstances, to sell any shares of common stock that you purchase in this offering pursuant to a commonly used selling stockholder exemption to state securities registration known as the manual exemption. The manual exemption permits a security to be distributed in a particular state without being registered if the issuer of that security has a listing for that security in a securities manual recognized by the state. Furthermore, the manual exemption is a non-issuer exemption restricted to secondary trading transactions. Most of the accepted manuals are those published by Standard and Poor's, Mergent Investor Relation Services, Fitch's Investment Service, and Best's Insurance Reports, and many states expressly recognize these manuals, although some states impose additional requirements. A smaller number of states declare that they recognize securities manuals but do not specify the recognized manuals. Other states do not have any provisions and therefore do not expressly recognize the manual exemption. If you are not an institutional investor, you generally will not be permitted to purchase shares in this offering unless there is an available exemption (including the manual exemption) or we register the shares covered by this prospectus in such states. You will be permitted to purchase shares in this offering in New York as we have taken the steps required by the state to allow for the secondary trading of securities under this registration statement.

***Because we are seeking a limited offering qualification in California, sales of our common stock will be limited in California.***

We are seeking a limited offering qualification of our common stock in California. If the offering is approved in California on the basis of such limited offering qualification, offers/sales by the selling securityholders can only be made to proposed California purchasers based on their meeting certain suitability standards. The California Department of Corporations refers to and has specified this standard as a super suitability standard of not less than:

\$250,000 liquid net worth, exclusive of home, home furnishings and automobile, plus \$65,000 gross annual income,

\$500,000 liquid net worth,

\$1,000,000 net worth (inclusive), or

\$200,000 gross annual income.

If the offering is approved in California on the basis of a limited offering qualification, we will not have to demonstrate compliance with some of the merit regulations of the California Department of Corporations as found in Title 10, California Code of Regulations, Rule 260.140 et seq. In addition, the exemptions for secondary trading in California available under California Corporations Code Section 25104(h) will be withheld, although there may be other exemptions to cover private sales in California of a bona fide owner for his own account without advertising and without being effected by or through a broker dealer in a public offering.

**Table of Contents**

***Provisions in our certificate of incorporation and bylaws and under Delaware law may discourage, delay or prevent a change of control of our company or changes in our management and, therefore, depress the trading price of our common stock.***

Our certificate of incorporation and bylaws contain provisions that could depress the trading price of our common stock by acting to discourage, delay or prevent a change of control of our company or changes in our management that the stockholders of our company may deem advantageous. These provisions:

authorize the issuance of blank check preferred stock that our board of directors could issue to increase the number of outstanding shares to discourage a takeover attempt;

provide that only the President, Chairman of the Board or the board of directors may call a special meeting of our stockholders and the only business to be conducted at any special meeting of stockholders shall be matters relating to the purposes stated in the applicable notice of meeting;

provide that the board of directors is expressly authorized to make, alter or repeal our bylaws;

provide that advance notice procedures set forth in our bylaws must be followed for stockholders to make nominations of candidates for election as directors or to bring other business before an annual meeting of our stockholders.

In addition, Section 203 of the Delaware General Corporation Law provides that, subject to certain exceptions, an interested stockholder of a Delaware corporation shall not engage in any business combination, including mergers or consolidations or acquisitions of additional shares of the corporation, with the corporation for a three-year period following the date that such stockholder becomes an interested stockholder unless:

prior to such date, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder,

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced (excluding certain shares), or

on or subsequent to such date, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders by the affirmative vote of at least 66<sup>2</sup>/<sub>3</sub>% of the outstanding voting stock which is not owned by the interested stockholder.

With some exceptions, an interested stockholder includes any person and affiliates that own 15% or more of our outstanding voting stock.

Under certain circumstances, Section 203 makes it more difficult for a person who would be an interested stockholder to effect various business combinations with us for a three-year period. We have not elected to be exempt from the restrictions imposed under Section 203. The provisions of Section 203 may encourage persons interested in acquiring us to negotiate in advance with our board of directors, since the stockholder approval requirement would be avoided if a majority of our directors then in office approves either the business combination or the transaction which results in any such person becoming an interested shareholder. These provisions also may have the effect of preventing changes in our management. These provisions could make it more difficult to accomplish transactions which our stockholders may otherwise deem to be in their best interests.

**SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS AND INDUSTRY DATA**

This prospectus includes forward-looking statements. All statements contained in this prospectus other than statements of historical facts, including statements regarding our future results of operations and financial position, our business strategy and plans and our objectives for future operations, are forward-looking statements. The words believe, may, might, estimate, continue, anticipate, intend, expect, could, can, plans, possible, targets, objectives, goals, seeks, should,

**Table of Contents**

will, would and similar expressions are intended to identify forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy, short-term and long-term business operations and objectives, and financial needs. These forward-looking statements are subject to a number of risks, uncertainties and assumptions, including those described in Risk Factors. In light of these risks, uncertainties and assumptions, the future events and trends discussed in this prospectus may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. We are under no duty to update any of these forward-looking statements after the date of this prospectus to conform these statements to actual results or revised expectations.

**USE OF PROCEEDS**

All net proceeds from the sale of the shares of common stock offered under this prospectus by the selling securityholders will go to the holder who offers and sells them. We will not receive any of the proceeds from the offering of the shares by the selling securityholders. We will receive the proceeds from the exercise of any warrants, unless the holder elects a cashless exercise, in which case the selling securityholder would receive less than all of the shares for which the securityholder is exercising the warrant. If all of the selling securityholders exercise all of the warrants and none of them elect the cashless exercise option, we would receive \$14,389,800 in proceeds. However, the selling securityholders are not obligated to exercise the warrants, or may exercise using a cashless exercise, so we may receive less than \$14,389,800 of proceeds, or may receive no proceeds. Any proceeds we receive would be used for working capital and general corporate purposes.

**Table of Contents****MARKET PRICE OF AND DIVIDENDS ON COMMON EQUITY AND  
RELATED STOCKHOLDER MATTERS**

Our shares of common stock, par value \$0.01 per share, are quoted on the OTC Bulletin Board under the symbol IFLI. Prior to November 29, 2006, our common stock was quoted on the OTC Bulletin Board under the symbol PGNT. The following table sets forth the range of high and low closing sale prices for the common stock as reported by the OTC Bulletin Board for the periods indicated below.

	<b>High</b>	<b>Low</b>
<b>2008</b>		
Second Quarter (through May 7)	\$ 0.06	\$ 0.04
First Quarter	\$ 0.18	\$ 0.06
<b>2007</b>		
Fourth Quarter	\$ 0.62	\$ 0.14
Third Quarter	\$ 1.02	\$ 0.45
Second Quarter	\$ 8.60	\$ 0.96
First Quarter	\$ 16.50	\$ 8.95
<b>2006</b>		
Fourth Quarter	\$ 14.45	\$ 2.40
Third Quarter	\$ 3.40	\$ 1.30
Second Quarter	\$ 2.10	\$ 0.30
First Quarter	\$ 1.80	\$ 0.01
<b>2005</b>		
Fourth Quarter	\$ 1.60	\$ 0.40
Third Quarter	\$ 1.60	\$ 1.00
Second Quarter	\$ 3.40	\$ 1.20
First Quarter	\$ 5.40	\$ 2.20

The closing sale prices in the table above reflect inter-dealer prices, without retail mark-up or commissions and may not represent actual transactions.

Immediately prior to the Merger on November 29, 2006, we effected a 1-for-20 reverse stock split, whereby every 20 shares of common stock then outstanding were combined and reduced into one share of common stock. The closing sale prices in the table above reflect the reverse stock split. The reverse stock split did not affect the authorized number of shares of common stock or the number of our stockholders of record since each fractional share resulting from the reverse stock split was rounded up to the nearest whole share.

As of April 30, 2008 we had approximately 1,550 holders of record of our common stock. The last sale price of our common stock as reported by the OTC Bulletin Board on May 7, 2008 was \$0.05 per share.

**Dividend Policy**

We have never declared or paid dividends on our common stock. We intend to retain earnings, if any, to support the development of our business and therefore do not anticipate paying cash dividends for the foreseeable future. Payment of future dividends, if any, will be at the discretion of our board of directors after taking into account various factors,

Edgar Filing: International Fight League, Inc. - Form POS AM  
including current financial condition, operating results and current and anticipated cash needs.

**Table of Contents****Securities Authorized for Issuance Under Equity Compensation Plans**

The following table sets forth information as of December 31, 2007 with respect to our equity compensation plans, for which our common stock is authorized for issuance. The data in the table below reflects the 1-for-20 reverse common stock split we effected immediately prior to the Merger on November 29, 2006.

	<b>Number of Securities to be Issued Upon</b>	<b>Weighted Average</b>	<b>Number of Securities Remaining Available for Future Issuance</b>
	<b>Exercise of Outstanding Options, Warrants and Rights</b>	<b>Exercise Price of Outstanding Options, Warrants and Rights</b>	
Equity compensation plans approved by security holders	2,900,306(1)	\$ 3.66(1)	2,136,296(2)
Equity compensation plans not approved by security holders			
<b>Total</b>	<b>2,900,306(1)</b>	<b>\$ 3.66(1)</b>	<b>2,136,296(2)</b>

(1) Includes 2,637,919 shares subject to options outstanding under our 2006 Equity Incentive Plan having a weighted average exercise price of \$.32 per share, which options were issued in the Merger upon our assumption of all of the outstanding options of Old IFL, and 262,387 shares subject to options outstanding under our 1998 Equity Incentive Plan having a weighted average exercise price of \$37.22 per share.

(2) Includes 2,136,296 shares that remain available for issuance under our 2006 Equity Incentive Plan.

**Table of Contents****SELECTED FINANCIAL DATA**

You should read the data set forth below in conjunction with our consolidated financial statements and related notes, Management's Discussion and Analysis of Financial Condition and Results of Operation, and other financial information appearing elsewhere in this prospectus.

We derived the consolidated statements of operations data for the period from March 29, 2005 (date of inception) to December 31, 2005 and the consolidated balance sheet data as of December 31, 2005 from the audited consolidated financial statements of International Fight League, LLC, the predecessor to Old IFL, which were prepared in accordance with generally accepted accounting principles, included elsewhere in this prospectus.

We derived the consolidated statements of operations data for the years ended December 31, 2007 and 2006 and the consolidated balance sheet data as of December 31, 2007 and 2006 from our audited consolidated financial statements included elsewhere in this prospectus. Our historical results are not necessarily indicative of the results to be expected in any future period.

	<b>International Fight League, Inc. for the Year  Ended December 31, 2007</b>	<b>International Fight League, Inc. for the Year  Ended December 31, 2006</b>	<b>International Fight League, LLC March 29, 2005 (Date of Inception) to December 31, 2005</b>

**ABOUT THE OFFERING**

On August 6, 2007, we sold 25,330,000 shares of our common stock at a price of \$0.50 per share to a number of institutional and individual accredited investors in a private placement, for gross proceeds of \$12,665,000. As part of the transaction, we issued to the investors five-year warrants to purchase 12,665,000 shares of our common stock at an exercise price of \$1.05 per shares. In connection with the private placement, we incurred various expenses which included commissions to the placement agent, legal and accounting fees, and other miscellaneous expenses, of \$1.1 million. We also issued to the placement agent, as partial compensation for its services, a five-year warrant to purchase up to 729,900 shares of common stock at an exercise price of \$1.05 per share.

In connection with this private placement of our common stock, we and the investors entered into a registration rights agreement, dated as of August 6, 2007, whereby we agreed to file this registration statement to register the resale of the common stock, within 60 days of the closing date and to use reasonable best efforts to cause the registration statement to be declared effective within 90 days, or 120 days upon review by the SEC.

On December 28, 2006, we sold 19,376,000 shares of our common stock at a price of \$1.25 per share to a number of institutional and individual accredited investors in a private placement, for gross proceeds of \$24,220,000. As part of this private placement, we also issued to the placement agent, as partial compensation for its services, a warrant to purchase up to 581,280 shares of common stock, or 3% of the number of shares sold in this December 2006 private placement, at an exercise price of \$1.25 per share. The warrant is exercisable at any time on or before March 1, 2012.

In connection with this December 2006 private placement, we and the investors entered into a registration rights agreement, dated as of December 28, 2006, whereby we registered for resale of the common stock issued in the December 2006 private placement. This prospectus also covers the resale of these shares of common stock.

**SELLING SECURITYHOLDERS AUGUST 2007 PRIVATE PLACEMENT**

For additional information regarding the issuance of the common stock offered by the selling securityholders, see

About the Offering above. We are registering the shares of common stock in order to permit the selling securityholders to offer the shares for resale from time to time. The selling securityholders have not had any material relationship with us within the past three years other than (1) the ownership of their common stock, and (2) Piper Jaffray & Co., which has been an advisor to us and was the placement agent for the private placements we completed in August 2007 and December 2006.

This prospectus covers offers and sales of shares of our common stock by the selling securityholders identified below. We sold the 25,330,000 newly-issued shares for \$0.50 per share, issued warrants to the purchasers in the August 2007

private placement to purchase 12,665,000 shares of our common stock and issued to the placement agent a warrant to purchase up to 729,900 shares of common stock at an exercise price of \$1.05 per share. Each selling stockholder represented to us that the selling securityholder purchased the shares and warrants for its or his own account for investment only and that the selling securityholder has no present intent of distributing the shares or warrants.

**Table of Contents**

The table below lists the selling securityholders and other information regarding their beneficial ownership of shares of our common stock. The second column lists the number of shares of common stock beneficially owned by each selling stockholder, based on its ownership of the common stock, as of October 8, 2007. The third column lists the shares of common stock being offered pursuant to this prospectus by the selling securityholders, which in accordance with the terms of the registration rights agreement with the selling securityholders, includes the resale of all shares of common stock sold by us in the August 2007 private placement and the shares of common stock which the selling securityholders may purchase upon the exercise of warrants issued as part of that private placement. We are also registering all of the shares of common stock that would be issued to Piper Jaffray & Co. upon the exercise of the warrants we issued to it in connection with both the December 2006 and August 2007 private placements, and the amounts in the third column for Piper Jaffray & Co. includes these shares. The fourth column assumes that the selling securityholders sell all of the shares of common stock offered pursuant to this prospectus.

Beneficial ownership is determined in accordance with Rule 13d-3 promulgated by the Securities and Exchange Commission, and generally includes voting or investment power with respect to securities. Except as indicated in the footnotes to the table, we believe, based on information provided by each selling securityholder, that each selling securityholder possesses sole voting and investment power with respect to all of the shares of common stock owned by that selling securityholder. In computing the number of shares beneficially owned by a selling securityholder and the percentage ownership of that selling securityholder, we have included the number of shares of common stock that the selling securityholder may acquire within 60 days after the date of the table pursuant to options or warrants. All the shares subject to warrants issued to the investors in the August 2007 private placement and issued to Piper Jaffray & Co. as compensation for serving as placement agent for the December 2006 and August 2007 private placements are included in the total. Those shares, however, are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person or group.

- (12) MSD Capital, L.P. is the general partner of SOF Investments, L.P. and therefore may be deemed to be the indirect beneficial owner of the shares and warrants owned by SOF Investments, L.P. MSD Capital Management LLC is the general partner of MSD Capital, L.P.
- (13) Benjamin Taylor, as managing member of the general partner of Sophrosyne Technology Fund Ltd., has sole voting and sole investment power over the securities owned by Sophrosyne Technology Fund Ltd.

**SELLING SECURITYHOLDERS    DECEMBER 2006 PRIVATE PLACEMENT**

This prospectus also covers offers and sales of shares of our common stock by the selling securityholders identified below in connection with our December 28, 2006 private placement of our common stock. We sold the 19,376,000 newly-issued shares for \$1.25 per share. Each selling securityholder represented that the securityholder purchased the shares for the securityholder's own account for investment only and that the securityholder has no present intent of distributing the shares.

