RATIOS OF EARNINGS TO FIXED CHARGES AND EARNINGS TO
FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

Edgar Filing: WILLBROS GROUP INC - Form S-3

The following table sets forth our ratios of earnings to fixed charges and earnings to fixed charges and preferred stock dividends. For this purpose, earnings include income (loss) before income taxes and fixed charges. Fixed charges include interest (whether expensed or capitalized), amortization of debt expense, discount and premium (whether expensed or capitalized), and an estimate of the interest within rental expense.

	YEARS ENDED DECEMBER 31,					THREE MONTHS
	1996	1997	1998	1999	2000	ENDED MARCH 31, 2001
Ratio of earnings to fixed charges.....	3.5	11.0	1.1	(1)	(1)	2.0
Ratio of earnings to fixed charges and preferred stock dividends(2).....	2.2	11.0	1.1	(1)	(1)	2.0

 (1) Earnings for the years ended December 31, 1999 and December 31, 2000, were insufficient to cover fixed charges by \$16.7 million and \$10.3 million, respectively.

(2) We paid \$1.2 million in preferred stock dividends in 1996. We had no preferred stock outstanding during any of the other periods presented. Therefore, the ratio of earnings to fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges for all periods presented subsequent to 1996.

- other business opportunities.

DESCRIPTION OF SENIOR DEBT SECURITIES

GENERAL

The following description applies to the senior debt securities offered by this prospectus. The senior debt securities will be direct, unsecured obligations of Willbros and will rank on a parity with all of our outstanding unsecured senior indebtedness. The senior debt securities may be issued in one or more series. The senior debt securities will be issued under an indenture between us and the trustee specified in the applicable prospectus supplement.

Edgar Filing: WILLBROS GROUP INC - Form S-3

The statements under this caption are brief summaries of the material provisions contained in the indenture, do not claim to be complete and are qualified in their entirety by reference to the indenture, a copy of which is filed as an exhibit to the registration statement of which this prospectus forms a part. Whenever defined terms are used but not defined in this prospectus, those terms have the meanings given to them in the indenture.

The following material describes only the general terms and provisions of the senior debt securities to which any prospectus supplement may relate. The particular terms of any senior debt security and the extent, if any, to which these general provisions may apply to such senior debt securities will be described in the prospectus supplement relating to the senior debt securities.

The indenture does not limit the aggregate principal amount of senior debt securities which may be issued under it. Rather, the indenture provides that senior debt securities of any series may be issued under it up to the aggregate principal amount which we may authorize from time to time. Senior debt securities may be denominated in any currency or currency unit we designate.

Senior debt securities of a series may be issuable in registered form without coupons ("Registered Securities") or in the form of one or more global securities in registered form (each a "Global Security").

You must review the prospectus supplement for a description of the following terms, where applicable, of each series of senior debt securities for which this prospectus is being delivered:

- the title of the senior debt securities;
- the limit, if any, on the aggregate principal amount or aggregate initial public offering price of the senior debt securities;
- the priority of payment of the senior debt securities;
- the price or prices, which may be expressed as a percentage of the aggregate principal amount, at which the senior debt securities will be issued;
- the date or dates on which the principal of the senior debt securities will be payable;
- the interest rate or rates, which may be fixed or variable, for the senior debt securities, if any, or the method of determining the same;
- the date or dates from which interest, if any, on the senior debt securities will accrue, the date or dates on which interest, if any, will be payable, the date or dates on which payment of interest, if any, will commence and the regular record dates for interest payments;
- the extent to which any of the senior debt securities will be issuable in temporary or permanent global form, or the manner in which any interest payable on a temporary or permanent global senior debt security will be paid;
- each office or agency where the senior debt securities may be presented for registration of transfer or exchange;
- the place or places where the principal of and any premium and interest on the senior debt securities will be payable;

Edgar Filing: WILLBROS GROUP INC - Form S-3

- the date or dates, if any, after which the senior debt securities may be redeemed or purchased in whole or in part (1) at our option, (2) mandatorily pursuant to any sinking, purchase or similar fund or (3) at the option of the holder, and the redemption or repayment price or prices;
- the terms, if any, upon which the senior debt securities may be convertible into or exchanged for any other kind of our securities or indebtedness or of any other issuer or obligor and the terms and conditions upon which the conversion or exchange would be made, including the initial conversion or exchange price or rate, the conversion period and any other additional provisions;
- the authorized denomination or denominations for the senior debt securities;
- the currency, currencies or units based on or related to currencies for which the senior debt securities may be purchased and the currency, currencies or currency units in which the principal of and any premium and interest on the senior debt securities may be payable;
- any index used to determine the amount of payments of principal of and any premium and interest on the senior debt securities;
- the payment of any additional amounts with respect to the senior debt securities;
- whether any of the senior debt securities will be issued as Original Issue Discount Securities (as defined below);
- information with respect to book-entry procedures, if any;
- any additional covenants or events of default not currently included in the indenture relating to the senior debt securities; and
- any other terms of the senior debt securities not inconsistent with the provisions of the indenture.

If any of the senior debt securities are sold for one or more foreign currencies or foreign currency units or if the principal of or any premium or interest on any series of senior debt securities is payable in one or more foreign currencies or foreign currency units, the restrictions, elections, tax consequences, specific terms and other information with respect to that issue of senior debt securities and those currencies or currency units will be described in the applicable prospectus supplement.

