**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**

The information set forth in Item 1.01 is incorporated herein by reference.

On April 23, 2008 the Issuers offered and sold to the Initial Purchasers \$600 million aggregate principal amount of 2018 Notes.

The Notes will be general senior unsecured obligations of the Issuers and will rank equally with the existing and future senior indebtedness of the Issuers. Initially, all payments with respect to the Notes (including principal and interest) will be fully and unconditionally guaranteed, jointly and severally, by substantially all of the Partnership s existing subsidiaries. In the future, the subsidiaries that guarantee other indebtedness of the Issuers or another subsidiary of the Partnership must also guarantee the Notes. The guarantees are also subject to release in certain circumstances. The guarantees are general unsecured obligations of the subsidiary guarantors and rank equally with the existing and future senior indebtedness of the subsidiary guarantors.

Interest on the Notes will accrue from April 23, 2008 and will be payable semi-annually in arrears on May 1 and November 1 of each year, commencing November 1, 2008. Interest will be payable to the holders of record at the close of business on the April 15 and October 15 preceding such interest payment dates. Interest will be computed on the basis of a 360-day year consisting of twelve 30-day months.

The Issuers may redeem the Notes, in whole or in part, at any time and from time to time at a price equal to the greater of (i) 100% of the principal amount of the Notes to be redeemed or (ii) the sum of the present values of the remaining scheduled payments of principal of and interest on the Notes to be redeemed, discounted to the redemption date on a semi-annual basis at the adjusted treasury rate plus 40 basis points, with accrued interest to the date of redemption.

The Indenture contains covenants that limit the Partnership and its subsidiaries from creating liens on its or their principal properties to secure debt and from engaging in certain sale-leaseback transactions. The Indenture also limits the Issuers ability to engage in certain mergers, consolidations and sales of properties or assets.

Upon a continuing event of default, the trustee or the holders of 25% principal amount of the then-outstanding Notes may declare all the Notes immediately due and payable, except that a default resulting from the Issuers entry into a bankruptcy, insolvency or reorganization will automatically cause all outstanding Notes to become due and

payable. Each of the following shall constitute an event of default under the Indenture with respect to each series of Notes:

default in payment when due of the principal of or any premium on any Note of that series at maturity, upon redemption or otherwise;

default for 60 days in the payment when due of interest on any Note of that series;

failure by the Issuers or, so long as the Notes are guaranteed by a subsidiary guarantor, by such subsidiary guarantor, for 90 days after receipt of notice from the trustee or the holders to comply with any other term, covenant or warranty in the Indenture or the Notes of that series (provided that notice need not be given, and an Event of Default will occur, 90 days after any breach of the covenants described in the Indenture);

default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any debt for money borrowed of the Issuers or any of the subsidiaries of the Partnership (or the payment of which is guaranteed by the Partnership or any of its subsidiaries), whether such debt or guarantee now exists or is created after the Issue Date, if (a) that default (x) is caused by a failure to pay principal of or premium, if any, or interest on such debt prior to the expiration of any grace period provided in such debt (a Payment Default ), or (y) results in the acceleration of the maturity of such debt to a date prior to its originally stated maturity, and, (b) in each case described in clause (x) or (y) above, the principal amount of any such debt, together with the principal amount of any other such debt under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$25 million or more; provided that if any such default is cured or waived or any such acceleration rescinded, or such debt is repaid, within a period of 30 days from the continuation of such default beyond the applicable grace period or the occurrence of such acceleration, as the case may be, such Event of Default and any consequential acceleration of the Notes shall be automatically rescinded, so long as such rescission does not conflict with any judgment or decree;

specified events in bankruptcy, insolvency or reorganization of the Issuers or, so long as the Notes of that series are guaranteed by a subsidiary guarantor, by such subsidiary guarantor;

so long as the Notes of that series are guaranteed by a subsidiary guarantor:

the guarantee by such subsidiary guarantor ceases to be in full force and effect, except as otherwise provided in the Indenture;

the guarantee by such subsidiary guarantor is declared null and void in a judicial proceeding; or

such subsidiary guarantor denies or disaffirms its obligations under the Indenture or its guarantee.

The Notes have not been registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act.

The terms of the Exchange and Registration Rights Agreement described in Item 1.01 above require the Issuers to register under the Securities Act exchange notes (and related guarantees) having substantially identical terms as the Notes (and related guarantees), and to complete offers to exchange such exchange notes for the Notes of the same series. If an exchange offer cannot be effected, the Issuers have agreed to file and keep effective a shelf registration statement for resale of the Notes. Failure of the Issuers to comply with the registration and exchange requirements set forth in the Exchange and Registration Rights Agreement will require the Issuers to pay additional interest semi-annually, over and above the state interest rate, on the Notes in an amount not to exceed a rate of 0.50% per year.
