- (1) The total number of shares subject to options granted to employees in fiscal 2002 was 404,580.
- (2) The exercise price (which corresponded to the fair market value of the Common Stock on the date of grant) may be paid in cash, or, with the consent of the Compensation and Stock Option Committee, in Common Stock of the Company, by a promissory note, or in such other manner as the Committee determines is appropriate in its sole discretion. The Compensation and Stock Option Committee has approved the issuance of reload options in certain circumstances and with certain restrictions. A reload option is an option granted to an employee when the employee exercises an option using previously owned shares.
- (3) The options become exercisable up to 33 1/3% on or after June 13, 2002 and prior to June 12, 2003; up to 66 2/3% on or after June 13, 2003 and prior

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

to June 12, 2004; up to 100% on or after June 13, 2004.

- (4) The Potential Realizable Value is calculated based on the fair market value on the date of grant, which is equal to the exercise price of options granted in fiscal 2002, assuming that the stock appreciates in value from the date of grant until the end of the option term at the annual rate specified (5% and 10%). Potential Realizable Value is net of the option exercise price. The assumed rates of appreciation are specified in rules of the SEC, and do not represent the Company's estimate or projection of future stock price. Actual gains, if any, resulting from stock option exercises and Common Stock holdings are dependent on the future performance of the Common Stock and overall stock market conditions, as well as the optionee's continued employment through the exercise/vesting period. There can be no assurance that the amounts reflected in this table will be achieved.

PENSION PLAN

The Company has a pension plan (the "plan") covering all employees of the Company who have reached the age of 21 and completed one year of service, except for employees covered by a collective bargaining agreement which does not provide for plan coverage. The plan provides pension benefits, death benefits and disability benefits for covered employees. For the fiscal year ended April 27, 2002, employees with five or more years of service were entitled to monthly pension benefits beginning at normal retirement age (65). The computation of benefits under the plan is based upon a formula which takes into consideration retirement age, years of service up to 30 years, average annual compensation during the highest five consecutive year period within the 10 years preceding retirement, and the average of the taxable wage base for social security purposes over the employee's career. The plan permits early retirement at ages 55-64 for employees with 10 or more years of service. A death benefit equal to a portion of the employee's accrued benefit is paid to the employee's spouse if the employee dies after becoming vested under the plan. An employee with 10 or more years of service whose employment by the Company terminates prior to his or her normal retirement date due to his or her permanent and total disability is entitled to receive a disability retirement benefit.

The compensation covered by the plan includes all earnings from the Company as reported on the employee's W-2 form, for base pay plus overtime and bonus payments only, plus salary deferrals under the Company's 401(k) Plan, up to a maximum of \$200,000 for calendar year 2002.

The following table illustrates current annual benefits payable under the plan upon retirement at age 65 to persons in certain compensation and years of service classifications. The benefits are computed on the basis of a straight life annuity and are not subject to deductions for social security or other offset amounts.

FINAL AVERAGE COMPENSATION	TEN YEARS OF SERVICE	TWENTY YEARS OF SERVICE	THIRTY YEARS OF SERVICE
\$200,000*	\$25,436	\$50,872	\$76,308

*Compensation which may be considered for any purpose under a qualified pension plan is limited for calendar year 2002 to \$200,000.

The Internal Revenue Code limits the benefits which can be paid from any funded pension plan that qualifies for federal tax exemption. The amount for calendar year 2002 is \$160,000.

As of April 27, 2002 the credited years of service under the plan for the named Executive Officers were as follows: 24 for Stephen Strome; 8 for

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Peter J. Cline; 2 for Gerardo I. Lopez; 5 for Stephen Nadelberg; and 30 for Samuel Milicia.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN

The Company sponsors a Supplemental Executive Retirement Plan (the "SERP") covering a select group of management employees of the Company. The SERP provides supplemental retirement income, and death and disability benefits. Covered employees with five or more years of service are entitled to monthly retirement income beginning at normal retirement age (65). The SERP permits early retirement at ages 55-64 for employees with 10 or more years of service. The computation of benefits under the SERP is based upon a formula which takes into consideration retirement age, years of service up to a maximum of 30 years, and average annual compensation during the highest five consecutive years within the 10 years preceding retirement. A death benefit equal to a portion of the employee's accrued benefit is paid to the employee's spouse if the employee dies after becoming vested under the SERP. An employee with 10 or more years of service whose employment by the Company terminates prior to his or her normal retirement date due to his or her total and permanent disability is entitled to receive a disability retirement benefit.