A judgment for money damages by courts in the United States, including a money judgment based on an obligation expressed in a foreign currency, will ordinarily be rendered only in U.S. dollars. New York statutory law provides that a court shall render a judgment or decree in the foreign currency of the underlying obligation and that the judgment or decree shall be converted into U.S. dollars at the exchange rate prevailing on the date of entry of the judgment or decree.

Senior debt securities may be issued as original issue discount senior debt securities which bear no interest or interest at a rate which at the time of issuance is below market rates ("Original Issue Discount Securities"), to be sold at a substantial discount below their stated principal amount due at the stated maturity of the senior debt securities. There may be no periodic payments of interest on Original Issue Discount Securities. In the event of an acceleration of the maturity of any Original Issue Discount Security, the amount

Edgar Filing: WILLBROS GROUP INC - Form S-3

payable to the holder of the Original Issue Discount Security upon acceleration will be determined in accordance with the prospectus supplement, the terms of the security and the indenture, but will be an amount less than the amount payable at the maturity of the principal of the Original Issue Discount Security. Federal income tax considerations with respect to Original Issue Discount Securities will be described in the applicable prospectus supplement.

REGISTRATION AND TRANSFER

Unless otherwise indicated in the applicable prospectus supplement, senior debt securities will be issued only as Registered Securities. Senior debt securities issued as Registered Securities will not have interest coupons.

6

9

Registered Securities (other than a Global Security) may be presented for transfer, with the form of transfer endorsed thereon duly executed, or exchanged for other senior debt securities of the same series at the office of the security registrar specified in the indenture. The indenture provides that, with respect to Registered Securities having The City of New York as a place of payment, we will appoint a security registrar or co-security registrar located in The City of New York for such transfer or exchange. Transfer or exchange will be made without service charge, but we may require payment of any taxes or other governmental charges.

BOOK-ENTRY SENIOR DEBT SECURITIES

Senior debt securities of a series may be issued in whole or in part in the form of one or more Global Securities. Each Global Security will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement. Global Securities will be issued in registered form and in either temporary or permanent form. Until exchanged in whole or in part for the individual securities which it represents, a Global Security may not be transferred except as a whole by the depository for the Global Security to a nominee of the depository or by a nominee of the depository to the depository or another nominee of the depository or by the depository or any nominee to a successor depository or any nominee of the successor. The specific terms of the depository arrangement for a series of senior debt securities will be described in the applicable prospectus supplement.

PAYMENT AND PAYING AGENTS

Unless otherwise indicated in an applicable prospectus supplement, payment of principal of and any premium and interest on Registered Securities will be made at the office of such paying agent or paying agents as we may designate from time to time. In addition, at our option, payment of any interest may be made by:

- check mailed to the person entitled to the payment at the address in the applicable security register; or
- wire transfer to an account maintained by the person entitled to the payment as specified in the applicable security register.

Unless otherwise indicated in an applicable prospectus supplement, payment of any installment of interest on Registered Securities will be made to the person in whose name such senior debt security is registered at the close of business on the regular record date for such payment.

CONSOLIDATION, MERGER OR SALE OF ASSETS

Edgar Filing: WILLBROS GROUP INC - Form S-3

The indenture relating to the senior debt securities provides that we may, without the consent of the holders of any of the senior debt securities outstanding under the indenture, consolidate with, merge into or transfer our assets substantially as an entirety to any person, provided that:

- any successor assumes our obligations on the senior debt securities and under the indenture; and
- after giving effect to the consolidation, merger or transfer, no Event of Default (as defined in the indenture) will have happened and be continuing.

Any consolidation, merger or transfer of assets substantially as an entirety, which meets the conditions described above, would not create an Event of Default which would entitle holders of the senior debt securities, or the trustee acting on their behalf, to take any of the actions described below under "-- Events of Default, Waivers, Etc."

LEVERAGED AND OTHER TRANSACTIONS

The indenture and the senior debt securities do not contain provisions which would protect holders of the senior debt securities in the event we engaged in a highly leveraged or other transaction which could adversely affect the holders of senior debt securities.

7

10

MODIFICATION OF THE INDENTURE

The indenture provides that, with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding senior debt securities of each affected series, modifications and alterations of the indenture may be made which affect the rights of the holders of the senior debt securities. However, no modification or alteration may be made without the consent of the holder of each senior debt security affected which would, among other things:

- modify the terms of payment of principal of or any premium or interest on the senior debt securities; or
- reduce the percentage in principal amount of outstanding senior debt securities required to modify or alter the indenture.

EVENTS OF DEFAULT, WAIVERS, ETC.

An "Event of Default" with respect to senior debt securities of any series is defined in the indenture to include:

- (1) default in the payment of principal of or any premium on any of the outstanding senior debt securities of that series when due;
- (2) default in the payment of interest on any of the outstanding senior debt securities of that series when due and continuance of such default for 30 days;
- (3) default in the performance of any of our other covenants in the indenture with respect to the senior debt securities of such series and continuance of such default for 90 days after written notice;
- (4) certain events of bankruptcy, insolvency or reorganization relating to us; and

Edgar Filing: WILLBROS GROUP INC - Form S-3

(5) any other event that may be specified in a prospectus supplement with respect to any series of senior debt securities.

