PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS TO BE HELD MAY 11, 2006

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Credit Acceptance Corporation, a Michigan corporation (the "Company"), to be used at the Annual Meeting of Shareholders of the Company to be held on Thursday, May 11, 2006, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders and in this Proxy Statement. This Proxy Statement and the enclosed form of Proxy were first sent or given to security holders on or about April 18, 2006.

Only shareholders of record at the close of business on March 20, 2006 (the "Record Date") will be entitled to vote at the meeting or any adjournment or postponement thereof. Each holder of the 33,175,410 issued and outstanding shares of the Company's common stock (the "Common Stock") on the Record Date is entitled to one vote per share. The presence, either in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the Annual Meeting.

A proxy may be revoked at any time before it is exercised by giving a written notice to the Secretary of the Company bearing a later date than the proxy, by submitting a later-dated proxy or, if you are a shareholder of record or hold legal authority from a shareholder of record, by voting the shares represented by the proxy in person at the Annual Meeting. Unless revoked, the shares represented by each duly executed, timely delivered proxy will be voted in accordance with the specifications made. IF NO SPECIFICATIONS ARE MADE, SUCH SHARES WILL BE VOTED FOR THE ELECTION OF DIRECTORS NAMED IN THIS PROXY STATEMENT. The Board of Directors does not intend to present any other matters at the Annual Meeting. However, should any other matters properly come before the Annual Meeting, it is the intention of such proxy holders to vote the proxy in accordance with their best judgment to the extent permitted by law.

If you withhold your vote with respect to the election of the directors, your shares will be counted for purposes of determining a quorum. Withheld votes will be excluded entirely from the vote on the election of directors and will therefore have no effect on the election.

If you own shares through a bank or broker in street name, you may instruct your bank or broker how to vote your shares. "Broker non-votes" occur when a bank, broker or other nominee holder has not received voting instructions with respect to a particular matter and the nominee holder does not have discretionary power to vote on that matter. The election of directors is considered a routine matter, so your bank or broker will have discretionary authority to vote your shares held in street name on that proposal.

Edgar Filing: CREDIT ACCEPTANCE CORPORATION - Form DEF 14A

The expenses of soliciting proxies will be paid by the Company. In addition to solicitation by mail, the officers and employees of the Company, who will receive no extra compensation therefor, may solicit proxies personally or by telephone. The Company will reimburse brokerage houses, custodians, nominees and fiduciaries for their expense in mailing proxy materials to principals.

MATTERS TO COME BEFORE THE MEETING

(1) ELECTION OF DIRECTORS

DESCRIPTION OF NOMINEES

Six directors, constituting the entire Board of Directors, are to be elected at the Annual Meeting. Each director holds office until the next annual meeting of shareholders and until his or her successor has been elected and qualified. The nominees named below have been selected by the Board of Directors of the Company as recommended by the Nominating Committee of the Board of Directors. If, due to circumstances not now foreseen, any of the nominees named

Edgar Filing: CREDIT ACCEPTANCE CORPORATION - Form DEF 14A

below will not be available for election, the proxies will be voted for such other person or persons as the Board of Directors may select. Each of the nominees is currently a director of the Company.

The following sets forth information as to each nominee for election at the Annual Meeting, including their age, present principal occupation, other business experience during the last five years, directorships in other publicly-held companies, membership on committees of the Board of Directors and period of service as a director of the Company. The Board of Directors recommends a vote FOR each of the nominees for election. EXECUTED PROXIES WILL BE VOTED FOR THE ELECTION OF THE BOARD'S NOMINEES UNLESS SHAREHOLDERS SPECIFY OTHERWISE IN THEIR PROXIES. The election of directors requires a plurality of the votes cast, so that only votes cast "for" directors are counted in determining which directors are elected. The six directors receiving the most "for" votes will be elected. Broker non-votes and withheld votes will be treated as shares present for purposes of determining the presence of a quorum but will have no effect on the vote for the election of directors.

The restricted stock awards were granted pursuant to a restricted stock grant agreement, the form of which was previously filed as Exhibit 10(q) (2) to the Company's Current Report on Form 8-K dated February 24, 2005. The restricted stock awarded vests in

full or in part based on the Company's satisfaction of certain performance-related criteria, which are described more fully in the form of the restricted stock grant agreement.