The table below lists the selling securityholders from the December 28, 2006 private placement and other information regarding their beneficial ownership of our shares of common stock. The second column lists the number of shares of common stock beneficially owned by each selling securityholder, based on its ownership of the common stock, as of February 9, 2007. The third column lists the shares of common stock purchased in the December 2006 private placement being offered pursuant to this prospectus by the selling securityholders. In accordance with the terms of the registration rights agreement with the selling securityholders, this prospectus generally covers the resale of all of shares of common stock sold by us pursuant to the December 2006 private placement. The fourth column assumes that the selling securityholders sell all of the shares of common stock purchased in the December 2006 private placement offered pursuant to this prospectus.

Beneficial ownership is determined in accordance with Rule 13d-3 promulgated by the Securities and Exchange Commission, and generally includes voting or investment power with respect to securities. Except as indicated in the footnotes to the table, we believe, based on information by each selling securityholder, that each selling securityholder

possesses sole voting and investment power with respect to all of the shares of common stock owned by that selling securityholder. In computing the number of shares beneficially owned by a selling securityholder and the percentage ownership of that selling securityholder, shares of common stock subject to options or warrants held by that selling securityholder that are currently exercisable or are exercisable within 60 days after the date of the table are deemed outstanding. Those shares, however, are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person or group.

- (15) Richard C. Diecidue in his capacity as managing member of Unicom Capital LLC exercises voting and investment control over the securities owned by of Unicom Capital LLC.

**Table of Contents**

**PLAN OF DISTRIBUTION**

The selling securityholders and any of their pledgees, donees, transferees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The selling securityholders may use any one or more of the following methods when selling shares:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

short sales;

broker-dealers may agree with the selling securityholders to sell a specified number of such shares at a stipulated price per share;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

a combination of any such methods of sale; and

any other method permitted pursuant to applicable law.

The selling securityholders may also sell shares under Rule 144 under the Securities Act of 1933, if available, rather than under this prospectus.

Broker-dealers engaged by the selling securityholders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling securityholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling securityholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

The selling securityholders may from time to time pledge or grant a security interest in some or all of the shares owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell shares of common stock from time to time under this prospectus, or under an amendment or supplement to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act of 1933 amending the list of selling securityholders to include the pledgee, transferee or other successors in interest as selling securityholders under this prospectus.

Upon IFL being notified in writing by a selling stockholder that any material agreement has been entered into with a broker-dealer for the sale of common stock through a block trade, special offering, exchange distribution or secondary

distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required disclosing (i) the name of each such selling stockholder and of the participating broker-dealer(s), (ii) the number of shares involved, (iii) the price at which such shares of common stock were sold, (iv) the commissions paid or discounts or concessions allowed to such broker-dealers, where applicable, (v) if applicable, that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus, and (vi) other facts material to the transaction. In addition, upon IFL being notified in writing by a selling stockholder that a donee or pledgee intends to sell more than 500 shares of common stock, a supplement to this prospectus will be filed if then required in accordance with applicable securities laws.

The selling securityholders also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

**Table of Contents**

The selling securityholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling securityholders and any broker-dealers or agents that are involved in selling the shares may be deemed to be underwriters within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Discounts, concessions, commissions and similar selling expenses, if any, attributable to the sale of shares will be borne by the selling stockholder. Each selling stockholder has represented and warranted to us that it acquired the securities subject to this registration statement in the ordinary course of such selling stockholder's business and, at the time of its purchase of such securities such selling stockholder had no agreements or understandings, directly or indirectly, with any person to distribute any such securities.

We have advised each selling stockholder that it may not use shares registered on the registration statement of which this prospectus is part to cover short sales of common stock made prior to the date on which the registration statement shall have been declared effective by the SEC. If the selling securityholders use this prospectus for any sale of the common stock, they will be subject to the prospectus delivery requirements of the Securities Act unless an exemption from the delivery requirements is available. The selling securityholders will be responsible to comply with the applicable provisions of the Securities Act and Exchange Act, and the rules and regulations promulgated under these acts, including, without limitation, to the extent applicable, Regulation M, as applicable to such selling securityholders in connection with resales of their respective shares under the registration statement.

In connection with sales of the shares of common stock or otherwise, the selling securityholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the shares of common stock in the course of hedging in positions they assume. The selling securityholders may also sell shares of common stock short and deliver shares of common stock covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling securityholders may also loan or pledge shares of common stock to broker-dealers that in turn may sell such shares.

We are required to pay all fees and expenses incident to the registration of the shares, but we will not receive any proceeds from the sale of the common stock. We have agreed to indemnify the selling securityholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act and state securities laws, relating to the registration of the shares offered by this prospectus.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our historical financial statements and related notes that appear elsewhere in this prospectus.*

*In addition to historical financial information, the following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this prospectus, including those set forth in Risk Factors.*

**Overview**

We operate, through our subsidiary, IFL Corp., the world's first professional mixed martial arts sports league International Fight League. Immediately prior to November 29, 2006, we were known as Paligent Inc. and were a shell company with no operating business. On November 29, 2006, pursuant to the Merger between our wholly owned subsidiary and Old IFL, we acquired the mixed martial arts sports league business of Old IFL. As a result of the Merger, Old IFL became our wholly owned subsidiary and changed its name to IFL Corp., and we changed our name from Paligent Inc. to International Fight League, Inc.

Immediately prior to the Merger, all of the outstanding shares of preferred stock of Old IFL were converted into shares of Old IFL common stock on a one-for-one basis, and we effected a 1-for-20 reverse stock split of our common stock, such that the number of shares of our common stock outstanding following the Merger would be approximately equal to the number of shares of our common stock outstanding immediately prior to the reverse stock split. Pursuant to the Merger, we issued 30,872,101 shares of our common stock to the stockholders of Old IFL in exchange for all of the outstanding capital stock of Old IFL. In connection with the Merger, all of the options to purchase 1,865,000 shares of common stock of Old IFL outstanding prior to the Merger were converted into options to purchase 1,925,376 shares of our common stock on the same terms and conditions applicable to such options prior to the Merger. The new options were issued under the International Fight League, Inc. 2006 Equity Incentive Plan approved by our stockholders in conjunction with their approval of the Merger.

Following the reverse stock split and the Merger, there were 32,496,948 shares of IFL common stock outstanding, of which the pre-Merger stockholders of Paligent owned approximately 5% and the pre-Merger stockholders of Old IFL owned approximately 95%. As a result, Old IFL has been treated as the acquiring company for accounting purposes. The Merger has been accounted for as a reverse acquisition under the purchase method of accounting for business combinations in accordance with generally accepted accounting principles in the United States of America. Reported results of operations of the combined group issued after completion of the transaction will reflect Old IFL's operations.

As part of the Merger, our two then existing directors, Salvatore A. Bucci and Richard Kurtz, and Old IFL's three then existing directors, Gareb Shamus, Kurt Otto and Michael Molnar, were elected as our directors, and Old IFL's officers became our officers, except that upon the consummation of the Merger, Mr. Bucci, our President and Chief Executive Officer before the Merger, resigned from these positions and was appointed our Chief Financial Officer, Executive Vice President and Treasurer. Mr. Bucci resigned from the Company effective September 30, 2007. Mr. Shamus resigned his officer positions with the Company on November 19, 2007 and from our Board of Directors on December 17, 2007. Changes to our Board of Directors and executive officers is discussed under Management.

In addition, immediately following the Merger, we issued 1,627,500 shares of common stock to Mr. Kurtz, Paligent's principal stockholder before the Merger, in exchange for his contribution of \$651,000 of indebtedness owing to him under a promissory note issued by Paligent.

The Old IFL business was founded in 2005 to organize, host and promote live and televised mixed martial arts sporting events and to capitalize on the growing popularity of mixed martial arts in the United States and around the world. Following the acquisition of Old IFL, we refocused our business efforts on

**Table of Contents**

developing and operating Old IFL's mixed martial arts sports league business and continued operating this business through IFL Corp. At the core of our business in 2007 was our twelve mixed martial arts teams, which consist of some of the world's most highly regarded mixed martial arts athletes and coaches. Our mixed martial arts sporting events typically included match-ups of two teams, with athletes competing in one-on-one matches according to weight division. These events create a body of television programming content that we currently distribute in the United States through an arrangement with Fox Sports Net (FSN) and MyNetworkTV, Inc. (MNTV). We earn revenue from live event ticket sales, sponsorships and promotions and licensing of our intellectual property. For 2008, we have changed our format by eliminating our team format, focusing on MMA camps and title fights involving our belt holders.

Old IFL's predecessor, International Fight League, LLC (the LLC), was organized on March 29, 2005 as a New Jersey limited liability company. On January 11, 2006, the LLC merged into Old IFL, whereupon the existence of the LLC ceased, and at which time the members of the LLC received an aggregate of 18,000,000 shares of Old IFL common stock, par value \$0.0001 per share, in exchange for their membership interests in the LLC.

Old IFL operated as a development stage enterprise through March 31, 2006. On April 29 and June 3, 2006, Old IFL held its debut MMA sports events featuring its initial four teams. The event was broadcast in a series of three original taped telecasts in May and June 2006. We have held four additional events as part of The World Team Championship, including the final event held in December 2006. We launched our first full season in 2007, which consisted of a six-month; nine event regular season that was followed by a two month, two events post-season. We finished 2008 with a two event Grand Prix all-star tournament during November and December 2007, in which the top athletes in each weight class competed for the title belts, which were awarded to the champion of each of six weight classes.

As Old IFL, we raised funds primarily through stockholder loans and the issuance of preferred stock. The Merger is also considered to be a capital transaction in substance rather than a business combination. The transaction is equivalent to the issuance of stock by Old IFL for the net monetary assets of Paligent, accompanied by a recapitalization. The transaction has been accounted for as a reverse acquisition of a shell company whereby Old IFL is the acquirer for accounting purposes and Paligent is the legal acquirer. In this transaction, no goodwill or other intangible assets have been recorded. As a result, the financial information included in this report for periods prior to the Merger relates to Old IFL.

At December 31, 2007, we had stockholders' equity of \$5.8 million and an accumulated deficit of \$31 million. For the year ended December 31, 2007, we incurred losses and negative operating cash flows of \$21.2 million and \$21.4 million, respectively, as compared to 2006 of \$9.6 million and \$8.2 million, respectively. These trends have continued in the first quarter of 2008 as we continue to develop our business.

On December 28, 2006, we completed a private sale to a number of institutional and individual accredited investors an aggregate of 19,376,000 shares of common stock at a price of \$1.25 per share, or \$24,220,000 in the aggregate. In connection with the private placement, we incurred expenses which included, without limitation, commissions to the placement agent, legal and accounting fees, and other miscellaneous expenses, of approximately \$2 million. We also issued to the placement agent, as partial compensation for its services, a five-year warrant to purchase up to 581,280 shares of common stock at an exercise price of \$1.25 per share.

On August 6, 2007, we completed a private sale to a number of institutional and individual accredited investors for 25,330,000 shares of common stock at a price of \$0.50 per share, or \$12,665,000 in the aggregate, and issued five year warrants to the investors to purchase 12,665,000 shares of common stock with an exercise price of \$1.05 per share. In connection with the private placement, we incurred expenses which included, without limitation, commissions to the placement agent, legal and accounting fees, and other miscellaneous expenses, of approximately \$1.1 million. We also issued to the placement agent, as partial compensation for its services, a five-year warrant to purchase up to

729,900 shares of our common stock at an exercise price of \$1.05 per share.

**Table of Contents****Unaudited Quarterly Consolidated Financial Data**

The following tables set forth selected unaudited quarterly consolidated income statement data for each of the quarters ended March 31, June 30, September 30, and December 31, for 2007 and 2006. No information is presented for earlier quarters, as Old IFL did not commence operations until January 2006, and such earlier information is not deemed material or comparable. The consolidated financial statements for each of these quarters have been prepared on the same basis as the audited consolidated financial statements included in this report and, in the opinion of management, include all adjustments necessary for the fair presentation of the consolidated results of operations for these periods. You should read this information together with our audited consolidated financial statements and the related notes included elsewhere in this report.

These unaudited quarterly operating results are not necessarily indicative of the results for any future period.

**Results of Operations**

From inception to December 31, 2007, we have incurred costs and expenses significantly in excess of revenues. As we pursue our goals and continue to build out our organization and business, we expect to increase revenues and control costs and maximize value to existing stockholders, though we expect to incur additional losses.

During 2005, we were a development stage company with insignificant operations. Accordingly, there are no meaningful comparative data upon which period comparisons can be made.

***Year Ended December 31, 2007 Compared To Year Ended December 31, 2006***

During the year ended December 31, 2007, IFL incurred a net loss of \$21.3 million, or \$0.33 per common share compared to a net loss of \$9.6 million, or \$0.49 per common share for the year ended December 31, 2006.

***Revenues:***

Revenues for 2007 were \$5.7 million as compared to \$1.0 million for 2006, an increase of \$4.7 million or 470%. The increase is attributable to 2007 being the first full year of MMA sporting events, a total of thirteen events as compared to six events in 2006. For the first time, revenues were generated by television

**Table of Contents**

rights and by sharing a portion of food, beverage and parking revenue at some of our events. In addition, sponsorship revenue increased in 2007 over 2006. The principal components of revenue include:

Revenue from live events of \$2.4 million in 2007 versus \$672,000 in 2006, an increase of \$1.7 million, or 253%, due to an increase in the number of events from six in 2006 to thirteen in 2007 and increased revenue per event, including food, beverage and parking revenue of \$163,000 in 2007 versus \$0 in 2006;

Television rights of \$2.6 million in 2007 versus \$0 in 2006, representing revenue from domestic distribution and international distribution; and

Advertising revenues of \$498,000 in 2007 versus \$274,000 in 2006, an increase of \$224,000, or 82%, representing an increase in sponsorship revenue from an existing sponsor and three new sponsors.

In January 2007, we entered into a Letter of Intent with Fox Cable Networks, Inc. ( Fox ) and MyNetworkTV, Inc. ( MNTV and, together with Fox, the Fox Entities ) (the Letter of Intent ), which set forth certain terms and conditions under which the Fox Entities and IFL proposed to create, promote and distribute IFL MMA content. Under the Letter of Intent, FSN had exclusive distribution rights to telecast all IFL regular season, playoff and championship events. We did not recognize any revenue from the FSN telecasts. The Letter of Intent also provided for the telecasting of IFL MMA content on MNTV, for which MNTV paid fees to us. MNTV paid us \$1,607,500 during the year ended December 31, 2007 which we recognized as television revenue.

In February 2007, we entered into an agreement with Alfred Haber Distribution, Inc. to be the exclusive distributor internationally of IFL MMA content broadcasted on FSN and MNTV. We recognized \$1,000,000 in revenue for the year ended December 31, 2007 from this arrangement.

On various dates during the year ended December 31, 2006, we entered into agreements with National Sports Programming, owner and operator of Fox Sports Net Sports Programming Service ( FSN ) regarding IFL s series of team mixed martial arts matches held during the year ended December 31, 2006. The agreements granted FSN certain rights to the telecasts and, in return, FSN agreed to broadcast the series under specified conditions. We did not recognize any television rights revenue or corresponding costs of revenues related to those agreements.

***Cost of Revenues:***

For the year ended December 31, 2007, cost of revenues was \$17.7 million as compared to \$6.5 million for fiscal year 2006, an increase of \$11.2 million, or 172%. The principal components and respective increases in costs of revenue are:

Live event costs of \$15.9 million in 2007 versus \$6.3 million in 2006, an increase of \$9.6 million, or 152%, with the increase being primarily the result of:

Talent costs increasing \$2.9 million, to \$5.0 million in 2007 as compared to \$2.1 million in 2006, an increase of 138%, due to the increase in the number of events from six in 2006 to thirteen in 2007, the expansion of the league which consisted of four to eight teams in 2006, to 12 teams in 2007, and increased talent costs on a per event basis;

Travel, facility rental and other event costs increasing from \$1.6 million in 2006 to \$3.7 million in 2007, an increase of \$2.1 million, or 131%, due to the increased number of events; and

Edgar Filing: International Fight League, Inc. - Form POS AM

Television production costs increasing \$4.4 million, or 169%, with the 2007 cost being \$7.0 million against \$2.6 million in 2006, due to an increase in the number of shows produced from eleven one-hour FSN shows in 2006 to twenty-two two-hour MNTV shows, eight one-hour versions of certain of those MNTV shows, twenty-eight FSN shows, and fourteen edited re-broadcasts of certain shows in 2007;

Advertising costs of \$1.5 million versus \$1 million in 2006, an increase of \$500,000, or 50%, due to the more events and significantly increased marketing efforts;

**Table of Contents**

Branded merchandise costs of \$99,000 in 2007 versus \$21,000 in 2006, an increase of 78,000, or 371%, due to the development of additional revenue streams through the sale of merchandise; and

International television distribution fees of \$131,000 in 2007 versus \$0 in 2006 for the preparation of US shows for international distribution.