If an Event of Default with respect to any series of outstanding senior debt securities occurs and is continuing, either the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding senior debt securities of such series may declare the principal amount (or if such senior debt securities are Original Issue Discount Securities, the portion of the principal amount as may be specified in the terms of that series) of all senior debt securities of that series to be immediately due and payable. The holders of a majority in aggregate principal amount of the outstanding senior debt securities of any series may waive an Event of Default resulting in acceleration of the senior debt securities, but only if all Events of Default with respect to senior debt securities of such series have been remedied and all payments due, other than those due as a result of acceleration, have been made.

If an Event of Default occurs and is continuing, the trustee may, in its discretion, and at the written request of holders of not less than a majority in aggregate principal amount of the outstanding senior debt securities of any series and upon reasonable indemnity against the costs, expenses and liabilities to be incurred in compliance with such request and subject to certain other conditions set forth in the indenture will, proceed to protect the rights of the holders of all the senior debt securities of such series. Prior to acceleration of maturity of the outstanding senior debt securities of any series, the holders of a majority in aggregate principal amount of the senior debt securities may waive any past default under the indenture except a default in the payment of principal of or any premium or interest on the senior debt securities of that series.

The indenture provides that, upon the occurrence of an Event of Default specified in clause (1) or (2) of the first paragraph in this subsection, we will, upon demand of the trustee, pay to it, for the benefit of the holder of any senior debt security, the whole amount then due and payable on the affected senior debt securities for principal, premium, if any, and interest, if any. The indenture further provides that, if we fail to pay such amount upon demand, the trustee may, among other things, institute a judicial proceeding for the collection of those amounts.

8

11

The indenture also provides that, notwithstanding any of its other provisions, the holder of any senior debt security of any series will have the right to institute suit for the enforcement of any payment of principal of or any premium or interest on the senior debt securities when due and that such right will not be impaired without the consent of such holder.

We are required to file annually with the trustee a written statement of our officers as to the existence or non-existence of defaults under the indenture or the senior debt securities.

SATISFACTION AND DISCHARGE

The indenture provides, among other things, that, when all senior debt securities not previously delivered to the trustee for cancellation (1) have become due and payable or (2) will become due and payable at their stated maturity within one year, we may deposit with the trustee funds, in trust, for the purpose and in an amount sufficient to pay and discharge the entire indebtedness on the senior debt securities not previously delivered to the trustee for cancellation. Those funds will include all principal, premium, if any, and interest, if any, to the date of the deposit or to the stated maturity,

Edgar Filing: WILLBROS GROUP INC - Form S-3

as applicable. Upon such deposit, the indenture will cease to be of further effect except as to our obligations to pay all other sums due under the indenture and to provide the officers' certificates and opinions of counsel required under the indenture. At such time we will be deemed to have satisfied and discharged the indenture.

GOVERNING LAW

The indenture and the senior debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

REGARDING THE TRUSTEE

Information concerning the trustee for a series of senior debt securities will be set forth in the prospectus supplement relating to such series of senior debt securities.

We may have normal banking relationships with the trustee in the ordinary course of business.

- the date or dates, if any, after which the subordinated debt securities may be redeemed or purchased in whole or in part (1) at our option, (2) mandatorily pursuant to any sinking, purchase or similar fund or (3) at the option of the holder, and the redemption or repayment price or prices;
- the terms, if any, upon which the subordinated debt securities may be convertible into or exchanged for any other kind of our securities or indebtedness or of any other issuer or obligor and the terms and conditions upon which the conversion or exchange would be made, including the initial conversion or exchange price or rate, the conversion period and any other additional provisions;
- the authorized denomination or denominations for the subordinated debt securities;
- the currency, currencies or units based on or related to currencies for which the subordinated debt securities may be purchased and the currency, currencies or currency units in which the principal of and any premium and interest on the subordinated debt securities may be payable;
- any index used to determine the amount of payments of principal of and any premium and interest on the subordinated debt securities;
- the payment of any additional amounts with respect to the subordinated

debt securities;

- whether any of the subordinated debt securities will be issued as Original Issue Discount Securities;
- information with respect to book-entry procedures, if any;
- the terms of subordination;
- any additional covenants or events of default not currently included in the indenture relating to the subordinated debt securities; and
- any other terms of the subordinated debt securities not inconsistent with the provisions of the indenture.

If any of the subordinated debt securities are sold for one or more foreign currencies or foreign currency units or if the principal of or any premium or interest on any series of subordinated debt securities is payable in one or more foreign currencies or foreign currency units, the restrictions, elections, tax consequences, specific terms and other information with respect to that issue of subordinated debt securities and those currencies or currency units will be described in the applicable prospectus supplement.

A judgment for money damages by courts in the United States, including a money judgment based on an obligation expressed in a foreign currency, will ordinarily be rendered only in U.S. dollars. New York statutory law provides that a court shall render a judgment or decree in the foreign currency of the underlying obligation and that the judgment or decree shall be converted into U.S. dollars at the exchange rate prevailing on the date of entry of the judgment or decree.

Subordinated debt securities may be issued as Original Issue Discount Securities, to be sold at a substantial discount below their stated principal amount due at the stated maturity of the subordinated debt securities. There may be no periodic payments of interest on Original Issue Discount Securities. In the event of an acceleration of the maturity of any Original Issue Discount Security, the amount payable to the holder of the Original Issue Discount Security upon acceleration will be determined in accordance with the prospectus supplement, the terms of the security and the indenture, but will be an amount less than the amount payable at the maturity of the principal of the Original Issue Discount Security. Federal income tax considerations with respect to Original Issue Discount Securities will be described in the applicable prospectus supplement.