EMPLOYMENT AGREEMENT

Effective April 19, 2001, the Company entered into an employment agreement with Mr. McCluskey as Chief Marketing Officer, which replaced the prior agreement dated May 29, 1999. Under the terms of this agreement, Mr. McCluskey is to be paid an annual base salary of \$250,000 to be reviewed by the Executive Compensation Committee from time to time. Mr. McCluskey is entitled to participate in the bonus program and the other fringe benefit programs for

Edgar Filing: CREDIT ACCEPTANCE CORPORATION - Form DEF 14A

salaried employees. In addition, Mr. McCluskey was granted 1,000,000 options with an exercise price of \$6.09 under the Company's 1992 Stock Option Plan, with vesting of such options subject to the Company achieving certain performance criteria, and was provided a \$478,000 loan. Refer to "Certain Relationships and Transactions" section for further information on the terms of this agreement. The term of this employment agreement will continue indefinitely, with a right of termination by either the Company or Mr. McCluskey under any circumstances upon 30 days written notice. Upon such termination the Company is obligated to pay Mr. McCluskey all salary and other compensation accrued through and including the date of such termination, and any options which have not yet vested and become exercisable shall be cancelled. In the event of a "change of control" of the Company (as defined in the 1992 Stock Option Plan), each option shall be cancelled in exchange for payment in cash of an amount equal to the excess of the change of control price (as defined in Mr. McCluskey's option agreement) over the exercise

price thereof, unless such option is honored or assumed, or new rights substituted therefore immediately following the change of control.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

The Executive Compensation Committee, comprised of directors who are not employees of the Company, annually reviews and makes recommendations to the Board of Directors regarding executive compensation for the Chief Executive Officer and other executive officers of the Company as well as reviews and gives input into the compensation philosophies and programs for all employees. It is the philosophy of the Executive Compensation Committee that the executive compensation program should align the financial interests of the Company's executives with the long term interests of the Company and its shareholders and should attract and retain qualified executives to lead the Company toward its goals. It is the Executive Compensation Committee's philosophy to treat executive officers as owners of the Company through the way their compensation is calculated including base salary and variable compensation in the form of cash and equity participation through grants of restricted shares. The Executive Compensation Committee delegates compensation decisions with regard to all other officers to the Chief Executive Officer.

BASE SALARY. The Executive Compensation Committee, based on a variety of factors, including individual performance, competitive practices and industry norms, has reviewed the Company's compensation policy and has set the base salaries for the executive officers consistent with this policy. The Company's policy is to establish base salary compensation levels for all non-executive officers that are competitive with other companies representing labor markets where the Company competes for business and employment, including consumer finance, finance/banking, or cross-industry sectors. Base salary levels for executive officers are determined by aligning external labor market information with the executive officer's responsibilities, skills, and individual performance. Salaries are reviewed annually and are adjusted based on the recommendation of management.

VARIABLE COMPENSATION. The Company adopted a new Incentive Compensation Plan in 2004 (the "Plan"), which was approved by the shareholders at the 2004 Annual Meeting. The intention of the Plan is to closely align the payment of variable compensation with individual and Company performance with a view to attracting and retaining highly competent, effective and loyal employees in order to create per share intrinsic value for shareholders. Under the terms of the Plan, variable compensation is awarded both in cash and equity (paid in the form of restricted stock). The degree to which individual and Company performance impacts variable compensation and the cash and equity mix under the

Edgar Filing: CREDIT ACCEPTANCE CORPORATION - Form DEF 14A

Plan is a function of the level of employee. The Plan intentionally seeks to more closely align payment of variable compensation to Company performance and to leverage equity ownership to management and executive level employees. The Executive Compensation Committee intends to use restricted stock grants rather than stock options to provide equity compensation under the Plan and there were no stock options granted to any executive officers in 2005. These grants are an integrated component of the Company's variable compensation program and are awarded based upon the attainment of certain performance goals.

Early in 2005, the Executive Compensation Committee determined that variable compensation awards for 2005 for the executive officers, other than Mr. Foss, who does not receive variable compensation, and the Treasurer, would be based on a percent of the change in adjusted Economic Profit generated by the Company. The Company defines Economic Profit as net income (adjusted for non-recurring items) less a cost of equity equal to 10% of average equity. The Executive Compensation Committee believes that variable compensation awards based on measures that directly impact Economic Profit properly align the executives' incentives with the Company's performance, because the Executive Compensation Committee believes that improvements in Economic Profit will create increased shareholder value. The cash portion of the Named Executive Officers 2005 Bonuses (other than Mr. Foss) were calculated as follows: 5% of the change in Economic Profit year over year for the Chief Executive Officer; 4% for the President; 2.5% for the Chief Operating Officer; and 2% for the Chief Analytics Officer. The remaining executive officers (other than the Treasurer) received cash bonuses ranging between .5% and 1% of the change in Economic Profit year over year. Restricted stock awards were determined based upon a multiplier of the cash portion of the variable compensation award, less current stock option carrying costs for the individual. The process of considering previous stock option grants