The compensation covered by the SERP includes all earnings from the Company as reported on the employee's W-2 form, for base pay, overtime, and bonus payments, plus salary deferrals. No maximum applies to compensation covered under the SERP.

The benefit amount calculated under the formula is computed on the basis of a straight life annuity and is subject to an offset by benefits provided under the pension plan.

The following table illustrates current annual benefits payable under the SERP upon normal retirement at age 65 to persons in certain compensation and years of service classifications. These benefits are in addition to benefits payable under the Company pension plan.

FINAL AVERAGE COMPENSATION	TEN YEARS OF SERVICE	TWENTY YEARS OF SERVICE	THIRTY YEARS OF SERVICE
\$200,000	\$9,564	\$19,128	\$28,692
400,000	44,564	89,128	133,692
600,000	79,564	159,128	238,692
800,000	114,564	229,128	343,692
1,000,000	149,564	299,128	448,692

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

As of April 27, 2002 the credited years of service under the SERP for the named Executive Officers were as follows: 24 for Stephen Strome; 8 for Peter J. Cline; 2 for Gerardo I. Lopez; 5 for Stephen Nadelberg; and 30 for Samuel Milicia.

CHANGE IN CONTROL AGREEMENTS

The Company entered into Change in Control Agreements (the "Agreements") with Stephen Strome, Peter J. Cline and Stephen Nadelberg in the event their employment is terminated as a result of, or in the connection with, a change in control (as defined in the Agreements). The Agreements end December 31, 2002 and are automatically renewed to December 31 of each subsequent year unless and until the Company or the named Executive Officer sends a written notice of termination to the other party.

In event of termination of employment or other specified changes in the employment relationship within 24 months following a change in control, the Agreements generally provide for payments of accrued salary and bonus not paid plus a severance payment equal to the sum of base salary and the average of the annual bonus accrued during the three fiscal years prior to the termination date times 2.99. The Agreements also entitle each named Executive Officer to continue participation in the Company's life and health insurance benefits for 36 months following the termination date. In addition, all stock options granted to the named Executive Officer under the Company's 2001 Stock Option and Incentive Plan or any other incentive plan or arrangement will become 100% vested and immediately exercisable.

Based on current salaries and prior bonuses, if Messrs. Strome, Cline, or Nadelberg had terminated their employment as of April 27, 2002 under circumstances entitling them to severance pay as described above, they would have been entitled to receive lump sum cash payments of \$3,090,000, \$1,985,000 and \$914,000, respectively.

Assumes an investment of \$100 in the Company's Common Stock, the Russell 2500 Index and the S&P 500 Composite Index as of the last day of fiscal 1997. It shows the cumulative total return for the Company's last five fiscal years assuming reinvestment of dividends.

The Company does not believe it feasible to provide a peer group comparison since any entities that could conceivably be deemed "peers" are either privately-held companies or subsidiaries or divisions of larger publicly-held companies. Therefore, the Company has selected the Russell 2500 Index on the basis of similar market capitalization.

REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE

INTRODUCTION

The Compensation and Stock Option Committee (the "Committee") of the Board is composed of three independent outside Directors who have no interlocking relationships as defined by the SEC. The members of the Committee

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

are James B. Nicholson (Chairman), Elizabeth A. Chappell and Lloyd E. Reuss. The Committee establishes the compensation policy for the Company's executives and reviews the salaries, bonuses and stock incentives of each of the Executive Officers including the Chief Executive Officer. The Committee administers the Company's 2001 Stock Option and Incentive Plan and prior stock option plans.

GENERAL POLICIES

The Company's compensation policies reflect its belief that the compensation of its key employees (including Executive Officers) should: (1) provide a compensation program that motivates key employees to achieve their strategic goals by tying compensation to the performance of the Company and applicable business units, as well as, to individual performance; (2) provide compensation reasonably comparable to that offered by other leading companies to attract and retain talented executives; and to (3) align the interests of its key employees with the long-term interests of the Company's shareholders through the award of stock incentives. The compensation packages offered to key employees are based on the review of compensation survey studies and the advice of compensation consultants. In assessing salary levels from a comparability standpoint, the Committee refers to compensation surveys based on different groups of corporations with approximately the same sales volume as the Company.

The Committee has not taken into account the impact of Section 162(m) of the Internal Revenue Code (which disallows certain deductions for executive compensation exceeding \$1,000,000 per year) in determining the level of executive compensation.

