Report of Independent Registered Public Accounting Firm

Plan Administrator of Steelcase Inc.

Retirement Plan

Grand Rapids, Michigan

We have audited the accompanying statements of net assets available for benefits of Steelcase Inc. Retirement Plan (the Plan) as of February 28, 2005 and February 29, 2004, and the related statement of changes in net assets available for benefits for the years ended February 28, 2005 and February 29, 2004. These financial statements are the responsibility of the plan administrator. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements, referred to above, present fairly, in all material respects, the net assets available for benefits of the Plan as of February 28, 2005 and February 29, 2004, and changes in net assets available for benefits for the years ended February 28, 2005 and February 29, 2004, in conformity with accounting principles generally accepted in the United States of America.

Our audits of the Plan's financial statements were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) as of and for the year ended February 28, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the plan administrator. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Steelcase Inc. Retirement Plan
Notes to Financial Statements**

1. Plan Description *General*

The following description of the Plan provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan where participants have accounts in at least one of three account categories: 1) 401(k); 2) Profit-Sharing; and 3) Nondiscretionary. It covers primarily all employees of the North America business unit of Steelcase Inc. (Company) and certain other affiliates, divisions and locations of the Company that participate in the Plan and provides for benefits upon termination of employment, death or disability. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

401(k) - Participants may elect to defer to the Plan, on a pre-tax basis, specified maximum amounts of eligible compensation as defined in the Plan. At participating locations, participants may also elect to contribute an amount equal to pre-tax elective deferrals, as selected by the participant, under BenefitSystems, a cafeteria plan established and maintained by the Company. Additionally, participants may contribute amounts representing distributions from other qualified plans.

Certain participating affiliates, divisions and locations may make matching contributions at their discretion on behalf of their participants, at the level and under the conditions determined by them each year.

Profit-Sharing - Contributions are made at the discretion of the Company. For the fiscal 2005 and 2004 plan years, profit-sharing contributions were made at some locations.

Table of Contents

Steelcase Inc. Retirement Plan

Notes to Financial Statements

Nondiscretionary - Company contributions are required to be 5% of the eligible compensation of participants at select locations annually. Participants at these select locations become eligible to receive nondiscretionary contributions upon completion of one year of service.

Participant Accounts

Participants may direct their account to be invested in various investment options offered by the Plan. Earnings, net gains and losses, and administrative expenses are allocated daily to the accounts of participants based on the number of units of each individual investment in the participants' accounts.

401(k) - Pre-tax elective deferral contributions are allocated to the participants' accounts on a weekly, bi-weekly or monthly basis. Matching contributions are allocated as soon as administratively feasible. Transfers between investment funds can be made on a daily basis.

Profit-Sharing - Profit-sharing contributions are allocated to the accounts of participants based on the ratio that the eligible compensation of each participant at the location making the contribution bears to the total eligible compensation of all participants at that location. Transfers between investment funds can be made on a quarterly basis.

Participants at select locations who have been employed by the Company for at least three years may also elect to purchase life insurance from profit-sharing contributions allocated to their account, subject to certain limitations.

Nondiscretionary - Nondiscretionary contributions are allocated to the accounts of participants on behalf of whom those contributions are made. Transfers between investment funds can be made on a quarterly basis.

Table of Contents**Steelcase Inc. Retirement Plan****Notes to Financial Statements*****Vesting***

401(k) - Pre-tax elective deferral and matching contributions to 401(k) accounts vest immediately.

Profit-Sharing and Nondiscretionary - A participant's profit-sharing and nondiscretionary vested percentage is determined as follows:

<i>Years of vesting service</i>	Vested percentage
Less than 3	0%
3 but less than 4	20
4 but less than 5	40
5 but less than 6	60
6 but less than 7	80
7 or more	100

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's account, regular installments (not less frequent than annual), a partial distribution, an annuity purchased equal to the value of the participant's account or a transfer into another qualified retirement plan or IRA. Limited in-service distributions are also available for participants who experience a hardship, as defined in the Plan, or reach age 59 ¹/₂.

Forfeitures

Forfeitures apply to the nonvested portion of profit-sharing and nondiscretionary accounts. Primarily, forfeited amounts are applied to reduce subsequent Company contributions. At February 28, 2005 and February 29, 2004, forfeited nonvested accounts totaled \$710,652 and \$1,575,158, respectively.