***Selling, General and Administrative Expenses:***

For the year ended December 31, 2007, selling, general and administrative expenses were \$8.7 million as compared to \$3.9 million for 2006, an increase of \$4.9 million, or 126%. The primary components of these expenses and the reason for the increase are:

payroll and benefits expenses of \$4.5 million in 2007 versus \$1.3 million in 2006, an increase of \$3.2 million, or 246%, representing the hiring of new employees in late 2006 and early 2007 in preparation for the expanded 2007 season;

professional fees of \$1.9 in 2007 million versus \$1.4 million in 2006, an increase of \$500,000, or 38%, primarily resulting from the additional costs of being a public company beginning in December 2006;

travel and entertainment of \$368,000 in 2007 versus \$174,000 in 2006, an increase of \$194,000, or 111%, due to the expansion of the number of teams and events and an increase in the number of employees;

rent expense of \$235,000 in 2007 versus \$58,000 in 2006, an increase of \$177,000, or 305%, due to the commencement of our New York office lease in the later part of 2006 versus the full year for 2007 and the addition of an office in Las Vegas in 2007;

advertising expenses of \$708,000 in 2007 versus \$134,000 in 2006, an increase of \$574,000, or 428%, due to increased non-event specific brand building advertising initiatives;

insurance premiums of \$152,000 in 2007 versus \$10,000 in 2006, an increase of \$142,000, or 1,420%, representing an increase in insurance requirements primarily due to becoming a public company and obtaining directors and officers insurance;

recruitment expenses of \$110,000 in 2007 versus \$1,000 in 2006, an increase of \$109,000, or 10,900%, representing search fees for new executives including a new chief financial officer in 2007; and

telephone expenses of \$80,000 in 2007 versus \$15,000 in 2006, an increase of \$65,000, or 433%, reflecting increases in the number of employees and the number of events and the expansion of the league in 2007.

During 2007, we also recorded a reduction of \$75,000 in bad debt expense as compared to \$80,000 of expense in 2006, a charge of \$189,000 for warrants to purchase common stock issued to a vendor for services rendered, and we recorded tax expense of \$133,000 for 2007 representing the New York tax on capital infusions.

***Stock-based Compensation:***

Stock-based compensation expense for 2007 was \$344,000 compared to \$48,000 in 2006, an increase of \$296,000 or 617%. The increase is the result of continued expensing of prior equity grants for a full year, new equity grants to directors, officers and employees, and warrants issued to league coaches.

***Other Income (Expense):***

Dividend expense for 2007 was \$0 compared to \$153,000 for 2006, which related to dividends that accrued on the Series A Preferred Stock. Immediately prior to the Merger, all accrued dividends and the Series A Preferred Stock were converted into common stock of Old IFL, which was then exchanged for shares of IFL in connection with the Merger.

## **Table of Contents**

Interest expense for 2007 was \$5,000 versus \$91,000 for 2006, all of which relates to the cost of funds loaned to IFL pursuant to the promissory note with Mr. Kurtz.

For the year ended December 31, 2007, we incurred liquidated damages of \$583,000 pursuant to the registration rights agreements with the investors in the December 2006 and August 2007 private sales of our common stock. We incurred these costs because of (a) delays getting our registration statement effective to register the shares issued in the August 2007 private placement and (b) the investors in our December 2006 private placement being unable to sell their shares under the previously effective registration statement. These two events are the result of the restatement of our financial statements we disclosed on November 19, 2007 due to our previous accounting for our FSN television arrangement as a barter transaction.

During the year ended December 31, 2007, interest income of \$415,000 was earned on available cash balances compared to \$32,000 in 2006, an increase of \$383,000 or 1,197%. Cash balances in 2007 were higher than in 2006 due to increase in our cash balance resulting from our private placements of common stock.

## **Liquidity and Capital Resources**

At December 31, 2007, our cash and cash equivalents were \$6.1 million, a decrease of \$10.5 million from the end of the prior year. During 2007, we (i) received \$12.7 million from the August 2007 private sale of our common stock; (ii) received \$1.2 million subscription receivable from 2006; (iii) used \$1.6 million to pay accrued commission on the December 2006 private placement of common stock, (iv) used \$1.3 million for costs of the December 2006 and August 2007 private placements of common stock; and (v) used \$21.5 million for operating activities and deposits and purchases of property and equipment in the ordinary course.

On August 6, 2007, we completed a private sale with a number of institutional and individual accredited investors for 25,330,000 shares of common stock at a price of \$0.50 per share, or \$12,665,000 in the aggregate, and warrants to purchase up to 12,665,000 shares of our common stock with an exercise price of \$1.05 per share and an expiration of August 6, 2012. We received net proceeds of \$11.6 after payment of \$1.1 million of expenses related to the private sale, which included commissions to the placement agent, legal and accounting fees, and other miscellaneous costs. In connection with the August 2007 private placement, we issued to the placement agent, as partial compensation for its services, a five year warrant to purchase up to 729,900 shares of our common stock at an exercise price of \$1.05 per share.

At December 31, 2006, our cash and cash equivalents were \$16.6 million, an increase of \$15.5 million from the prior year. During fiscal 2006, we issued (i) \$24.2 million in common stock, of which \$23.0 million was received in cash and \$1.2 million was held as a subscription receivable at December 31, 2006; (ii) issued \$2.5 million of Series A Preferred Stock, of which \$1.3 million was received in cash and \$1.2 million was issued in exchange for the conversion of investor advances that were received in 2005; (iii) received \$4.9 million in loans from Richard J. Kurtz, one of our directors, to fund operations during the third and fourth quarters of 2006; and (iv) used \$8.2 million for operating activities, \$5.1 million to repay principal indebtedness to Mr. Kurtz (including \$189,000 of debt assumed from Paligent at the time of the Merger) and \$455,000 for deposits and purchases of equipment.

On December 28, 2006, we completed a private placement to a number of institutional and individual accredited investors of an aggregate of 19,376,000 shares of common stock at a price of \$1.25 per share, or \$24,220,000 in the aggregate. In connection with the private placement, we incurred expenses which included commissions to the placement agent, legal and accounting fees, and other miscellaneous expenses, of \$2 million. We also issued to the placement agent, as partial compensation for its services, a five-year warrant to purchase up to 581,280 shares of common stock at an exercise price of \$1.25 per share.

We currently do not have any credit facilities or lines of credit or commitments from lenders or investors for any debt or equity financing.

**Future Capital Requirements**

Since inception, our MMA operations have incurred losses, and we have funded these operating deficits through proceeds of (a) \$2.5 million from the 2006 issuance of preferred stock, (b) \$22.2 million net proceeds

## **Table of Contents**

from our December 2006 private placement of common stock, and (c) \$11.6 million of net proceeds from our August 2007 private placement of common stock. Based upon management's current forecast of future revenues and expenses, we believe our cash resources will likely be sufficient to fund operations into the third quarter of 2008. This assumes that our expenses continue to decrease as a result of our cost reduction efforts and that we realize additional cash from the following: (i) live events revenues at the levels expected; (ii) the distribution of programming internationally pursuant to our exclusive relationship with Alfred Haber Distribution, Inc.; (iii) the continuation of televising our events and (iv) an increase in sponsorship and licensing revenue. We are also exploring various alternatives to increase profitability, such as a strategic alliance or relationship with a significant sports, entertainment or media organization or another significant entity interested in promoting MMA and/or exploiting our digital rights. If we can successfully generate revenue from additional sources or increase our profitability, our cash resources could last beyond the third quarter of 2008.

We have taken several steps in an effort to reduce our expenses and revised our entire live event and television production activities and structure to help us realize additional cost savings. In addition, we are implementing changes to our events and league structure with the goal of generating more fan interest. These measures have been taken into account in our forecast above.

If we are not able to generate sufficient cash from operations or if we are unable to secure sufficient debt or equity financing for operations, we will experience a cash shortage, the effect of which could result in the discontinuance of operations. If additional funds are raised by issuing equity securities, further dilution to existing stockholders will result and future investors may be granted rights superior to those of existing stockholders.

## **Off-Balance Sheet Arrangements**

For the years ended December 31, 2007 and 2006, we had no off-balance sheet arrangements.

## **Critical Accounting Policies and Estimates**

**Principles of Consolidation** On November 29, 2006, as part of the Merger, Paligent issued 30,872,101 shares of its common stock to the former stockholders of Old IFL in exchange for all of the issued and outstanding shares of common stock of Old IFL (including shares of Old IFL preferred stock which were converted to Old IFL common stock immediately prior to the Merger) in a transaction accounted for as a reverse acquisition of a shell company. Old IFL was deemed to be the acquirer for accounting purposes, and Paligent was deemed to be the legal acquirer (see Note 4 of the accompanying financial statements).

The consolidated financial statements include the accounts of Old IFL from March 29, 2005 (date of inception) to December 31, 2005 and for the years ended December 31, 2007 and 2006. The consolidated financial statements also include the accounts of IFL from November 29, 2006 (the effective date of the merger) to December 31, 2006, plus the cash acquired and liabilities assumed for accounting purposes from Paligent at the time of the Merger, and for the year ended December 31, 2007. All significant intercompany balances and transactions have been eliminated in consolidation.

**Use of Estimates** The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents For purposes of the consolidated statements of cash flows, we consider all short-term investments purchased with an original maturity of three months or less at the date of acquisition to be cash equivalents. We invest our excess cash in money market instruments. Cash and cash equivalents are, at times, maintained at financial institutions in amounts that exceed federally insured limits.

Accounts Receivable Accounts receivable relates principally to international television distribution and sponsorship agreements. We evaluate the collectability of accounts receivable and establish allowances for the

**Table of Contents**

amount of receivables that are estimated to be uncollectible. Allowances are based on the length of time receivables are outstanding and the financial condition of individual customers. For the years ended December 31, 2007, 2006 and 2005, we maintained an allowance for doubtful accounts of \$5,000, \$80,000 and \$0, respectively, the provisions for which are included in selling, general and administrative expenses

**Income Taxes** On January 1, 2007, we adopted the provisions of Financial Accounting Standards Board Interpretation No. 48, Accounting for Uncertainty in Income Taxes an interpretation of FAS 109 ( FIN 48 ). As of January 1 and December 31, 2007, there were no unrecognized tax benefits. FIN 48 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. We recognize accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties at January 1, 2007. There was no change to this balance at December 31, 2007. Management is currently unaware of any issues under review that could result in significant payments, accruals or material deviations from its position. The adoption of the provisions of FIN 48 did not have a material impact on our financial position, results of operations and cash flows.

For the year ended December 31, 2007 and 2006, we complied with SFAS No. 109, Accounting for Income Taxes, which requires an asset and liability approach to financial reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred income tax assets to the amount expected to be realized.

For the period of March 29, 2005 to December 31, 2005, the LLC was treated as a partnership for federal and state income tax purposes and, accordingly, did not record a provision for income taxes because the individual members reported their share of the LLC s income or loss on their personal income tax returns.

**Revenue Recognition** In accordance with the provisions of Staff Accounting Bulletin. ( SAB ) No. 101, Revenue Recognition, as amended by SAB No. 104, revenues are generally recognized when products are shipped or as services are performed. However, due to the nature of our business, there are additional steps in the revenue recognition process, as described below:

*Sponsorships:* We follow the guidance of Emerging Issues Task Force Issue 00-21, Revenue Arrangements with Multiple Deliverables, and assign the total of sponsorship revenues to the various elements contained within a sponsorship package based on their relative fair values.

*Licensing:* Licensing revenues are recognized upon receipt of notice by the individual licensees as to licensing fees due. Licensing fees received in advance will be deferred and recognized as income when earned.

*Television rights:* We only recognize revenue for television rights to the extent we are paid (or expected to be paid) in cash or other monetary assets and we recognize distribution fee expense only to the extent we are obligated to make payments.

**Stock-Based Compensation** Accounting for equity awards issued to employees follows the provisions of SFAS 123(R), Share-Based Payment. This statement requires an entity to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award. That cost will be recognized over the period during which an employee is required to provide service in exchange for the reward.

We use the Black-Scholes option pricing model to measure the fair value of options granted to employees.

Earnings Per Share We comply with the accounting and reporting requirements of SFAS No. 128, Earnings Per Share. Basic earnings per share ( EPS ) excludes dilution and is computed by dividing income (loss) applicable to common stockholders by the weighted average number of common shares outstanding for

## **Table of Contents**

the period. Diluted EPS is based upon the weighted average number of common shares outstanding during the period plus the additional weighted average common equivalent shares during the period. At December 31, 2007 and 2006, our common stock equivalents include stock options and warrants exercisable for 2,900,306 and 14,611,180, respectively, and 2,189,311 and 653,987, respectively, shares of our common stock. Common stock equivalents are excluded from the calculation in any period in which their inclusion would be anti-dilutive or would decrease the loss per common share.

### ***Internal Control Weakness***

Under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of the Company's effectiveness of disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the year ended December 31, 2007. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures have not been operating effectively as of December 31, 2007.

Management identified a material weakness due to insufficient resources in the accounting and finance departments, resulting in (i) ineffective review, monitoring and analysis of schedules, reconciliations and consolidated financial statement disclosures and (ii) the misapplication of U.S. GAAP and SEC financial reporting requirements. Due to the lack of resources that are appropriately qualified in the areas of U.S. GAAP and SEC financial reporting, and the potential impact on the consolidated financial statements and related disclosures and the importance of the interim financial closing and reporting process, in the aggregate, there is more than a remote likelihood that a material misstatement of the financial statement would not have been prevented or detected.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control system was designed to provide reasonable assurance regarding the reliability of financial reporting and preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. All internal control systems, no matter how well designed, have inherent limitations and may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

Our management assessed the effectiveness of our internal control over financial reporting as of December 31, 2007. In making this assessment, we used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control - Integrated Framework. Our management concluded that based on its assessment, our internal control over financial reporting was not effective as of December 31, 2007 due to a material weakness.

A material weakness is a deficiency, or combination of deficiencies, that results in more than a remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or detected. In connection with the preparation of our consolidated financial statements for the year ended December 31, 2007, our management identified deficiencies in the design or operation of our internal controls that it considers to be material weaknesses in the effectiveness of our internal controls pursuant to standards established by the Public Company Accounting Oversight Board. We noted the following material weaknesses that became evident to management:

The Company had insufficient controls and procedures in place to ensure appropriate segregation of duties within the accounts payable functions. The responsibilities assigned to the controller include substantially all financial reporting and accounting functions. No additional personnel in the Company perform functions at a level of precision that would adequately prevent or detect misstatements on a timely basis.

**Table of Contents**

**Changes in Internal Controls over Financial Reporting** As of March 20, 2008, we began to take and implement the following remediation steps to remedy the material weaknesses and enhance the internal control over financial reporting:

(i) We implemented a system whereby it retained the outside services of a professional accounting firm; experts in the field of internal controls to assess and re-engineer the control environment so as to compensate for the inherent segregation of duties issues due to limited resources.

(ii) We will emphasize enhancement of the segregation of duties based on the limited resources we have and, where practicable, we will continue to assess the cost versus benefits of adding additional resources that would mitigate the situation.

***Recently Issued Accounting Standards***

In September 2006, the Financial Accounting Standards Board issued SFAS No. 157, Fair Value Measurements. SFAS No. 157 provides a common definition of fair value and establishes a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. SFAS No. 157 also requires expanded disclosures to provide information about the extent to which fair value is used to measure assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. SFAS No. 157 is effective on January 1, 2008, although early adoption is permitted. We are currently assessing the potential effect of SFAS No. 157 on the consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Liabilities, including an amendment of FASB Statement No. 115 ( SFAS No. 159 ). SFAS No. 159 permits entities to choose, at specified election dates, to measure many financial instruments and certain other items at fair value that are not currently required to be measured at fair value. Unrealized gains and losses shall be reported on items for which the fair value option has been elected in earnings at each subsequent reporting date. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. Early adoption is permitted as of the beginning of a fiscal year that begins on or before November 15, 2007, provided the entity also elects to apply the provisions of SFAS No. 157. The adoption of SFAS No. 159 did not have a material impact on the Company's consolidated financial position or results of operations.