BASE SALARIES

Base salaries are established by analyzing and evaluating the responsibilities of a given position and a comparison of compensation levels of similar positions in the competitive marketplace on both a regional and national basis. Each position is included in a structure of graduated salary levels that have been set up by reference to the pay practices of the companies included in the outside consultant's compensation surveys. Salary levels are reviewed annually and are subject to adjustment based on the general movement in salaries in the job market, as well as the individual's job performance, contributions to the Company and changes in job responsibilities.

BONUSES

The Company's bonus program is intended to encourage and reward the achievement of corporate objectives. The named Executive Officers participate in the bonus program. Awards under the bonus program, during fiscal 2002, were based on the Company attaining certain levels of operating performance, net income and cash flow. In fiscal 2002, Mr. Cline, received a bonus based on the overall performance of the Company in terms of net income and cash flow. In fiscal 2002, Messrs. Lopez, Nadelberg and Milicia received bonuses based on the operating performance and cash flow of their individual business units and the consideration of personal objectives.

STOCK PLANS

The Company's shareholders approved the adoption of the Handleman Company 2001 Stock Option and Incentive Plan (the "Plan") which authorizes the granting of stock options, performance shares and restricted stock.

The Committee believes that stock ownership by key employees (including Executive Officers) and stock-based performance compensation arrangements foster an interest in the enhancement of shareholder value and thus align management's interests with that of the shareholders. In fiscal 2002, stock options and performance shares were awarded pursuant to the Plan to key employees in amounts reflecting the participant's position and ability to influence the Company's overall performance.

The Committee's policy has been to utilize vesting periods to encourage key employees to continue in the employ of the Company, and to grant options to provide a long-term incentive. The exercise price of the options is based on the fair market value of the underlying shares on the date of the grant. Thus, such options have value only if the price of the underlying shares increases.

The Committee reviewed the long-term incentives available to key employees from the perspective of market competitiveness and value. The Committee also looked at how to more closely align the Company's long-term incentive awards with the creation of shareholder value. The Committee determined that the overall effectiveness and value of the Plan is strengthened by the addition of performance shares. Performance shares provide a strong link between pay and performance. The number of shares that key employees would receive from the fiscal 2002 performance share grant will be based on certain fixed performance criteria being satisfied by May 1, 2004.

OTHER COMPENSATION

At various times in the past the Company has adopted certain broad-based employee benefit plans in which key management employees have been permitted to participate and has adopted certain Executive Officer retirement, life and health insurance and automotive plans. Other than with respect to the Company's 401(k) Plan, which includes a Company Common Stock Fund so as to further align employees' and shareholders' long-term financial interests, benefits under these plans are not directly or indirectly tied to Company performance.

CHIEF EXECUTIVE OFFICER COMPENSATION

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

The annual base salary earned in fiscal 2002 by Stephen Strome, the Company's Chief Executive Officer, was \$601,308. Compensation for the Chief Executive Officer is determined through a process similar to that discussed for other Executive Officers. Mr. Strome was paid a bonus of \$250,000 in fiscal 2002 based on the overall performance of the Company in terms of net income and cash flow. In fiscal 2002, Mr. Strome was awarded a nonqualified stock option grant to purchase 71,100 shares of the Company's stock (see "Option Grants in the Last Fiscal Year") and a grant of 54,400 performance shares of the Company's common stock, which would be distributed if certain fixed performance criteria are satisfied by May 1, 2004. The goals of these grants are to ensure attention to the Company's long-term strategies and objectives. The Committee believes Mr. Strome's compensation to be competitive with compensation practices of the companies included in the survey prepared by the outside consultant.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Handleman Company Board of Directors is composed of four independent Directors. The Audit Committee is governed by the Audit Committee Charter adopted by the Board of Directors.

As set forth in the Audit Committee Charter, the Committee is appointed by the Board of Directors to, among other duties and responsibilities, provide assistance to the Board of Directors in fulfilling its oversight responsibility relating to the Company's financial statements and the financial reporting processes; the systems of internal accounting and financial controls; the internal audit function; and the annual independent audit of the Company's financial statements.

Management has responsibility for the Company's financial statements and financial reporting processes, including the system of internal controls. The independent auditors are responsible for performing an independent audit of

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon.

