Dear Community Bankers Acquisition Corp. Stockholder:

You are cordially invited to attend the annual meeting of the stockholders of Community Bankers Acquisition Corp., a Delaware corporation (Community Bankers). The annual meeting will be held on , 2008, at .m., local time, at .

At the annual meeting, you will be asked to consider and vote on (1) a proposal to adopt the Agreement and Plan of Merger, dated as of September 5, 2007, by and between Community Bankers Acquisition Corp. and TransCommunity Financial Corporation; (2) a proposal to adopt the amended and restated certificate of incorporation of Community Bankers effective upon consummation of the merger, which contains certain amendments to Community Bankers certificate of incorporation; (3) a proposal to elect each of Chris A. Bagley and Keith Walz to the board of directors; (4) a proposal to ratify the appointment of Miller, Ellin & Company LLP as Community Bankers independent public accountants for the fiscal year ending December 31, 2007; and (5) a proposal to authorize the board of directors to adjourn the annual meeting to allow time for further solicitation of proxies.

Each of these proposals is more fully described in the accompanying joint proxy statement/prospectus.

If you hold shares of common stock issued in Community Bankers initial public offering (whether such shares were acquired pursuant to such initial public offering or afterwards), then you have the right to vote against the merger proposal and demand that Community Bankers convert such shares into cash equal to a pro rata portion of the trust account in which a substantial portion of the net proceeds of Community Bankers initial public offering are held. As of , 2008, there was \$ in the trust account, including accrued interest on the funds in the trust account, or approximately \$ per share issued in the initial public offering. The actual conversion price will differ from the \$ per share due to any interest earned on the funds in the trust account since , 2008, and any taxes payable in respect of interest earned thereon. You may exercise your conversion rights either by checking the applicable box on the proxy card included in these proxy materials or by submitting your request in writing to Community Bankers at the address listed at the top of this letter and affirmatively voting against the merger proposal. Prior to exercising your conversion rights, you should verify the market price of Community Bankers common stock, as you may receive higher proceeds from the sale of your common stock in the public market than from exercising your conversion rights. Shares of Community Bankers common stock are currently quoted on the American Stock Exchange under the symbol BTC. On , 2008, the record date for the annual meeting of stockholders, the last sale price of Community Bankers common stock was \$. Your shares will only be converted if the merger is consummated and you voted against the merger and properly demanded conversion rights. For more information regarding your conversion rights, see The Merger Conversion Rights of Community Bankers Stockholders on page of the joint proxy statement/prospectus.

All of the Community Bankers insiders (including all of Community Bankers officers, directors and initial stockholders) have agreed to vote the 1,875,000 shares of Community Bankers common stock acquired by them before Community Bankers initial public offering, on the merger proposal consistent with the majority of the votes cast on the merger by the holders of the shares of common stock issued in the initial public offering. They have further indicated that they will vote the shares held by them in favor of the adoption of the amended and restated certificate of

incorporation, for the election of Chris A. Bagley and Keith Walz to Community Bankers board of directors, for the ratification of the appointment of the independent public accountants for the fiscal year ending December 31, 2007, and for the proposal to authorize the board of directors to adjourn the annual meeting to allow time for further solicitation of proxies in the event there are insufficient votes present at the annual meeting to approve the proposals.

The Community Bankers board of directors has unanimously determined that the proposals and the transactions contemplated thereby are in the best interests of Community Bankers and its stockholders. The board of directors recommends that you vote, or give instruction to vote, **FOR** the adoption of each of the proposals and that you vote in favor of each of the two director nominees.

Enclosed is a notice of annual meeting and the joint proxy statement/prospectus containing detailed information concerning the merger proposal and the transactions contemplated by the merger agreement, as well as detailed information concerning each of the proposals. We urge you to read the joint proxy statement/prospectus and attached annexes carefully.

QUESTIONS AND ANSWERS FOR ALL STOCKHOLDERS

Q: Why is TransCommunity merging with and into Community Bankers?

A: TransCommunity is merging with and into Community Bankers because the boards of directors of both companies believe that the merger will provide stockholders of both companies with substantial benefits and enable Community Bankers to use TransCommunity as a growth platform to build a larger banking franchise. In addition, Community Bankers' proposed merger with BOE will further increase operating efficiencies and the growth opportunities of the surviving corporation. After the merger, TransCommunity Bank, N.A. will generally continue to operate as it has prior to the merger. However, it is anticipated that TransCommunity Bank will merge with and into Bank of Essex, the bank subsidiary of BOE, in the event Community Bankers' merger with BOE is consummated. A detailed discussion of the background of and reasons for the proposed merger is contained under the headings *The Merger Background of the Merger*, *The Merger Community Bankers Reasons for the Merger*, and *The Merger TransCommunity's Reasons for the Merger*.

Q: How does the board recommend that I vote on the merger?

A: You are being asked to vote **FOR** the approval of the merger of TransCommunity with and into Community Bankers pursuant to the terms of the merger agreement. The board of directors of each of Community Bankers and TransCommunity has unanimously determined that the proposed merger is in the best interests of its stockholders, unanimously approved the merger agreement and unanimously recommend that its stockholders vote **FOR** the approval of the merger.

Q: What vote is required to approve the merger?

A: *Community Bankers.* Pursuant to Delaware law, adoption of the merger agreement requires the affirmative vote of the holders of a majority of the outstanding shares of Community Bankers common stock entitled to vote at the annual meeting. Pursuant to Community Bankers' certificate of incorporation, adoption of the merger agreement also requires the affirmative vote of the holders of a majority of Community Bankers' outstanding shares of common stock issued in Community Bankers' initial public offering that are voted at the annual meeting. Both requirements must be met for adoption of the merger agreement. As of the record date, there were 9,375,000 shares outstanding, including 7,500,000 outstanding shares that were issued in the initial public offering. Because a majority vote of all outstanding shares is required to adopt the merger agreement, your failure to vote will have the same effect as a vote against the merger proposal.

In addition, for the merger to be consummated, the holders of less than 20% of the outstanding shares of common stock issued in the Community Bankers initial public offering (1,499,250 shares) must have voted against the merger and thereafter exercised their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account.

TransCommunity. Approval of the merger agreement requires the affirmative vote of the holders of a majority of TransCommunity's outstanding shares of common stock. As of the record date, there were 4,586,741 shares outstanding. Because a majority vote of all outstanding shares is required to approve the merger, your failure to vote will have the same effect as a vote against the merger proposal.

Q: What should I do now?

A:

Edgar Filing: Community Bankers Acquisition Corp. - Form S-4

After you have carefully read this joint proxy statement/prospectus, please indicate on your proxy card how you want to vote, and then date, sign and mail your proxy card in the enclosed envelope as soon as possible so that your shares will be represented at the meeting. If you date, sign and send in a proxy card but do not indicate how you want to vote, your proxy will be voted in favor of the merger proposal.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: It depends. A broker holding your shares in street name must vote those shares according to any specific instructions it receives from you. You should instruct your broker how to vote your shares following the directions your broker provides. If specific instructions are not received, in certain limited circumstances your broker may vote your shares in its discretion. On certain routine matters, brokers have authority to vote their customers' shares if their customers do not provide voting instructions. When brokers vote their customers' shares on a routine matter without receiving voting instructions, these shares are counted both for establishing a quorum to conduct business at the meeting and in determining the number of shares voted **FOR** or **AGAINST** the routine matter. On non-routine matters, brokers cannot vote the shares on that proposal if they have not received voting instructions from the beneficial owner of such shares. If you hold your shares in street name, you can either obtain physical delivery of the shares into your name, and then vote your shares yourself, or request a legal proxy directly from your broker and bring it to the annual or special meeting, and then vote your shares yourself. In order to obtain shares directly into your name, you must contact your brokerage house representative. Brokerage firms may assess a fee for your conversion; the amount of such fee varies from firm to firm.

Community Bankers. If you do not provide your broker with voting instructions, your broker may vote your shares at its discretion with regard to the election of Chris A. Bagley and Keith Walz to the board of directors and ratification of the appointment of the independent public accountants for the fiscal year ending December 31, 2007, since these matters are routine. However, your broker may not vote your shares, unless you provide voting instructions, with regard to adoption of the merger agreement, adoption of the amended and restated certificate of incorporation and the proposal to adjourn the annual meeting to allow time for further solicitation of proxies in the event there are insufficient votes present at the meeting to approve the proposals, since these matters are not routine. Failure to instruct your broker how to vote your shares will have the same effect as a vote against the adoption of the merger agreement and the adoption of the amended and restated certificate of incorporation, but will have no effect on the election of Chris A. Bagley and Keith Walz to Community Bankers' board of directors, the ratification of the appointment of the independent public accountants for the fiscal year ending December 31, 2007 or the proposal to adjourn the annual meeting to allow time for further solicitation of proxies in the event there are insufficient votes present at the meeting to approve the proposals.

TransCommunity. Your broker may not vote your shares, unless you provide voting instructions, with regard to approval of the merger proposal and the proposal to adjourn the special meeting to allow time for further solicitation of proxies in the event there are insufficient votes present at the meeting to approve the merger proposal, since these matters are not routine. Failure to instruct your broker how to vote your shares will have the same effect as a vote against the merger proposal, but will have no effect on the proposal to adjourn the special meeting to allow time for further solicitation of proxies in the event there are insufficient votes present at the meeting to approve the merger proposal.

Q: Can I change my vote after I have submitted my proxy?

A: Yes. There are a number of ways you can change your vote. First, you may send a written notice to the person to whom you submitted your proxy stating that you would like to revoke your proxy. Second, you may complete and submit a later-dated proxy with new voting instructions. The latest vote actually received by Community Bankers or TransCommunity prior to the annual meeting or the special meeting, respectively, will be your vote. Any earlier votes will be revoked. Third, you may attend the annual meeting or the special meeting and vote in person. Any earlier votes will be revoked. Simply attending the annual meeting or the special meeting without voting, however, will not revoke your proxy. If you have instructed a broker to vote your shares, you must follow the directions you will receive from your broker to change or revoke your proxy.

Q: Is the merger between TransCommunity and Community Bankers contingent upon Community Bankers closing its proposed merger with BOE?

A: No. Under the merger agreement it is not a condition that Community Bankers complete the merger with BOE. However, the merger between Community Bankers and BOE is contingent upon closing of the merger between Community Bankers and TransCommunity.

Q: When do you expect to complete the merger?

A: We presently expect to complete the merger in the second quarter of 2008. However, we cannot assure you when or if the merger will occur. We must first obtain the approval of Community Bankers and TransCommunity's stockholders at the annual meeting and special meeting, respectively, and receive the necessary regulatory approvals.

Q: Whom should I contact with questions about the merger?

A: If you want additional copies of this joint proxy statement/prospectus, or if you want to ask questions about the merger, you should contact:

QUESTIONS AND ANSWERS FOR COMMUNITY BANKERS STOCKHOLDERS

Q: Why is Community Bankers proposing the merger?

A: Community Bankers was organized for the purpose of effecting a business combination with an operating business in the banking industry. Community Bankers believes that TransCommunity, a registered financial holding company, is positioned for significant growth in its current and expected future markets and believes that a business combination with TransCommunity will provide Community Bankers stockholders with an opportunity to participate in a company with significant potential. In addition, Community Bankers proposed merger with BOE will further enhance the management expertise, operating efficiencies and growth opportunities of the surviving corporation. Community Bankers believes that the markets in which TransCommunity and BOE operate are attractive markets to grow a community banking franchise.

Q: What is being proposed, other than the merger, to be voted on at the Community Bankers annual meeting?

A: Community Bankers stockholders are being asked to adopt the amended and restated certificate of incorporation, elect each of Chris A. Bagley and Keith Walz to the Community Bankers board of directors, ratify the appointment of Community Bankers independent public accountants for the fiscal year ending December 31, 2007, and authorize the board of directors to adjourn the annual meeting to allow time for further solicitation of proxies in the event there are insufficient votes present at the meeting to approve the proposals.

The amended and restated certificate of incorporation will only be effected in the event and at the time the merger with TransCommunity is consummated. Similarly, unless Community Bankers and TransCommunity agree otherwise, the merger will only be consummated if the stockholders of Community Bankers adopt the amended and restated certificate of incorporation.

Q: How do the Community Bankers insiders intend to vote their shares?

A: All of the Community Bankers insiders (including all of Community Bankers officers, directors and initial stockholders) have agreed to vote the 1,875,000 shares of Community Bankers common stock acquired by them before Community Bankers initial public offering, on the merger proposal consistent with the majority of the votes cast on the merger by the holders of the shares of common stock issued in the initial public offering. They have further indicated that they will vote the shares held by them in favor of the adoption of the amended and restated certificate of incorporation, for the election of Chris A. Bagley and Keith Walz to Community Bankers board of directors, for the ratification of the appointment of the independent public accountants for the fiscal year ending December 31, 2007, and for the proposal to authorize the board of directors to adjourn the annual meeting to allow time for further solicitation of proxies in the event there are insufficient votes present at the annual meeting to approve the proposals.

Q: What will Community Bankers stockholders receive in the proposed merger?

A: Community Bankers stockholders will receive nothing in the merger. Community Bankers stockholders will continue to hold the same number of shares of Community Bankers common stock that they owned prior to the merger. Community Bankers stockholders do not have appraisal rights in connection with the merger under applicable Delaware corporate law, but do have conversion rights as described below.

Q:

How much of Community Bankers' voting interests will existing Community Bankers stockholders own upon completion of the merger?

A: It depends. The percentage of Community Bankers' voting interests that existing Community Bankers stockholders will own after the merger will vary depending on whether:

any TransCommunity stockholder exercises appraisal rights;

any of Community Bankers' 7,500,000 outstanding warrants are exercised;

I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc., the representatives of the underwriters in Community Bankers' initial public offering, exercise any of their unit purchase options;

any holders of Community Bankers common stock issued in Community Bankers initial public offering exercise their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account; and

Community Bankers consummates its proposed merger with BOE.

Assuming none of these events occur, Community Bankers existing stockholders will own approximately 59.01% of the voting interests of Community Bankers following the merger, and approximately 41.07% in the event Community Bankers also consummates the proposed merger with BOE. In the event all of Community Bankers warrants are exercised and Community Bankers consummates the proposed merger with BOE, but the other assumptions above remain the same, Community Bankers existing stockholders will own approximately 55.65% of the voting interests of Community Bankers following the merger.

However, if:

no TransCommunity stockholders exercise appraisal rights;

none of Community Bankers 7,500,000 outstanding warrants are exercised;

none of the 525,000 units issuable to the representatives of the underwriters in Community Bankers initial public offering upon exercise of their unit purchase options are issued; and

Community Bankers does not consummate its proposed merger with BOE; *but that*

19.99% of Community Bankers stockholders *do* exercise their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account,

Community Bankers existing stockholders will own approximately 54.73% of the voting interests of Community Bankers following the merger, and approximately 36.93% in the event Community Bankers also consummates the proposed merger with BOE. In the event all of Community Bankers warrants are exercised and Community Bankers consummates the proposed merger with BOE, but the other assumptions above remain the same, Community Bankers existing stockholders will own approximately 53.34% of the voting interests of Community Bankers following the merger.

Q: Do the Community Bankers stockholders have conversion rights?

A: Generally, yes. If you hold shares of common stock issued in Community Bankers initial public offering, then you have the right to vote against the merger proposal and demand that Community Bankers convert such shares into cash equal to a pro rata portion of the Community Bankers trust account. We sometimes refer to these rights to vote against the merger proposal and demand conversion of the shares into a pro rata portion of the Community Bankers trust account as conversion rights.

Q: If I am a Community Bankers stockholder and have conversion rights, how do I exercise them?

A: If you wish to exercise your conversion rights, you must affirmatively vote against the merger proposal and at the same time demand that Community Bankers convert your shares into cash. Any action that does not include an affirmative vote against the merger will prevent you from exercising your conversion rights. However, voting against the merger proposal does not obligate you to exercise your conversion rights. You may exercise your

Edgar Filing: Community Bankers Acquisition Corp. - Form S-4

conversion rights either by checking the box provided for such purpose on the proxy card or by submitting your request in writing to Community Bankers at the address listed on the Community Bankers Notice of Annual Meeting of Stockholders.

In addition, you will need to either tender, or if you hold your shares of Community Bankers common stock in street name, cause your broker to tender, your stock certificates representing shares of Community Bankers common stock or deliver your shares electronically using the Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, to Community Bankers' transfer agent. This delivery process can be accomplished, whether you are a record holder or your shares are held in street name, within a day, by simply contacting the transfer agent or your broker and requesting delivery of your shares through the DWAC System. There is a nominal cost associated with this tendering process and the act of certificating the shares or delivering

them through the DWAC system. The transfer agent will typically charge the stockholder or the tendering broker \$35, and your broker may or may not pass this cost on to you.

If you (1) initially vote for the merger proposal but then wish to vote against it and exercise your conversion rights or (2) initially vote against the merger proposal and wish to exercise your conversion rights but do not check the box on the proxy card providing for the exercise of your conversion rights or do not send a written request to Community Bankers to exercise your conversion rights, or (3) initially vote against the merger proposal but later wish to vote for it, you may request Community Bankers to send you another proxy card on which you may indicate your intended vote and, if that vote is against the merger proposal, exercise your conversion rights by checking the box provided for such purpose on the proxy card. You may make such request by contacting Community Bankers at the phone number or address listed on the Community Bankers Notice of Annual Meeting of Stockholders. Any corrected or changed proxy card or written demand of conversion rights must be received by Community Bankers prior to the annual meeting. Prior to exercising your conversion rights you should verify the market price of Community Bankers common stock. You may receive higher proceeds from the sale of your common stock in the public market than from exercising your conversion rights, if the market price per share is higher than the amount of cash that you would receive upon exercise of your conversion rights.