10

provides a method to ensure the Company's costs are aligned with the employee's organization level and performance. For the Named Executive Officers, the multipliers were 3.5 for the Chief Executive Officer; 3.5 for the President; 1.5 for the Chief Operating Officer; and 1.5 for the Chief Analytics Officer. The multiplier for the remaining executive officers (other than the Treasurer) was 1. The amount of the restricted stock awarded is then converted into shares based upon the fair market value at the time of the grant. Restricted stock awards for all executive officers (other than the Treasurer) contain a vesting schedule based on meeting earnings per share targets established by the Executive Compensation Committee.

For the Treasurer and all non-executive officers, the 2005 formula was based upon the employee's achievement of individual performance objectives and predefined business measures that directly impact Economic Profit, including profitability, loan origination quality, growth in the number of loans originated, and loan portfolio performance. Bonus amounts yielded by the formula are paid one-half in cash and one-half in restricted stock (less current stock option carrying costs for the individual) converted to shares based upon the fair market value at the time of the grant. Restricted stock grants for the Treasurer and all non-executive officers will have a five year, back-end loaded time-based vesting schedule.

THE CHIEF EXECUTIVE OFFICER'S 2005 COMPENSATION. Mr. Roberts, the Company's Chief Executive Officer, is compensated on a basis similar to that described above. Mr. Roberts' base salary for 2005 remained unchanged at \$400,000. The Company believes this is consistent with external labor market data for chief executive officers in similarly sized companies, in similar industries, or in other successful companies. Early in 2005, the Executive Compensation Committee approved the basis upon which bonus awards to Mr. Roberts would be made. The variable compensation award for Mr. Roberts was based on a

Edgar Filing: CREDIT ACCEPTANCE CORPORATION - Form DEF 14A

percent of the change in adjusted Economic Profit generated by the Company similar to that of the other executive officers. The amount shown in the Summary Compensation Table includes the full amount earned for 2005 based on the above formula.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION. Section 162(m) of the Internal Revenue Code of 1986, as amended, restricts the deductibility of executive compensation paid to the Company's Chief Executive Officer and any of the four other most highly compensated executive officers at the end of any fiscal year to not more than \$1 million in annual compensation (including gains from the exercise of certain stock option grants). Certain performance-based compensation is exempt from this limitation if it complies with the various conditions described in Section 162(m). The Plan has been structured to cause compensation paid under the Plan to comply with these conditions and be exempt from the Section 162(m) restriction on deductibility.

It is possible that other components of the Company's compensation program may result in payments to executive officers that would exceed the restriction on deductibility. The Executive Compensation Committee intends to continue to evaluate from time to time the advisability of qualifying future executive compensation programs for exemption from the Section 162(m) restriction on deductibility.

DIRECTOR COMPENSATION

For 2005, all outside Board members received \$1,500 for each Board meeting attended plus \$500 for each committee meeting attended and were reimbursed for travel related expenses. Non-employee directors were also eligible to participate in the Company's Incentive Compensation Plan. There were no equity awards made under the Incentive Compensation Plan in 2005 to non-employee directors.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

In the normal course of business, the Company has maintained business relationships and engaged in certain transactions with companies owned by Donald Foss, the Company's majority shareholder and Chairman and a member of Mr. Foss' immediate family (the "Foss Companies"), and with certain automotive dealerships owned by Keith McCluskey, the Company's President (the "McCluskey Dealerships").

CONTRACT ASSIGNMENTS AND FEES

In the normal course of its business, the Company makes Dealer Loans to the Foss Companies, which totaled approximately \$8.9 million at December 31, 2005. The total amount of cash advanced for the year ended December 31, 2005 was \$6.0 million. The Company makes Dealer Loans to the Foss Companies and nonaffiliated dealer-partners on the same basis.

In the normal course of its business, the Company makes Dealer Loans to the McCluskey Dealerships, which totaled approximately \$4.0 million at December 31, 2005. The total amount of cash advanced for the year ended December 31, 2005 was \$3.6 million. The Company makes Dealer Loans to the McCluskey Dealerships and nonaffiliated dealer-partners on the same basis.

Total CAPS (the Company's patented Internet-based Credit Approval Processing System) and dealer enrollment fees earned from the Foss Companies and the McCluskey Dealerships during 2005 were \$28,000 and \$30,000, respectively.