In June 2007, the FASB ratified EITF Issue No. 06-11 Accounting for Income Tax Benefits of Dividends on Share-Based Payment Awards ( EITF 06-11 ), which requires entities to record tax benefits on dividends or dividend equivalents that are charged to retained earnings for certain share-based awards to additional paid-in capital. In a share-based payment arrangement, employees may receive dividends or dividend equivalents on awards of nonvested equity shares, nonvested equity share units during the vesting period, and share options until the exercise date. Generally, the payment of such dividends can be treated as deductible compensation for tax purposes. The amount of tax benefits recognized in additional paid-in capital should be included in the pool of excess tax benefits available to absorb tax deficiencies on share-based payment awards. EITF 06-11 is effective for fiscal years beginning after December 15, 2007, and interim periods within those years. Management anticipates that the adoption of EITF 06-11 will not have a material impact on the Company's consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141 (Revised 2007), Business Combinations ( SFAS No. 141R ), which requires the acquiring entity in a business combination to recognize all (and only) the assets acquired and liabilities assumed in the transaction; establishes the acquisition-date fair value as the measurement objective for all assets acquired and liabilities assumed; and requires the acquirer to disclose to investors, and other users, all of the information they need to evaluate and understand the nature and financial effect of the business combination.

SFAS No. 141R will be effective for acquisitions with a date on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The Company will apply SFAS No. 141R for any of the Company's applicable acquisitions beginning January 1, 2009.

In December 2007, the FASB issued SFAS No. 160 Noncontrolling Interests in Consolidated Financial Statements-an amendment of ARB No. 51 , which requires the recognition of a noncontrolling interest

**Table of Contents**

(minority interest) as equity in the consolidated financial statements and separate from the parent's equity; the inclusion of the amount of net income attributable to the noncontrolling interest in consolidated income on the face of the income statement; and a parent recognize a gain or loss in net income when a subsidiary is deconsolidated. SFAS No. 160 will be effective for the fiscal years beginning on or after December 15, 2008. The Company will apply SFAS No. 160 to any applicable transactions beginning January 1, 2009.

In December 2007, the Securities and Exchange Commission ( SEC ) issued Staff Accounting Bulletin No. 110 ( SAB 110 ). SAB 110 was effective January 1, 2008 and expresses the views of the Staff of the SEC regarding the use of the simplified method, as discussed in SAB No. 107, in developing an estimate of the expected term of plain vanilla share options in accordance with SFAS No. 123(R). We are currently evaluating the impact of applying the provisions of SAB 110 on our financial position and results of operations.

**Seasonality**

In the past, we organized, hosted and promoted a significantly greater number of live and televised MMA sporting events during the first half of our fiscal year than during the second half of our fiscal year. Since we generally incur most of our costs in connection with such events, our expenses were generally higher during the first half of our fiscal year than in the second half. This seasonality caused fluctuations in our financial results.

In 2007, we held all nine of our regular season events during the six months ended June 30, 2007, of which five events occurred during the second quarter. During the third quarter of 2007, we held a two event post-season league championship and in the fourth quarter of 2007, we held our grand prix, two event tournament in which the top athletes in each weight class competed for the title belts. The fewer events in each of the third and fourth quarters of 2007, contributed to the reduction of our losses from \$7 million and \$6.9 million in the first and second quarters, respectively, to \$3.6 million and \$3.8 million, respectively, for the third and fourth quarters. During 2006, we held a total of six events, of which two were held in the third quarter.

During 2008, we plan to schedule our events more evenly throughout the year, therefore we do not anticipate this seasonality in 2008.

**Table of Contents**

**BUSINESS**

**Overview**

We are a sports entertainment company that uses our professional mixed martial arts ( MMA ) sports league, known as the International Fight League or the IFL, as a platform to generate revenues from spectator attendance at live events, broadcast of television programming, sponsorships and licensing. Our business was founded in 2005 to organize, host and promote live and televised MMA sporting events and to capitalize on the growing popularity of MMA in the United States and around the world. In 2006 and 2007 our league centered around our teams, which included some of the world's most highly regarded MMA athletes and coaches. In 2006 and 2007, our sporting events typically showcased four teams, in two-team match-ups, with athletes competing in one-on-one matches across five weight divisions. Our 2007 season consisted of nine regular season events, followed by a two round playoff for the league champion and then a two round Grand Prix tournament, in which our top athletes competed for title belts in various weight classes. At the conclusion of this Grand Prix tournament, we had belt holders for six different weight divisions.

We have changed our format for 2008. Rather than retain the team format, we have migrated to a camp format, with championship fights. Our previous teams were identified with a city or geographic region, along with a team name and logo. However, many of the teams never fought in their geographic region and were not recognized by MMA fans. By switching to the camps, we believe we can capitalize on some of the legends of MMA who are our coaches, by having their own gyms or camps compete against each other. We believe that MMA fans are familiar with these camps and this format will result in more natural match-ups that will enhance the attraction of spectators and viewers. We are also keeping our camp format open, meaning camps which are not regular members of the league can compete at an event to challenge one of the league's camps or another challenging camp. Furthermore, under our previous league structure, every team match required an athlete from each team to compete in each of the five weight divisions. Beginning in 2008, we will work with the camps to determine the best athletes and best match-ups, and we will not require a fight in every weight class if some of the weight classes do not present good match-ups or a camp does not have a talented athlete in a particular weight division. Overall, we believe this new league format will provide us with more flexibility to determine the best match-ups that will result in the best, most competitive fights. In addition, now that we have belt holders, we plan to have two or three title fights at each event. This open format may also provide opportunities for us to co-promote MMA events with other promoters or organizations. Overall, we believe these changes will provide for much more entertaining and exciting events, which we believe should ultimately increase attendance at the live events and increase our television viewership. This should, in turn, increase our potential for sponsorship and licensing revenue

MMA is a sport that is growing in popularity around the world. In MMA matches, athletes combine a variety of fighting styles, such as boxing, judo, jiu-jitsu, karate, kickboxing, muay thai, taekwondo and/or wrestling, in each fight. Typically, MMA sporting events are promoted either as championship matches or as vehicles for well-known individual athletes. Professional MMA competition conduct is regulated primarily by rules implemented by state athletic commissions and is currently permitted in about 37 jurisdictions. To foster athlete safety and a broader acceptance of the sport, we have established our own rules of conduct, including bans on certain dangerous moves, such as elbow strikes to an opponent's head, placing more emphasis on the sport and competition.

Our mission is to create wide spread interest in our league so that we can develop a strong following from not only MMA fans but also fans of sports and action programming and events, as well as the public in general. We are particularly targeting the male audience, ages 18 to 34. We believe as our popularity grows, including the viewership of our television programming, we can generate increased revenue from ticket sales at live events, television rights fees, sponsorship and promotion fees from companies and advertisers targeting our primary market, sales of DVDs or

other video formats of our events, and licensing of our brand name and other intellectual property on apparel and merchandise. Our uniqueness is derived from our camp-based league structure. The league format enables us to announce events several months in advance, enabling fans, sponsors and athletes to plan for events, which is a new concept for MMA.

## **Table of Contents**

We earn revenue from live event ticket sales, sponsorships and promotions and licensing of our intellectual property. In addition, our live events create a body of television programming content that we can distribute for television viewing in the U.S. and internationally and can be compiled and edited for sales of DVDs or other videos. We have held over 20 live events, the first of which took place during the second quarter of 2006, the first period in which we recognized revenues. During the year ended December 31, 2007, we recognized a net loss of approximately \$21.3 million.

We believe that the camp-based approach to MMA gives us an advantage because we are not dependent on a single athlete's success and have the ability to build the popularity of individual athletes as well as the camps and the league in general.

Our operations are centered on the following three business components:

Live and televised entertainment, which consists of live events in arenas and free distribution of IFL content on basic cable television.

Sponsorships and promotions, which consists of sponsorships for live events and televised productions and related promotion opportunities.

Branded merchandise, which consists of licensing and marketing of our intellectual property.

## **Liquidity**

Since the inception of our business in 2005, we have incurred significant losses and only began generating revenue during the second quarter of 2006. Through December 31, 2007, we have generated net losses of \$31 million.

Our ability to become profitable depends on our ability to generate and sustain substantially higher revenue while maintaining reasonable expense levels. Although we are reducing our expenses, these efforts may not be sufficient and may adversely impact our brand or fan, sponsor and merchandising interest. We expect that our revenues from operations will be insufficient to meet our projected expenses beyond the third quarter of 2008, unless we are able to increase our revenues and our profitability. We are exploring various alternatives to increase our profitability, such as a strategic alliance or relationship with a significant sports, entertainment or media organization or another significant entity interested in promoting MMA and/or exploiting our digital rights. Unless we can successfully increase our revenues (in excess of the costs we incur to generate these revenues) or our profitability, we will need raise additional capital through equity or debt financings by the end of the second quarter or in the early part of the third quarter of 2008. Such capital may not be available, or, if it is available, may not be available on terms that are acceptable to us. If we are unable to raise sufficient additional capital on acceptable terms or achieve profitability in the near-term, we will likely have a cash shortage which would disrupt our operations, have a material adverse effect on our financial condition or business prospects and could result in us being unable to continue our operations.

## **Corporate History**

From our incorporation in 1985 through 1999, we operated under the name Procept, Inc., as a biotechnology company engaged in the development and commercialization of novel drugs with a product portfolio focused on infectious diseases and oncology. During 1999, our principal efforts were devoted to drug development and human clinical trials focusing on two biotechnology compounds, PRO 2000 Gel and O6-Benzylguanaine. During fiscal 2000, we closed our research facilities and out-licensed PRO 2000 Gel and O6-Benzylguanaine, which had been under development by us for several years. In September 2004, we transferred all of our rights, title and interest in PRO 2000 Gel pursuant to an

option duly exercised by our sublicensee, and in March 2005, we assigned all of our rights, interests and obligations in O6-BG Benzylguanine.

In January 2000, we acquired Heaven's Door Corporation, a company that provided products and services over the Internet. Effective with the acquisition of Heaven's Door, our name was changed from Procept, Inc. to HeavenlyDoor.com, Inc. At the same time, Procept, Inc. became the new name of the Company's subsidiary, Pacific Pharmaceuticals, Inc., a company engaged in the development of cancer therapies, which we acquired

**Table of Contents**

in March 1999. After a sustained period of deterioration in the Internet and technology sectors and related capital markets, we decided, in the fourth quarter of 2000, to discontinue the pursuit of our Internet strategy. Shortly thereafter, we entered into an agreement to sell all of our Web-based assets and Internet operations and ceased our Internet activities. In connection with this agreement, we changed our name, on December 31, 2000, from HeavenlyDoor.com, Inc. to Paligent Inc. ( Paligent ).

From 2001 until the Merger (as described below), we had been engaged in seeking business opportunities to maximize value for our stockholders.

On November 29, 2006, we acquired International Fight League, Inc., which at the time was a privately held Delaware corporation ( Old IFL ), by a merger (the Merger ) among us, Old IFL and our wholly owned subsidiary we formed for purposes of the Merger ( Merger Sub ). Old IFL was organized as a New Jersey limited liability company in 2005 and reincorporated as a Delaware corporation in January 2006. Pursuant to the Merger, Old IFL merged with our Merger Sub, with Old IFL being the surviving corporation and becoming our wholly owned subsidiary. Immediately following the Merger, we changed our name to International Fight League, Inc., and Old IFL changed its name from International Fight League, Inc. to IFL Corp. and continued to operate the business of organizing and promoting a mixed martial arts sports league. We operate as a holding company for IFL Corp. and the MMA business.

Immediately prior to the Merger, we completed a 1-for-20 reverse stock split of our common stock (the Reverse Stock Split ). Except as otherwise specified herein, all references herein to share amounts of our common stock reflect the reverse stock split. Upon the closing of the Merger, all of the pre-Merger Paligent and Old IFL directors became our directors. As part of the Merger, we also adopted the International Fight League, Inc. 2006 Equity Incentive Plan (the 2006 Equity Incentive Plan ) under which all of the options to purchase shares of common stock of Old IFL outstanding prior to the Merger were converted into options to purchase shares of common stock of IFL.

As a result of the Merger, the former stockholders of Old IFL became holders of our common stock, and holders of Old IFL options became holders of options to acquire shares of our common stock. We issued 30,872,101 shares of our common stock to the former stockholders of Old IFL in exchange for all of the issued and outstanding shares of Old IFL. We also exchanged, as part of the Merger, options to purchase 1,865,000 shares of Old IFL common stock for options to purchase 1,925,376 shares of our common stock under our 2006 Equity Incentive Plan having substantially the same terms and conditions as the Old IFL options.

Following the reverse stock split and the Merger, there were 32,496,948 shares of Old IFL common stock outstanding, of which the pre-Merger stockholders of Paligent owned approximately 5% and the pre-Merger stockholders of Old IFL owned approximately 95%. As a result, Old IFL has been treated as the acquiring company for accounting purposes. The Merger has been accounted for as a reverse acquisition under the purchase method of accounting for business combinations in accordance with generally accepted accounting principles in the United States of America. Reported results of operations of the combined group issued after completion of the transaction will reflect Old IFL s operations.

Immediately after the Merger, we issued an additional 1,627,500 shares of common stock to Richard J. Kurtz, Paligent s principal stockholder before the Merger, in exchange for \$651,000 of indebtedness we owed him.

Unless otherwise indicated or the context otherwise requires, the terms Company, IFL, we, us, and our refer to International Fight League, Inc. (formerly known as Paligent Inc.) and its subsidiaries, including IFL Corp., after giving effect to the Merger. Unless otherwise indicated or the context otherwise requires, the term our business refers to the mixed martial arts business of Old IFL as continued by IFL Corp. after the Merger.

**Corporate History of Old IFL**

Old IFL had been organized as a New Jersey limited liability company in 2005 and reincorporated as a Delaware corporation in January 2006. In the Merger, Old IFL merged with Merger Sub, with Old IFL being

## **Table of Contents**

the surviving corporation. As a result of the Merger, Old IFL became our wholly owned subsidiary and changed its name to IFL Corp.

## **Recent Management Changes**

During 2007, we underwent significant changes in our management and Board of Directors. At the time of the Merger, Richard Kurtz and Michael Molnar were our outside directors. Mr. Kurtz resigned from the Board in April 2007 and Michael Molnar decided not to stand for re-election at our annual stockholders meeting in June 2007. In May 2007, Jeffrey M. Jagid joined our Board, followed by Kevin Waldman in June 2007.

At the time of the Merger, our Board also consisted of Gareb Shamus, who served as our Chairman and Chief Executive Officer, Salvatore A. Bucci, who also served as our Executive Vice President, Chief Financial Officer and Treasurer, and Kurt Otto, our Commissioner. Mr. Bucci did not stand for re-election as a director at the June 2007 annual stockholders meeting and resigned from the Company on September 30, 2007. Mr. Shamus resigned as Chairman and Chief Executive Officer in November 2007 and resigned from the Board in December 2007.

In January 2007, Joel Ehrlich joined us as the President of Sales and Chief Marketing Officer and in June 2007, resigned from the Company. In March 2007, Michael C. Keefe joined us as the President, Legal and Business Affairs, and subsequently became our Executive Vice President, General Counsel, Corporate Secretary and Acting Chief Financial Officer. In September 2007, Jay Larkin joined us as the President and Chief Operating Officer, and became our President and Interim Chief Executive Officer in November 2007 upon Mr. Shamus' resignation. For more information about or changes in our Board of Directors and management, see Management.