REGISTRATION AND TRANSFER

Unless otherwise indicated in the applicable prospectus supplement, subordinated debt securities will be issued only as Registered Securities. Subordinated debt securities issued as Registered Securities will not have interest coupons.

Registered Securities (other than a Global Security) may be presented for transfer, with the form of transfer endorsed thereon duly executed, or exchanged for other subordinated debt securities of the same series at the office of the security registrar specified in the indenture. The indenture provides that, with respect to Registered Securities having The City of New York as a place of payment, we will appoint a security registrar or co-security registrar located in The City of New York for such transfer or exchange. Transfer or exchange will be made without service charge, but we may require payment of any taxes or other

Edgar Filing: WILLBROS GROUP INC - Form S-3

governmental charges.

BOOK-ENTRY SUBORDINATED DEBT SECURITIES

Subordinated debt securities of a series may be issued in whole or in part in the form of one or more Global Securities. Each Global Security will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement. Global Securities will be issued in registered form and in either temporary or permanent form. Until exchanged in whole or in part for the individual securities which it represents, a Global Security may not be transferred except as a whole by the depository for the Global Security to a nominee of the depository or by a nominee of the depository to the depository or another nominee of the depository or by the depository or any nominee to a successor depository or any nominee of the successor. The specific terms of the depository arrangement for a series of subordinated debt securities will be described in the applicable prospectus supplement.

PAYMENT AND PAYING AGENTS

Unless otherwise indicated in an applicable prospectus supplement, payment of principal of and any premium and interest on Registered Securities will be made at the office of such paying agent or paying agents as we may designate from time to time. In addition, at our option, payment of any interest may be made by:

- check mailed to the person entitled to the payment at the address in the applicable security register; or
- wire transfer to an account maintained by the person entitled to the payment as specified in the applicable security register.

Unless otherwise indicated in an applicable prospectus supplement, payment of any installment of interest on Registered Securities will be made to the person in whose name such subordinated debt security is registered at the close of business on the regular record date for such payment.

SUBORDINATION

The subordinated debt securities will be subordinated and junior in right of payment to some of our other indebtedness (which may include senior indebtedness for money borrowed) to the extent described in the applicable prospectus supplement.

CONSOLIDATION, MERGER OR SALE OF ASSETS

The indenture relating to the subordinated debt securities provides that we may, without the consent of the holders of any of the subordinated debt securities outstanding under the indenture, consolidate with, merge into or transfer our assets substantially as an entirety to any person, provided that:

- any successor assumes our obligations on the subordinated debt securities and under the indenture; and
- after giving effect to the consolidation, merger or transfer, no Event of Default (as defined in the indenture) will have happened and be continuing.

Any consolidation, merger or transfer of assets substantially as an entirety, which meets the conditions described above, would not create an Event of Default which would entitle holders of the subordinated debt securities, or the trustee acting on their behalf, to take any of the actions described below under "-- Events of Default, Waivers, Etc."

LEVERAGED AND OTHER TRANSACTIONS

The indenture and the subordinated debt securities do not contain provisions which would protect holders of the subordinated debt securities in the event we engaged in a highly leveraged or other transaction which could adversely affect the holders of subordinated debt securities.

MODIFICATION OF THE INDENTURE

The indenture provides that, with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding subordinated debt securities of each affected series, modifications and alterations of the indenture may be made which affect the rights of the holders of the subordinated debt securities. However, no modification or alteration may be made without the consent of the holder of each subordinated debt security affected which would, among other things:

- modify the terms of payment of principal of or any premium or interest on the subordinated debt securities;
- adversely modify the subordination terms of the subordinated debt securities; or
- reduce the percentage in principal amount of outstanding subordinated debt securities required to modify or alter the indenture.

EVENTS OF DEFAULT, WAIVERS, ETC.

An "Event of Default" with respect to subordinated debt securities of any series is defined in the indenture to include:

- (1) default in the payment of principal of or any premium on any of the outstanding subordinated debt securities of that series when due;
- (2) default in the payment of interest on any of the outstanding subordinated debt securities of that series when due and continuance of such default for 30 days;
- (3) default in the performance of any of our other covenants in the indenture with respect to the subordinated debt securities of such series and continuance of such default for 90 days after written notice;
- (4) certain events of bankruptcy, insolvency or reorganization relating to us; and
- (5) any other event that may be specified in a prospectus supplement with respect to any series of subordinated debt securities.

If an Event of Default with respect to any series of outstanding subordinated debt securities occurs and is continuing, either the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding subordinated debt securities of such series may declare the principal amount (or if such subordinated debt securities are Original Issue Discount Securities, the portion of the principal amount as may be specified in the terms of that series) of all subordinated debt securities of that series to be immediately due and payable. The holders of a majority in aggregate principal amount of the outstanding subordinated debt securities of any series may waive an Event of Default resulting in acceleration of the subordinated debt securities, but only

Edgar Filing: WILLBROS GROUP INC - Form S-3

if all Events of Default with respect to subordinated debt securities of such series have been remedied and all payments due, other than those due as a result of acceleration, have been made.

