**Item 7.01. Regulation FD Disclosure.**

The Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 passed by Congress does not include an extension of the tax credit for the production and sale of steel industry fuel (SIF) beyond December 31, 2010. DTE Energy Company's (DTE Energy) early outlook for its 2011 operating earnings per share guidance of \$3.40-\$3.80 was based, in part, on the SIF tax credit being extended through December 31, 2011 at an expected value of \$0.12 to \$0.15 per share. DTE Energy management is working on opportunities to offset this earnings impact and is still targeting the \$3.60 per share midpoint of 2011 operating earnings guidance. DTE Energy plans to provide an update to 2011 operating earnings guidance in early 2011.

In this filing, DTE Energy discusses 2011 operating earnings guidance. It is likely that certain items that impact the company's 2011 reported results will be excluded from operating results. Reconciliations to the comparable 2011 reported earnings guidance are not provided because it is not possible to provide a reliable forecast of specific line items. These items may fluctuate significantly from period to period and may have a significant impact on reported earnings.

DTE Energy management believes that operating earnings provide a more meaningful representation of the company's earnings from ongoing operations and uses operating earnings as the primary performance measurement for external communications with analysts and investors. Internally, DTE Energy uses operating earnings to measure performance against budget and to report to the Board of Directors.

In accordance with General Instruction B.2 of Form 8-K, the information in this Current Report on Form 8-K shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth in such a filing.

**Forward-Looking Statements:**

This Form 8-K contains forward-looking statements that are subject to various assumptions, risks and uncertainties. It should be read in conjunction with the Forward-Looking Statements section in DTE Energy's 2009 Form 10-K and 2010 Forms 10-Q (which sections are incorporated by reference herein), and in conjunction with other SEC reports filed by DTE Energy that discuss important factors that could cause DTE Energy's actual results to differ materially. DTE Energy expressly disclaims any current intention to update any forward-looking statements contained in this report as a result of new information or future events or developments.