Any request to exercise your conversion rights, once made, may be withdrawn at any time up to immediately prior to the vote on the merger proposal at the annual meeting (or any adjournment or postponement thereof). Furthermore, if you deliver your shares for conversion and subsequently decide prior to the annual meeting not to elect conversion, you may simply request that the transfer agent return the certificate (physically or electronically) to you.

Please note, however, that once the vote on the merger proposal is held at the annual meeting, you may not withdraw your request to exercise your conversion rights and request the return of your shares. If the merger is not consummated, your shares will be automatically returned to you.

If the merger is completed and you have properly exercised your conversion rights, then you will be entitled to receive a pro rata portion of the Community Bankers trust account, including a pro rata portion of the interest earned on the funds in the trust account less interest released to Community Bankers for working capital or to pay taxes, calculated as of the record date for determination of stockholders entitled to vote on the merger. As of the record date, there was approximately \$ in the trust account, so you will be entitled to convert each share of common stock that you hold into approximately \$. If you properly exercise your conversion rights, then you will be exchanging your shares of Community Bankers common stock for cash equal to a pro rata portion of the Community Bankers trust account and will no longer own these shares.

Q: What are the federal income tax consequences of exercising my conversion rights?

A: There will be no federal income tax consequences to non-converting stockholders as a result of the merger. Since Community Bankers stockholders will not be exchanging or otherwise disposing of their shares of Community Bankers common stock pursuant to the merger, Community Bankers stockholders will continue to hold their shares of Community Bankers common stock and will not recognize any gain or loss as a result of the merger. However, for those Community Bankers stockholders who exercise their conversion rights and convert their shares of Community Bankers common stock into the right to receive a pro rata portion of the Community Bankers trust account, such stockholders will generally be required to treat the transaction as a sale of the shares and recognize gain or loss upon the conversion. Such gain or loss will be measured by the difference between the amount of cash you receive and your tax basis in your converted shares. See *The Merger* Certain Federal Tax Consequences to Community Bankers Stockholders.

Q: Will I lose my warrants or will they be converted to shares of common stock if the merger is consummated or if I exercise my conversion rights?

A: No. Neither consummation of the merger with TransCommunity nor exercise of your conversion rights will result in the loss of your warrants. Your warrants will continue to be outstanding following consummation of the merger whether or not you exercise your conversion rights. However, in the event that Community Bankers does

not consummate the merger with TransCommunity by June 7, 2008, Community Bankers will be required to liquidate and any Community Bankers warrants you own will expire without value.

Q: What happens to the funds deposited in the Community Bankers trust account after completion of the merger?

A: Upon consummation of the merger, the funds deposited in the Community Bankers trust account will be released to Community Bankers, and a portion of the funds remaining in the trust account after payment of amounts, if any, to Community Bankers stockholders requesting and exercising their conversion rights, will be used to pay expenses associated with the merger, to make capital contributions, to repurchase Community Bankers common stock and/or warrants or to engage in subsequent acquisitions following Community Bankers initial business combination.

Q: What happens if the merger is not consummated or is terminated?

A: If Community Bankers does not effect the merger with TransCommunity by June 7, 2008, Community Bankers must dissolve and liquidate. In any liquidation, the funds held in the trust account, plus any interest earned thereon (less any taxes due on such interest), together with any remaining net assets not held in trust, will be distributed pro rata to the holders of Community Bankers common stock issued in the initial public offering. Holders of Community Bankers common stock issued prior to the initial public offering have waived any right to any liquidation distribution with respect to those shares.

In addition, if the merger is not consummated, Community Bankers amended and restated certificate of incorporation will not be further amended pursuant to the proposal to amend and restate the certificate of incorporation.

Should the merger agreement be terminated due to a material breach of such agreement by Community Bankers, then a termination fee of \$500,000 would be payable by Community Bankers to TransCommunity. Further, if either party terminates because the stockholders of the other party fail to approve the merger or if either party terminates because the transactions contemplated are not consummated by May 31, 2008, and another acquisition transaction, involving a change in control, is announced and results in a definitive agreement or a consummated acquisition transaction with the terminating party within 12 months of termination, then the party entering into the definitive agreement or consummating the acquisition transaction will owe the other party a termination fee of \$500,000. If a party terminates the agreement due to a material breach of the other party or the failure of the other party to recommend the merger to its stockholders, the termination fee of \$500,000 is payable upon termination. In the case of a termination involving a competing acquisition transaction, the termination fee of \$500,000 is payable upon the earlier of the execution of a definitive agreement or the consummation of the transaction. In those cases where a competing acquisition transaction with a third party is consummated, an additional termination fee of \$1,200,000 will also be payable upon consummation of the acquisition transaction.

QUESTIONS AND ANSWERS FOR TRANSCOMMUNITY STOCKHOLDERS

Q: Why is TransCommunity proposing the merger?

A: We believe that the proposed merger will provide substantial benefits to TransCommunity stockholders. The TransCommunity board of directors believes the merger provides TransCommunity stockholders with liquidity, capital raising and strategic and growth opportunities, such as the proposed merger with BOE, that would not have been readily available to TransCommunity on a stand-alone basis. To review the TransCommunity reasons for the transaction in greater detail, see *The Merger* TransCommunity's Reasons for the Merger.

Q: What will TransCommunity stockholders receive in the merger?

A: Each issued and outstanding share of TransCommunity common stock you own will be converted into 1.4200 shares of Community Bankers common stock, subject to possible adjustment as described in this joint proxy statement/prospectus. In addition, holders of outstanding options for TransCommunity common stock will receive options exercisable for of Community Bankers common stock. The number of shares underlying the options and the exercise price of the options will be adjusted to reflect the 1.4200 exchange ratio.

Q: Will TransCommunity stockholders be taxed on the Community Bankers common stock that they receive in exchange for their TransCommunity shares?

A: No. We expect the merger to qualify as a reorganization for United States federal income tax purposes. If the merger qualifies as a reorganization for United States federal income tax purposes, TransCommunity stockholders will not recognize any gain or loss to the extent TransCommunity stockholders receive Community Bankers common stock in exchange for their TransCommunity shares. We recommend that TransCommunity stockholders carefully read the complete explanation of the material United States federal income tax consequences of the merger beginning on page , and that TransCommunity stockholders consult their tax advisors for a full understanding of the tax consequences of their participation in the merger.

Q: How much of Community Bankers' voting interests will TransCommunity stockholders own upon completion of the merger?

A: It depends. The percentage of TransCommunity's voting interests that existing TransCommunity stockholders will own after the merger will vary depending on whether:

any TransCommunity stockholder exercises appraisal rights;

any of Community Bankers' 7,500,000 outstanding warrants are exercised;

I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc., the representatives in Community Bankers' initial public offering, exercise any of their unit purchase options;

any holders of Community Bankers common stock issued in Community Bankers' initial public offering exercise their right to convert their shares into cash equal to a pro rata portion of the Community Bankers Trust account; and

Community Bankers consummates its proposed merger with BOE.

Edgar Filing: Community Bankers Acquisition Corp. - Form S-4

Assuming none of these events occur, TransCommunity's existing stockholders will own approximately 40.99% of the voting interests of Community Bankers following the merger and approximately 28.53% in the event Community Bankers also consummates the proposed merger with BOE.

However, if

no TransCommunity stockholders exercise appraisal rights;

none of Community Bankers 7,500,000 outstanding warrants are exercised;

none of the 525,000 units issuable to the representatives of the underwriters in Community Bankers' initial public offering upon exercise of their unit purchase option are issued;

Community Bankers does not consummate its merger with BOE; *but that*

19.99% of Community Bankers stockholders *do* exercise their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account;

TransCommunity's existing stockholders will own approximately 45.27% of the voting interests of Community Bankers following the merger and approximately 30.54% in the event Community Bankers also consummates the proposed merger with BOE.

Q: Will I have appraisal rights in the merger?

A: Yes. You have the right to assert appraisal rights with respect to the merger and demand in writing that Community Bankers pay the fair value of your shares of TransCommunity common stock under applicable provisions of Virginia law. In order to exercise and perfect appraisal rights, you must give written notice of your intent to demand payment for your shares to TransCommunity before voting on the merger at the special meeting and must not vote in favor of the merger. Payment for your shares will be made only if the merger is completed. A copy of the applicable Virginia statutory provisions is included in this joint proxy statement/prospectus as Appendix C, and a description of the procedures to demand and perfect appraisal rights is included in the section entitled "The Merger - Appraisal Rights of TransCommunity Stockholders" beginning on page .

Q: What are the federal income tax consequences of exercising my appraisal rights?

A: If you exercise your appraisal rights and receive a cash payment with respect to your shares of TransCommunity common stock and have held your shares of TransCommunity common stock as a capital asset, you will recognize capital gain or loss equal to the difference between your tax basis in those shares and the amount of cash you received in exchange for those shares.

Q: Should I send in my stock certificates now?

A: No. You should not send in your stock certificates at this time. Promptly after the effective time of the merger, you will receive transmittal materials with instructions for surrendering your TransCommunity shares. **You should follow the instructions in the post-closing letter of transmittal regarding how and when to surrender your stock certificates.**

Great Falls, Virginia 22066
(703) 759-0751

Community Bankers is a blank check company. Community Bankers was organized under the laws of the State of Delaware on April 6, 2005. As a Targeted Acquisition CorporationSM, or TACSM, Community Bankers was formed to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business in the banking industry. In addition to the merger agreement relating to the merger of Community Bankers with TransCommunity, Community Bankers has entered into an agreement and plan of merger, dated as of December 13, 2007, with BOE. BOE is a bank holding company incorporated under the laws of Virginia and is the holding company of Bank of Essex. Bank of Essex operates eight full-service offices, two in Tappahannock, and one each in Manquin, Mechanicsville, West Point, Glen Allen, Burgess and Callao, Virginia, respectively. (804) 934-9999

TransCommunity is a registered financial holding company incorporated under the laws of Virginia and is the holding company for TransCommunity Bank, N.A. The Merger (page)

The merger agreement is attached as Appendix A to this joint proxy statement/prospectus. You should read the merger agreement because it is the legal document that governs the merger. The merger agreement provides for the merger of

TransCommunity with and into Community Bankers. Following the merger:

the board of directors of the surviving corporation will be comprised of ten directors; six directors will be nominated by TransCommunity, one of which shall serve as chairman of Community Bankers upon consummation of the merger, and four directors will be nominated by Community Bankers;

the management of TransCommunity will continue in their existing roles as management of Community Bankers;

the current president and chief executive officer of Community Bankers would become its chief strategic officer; and

TransCommunity Bank, will become a subsidiary bank of Community Bankers, with its existing board of directors and senior management.

As a result of the merger, each share of TransCommunity stock will be converted into 1.4200 shares of Community Bankers common stock, subject to possible adjustment as described in this joint proxy statement/prospectus. Community Bankers common stock is listed on the American Stock Exchange under the symbol BTC. TransCommunity common stock is quoted on the OTC Bulletin Board under the symbol TCYF.OB.

We cannot complete the merger unless, among other things, we obtain the necessary government approvals and unless the stockholders of each of Community Bankers and TransCommunity approve the merger proposal.

The Proposed Merger with BOE (page)

Subsequent to entering into the merger agreement, Community Bankers has also entered into a merger agreement with BOE. We anticipate that Community Bankers' merger with BOE would be consummated concurrent with or promptly following Community Bankers' merger with TransCommunity.

The merger agreement by and between Community Bankers and BOE provides for the merger of BOE with and into Community Bankers. The merger agreement with BOE is a material contract entered into by Community Bankers and consented to by TransCommunity. If the merger with BOE is consummated, the management, operations and finances of Community Bankers will be significantly impacted as described below. A copy of the merger agreement with BOE is attached as Appendix F.

In the event Community Bankers consummates its merger with BOE, the Community Bankers board of directors would be expanded to 14 members, to include an additional six directors to be nominated by BOE and with two directors nominated by Community Bankers resigning. Alexander F. Dillard, the current chairman of the board of BOE, would be chairman of the surviving corporation, with Troy A. Peery, Jr., the current chairman of the board of TransCommunity, and Gary A. Simanson, the current president and chief executive officer of Community Bankers, each serving as vice chairman. Chris A. Bagley and Keith Walz would resign as members of the board of directors after consummation of the merger with BOE.

The president and chief executive officer of TransCommunity, Bruce B. Nolte, would become the chief executive officer of the surviving corporation through December 31, 2009. The president and chief executive officer of BOE, George M. Longest, Jr., would become the president of the surviving corporation and chief executive officer of the surviving bank and, commencing on January 1, 2010, would become president and chief executive officer of the surviving corporation and would remain the chief executive of the surviving bank. For more information on management following the merger with BOE, see *The Merger Management and Operations After the Merger*.

Following the merger with BOE, TransCommunity Bank would be merged with and into Bank of Essex.

As a result of the proposed merger, each share of BOE common stock will be converted into 5.7278 shares of Community Bankers common stock, subject to adjustment as further described elsewhere in this joint proxy statement/prospectus. Community Bankers and BOE will be preparing a separate joint proxy statement/prospectus relating to the merger with BOE which will be mailed to Community Bankers and BOE stockholders in connection with the special meetings of the stockholders of Community Bankers and BOE at which a proposal to approve the

merger with BOE will be considered.

Reasons for the Merger (page)

Community Bankers. In reaching its decision to approve the merger agreement and recommend the merger to its stockholders, the Community Bankers board of directors reviewed various financial data and due diligence and evaluation materials and made an independent determination of fair market value. In addition, in reaching its decision to approve the merger agreement, the board of directors considered a number of factors and believes that

the non-exhaustive list of factors below strongly supports its determination to approve the merger agreement and recommendation that its stockholders adopt the merger agreement:

the markets in which TransCommunity operates;

the growth prospects associated with TransCommunity;

the balance sheet make-up and product mix, including the loan and deposit mix of TransCommunity;

opportunities to grow existing revenue streams and create new revenue streams associated with TransCommunity;

the competitive position of TransCommunity within its operating markets;

the industry dynamics, including barriers to entry;

the experience of TransCommunity's board of directors and management, including Bruce B. Nolte, the current president and chief executive officer of TransCommunity who will become president and chief executive officer of Community Bankers in the merger, including their recent experience in consolidating TransCommunity's subsidiary bank's charters and existing non-core business lines;

acquisition opportunities in the industry;

the opportunity for further consolidation and cost savings in the banking industry;

the valuation of comparable companies;

the companies' similar community banking philosophies;

the financial results of TransCommunity, including potential for revenue growth, enhanced operating margins and operating efficiencies; and

TransCommunity. In reaching its decision to approve the merger agreement and recommend the merger to its stockholders, the TransCommunity board of directors relied heavily on a special committee comprised of three independent directors who have substantial experience in financial and strategic matters involving public companies. The board also consulted with TransCommunity management, engaged legal and financial advisors, reviewed various financial data, due diligence and evaluation materials, and made an independent determination that the proposed merger with Community Bankers was fair to TransCommunity's stockholders from a financial point of view. The board of directors considered a number of factors that it believes strongly support its recommendation that TransCommunity's stockholders approve the merger agreement, including:

the premium over the company's prevailing stock price to be received by TransCommunity's stockholders;

the value of the consideration TransCommunity's stockholders will receive relative to the projected book value and earnings per share of TransCommunity common stock;

Sandler O'Neill's opinion that the consideration TransCommunity's stockholders will receive as a result of the merger is fair from a financial point of view;

the fact that TransCommunity's stockholders will receive shares in a larger company traded on the American Stock Exchange, which will potentially provide greater liquidity for TransCommunity stockholders to sell their shares quickly and efficiently than under the existing OTC Bulletin Board system;

the fact that the exchange ratio is fixed in the event that Community Banker's stock price increases before closing, but is adjustable in the event that Community Banker's stock price decreases, thereby affording TransCommunity's stockholders a combination of upside participation and downside protection;

the additional capital to support a larger bank;

the potential for the combined company to attract merger candidates that TransCommunity would not be likely to attract on its own;

the proposed merger would be a strategic merger of equals in which the combined companies may achieve a level of growth that neither company could achieve on its own;

the financial terms of recent business combinations in the financial services industry and a comparison of the multiples of selected combinations with the terms of the merger;

the skills and experience offered by the Community Bankers' management and board of directors;

the anticipated compatibility of management and business philosophy of Community Bankers and TransCommunity;

the projected positive value of Community Bankers' shares offered to TransCommunity's stockholders in relation to the estimated market value, book value, and earnings per share of TransCommunity common stock;

the competitive and regulatory environment for financial institutions generally; and

the fact that the merger will enable TransCommunity's stockholders to exchange their shares of common stock in a tax-free transaction.

TransCommunity's board of directors knew and considered the financial interests of certain TransCommunity directors and executives when it approved the merger agreement. These financial interests are addressed in greater detail under the heading "The Merger - Interests of Directors and Officers of TransCommunity that Differ from Your Interests."

Election of each of Chris A. Bagley and Keith Walz to the board of directors and ratification of the appointment of Community Bankers independent public accountants for the fiscal year ending December 31, 2007 each requires the affirmative vote of the holders of a majority of the shares of Community Bankers common stock present in person or represented by proxy and entitled to vote at the annual meeting. TransCommunity's stockholders should read the opinion completely to understand the assumptions made, matters considered, and limitations of the review undertaken by Sandler O'Neill in providing its opinion.