If an Event of Default occurs and is continuing, the trustee may, in its discretion, and at the written request of holders of not less than a majority in aggregate principal amount of the outstanding subordinated debt securities of any series and upon reasonable indemnity against the costs, expenses and liabilities to be incurred in compliance with such request and subject to certain other conditions set forth in the indenture will, proceed to protect the rights of the holders of all the subordinated debt securities of such series. Prior to acceleration of maturity of the outstanding subordinated debt securities of any series, the holders of a majority in aggregate principal amount of the subordinated debt securities may waive any past default under the

13

16

indenture except a default in the payment of principal of or any premium or interest on the subordinated debt securities of that series.

The indenture provides that, upon the occurrence of an Event of Default specified in clause (1) or (2) of the first paragraph in this subsection, we will, upon demand of the trustee, pay to it, for the benefit of the holder of any subordinated debt security, the whole amount then due and payable on the affected subordinated debt securities for principal, premium, if any, and interest, if any. The indenture further provides that, if we fail to pay such amount upon demand, the trustee may, among other things, institute a judicial proceeding for the collection of those amounts.

The indenture also provides that, notwithstanding any of its other provisions, the holder of any subordinated debt security of any series will have the right to institute suit for the enforcement of any payment of principal of or any premium or interest on the subordinated debt securities when due and that such right will not be impaired without the consent of such holder.

We are required to file annually with the trustee a written statement of our officers as to the existence or non-existence of defaults under the indenture or the subordinated debt securities.

SATISFACTION AND DISCHARGE

The indenture provides, among other things, that, when all subordinated debt securities not previously delivered to the trustee for cancellation (1) have become due and payable or (2) will become due and payable at their stated maturity within one year, we may deposit with the trustee funds, in trust, for the purpose and in an amount sufficient to pay and discharge the entire indebtedness on the subordinated debt securities not previously delivered to the trustee for cancellation. Those funds will include all principal, premium, if any, and interest, if any, to the date of the deposit or to the stated maturity, as applicable. Upon such deposit, the indenture will cease to be of further effect except as to our obligations to pay all other sums due under the indenture and to provide the officers' certificates and opinions of counsel required under the indenture. At such time we will be deemed to have satisfied and discharged the indenture.

GOVERNING LAW

The indenture and the subordinated debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

REGARDING THE TRUSTEE

Edgar Filing: WILLBROS GROUP INC - Form S-3

Information concerning the trustee for a series of subordinated debt securities will be set forth in the prospectus supplement relating to such series of subordinated debt securities.

We may have normal banking relationships with the trustee in the ordinary course of business.

DESCRIPTION OF CAPITAL STOCK

GENERAL

We have 36,000,000 authorized shares of capital stock, consisting of (a) 35,000,000 shares of common stock, par value \$.05 per share; and (b) 1,000,000 shares of Class A preferred stock, par value \$.01 per share.

COMMON STOCK

As of May 31, 2001, 14,392,392 shares of our common stock were outstanding. All of the outstanding shares of our common stock are fully paid and nonassessable. The holders of our common stock are entitled to one vote for each share of common stock held on all matters voted upon by stockholders, including the election of directors. Holders of our common stock have no right to cumulate their votes in the election of directors. Subject to the rights of any then-outstanding shares of our preferred stock, the holders of our common stock are entitled to receive dividends as may be declared in the discretion of the Board of Directors out of funds legally available for the payment of dividends. We are subject to restrictions on the payment of dividends under the provisions of our bank credit agreement.

The holders of our common stock are entitled to share equally and ratably in our net assets upon a liquidation or dissolution after we pay or provide for all liabilities, subject to any preferential liquidation rights of any preferred stock that at the time may be outstanding. The holders of our common stock have no preemptive, subscription, conversion or redemption rights. There are no governmental laws or regulations in the Republic of Panama affecting the remittance of dividends, interest and other payments to our nonresident stockholders so long as we continue not to engage in business in the Republic of Panama.

Our articles of incorporation contain restrictions, subject to the determination by the Board of Directors in good faith and in its sole discretion, on the transfer of any shares of our common stock in order to prevent us from becoming a "controlled foreign corporation" under United States tax law. See "-- Anti-Takeover Effects of Provisions of Our Articles of Incorporation and Bylaws."

CLASS A PREFERRED STOCK

As of the date of this prospectus, there were no outstanding shares of Class A preferred stock; however, the Board of Directors has reserved for issuance pursuant to our Stockholder Rights Plan described below 35,000 shares of Series A junior participating preferred stock. Class A preferred stock may be issued from time to time in one or more series, and the Board of Directors, without further approval of the stockholders, is authorized to fix the dividend rates and terms, conversion rights, voting rights, redemption rights and terms, liquidation preferences, sinking fund and any other rights, preferences, privileges and restrictions applicable to each series of Class A preferred stock.

Edgar Filing: WILLBROS GROUP INC - Form S-3

The specific matters that the Board of Directors may determine include the following:

- the designation of each series;
- the number of shares of each series;
- the rate of any dividends;
- whether any dividends will be cumulative or non-cumulative;
- the terms of any redemption;
- the amount payable in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of our company;
- rights and terms of any conversion or exchange;
- restrictions on the issuance of shares of the same series or any other series; and
- any voting rights.

15

18

The prospectus supplement relating to any new series of Class A preferred stock for which this prospectus is being delivered will specify the applicable terms, which may include those listed above. The purpose of authorizing the Board of Directors to determine these rights, preferences, privileges and restrictions is to eliminate delays associated with a stockholder vote on specific issuances. The issuance of Class A preferred stock, while providing flexibility in connection with possible acquisitions and other corporate purposes, could:

- decrease the amount of earnings and assets available for distribution to holders of common stock;
- adversely affect the rights and powers, including voting rights, of holders of common stock; and
- have the effect of delaying, deferring or preventing a change in control.