INDEBTEDNESS

Pursuant to an employment agreement with the Company's President dated April 19, 2001, the Company loaned the McCluskey Dealerships approximately \$850,000. The note, including all principal and interest, is due on April 19, 2011, bears interest at 5.22%, is unsecured, and is personally guaranteed by the Company's President. The balance of the note including accrued but unpaid interest was \$1,154,147 as of March 31, 2006. In addition, pursuant to the employment agreement, the Company loaned the President \$478,000. The note, including all principal and interest, is due on April 19, 2011, bears interest at 5.22% beginning January 1, 2002, and is unsecured. The balance of the note including accrued interest was approximately \$585,283 as of March 31, 2006.

OTHER

The Company paid for air transportation services provided by a company owned by the Company's majority shareholder and Chairman totaling \$0.1 million for the year ended December 31, 2005.

Edgar Filing: CREDIT ACCEPTANCE CORPORATION - Form DEF 14A

Beginning in 2000, the Company offered a line of credit arrangement to certain dealerships who were not participating in the Company's core program. The Company ceased offering this program to new dealerships in the third quarter of 2001 and has been reducing the amount of capital invested in this program since that time. Beginning in 2002, entities owned by the Company's majority shareholder and Chairman began offering secured lines of credit to third parties in a manner similar to the Company's prior program. In December of 2004, the Company's majority shareholder and Chairman sold his ownership interest in these entities but he continues to have indirect control over these entities and has the right or obligation to reacquire the entities under certain circumstances until December 31, 2014 or the repayment of the related purchase money note.

INDEPENDENT ACCOUNTANTS

GENERAL

The Audit Committee has appointed Grant Thornton LLP ("Grant Thornton") as the Company's independent accountants to perform an integrated audit of the consolidated financial statements of the Company and the effectiveness of the Company's internal controls over financial reporting for 2006. Grant Thornton has served as the Company's independent accountants since their appointment by the Audit Committee on July 20, 2005, and acted as the Company's independent accountant in 2005 to audit the financial statements included in the Company's Annual Reports on Form 10-K for the years ended December 31, 2005 and 2004. Representatives of Grant Thornton will be present at the meeting to respond to questions from the shareholders and will be given the opportunity to make a statement.

CHANGE IN INDEPENDENT ACCOUNTANTS

On June 24, 2005, the Audit Committee dismissed Deloitte & Touche LLP ("Deloitte") as its independent registered public accounting firm, and on July 21, 2005 engaged Grant Thornton as its new independent registered public accounting firm to audit the Company's financial statements for the year ended December 31, 2005.

Deloitte did not issue an opinion with respect to the Company's financial statements for the year ended December 31, 2004. The audit report of Deloitte on the consolidated financial statements of the Company for the year ended December 31, 2003 did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope, or accounting principles.

During the two most recent fiscal years and the subsequent interim period through the date of Deloitte's dismissal, there were no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of Deloitte, would have caused Deloitte to make reference to the subject matter of the disagreement(s) in connection with its reports on the Company's financial statements for such years, except as described in the following two paragraphs:

On April 8, 2005, Deloitte informed the Company that it believed the Company should not account for loans as an originator of loans to consumers ("Consumer Loans") but should instead account for its loans as a lender to its dealer-partners ("Dealer Loans"). The Company has historically accounted for Consumer Loans as a loan originator, and believed such accounting was in accordance with GAAP. The Company did not believe that there was only a single proper interpretation of GAAP for the Company's core business model given its

Edgar Filing: CREDIT ACCEPTANCE CORPORATION - Form DEF 14A

unique characteristics, and accordingly, believed that both the Company's current methodology and Deloitte's proposed methodology were acceptable under GAAP. Deloitte notified the Company that their proposed methodology, whereby the Company originates Dealer Loans, is the only methodology consistent with GAAP.

On April 26, 2005, the Company submitted a letter to the staff of the Office of the Chief Accountant of the Securities and Exchange Commission requesting guidance from the SEC related to the proper accounting methodology for the Company's loan portfolio. On June 24, 2005, the Company received a response from the SEC to its request. The SEC informed the Company that it saw no reason to take positions different from those of Deloitte as the Company's auditors with respect to the proper method for recording automobile loans. In view of Deloitte's and the SEC's positions, the Company agreed to change its method for recording such loans and, as a result, was required to restate its previously reported financial results. The Audit Committee discussed the subject matter of the disagreement with Deloitte, and the Company authorized Deloitte to respond fully to the inquiries of the Company's successor auditors concerning this disagreement.