Interests of Directors and Officers of Community Bankers that Differ from Your Interests (page)

When considering the recommendations of the Community Bankers board of directors, you should be aware that some directors and officers have interests in the merger proposal that differ from the interests of other stockholders:

four of the five members of the board of directors of Community Bankers will continue to serve as members of the board of Community Bankers following the merger;

following the merger Gary A. Simanson, the current president and chief executive officer of Community Bankers, will become the vice chairman of the board of directors and chief strategic officer of Community Bankers pursuant to an employment agreement that will be effective upon completion of the merger;

if the merger is not approved and Community Bankers is required to liquidate, certain shares of common stock and warrants held by its directors and officers will be worthless; and

if Community Bankers liquidates prior to the consummation of a business combination, Gary A. Simanson, its president and chief executive officer, and David Zalman, a stockholder, will be responsible to ensure that the trust account is not reduced by claims of Community Bankers vendors and service providers for services rendered or products sold in the event of Community Bankers dissolution and liquidation.

Each board member was aware of these and other interests and considered them before approving and adopting the merger proposal.

Interests of Directors and Officers of TransCommunity that Differ from Your Interests (page)

When considering the recommendations of the TransCommunity board of directors, you should be aware that some directors and officers have interests in the merger proposal that differ from the interests of other stockholders, including the following:

following the merger, six members of the board of directors of TransCommunity, will join the board of directors of Community Bankers and Troy A. Peery, Jr., the chairman of TransCommunity, will become the chairman of Community Bankers;

following the merger with TransCommunity without considering the merger with BOE, which will impact certain management positions, Bruce B. Nolte will become president and chief executive officer of Community Bankers, and Patrick J. Tewell, TransCommunity's chief financial officer, will become chief financial officer of Community Bankers. In addition, M. Andrew McLean will continue to be the president of TransCommunity Bank and Richard C. Stonbraker will continue to be the chief lending officer of TransCommunity Bank;

following the merger, the existing directors of TransCommunity Bank will remain on the board of directors of TransCommunity Bank;

following the merger, Community Bankers will generally indemnify and provide liability insurance for up to three years following the merger to the present directors and officers of TransCommunity and TransCommunity Bank, subject to certain exceptions;

for the 12-month period following the merger, Community Bankers will adopt TransCommunity's benefit plans and will furnish those employees of TransCommunity who become employees of Community Bankers or a Community Bankers subsidiary benefits under the TransCommunity benefit plans;

following the merger, the stock options held by the officers and directors of TransCommunity will be converted into options to purchase common stock of Community Bankers, with adjustments to the number of shares and the exercise price to reflect the exchange ratio; and

following the merger, the restricted stock held by the officers and directors of TransCommunity will be converted into and become rights with respect to Community Bankers common stock.

Each board member was aware of these and other interests and considered them before approving and adopting the merger proposal.

Federal Income Tax Consequences (page)

We have structured the merger so that it will be considered a reorganization for United States federal income tax purposes. If the merger is a reorganization for United States federal income tax purposes, TransCommunity's stockholders generally will not recognize any gain or loss on the exchange of shares of TransCommunity common stock for shares of Community Bankers common stock. Any gain or loss which is recognized will be a capital gain or loss, provided that such shares were held as capital assets of the TransCommunity stockholder at the effective time of the merger.

If you are a Community Bankers stockholder and exercise your conversion rights or if you are a TransCommunity stockholder and exercise your appraisal rights, you will generally be required to treat the exchange of your shares for cash as a sale of the shares and recognize gain or loss in connection with such sale.

Determining the actual tax consequences of the merger to a TransCommunity stockholder may be complex. These tax consequences will depend on each stockholder's specific situation and on factors not within our control. TransCommunity's stockholders should consult their own tax advisors for a full understanding of the tax consequences of their participation in the merger.

Comparative Rights of Stockholders (page)

The rights of Community Bankers stockholders are currently governed by Delaware corporate law and Community Bankers' certificate of incorporation and bylaws. The rights of TransCommunity's stockholders are currently governed by Virginia corporate law and TransCommunity's articles of incorporation and bylaws. Upon consummation of the merger, the stockholders of TransCommunity will become stockholders of Community Bankers and the certificate of incorporation, as proposed to be amended and restated, and bylaws of Community Bankers and Delaware law will govern their rights. Community Bankers' certificate of incorporation and bylaws differ somewhat from those of TransCommunity.

Termination of the Merger Agreement (page)

Notwithstanding the approval of the merger proposal by the Community Bankers and TransCommunity stockholders, Community Bankers and TransCommunity can mutually agree at any time to terminate the merger agreement before completing the merger.

Either Community Bankers or TransCommunity can also terminate the merger agreement:

if the other party is in breach of any of its representations or warranties under the merger agreement and fails to cure the violation and the breach relates to an inaccuracy that, without considering any qualification in such representation, is likely to have a material adverse effect on the breaching party;

if required regulatory approval is denied by final nonappealable action of a regulatory authority or if any action taken by such authority is not appealed within the time limit for appeal;

if any law or order permanently restraining, enjoining, or otherwise prohibiting the consummation of the merger has become final and nonappealable;

if the approval of the stockholders of Community Bankers and TransCommunity is not obtained or the holders of 20% or more of the outstanding shares of Community Bankers common stock issued in Community Bankers initial public offering vote against the merger proposal and exercise their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account;

if we do not complete the merger by May 31, 2008;

if a party's board of directors fails to reaffirm its approval upon the other party's request for such reaffirmation of the merger or if the party's board of directors resolves not to reaffirm the merger; or

if the Community Bankers or the TransCommunity board of directors withdraws, modifies, or changes in a manner adverse to the other party, its recommendation that the stockholders approve the merger in certain

instances where failure to do so would likely result in a breach of the board of directors' respective fiduciary duties.

Conversion Rights (page)

If you hold shares of common stock issued in Community Bankers' initial public offering (whether such shares were acquired pursuant to such initial public offering or afterwards), then you have the right to vote against the merger proposal and demand that Community Bankers convert such shares into cash equal to a pro rata portion of the Community Bankers trust account in which a substantial portion of the net proceeds of Community Bankers' initial public offering are held calculated as of the record date. You may exercise your conversion rights either by

checking the box on the proxy card provided for such purpose or by submitting your request in writing to Community Bankers at the address listed on the Community Bankers Notice of Annual Meeting of Stockholders, affirmatively voting against the merger and delivering your shares of Community Bankers common stock to Community Bankers transfer agent. In addition, you will need to either tender, or if you hold your shares of Community Bankers common stock in street name, cause your broker to tender, your stock certificates representing shares of Community Bankers common stock or deliver your shares electronically using the Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, to Community Bankers transfer agent. If the merger is consummated, stockholders who properly demanded conversion rights will have their shares converted into a pro rata portion of the trust account, including accrued interest net of taxes minus amounts released to Community Bankers for working capital. If the merger is not consummated, no shares will be converted to cash. For more information regarding your conversion rights, see The Merger Conversion Rights of Community Bankers Stockholders on page of this joint proxy statement/prospectus.

Appraisal Rights (page)

If you are a TransCommunity stockholder, you have the right to assert appraisal rights with respect to the merger and demand in writing that Community Bankers pay the fair value of your shares of TransCommunity common stock under applicable provisions of Virginia law. In order to exercise and perfect appraisal rights, you must give written notice of your intent to demand payment for your shares to TransCommunity before voting on the merger at the special meeting and must not vote in favor of the merger. A copy of the applicable Virginia statutory provisions is included in this joint proxy statement/prospectus as Appendix C, and a description of the procedures to demand and perfect appraisal rights is included in the section entitled The Merger Appraisal Rights of TransCommunity Stockholders beginning on page .

The Merger is Expected to Occur in the second quarter of 2008 (page)

The merger will occur shortly after all of the conditions to its completion have been satisfied or waived. Currently, we anticipate that the merger will occur in the second quarter of 2008. However, we cannot assure you when or if the merger will occur. We must first obtain the approval of the Community Bankers stockholders and TransCommunity stockholders at the annual meeting and special meeting, respectively, and all the necessary regulatory approvals.

Accounting Treatment (page)

The merger will be accounted for using the purchase method of accounting, with Community Bankers being treated as the acquiring entity for accounting purposes. Under the purchase method of accounting, the assets and liabilities of TransCommunity as of the effective time of the merger will be recorded at their respective fair values and added to those of Community Bankers.

Completion of the Merger is Subject to Certain Conditions (page)

Completion of the merger is subject to a number of conditions, including the approval of the merger proposal by the Community Bankers and TransCommunity stockholders and the receipt of all the regulatory consents and approvals that are necessary to permit the completion of the merger. Certain conditions to the merger may be waived by Community Bankers or TransCommunity, as applicable.

RISK FACTORS

If the merger is consummated, TransCommunity stockholders will receive shares of Community Bankers common stock in exchange for their shares of TransCommunity common stock. An investment in Community Bankers common stock is subject to a number of risks and uncertainties, many of which also apply to an existing investment in TransCommunity common stock. Risks and uncertainties relating to general economic conditions are not summarized below. Those risks, among others, are highlighted on page under the heading A Warning About Forward-Looking Statements.

However, there are a number of other risks and uncertainties relating to Community Bankers and your decision on the merger proposal that you should consider in addition to the risks and uncertainties associated with financial institutions generally. Many of these risks and uncertainties could affect Community Bankers future financial results and may cause Community Bankers future earnings and financial condition to be less favorable than expected. This section summarizes those risks.

Risks Related to the Business of TransCommunity

TransCommunity has a limited operating history upon which to base any estimate of its future success.

TransCommunity was organized in 2001, and it and its subsidiary, TransCommunity Bank, have limited operating histories. As a consequence, there is limited historical financial information on which to base an evaluation of TransCommunity's current business or to make any estimate of its future performance.

Many of the loans in TransCommunity's loan portfolio are not seasoned which may increase the risk of credit defaults in the future.

A significant portion of TransCommunity Bank's loans have been originated in the past five years. In general, loans do not begin to show signs of credit deterioration or default until they have been outstanding for some period of time, a process referred to as seasoning. As a result, a portfolio of older loans will usually behave more predictably than a newer portfolio. Because TransCommunity's loan portfolio is relatively new, the current level of delinquencies and defaults may not be representative of the level that will prevail when the portfolio becomes more seasoned, which may be higher than current levels. If delinquencies and defaults increase, TransCommunity may be required to increase its provision for loan losses, which would adversely affect its results of operations and financial condition.

TransCommunity's concentrations of loans may create a greater risk of loan defaults and losses.

TransCommunity has a substantial amount of loans secured by real estate in the central Virginia area, and substantially all of its loans are to borrowers in that area. Additionally, at September 30, 2007, approximately 80% of its loan portfolio consisted of commercial and residential construction loans, commercial real estate loans, commercial business loans and commercial lines of credit. These types of loans typically have a higher risk of default than other types of loans, such as fixed-rate single family residential mortgage loans. In addition, the repayments of these loans, which generally have larger balances than single family mortgage loans, often depend on the successful operation of a business or the sale or development of the underlying property, and as a result are more likely to be adversely affected by deteriorating conditions in the real estate market or the economy in general. These concentrations expose TransCommunity to the risk that adverse developments in the real estate market, or in general economic conditions in the central Virginia/Richmond metropolitan area, could increase the levels of nonperforming loans and charge-offs, and reduce loan demand. In that event, TransCommunity would likely experience additional losses. Additionally, if, for any reason, economic conditions in the area deteriorate, or there is significant volatility or weakness in the

economy or any significant sector of the area's economy, TransCommunity's ability to develop its business relationships may be diminished, the quality and collectibility of its loans may be adversely affected, the value of collateral may decline and loan demand may be reduced.

If TransCommunity's allowance for loan losses becomes inadequate, its results of operations may be adversely affected.

TransCommunity maintains an allowance for loan losses that it believes is adequate to absorb the estimated losses in its loan portfolio. Through periodic review of the loan portfolio, management determines the amount of the allowance for loan losses by considering, among other factors, general market conditions, credit quality of the loan portfolio and performance of TransCommunity customers relative to their financial obligations with TransCommunity. The amount of future losses is susceptible to changes in economic, operating and other conditions, including changes in interest rates that may be beyond its control, and these future losses may exceed its current estimates. There is no precise method for predicting credit losses since any estimate of loan losses is necessarily subjective and the accuracy depends on the outcome of future events. As a result, charge-offs in future periods may exceed its allowance for loan losses and additional increases in the allowance for loan losses would be required. If TransCommunity needs to make significant and unanticipated increases in its loan loss allowance in the future, its results of operations and financial condition would be materially adversely affected at that time.

The markets for TransCommunity's services are highly competitive, and TransCommunity faces substantial competition.

The banking business is highly competitive. TransCommunity competes with other commercial banks, savings and loan associations, credit unions, finance companies, mutual funds, insurance companies and brokerage and investment banking firms soliciting business from residents of and businesses located in its markets. Many of its competitors enjoy competitive advantages, including greater financial resources, a wider geographic presence or more accessible branch office locations, the ability to offer additional services, more favorable pricing alternatives and lower origination and operating costs. Failure to compete effectively to attract new and to retain existing customers could result in a decrease in loans TransCommunity originates and could negatively affect its results of operations.

In attracting deposits, TransCommunity competes with insured depository institutions such as banks, savings institutions and credit unions, as well as institutions offering uninsured investment alternatives, including money market funds. Traditional banking institutions, as well as entities intending to transact business online, are increasingly using the Internet to attract deposits without geographic or physical limitations. In addition, many non-bank competitors are not subject to the same extensive regulations that govern TransCommunity. These competitors may offer higher interest rates on deposits than TransCommunity offers, which could result in either TransCommunity attracting fewer deposits or increasing its interest rates in order to attract deposits. Increased deposit competition could raise TransCommunity's cost of funds and could adversely affect its ability to generate the funds necessary for its lending operations, which would negatively affect its results of operations.

Changes in interest rates could have an adverse effect on TransCommunity's income.

TransCommunity's profitability depends to a large extent upon its net interest income. Net interest income is the difference between interest income on interest-earning assets, such as loans and investments, and interest expense on interest-bearing liabilities, such as deposits and borrowings. TransCommunity's net interest income will be adversely affected if market interest rates change so that the interest it pays on deposits and borrowings increases faster than the interest it earns on loans and investments. Changes in interest rates also affect the value of its loans. An increase in interest rates could adversely affect borrowers' ability to pay the principal or interest on existing loans or reduce their ability to borrow more money. This may lead to an increase in TransCommunity's nonperforming assets or a decrease in loan originations, either of which could have a material and negative effect on TransCommunity's results of operations. A decrease in interest rates could also negatively impact earnings in the event TransCommunity's loans reprice more quickly than its sources of funds. TransCommunity's loans are primarily variable rate assets and TransCommunity relies substantially on fixed-rate certificates of deposits for its funding sources.

Interest rates are highly sensitive to many factors that are partly or completely outside of its control, including governmental monetary policies, domestic and international economic and political conditions and general economic conditions such as inflation, recession, unemployment and money supply. Fluctuations in market

interest rates are neither predictable nor controllable and may have a material and negative effect on TransCommunity's business, financial condition and results of operations.

TransCommunity is subject to significant government regulations that affect its operations and may result in higher operating costs or increased competition for TransCommunity.

TransCommunity's success will depend not only on competitive factors, but also on state and federal regulations affecting financial and bank holding companies generally. TransCommunity is subject to extensive regulation by the Board of Governors of the Federal Reserve System, the Office of Comptroller of the Currency and, to a lesser extent, the Bureau of Financial Institutions of the Virginia State Corporation Commission. Supervision, regulation and examination of banks and bank holding companies by bank regulatory agencies are intended primarily for the protection of depositors rather than stockholders. These agencies examine financial and bank holding companies and commercial banks, establish capital and other financial requirements and approve new branches, acquisitions or other changes of control. TransCommunity's ability to establish new banks or branches or make acquisitions is conditioned on receiving required regulatory approvals from the applicable regulators.

Regulations now affecting TransCommunity may change at any time, and these changes could affect it in unpredictable and adverse ways. Such changes could subject TransCommunity to additional costs, limit the types of financial services and products it may offer, increase the ability of non-banks to offer competing financial services and products, and/or assist competitors that are not subject to similar regulation, among other things. Failure to comply with laws, regulations or policies could result in sanctions by regulatory agencies, civil money penalties and damage to TransCommunity's reputation, which could have a material adverse effect on its business, financial condition and results of operation.

TransCommunity's success will depend significantly upon general economic conditions in central Virginia and nationally.

TransCommunity's success will depend significantly upon general economic conditions in central Virginia as well as national economic conditions affecting Virginia. Any prolonged economic downturn or recession affecting central Virginia could impair borrowers' ability to repay existing loans, potentially causing an increase in TransCommunity's nonperforming assets and charge-offs; deter customers from incurring more debt, possibly decreasing loan originations; or cause customers to draw down their savings, potentially decreasing deposits. In that event, TransCommunity may experience lower earnings or losses, impaired liquidity and the erosion of capital. Such an economic downturn or recession could result from a variety of causes, including natural disasters, a prolonged downturn in various industries upon which the economy of central Virginia depends, or a national recession.

In addition, one of the focal points of TransCommunity's business is serving the banking and financial services needs of small to medium-sized businesses. These businesses generally have fewer financial resources in terms of capital or borrowing capacity relative to larger entities. As such, the businesses of many of TransCommunity's customers and their ability to repay outstanding loans may be more sensitive to changes in general economic conditions than larger entities. As a consequence, TransCommunity's results of operations and financial condition could be adversely affected by weakening economic conditions in central Virginia and nationally.

TransCommunity could be negatively impacted by recent developments in the subprime mortgage lending industry.

