PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Delphi Corporation's ("Delphi" or the "Company") Quarterly Report on Form 10-Q for the quarter ended March 31, 2006 ("Form 10-Q") could not be filed within the prescribed time period because the Company could not complete the preparation of the required information without unreasonable effort and expense. On March 17, 2006, Delphi announced it was unable to file its Annual Report on Form 10-K for the year ended December 31, 2005 ("Form 10-K") within the prescribed time period because it had not yet completed its audited financial statements for the year ended December 31, 2005, noting that more clarity as to the potential outcome of its discussions with its major labor unions and General Motors Corporation ("GM") regarding a comprehensive restructuring plan, including transformation of its United States ("U.S.") labor cost structure to improve the competitiveness of the Company's U.S. operations, was required to complete its financial statements. The Company did file on March 31, 2006 a motion under Sections 1113 and 1114 of the U.S. Bankruptcy Code to initiate the process of seeking court authorization to reject its collective bargaining agreements and terminate its hourly post-retirement health care plans and life insurance, and continues discussions with its unions and GM. The Company is in the process of completing such audited financial statements so that it can become current again in its U.S. Securities and Exchange Commission filings. Once the audit is complete and the Company has filed the Form 10-K, it will then begin preparing the Form 10-Q.