The Committee reviews the Company's financial statements and financial reporting processes on behalf of the Board of Directors. In fulfilling its responsibilities, the Committee has met and held discussions with management, the internal auditors and the independent auditors. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Committee has reviewed and discussed the audited consolidated financial statements contained in the fiscal year 2002 Annual Report on SEC Form 10-K with management and the independent auditors.

The Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended. In addition, the Committee has discussed with the independent auditors the auditors' independence from the Company and its management, including the letter regarding its independence provided to the Committee as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees.

Based upon, and in reliance upon, the Committee's discussions with management and the independent auditors referred to above, the Committee's review of the representations of management and the report of the independent auditors, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for fiscal year 2002 (fiscal year ended April 27, 2002) for filing with the Securities and Exchange Commission.

II. OTHER MATTERS

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANT

PricewaterhouseCoopers LLP is the independent public accountant for the Company and has reported on the Company's consolidated financial statements for the fiscal year ended April 27, 2002. The Company's independent public accountant is appointed by the Board of Directors after receiving recommendations from the Audit Committee. PricewaterhouseCoopers LLP has been reappointed for fiscal year 2003.

Representatives from PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting of Shareholders and will have the opportunity to make a statement at the meeting if they desire to do so, and are expected to be available to respond to appropriate questions.

PRINCIPAL ACCOUNTING FIRM FEES

For the fiscal year ended April 27, 2002, the Company paid PricewaterhouseCoopers LLP \$294,572 for the audit and audit related services, \$1,281 for financial information systems design and implementation services, and \$457,979 for all other services. All other services are principally comprised of tax and actuarial services. The Audit Committee determined that the non-audit services provided (and the aggregated fees billed for such services) by PricewaterhouseCoopers LLP during fiscal 2002 were compatible with maintaining their independence.

OTHER PROPOSALS

Neither the Company nor the members of its Board of Directors intend to bring before the Annual Meeting any matters other than those set forth in the Notice of Annual Meeting, and they have no present knowledge that any other matters will be presented for action at the meeting by others. However, if any other matters properly come before the meeting, it is the intention of the persons named in the enclosed form of proxy to vote in accordance with their best judgment.

A shareholder proposal which is intended to be presented at the 2003 Annual Meeting of Shareholders must be received by the Company at its principal executive offices by March 14, 2003.

By Order of the Board of Directors,

/s/ Stephen Strome

Stephen Strome
Chairman of the Board
and Chief Executive Officer

APPENDIX A

HANDLEMAN COMPANY
CORPORATE GOVERNANCE GUIDELINES

1. SELECTION OF CHAIRMAN AND CEO; LEAD DIRECTOR: Currently, the Chairman of the Board is the Chief Executive Officer (CEO) of Handleman Company. If the Board does not designate the Chairman of the Board as the CEO, then the President by virtue of his office is the CEO.

The Board has no policy respecting the need to separate or combine the offices of Chairman and CEO. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Company to make a determination whenever it elects a new CEO.

The Board may designate an independent Director to serve as Lead Director, with such duties and responsibilities as determined by the Board. If no Lead Director is designated by the Board, reference in these Guidelines to the Lead Director shall refer to the Chair of the Compensation and Stock Option Committee.

2. MEETING WITHOUT CEO: In those instances where the outside Directors meet without the Chairman and CEO, the Lead Director will chair the meeting.
3. NUMBER OF COMMITTEES: The Board has the following committees: Audit Committee, Compensation and Stock Option Committee and Corporate Governance and Nominating Committee. The Board has the flexibility to form a new committee or disband a current committee. It is the policy of the Board that only independent Directors serve on the Audit Committee, Compensation and Stock Option Committee and Corporate Governance and Nominating Committee.
4. ASSIGNMENT AND ROTATION OF COMMITTEE MEMBERS: The Chairman and CEO suggests the appointment of members to the committees, the composition of which is discussed and ratified by the entire Board, taking into account the desires and suggestions of individual Directors. It is the belief of the Board that committee rotation is a desirable principle, but should not be mandated as a policy since there may be reasons at a given point in time to maintain an individual Director's committee membership for a longer period or to shorten the period. The learning time to become an active contributor on a

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

particular committee is also a factor.