Table of Contents**Steelcase Inc. Retirement Plan****Notes to Financial Statements*****Participant Loans***

Participant loans apply only to 401(k) (including matching), profit-sharing, rollover and post-tax (if any) accounts. Participants may, with the consent of the plan administrator, borrow up to 50% of their vested account balance or \$15,000 (\$50,000 for loans made prior to September 1, 2000 under the Steelcase Inc. Group Retirement Plan), whichever is less. The loans are secured by the balance in the participant's account and bear interest at 5.00% - 10.00%. The loans are repaid ratably through payroll deductions over a period of four and a half years or less, except that a loan used to purchase the principal residence of the participant may be repaid over a longer term. Interest earned on participant loans is allocated to the respective investment funds in accordance with participant elections for current contributions.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Concentrations of Risk

The Plan utilizes various investment instruments which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Table of Contents

Steelcase Inc. Retirement Plan

Notes to Financial Statements

Investment Valuation

Investments in mutual funds, common/collective trust funds, money market funds, government securities, corporate bonds, private investment funds, foreign bonds, warrants and common stock are stated at fair value based on quoted market prices. The CIGNA Chartered Guaranteed Long-Term Account is stated at contract value, which approximates fair value. Contract value represents contributions made under the contract, plus interest at the contract rate, less any withdrawals. Participant loans are stated at cost, which approximates fair value.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan, as allowed. Administrative expenses primarily include direct billed investment manager fees, legal fees, recordkeeper fees and trustee fees and totaled \$2,919,131 and \$1,483,987 for the years ended February 28, 2005 and February 29, 2004, respectively.

Investment manager fees totaled approximately \$5.2 million and \$6.5 million for the years ended February 28, 2005 and February 29, 2004, respectively and are either billed directly or indirectly to the Plan. Those billed directly are typically from common collective trust fund investments and recorded as an Administrative Expense, noted above. They totaled approximately \$1.9 million and \$600,000 for the years ended February 28, 2005 and February 29, 2004, respectively. Investment manager fees billed indirectly to the Plan are typically from mutual fund investments and recorded as an offset in Net Appreciation of Investments. They totaled approximately \$3.3 million and \$5.9 million for the years ended February 28, 2005 and February 29, 2004, respectively.

Due to a shift in the type of investments the Plan was holding from fiscal 2004 to 2005, there was an increase in direct billed investment manager fees and a decrease in indirect investment manager fees from fiscal 2004 to 2005.

Table of Contents

Steelcase Inc. Retirement Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

3. Investments

The Board of Directors of the Company through its Compensation Committee, has delegated authority to the Investment Committee (Committee) to set the investment policy for the Plan, review results of plan investments, recommend changes in plan investment options, and oversee asset managers. The Committee is made up of members of the Board of Directors, members of management and plan trustees.

The Profit Sharing and Nondiscretionary portions of the Plan offer four investment options (Balanced Fund, General Fund, Long-Term Growth Fund and Money Market Fund) to participants. Each of these funds represents several assets in various investment categories, (mutual funds, common/collective trust funds, money market funds, government securities, corporate bonds, private investment funds, foreign bonds, warrants, common stock and contracts with an insurance company), that the Company has grouped together into a single investment option. The 401(k) portion of the Plan offers 11 investment options with varying levels of risk to participants.

At the end of the fiscal 2004 plan year, the Company added several new asset managers in order to reduce risk to the Plan arising from entire investment options being managed by a single entity and by increasing the number of investment options available to participants. Because of the new asset managers, the underlying asset mix of the Profit Sharing and Nondiscretionary investment fund options of the Plan also changed.

The following presents investments that represent 5% or more of the Plan's net assets available for benefits as of February 29, 2004:

Table of Contents**Steelcase Inc. Retirement Plan

Money Market Funds:		
Fifth Third Institutional Money Market Fund	107,461,327	113,822,336

* Less than 5%

During the fiscal 2005 and 2004 plan year, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value as follows:

<i>Year ended</i>	February 28, 2005	February 29, 2004
Common/collective trust fund	\$45,988,821	\$ 35,725,695
Mutual funds	14,965,338	129,070,762
Private investment funds	(2,110,101)	92,152
Common stock	2,780	22,991,725
U.S. Government Securities	(2,436,756)	(3,414,355)
Corporate bonds	(372,549)	(2,729,707)

Contract with insurance company	128,559	176,175
Net appreciation in market value	\$56,184,528	\$182,111,688

- 4. Related Party Transactions** Investments in money market funds and certain mutual funds are managed by Fifth Third Bank, trustee of the Plan. Certain common/collective trust funds are managed by Bank of New York, custodian of the Plan. These transactions qualify as party-in-interest transactions and are exempt under the provisions of Prohibited Transaction Exemption #77-4. The fees paid by the Plan to the trustee totaled \$250,000 for fiscal 2005 and 2004.
- 5. Plan Termination** Although it has not expressed any intent to do so, the Company has

Table of Contents

**Steelcase Inc. Retirement Plan
Notes to Financial Statements**

the right to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, the assets are to be used for the payment of all debts of the Plan and any remaining funds or property are to be vested completely in the participants' accounts and distributed among them as they become eligible under the provisions of the Plan.

- 6. Income Tax Status** The Plan has requested a determination letter from the Internal Revenue Service regarding its tax qualified status and is now awaiting approval. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.