For example, the Board of Directors, with its broad power to establish the rights and preferences of authorized but unissued Class A preferred stock, could issue one or more series of Class A preferred stock entitling holders to vote separately as a class on any proposed merger or consolidation, to convert Class A preferred stock into a larger number of shares of common stock or other securities, to demand redemption at a specified price under prescribed circumstances related to a change in control, or to exercise other rights designed to impede a takeover.

STOCKHOLDER RIGHTS PLAN

On April 1, 1999, our Board of Directors approved a rights agreement with Mellon Investor Services, LLC, as rights agent, and declared a distribution of one preferred share purchase right ("Right") for each outstanding share of common stock. Each Right, when it becomes exercisable, entitles its registered holder to purchase one one-thousandth of a share of Series A junior participating Class A preferred stock ("Series A preferred stock") at a price of \$30 per one one-thousandth of a share.

Edgar Filing: WILLBROS GROUP INC - Form S-3

The Rights are attached to and trade with shares of our common stock. Currently, the Rights are not exercisable and there are no separate certificates representing the Rights. If the Rights become exercisable, we will distribute separate Rights certificates. Until that time and as long as the Rights are outstanding, any transfer of shares of our common stock will also constitute the transfer of the Rights associated with those common shares. The Rights will expire on April 15, 2009, unless we redeem or exchange the Rights before that date.

The Rights will become exercisable upon the earlier to occur of:

- the public announcement that a person or group of persons has acquired 15% or more of our common stock, except in connection with an offer approved by our Board of Directors; or
- 10 days, or a later date determined by our Board of Directors, after the commencement of, or announcement of an intention to commence, a tender or exchange offer that would result in a person or group of persons acquiring 15% or more of our common stock.

If any person or group of persons acquire 15% or more of our common stock, except in connection with an offer approved by our Board of Directors, each holder of a Right, except the acquiring person or group, will have the right, upon exercise of the Right, to receive that number of shares of our common stock or Series A preferred stock having a value equal to two times the exercise price of the Right.

In the event that any person or group acquires 15% or more of our common stock and either (a) we are acquired in a merger or other business combination in which the holders of all of our common stock immediately prior to the transaction are not the holders of all of the surviving corporation's voting power or (b) more than 50% of our assets or earning power is sold or transferred, then each holder of a Right, except the acquiring person or group, will have the right, upon exercise of the Right, to receive common shares of the acquiring company having a value equal to two times the exercise price of the Right.

The Rights are redeemable in whole, but not in part, by action of the Board of Directors at a price of \$.005 per Right prior to the earlier to occur of a person or group acquiring 15% of our common stock or the expiration of the Rights. Following the public announcement that a person or group has acquired 15% of our common stock, the Rights are redeemable in whole, but not in part, by action of the Board of Directors at a

16

19

price of \$.005 per Right, provided the redemption is in connection with a merger or other business combination involving our company in which all the holders of our common stock are treated alike and which does not involve the acquiring person or its affiliates.

In the event shares of Series A preferred stock are issued upon the exercise of the Rights, holders of the Series A preferred stock will be entitled to receive, in preference to holders of common stock, a quarterly dividend payment in an amount per share equal to the greater of (a) \$10 or (b) 1,000 times the dividend declared per share of common stock. The Series A preferred stock dividends are cumulative but do not bear interest. Shares of Series A preferred stock are not redeemable. In the event of liquidation, the holders of the Series A preferred stock will be entitled to a minimum preferential liquidation payment of \$1,000 per share; thereafter, and after the holders of the common stock receive a liquidation payment of \$1.00 per share, the holders

Edgar Filing: WILLBROS GROUP INC - Form S-3

of the Series A preferred stock and the holders of the common stock will share the remaining assets in the ratio of 1,000 to 1 (as adjusted) for each share of Series A preferred stock and common stock so held, respectively. In the event of any merger, consolidation or other transaction in which the shares of common stock are exchanged, each share of Series A preferred stock will be entitled to receive 1,000 times the amount received per share of common stock. These rights are protected by antidilution provisions.

Each share of Series A preferred stock will have 1,000 votes, voting together with the common stock. In the event that the amount of accrued and unpaid dividends on the Series A preferred stock is equivalent to six full quarterly dividends or more, the holders of the Series A preferred stock shall have the right, voting as a class, to elect two directors in addition to the directors elected by the holders of the common stock until all cumulative dividends on the Series A preferred stock have been paid through the last quarterly dividend payment date or until non-cumulative dividends have been paid regularly for at least one year.

The stockholder rights plan is designed to deter coercive takeover tactics that attempt to gain control of our company without paying all stockholders a fair price. The plan discourages hostile takeovers by effectively allowing our stockholders to acquire shares of our capital stock at a discount following a hostile acquisition of a large block of our outstanding common stock and by increasing the value of consideration to be received by stockholders in specified transactions following an acquisition.

ANTI-TAKEOVER EFFECTS OF PROVISIONS OF OUR ARTICLES OF INCORPORATION AND BY-LAWS

Our articles of incorporation, as amended and restated, and our restated by-laws contain provisions that might be characterized as anti-takeover provisions. These provisions may deter or render more difficult proposals to acquire control of our company, including proposals a stockholder might consider to be in his or her best interest, impede or lengthen a change in membership of the Board of Directors and make removal of our management more difficult.