Nationally, industry concerns over asset quality have increased due in large part to issues related to subprime mortgage lending, declining real estate activity and general economic concerns. TransCommunity monitors real estate and commercial exposures on a monthly basis in order to address any problems in the earliest stages. While

TransCommunity has attempted to reduce consumer real estate activity, the markets in which TransCommunity operates remain stable and to date there has been no significant deterioration in the quality of TransCommunity's loan portfolio, there is no guarantee that TransCommunity will not experience losses due to declines in asset quality or declining values in the real estate market. Management will continue to monitor delinquencies, risk rating changes, charge-offs and other indicators of risk in TransCommunity's portfolio.

Concentrations in loans secured by real estate may increase credit losses, which would have a negative affect on TransCommunity's financial results.

Many of TransCommunity's loans are secured by real estate (both commercial and residential) in TransCommunity's market area. A variety of loans secured by real estate are offered, including commercial lines of credit, commercial term loans, real estate, construction, home equity, consumer and other loans. At September 30, 2007, approximately 76% of TransCommunity's loans were secured by real estate. A major change in the real estate market, such as deterioration in value of the property, or in the local or national economy, could adversely affect TransCommunity's customers' ability to pay these loans, which in turn could adversely impact TransCommunity.

TransCommunity depends on the services of key personnel, and a loss of any of those personnel could disrupt its operations and could have a material adverse effect on its operations.

TransCommunity is a customer-focused and relationship-driven organization. Its growth and success has been in large part driven by the personal customer relationships maintained by its executives. TransCommunity depends on the performance of its management at the holding company as well as the presidents of each of its bank divisions. Although TransCommunity has entered into change in control agreements with certain of its officers, and Community Bankers intends to enter into employment agreements with certain TransCommunity executive officers, which would become effective at the effective time of the merger, there can be no assurance that they and other key employees will remain employed by TransCommunity. Moreover, TransCommunity's does not maintain key man life insurance on any of its executive officers. The loss of services of one or more of these key employees could have a material adverse impact on TransCommunity's operations.

Failure to maintain effective systems of internal and disclosure controls could have a material adverse effect on TransCommunity's results of operation and financial condition.

Effective internal and disclosure controls are necessary for TransCommunity to provide reliable financial reports and effectively prevent fraud and to operate successfully as a public company. If TransCommunity cannot provide reliable financial reports or prevent fraud, its reputation and operating results would be harmed. As part of TransCommunity's ongoing monitoring of internal control it may discover material weaknesses or significant deficiencies in its internal control as defined under standards adopted by the Public Company Accounting Oversight Board, or PCAOB, that require remediation.

TransCommunity has discovered a material weakness and significant deficiency in its internal control over financial reporting. The material weakness relates to TransCommunity's accounting and documentation for loans participated to third parties, and the significant deficiency relates to TransCommunity's accounting and record generation and maintenance for loan origination costs and for amortizing fees. TransCommunity has adopted and implemented measures in connection with its efforts to improve internal control processes, including reviewing and modifying certain loan operating policies to provide guidance on daily operations, providing additional training to loan personnel, hiring a new chief credit officer and centralizing the credit administration function.

TransCommunity cannot assure that other internal or disclosure control deficiencies might not be identified. Any failure to maintain effective controls or timely effect any necessary improvement of its internal and disclosure controls could, among other things, result in losses from fraud or error, harm its reputation or cause investors to lose confidence in its reported financial information, all of which could have a material adverse effect on its results of operation and financial condition.

The success of TransCommunity's future recruiting efforts will impact its ability to grow.

The implementation of TransCommunity's business strategy will require it to continue to attract, hire, motivate and retain skilled personnel to develop new customer relationships as well as new financial products and services. Many experienced banking professionals employed by TransCommunity's competitors are covered by agreements not to compete or solicit their existing customers if they were to leave their current employment. These agreements make the recruitment of these professionals more difficult. The market for these people is competitive, and TransCommunity's cannot assure you that it will be successful in attracting, hiring, motivating or retaining them. The success of TransCommunity's recruiting efforts may impact its ability to grow and its future profitability.

TransCommunity does not expect to pay regular dividends for the foreseeable future.

In the event the merger is not consummated, TransCommunity does not expect to pay dividends on its common stock for at least several years. In the event the merger is consummated, TransCommunity does plan to pay a one-time special dividend in the amount of \$0.25 per share to TransCommunity stockholders, which dividend would be paid immediately prior to the closing of the merger. Consequently, if the merger is not consummated, the return on TransCommunity's stock, if any, may be limited to capital appreciation for an indefinite period. TransCommunity's future dividend policy will depend in large part on the earnings of its subsidiary bank, capital requirements, financial condition and other factors considered relevant by its Board of Directors. Additionally, TransCommunity is a separate legal entity from its subsidiary bank and does not have significant operations or revenues of its own. TransCommunity substantially depends on dividends from its subsidiary bank to pay its operating expenses. The availability of dividends from the subsidiary bank is limited by various statutes and regulations. In the event that its subsidiary bank is not permitted to pay dividends due to federal or state regulations, TransCommunity may not be able to pay its operating expenses. Consequently, any future inability to receive dividends from its subsidiary bank could adversely affect TransCommunity's business, financial condition, results of operations and cash flows.

If Community Bankers' merger with BOE is consummated, Community Bankers expects to pay regular dividends to its stockholders. Subject to board and regulatory approval, Community Bankers expects to pay quarterly cash dividends in an amount not less than the quotient obtained by dividing \$0.22 by the BOE exchange ratio for the foreseeable future.

Changes in accounting standards could impact reported earnings.

The accounting standard setters, including the Financial Accounting Standards Board, or the FASB, the Securities and Exchange Commission, or the SEC, and other regulatory bodies, periodically change the financial accounting and reporting standards that govern the preparation of consolidated financial statements. These changes can materially impact how TransCommunity records and reports its financial condition and results of operations. In some instances, TransCommunity could be required to apply a new or revised standard retroactively, resulting in the restatement of prior period financial statements.

Risks Related To The Merger

To implement its growth strategy following the merger, Community Bankers must successfully identify opportunities for expansion and successfully integrate its new operations into its existing operating platform.

Following the merger, Community Bankers intends to continue to implement TransCommunity's current growth strategy of entering underserved or over-consolidated markets in Virginia by opportunistically acquiring or merging with other banking institutions, such as BOE, or establishing new branches of TransCommunity Bank or any successor bank subsidiary such as Bank of Essex. If following the merger, Community Bankers is unable to consummate its merger with BOE and identify additional attractive markets to enter or suitable acquisition or merger candidates, an important component of our growth strategy may be lost. Additionally, any future expansion or acquisition efforts may entail substantial costs and may not produce the revenue, earnings or synergies that Community Bankers had anticipated. Any future expansion or acquisitions that Community Bankers undertakes, such as the proposed merger with BOE, will involve operational risks and uncertainties. Acquired companies may have unforeseen liabilities, exposure to asset quality problems, key employee and customer retention problems and other problems that could negatively affect Community Bankers.

Community Bankers may not be able to successfully integrate the operations, management, products and services of the entities that it acquires, including those of TransCommunity and BOE, or otherwise establishes. The integration

process may also require significant time and attention from its management that Community Bankers would otherwise direct at servicing existing business and developing new business. Community Bankers' failure to successfully integrate any entities that it acquires, including those of TransCommunity and BOE, or otherwise establishes into its existing operations may increase its operating costs significantly and adversely affect its business and earnings.

Community Bankers' working capital could be reduced if Community Bankers' stockholders exercise their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account.

Pursuant to Community Bankers' certificate of incorporation, holders of shares issued in Community Bankers' initial public offering may vote against the merger and demand that Community Bankers convert their shares into cash equal to a pro rata portion of the Community Bankers trust account. Community Bankers will not consummate the merger if holders of 20% or more of the shares of common stock issued in its initial public offering exercise these conversion rights. To the extent the merger is consummated and holders of less than 20% of the common stock issued in Community Bankers' initial public offering have demanded to convert their shares, working capital available to Community Bankers following the merger will be reduced by the amount paid out of the trust to stockholders exercising their conversion rights. Additionally, if holders demand to convert their shares, there may be a corresponding reduction in the value of each share of common stock of Community Bankers. As of _____, 2008, assuming the merger proposal is adopted, the maximum amount of funds that could be disbursed to Community Bankers' stockholders upon the exercise of the conversion rights would be approximately \$ _____, or approximately _____% of the funds currently held in trust as of the record date for the Community Bankers annual meeting.

A substantial number of Community Bankers' shares will be issued in the merger and will be eligible for future resale in the public market after the merger, which could result in dilution and have an adverse effect on the market price of those shares.

If the merger is consummated, assuming the exchange ratio is not adjusted, up to 6,956,213 shares of Community Bankers common stock will be issued to the former stockholders of TransCommunity common stock, and warrants to purchase 7,500,000 shares of common stock issued in connection with Community Bankers' initial public offering will become exercisable at \$5.00 per share on the date the merger is consummated, as described under Description of Securities of Community Bankers on page _____. Thus, if the merger is consummated, assuming the exchange ratio is not adjusted, Community Bankers will have approximately 16,331,213 shares of common stock outstanding. This number of shares of Community Bankers common stock was determined by adding the product of the exchange ratio of 1.4200 and 4,898,741, which is the maximum number of shares of TransCommunity common stock that may be outstanding prior to the effective time of the merger (including 312,000 shares subject to options), to 9,375,000, the number of shares of Community Bankers common stock outstanding on the Community Bankers' record date. Community Bankers has issued to I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc., the representatives of the underwriters in Community Bankers' initial public offering, unit purchase options to acquire 525,000 units, including 525,000 warrants. Moreover, 1,875,000 shares of Community Bankers common stock purchased by stockholders prior to its initial public offering will be released from escrow on June 2, 2009 and thereby be eligible for resale in the public market subject to compliance with applicable law. Consequently, at various times after completion of the merger, a substantial number of additional shares of Community Bankers common stock will be eligible for resale in the public market. Sales of substantial numbers of such shares in the public market could adversely affect the market price of such shares and of the warrants.

Furthermore, in connection with Community Bankers' proposed merger with BOE, Community Bankers would issue up to 6,937,779 shares of Community Bankers common stock to the former stockholders of BOE common stock. Thus, if the merger with BOE is also consummated, assuming the exchange ratio in either merger is not adjusted, Community Bankers will have approximately 23,268,992 shares of common stock outstanding. This number of shares of Community Bankers common stock was determined by adding the product of the exchange ratio of 5.7278 and 1,240,605, which is the maximum number of shares of BOE common stock that may be outstanding prior to the effective time of the merger (including 29,359 shares subject to options), to 16,331,213, the maximum number of shares of Community Bankers common stock could have outstanding after consummation of the merger with TransCommunity. The combined companies would result in 23,268,992 shares of Community Bankers outstanding.

In addition, Gary A. Simanson, president and chief executive officer of Community Bankers, and David Zalman, a stockholder, agreed as part of Community Bankers' initial public offering, pursuant to an agreement with the representatives of the underwriters in the initial public offering, that they or their affiliates or designees, would purchase up to 1,000,000 warrants in the aggregate in open market transactions at market prices not to exceed \$0.80 per warrant. Under this agreement, the representatives of the underwriters also agreed to place an irrevocable order

for the purchase by them, or their affiliates or designees, of up to 500,000 warrants in the aggregate under identical terms and conditions as the purchases by Mr. Simanson and Mr. Zalman. As a result of the agreement, Community Bankers Acquisition LLC, an affiliate of Mr. Simanson, acquired an aggregate of 349,724 warrants and the representatives of the underwriters acquired an aggregate of 300,000 warrants. Warrants acquired by any of these parties pursuant to these purchases cannot be sold or transferred in the open market until after the consummation of a business combination and are not callable by Community Bankers while held by the purchasers. Accordingly, after the merger, 7,500,000 warrants will become exercisable which could result in dilution and an adverse effect on the market price of Community Bankers shares.

Community Bankers existing stockholders will incur immediate and substantial dilution of their ownership and voting interests upon completion of the merger.

Upon completion of the merger, assuming:

no TransCommunity stockholders exercise their appraisal rights;

none of Community Bankers 7,500,000 outstanding warrants are exercised;

none of the 525,000 units issuable to the representatives of the underwriters in Community Bankers initial public offering upon exercise of their unit purchase options are issued;

no Community Bankers stockholders exercise their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account; and

Community Bankers does not consummate its proposed merger with BOE;

Community Bankers existing stockholders voting interest would be diluted from 100% to approximately 59.01% of Community Bankers voting interests and to approximately 41.07% in the event Community Bankers also consummates the proposed merger with BOE. In the event all of Community Bankers warrants are exercised and Community Bankers consummates the proposed merger with BOE, but the other assumptions above remain the same, Community Bankers existing stockholders will own approximately 55.65% of the voting interests of Community Bankers following the merger.

Upon completion of the merger, assuming:

no TransCommunity stockholders exercise their appraisal rights;

none of Community Bankers 7,500,000 outstanding warrants are exercised;

none of the 525,000 units issuable to the representatives of the underwriters in Community Bankers initial public offering upon exercise of their unit purchase options are issued; and

Community Bankers does not consummate its proposed merger with BOE; *but that*

19.99% of Community Bankers stockholders *do* exercise their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account;

Community Bankers existing stockholders voting interests would be diluted from 100% to approximately 54.73% of Community Bankers voting interests and to approximately 36.93% in the event Community Bankers also

consummates the proposed merger with BOE. In the event all of Community Bankers' warrants are exercised and Community Bankers consummates the proposed merger with BOE, but the other assumptions above remain the same, Community Bankers' existing stockholders will own approximately 53.34% of the voting interests of Community Bankers following the merger.

If the merger's benefits do not meet the expectations of financial or industry analysts, the market price of Community Bankers common stock may decline.

The market price of Community Bankers common stock may decline as a result of the merger if:

Community Bankers does not achieve the perceived benefits of the merger as rapidly, or to the extent anticipated by, financial or industry analysts;

Community Bankers is unable to consummate the proposed merger with BOE and achieve the perceived benefits of combining the two banks; or

the effect of the merger on Community Bankers' financial results is not consistent with the expectations of financial or industry analysts.

Accordingly, investors may experience a loss as a result of a decline in the market price of Community Bankers common stock following the merger. A decline in the market price of Community Bankers common stock also could adversely affect its ability to issue additional securities and its ability to obtain additional financing in the future. In addition, if the daily average closing price for Community Bankers' common stock for the 20 consecutive days of trading in such stock ending five days before the closing date is less than \$7.42, Community Bankers will increase the exchange ratio to the quotient obtained by dividing \$10.5364 by such daily average closing price resulting in Community Bankers issuing more shares of Community Bankers common stock to the TransCommunity stockholders.

The financial statements included in this proxy statement/prospectus do not take into account the consequences of a failure to complete a business combination by June 7, 2008.

The financial statements included in this joint proxy statement/prospectus have been prepared assuming that Community Bankers would continue as a going concern. As discussed in Note 1 to the Notes to the Community Bankers Financial Statements for the year ended March 31, 2007, Community Bankers is required to complete the merger with TransCommunity by June 7, 2008. The possibility of such business combination not being consummated raises substantial doubt as to Community Bankers' ability to continue as a going concern and the financial statements do not include any adjustments that might result from the outcome of this uncertainty.

If you are a TransCommunity Stockholder, you will likely not have an opportunity to vote on Community Bankers merger with BOE.

Under the terms of the merger agreement by and between Community Bankers and BOE, and subject to its terms and conditions, BOE will become a wholly-owned subsidiary of Community Bankers and each share of BOE common stock outstanding will be exchanged for 5.7278 shares of Community Bankers common stock (subject to possible adjustment in association with the daily average closing price for Community Bankers' common stock for the 20 consecutive days of trading in such stock ending five days before the closing date). As we anticipate the merger with BOE would be consummated concurrent with or promptly following the merger with TransCommunity, it is unlikely current TransCommunity stockholders would become holders of Community Bankers common stock in time to be eligible to vote for or against the merger with BOE. Even if current TransCommunity stockholders are eligible to vote for or against the merger with BOE, current TransCommunity stockholders would not have the right to assert appraisal rights with respect to the merger with BOE and would not be able to demand that they be paid the fair value of their shares of Community Bankers received in the merger between TransCommunity and Community Bankers, in connection with the merger with BOE. For more information concerning the merger with BOE, see "The Merger" "The Proposed Merger Between Community Bankers and BOE" and the final proxy statement/prospectus that Community Bankers will file with the SEC in connection with the proposed merger with BOE.

If you are a Community Bankers stockholder and do not vote your shares against the merger at the annual meeting or give instructions to your broker to do so, you will not be eligible to convert your shares of common stock into cash equal to a pro rata portion of the Community Bankers trust account upon consummation of the merger.

Pursuant to Community Bankers' certificate of incorporation, a holder of shares of Community Bankers common stock issued in its initial public offering may, if the stockholder votes against the merger and the merger is consummated, demand that Community Bankers convert such shares into cash equal to a pro rata portion of the Community Bankers trust account. This demand must be made in writing to Community Bankers or the proxy solicitor prior to the vote on the merger proposal at the annual meeting. If so demanded and the merger is consummated, Community Bankers will convert each share of common stock into a pro rata portion of the Community Bankers trust account in which a substantial portion of the net proceeds of Community Bankers' initial public offering are held, plus all interest earned thereon. If you exercise your conversion rights, then you will be

exchanging your shares of common stock for cash and will no longer own these shares. If the merger with TransCommunity is not completed by June 7, 2008, then these shares will not be converted into cash and Community Bankers will need to liquidate. Shares that are voted for the merger or are broker non-voted or where the stockholder abstains from voting shall not in any event be eligible to be converted into cash upon completion of the merger.