5. FREQUENCY AND LENGTH OF COMMITTEE MEETINGS: The Chair of each committee, in consultation with its members, determines the frequency and length of the meetings of the committee.
6. COMMITTEE AGENDA: The Chair of each committee, in consultation with the appropriate Officers, will develop the committee's agenda. At the beginning of the Board year (from annual shareholders meeting to annual meeting), each committee will establish a schedule of agenda subjects to be discussed during the year (to the extent these can be foreseen); the schedule for each committee will be furnished to all Directors. The agenda for each meeting will be distributed to all Directors in advance and suggestions for changes or additions will be solicited.
7. SELECTION OF AGENDA ITEMS FOR BOARD MEETINGS: The Chairman and CEO will establish the agenda for each Board meeting. At the beginning of the Board year, the Chairman and CEO will establish a schedule of agenda subjects to be discussed during the year (to the extent these can be foreseen). The agenda for each meeting will be distributed to all Directors in advance and suggestions for changes or additions will be solicited. At least one Board meeting each year will be a Board "retreat," the principal purpose of which will be a Board review of long-term strategic plans and the principal issues that Handleman Company will face in the future. The Board will have a minimum of six scheduled meetings per Board year and will be on call for additional meetings as needed.
8. BOARD MATERIALS DISTRIBUTED IN ADVANCE: Information and data that are important to the Board's understanding of the business will be distributed in writing to the Board the week before the scheduled Board meeting. The Officers will strive to make the information concise yet comprehensive, and will make an ongoing effort to solicit suggestions from outside Directors on how to best meet their information needs.

9. REGULAR ATTENDANCE OF NON-DIRECTORS AT BOARD MEETINGS: The Chairman and CEO will invite Senior Officers to attend the meeting when their presence is expected to significantly enhance the quality of Board decisions. Generally, attendance of non-Directors will take place when their expertise is required or where attendance is encouraged as noted in Item 11 (e.g., at the Board retreat).

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

10. EXECUTIVE SESSIONS OF OUTSIDE DIRECTORS: The outside Directors will meet in executive session at the conclusion of each scheduled Board meeting. The Lead Director will report to the Chairman and CEO on the nature of the discussion immediately following the Board meeting.
11. BOARD ACCESS TO SENIOR MANAGEMENT: Board members have complete access to the Company's Officers and counsel. It is assumed that Board members will use appropriate judgment to be sure that this contact is not distracting to the business operation of the Company and that such contact, if in writing, be copied to the Chairman and CEO under normal circumstances. Furthermore, the Board encourages the Chairman and CEO, from time to time, to bring executives into Board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas or (b) represent executives with future potential that the Chairman and CEO believes should be given exposure to the Board. The Board may retain outside counsel of its choice with respect to any issue relating to its activities. The Chairman and CEO will be advised on each such occasion of the law firm selected and the issues to be addressed by it on behalf of the Board.
12. BOARD COMPENSATION REVIEW: It is appropriate for the Officers to report once a year to the Compensation and Stock Option Committee the status of Board compensation in relation to other comparable U.S. companies and in consideration of the most current best practices. Changes in Board compensation, if any, should come at the suggestion of the Compensation and Stock Option Committee, but with full discussion and concurrence by the Board.
13. SIZE OF THE BOARD: It is the opinion of the Board that the optimal size of the Board under normal circumstances is 8 to 10 members. This size permits both a diversity of skills and views available to contribute to the duties of the Board and its Committees as well as the coordination and participation of all Directors in Board deliberations. However, the Board would be willing to go to a somewhat larger size in order to accommodate the availability of an outstanding candidate.
14. MIX OF INSIDE AND OUTSIDE DIRECTORS: The Board believes that, as a matter of policy, there should be a majority of independent Directors on the Handleman Board.
15. DEFINITION OF INDEPENDENCE FOR OUTSIDE DIRECTORS: The Company has adopted the following definition of an independent Director: one who (a) is not and has not been employed by the Company or its subsidiaries in an executive capacity; (b) is not a significant advisor or consultant to the Company; (c) is not affiliated with a significant customer or supplier of the Company; (d) does not have a significant personal services contract with the Company; (e) is not affiliated with a tax-exempt entity that receives significant contributions from the Company; and (f) is not a spouse, parent, sibling or child of a Board member or senior executive of the Company. The Board believes that all outside Directors with the exception of David Handleman are independent. Compliance with the definition of independence is reviewed annually by the Corporate Governance and Nominating Committee. The ownership of stock in the Company by Directors is encouraged. The Board's policy is that each Director should, by April 30, 2002, own Company stock valued at market price equal to three times the annual retainer.
16. FORMER CHIEF EXECUTIVE OFFICER'S BOARD MEMBERSHIP: The Board believes this is a matter to be decided in each individual instance. It is assumed that when the Chief Executive Officer resigns from that position, he/she should offer his/her resignation from the Board at the same time. Whether the individual continues to serve on the Board is a matter for discussion at

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

that time with the new CEO and the Board.