CLASSIFIED BOARD OF DIRECTORS; REMOVAL OF DIRECTORS; ADVANCE NOTICE PROVISIONS FOR STOCKHOLDER NOMINATIONS. Our articles of incorporation provide for the Board of Directors to be divided into three classes of directors serving staggered three-year terms, with the numbers of directors in the three classes to be as nearly equal as possible. Any director may be removed from office but only for cause and only by the affirmative vote of a majority of the then outstanding shares of stock entitled to vote on the matter. Any stockholder wishing to submit a nomination to the Board of Directors must follow the procedures outlined in our articles of incorporation. Any proposal to amend or repeal the provisions of our articles of incorporation relating to the matters contained above in this paragraph requires the affirmative vote of the holders of 75% or more of the outstanding shares of stock entitled to vote on the matter.

UNANIMOUS CONSENT OF STOCKHOLDERS REQUIRED FOR ACTION BY WRITTEN CONSENT. Under our restated by-laws, stockholder action may be taken without a meeting only by unanimous written consent of all of our stockholders.

ISSUANCE OF PREFERRED STOCK. As described above, our articles of incorporation authorize a class of undesignated Class A preferred stock consisting of 1,000,000 shares. Class A preferred stock may be issued from time to time in one or more series, and the Board of Directors, without further approval of the stockholders, is authorized to fix the rights, preferences, privileges and restrictions applicable to each series of Class A preferred

Edgar Filing: WILLBROS GROUP INC - Form S-3

stock. The purpose of authorizing the Board of Directors to determine these rights, preferences, privileges and restrictions is to eliminate delays associated with a stockholder vote on specific issuances. The issuance of Class A preferred stock, while providing flexibility in connection with possible acquisitions and other corporate purposes, could, among other things, adversely affect the voting power of the holders of our common stock and, under certain circumstances, make it more difficult for a third party to gain control of us.

RESTRICTIONS ON TRANSFER OF COMMON STOCK. Our articles of incorporation provide for restrictions on the transfer of any shares of our common stock to prevent us from becoming a "controlled foreign corporation" under United States tax law. Any purported transfer, including a sale, gift, assignment, devise or other disposition of common stock, which would result in a person or persons becoming the beneficial owner of 10% or more of the issued and outstanding shares of our common stock, is subject to a determination by our Board of Directors in good faith, in its sole discretion, that the transfer would not in any way, directly or indirectly, affect our status as a non-controlled foreign corporation. The transferee or transferor to be involved in a proposed transfer must give written notice to our Secretary not less than 30 days prior to the proposed transfer. In the event of an attempted transfer in violation of the provisions of our articles of incorporation relating to the matters contained in this paragraph, the purported transferee will acquire no rights whatsoever in the transferred shares of common stock. Nothing in this provision, however, precludes the settlement of any transactions entered into through the facilities of the New York Stock Exchange. If the Board of Directors determines that a transfer has taken place in violation of these restrictions, the Board of Directors may take any action it deems advisable to refuse to give effect to or to prevent the transfer, including instituting judicial proceedings to enjoin the transfer.

TRANSFER AGENT AND REGISTRAR

The transfer agent and registrar for our common stock, as well as the rights agent under our rights agreement, is Mellon Investor Services, LLC.

The following is a summary of the material provisions of the warrant agreements and the warrants. This summary is not intended to be comprehensive, and holders of warrants should review the detailed description of the relevant warrant agreement included in any prospectus supplement.

19

22

MODIFICATIONS WITHOUT CONSENT OF WARRANTHOLDERS. We and the warrant agent may amend the terms of the warrants and the warrant certificates without the consent of the holders to:

- cure any ambiguity;
- cure, correct or supplement any defective or inconsistent provision; or
- amend the terms in any other manner which we may deem necessary or desirable and which will not adversely affect the interests of the affected holders in any material respect.

ENFORCEABILITY OF RIGHTS OF WARRANTHOLDERS. The warrant agent will act

solely as our agent in connection with the warrant certificates and will not assume any obligation or relationship of agency or trust for or with any holders of warrant certificates or beneficial owners of warrants. Any holder of warrant certificates and any beneficial owner of warrants may, without the consent of any other person, enforce by appropriate legal action, on its own behalf, its right to exercise the warrants evidenced by the warrant certificates in the manner provided for in that series of warrants or pursuant to the applicable warrant agreement. No holder of any warrant certificate or beneficial owner of any warrants will be entitled to any of the rights of a holder of the debt or equity securities or any other warrant property, if any, purchasable upon exercise of the warrants, including the right to receive the payments on those debt securities or other warrant property or to enforce any of the covenants or rights in the relevant indenture or any other similar agreement.

REGISTRATION AND TRANSFER OF WARRANTS. Subject to the terms of the applicable warrant agreement, warrants in registered, definitive form may be presented for exchange and for registration of transfer at the corporate trust office of the warrant agent for that series of warrants, or at any other office indicated in the prospectus supplement relating to that series of warrants, without service charge. However, the holder will be required to pay any taxes and other governmental charges as described in the warrant agreement. The transfer or exchange will be effected only if the warrant agent for the series of warrants is satisfied with the documents of title and identity of the person making the request.