Risks Related To Community Bankers

If the holders of 20% or more of the common stock issued in Community Bankers initial public offering decide to vote against the proposed merger and convert their shares to cash, Community Bankers will have to liquidate, stockholders may receive less than their initial investment and Community Bankers warrants will expire without value.

Under the terms of Community Bankers certificate of incorporation, if holders of 20% or more of the shares issued in its initial public offering vote against the merger and exercise their right to convert their shares of Community Bankers common stock into cash equal to a pro rata portion of the Community Bankers trust account, Community Bankers will be unable to complete the merger and will have to dissolve and liquidate. In any liquidation, the net proceeds of Community Bankers initial public offering held in the Community Bankers trust account plus the deferred underwriting compensation, plus any interest earned thereon not released to Community Bankers for working capital or to pay income taxes, will be distributed pro rata to the holders of Community Bankers common stock issued in its initial public offering. If Community Bankers must liquidate its assets, the per-share liquidation to its stockholders will be approximately \$, plus interest accrued thereon until the date of any liquidation, as of , 2008. Furthermore, there will be no distribution with respect to Community Bankers outstanding warrants and, accordingly, the warrants will expire without value.

If Community Bankers is unable to complete the merger with TransCommunity and must dissolve and liquidate, third parties may bring claims against Community Bankers and, as a result, the proceeds held in trust could be reduced and the per-share liquidation price received by stockholders could be less than \$ per share.

If Community Bankers does not effect the merger with TransCommunity by June 7, 2008, Community Bankers must dissolve and liquidate and third parties may bring claims against Community Bankers. Although Community Bankers has prepaid certain of its material legal, printing, accounting, administrative and financial advisory fees and intends to prepay or obtain waiver agreements from vendors and service providers it may engage in the future for any material amounts whereby such parties will waive any right, title, interest or claim of any kind they may have in or to any monies held in the trust account, there is no guarantee that such persons will not seek recourse against the trust account notwithstanding such agreements. Furthermore, there is no guarantee that a court will uphold the validity of such agreements. Accordingly, the proceeds held in trust could be subject to claims that could take priority over those of Community Bankers common stockholders. Additionally, if Community Bankers is forced to file a bankruptcy case or an involuntary bankruptcy case is filed against Community Bankers that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in its bankruptcy estate and subject to the claims of third parties with priority over the claims of its stockholders. To the extent any bankruptcy or other claims deplete the trust account, Community Bankers cannot assure you it will be able to return to its common stockholders at least \$ per share.

If Community Bankers does not consummate the business combination with TransCommunity by June 7, 2008 and must dissolve and liquidate, payments from the trust account to its common stockholders may be delayed.

If Community Bankers does not effect the merger with TransCommunity by June 7, 2008, Community Bankers must dissolve and liquidate. In such event, Community Bankers anticipates that its board of directors will convene and adopt a specific plan of dissolution and liquidation, which it will then vote to recommend to its stockholders. At such

time it will also cause to be prepared a preliminary proxy statement setting out such plan of dissolution and liquidation as well as the board's recommendation of such plan. Community Bankers will promptly file its preliminary proxy statement with the SEC and then will mail the definitive proxy statement once it is legally permitted to do so (which could be after a lengthy SEC review) and convene a meeting of its stockholders at which

they will vote on its plan of dissolution and liquidation. Community Bankers expects that all costs associated with the implementation and completion of its plan of dissolution and liquidation will be funded by any remaining net assets not held in the trust account although it cannot assure you that there will be sufficient funds for such purpose. Community Bankers will not liquidate the trust account unless and until its stockholders approve its plan of dissolution and liquidation. Accordingly, the foregoing procedures may result in substantial delays in its liquidation and the distribution to its public stockholders of the funds in its trust account and any remaining net assets as part of its plan of dissolution and liquidation.

Community Bankers stockholders may be held liable for claims by third parties against Community Bankers to the extent of distributions received by them.

If Community Bankers does not effect the merger with TransCommunity by June 7, 2008, it will dissolve and liquidate. Community Bankers anticipates that its liquidation will occur pursuant to Section 281(b) of the Delaware General Corporation Law, or the DGCL. Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. If a corporation following its dissolution complies with the statutory procedures set forth in Section 280 of the DGCL, intended to ensure that the corporation makes reasonable provision for all claims against it, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution. The procedures in Section 280 include a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions may be made to stockholders. However, it is Community Bankers' intention to seek approval of its stockholders to make liquidating distributions to its public stockholders as soon as reasonably practicable following its dissolution in accordance with Section 281(b) of the Delaware statute. Therefore, Community Bankers' stockholders could potentially be liable for any claims to the extent of distributions received by them in a dissolution and any liability of its stockholders may extend beyond the third anniversary of such dissolution.

Community Bankers cannot assure you that it will properly assess all claims that may be potentially brought against it. As a result, Community Bankers stockholders could potentially be liable for any claims to the extent of distributions received by them in a dissolution (but no more) and any liability of Community Bankers' stockholders may extend well beyond the third anniversary of such dissolution. Accordingly, Community Bankers cannot assure you that third parties will not seek to recover from Community Bankers stockholders amounts owed to them by Community Bankers.

Additionally, if Community Bankers is forced to file a bankruptcy case or an involuntary bankruptcy case is filed against it that is not dismissed, any distributions received by stockholders in Community Bankers' dissolution might be viewed under applicable debtor/creditor and/or bankruptcy laws as either a preferential transfer or a fraudulent conveyance. As a result, a bankruptcy court could seek to recover all amounts received by Community Bankers stockholders in its dissolution. Furthermore, because Community Bankers intends to distribute the proceeds held in the trust account to its public stockholders as soon as possible after its dissolution, this may be viewed or interpreted as giving preference to Community Bankers public stockholders over any potential creditors with respect to access to or distributions from its assets. Also, the members of Community Bankers' board of directors may be viewed as having breached their fiduciary duties to Community Bankers' creditors and/or may have acted in bad faith, and thereby exposing Community Bankers' directors and Community Bankers to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors and/or complying with certain provisions of the DGCL with respect to Community Bankers' dissolution and liquidation. Community Bankers cannot assure you that claims will not be brought against it for these reasons.

A WARNING ABOUT FORWARD-LOOKING STATEMENTS

This joint proxy statement/prospectus contains forward-looking statements with respect to the financial condition, results of operations, plans, objectives, future performance, and business of Community Bankers following the merger. These statements are preceded by, followed by, or include the words believes, expects, anticipates, or estimates, or similar expressions. **Many possible events or factors could affect the future financial results and performance of Community Bankers following the merger. This could cause the results or performance of Community Bankers to differ materially from those expressed in the forward-looking statements. You should consider these important factors when you vote on the merger proposal.** Factors that may cause actual results to differ materially from those contemplated by the forward-looking statements include the following:

we may experience delays in closing the merger whether due to inability to obtain stockholder or regulatory approval or otherwise;

we could lose key personnel or spend a greater amount of resources attracting, retaining and motivating key personnel than we have in the past;

competition among depository and other financial institutions may increase significantly;

changes in the interest rate environment may reduce operating margins;

general economic conditions, either nationally or in Virginia, may be less favorable than expected resulting in, among other things, a deterioration in credit quality and an increase in credit risk-related losses and expenses;

loan losses may exceed the level of allowance for loan losses of the surviving corporation;

the rate of delinquencies and amount of charge-offs may be greater than expected;

the rates of loan growth and deposit growth may not increase as expected;

legislative or regulatory changes may adversely affect our businesses;

Community Bankers may not find suitable merger or acquisition candidates in addition to TransCommunity and BOE or find other suitable ways in which to invest its excess capital;

Community Bankers must successfully integrate TransCommunity's operations and, potentially the operations of BOE, with its existing operating platforms if the merger is consummated;

Costs related to the merger and the proposed merger with BOE may reduce Community Bankers' working capital;

We may fail to obtain the required approvals of Community Bankers or BOE stockholders for the proposed merger with BOE;

Community Bankers may fail to close the merger and may be forced to dissolve and liquidate;

Community Bankers may fail to close the proposed merger with BOE; and

Community Bankers may fail to receive the necessary regulatory approvals for the merger with BOE.

The forward-looking statements are based on current expectations about future events. Although Community Bankers believes that the expectations reflected in the forward-looking statements are reasonable, Community Bankers cannot guarantee you that these expectations actually will be achieved. Community Bankers is under no duty to update any of the forward-looking statements after the date of this joint proxy statement/prospectus to conform those statements to actual results. In evaluating these statements, you should consider various factors, including the risks outlined in the section entitled Risk Factors, beginning on page .

COMMUNITY BANKERS ANNUAL MEETING

General

The Community Bankers board of directors is providing this joint proxy statement/prospectus to you in connection with its solicitation of proxies for use at the annual meeting of Community Bankers stockholders and at any adjournments or postponements of the annual meeting.

Your vote is important. Please complete, date and sign the accompanying proxy card and return it in the enclosed, postage prepaid envelope. If your shares are held in street name, you should instruct your broker how to vote by following the directions provided by your broker.

Meeting Date, Time, and Place and Record Date

Community Bankers will hold the annual meeting on _____, 2008, at _____ .m., local time, at _____. Only holders of Community Bankers common stock of record at the close of business on _____, 2008, the Community Bankers record date, will be entitled to receive notice of and to vote at the annual meeting. As of the record date, there were 9,375,000 shares of Community Bankers common stock outstanding and entitled to vote, with each such share entitled to one vote.

Matters to be Considered

At the annual meeting, Community Bankers stockholders will be asked to:

adopt the Agreement and Plan of Merger, dated as of September 5, 2007, by and between Community Bankers and TransCommunity, pursuant to which TransCommunity will merge with and into Community Bankers and shares of TransCommunity common stock will be converted into the right to receive 1.4200 shares of Community Bankers common stock, subject to possible adjustment as described in this joint proxy statement/prospectus and cash instead of fractional shares as further described in this joint proxy statement/prospectus;

adopt the amended and restated certificate of incorporation of Community Bankers. If Community Bankers stockholders adopt the amended and restated certificate of incorporation, then upon consummation of the merger Community Bankers certificate of incorporation will be amended and restated to change the name of the corporation to Community Bankers Trust Corporation, to delete provisions that will no longer be operative upon consummation of the merger, and to continue the staggered board and reset the terms of the various classes of directors;

vote on the election of each of Chris A. Bagley and Keith Walz to the board of directors as Class I Directors to serve a term for three years expiring at the 2010 annual meeting of stockholders, or until a successor is elected and qualified (or, if the merger described in the first proposal above is consummated, until the effective date of the merger);

ratify the appointment of Miller, Ellin & Company LLP as independent public accountants for fiscal year ending December 31, 2007; and

authorize the board of directors to adjourn the annual meeting to allow time for further solicitation of proxies in the event there are insufficient votes, present in person or represented by proxy at the annual meeting, to

approve the proposals.

The amended and restated certificate of incorporation will only be effected in the event and at the time the merger with TransCommunity is consummated. Similarly, unless Community Bankers and TransCommunity agree otherwise, the merger will only be consummated if the stockholders of Community Bankers adopt the amended and restated certificate of incorporation.

Finally, Community Bankers stockholders may also be asked to consider any other business that properly comes before the annual meeting. Each copy of this joint proxy statement/prospectus mailed to Community Bankers stockholders is accompanied by a proxy card for use at the annual meeting.

Vote Required

Pursuant to Delaware law, adoption of the merger agreement requires the affirmative vote of the holders of a majority of the outstanding shares of Community Bankers common stock entitled to vote at the annual meeting. Pursuant to Community Bankers' certificate of incorporation, adoption of the merger agreement also requires the affirmative vote of holders of a majority of Community Bankers outstanding shares of common stock issued in Community Bankers' initial public offering and voted at the meeting. Both requirements must be met for adoption of the merger agreement. In addition, the holders of less than 20% of the outstanding shares of common stock issued in the Community Bankers' initial public offering must have voted against the merger and thereafter exercised their right to convert their stock into cash equal to a pro rata portion of the Community Bankers trust account.

Adoption of the amended and restated certificate of incorporation requires the affirmative vote of the holders of a majority of the outstanding shares of Community Bankers common stock entitled to vote at the annual meeting.

Election of Chris A. Bagley and Keith Walz to the board of directors and ratification of the appointment of the independent public accountants each require the affirmative vote of the holders of a majority of the shares of Community Bankers common stock, present in person or represented by proxy and entitled to vote at the annual meeting.

Authorization for the board of directors to adjourn the annual meeting requires the affirmative vote of the holders of a majority of the shares of Community Bankers common stock, present in person or represented by proxy and entitled to vote at the annual meeting, whether or not a quorum is present.

If not ratified, the appointment of Miller, Ellin & Company will be reconsidered by the audit committee.

On the record date, there were 9,375,000 outstanding shares of Community Bankers common stock, each of which is entitled to one vote at the annual meeting. On that date, the directors and executive officers of Community Bankers and their affiliates beneficially owned a total of approximately 14.7% of the outstanding shares of Community Bankers common stock.

All of the Community Bankers insiders (including all of Community Bankers' officers, directors and initial stockholders) have agreed to vote the shares of Community Bankers common stock acquired by them before Community Bankers' initial public offering, on the merger proposal consistent with the majority of the votes cast by the holders of the shares of common stock issued in the initial public offering. They have further indicated that they will vote the shares held by them in favor of the adoption of the amended and restated certificate of incorporation, for the election of Chris A. Bagley and Keith Walz to Community Bankers' board of directors, for the ratification of the appointment of the independent public accountants for the fiscal year ending December 31, 2007, and for the proposal to authorize the board of directors to adjourn the annual meeting to allow time for further solicitation of proxies in the event there are insufficient votes present at the meeting to approve the proposals.

Quorum

The presence in person or representation by proxy, of shares of Community Bankers common stock representing a majority of Community Bankers outstanding shares entitled to vote at the annual meeting is necessary in order for there to be a quorum at the annual meeting. A quorum must be present in order for the vote on the merger agreement, the amended and restated certificate of incorporation, and the nominees for director. If there is no quorum present at

the opening of the meeting, the annual meeting may be adjourned by the vote of a majority of the shares of Community Bankers common stock, present in person or represented by proxy and entitled to vote at the annual meeting.

Voting of Proxies

Shares of common stock represented by properly executed proxies received at or prior to the Community Bankers annual meeting will be voted at the annual meeting in the manner specified by the holders of such shares. If you are a stockholder of record (that is, you hold stock certificates registered in your own name), you may vote by

following the instructions described on your proxy card. If your shares are held in nominee or street name, you will receive separate voting instructions from your broker or nominee with your proxy materials. If you hold your shares in street name, you can either obtain physical delivery of the shares directly into your name, and then vote your shares yourself, or request a legal proxy directly from your broker and bring it to the annual meeting, and then vote your shares yourself. In order to obtain shares directly into your name, you must contact your brokerage house representative. Brokerage firms may assess a fee for your conversion; the amount of such fee varies.

Properly executed proxies that do not contain voting instructions will be voted **FOR** approval of the merger agreement, approval of the amended and restated certificate of incorporation, election of Chris A. Bagley and Keith Walz to the board of directors, ratification of the appointment of the independent public accountants for the fiscal year ending December 31, 2007, and approval of the proposal to authorize adjournment.

Shares of any stockholder present in person or represented by proxy (including broker non-votes, which generally occur when a broker who holds shares in street name for a customer does not have the authority to vote on certain non-routine matters because its customer has not provided any voting instructions with respect to the matter) at the annual meeting who abstains from voting will be counted for purposes of determining whether a quorum exists.

Abstaining from voting (including by way of a broker non-vote), either in person or by proxy, will have the same effect as a vote against the adoption of the merger agreement and adoption of the amended and restated certificate of incorporation, but will have no effect on the vote relating to the election of directors, ratification of the appointment of the independent public accountants for the fiscal year ending December 31, 2007 or authorization to adjourn the annual meeting. An abstention will not be considered a vote against the merger proposal, and, if you abstain, you will be unable to exercise any conversion rights. Accordingly, Community Bankers board of directors urges its stockholders to complete, date and sign the accompanying proxy card and return it promptly in the enclosed, postage-paid envelope.

Revocability of Proxies

The grant of a proxy on the enclosed proxy card does not preclude you from voting in person or otherwise revoking your proxy. If you are a stockholder of record, there are a number of ways you can change your vote. First, you may send a written notice to the person to whom you submitted your proxy stating that you would like to revoke your proxy. Second, you may complete and submit a later dated proxy with new voting instructions. Third, you may attend the annual meeting and vote in person. The latest vote actually received by Community Bankers prior to or at the annual meeting will be your vote. Any earlier votes will be revoked. Simply attending the annual meeting without voting, however, will not revoke your proxy.

If you have instructed a broker to vote your shares, you must follow the directions you will receive from your broker to change or revoke your proxy.

Solicitation of Proxies

Community Bankers will pay all of the costs of filing the registration statement with the SEC (of which this joint proxy statement/prospectus is a part) and of soliciting proxies in connection with the annual meeting. Community Bankers will also pay the costs associated with printing the copies of this joint proxy statement/prospectus that are sent to Community Bankers stockholders and the mailing fees associated with mailing this joint proxy statement/prospectus to Community Bankers stockholders. Solicitation of proxies may be made in person or by mail, telephone, or facsimile, or other form of communication by directors, officers, and employees of Community Bankers who will not be specially compensated for such solicitation. Nominees, fiduciaries, and other custodians will be requested to forward solicitation materials to beneficial owners and to secure their voting instructions, if necessary,

and will be reimbursed for the expenses incurred in sending proxy materials to beneficial owners.

