Item 1.01 Entry Into a Material Definitive Agreement

In connection with the Registration Statement on Form S-3 (Registration No. 333-153631) (the Registration Statement) filed by Smith International, Inc. (the Company) with the Securities and Exchange Commission covering debt securities issuable under an Indenture (the Indenture) dated as of September 8, 1997 between the Company and The Bank of New York Mellon (the Trustee), as supplemented by the First Supplemental Indenture dated as of March 19, 2009 between the Company and the Trustee (the First Supplemental Indenture), the Company entered into a Purchase Agreement, dated as of March 16, 2009 (the Purchase Agreement), with J.P. Morgan Securities Inc., Banc of America Securities LLC and Calyon Securities (USA) Inc., as representatives of the several underwriters named therein, in connection with the issuance and sale of \$300,000,000 in the aggregate principal amount of the Company's 8.625% Senior Notes due 2014 (the 2014 Notes) and \$700,000,000 in the aggregate principal amount of the Company's 9.750% Senior Notes due 2019 (the 2019 Notes) and collectively with the 2014 Notes, the Senior Notes).

The Purchase Agreement contains customary representations, warranties and agreements by the Company, and customary conditions to closing, indemnification rights, obligations of the parties and termination provisions. Affiliates of certain of the underwriters are lenders with respect to the Company's bridge loan facility and U.S. revolving credit facility. Pursuant to the Purchase Agreement and subject to the terms and conditions expressed therein, the Company agreed to sell the Senior Notes to the underwriters, and the underwriters agreed to purchase the Senior Notes for resale to the public. The Company sold the 2014 Notes to the underwriters at a purchase price of 99.072% of the principal amount thereof, and the underwriters offered the 2014 Notes to the public at a price of 99.672% of the principal amount thereof. The Company sold the 2019 Notes to the underwriters at a purchase price of 99.302% of the principal amount thereof, and the underwriters offered the 2019 Notes to the public at a price of 99.952% of the principal amount thereof. Interest is payable on the Senior Notes on each March 15 and September 15, commencing on September 15, 2009. The 2014 Notes mature on March 15, 2014 and the 2019 Notes mature on March 15, 2019.

The Company expects the net proceeds from the sale of the Senior Notes to be approximately \$991.2 million, after deducting underwriting discounts and commissions and expenses. The Company intends to use the net proceeds from the sale of the Senior Notes, together with the net proceeds from its new \$525 million senior unsecured term loan facility (1) to repay all of the outstanding \$1.0 billion senior unsecured bridge loan facility which was used to fund a portion of the cash consideration of the acquisition of W-H Energy Services, Inc., (2) to repay outstanding indebtedness under its \$400.0 million unsecured revolving credit facility, which as of March 13, 2009, was \$235.0 million and (3) to the extent such proceeds are sufficient, for general corporate purposes.

The Senior Notes are governed by and were issued pursuant to the Indenture and First Supplemental Indenture. The Company may issue additional debt from time to time pursuant to the Indenture. The Indenture, the First Supplemental Indenture and Senior Notes require the Company to make an offer to repurchase Senior Notes upon a change of control repurchase event in connection with the 2014 Notes and the 2019 Notes, as applicable (as defined in the First Supplemental Indenture), at a price of 101% of the aggregate principal amount thereof.

The foregoing description of the Purchase Agreement, the First Supplemental Indenture and the Senior Notes does not purport to be complete and is qualified in its entirety by reference to the full text of such agreements, which are filed as exhibits hereto and incorporated by reference into this Item 1.01.