## **Market Opportunity**

### ***Mixed Martial Arts***

MMA is a sport that is growing in popularity around the world. MMA athletes combine a variety of fighting styles, such as boxing, judo, jiu-jitsu, karate, kickboxing, muay thai, taekwondo and/or wrestling in each match. Typically, MMA sporting events are promoted either as championship matches or as vehicles for well-known individual athletes. MMA is currently permitted in approximately 37 jurisdictions with competition conduct regulated primarily by rules implemented by state athletic commissions, similar to professional boxing. Athletes win individual matches by knockout, technical knockout (referee or doctor stoppage), submission, or judges' decision. Scoring for a judges' decision is conducted by a panel of three judges provided by the relevant state athletic commission, using a ten-point system similar to the scoring system used in boxing. Referees attending matches are also provided by the relevant state athletic commission and are qualified to referee at a MMA competition. During fights, which typically consist of three four-minute rounds (with title belt fights often being five four-minute rounds), referees strictly enforce the rules of conduct for the relevant state's athletic commission and those required by the organization promoting the event.

The Ultimate Fighting Championship, or the UFC, is the largest MMA promoter in the U.S. UFC began hosting events in 1995 and currently promotes roughly 10 major events yearly that draw sizable live audiences. The remainder of the MMA industry is highly fragmented with a variety of promoters and organizations hosting events across the country and globally. Typically, events are promoted on a fight-by-fight basis with little to no guidance about the timing of future events, similar to boxing.

Historically, MMA events were broadcast in the United States only through pay-per-view arrangements. MMA events were broadcast for the first time on free cable television in 2004. Spike TV, a cable television broadcaster, is currently broadcasting the fourth season of a popular reality television program, *The Ultimate Fighter*, based on MMA training and competitions. Our events began airing on Fox Sports Net (FSN) in 2006 and on another Fox network,

MyNetworkTV, in 2007. In addition, we understand that competing MMA promoters have continued to grow the pay-per-view audience for their MMA events as well as their presence on broadcast and basic cable television. In Japan, live MMA sporting events promoted by competitors

## **Table of Contents**

routinely sell tens of thousands of seats, are broadcast on major Japanese television networks, and appear on pay-per-view and home video throughout the rest of the world. MMA events in the United States now generate attendance and pay-per-view audiences similar to professional boxing and wrestling.

The talent pool for MMA athletes is growing rapidly as there are thousands of martial arts focused training schools in the United States. It is estimated that there are millions of martial arts practitioners, including high school and college wrestling participants, in the United States alone. In addition, MMA is truly a global sport with many foreign athletes competing in U.S.-based events, and many U.S. athletes competing in international organizations. Many U.S MMA athletes begin their careers after successfully competing in wrestling, martial arts, kickboxing, or other related sports. Training schools such as Miletich's Fighting System, led by former UFC Champion and current IFL coach Pat Miletich, Team Quest, led by top ranked middleweight and current IFL coach Matt Lindland, and the Renzo Gracie Jiu Jitsu, New York City, led by the legendary Renzo Gracie, serve as a major pipeline for MMA talent and the IFL specifically, seeking to attract interest from professional MMA athletes.

## **International Fight League**

Through our subsidiary, IFL Corp., we operate the International Fight League, a MMA league which we promote to generate revenue from live events, broadcasts of television programming, sponsorships and licensing. We were founded in 2005 to organize, host and promote live and televised mixed martial arts sporting events and to capitalize on the growing popularity of mixed martial arts in the United States and around the world. We believe that our camp approach to mixed martial arts gives us an advantage in that our success will not depend on a single athlete's success. In addition, by working with recognized camps and holding scheduled events on a regular basis, our league-based model focuses on gaining substantial sponsorship, promotion and marketing opportunities as we develop our market presence and brand awareness.

We had our first event in 2006 and launched our first full season in 2007. Our live events and television programming are directed at 18- to 49-year-old males, with a core target audience of 18- to 34-year-old males. We believe that our operations are unique compared to those of other MMA event promoters in many ways, including:

- our sporting events are held in an over-sized, five-rope boxing ring rather than a cage, which we believe to be the most conducive environment for the athletes, fans and television production;

- we announce events in advance, which enables marketers, sponsors, broadcasters, fans and the camps to plan accordingly;

- to foster athlete safety and a broader acceptance of the sport, we have established our own rules of conduct, including bans on certain dangerous moves, such as elbow strikes to an opponent's head, placing more emphasis on the sport and competition; and

- we have granted coaches options to purchase our common stock, which aligns their interests with those of our stockholders.

## **Strategy**

Our objective is to use our MMA league to produce and promote live and televised MMA sporting events and to market our content and brands around the world. We seek to build multiple revenue streams much like other professional sports leagues. Key elements of our strategy are to:

- produce high quality live events, branded programming and consumer products for distribution;

expand existing television distribution relationships and develop broader distribution arrangements for branded programming worldwide;

increase the licensing of IFL branded products through distribution channels;

expand our Internet operations to further promote the IFL brand and to develop additional sources of revenue; and

**Table of Contents**

form strategic relationships with other sports, media, and entertainment companies to further promote the IFL brand and products.

**Operations, Sales and Marketing**

Our operations are centered on the following three business components:

Live and televised entertainment, which consists of live events in arenas and the distribution of our content on free basic cable television in the U.S. and international television;

Sponsorships and promotions, which consists of sponsorships for live events and televised productions and related promotional opportunities; and

Branded merchandise, which consists of the licensing and marketing of our intellectual property.

***Live and Televised Entertainment***

Live MMA events are the cornerstone of our business, and provide content for our television programming. We have broadcasted our events in the United States through FSN and MyNetworkTV, Inc. ( MNTV ) and HDNet, a high definition satellite broadcaster in the U.S. and Canada. Our 2008 events and related programming are being broadcast on both FSN and HDNet. In 2007 and continuing in 2008, our programming is distributed internationally by Alfred Haber Distribution, Inc. Each live event is a high-quality production, incorporating music scores, computer-generated graphics, specialized lighting and in-arena large video screens. Costs to promote, stage and produce our MMA sporting events, including equipment, insurance, temporary personnel and other live event-specific costs, constitute our largest expense item, contributing an expense of approximately \$15.9 million for the year ended December 31, 2007. We held 13 live events in 2007, and expect to have 6 or 7 live events in 2008. We expect to significantly reduce our event costs in 2008 due both to fewer events and reductions in our per event costs.

*Television Programming.* We produce and own our television programming and video library. The primary television outlet for our programming in 2006 was FSN. During 2007, our events were televised by FSN and MNTV, a Fox free network station. These telecast were aired pursuant to a letter of intent we entered into on January 15, 2007 with Fox Cable Networks, Inc. ( Fox ) and MNTV (MNTV, together with Fox, the Fox Entities ), which set forth the terms and conditions under which we and the Fox Entities created, promotes and distributes IFL MMA content through, what was proposed at the time, as a three-tier television and new media programming alliance. We never completed the agreements contemplated by the letter of intent with the Fox Entities, but our programming was aired by MyNetworkTV and FSN throughout 2007. We did not recognize any revenue for our 2006 U.S. television and recognized \$1,607,500 in revenue in 2007 for our programming on MyNetworkTV.

We entered an agreement with HDNet, a high definition satellite broadcaster, to televise live our events held on December 29, 2007, February 29, 2008 and April 4, 2008, and the one scheduled for May 16, 2008 event. We also entered into an agreement with FSN to broadcast four one-hour shows produced from our two Grand Prix events held in November and December 2007 and nine one hour shows produced from our first three events for 2008, the third one being the May 16, 2008 event. We are currently considering options for televising our events for the remainder of 2008.

*International Television Programming.* We have an exclusive arrangement with Alfred Haber Distribution, Inc. to distribute our 2007 FSN and MyNetworkTV programming and our 2008 event programming throughout the world. Through the end of March 2008, our programming was being distributed in over 50 countries throughout the world.

We recognized \$1 million of revenue for our international television distribution in 2007.

*Pay-Per-View Television Programming.* We believe that pay-per-view television distribution may present future opportunities to generate significant additional revenue. In an effort to build our brand, we are currently distributing television programming for free through basic cable television broadcasting. If a proper

## **Table of Contents**

opportunity becomes available for us, we intend to produce and distribute certain live events through pay-per-view television outlets in the future. However, we do not anticipate a pay-per-view event in 2008.

### ***Sponsorships and Promotions***

We sell sponsorships and promotion opportunities to companies seeking to reach our core target audience of 18- to 34-year-old males. In 2006, sponsorships and promotions were sold separately for the two-event Legend Championship and four-event World Team Championship. We sold sponsorship and promotional opportunities for our 2007 events as an overall sponsorship/promotion package, and will continue to do so for our 2008 events. For the year ended December 31, 2007, we recognized revenues of approximately \$498,000 from sponsorships and promotions.

*Sponsorships.* Sponsorships include, among other things, the opportunity to display corporate brand names at our live events and on televised broadcasts. The most highly sought after sponsorship opportunities include painted brands/logos on the fighting canvas in the ring, billboards in the arena and on the television broadcast, the time clock, tale of the tape, website banners and advertisements in the event program guide. For our past events, sponsors include or have included, among others, Cytosport Muscle Milk, Throwdown Energy Drink, Headblade, Premier Fighter, L.A. Boxing, Microsoft Corporation's Xbox, the Coca Cola Corporation's glaceau vitaminenergy drink, the Suzuki Motor Corporation, Sandals Resorts, Dale and Thomas Popcorn, and Fairtex Inc. Sponsors pay a fee based upon the position of their advertising media and the exposure it will receive during a live event and on television broadcasts. We have signed sponsors for the 2008 season and continue to pursue and negotiate with additional sponsors. This activity remains ongoing as part of our sales and revenues generating efforts.

*Promotions.* Promotions are opportunities to tie an advertiser's brand in with our league, teams or events. Promotion opportunities include product placement and brand associations. At past IFL events, the Suzuki Motor Corporation conducted an ATV give-away and Dale and Thomas Popcorn sampled its popcorn products. As our brand grows, we expect to earn revenues by creating promotions with companies and brands seeking to benefit from the popularity of IFL and the exposure received from appearing at our live events and on televised broadcasts.

### **Branded Merchandise**

*Licensing.* The licensing of IFL names, logos and copyrighted works on a variety of retail products presents a further opportunity to generate revenues, and this licensing may become material sources of revenue. As our brand grows, we expect to pursue greater opportunities to expand our licensing efforts through a more comprehensive licensing program. To date, revenues from branded merchandise have not been material. Given the profit margins and nature of our sports business, we expect video games, apparel and sportswear to be the biggest revenue generating categories of licensed products. We recognized \$117,544 of revenue from our branded merchandise in 2007.

*Home Video.* We expect to pursue opportunities in the home video market by licensing, on a distribution fee and/or royalty basis, our growing video library to third parties to develop, produce, manufacture, and sell DVDs for the home video market. Our video library includes proprietary material from our live events, television broadcasts, special events and behind the scenes of live events.

We have an arrangement with Warner Home Video, a division of Warner Bros. Home Entertainment, to distribute IFL mixed martial arts content on a worldwide basis directly to consumers via DVD, electronic sell through and similar media. Warner Home Video collects the proceeds from the sale of IFL home video products, and remits the proceeds to us less Warner Home Video's distribution fee and certain allowable costs associated with the marketing, promotion and distribution of the home video products. We have released two DVDs under this arrangement - Greatest Knockouts & Extreme Action and Road to the Championship. We did not recognize any revenue for home video in

2007.

*Digital Media.* We use our website, [www.ifl.tv](http://www.ifl.tv), to create an online community for our fans, to promote IFL brands, teams and fighters, to market and distribute our products and services and to create awareness for

## **Table of Contents**

our live events and television broadcast schedule. Through [www.ifl.tv](http://www.ifl.tv), our fans are able to obtain the latest IFL news and information and experience archived video and audio clips of IFL athletes and media events. We also use our website for e-commerce. We promote [www.ifl.tv](http://www.ifl.tv) on our televised programming, at live events, and on all collateral marketing materials. We are investigating collaborating with various website to generate advertising revenue that can be shared with these other web services.

## **Competition**

We are a growth stage company and are constantly seeking to increase our fan base. The MMA industry is also rapidly growing and evolving, and we face competition from other promoters of MMA sporting events, including the UFC, owned by Zuffa, LLC, a widely known MMA promoter in the United States. UFC produces MMA events for cable television through its agreement with SpikeTV and for pay-per-view audiences. Other U.S. based MMA competitors include Strikeforce, ProElite FC, BodogFight and M-1. Most promoters operate on an event-by-event basis and rely on the presence of a few well-known athletes to promote their events. UFC has been available on free television for several years, and other MMA organizations are now available on free television.

Our live events and television programming faces competition from other professional and college sports as well as from other forms of live, filmed and televised entertainment and other leisure activities. We compete with entertainment companies, professional and college sports leagues and other makers of branded apparel and merchandise for the sale of our branded merchandise.

## **Trademarks and Copyrights**

Intellectual property is material to all aspects of our operations, and we expend cost and effort in an attempt to maintain and protect our intellectual property and to avoid infringing on other parties' intellectual property. We have a portfolio of trademarks and service marks and maintain a catalog of copyrighted works, including copyrights to our television programming and certain photographs. When necessary, we intend to enforce our intellectual property rights. Our failure to curtail piracy, infringement or other unauthorized use of our intellectual property rights effectively could adversely affect our operating results.

International Fight League, IFL, and Battleground are trademarks of IFL. Each trademark, trade name or service mark of any other company appearing in this document belongs to its holder.

## **Insurance**

We currently have three general liability insurance policies: one for our New York office, one for our Nevada office and a special events policy for MMA events. For each event hosted to date, we have purchased event-specific insurance that met or exceeded the requirements of the relevant state athletic commissions and have special accident insurance for athletes that participate in our MMA events. We have errors and omissions insurance for our television broadcasts and our videos and also have directors' and officers' liability insurance.

## **Regulation**

### ***Live Events***

In various states in the United States and some foreign jurisdictions, athletic commissions and other applicable regulatory agencies require us to obtain licenses for promoters, medical clearances and/or other permits or licenses for fighters and/or permits for events in order to promote and conduct live events. If we fail to comply with the regulations of a particular jurisdiction, we may be prohibited from promoting and conducting live events in that

jurisdiction. The inability to present live events could lead to a decline in the various revenue streams we generate from live events, which could adversely affect our operating results.

***Television Programming***

The production and distribution of television programming by independent producers is not directly regulated by the federal or state governments, but the marketplace for television programming in the United

**Table of Contents**

States is substantially affected by government regulations applicable to, as well as social and political influences on, television stations, television networks and cable and satellite television systems and channels. We voluntarily designate the suitability of our television programming using standard industry practices. A number of governmental and private sector initiatives relating to the content of media programming have been announced. Changes in governmental policy and private sector perceptions could further restrict our program content and adversely affect our viewership levels and operating results.

**Employees**

As of December 31, 2007, we had 27 employees, with 20 employees located in New York City and an additional 7 located in Las Vegas. We believe that our relationships with our employees are generally good. None of our employees is represented by a union.

**Legal Proceedings**

From time to time, we may be involved in litigation relating to claims arising out of our operations in the normal course of business. We are not aware of any pending or threatened legal proceeding that, if determined in a manner adverse to us, could have a material adverse effect on our business and operations. We have received a letter from an investor who participated in our August 2007 private placement, alleging unlawful activities, misrepresentations and fraud in connection with the August 2007 private placement. We believe we have resolved this matter without a lawsuit.

**Facilities**

Our principal office is located in New York City, New York, where we lease 4,300 square feet of office space pursuant to a lease that expires in August 2010. We have a one-year lease for an office in Las Vegas, Nevada, expiring in December 2008. If we require additional space, we believe that we will be able to obtain such space on commercially reasonable terms.