No person is authorized to give any information or to make any representation not contained in this joint proxy statement/prospectus and, if given or made, such information or representation should not be relied upon as having been authorized by Community Bankers, TransCommunity, or any other person. The delivery of this joint proxy

statement/prospectus does not, under any circumstances, create any implication that there has been no change in the business or affairs of Community Bankers or TransCommunity since the date of this joint proxy statement/prospectus.

Authorization to Vote on Adjournment

At the annual meeting, you are being asked to grant authority to the board of directors to adjourn the annual meeting to allow time for further solicitation of proxies in the event there are insufficient votes present in person or represented by proxy at the annual meeting, to approve the proposals to be considered by Community Bankers stockholders. If you do not specify whether authority is granted or withheld, the proxy will be voted to grant authority to adjourn. Community Bankers has no plans to adjourn the annual meeting at this time, but intends to do so, if needed, to promote stockholder interests.

Recommendation of the Board of Directors

The Community Bankers board of directors has unanimously determined that the proposals and the transactions contemplated thereby are in the best interests of Community Bankers and its stockholders. The members of the Community Bankers board of directors unanimously recommend that the Community Bankers stockholders vote at the annual meeting to adopt the merger agreement, adopt the amended and restated certificate of incorporation, elect Chris A. Bagley and Keith Walz to the board of directors, ratify the appointment of the independent public accountants and authorize the board of directors to adjourn the annual meeting to allow time for further solicitation of proxies in the event there are insufficient votes present in person or represented by proxy at the annual meeting, to approve the proposals.

In the course of reaching its decision to approve the merger agreement and the transactions contemplated thereby, the Community Bankers board of directors, among other things, consulted with its legal advisors, Nelson Mullins Riley & Scarborough LLP, regarding the legal terms of the merger agreement and with its financial advisor, Keefe, Bruyette & Woods, Inc., as to the fairness, from a financial point of view, to Community Bankers, of the consideration to be received by the holders of TransCommunity common stock in the merger. For a discussion of the factors considered by the Community Bankers board of directors in reaching its conclusion, see [The Merger](#) [Community Bankers Reasons for the Merger](#) and [The Merger](#) [Opinion of Community Bankers](#) [Financial Advisor](#).

Community Bankers stockholders should note that Community Bankers directors and officers have certain interests in, and may derive benefits as a result of, the merger that are in addition to their interests as stockholders of Community Bankers. See [The Merger](#) [Interests of Directors and Officers of Community Bankers and TransCommunity that Differ from Your Interests](#).

Voting of Proxies

Shares of common stock represented by properly executed proxies received at or prior to the TransCommunity special meeting will be voted at the special meeting in the manner specified by the holders of such shares. Abstaining from voting (including by way of a broker non-vote), either in person or by proxy, will have the same effect as a vote against approval of the merger agreement. Accordingly, the TransCommunity board of directors urges its stockholders to complete, date and sign the accompanying proxy card and return it promptly in the enclosed, postage-paid envelope.

Revocability of Proxies

The grant of a proxy on the enclosed proxy card does not preclude you from voting in person or otherwise revoking your proxy. Simply attending the special meeting without voting, however, will not revoke your proxy.

If you have instructed a broker to vote your shares, you must follow the directions you will receive from your broker to change or revoke your proxy.

Solicitation of Proxies

TransCommunity will pay all of the costs of soliciting proxies in connection with the TransCommunity special meeting, except that Community Bankers will pay the costs of filing the registration statement with the SEC, of which this joint proxy statement/prospectus is a part. TransCommunity will also pay costs associated with the printing of the copies of this joint proxy statement/prospectus that are sent to TransCommunity stockholders and the mailing fees associated with mailing this joint proxy statement/prospectus to TransCommunity stockholders. Solicitation of proxies may be made in person or by mail, telephone, or facsimile, or other form of communication by directors, officers and employees of TransCommunity who will not be specially compensated for such solicitation. Authorization to Vote on Adjournment

At the special meeting, you are being asked to grant authority to the board of directors to adjourn the special meeting to allow time for further solicitation of proxies in the event there are insufficient votes represented in person or by proxy at the special meeting, to approve the merger agreement. If you do not specify whether authority is granted or withheld, the proxy will be voted to grant authority to adjourn. TransCommunity has no plans to adjourn the special meeting at this time, but intends to do so, if needed, to promote stockholder interests.

Recommendation of the Board of Directors

The TransCommunity board of directors has unanimously determined that the merger proposal and the transactions contemplated thereby are in the best interests of TransCommunity and its stockholders. The members of the TransCommunity board of directors unanimously recommend that the TransCommunity's stockholders vote at the special meeting to approve the merger proposal and the proposal to adjourn the special meeting to allow time for further solicitation of proxies in the event there are insufficient votes represented in person or by proxy at the special meeting to approve the merger proposal.

In the course of reaching its decision to approve the merger proposal and the transactions contemplated thereby, the TransCommunity board of directors, among other things, consulted with its legal advisors, Williams Mullen, regarding the legal terms of the merger agreement and with its financial advisor, Sandler O'Neill, as to the fairness, from a financial point of view, to TransCommunity stockholders of the consideration to be received by the holders of TransCommunity common stock in the merger. For a discussion of the factors considered by the TransCommunity board of directors in reaching its conclusion, see *The Merger*, *TransCommunity's Reasons for the Merger* and *The Merger* *Opinion of TransCommunity's Financial Advisor*.

TransCommunity's stockholders should note that TransCommunity directors and officers have certain interests in, and may derive benefits as a result of, the merger that are in addition to their interests as stockholders of TransCommunity. See *The Merger* *Interests of Directors and Officers of Community Bankers and TransCommunity that Differ from Your Interests*.

THE MERGER

The descriptions of the terms and conditions of the merger proposal, the merger agreement and any related documents in this joint proxy statement/prospectus are qualified in their entirety by reference to the copy of the merger agreement attached as Appendix A to this joint proxy statement/prospectus, to the registration statement, of which this joint proxy statement/prospectus is a part, and to the exhibits to the registration statement.

Structure of the Merger

The merger agreement provides for the merger of TransCommunity with and into Community Bankers. Community Bankers will be the surviving corporation in the merger. TransCommunity Bank, a wholly owned subsidiary of TransCommunity, will become a wholly owned subsidiary of Community Bankers following the merger. Each share of TransCommunity common stock issued and outstanding at the effective time of the merger (except for shares held by Community Bankers, TransCommunity and TransCommunity Bank that are not held in a fiduciary capacity or as a result of previously contracted for debts), will be converted into shares of Community Bankers common stock and cash instead of fractional shares, as described below. The directors of Community Bankers will consist of four directors nominated by Community Bankers and six directors nominated by TransCommunity. One of the directors nominated by TransCommunity shall serve as chairman of Community Bankers upon consummation of the merger.

Following the merger, the proposed amended and restated certificate of incorporation being considered by Community Bankers stockholders at the annual meeting will be the certificate of incorporation of the surviving corporation. In the event the Community Bankers stockholder do not adopt the amended and restated certificate of incorporation, the merger will not be completed unless Community Bankers and TransCommunity agree otherwise.

Background of the Merger

In May 2007, Gary A. Simanson, Community Bankers' president and chief executive officer, contacted Bruce B. Nolte, TransCommunity's president and chief executive officer, to engage in a general conversation with respect to the banking environment in Virginia and TransCommunity's challenges in seeking to build a community banking focused franchise in certain markets in Virginia and Mr. Simanson's vision of offering banks in Virginia a different alternative for consolidating that could still maintain a local identity. Mr. Simanson approached Mr. Nolte and TransCommunity based on TransCommunity's history of seeking to establish and operate separately chartered community banks in attractive growth markets in Virginia, the above average growth rates of TransCommunity's

loans and deposits, the operating and earnings challenges that TransCommunity had experienced in seeking to implement its strategy, and the announcement by TransCommunity that it would be streamlining its management and board structure and consolidating its separate subsidiary banks into one bank charter but still operating in each market as a separate division with its own name and local market identity. Following that initial contact, Messrs. Simanson and Nolte met in person several times during June 2007 and continued these discussions which led to preliminary discussions regarding a possible business combination between the companies.

During these discussions, Community Bankers communicated to TransCommunity that it was not interested in a simple acquisition of TransCommunity. Community Bankers stated that its interest was a strategic alliance combining the capital and management skills at Community Bankers with the operating banking platform and management skills of TransCommunity. Both parties discussed that the ultimate goal of any combined company would be to grow the company by acquisition in the Mid-Atlantic region. In addition, Mr. Simanson indicated that, as part of any potential combination, Community Bankers would be willing to cede control of the board of directors of the combined company and the position of board chairman to TransCommunity. Community Bankers also stated that it would be willing to allow the existing management team of TransCommunity to run the combined company. The discussion also focused on the possibility of stock as consideration in the transaction in order to allow a maximum level of capital that would be available for future acquisitions and to grow the franchise.

In early July 2007, Mr. Nolte concluded that a merger with Community Bankers could be in the best interest of TransCommunity's stockholders and notified Troy A. Peery, Jr., the chairman of TransCommunity's board of directors of the discussions with Mr. Simanson. Messrs. Nolte, Peery and Simanson met on July 9, 2007, to discuss a proposed business combination.

Also in early July 2007, Mr. Simanson advised the Community Bankers board of directors of the nature and extent of the discussions with TransCommunity and was authorized to continue in further discussions and to seek the assistance of advisors as he felt necessary.

On July 18, 2007, Messrs. Nolte and Peery met with the executive committee of TransCommunity's board of directors and the chairman of the board's strategic planning committee to advise them of the discussions with Community Bankers. Following a discussion of the structure and strategic plan of Community Bankers and the discussions that had occurred between the parties to date, the executive committee unanimously agreed that a transaction with Community Bankers could be in the best interests of TransCommunity and its stockholders. The executive committee appointed a special committee, whose members are Richard F. Bozard, Christopher G. Miller and Jack C. Zoeller, all of whom are independent directors of TransCommunity, to further evaluate and, if appropriate, negotiate the details of a potential business combination with Community Bankers.

On July 21, 2007, the TransCommunity special committee had a lengthy meeting with Mr. Simanson without the presence of TransCommunity management. On July 28, 2007, the special committee reported its conclusions from this meeting to the executive committee and unanimously recommended that negotiations with Community Bankers be pursued. This recommendation was based on the following conclusions of the special committee:

A merger with Community Bankers would offer a premium over the present share value. In addition, TransCommunity stockholders would likely have the opportunity to benefit from further increases in value of the common stock that they would own in the combined company, as Community Bankers pursued further acquisitions following the merger with TransCommunity.

The proposed growth strategy, which would be based on a series of acquisitions executed with Mr. Simanson playing a lead role, would allow TransCommunity to advance to a higher threshold of growth than it would have been able to achieve on its own.

A merger with Community Bankers and the adoption of an aggressive acquisition strategy would likely present a greater and more immediate benefit to TransCommunity's stockholders than if TransCommunity did not pursue a business combination.

TransCommunity does not presently have the capital to pursue such a growth strategy on its own. The additional capital provided by Community Bankers would also help insulate the company against any severe downturn in the real estate and credit markets.

A proposed valuation of about \$10.50 per share for TransCommunity common stock (the midpoint of the range of \$9.50 to \$11.50 discussed with Community Bankers) would be reasonable in the context of a stock-for-stock strategic merger of equals. TransCommunity's stockholders would still have the opportunity to participate in additional increases in value as stockholders of a combined entity and that current TransCommunity directors would continue to constitute a majority of the resulting board of directors.

From an integration perspective, a merger with Community Bankers would pose few challenges, because the combined company would have only one operational banking platform, and there would be no systems to convert and no conflicts among branch networks.

Following his meeting with TransCommunity's special committee, Mr. Simanson contacted Keefe, Bruyette & Woods, Inc. to discuss how the market might view a business combination between Community Bankers and TransCommunity and the potential risk and benefits in pursuing such a transaction. Some of the potential benefits were deemed to be:

the branch locations in attractive, fast-growing markets;

that TransCommunity was consolidating its bank charters and back room operations to achieve cost savings and that given the earnings history of TransCommunity, the potential pricing would be reasonable;

culturally both companies strongly believed in a community banking model; and

a stock-for-stock transaction would provide for an extremely well-capitalized company that would be well positioned to take advantage of future opportunities.

Some of the risks were deemed to be:

TransCommunity's poor earnings history;

the disruption that TransCommunity had experienced with its management and board of directors;

the reputational risk that these issues could raise;

TransCommunity's ability to successfully integrate its subsidiary banks; and

whether other banks would be attracted to join the franchise.

In late July 2007, Mr. Simanson conferred with Nelson Mullins Riley & Scarborough LLP regarding the legal aspects of the potential business combination between Community Bankers and TransCommunity.

The executive committee of TransCommunity's board of directors met on July 25, 2007. At that meeting, the executive committee accepted the special committee's recommendation to pursue negotiations and engaged in a full discussion of a potential business combination. The executive committee also reviewed other possible strategic alternatives for TransCommunity, including a possible sale of the company. In light of its discussion, the executive committee voted unanimously to pursue negotiations with Community Bankers, to authorize the special committee to conduct such negotiations, and to authorize the special committee to engage investment bankers as necessary to assist with its efforts.

Over the next several weeks, the special committee of TransCommunity's board of directors and Mr. Nolte continued discussions with Mr. Simanson with respect to the details of a potential business combination. These individuals began to prepare a nonbinding, summary term sheet for such a combination.

During Community Bankers' regularly scheduled board meeting on August 13, 2007, Mr. Simanson apprised the board of the developments in the discussions with TransCommunity and that he had engaged the legal services of Nelson Mullins Riley & Scarborough LLP and would be engaging Keefe, Bruyette & Woods, Inc. to formally advise on the financial aspects of the proposed transaction.

On August 17, 2007, TransCommunity's board of directors held a special meeting to consider a potential transaction with Community Bankers. Among other things, the board discussed the history of contacts and discussions with Community Bankers, an overview of the terms of a possible stock-for-stock transaction, the strategic implications of completing a deal with Community Bankers and other potential transactions that may be

available to TransCommunity, valuations of both Community Bankers and TransCommunity and some of the complexities associated with acquisitions by blank check companies. The board of directors also considered the impact of a potential transaction on stockholders, employees and management, the roles of the directors and management in the combined entity, the use of outside experts and need for a fairness opinion in this process.

Following a discussion at this meeting, TransCommunity's board of directors ratified the appointment of the special committee and unanimously authorized the special committee to continue negotiations with Community Bankers on terms similar to those presented at the board meeting. In addition, the board of directors approved the engagement of Sandler O'Neill & Partners, LP to provide investment banking advice and a fairness opinion on any transaction that would be proposed following these negotiations. The board of directors also formed a due diligence committee to undertake customary due diligence activities to evaluate Community Bankers and its management and board of directors.

Following this meeting, the special committee of TransCommunity's board of directors and Mr. Nolte continued negotiations with Mr. Simanson. The special committee had numerous telephone and e-mail discussions and met in person with Mr. Nolte, Mr. Peery, and the company's investment banker and legal counsel to discuss the proposed terms of the transaction. The parties also began to prepare a definitive merger agreement.

During the week of August 20, 2007, Community Bankers reviewed the proposed terms with Keefe, Bruyette & Woods, Inc., and management and the board reviewed the terms of the draft documents. On the weekends of August 24, 2007 and September 1, 2007, Community Bankers conducted due diligence on TransCommunity.

On August 29, 2007, TransCommunity's board of directors held its regular monthly meeting. At that meeting, the special committee presented the board of directors with a proposed term sheet for the proposed transaction with Community Bankers. The proposed terms included Community Bankers as the acquiring entity and a proposed merger consideration value of \$10.53 for each share of TransCommunity common stock. The special committee also reported that both negotiations and due diligence were still underway. In addition, a representative from Williams Mullen, counsel to the company, discussed the merger generally and the duties and responsibilities of the board of directors. Sandler O'Neill also gave a presentation to the board of directors that evaluated the economics of a transaction with Community Bankers, as then contemplated.

Following these presentations, TransCommunity's board of directors discussed alternatives available to the company and unanimously concluded that the potential benefits of a transaction with Community Bankers would be in the best interests of TransCommunity and its stockholders. In addition, the board of directors discussed the possibility that its stockholders might not approve a potential transaction with Community Bankers and unanimously concluded that, if it could not obtain stockholder approval, TransCommunity would seek to remain independent and would continue to pursue its current organic growth strategy. The consensus of the board was that the proposed strategic merger with Community Bankers was a unique opportunity that should be pursued, but that this was not an appropriate time to pursue an outright sale of the company, because the earnings improvements attributable to the recent consolidation and changes in management had not yet been achieved and would take a year or more to be reflected in the company's stock price.

The preliminary term sheet was not executed, however both parties continued to review and negotiate the terms of the merger and a definitive merger agreement.

On September 5, 2007, TransCommunity's board of directors held another special meeting. At this meeting, the board of directors received presentations from Williams Mullen on the legal terms of the merger and the merger agreement and from Sandler O'Neill on the economics of the proposed transaction. At the conclusion of its presentation, Sandler O'Neill advised the board that the proposed merger with Community Bankers was fair to the stockholders of

TransCommunity.

Following these presentations, and after a discussion, TransCommunity's board of directors unanimously approved the merger with Community Bankers and authorized Mr. Nolte to execute the merger agreement.