17. BOARD MEMBERSHIP CRITERIA: The Corporate Governance and Nominating Committee is responsible for reviewing with the Board periodically the appropriate skills and characteristics required of Board members in the context of the current make-up of the Board. This assessment should include issues of diversity, age, skills such as understanding of marketing, finance, regulation and public policy, international background, commitment to Handleman's shared values, etc. -- all in the context of an assessment of the perceived needs of the Company and the Board at that point in time.
18. SELECTION OF NEW DIRECTOR CANDIDATE/EXTENDING INVITATIONS TO BOARD: The Board itself should be responsible, in fact as well as procedure, for selecting its own members. The Board delegates the screening process involved to the Corporate Governance and Nominating Committee with the direct input from the Chairman and CEO. The invitation to join the Board should be extended by the Chairman and CEO and the Chair of the Corporate Governance and Nominating Committee.
19. ASSESSING THE BOARD'S PERFORMANCE: The Board commits to participate in a process of self-evaluation annually, led by the Corporate Governance and Nominating Committee. This will be discussed with the full Board following the end of each fiscal year. This assessment should be of the Board's contribution as a whole and should specifically review areas in which the Corporate Governance and Nominating Committee or the Chairman and CEO believes a better contribution could be made. Its purpose is to increase the effectiveness of the Board. The purpose of the evaluation will be to discover if there are changes to the Board's structure and operations, which will maximize the value that the Board adds to the Company.
20. DIRECTORS WHO CHANGE THEIR PRESENT JOB RESPONSIBILITY: It is the sense of the Board that individual Directors who change in a substantial way the business responsibility they held when they were elected to the Board, or who develop a conflict as a Director of the Company with the person's position in, or role with, another entity should inform the Chairman and CEO and the Chair of the Corporate Governance and Nominating Committee of the change. In addition, they must volunteer to resign from the Board. It is not the sense of the Board that the Directors who retire from or change substantially the position they held when they became a Director should necessarily leave the Board. There should, however, be an opportunity of the Board via the Corporate Governance and Nominating Committee to review the continued appropriateness of Board membership under these circumstances.
21. RETIREMENT AGE: Directors will submit a written resignation to the Board upon reaching the age of 72. The Corporate Governance and Nominating Committee will review the desirability of continued service by that Director in light of the needs of the Company at that time and make a recommendation to the Board. If continued service is requested that Director will then annually submit a written resignation to be considered by the Board.
22. FORMAL EVALUATION OF THE CHAIRMAN AND CEO: At the beginning of each fiscal year, the Chairman and CEO will set forth in writing to the Chair of the Compensation and Stock Option Committee the Chairman and CEO's personal

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

goals for the performance of his duties and responsibilities during such fiscal year. The outside Directors should make this evaluation annually, and it should be communicated to the Chairman and CEO by the Chair of the Compensation and Stock Option Committee. The evaluation should be based on objective criteria, including comparison of the Chairman and CEO's goals for the year against actual results, performance of the business, accomplishment of long-term strategic objectives, management development, and the like. The evaluation will be used by the Compensation and Stock Option Committee in the course of its deliberations when considering the compensation of the Chairman and CEO.

23. SUCCESSION PLANNING: There will be an annual report by the Chairman and CEO to the Board on succession planning. There should also be available, on a continuing basis, the Chairman and CEO's recommendations as to a successor should the Chairman and CEO be unexpectedly disabled.
24. MANAGEMENT DEVELOPMENT: There will be an annual report to the Board by the Chairman and CEO on Handleman's program for management development. This report should be given to the Board at the same time as the succession planning report.
25. BOARD INTERACTION WITH INSTITUTIONAL INVESTORS, THE PRESS, CUSTOMERS, ETC.: The Board believes that, in general, it is optimal for the appropriate Officers to speak for the Company. Individual Board members may, from time to time, meet or otherwise communicate with various constituencies that are involved with the Company, including investors. It is expected that Board members would do this with the knowledge of the Chairman and CEO and absent unusual circumstances, only at the request of the Chairman and CEO.
26. ADHERENCE TO CODE OF BUSINESS PRACTICES: Each Director shall be familiar with and adhere to the Company's Code of Business Practices. The Directors shall annually acknowledge in writing that the Director has complied with the Code of Business Practices as it applies to the Director.