**Table of Contents****MANAGEMENT****Directors and Executive Officers**

The following persons are our directors and executive officers, and hold the offices set forth opposite their names:

<b>Name</b>	<b>Age</b>	<b>Position</b>
Jay Larkin	57	President and Interim Chief Executive Officer
Kurt Otto	38	Director
Jeffrey M. Jagid	39	Director
Kevin Waldman	37	Director
Michael C. Keefe	51	Executive Vice President, General Counsel, Corporate Secretary and Acting Chief Financial Officer

*Jay Larkin* joined us on September 21, 2007 as our President and Chief Operating Officer and became our Interim Chief Executive Officer on November 19, 2007. In 2006, Mr. Larkin began his own multimedia production company, which provided services to us in early 2007. Prior to that, Mr. Larkin was with Showtime Networks in various positions from 1984 until 2006. In his last position with Showtime, Mr. Larkin was Senior Vice President and Senior Executive Producer of Showtime Sports & Event Programming for Showtime Networks. In that capacity, he was responsible for the programming, acquisition and production of comedy and music events for the premium television network as well as running the company's highly successful boxing franchise. In 2005, Mr. Larkin received nominations for both a Primetime Emmy Award and a Tony Award. Mr. Larkin has been intricately involved in the marketing, distribution and production of many record-setting and award-winning pay-per-view concerts including *The Backstreet Boys in Concert*, *The Spice Girls: Wild*, *The Rolling Stones: Steel Wheels*, and *Music for Montserrat* featuring Paul McCartney, Eric Clapton, Sting and Elton John. Prior to being employed by Showtime, Mr. Larkin's worked extensively in professional theater and the performing arts, both on- and off-Broadway. He holds a Bachelor of Arts degree in theater and directing from C.W. Post College of Long Island University. He also studied at the Boston Conservatory of Music and UCLA's School of Theater, Film and Television.

*Kurt Otto* has been a director since the Merger and was our Commissioner and Vice Chairman until March 31, 2008. Mr. Otto is now working as a matchmaker for us on an independent consultant basis. Prior to the Merger, Mr. Otto was Vice Chairman and a director with Old IFL. Mr. Otto is also currently an Associate at FDS Architecture, a leading New Jersey architecture firm, which he joined in 1997, and a partner in Timeless Estates, a luxury residential land developer in northern New Jersey. Mr. Otto is currently a 2nd degree black belt in tae-kwon do and is studying jiu-jitsu under world champion Renzo Gracie. Mr. Otto has had a lifelong passion for martial arts, which he has been studying for nearly 30 years and teaching for over 15 years. Mr. Otto graduated from the Pratt Institute in 1994 with a Bachelor of Architecture degree.

*Jeffrey M. Jagid* has been a director since May 1, 2007. Mr. Jagid has been the Chairman of the Board of I.D. Systems, Inc., a provider of advanced wireless solutions for tracking and managing enterprise assets, since June 2001 and its Chief Executive Officer since June 2000. Prior thereto, he served as its Chief Operating Officer. Since he joined I.D. Systems, Inc. in 1995, Mr. Jagid also has served as a director as well as the I.D. Systems' General Counsel. Mr. Jagid received a Bachelor of Business Administration from Emory University in 1991 and a Juris Doctor degree from the Benjamin N. Cardozo School of Law in 1994. Prior to joining I.D. Systems, Mr. Jagid was a corporate litigation associate at the law firm of Tannenbaum Helpen Syracuse & Hirschtritt LLP in New York City. He is a

member of the Bar of the States of New York and New Jersey. Mr. Jagid is also a director of Coining Technologies, Inc. and sits on the executive committee of the NJ-PA Council of the AeA (formerly the American Electronics Association). I.D. Systems, Inc. trades on the Nasdaq Global Market under the ticker `IDSY` and is engaged in the development, marketing, and sale of wireless solutions.

## **Table of Contents**

*Kevin Waldman* joined our Board of Directors on June 12, 2007. Mr. Waldman is a Managing Director of Veronis Suhler Stevenson, a private equity firm that invests in buyout and structured capital funds in the media, communications, information and education industries in North America and Europe. Mr. Waldman has been with Veronis Suhler Stevenson since 1996, and has a broad range of experience with numerous sectors within the media and communications industries, including directory publishing, radio and television broadcasting, cable television, business information, marketing services, wireless communication towers and telecommunication services. Mr. Waldman has been active across a range of VSS portfolio companies, including ITN Networks, DOAR Communications Inc., Riviera Broadcast Group, GoldenState Towers, User-Friendly Phone Book, Birch Telecom, Broadcasting Partners Holdings, Spectrum Resources Towers and Triax Midwest Associates. Mr. Waldman currently serves as a member of the Board of ITN Networks, User-Friendly, DOAR Communications Inc. and Riveira Broadcast Group. He previously served as a member of the Boards of GoldenState Towers and ionex Telecommunications. Prior to joining VSS, Mr. Waldman worked at JP Morgan & Co. Mr. Waldman holds a Bachelor of Science degree from Syracuse University.

*Michael C. Keefe* joined us on March 28, 2007. Mr. Keefe joined us on March 28, 2007 as is our President of Legal and Business Affairs and became our Executive Vice President, General Counsel and Corporate Secretary when Jay Larkin joining us as President and Chief Operating Officer. Mr. Keefe became our Acting Chief Financial Officer on November 20, 2007. Prior to his employment with us, Mr. Keefe previously served in various legal roles with Lucent Technologies for ten years since its inception in 1996, including the last four as the Law Vice President, Corporate. Mr. Keefe was responsible for all legal aspects of SEC reporting and compliance, corporate governance, mergers and acquisitions, corporate finance and numerous other areas. Prior to Lucent Technologies, Mr. Keefe served in various legal roles with AT&T and was in private practice at the law firm McCarter & English, LLP. Mr. Keefe, a former Certified Public Accountant, began his career at Coopers & Lybrand, a predecessor firm to PricewaterhouseCoopers LLP. Mr. Keefe graduated from Seton Hall University School of Law and from Seton Hall University with a Bachelor of Science degree in Business Administration.

## **Changes in Directors and Executive Officers**

On November 19, 2007, our Board of Directors appointed Jay Larkin, our President and Chief Operating Officer at the time, as our Interim Chief Executive Officer as a result of the resignation by Gareb Shamus as Chairman, Chief Executive Officer and Interim Chief Financial Officer. On November 20, 2007, Mr. Keefe became our Acting Chief Financial Officer. Mr. Shamus resigned from our Board of Directors on December 17, 2007. The terms of Messrs. Larkin s and Keefe s employment agreement and Mr. Shamus transition agreement are described under Executive Employment Contracts.

As part of the Merger, our two then existing directors Salvatore A. Bucci and Richard Kurtz, and Old IFL s three then existing directors, Michael Molnar, Kurt Otto and Gareb Shamus, were elected as our directors, and Old IFL s officers became our officers, except that upon the consummation of the Merger, Mr. Bucci, our President and Chief Executive Offer before the Merger, resigned from these positions and was appointed as our President and Chief Financial Officer, Executive Vice President and Treasurer. On April 25, 2007, Mr. Kurtz voluntarily resigned as one of our directors and Mr. Bucci and Mr. Molnar decided not to stand for reelection at our 2007 annual meeting on June 28, 2007.

On April 2, 2007, we entered into an agreement and general release (the Agreement and Release ), pursuant to which Salvatore A. Bucci, our former Chief Financial Officer, Executive Vice President and Treasurer agreed to resign effective at the close of business on June 30, 2007. This Agreement and Release was amended and restated as of June 19, 2007, pursuant to which Mr. Bucci s resignation date was extended to September 30, 2007. Under these arrangements, Mr. Bucci continued to serve as our Chief Financial Officer, Executive Vice President and Treasurer

through September 30, 2007. See Executive Employment Contracts for the terms of Mr. Bucci's Agreement and Release.

On June 30, 2007, Joel Ehrlich resigned as our President of Sales and Chief Marketing Officer. Mr. Ehrlich joined us in January 2007.

## **Table of Contents**

### **Term of Offices**

Members of our Board of Directors are elected for one year terms, expiring at the next annual stockholders meeting. Officers do not have specified terms of office and serve at the discretion of the Board of Directors. See Executive Employment Contracts for the terms of Messrs. Larkin's and Keefe's employment contracts.

### **Family Relationships**

There are no family relationships among the individuals comprising our board of directors, management and other key personnel.

### **Director Independence and Board Committees**

The Board has adopted director independence standards, which meet the director independence criteria of the American Stock Exchange, and has affirmatively determined that both Messrs. Jagid and Waldman are independent directors under the Board's Director Independence Standards. In August 2007, our Board of Directors established three standing committees: an Audit Committee, Compensation Committee and Nominating Committee and adopted charters for each of these committees. Mr. Jagid and Waldman are the sole members of all three committees, with Messrs. Jagid serving as the chairman of the Audit Committee and Mr. Waldman serving as the chairman of the Compensation Committee and the Nominating Committee.

### **Code of Ethics**

We have adopted a written code of ethics that applies to our principal executive officer, principal financial officer, or persons performing similar functions. This code is intended to promote honest and ethical conduct, full and accurate reporting and compliance with laws, as well as other matters.

### **Compensation Committee Interlocks and Insider Participation**

None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Compensation Committee. Prior to August 2007, we did not have a compensation committee or another committee forming a similar function, and the Board of Directors served in this function.

## **COMPENSATION DISCUSSION AND ANALYSIS**

### **Introduction**

This discussion presents the principles underlying our executive officer compensation program. Our goal in this discussion is to provide the reasons why we award compensation as we do and to place in perspective the data presented in the tables that follow this discussion. The focus is primarily on compensation of our executive officers for the fiscal year ended December 31, 2007, but some historical and forward-looking information is also provided to put such year's compensation information in context. IFL is a relative new business and has not yet been profitable. In addition, two of our current executive officers joined us during 2007, with Jay Larkin joining IFL as the President in September 2007 and becoming our Interim Chief Executive Officer in November 2007. Accordingly, we are still in the process establishing a compensation program that will provide a long-term compensation plan for us.

### **Compensation Philosophy and Objectives**

We attempt to apply a consistent philosophy to compensation for all employees, including senior management. This philosophy is based on the premises that our success is dependent upon the efforts of each employee and that a cooperative, team-oriented environment is an essential part of our culture. We believe in the importance of rewarding our employees for our successes, which is why we emphasize equity compensation. Particular emphasis is placed on broad employee equity participation through the use of stock options

## **Table of Contents**

and restricted stock awards. We have not implemented a plan for annual cash bonuses because we have not yet attained positive cash flow, and instead are using equity to provide incentives to our employees linked to achievement of our corporate performance goals.

Our compensation programs for our named executive officers are designed to achieve a variety of goals, including:

attracting and retaining talented and experienced executives;

motivating and rewarding executives whose knowledge, skills and performance are critical to our success;

aligning the interests of our executives and stockholders by motivating executives to increase stockholder value in a sustained manner; and

providing a competitive compensation package which rewards achievement of our goals.

## **Elements of Executive Officer Compensation**

### ***Overview***

Total compensation paid to our executive officers is influenced significantly by the need to attract and retain management employees with a high level of expertise and to motivate and retain key executives for our long-term success. A salary component is generally fixed and does not vary based on our financial and other performance. The value of certain of the equity components, such as stock options and restricted stock, is dependent upon our future stock price.

We compensate our executive officers in these different ways in order to achieve different goals. Cash compensation, for example, provides executive officers a minimum base salary. Because of our cash flow position, we do not yet provide cash incentive bonuses, other than that paid to Mr. Keefe which was guaranteed as part of his employment contract. Stock options and restricted stock are intended to link our executive officers' longer-term compensation with the performance of our stock and to build executive ownership positions in our stock. This encourages our executive officers to remain with us, to act in ways intended to maximize stockholder value, and to penalize them if we and/or our stock fails to perform to expectations.

We view these components of our executive officer compensation as related but distinct. Although the Compensation Committee does review total compensation, it does not believe that compensation derived from one component of compensation necessarily should negate or reduce compensation from other components. We determine the appropriate level for each compensation component based in part, but not exclusively, on the individual and our view of individual performance and other information we deem relevant. The Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of compensation. As we are still a new business with no earnings, we have not reviewed wealth and retirement accumulation as a result of employment with us, and have only focused on fair compensation for the year in question. In addition, we have not retained a compensation consultant because of the cost involved, given our lack of earnings, the relative simplicity of our current compensation structure and our small employee base.

### ***Base Salary***

We pay our executive officers a base salary, which we review and determine annually. We believe that a competitive base salary is a necessary element of any compensation program. We believe that attractive base salaries can motivate

and reward executives for their overall performance. Base salaries are established in part based on the individual position, responsibility, experience, skills and expected contributions during the coming year of the executive and their performance during the prior year. We also have sought to align base compensation levels comparable to other companies in similar stages of development and the scope of the employees' responsibilities. We do not view base salaries as primarily serving our objective of paying for

**Table of Contents**

performance, but in attracting and retaining the most qualified executives necessary to run our business. Salaries will be adjusted on a case-by-cases basis taking into account the factors described above. Base salaries for our executive officers did not increase in 2007. Mr. Larkin's base salary increased in March 2008 pursuant to his employment agreement.

***Equity Compensation***

We believe that stock options and restricted stock awards are an important long-term incentive for our executive officers and employees and that our equity compensation program is effective in aligning officer and employee interests with that of our stockholders. We plan to begin reviewing our equity compensation plan annually. These options and grants are intended to produce value for each executive officer if (i) our stockholders derive significant sustained value; and (ii) the executive officer remains with us.

We do not have any program, plan or obligation that requires us to grant equity compensation to any executive officer on specified dates. The authority to make equity grants to executive officers rests with the Compensation Committee, although the Compensation Committee may consider the recommendations of our President and Chief Executive Officer in setting the compensation of our other executive officers. All equity grants to executive officers in 2007 were made pursuant to terms of employment agreements.

***Severance and Change-in-Control Benefits***

Except for the severance and change-in-control benefits described below, we do not provide to any of our executive officers any severance or change in control benefits in the event of termination or retirement, whether following a change-in-control or otherwise.

Under the terms of his employment agreement, if Mr. Larkin's employment is terminated for Cause or Mr. Larkin resigns without Good Reason, Mr. Larkin will not receive the post-termination payments described below. Cause means (a) gross negligence, or willful or wanton breach, by Mr. Larkin of any of his duties to us, (b) gross malfeasance by Mr. Larkin in the performance of his duties to us, (c) material violation by Mr. Larkin of a material Company policy, (d) conduct by Mr. Larkin constituting fraud or dishonesty, or (e) Mr. Larkin is convicted of a felony. Good Reason means a material breach of Mr. Larkin's employment agreement by us. If Mr. Larkin is terminated without Cause, or Mr. Larkin terminates his employment for Good Reason, we will continue to pay Mr. Larkin his then rate of base salary for a period of three (3) months. If Mr. Larkin's employment is terminated without Cause or Mr. Larkin terminates his employment for Good Reason, and Mr. Larkin elects to receive health insurance coverage in accordance with COBRA, we will pay on his behalf any required premiums for such health insurance coverage, for any period in which he remains eligible for such COBRA benefits, for a period of six months. In addition, if Mr. Larkin's employment is terminated without Cause or he terminates his employment for Good Reason, his stock options and any other equity awards he may have received will immediately vest, and he will have one year to exercise any unexercised stock options.

Under the terms of Mr. Keefe's employment agreement, if Mr. Keefe is terminated for cause or he resigns, he will not receive severance benefits. For purposes of our agreement with Mr. Keefe, cause includes, without limitation, the gross neglect, or willful or wanton breach, of any of his duties on behalf of IFL, gross malfeasance in the performance of his duties, fraud, dishonesty or conviction of a felony. If we terminate Mr. Keefe's employment without cause, he will be entitled to a six month severance package, and any restricted stock or other equity awards that he has at such time will continue to vest during the six-month severance period.

Our 2006 equity incentive plan provides that in the event that:

we merge or consolidate with another corporation,

there is an exchange of substantially all of our outstanding stock for shares of another entity in which our stockholders will own less than 50% of the voting shares of the surviving entity, or

we sell substantially all of our assets,

## **Table of Contents**

then, unless otherwise provided in a grantee's option or award agreement, each outstanding and unexercised stock option or stock award may be assumed by the successor corporation or an equivalent option or stock award will be substituted by the successor. If, however, the successor does not assume the stock options and stock awards or substitute equivalent stock options or stock awards, then each outstanding and unexercised stock option and stock award will become exercisable for a period of at least 20 days prior to the effective date of such transaction and our right of repurchase with respect to shares covered by all outstanding stock purchase rights and all restrictions with respect to restricted stock awards will lapse. Any stock options, or stock awards that are not exercised during such 20-day period shall terminate at the end of such period.