On September 5, 2007, Community Bankers' board of directors held a special meeting. At this meeting, the board of directors received presentations from Nelson Mullins Riley & Scarborough LLP on the legal terms of the

merger and the merger agreement and from Keefe, Bruyette & Woods, Inc. on the economics of the proposed transaction. At the conclusion of its presentation, Keefe, Bruyette & Woods, Inc. advised the board of directors that the merger consideration with respect to the proposed merger with TransCommunity was fair, from a financial point of view, to Community Bankers.

Following these presentations, and after a discussion, Community Bankers board of directors unanimously approved the merger with TransCommunity and authorized Mr. Simanson to execute the merger agreement.

Community Bankers and TransCommunity executed the merger agreement on September 5, 2007.

Community Bankers and TransCommunity issued a joint press release on September 6, 2007, announcing the transaction.

On December 12, 2007, Sandler O'Neill issued an updated fairness opinion, which supercedes its opinion of September 5, 2007, that also reviewed the effect of the proposed merger with BOE on the surviving corporation.

The Proposed Merger Between Community Bankers and BOE

In addition to the proposed merger of Community Bankers with TransCommunity, Community Bankers has entered into an agreement and plan of merger, dated as of December 13, 2007, with BOE. BOE is a bank holding company incorporated under the laws of Virginia and is the holding company of Bank of Essex. Bank of Essex operates eight full-service offices, two in Tappahannock, and one each in Manquin, Mechanicsville, West Point, Glen Allen, Burgess and Callao, Virginia, respectively. Bank of Essex had deposits of \$241.0 million, loans of \$213.5 million, assets of \$294.8 million and equity of \$29.3 million, at September 30, 2007. The merger agreement by and between Community Bankers and BOE provides for the merger of BOE with and into Community Bankers with Community Bankers as the surviving corporation. The headquarters of the surviving corporation will be the current headquarters of TransCommunity. Following the merger, TransCommunity Bank will merge with and into Bank of Essex, which will remain headquartered in Tappahannock and will be a wholly-owned subsidiary bank of Community Bankers and will operate each bank division of Bank of Essex under their current names. BOE has the right to terminate the merger agreement if Community Bankers acquisition of TransCommunity does not close.

Based on the respective companies balance sheets at September 30, 2007, assuming no Community Bankers stockholders exercise their conversion rights, by combining Community Bankers with TransCommunity and BOE, the resulting company would have approximately \$624.4 million in assets, \$399.6 million in loans, \$433.0 million in deposits and have stockholders equity of approximately \$160.6 million. As a result of the proposed merger with BOE, each share of BOE common stock will be converted into 5.7278 shares of Community Bankers common stock, subject to possible adjustment. If the daily average closing price for Community Bankers common stock for the 20 consecutive days of trading in such stock ending five days before the closing date is less than \$7.42, Community Bankers will increase the exchange ratio to the quotient obtained by dividing \$42.50 by such daily average closing price. The aggregate consideration to be paid to the stockholders of BOE will be approximately \$52 million. Upon completion of Community Bankers merger with BOE, each award, option, or other right to purchase or acquire shares of BOE common stock pursuant to stock options, stock appreciation rights, or stock awards granted by BOE under BOE's stock incentive plans, equity compensation plans and stock option plans, which are outstanding immediately prior to the merger, whether or not exercisable, will be converted into and become rights with respect to Community Bankers common stock, and Community Bankers will assume each right, in accordance with the terms of the relevant BOE stock plan and stock option agreement.

Under the merger agreement, each of Community Bankers and BOE has agreed, except as otherwise contemplated by the merger agreement or with the prior written consent of the other party, and to cause its subsidiaries to:

operate its business only in the usual, regular, and ordinary course;

use reasonable efforts to preserve intact its business organization and assets and maintain its rights and franchises;

use reasonable efforts to cause its representations and warranties to be correct at all times;

in the case of BOE only, use reasonable efforts to provide all information requested by Community Bankers related to loans or other transactions made by BOE with a value equal to or exceeding \$250,000;

in the case of BOE only, consult with Community Bankers prior to entering into or making any loans or other transactions with a value equal to or exceeding \$500,000; and

take no action which would (1) adversely affect the ability of any party to obtain any consents required for the transactions contemplated by the merger agreement without imposition of a condition or restriction which, in the reasonable judgment of the board of directors of Community Bankers or the board of directors of BOE, would so materially adversely impact the economic or business benefits of the transactions contemplated by the merger agreement as to render inadvisable the consummation of the merger, or (2) materially adversely affect the ability of either party to perform its covenants and agreements under the merger agreement.

Consummation of Community Bankers' merger with BOE is subject to a number of conditions, including receipt of the required stockholder approval from both Community Bankers and BOE stockholders, regulatory (Federal Reserve Board and Virginia State Corporation Commission's Bureau of Financial Institutions) approvals, consummation of Community Bankers' merger with TransCommunity, as well as satisfaction of certain other customary closing conditions. In the case of Community Bankers, the holders of a majority of the outstanding shares of Community Bankers common stock entitled to vote at the special meeting of stockholders at which the merger is considered must approve the merger.

If Community Bankers' merger with BOE is consummated, Community Bankers expects to pay quarterly dividends to its stockholders in an amount not less than the quotient obtained by dividing \$0.22 by the BOE exchange ratio.

Community Bankers' Reasons for the TransCommunity Merger

In reaching its decision to approve the merger agreement and recommend the merger to its stockholders, the Community Bankers board of directors reviewed various financial data and due diligence and evaluation materials and made an independent determination of fair market value. In addition, in reaching its decision to approve the merger agreement, the board of directors considered a number of factors and believes that the non-exhaustive list of factors below strongly supports its determination to approve the merger agreement and recommendation that its stockholders adopt the merger agreement:

the markets in which TransCommunity operates;

the growth prospects associated with TransCommunity;

the balance sheet make-up and product mix, including the loan and deposit mix of TransCommunity;

opportunities to grow existing revenue streams and create new revenue streams associated with TransCommunity;

the competitive position of TransCommunity within its operating markets;

the industry dynamics, including barriers to entry;

the experience of the TransCommunity's board of directors and management, including Bruce Nolte, the current president and chief executive officer of TransCommunity who will become president and chief executive

officer of Community Bankers, including their recent experience in consolidating TransCommunity's subsidiary bank's charters and existing non-core business lines;

acquisition opportunities in the industry;

the opportunity for further consolidation and cost savings in the banking industry;

the valuation of comparable companies;

the companies' similar community banking philosophies;

the financial results of TransCommunity, including potential for revenue growth, enhanced operating margins and operating efficiencies; and

Keefe, Bruyette & Woods, Inc.'s fairness opinion that the merger is fair to Community Bankers from a financial point of view.

In addition, Community Bankers' board knew and considered the financial interests of certain Community Bankers directors and executives when it approved the merger agreement. These financial interests are addressed in greater detail under the heading "Interests of Directors and Officers of Community Bankers that Differ from Your Interests."

The Community Bankers board of directors believes the merger is in the best interests of Community Bankers and its stockholders. The Community Bankers board of directors recommends that Community Bankers stockholders vote FOR the approval of the merger proposal and the consummation of the transactions contemplated thereby.

Satisfaction of 80% Requirement

Community Bankers represented in its prospectus relating to its initial public offering that the initial business or businesses acquired by Community Bankers in its initial business combination would have a fair market value equal to at least 80% of Community Bankers' net assets at the time of the transaction, including the funds held in the trust account but excluding the deferred underwriting discount. As of June 30, 2007, Community Bankers' net asset value was \$55.7 million (excluding the deferred underwriting discounts), 80% of which was \$44.6 million. Based on the financial analyses undertaken or reviewed by Community Bankers' board of directors generally in evaluating and approving the merger agreement, Community Bankers' board of directors determined that the proposed merger with TransCommunity meets this requirement.

The terms of the proposed merger were determined based upon arms-length negotiations between Community Bankers and TransCommunity, which had no prior dealings with each other. Under the circumstances, and in reliance on the Keefe, Bruyette & Woods, Inc.'s opinion that the consideration to be paid in the merger is fair from a financial point of view, Community Bankers' board of directors believes that the total consideration for the merger of approximately \$48.5 million appropriately reflects the fair market value of the transaction. In light of the financial background and experience of several members of Community Bankers' board of directors and management, Community Bankers' board of directors also believes it is qualified to determine whether the merger meets this requirement.

Experience of Board of Directors and Management in Performing Financial Analyses

The Community Bankers board of directors has substantial experience in evaluating and valuing banks. Gary A. Simanson, Community Bankers' president and chief executive officer, has been managing director of First Capital Group, L.L.C., an investment banking advisory firm specializing in bank mergers and acquisitions, from March 1997 to the present. In such capacity, Mr. Simanson has both initiated and advised on bank merger and acquisition transactions around the country and has spoken nationally on bank mergers and acquisitions. In addition to serving as managing director of First Capital Group, Mr. Simanson also served as Senior Vice President concentrating in bank mergers and acquisitions and capital markets with FTN Financial Capital Markets, a wholly owned investment banking and financial services subsidiary of First Horizon National Corporation (NYSE: FHS) from 1998 to 1999. Eugene S. Putnam, Jr., Community Bankers' chairman of the board of directors, also has a long history of management in the banking industry having worked at Crestar Financial Corporation as senior vice president serving in various capacities with responsibility for corporate finance, treasury, mergers and acquisition financing, capital planning,

balance sheet management and investor relations and then at SunTrust after its acquisition of Crestar as senior vice president and director of investor relations and corporate communications. From 2001 to 2003, Mr. Putnam was executive vice president and chief financial officer at Sterling Bancshares, Inc., a \$3.5 billion bank holding company headquartered in Houston, Texas. Keith Walz has held numerous positions in the banking and private equity industry, serving in various capacities with ABN AMRO Capital (USA), and currently serves as managing partner at Kinsale Capital Partners, a leveraged buy-out private equity investment firm. Chris Bagley also has management experience in the banking industry and is currently chief lending officer at

Prosperity Bank, a wholly-owned subsidiary of Prosperity Bancshares (Nasdaq PRSP) a \$6 billion bank holding company headquartered in Houston, Texas.

Consequences to Community Bankers if the Merger Proposal is Not Approved

If the merger proposal is not approved by either the Community Bankers stockholders or the TransCommunity stockholders, if 20% or more of the Community Bankers stockholders properly elect to convert their shares for cash equal to a pro rata portion of the Community Bankers trust account, if required regulatory approvals are denied or delayed or certain other closing conditions are not met and are not waived, the merger will not occur. In such an event: (1) the proceeds in the trust account will be liquidated to holders of shares purchased in Community Bankers initial public offering and (2) Community Bankers will be dissolved in accordance with Community Bankers amended and restated certificate of incorporation upon stockholder approval of such dissolution and liquidation.

In addition, if Community Bankers does not effect the merger with TransCommunity by June 7, 2008, Community Bankers must dissolve and liquidate. In any liquidation, the funds held in the trust account, plus any interest earned thereon (less any taxes due on such interest), together with any remaining net assets not held in trust, will be distributed pro rata to the holders of Community Bankers common stock issued in the initial public offering. Holders of Community Bankers common stock issued prior to the initial public offering have waived any right to any liquidation distribution with respect to those shares.

TransCommunity's Reasons for the Merger

In reaching its decision to approve the merger agreement and recommend the merger to its stockholders, the TransCommunity board of directors relied heavily on a special committee comprised of three independent directors who have substantial experience in financial and strategic matters involving public companies. The board also consulted with TransCommunity management, engaged legal and financial advisors, reviewed various financial data, due diligence and evaluation materials, and made an independent determination that the proposed merger with Community Bankers was fair to TransCommunity's stockholders from a financial point of view. The board of directors considered a number of factors that it believes strongly support its recommendation that TransCommunity's stockholders approve the merger agreement, including:

- the premium over the company's prevailing stock price to be received by TransCommunity's stockholders;

- the value of the consideration TransCommunity's stockholders will receive relative to the projected book value and earnings per share of TransCommunity common stock;

- Sandler O'Neill's opinion that the consideration TransCommunity's stockholders will receive as a result of the merger is fair from a financial point of view;

- the fact that TransCommunity's stockholders will receive shares in a larger company traded on the American Stock Exchange, which will potentially provide greater liquidity for TransCommunity stockholders to sell their shares quickly and efficiently than under the existing OTC Bulletin Board system;

- the fact that the exchange ratio is fixed in the event that Community Banker's stock price increases before closing, but is adjustable in the event that Community Banker's stock price decreases, thereby affording TransCommunity's stockholders a combination of upside participation and downside protection;

- the additional capital to support a larger bank;

the potential for the combined company to attract merger candidates that TransCommunity would not be likely to attract on its own;

the proposed merger would be a strategic merger of equals in which the combined companies may achieve a level of growth that neither company could achieve on its own;

the financial terms of recent business combinations in the financial services industry and a comparison of the multiples of selected combinations with the terms of the merger;

the skills and experience offered by the Community Bankers management and board of directors;

the anticipated compatibility of management and business philosophy of Community Bankers and TransCommunity;

the projected positive value of Community Bankers' shares offered to TransCommunity's stockholders in relation to the estimated market value, book value, and earnings per share of TransCommunity common stock;

the competitive and regulatory environment for financial institutions generally; and

the fact that the merger will enable TransCommunity's stockholders to exchange their shares of common stock in a tax-free transaction.

TransCommunity's board of directors knew and considered the financial interests of certain TransCommunity directors and executives when it approved the merger agreement. These financial interests are addressed in greater detail under the heading "Interests of Directors and Officers of TransCommunity that Differ from Your Interests."

The TransCommunity board of directors believes the merger is in the best interests of TransCommunity and its stockholders. The TransCommunity board of directors recommends that TransCommunity's stockholders vote FOR the approval of the merger proposal and the consummation of the transactions contemplated thereby.

Opinion of Community Bankers' Financial Advisor

On September 5, 2007, Community Bankers executed an engagement agreement with Keefe, Bruyette & Woods, Inc. Keefe, Bruyette & Woods, Inc.'s engagement encompassed assisting Community Bankers in analyzing, structuring, negotiating and effecting a transaction with TransCommunity. Community Bankers selected Keefe, Bruyette & Woods, Inc. because Keefe, Bruyette & Woods, Inc. is a nationally recognized investment-banking firm with substantial experience in transactions similar to the merger and is familiar with Community Bankers and its business. Community Bankers had previously engaged Keefe, Bruyette & Woods, Inc. on January 10, 2007, to advise on preliminary discussions Community Bankers had held earlier with BOE concerning the possibility of Community Bankers and BOE entering into a business combination. As part of its investment banking business, Keefe, Bruyette & Woods, Inc. is continually engaged in the valuation of financial businesses and their securities in connection with mergers and acquisitions.

On September 5, 2007, the Community Bankers board of directors held a meeting to evaluate the proposed merger of TransCommunity with and into Community Bankers. At this meeting, Keefe, Bruyette & Woods, Inc. reviewed the financial aspects of the proposed merger and rendered a written opinion as of such date to Community Bankers as to the fairness to Community Bankers, from a financial point of view, of the consideration to be paid in the merger.

The text of Keefe, Bruyette & Woods, Inc.'s written opinion is attached as Appendix D to this document and is incorporated herein by reference. Community Bankers stockholders are urged to read the opinion in its entirety for a description of the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by Keefe, Bruyette & Woods, Inc.

Keefe, Bruyette & Woods, Inc.'s opinion speaks only as of the date of the opinion. The opinion is directed to the Community Bankers board of directors and addresses only the fairness, from a financial point of view, of the consideration to be paid in the merger. It does not address the underlying business decision to proceed with the merger and does not constitute a recommendation to any Community Bankers stockholder as to how the stockholder should vote at the Community Bankers special meeting on the merger or any related matter.

In rendering its opinion, Keefe, Bruyette & Woods, Inc.:

reviewed, among other things,

the merger agreement,

Annual Reports to stockholders and Annual Reports on Form 10-K of TransCommunity,

Quarterly Reports on Form 10-Q of TransCommunity,

Annual Reports on Form 10-K of Community Bankers, and

Quarterly Reports on Form 10-Q of Community Bankers;

held discussions with members of senior management of Community Bankers and TransCommunity regarding,

past and current business operations,

regulatory relationships,

financial condition, and

future prospects of the respective companies;

reviewed the market prices, valuation multiples, publicly reported financial condition and results of operations for TransCommunity and compared them with those of certain publicly traded companies that Keefe, Bruyette & Woods, Inc. deemed to be relevant;

compared the proposed financial terms of the merger with the financial terms of certain other transactions that Keefe, Bruyette & Woods, Inc. deemed to be relevant;

evaluated the potential pro forma impact of the merger on Community Bankers, and

performed other studies and analyses that it considered appropriate.

In conducting its review and arriving at its opinion, Keefe, Bruyette & Woods, Inc. relied upon and assumed the accuracy and completeness of all of the financial and other information provided to or otherwise made available to Keefe, Bruyette & Woods, Inc. or that was discussed with, or reviewed by or for Keefe, Bruyette & Woods, Inc., or that was publicly available. Keefe, Bruyette & Woods, Inc. did not attempt, or assume any responsibility, to verify such information independently. Keefe, Bruyette & Woods, Inc. relied upon the management of TransCommunity and Community Bankers as to the reasonableness and achievability of the financial and operating forecasts and projections, and assumptions and bases for those projections, provided to Keefe, Bruyette & Woods, Inc. Keefe, Bruyette & Woods, Inc. assumed, without independent verification, that the aggregate allowances for loan and lease losses for TransCommunity are adequate to cover those losses. Keefe, Bruyette & Woods, Inc. did not make or obtain any evaluations or appraisals of any assets or liabilities of TransCommunity or Community Bankers, nor did Keefe, Bruyette & Woods, Inc. examine or review individual credit files.