14

During the two most recent fiscal years and the subsequent interim period through the date of Deloitte's dismissal, there have been no "reportable events," as defined in Item 304(a)(1)(v) of Regulation S-K, except as noted in the following paragraph:

During the course of the Company's 2004 year-end closing process, the Company identified errors in its accounting for income taxes in prior periods related primarily to its foreign subsidiaries. As a result of these errors, the Company concluded that a deficiency in internal controls related to income taxes existed at December 31, 2004, and that such deficiency constituted a material weakness, as defined by the Public Company Accounting Oversight Board's Auditing Standard No. 2. As a result of the material weakness related to income taxes, management was unable to conclude that the Company's internal controls over financial reporting were effective as of December 31, 2004. As a result of these errors, Deloitte advised the Company and the Audit Committee that it believed that the Company's financial statements for the year ended December 31, 2003 should be restated. Deloitte also communicated to the Audit Committee of the Board of Directors that it believed these errors were a result of a material weakness in internal control over accounting for income taxes. The Company concurred with Deloitte's conclusions.

The Company provided Deloitte with a copy of the foregoing disclosures. The Company requested that Deloitte furnish it with a letter addressed to the SEC stating whether or not it agrees with the above statements and if not, the respects in which it does not agree. Deloitte has provided such a letter.

During the years ended December 31, 2003, and December 31, 2004, and through July 20, 2005, neither the Company nor anyone acting on its behalf consulted with Grant Thornton regarding either: (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's financial statements; or (ii) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K). During 2003, prior to becoming the Company's independent accountants, the Company discussed a draft response to a routine SEC comment letter with Grant Thornton. The Company was charged approximately \$1,000 for the discussions with Grant Thornton.

FEEES PAID TO INDEPENDENT ACCOUNTANTS

Edgar Filing: CREDIT ACCEPTANCE CORPORATION - Form DEF 14A

The following table provides a summary of the aggregate fees billed by Grant Thornton for 2005 and 2004 (in thousands):

	2005	2004
	----	-----
Audit fees(1).....	\$653	\$1,914
Audit-related fees.....	--	--
Tax fees.....	--	--
All other fees.....	--	--
	----	-----
Total fees.....	\$653	\$1,914
	=====	=====

(1) 2004 audit fees were for the audit of the Company's consolidated balance sheets as of December 31, 2004 and 2003, and the related consolidated statements of income, shareholders' equity, and cash flows for each of the three years in the period ended December 31, 2004 and for the audit of the effectiveness of the Company's internal controls over financial reporting as of December 31, 2004. 2005 audit fees were for the same services but for the period ended December 31, 2005.

The Audit Committee has considered whether the provision of these services is compatible with maintaining the independence of Grant Thornton and satisfied itself as to the maintenance of the auditors' independence.

15

POLICY FOR PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES

The Audit Committee's policy is to pre-approve all audit services and all non-audit services that our independent accountants are permitted to perform for us under applicable federal securities regulations. The Audit Committee's policy utilizes an annual review and general pre-approval of certain categories of specified services that may be provided by the independent accountants, up to predetermined fee levels. Any proposed services not qualifying as a pre-approved specified service, and pre-approved services exceeding the predetermined fee levels, require further specific pre-approval by the Audit Committee. The Audit Committee has delegated to the Chairman of the Audit Committee the authority to pre-approve audit and non-audit services proposed to be performed by the independent accountants. Since May 6, 2003, all services provided by the Company's independent auditors were pre-approved by the Audit Committee. The policy has not been waived in any instance.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received since March 31, 2006, and written representations from certain reporting persons, the Company believes that all filing requirements applicable to its officers, directors, and greater than 10% beneficial owners were complied with except that Messrs. McCluskey, Jones, Simmet, Booth, Busk, Pearce, Leff and Ms. Chamberlain each filed late one Form 4

Edgar Filing: CREDIT ACCEPTANCE CORPORATION - Form DEF 14A

reporting one transaction, and Messrs. Roberts and Knoblauch each filed one late Form 4 reporting two transactions. In each case, the late-reported transactions involved only the vesting of certain performance-based stock options granted and reported in prior years.

The only matters which management intends to present to the meeting are set forth in the Notice of Annual Meeting. Management knows of no other matters which will be brought before the meeting by any other person. However, if any other matters are properly brought before the meeting, the persons named on the enclosed form of proxy intend to vote on such matters in accordance with their best judgment on such matters.