### ***Benefits***

The executive officers participate in all of our employee benefit plans, which consist of group medical, dental, life insurance and long-term disability, on the same basis as our other employees. We pay 100% of the premiums for all employees.

### ***Perquisites***

We do not view perquisites as a significant element of our comprehensive compensation structure and do not have any for our current executive officers.

## **The Compensation Committee Process**

Compensation Committee was formed in August of 2007, and we are developing the processes by which we will periodically review compensation. Presently, the Compensation Committee's review is done on an ad hoc basis. Our President and CEO has and will continue to play a significant role in recommending compensation for executive officers. The Compensation Committee takes these recommendations into account quite extensively, but does exert its own influence and provides final approval.

## **Regulatory Considerations**

We account for the equity compensation expense for our employees under the rules of SFAS No. 123(R), which requires us to estimate and record an expense for each award of equity compensation over the service period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to a public company for compensation over \$1 million paid to its Chief Executive Officer and its four other most highly compensated executive officers. However, if certain performance-based requirements are met, qualifying compensation will not be subject to this deduction limit. Although the limitations of Section 162(m) are generally not of concern to us based upon the current levels of compensation, we intend to consider the requirements of Section 162(m) in developing our compensation policies.

## **Compensation Committee Interlocks and Insider Participation**

None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Compensation Committee. Prior to August 2007, we did not have a compensation committee or another committee forming a similar function, and the Board of Directors served in this function.

## **Executive Employment Contracts**

The information below describes the employment agreements we currently have with our executive officers and arrangements with our former executive officers.

*Jay Larkin.* On September 21, 2007, we entered into a employment agreement with Mr. Larkin, whereby Mr. Larkin will serve as our President and Chief Operating Officer. Mr. Larkin has since become our Interim Chief Executive Officer. Mr. Larkin received an annual base salary of \$275,000 during his first six months of

**Table of Contents**

employment, then his annual salary increased to \$325,000. Mr. Larkin is eligible to participate in any executive bonus plan established by us.

As part of his new employment agreement, Mr. Larkin was awarded options to purchase 500,000 shares of our common stock under our 2006 Equity Incentive Plan (the Plan). The options have an exercise price of \$0.46, will vest as to 1/12 of the options every three months, beginning December 21, 2007, and will expire on September 21, 2017. In addition, Mr. Larkin was granted an additional award of 250,000 stock options in February 2008 with an exercise price of \$0.12. This second grant vested as to 1/12 upon award, and the remainder of the grant will vest 1/12 on March 21, 2008 and 1/12 every three months thereafter, and will have an expiration date of September 21, 2017. The foregoing equity awards will fully vest upon a Change of Control Event (as defined in the Plan).

Mr. Larkin is an employee-at-will, and either Mr. Larkin or we can terminate his employment at any time, with or without Cause or Good Reason and with or without notice. If Mr. Larkin's employment is terminated for Cause or Mr. Larkin resigns without Good Reason, Mr. Larkin will not receive the post-termination payments described below.

Cause means (a) gross negligence, or willful or wanton breach, by Mr. Larkin of any of his duties to us, (b) gross malfeasance by Mr. Larkin in the performance of his duties to us, (c) material violation by Mr. Larkin of a material Company policy, (d) conduct by Mr. Larkin constituting fraud or dishonesty, or (e) Mr. Larkin is convicted of a felony. Good Reason means a material breach of Mr. Larkin's employment agreement by us.

If Mr. Larkin is terminated without Cause, or Mr. Larkin terminates his employment for Good Reason, we will continue to pay Mr. Larkin his then rate of base salary for a period of three (3) months. If Mr. Larkin's employment terminated without Cause or Mr. Larkin terminates his employment for Good Reason, and Mr. Larkin elects to receive health insurance coverage in accordance with COBRA, we will pay on his behalf any required premiums for such health insurance coverage, for any period in which he remains eligible for such COBRA benefits, for a period of six months. In addition, if Mr. Larkin's employment is terminated without Cause or he terminates his employment for Good Reason, his stock options and any other equity awards he may have received will immediately vest, and he will have one year to exercise any unexercised stock options.

*Michael C. Keefe.* Mr. Keefe joined IFL pursuant to a two-year employment contract effective as of March 28, 2007. Mr. Keefe is employed at an annual base salary of \$240,000 and is eligible to participate in any executive bonus plan established by us. He received a guaranteed bonus for 2007 of \$25,000, paid in the first quarter of 2008. Pursuant to his employment agreement, Mr. Keefe was awarded 125,000 shares of restricted stock under our 2006 Equity Incentive Plan. Subject to certain limits, the restricted stock will vest as to 25% every 6 months, beginning September 28, 2007.

Mr. Keefe's employment is at-will, and either Mr. Keefe or IFL can terminate his employment at any time, with or without cause and with or without notice. If we terminate Mr. Keefe's employment for cause or he resigns, he will not receive severance benefits. For purposes of our agreement with Mr. Keefe, cause includes, without limitation, the gross neglect, or willful or wanton breach, of any of his duties on behalf of IFL, gross malfeasance in the performance of his duties, fraud, dishonesty or conviction of a felony. If we terminate Mr. Keefe's employment without cause, he will be entitled to a six month severance package, and any restricted stock or other equity awards that he has at such time will continue to vest during the six-month severance period.

*Gareb Shamus.* Mr. Shamus resigned from his positions as our Chairman, Chief Executive Officer and Acting Chief Financial Officer on November 19, 2007 and resigned from our Board of Directors on December 17, 2007. In connection with Mr. Shamus' resignation, we entered into a Transition Agreement and General Release with Mr. Shamus. Under this agreement, Mr. Shamus will serve as a consultant to us on an as needed and requested basis until May 20, 2008, unless we elect to terminate this consulting relationship earlier. We will pay Mr. Shamus \$20,833 per month for the six month period from November 20, 2007 until May 20, 2008. If we terminate his consulting

relationship before May 20, 2008, we will be obligated to pay him at that time a lump sum amount for all his remaining consulting fees that would have been paid through

## **Table of Contents**

May 20, 2008. We will also be paying the premiums for medical insurance for Mr. Shamus and his family during the six month consulting period.

As part of the agreement, Mr. Shamus agreed not to compete against our mixed martial arts business in the United States and not to sell any of the shares of our common stock prior to May 20, 2008. The agreement also has customary terms regarding confidentiality, cooperation, release of claims and covenants not to sue.

*Salvatore A. Bucci.* During 2006, we paid Mr. Bucci, our former Executive Vice President, Chief Financial Officer and Treasurer, in accordance with the terms of his prior employment agreement with us. These compensation arrangements ended on April 1, 2007, as a result of our entry into the Agreement and General Release with Mr. Bucci, which was amended and restated as of June 19, 2007. Under the agreement and general release, Mr. Bucci voluntarily resigned effective at the close of business on September 30, 2007. Under the terms of this arrangement, Mr. Bucci received his regular gross salary, at the annualized rate of \$200,000, which was increased to \$240,000, less applicable federal, state and local taxes and other appropriate payroll deductions, and in accordance with our prevailing payroll practices. We also continued to reimburse Mr. Bucci the amount of \$329.82 per month for an existing privately acquired disability insurance policy covering him and reimburse him for all reasonable out-of-pocket expenses incurred by him in connection with the performance of his duties and obligations, including, but not limited to reimbursement of \$250.00 per month for his cell phone and data plans. Under the agreement and release, we paid Mr. Bucci \$60,000 on June 28, 2007 and paid Mr. Bucci's law firm \$10,000 for services rendered to Mr. Bucci for the negotiation of the agreement and general release. Mr. Bucci also received a lump sum payment of \$70,000 on September 28, 2007.

## **2006 Equity Incentive Plan**

### ***Summary of the Plan***

Our 2006 Equity Incentive Plan (the *Plan*), which was approved by our stockholders on November 27, 2006, provides for the grant of up to 5,000,000 post-reverse-stock-split shares of common stock pursuant to incentive stock options or nonqualified stock options (together with incentive stock options (*Stock Options*)), stock purchase rights, stock appreciation rights and restricted and unrestricted stock awards (the latter three, collectively, *Stock Awards*) for employees, directors and consultants. Such shares are currently authorized and unissued, but reserved for issuance under the Plan. No more than 500,000 shares of common stock may be awarded to any eligible participant in the Plan with respect to Stock Options or Stock Awards during any calendar year.

The Plan has a term of ten years. Accordingly, no grants may be made under the plan after November 27, 2016, but the Plan will continue thereafter while previously granted Stock Options or Stock Awards remain outstanding and unexercised.

### **Administration of the Plan**

The plan provides that it be administered by a committee appointed by the board of directors (the *Committee*) comprised of at least two members of the board of directors. The Committee's membership shall be made up entirely of members of the board of directors who qualify as non-employee directors, as defined in Rule 16b-3 under the Securities Exchange Act of 1934, and as outside directors, within the meaning of the Department of Treasury Regulations issued under Section 162(m) of the Internal Revenue Code of 1986. The Board has designated the Compensation Committee to serve as the Committee, as the Board has determined that all of the Compensation Committee members qualify as non-employee directors and outside directors.

The Committee has the power and authority to make grants of Stock Options or Stock Awards or any combination thereof to eligible persons under the plan, including the selection of such recipients, the determination of the size of the grant, and the determination of the terms and conditions, not inconsistent with the terms of the Plan, of any such grant including, but not limited to:

approval of the forms of agreement for use;

the applicable exercise price;

**Table of Contents**

the applicable exercise periods;

the applicable vesting period;

the acceleration or waiver of forfeiture provisions; and

any other restrictions or limitations regarding the Stock Option or Stock Award.

The Committee also has the authority, in its discretion, to prescribe, amend and rescind the administrative rules, guidelines and practices governing the Plan as it shall from time to time deem advisable. The Committee may construe and interpret the terms of the Plan and any Stock Options or Stock Awards issued under the Plan and any agreements relating thereto and otherwise supervise the administration of the Plan. In addition, the Committee may modify or amend each Stock Option or stock purchase right granted under the Plan. All decisions made by the Committee pursuant to the provisions of the Plan are final and binding on all persons, including us and all Plan participants.

***Eligibility***

Employees and directors of, and consultants providing services to, us are eligible to be granted non-qualified Stock Options and Stock Awards under the Plan. Our employees are also eligible to receive incentive stock options. The Committee shall select from among the eligible persons under the Plan as recommended by our senior management, from time to time in its sole discretion, to make certain grants of Stock Options or Stock Awards, and the Committee shall determine, in its sole discretion, the number of shares covered by each award.

***Stock Options***

Stock Options may be granted to eligible persons alone or in addition to Stock Awards under the Plan. Any Stock Option granted under the Plan shall be in such form as the Committee shall from time to time approve, and the provisions of a Stock Option award need not be the same with respect to each optionee. Recipients of Stock Options must enter into a stock option agreement with us, in the form determined by the Committee, setting forth the term, the exercise price and provisions regarding exercisability of the Stock Options granted thereunder. The Committee may grant either incentive stock options or non-qualified stock options or a combination thereof, but the Committee may not grant incentive stock options to any individual who is not one of our employees. To the extent that any Stock Option does not qualify as an incentive stock option, it shall constitute a separate non-qualified stock option. The Committee may not grant to any employee incentive stock options that first become exercisable in any calendar year in an amount exceeding \$100,000.

Incentive stock options and nonstatutory stock options may not be granted at less than the fair market value of the underlying common stock at the date of the grant. Incentive stock options may not be granted at less than 110% of fair market value if the employee owns or is deemed to own more than 10% of the combined voting power of all classes of our stock at the time of the grant. Stock Options can be exercisable at various dates, as determined by the Committee and will expire no more than 10 years from the grant date, or no more than five years for any Stock Option granted to an employee who owns or is deemed to own 10% of the combined voting power of all classes of our stock.

Once vested, Stock Options granted under the Plan are exercisable in whole or in part at any time during the option period by giving written notice to us and paying the option price:

in cash or by certified check;

through delivery of shares of common stock having a fair market value equal to the purchase price; or  
a combination of these methods.

The Committee may also permit cashless exercises of Stock Options.

Stock Options issued under the Plan may not be transferred other than by will or by the laws of descent and distribution. During an optionee's lifetime, a Stock Option may be exercised only by the optionee. Unless

**Table of Contents**

otherwise provided by the Committee, Stock Options that are exercisable at the time of a recipient's termination of service with us will continue to be exercisable for three months thereafter, or for twelve months thereafter if the optionee's employment is terminated due to their death or disability.

***Stock Appreciation Rights***

Stock appreciation rights may be granted to eligible persons alone or in addition to Stock Options or other Stock Awards under the Plan. The Committee will determine the number of shares of common stock to which the stock appreciation rights shall relate. Each stock appreciation right will have an exercise period determined by the Committee not to exceed 10 years from the grant date. Upon exercise of a stock appreciation right, the holder will receive cash or a number of shares of common stock equal to:

(x) the number of shares for which the stock appreciation right is exercised multiplied by the appreciation in the fair market value of a share of common stock between the stock appreciation right grant date and exercise date, divided by

(y) the fair market value of a share of common stock on the exercise date of the stock appreciation right.

***Stock Purchase Rights***

Stock purchase rights may be granted to eligible persons alone or in addition to Stock Options or other Stock Awards under the Plan. A stock purchase right allows a recipient to purchase a share of common stock at a price determined by the Committee. Unless otherwise determined by the Committee, we will have the right to repurchase the shares of common stock acquired upon exercise of the stock purchase right upon the recipient's termination of service, for any reason, prior to the satisfaction of the vesting conditions established by the Committee. Unless otherwise determined by the Committee, our right of repurchase will lapse as to 1/6th of the purchase shares on the date that is six months after the grant date, and as to an additional 1/6th of such shares every six months thereafter. Upon exercise of a stock purchase right, the purchaser will have all of the rights of a stockholder with respect to the shares of common stock acquired.

Stock purchase rights may not be transferred other than by will or by the laws of descent and distribution, and during a recipient's lifetime, a purchase grant may be exercised only by the recipient. Unless otherwise determined by the Committee, if a recipient's service to us terminates for any reason, all stock purchase rights held by the recipient will automatically terminate.

***Restricted and Unrestricted Stock Awards***

Restricted and unrestricted Stock Awards may be granted to eligible persons alone or in addition to Stock Options or other Stock Awards under the Plan. Shares of common stock granted in connection with a restricted Stock Award are generally subject to forfeiture upon:

termination of the recipient's service with us prior to vesting; or

the failure by the recipient to meet performance goals established by the Committee as a condition of vesting.

Shares of common stock subject to a restricted Stock Award cannot be sold, transferred, assigned, pledged or otherwise encumbered or disposed of until the applicable restrictions lapse. Unless otherwise determined by the Committee, holders of shares of common stock granted in connection with a restricted Stock Award have the right to vote such shares and to receive any cash dividends with respect thereto during the restriction period. Any stock dividends will be subject to the same restrictions as the underlying shares of restricted stock. Unrestricted stock

awards are outright grants of shares of common stock that are not subject to forfeiture.

**Table of Contents**

***Effect of Certain Corporate Transactions***

If:

we merge or consolidate with another corporation,

there is an exchange of substantially all of our outstanding stock for shares of another entity in which our stockholders will own less than 50% of the voting shares of the surviving entity or

we sell substantially all of our assets,

then, unless otherwise provided by the Committee in a grantee's option or award agreement, each outstanding and unexercised Stock Option or Stock Award may be assumed by the successor corporation or an equivalent option or stock award will be substituted by the successor. If, however, the successor does not assume the Stock Options and Stock Awards or substitute equivalent stock options or stock awards, then each outstanding and unexercised Stock Option and Stock Award will become exercisable for a period of at least 20 days prior to the effective date of such transaction and our right of repurchase with respect to shares covered by all outstanding stock purchase rights and all restrictions with respect to restricted Stock Awards will lapse. Any Stock Options, or Stock Awards that are not exercised during such 20-day period shall terminate at the end of such period.

Stock Options and Stock Awards made under the Plan will be proportionately adjusted for any increase or decrease in the number of issued shares of common stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the common stock, or any other increase or decrease in the number of issued shares of common stock effected without receipt of consideration by the Company.