NEW YORK LAW TO GOVERN. The warrants and each warrant agreement will be governed by, and construed in accordance with, the laws of the State of New York.

EXPERTS

Our consolidated financial statements and financial statement schedule as of December 31, 2000 and 1999, and for each of the years in the three-year period ended December 31, 2000, have been incorporated by reference in this prospectus and in the registration statement in reliance on the reports of KPMG LLP, independent certified public accountants, incorporated by reference in this prospectus and upon the authority of said firm as experts in accounting and auditing.

To the extent that KPMG LLP audits and reports on our consolidated financial statements issued at future dates, and consents to the use of their report thereon, such financial statements also will be incorporated by reference in the registration statement in reliance upon their report and said authority.

ENFORCEABILITY OF CIVIL LIABILITIES UNDER THE FEDERAL SECURITIES LAWS

We are a corporation organized under the laws of the Republic of Panama. In addition, some of our directors are residents of countries other than the United States. Accordingly, it may not be possible to effect service of process on such persons in the United States and to enforce judgments against such persons predicated on the civil liability provisions of the federal securities laws of the United States. Because a substantial amount of our assets are located outside the United States, any judgment obtained in the United States against us may not be fully collectible in the United States. We have been advised by our counsel in the Republic of Panama, Arias, Fabrega & Fabrega, that courts in the Republic of Panama will enforce foreign judgments for liquidated amounts in civil matters, subject to some conditions and exceptions. However, courts in the Republic of Panama will not enforce in original actions liabilities predicated solely on the United States federal securities laws. Our agent for service of process in the United States with respect to matters arising under the United States federal securities laws is CT Corporation System, 111 Eighth Avenue, New York, New York 10011.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Article 64 of the General Corporation Law of Panama (the "PGCL") provides that directors shall be liable to creditors of the Registrant for authorizing a dividend or distribution of assets with knowledge that such payments impair the Registrant's capital or for making a false report or statement in any material respect. In addition, Article 444 of the Panama Code of Commerce ("Article 444") provides that directors are not personally liable for the Registrant's obligations, except for liability to the Registrant and third parties for the effectiveness of the payments to the Registrant made by stockholders, the existence of dividends declared, the good management of the accounting, and in general, for execution or deficient performance of their mandate or the violation of laws, the Articles of Incorporation, the By-laws or resolutions of the stockholders. Article 444 provides that the liability of directors may only be claimed pursuant to a resolution of the stockholders.

The PGCL does not address the issue as to whether or not a corporation may eliminate or limit a director's, officer's or agent's liability to the corporation. Nevertheless, Arias, Fabrega & Fabrega, Panamanian counsel to the Registrant, has advised the Registrant that, as between the Registrant and its directors, officers and agents, such liability may be released under general contract principles, to the extent that a director, officer or agent, in the performance of his duties to the corporation, has not acted with gross negligence or malfeasance. This release may be included in the Articles of Incorporation or By-laws of the Registrant or in a contract entered into between the Registrant and the director, officer or agent. While such a release may not be binding with respect to a third person or stockholder claiming liability under Article 444, in order to claim such liability, a resolution of the stockholders would be necessary, which the Registrant believes would be difficult to secure in the case of a publicly held company.

The PGCL does not address the extent to which a corporation may indemnify a director, officer or agent. However, the Registrant's Panamanian counsel has advised the Registrant that, under general agency principles, an agent, which would include directors and officers, may be indemnified against liability to third persons, except for a claim based on Article 64 of the PGCL or for losses due to gross negligence or malfeasance in the performance of such agent's duties. The Registrant's Restated Articles of Incorporation release directors from personal liability to the Registrant or its stockholders for monetary damages for breach of fiduciary duty as a director and authorize the Registrant's board of directors to adopt By-laws or resolutions to this effect or to cause the Registrant to enter into contracts providing for limitation of liability and for indemnification of directors, officers, and agents. The Registrant's Restated By-laws provide for indemnification of directors and officers of the Registrant to the fullest extent permitted by, and in the manner permissible under, the laws of the Republic of Panama. The Registrant has also entered into specific agreements with its directors and officers providing for indemnification of such persons under certain circumstances. The Registrant

carries directors' and officers' liability insurance to insure its officers and directors against liability

for certain errors and omissions and to defray costs of a suit or proceeding against an officer or director. The Registrant also carries directors' and officers' liability insurance which insures its officers and directors against liabilities they may incur in connection with the registration, offering or sale of the securities covered by this Registration Statement.

The preceding discussion is subject to the Registrant's Restated Articles of Incorporation and Restated By-laws and the provisions of Article 64 of the PGCL and Article 444 as applicable. It is not intended to be exhaustive and is qualified in its entirety by the Registrant's Restated Articles of Incorporation, the Registrant's Restated By-laws and Article 64 of the PGCL and Article 444.

ITEM 17. UNDERTAKINGS.

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in this effective Registration Statement; and

Edgar Filing: WILLBROS GROUP INC - Form S-3

(iii) To include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned Registrant hereby undertakes that, for the purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's Annual Report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(h) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions referred to in Item 15 of this Registration Statement, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(i) The undersigned Registrant undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as a part of this Registration Statement in reliance upon

II-3

28

Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this Registration Statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of

Edgar Filing: WILLBROS GROUP INC - Form S-3

prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(j) The undersigned Registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Securities and Exchange Commission under Section 305(b)(2) of the Act.