**1998 Equity Incentive Plan**

***Summary of the Plan***

Under our 1998 Equity Incentive Plan, which amended and restated our 1998 Stock Plan (the "1998 plan"), we originally were permitted to grant stock options (incentive and nonstatutory), stock appreciation rights, performance shares, restricted stock and stock units ("Awards") to our employees and consultants and those of our affiliates up to a maximum of 4,800,000 shares. In February 2000, the board of directors approved an amendment to the 1998 plan to increase the number of shares covered by the 1998 plan by 6,000,000, to 10,800,000, subject to adjustment for stock splits and similar capital changes. The amendment was approved by our stockholders at our June 19, 2000 annual meeting of stockholders. Following the reverse stock split, there are 270,401 shares available for future grants under the 1998 plan. However, as a result of the adoption of our 2006 Equity Incentive Plan, we do not intend to make any additional Awards under the 1998 plan. Following the reverse stock split, options to purchase an aggregate of 264,772 shares of common stock were outstanding under the 1998 plan. At December 31, 2006, options to purchase an aggregate of 263,935 shares of common stock were outstanding under the 1998 plan.

The purpose of the 1998 plan was to enable us to attract and retain key employees and consultants, to provide incentives for them to achieve long-range performance goals and to enable them to participate in our long-term growth.

Options could be granted under the 1998 plan through the assumption or substitution of outstanding grants from an acquired company without reducing the number of shares available for award under the 1998 plan.

*Administration and Eligibility*

Awards had been made by a committee designated by the board of directors to administer the 1998 plan. The committee was authorized to delegate to one or more officers the power to make awards under the 1998 plan to persons other than our officers who are subject to the reporting requirements of Section 16 of the Exchange Act. Awards under the 1998 plan have been made at the discretion of the committee, which determined the recipients and established the terms and conditions of each award, including the exercise price,

**Table of Contents**

the form of payment of the exercise price, the number of shares subject to options or other equity rights and the time at which such options become exercisable.

The 1998 Plan provided for the granting of incentive stock options and non-statutory stock options. In the case of incentive stock options, the exercise price shall not be less than 100% of the fair market value per share of the Company's common stock, on the date of grant. In the case of non-statutory options, the exercise price shall be determined by the committee. All stock options under the 1998 plan have been granted at exercise prices at least equal to the fair market value of the common stock on the date of grant.

The options either were exercisable immediately on the date of grant or became exercisable in such installments as the committee may specify, generally over a four-year period. Each option expires on the date specified by the committee, but not more than ten years from the date of grant in the case of incentive stock options (five years in other cases).

**Summary Compensation Table**

The following table summarizes our estimate of the total compensation awarded to our Chief Executive Officer, Chief Financial Officer and other named executive officers in 2007 and 2006.

Name and Principal Position	Year(1)	Salary (\$)	Bonus (\$)	Stock Awards \$(2)	Option Awards \$(2)	All Other	Total (\$)
						Compensation (\$)	
Gareb Shamus	2007	220,673	0	0	0	39,328(3)	260,001
Former Chairman, Chief Executive Officer and President	2006	60,000	0			0	60,000
Jay Larkin	2007	75,096	0	0	19,949	0	95,045
President and Interim Chief Executive Officer							
Kurt Otto(4)	2007	250,000	0	0	0		250,000
Commissioner	2006	60,000	0	0	0	0	60,000
Michael C. Keefe	2007	181,846	25,000(5)	95,312	0		302,158
Executive Vice President, General Counsel, Corporate Secretary and Acting Chief Financial Officer							
Salvatore Bucci	2007	160,000	0	0	0	142,968(6)	302,968
Former Chief Financial Officer, Executive Vice President and Treasurer	2006	188,301	0	0	0	0	188,301

(1) For 2007, only Mr. Otto was employed by us for the entire year. Mr. Shamus and Mr. Bucci resigned from their positions with us on November 19 and September 30, 2007, respectively. Mr. Larkin joined us on September 21, 2007 and Mr. Keefe joined us on March 28, 2007.

(2) Represents the expense to the Company pursuant to SFAS No. 123(R) for the respective year for restricted stock or stock options granted as long-term incentives pursuant to the Company's 2006 Equity Incentive Plan. See

notes to the Company's financial statements in this prospectus for the assumptions used for valuing the expense under SFAS No. 123(R).

- (3) Includes \$29,328 of consulting fees paid to Mr. Shamus and a \$10,000 payment to Mr. Shamus' law firm pursuant to the transition agreement and general release between Mr. Shamus and the Company.
- (4) Mr. Otto resigned from his employment and management positions with us as of March 31, 2008. Commencing April 1, 2008, Mr. Otto will be working for us as a matchmaker on an independent contractor basis, and will be paid \$10,000 for each event at which he serves as a matchmaker for the fights at the event.
- (5) As part of his employment agreement with the Company, Mr. Keefe was guaranteed a bonus of \$25,000 for 2007.
- (6) Includes \$130,000 of special payments made to Mr. Bucci, a \$10,000 payment to Mr. Bucci's law firm and \$2,968 of premiums for private disability insurance pursuant to the agreement and general release between Mr. Bucci and the Company.

**Table of Contents****Grant of Plan-Based Awards**

The following table provides certain information with respect to stock options and restricted stock awards granted to our named executive officers during the fiscal year ended December 31, 2007.

**Grant of Plan-Based Awards**

Name	Grant Date	Board or Compensation Committee	Approval Date	All Other Stock Awards: Number of Shares of Stock or Units (#)	All Other Option Awards: Number of Securities Underlying Options (#)	Exercise or Base Price of Option Awards (\$/Sh)	Grant Date Fair Value of Stock and Option Awards \$(1)
Jay Larkin	9/21/07		9/21/07		500,000	\$ 0.46	\$ 214,163
Michael C. Keefe	5/24/07		5/18/07	125,000			\$ 381,249

(1) Represents the fair value of the award, determined in accordance with SFAS No. 123(R), based on the assumptions set forth in the notes to our financial statements for the fiscal year ended December 31, 2007 contained in this prospectus.

**Outstanding Equity Awards at Fiscal Year-End**

The following table summarizes equity awards granted to our named executive officers that were outstanding at the end of the fiscal year ended December 31, 2007:

**Outstanding Equity Awards at Fiscal Year-End**

Name	Option Awards				Stock Awards Market	
	Number of Securities	Number of Securities	Option Exercise Price (\$)	Option Expiration Date	Number of Shares or Units That Have Not Vested (#)	Value of Shares or Units That Have Not Vested (\$)
	Underlying Unexercised Options (#) Exercisable	Underlying Unexercised Options (#) Unexercisable				

Jay Larkin	41,667	458,333	\$ 0.46	9/21/2017		
Michael C. Keefe					125,000	\$ 23,750(1)
Salvatore A. Bucci	16,250(1)		\$ 21.75	5/25/10		

(1) Calculated based on \$0.19 per share, the closing price of our common stock, as reported on the OTC Bulletin Board on December 31, 2007.

### **Stock Option Exercises and Vesting of Restricted Stock Awards**

No restricted stock awards vested and no stock options were exercised in 2007 by any of our named executive officers.

### **Potential Payments upon Termination**

Our employment agreements with Messrs. Keefe and Larkin provide for various payments and benefits upon terminations of their employment in some circumstances. Each of these agreements and the potential payments upon a termination of employment is described under Executive Employment Contracts. We do not have any other policies, agreements or arrangements regarding potential payments upon termination of employment.

### **Compensation of Directors**

Our non-employee directors receive equity grants, and currently do not receive any cash compensation. Under our current non-employee director compensation arrangement, non-employee directors receive an

**Table of Contents**

upfront grant of options to purchase 300,000 shares of common stock. Beginning February 20, 2008 (or after any trading blackout period), and every six months thereafter, each non-employee director will receive an additional grant of options to purchase 50,000 shares. All option grants will (a) be awarded under the Plan, (b) have an exercise price equal to the fair market value (as defined in the Plan) of our common stock on the grant date, (c) have a ten year expiration date, and (d) vest in six equal semi-annual installments, commencing six months after the grant. The first equity grants of 300,000 options were awarded to Messrs. Jagid and Waldman on August 24, 2007. Prior to that date, none of our non-employee directors received any compensation.

The following table provides the compensation paid to our non-employee directors during the year ended December 31, 2007.

<b>Director</b>	<b>Cash Compensation (\$)</b>	<b>Option Awards (\$)(1)</b>	<b>Total Compensation (\$)</b>
Jeffrey M. Jagid			(2)
Richard Kurtz			
Michael Molnar			
Kevin Waldman			(2)

(1) Represents the expense to us pursuant to SFAS No. 123(R) for the respective year for stock options granted as long-term incentives pursuant to the Company's 2006 Equity Incentive Plan. See notes to the Company's financial statements in this prospectus for the assumptions used for valuing the expense under SFAS No. 123(R).

(2) Messrs. Jagid and Waldman were each granted on August 24, 2007, an award of options to purchase 300,000 shares of the Company's common stock at an exercise price of \$0.63 per share. The value of each of these awards on the grant date under SFAS No. 123(R) was \$187,789.

**Limitation on Liability and Indemnification Matters**

Section 145 of the Delaware General Corporation Law grants us the power to indemnify each person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative by reason of the fact that he is or was a director, officer, employee or agent of IFL, or is or was serving at our request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of IFL, and with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. No indemnification, however, shall be made in connection with any proceeding brought by or in the right of IFL where the person involved is adjudged to be liable to IFL except to the extent approved by a court. Under Section 145, to the extent that one of our present or former directors or officers is successful on the merits or otherwise in defense of any of these actions, suits or proceedings, or in defense of any claim, issue or matter, we must indemnify the director or officer against expenses, including attorneys' fees, that the director or officer actually and reasonably incurs because of the action, suit or proceeding.

Under Section 145, we may pay in advance the costs and expenses a director or officer incurs in the course of such a proceeding if the he or she affirms in writing that he or she believes he or she has met the standards for indemnification and will personally repay the expenses if it is determined that the officer or director did not meet the standards. Under our certificate of incorporation, we will not indemnify any person who seeks indemnification in connection with a proceeding initiated by such officer or director unless the initiation was approved by the board of directors.

Article Eighth of our certificate of incorporation and Article VI of our bylaws provide that we shall, to the fullest extent permitted by law, indemnify each person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding by reason of the fact that he is or

**Table of Contents**

was, or has agreed to become, a director or officer of IFL, or is or was serving, or has agreed to serve, at our request, as a director, officer or trustee of, or in a similar capacity with, another corporation, partnership, joint venture, trust or other enterprise. This indemnification may include the advancement of expenses to an indemnified person upon his or her written undertaking to repay such advancement if it is ultimately determined that he or she is not entitled to indemnification. The indemnification provided for in Article Eighth of our certificate of incorporation and Article VI of our bylaws are expressly not exclusive of any other rights to which those seeking indemnification may otherwise be entitled. Article Eighth of our certificate of incorporation permits the board of directors to authorize the grant of indemnification rights to other employees or agents of IFL or other persons serving us and such rights may be equivalent to, or greater or less than, those set forth in Article Eighth.

Article Ninth of our certificate of incorporation eliminates a director's personal liability for monetary damages to us and our stockholders for breaches of fiduciary duty as a director, except in circumstances involving a breach of a director's duty of loyalty to us or our stockholders, acts or omissions not in good faith, intentional misconduct, knowing violations of the law, the unlawful payment of dividends, the unlawful repurchase or redemption of stock or an improper personal benefit.

The limitation of liability and indemnification provisions in our certificate of incorporation may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. A stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

**Directors and Officers Insurance**

We currently maintain a directors and officers liability insurance policy that provides our directors and officers with liability coverage relating to certain potential liabilities.

**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

Since January 1, 2007, there have been no material relationships between us and our current directors, executive officers, and stockholders beneficially owning more than 5% of our outstanding shares of common stock other than the transactions and relationships described where required in Compensation Discussion and Analysis and as follows below:

**Lease Guaranty**

In connection with Old IFL's lease of our New York City headquarters in August 2006, Mr. Shamus, our former chief executive officer, executed an unconditional and irrevocable guaranty of Old IFL's obligations under the lease. This lease commenced on September 1, 2006 and expires on August 31, 2010. With the approval of the Board of Directors, the Company agreed to indemnify our former chief executive officer for any costs or losses incurred by him as a result of this guaranty. Rent expense initially was \$13,394 per month (not including escalations) commencing on

November 1, 2006 and payable in advance. Future minimum rental payments are as follows:

2008	\$ 164,000
2009	\$ 169,000
2010	\$ 113,000

### **Transactions with Entities Controlled by Our Officers and Directors**

Prior to moving to its new principal office in New York City in October 2006, Old IFL utilized office space provided by a business venture controlled by our former chief executive officer, Gareb Shamus. No rent was charged to Old IFL under this arrangement, nor is there any obligation upon us or Old IFL to pay rent for its past use of such premises.

In addition, certain business transactions were transacted among us and two business ventures that are controlled by Mr. Shamus. We reimbursed these companies controlled by Mr. Shamus for charges incurred and advances made on our behalf. Further, we purchased certain goods and services from these related companies. For the year ending December 31, 2007, we had transactions aggregating \$658,000, all of which have been paid and no amounts were outstanding as of December 31, 2007. As of December 31, 2006, approximately \$166,000 were owed to these related companies, of which \$119,000 are included in accounts payable and \$47,000 are included in accrued expenses, relating to transactions aggregating \$442,000 for the year ended December 31, 2006. During 2005, there were no comparable transactions.

During the year ended December 31, 2007, we paid amounts to a company controlled by our current President and Chief Executive Officer, Jay Larkin, for consulting services provided to the Company prior to Mr. Larkin's employment with us. The total amount paid by us for these services and reimbursement of related expenses was \$136,500 in 2007, and no such amounts have been paid after Mr. Larkin commenced his employment with us in September 2007. During 2006 and 2005, there were no comparable transactions.

During the year ended December 31, 2007, the Company paid \$95,125 for logistics and consulting services and reimbursement of expenses to a company controlled by a family member of Kurt Otto, the Commissioner and one of the Company's directors.

### **Review, Approval and Ratification of Related Party Transactions**

Given Old IFL's small size and limited financial resources, Old IFL had not adopted prior to the Merger formal policies and procedures for the review, approval or ratification of transactions, such as those described above, with its executive officers, directors and significant stockholders. Since our acquisition of Old IFL in the Merger, such transactions are, on a going-forward basis, subject to the review, approval or ratification of our board of directors, or an appropriate committee thereof.

### **Director Independence**

The Board of Directors has adopted Director Independence Standards, which incorporate all of the director independence standards of the American Stock Exchange ( AMEX ) and, in some respects, are more stringent. These standards require that a director be considered independent only if the director does not have, and generally has not had in the most recent three years, any material relationships with the company, including any affiliation with our independent auditors. The Board has reviewed each of the directors' relationships with us in conjunction with the board's Director Independence Standards and has affirmatively determined that Jeffrey Jagid and Kevin Waldman are independent under the board's Director Independence Standards. In making this determination, the Board took into account that no independent director (or immediate family member of any independent director) has a business relationship with us or any of our subsidiaries, other than service as a director. Messrs. Jagid and Waldman are the only directors who serve on our Audit Committee, Compensation Committee and Nominating Committee.

## **PRINCIPAL STOCKHOLDERS**

The following table set forth information regarding the beneficial ownership of our common stock as of December 31, 2007, by:

each person known to be the beneficial owner of 5% or more of our outstanding common stock;

each of our executive officers named in the Summary Compensation Table;

**Table of Contents**

each of our directors; and

all of our executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the SEC and is calculated based on shares of our common stock issued and outstanding on December 31, 2007. In computing the number of shares beneficially owned by a person and the percentage of ownership of that person, shares of common stock subject to options, warrants and/or convertible notes held by that person that are currently exercisable or convertible, as appropriate, or will become exercisable or convertible within 60 days of the reporting date are deemed outstanding, even if they have not actually been exercised or converted. Those shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

Unless otherwise indicated in the table, the persons and entities named in the table have sole voting and sole investment power with respect to the shares of common stock set forth opposite the stockholder's name. The address of each stockholder is listed in the table.