For purposes of rendering its opinion, Keefe, Bruyette & Woods, Inc. assumed that, in all respects material to its analyses:

the merger will be completed substantially in accordance with the terms set forth in the merger agreement;

the representations and warranties of each party in the merger agreement and in all related documents and instruments referred to in the merger agreement are true and correct;

each party to the merger agreement and all related documents will perform all of the covenants and agreements required to be performed by such party under such documents;

all conditions to the completion of the merger will be satisfied without any material waivers; and

in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the merger, no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications that may be imposed, will have a material adverse effect on the future results of operations or financial condition of the combined entity or the contemplated benefits of the merger, including the cost savings, revenue enhancements and related expenses expected to result from the merger.

Keefe, Bruyette & Woods, Inc. further assumed that the merger will be accounted for as a purchase transaction under generally accepted accounting principles, and that the merger will qualify as a tax-free reorganization for United States federal income tax purposes. Keefe, Bruyette & Woods, Inc.'s opinion is not an expression of an opinion as to the prices at which shares of TransCommunity common stock or Community Bankers common stock will trade since the announcement of the proposed merger or the actual value of the Community Bankers common shares when issued pursuant to the merger, or the prices at which the Community Bankers common shares will trade following the completion of the merger.

In performing its analyses, Keefe, Bruyette & Woods, Inc. made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Keefe, Bruyette & Woods, Inc., TransCommunity and Community Bankers. Any estimates contained in the analyses performed by Keefe, Bruyette & Woods, Inc. are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty. In addition, the Keefe, Bruyette & Woods, Inc. opinion was among several factors taken into consideration by the Community Bankers board in making its determination to approve the merger agreement and the merger. Consequently, the analyses described below should not be viewed as determinative of the decision of the Community Bankers board or management of Community Bankers with respect to the fairness of the consideration to be paid in the merger.

Summary of Analyses by Keefe, Bruyette & Woods, Inc.

The following is a summary of the material analyses presented by Keefe, Bruyette & Woods, Inc. to the Community Bankers board, in connection with its written fairness opinion. The summary is not a complete description of the analyses underlying the Keefe, Bruyette & Woods, Inc. opinion or the presentation made by Keefe, Bruyette & Woods, Inc. to the Community Bankers board, but summarizes the material analyses performed and presented in connection with such opinion. The preparation of a fairness opinion is a complex analytic process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, Keefe, Bruyette & Woods, Inc. did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. The financial analyses summarized below include information presented in tabular format. Accordingly, Keefe, Bruyette & Woods, Inc. believes that its analyses and the summary of its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion. The tables alone do not provide a complete description of the financial analyses.

Transaction multiples for the merger were derived from an offer price of \$10.54 per share for TransCommunity. For each precedent transaction, Keefe, Bruyette & Woods, Inc. derived and compared, among other things, the implied ratio of price per common share paid for the acquired company to:

the earnings per share of the acquired company for the latest 12 months of results publicly available prior to the time the transaction was announced;

book value per share of the acquired company based on the latest publicly available financial statements of the company available prior to the announcement of the acquisition;

tangible book value per share of the acquired company based on the latest publicly available financial statements of the company available prior to the announcement of the acquisition;

additionally, for each precedent transaction, Keefe, Bruyette & Woods, Inc. derived and compared the premium paid in aggregate consideration over tangible book value to core deposits. Core deposits were defined as total deposits less jumbo CDs (CDs with balances greater than \$100,000); and

market premium based on the latest closing price 1-day prior to the announcement of the acquisition.

The results of the analysis are set forth in the following table.

	Community Bankers/ TransCommunity	Comparable Transactions Median	Comparable Transactions Maximum	Comparable Transactions Minimum
Price / Trailing 12 months earnings per share	NMx	30.1x	41.2x	17.4x
Price / Book value	1.61x	2.33x	3.36x	1.77x

Market Premium	36.0%	37.6%	87.0%	21.9%

No company or transaction used as a comparison in the above analysis is identical to Community Bankers, TransCommunity or the proposed merger. Accordingly, an analysis of these results is not mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies.

Discounted Cash Flow Analysis. Keefe, Bruyette & Woods, Inc. performed a discounted cash flow analysis to estimate a range for the implied equity value per share of TransCommunity common stock. In this analysis, Keefe, Bruyette & Woods, Inc. assumed discount rates ranging from 11.0% to 15.0% to derive (1) the present value of the estimated free cash flows that TransCommunity could generate over the period beginning January 2008 and ending in December 2012, including certain expenses forecasted as a result of the merger, and (2) the present value of TransCommunity's terminal value at the end of 2013. Terminal values for TransCommunity were calculated based on a range of 15.0x to 18.0x estimated 2013 earnings per share. In performing this analysis, Keefe, Bruyette & Woods, Inc. used TransCommunity's management's estimates for 2007 through 2010. Based on management's estimates, Keefe, Bruyette & Woods, Inc. assumed 15% earnings per share growth for 2011 and 2012, with 10% growth thereafter. Certain data was adjusted to account for certain restructuring charges anticipated by management to result from the merger. Keefe, Bruyette & Woods, Inc. assumed that TransCommunity would maintain a tangible equity / tangible asset ratio of 7.00% and would retain sufficient earnings to maintain that level. Any earnings in excess of what would need to be retained represented dividendable cash flows for TransCommunity.

Based on these assumptions, Keefe, Bruyette & Woods, Inc. derived a range of implied equity values per share of TransCommunity common stock of \$8.76 to \$11.48.

The discounted cash flow analysis is a widely used valuation methodology, but the results of such methodology are highly dependent on the assumptions that must be made, including asset and earnings growth rates, terminal values,

dividend payout rates, and discount rates. The analysis did not purport to be indicative of the actual values or expected values of TransCommunity common stock.

Forecasted Pro Forma Financial Analysis. Keefe, Bruyette & Woods, Inc. analyzed the estimated financial impact of the merger on Community Bankers' 2008 and 2009 estimated earnings per share. For Community Bankers, Keefe, Bruyette & Woods, Inc. used management's estimates of earnings per share for 2008 and grew those earnings by 5% for 2009. For TransCommunity, Keefe, Bruyette & Woods, Inc. used management's estimates for 2008 and 2009. In addition, Keefe, Bruyette & Woods, Inc. assumed that the merger will result in no cost savings, based upon management's estimates. Based on its analysis, Keefe, Bruyette & Woods, Inc. determined that the merger would be accretive to Community Bankers' earnings per share in 2009.

Furthermore, the analysis indicated that Community Bankers' Leverage Ratio, Tier 1 Risk-Based Capital Ratio and Total Risk Based Capital Ratio would all remain above regulatory minimums for well capitalized

institutions. This analysis was based on internal projections provided by Community Bankers and TransCommunity's senior management teams. For all of the above analysis, the actual results achieved by Community Bankers following the merger may vary from the projected results, and the variations may be material.

Other Analyses. Keefe, Bruyette & Woods, Inc. reviewed the relative financial and market performance of TransCommunity to a variety of relevant industry peer groups and indices. Keefe, Bruyette & Woods, Inc. also reviewed earnings estimates, balance sheet composition, historical stock performance and other financial data for TransCommunity.

Separately, Community Bankers and Keefe, Bruyette & Woods, Inc. have entered into an agreement relating to the services to be provided by Keefe, Bruyette & Woods, Inc. in connection with Community Bankers' proposed merger with BOE. In the ordinary course of its investment banking business, Sandler O'Neill is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions.

Sandler O'Neill acted as financial advisor to TransCommunity in connection with the proposed merger and participated in certain of the negotiations leading to the execution of the merger agreement. At the December 12, 2007

meeting at which TransCommunity's special committee considered and approved the merger agreement, Sandler O'Neill delivered to the special committee its oral opinion, subsequently confirmed in writing that, as of such date, the consideration to be received in the transaction was fair to TransCommunity's stockholders from a financial point of view, including the effects of Community Bankers' transaction with BOE (the BOE

Transaction) on the combined entity. Sandler O'Neill also advised the board that their December 12, 2007 fairness opinion would supercede the fairness opinion rendered by Sandler O'Neill on September 5, 2007.

The full text of Sandler O'Neill's opinion is attached as Appendix E to this proxy statement/prospectus. The opinion outlines the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Sandler O'Neill in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the opinion. TransCommunity stockholders are urged to read the entire opinion carefully in connection with their consideration of the proposed merger.

Sandler O'Neill's opinion speaks only as of the date of the opinion. The opinion was directed to the TransCommunity board of directors and is directed only to the fairness of the merger consideration to TransCommunity stockholders from a financial point of view. It does not address the underlying business decision of TransCommunity to engage in the merger or any other aspect of the merger and is not a recommendation to any TransCommunity stockholder as to how such stockholder should vote at the special meeting with respect to the merger or any other matter.

In connection with rendering its December 12, 2007 opinion, Sandler O'Neill reviewed and considered, among other things:

the merger agreement;

certain publicly available financial statements and other historical financial information of TransCommunity that Sandler O'Neill deemed relevant;

certain publicly available financial statements and other historical financial information of Community Bankers that Sandler O'Neill deemed relevant;

an internal budget for TransCommunity for the year ending December 31, 2007 prepared by and reviewed with management of TransCommunity and management guidance on growth and performance thereafter;

the pro forma financial impact of the merger on Community Bankers based on assumptions relating to transaction expenses, purchase accounting adjustments and cost savings determined by the senior managements of TransCommunity and Community Bankers;

the financial impact of BOE Transaction on the combined entities as discussed with the senior management of Community Bankers;

publicly reported historical price and trading activity for the common stock of TransCommunity and Community Bankers, including a comparison of certain financial and stock market information for TransCommunity with similar publicly available information for certain other companies the securities of which are publicly traded;

to the extent publicly available, the financial terms of certain recent business combinations in the commercial banking industry;

the current market environment generally and the banking environment in particular; and

such other information, financial studies, analyses and investigations and financial, economic and market criteria as we considered relevant.

Sandler O Neill also discussed with certain members of senior management of TransCommunity the business, financial condition, results of operations and prospects of TransCommunity.

In performing its reviews and analyses and in rendering its opinion, Sandler O Neill assumed and relied upon the accuracy and completeness of all the financial information, analyses and other information that was publicly available or otherwise provided to Sandler O Neill by TransCommunity, including any information related to the BOE Transaction, and further relied on the assurances of management of TransCommunity that they were not aware of any facts or circumstances that would make such information inaccurate or misleading. Sandler O Neill was not asked to and did not independently verify the accuracy or completeness of any of such information and they did not assume any responsibility or liability for the accuracy or completeness of any of such information. Sandler O Neill

did not make an independent evaluation or appraisal of the assets, the collateral securing assets or the liabilities, contingent or otherwise, of TransCommunity or Community Bankers or any of their respective subsidiaries, or the collectibility of any such assets, nor was it furnished with any such evaluations or appraisals. Sandler O'Neill is not an expert in the evaluation of allowances for loan losses and it did not make an independent evaluation of the adequacy of the allowance for loan losses of TransCommunity, nor did it review any individual credit files relating to TransCommunity. With TransCommunity's consent, Sandler O'Neill assumed that the respective allowances for loan losses for TransCommunity were adequate to cover such losses and for the combined company.

With respect to the internal budget and management guidance for TransCommunity and the projections of transaction costs, purchase accounting adjustments and expected cost savings prepared by and/or reviewed with the managements of TransCommunity and Community Bankers and used by Sandler O'Neill in its analyses, TransCommunity's and Community Bankers' management confirmed to Sandler O'Neill that they reflected the best currently available estimates and judgments of management of the future financial performance of TransCommunity and Community Bankers and Sandler O'Neill assumed that such performance would be achieved. Sandler O'Neill expresses no opinion as to the budget it received or the guidance provided by management and estimates or the assumptions on which they are based. Sandler O'Neill also assumed that there has been no material change in TransCommunity's and Community Bankers' assets, financial condition, results of operations, business or prospects since the date of the most recent financial statements made available to Sandler O'Neill. Sandler O'Neill did not express any opinion as to the financial terms or conditions of Community Bankers' merger with BOE except as to how such financial terms and conditions relate to the merger.

Sandler O'Neill's opinion was necessarily based upon market, economic and other conditions as they existed on, and could be evaluated as of, the date of its opinion. Sandler O'Neill assumed, in all respects material to its analysis, that all of the representations and warranties contained in the merger agreement and all related agreements are true and correct, that each party to such agreements will perform all of the covenants required to be performed by such party under such agreements and that the conditions precedent in the merger agreement are not waived. Sandler O'Neill also assumed, with TransCommunity's consent, that there has been no material change in TransCommunity's and Community Bankers' assets, financial condition, results of operations, business or prospects since the date of the last financial statements made available to it that TransCommunity and Community Bankers will remain as going concerns for all periods relevant to its analyses, and that the merger will qualify as a tax-free reorganization for federal income tax purposes. Finally, with TransCommunity's consent, Sandler O'Neill relied upon the advice that TransCommunity received from its legal, accounting and tax advisors as to all legal, accounting and tax matters relating to the merger and the other transactions contemplated by the agreement.

In rendering its December 12, 2007 opinion, Sandler O'Neill performed a variety of financial analyses. The following is a summary of the material analyses performed by Sandler O'Neill, but is not a complete description of all the analyses underlying Sandler O'Neill's opinion. The summary includes information presented in tabular format. **In order to fully understand the financial analyses, these tables must be read together with the accompanying text. The tables alone do not constitute a complete description of the financial analyses.** The preparation of a fairness opinion is a complex process involving subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. The process, therefore, is not necessarily susceptible to a partial analysis or summary description. Sandler O'Neill believes that its analyses must be considered as a whole and that selecting portions of the factors and analyses considered without considering all factors and analyses, or attempting to ascribe relative weights to some or all such factors and analyses, could create an incomplete view of the evaluation process underlying its opinion. Also, no company included in Sandler O'Neill's comparative analyses described below is identical to TransCommunity or Community Bankers and no transaction is identical to the merger. Accordingly, an analysis of comparable companies or transactions involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading values or merger transaction values, as the case may be, of

TransCommunity or Community Bankers and the companies to which they are being compared.

In performing its analyses, Sandler O'Neill also made numerous assumptions with respect to industry performance, business and economic conditions and various other matters, many of which cannot be predicted and are beyond the control of TransCommunity, Community Bankers and Sandler O'Neill. The analyses performed by Sandler O'Neill are not necessarily indicative of actual values or future results, which may be significantly more

or less favorable than suggested by such analyses. Sandler O'Neill prepared its analyses solely for purposes of rendering its opinion and provided such analyses to TransCommunity at its December 12, 2007 meeting. Estimates on the values of companies do not purport to be appraisals or necessarily reflect the prices at which companies or their securities may actually be sold. Such estimates are inherently subject to uncertainty and actual values may be materially different. Accordingly, Sandler O'Neill's analyses do not necessarily reflect the value of TransCommunity common stock or Community Bankers common stock or the prices at which TransCommunity or Community Bankers common stock may be sold at any time.

Summary of Proposal. Sandler O'Neill reviewed the financial terms of the proposed transaction. Based upon the closing price of Community Bankers common stock on December 10, 2007 of \$7.42 per share, a fixed exchange ratio of 1.4200 shares of Community Bankers stock for each share of TransCommunity common stock, or a fixed price of \$10.536 for each share of TransCommunity common stock, and the exchange of 100% of TransCommunity's shares into shares of Community Bankers in the merger, and based upon per-share financial information for TransCommunity for the twelve months ended September 30, 2007. Sandler O'Neill calculated the following ratios:

	Transaction Ratios(1)
Transaction value/Estimated Forward Four Quarter Earnings Per Share	36.8x
Transaction value/Book value per share	161%
Transaction value/Tangible book value per share	161%
Tangible book premium/Core deposits(2)	13.3%

(1) Based upon the closing price of Community Bankers common stock on December 10, 2007 of \$7.42, a total per share consideration of \$10.536 will be exchanged for all of TransCommunity's shares.

(2) Assumes TransCommunity's total core deposits are \$134 million. Excludes CDs greater than \$100,000.

The aggregate offer value was approximately \$48.3 million, based upon 4,586,741 shares of TransCommunity common stock outstanding and including the intrinsic value of options to purchase an aggregate of 289,625 shares with a weighted average strike price of \$9.97 per share. Sandler O'Neill noted that the transaction value represented a 52.7% premium over the December 10, 2007 closing value of TransCommunity common stock.

In addition to the financial terms of the proposed transaction ratios, Sandler O'Neill reviewed the effect of a change in Community Bankers' stock price to the common stock consideration paid to TransCommunity. Applying a range of Community Bankers' stock prices of \$5.94 to \$8.90, it was noted that the total per share consideration would range from \$10.536 to \$12.644. This per share consideration range results in an aggregate transaction value range of \$48.6 million to \$58.8 million, based upon 4,586,741 shares of TransCommunity common stock outstanding and

including the intrinsic value of options to purchase an aggregate of 289,625 shares with a weighted average strike price of \$9.97 per share. Sandler O'Neill calculated the following transaction values and transaction ratios:

Buyer's	Change		Purchase	Value of	Value	Aggregate Tangible	Price/	Price/	Premium

Based upon internal financial projections for TransCommunity for the year ending December 31, 2007 and December 31, 2008 prepared by and reviewed with management of TransCommunity.

Analysis of Selected Merger Transactions. Sandler O Neill reviewed 13 regional merger transactions announced from January 1, 2005 through December 10, 2007 involving Washington DC, Maryland and Virginia based depository institutions as acquired institutions with announced transaction values greater than \$15 million. Sandler O Neill also reviewed 21 nationwide merger transactions announced January 1, 2004 through December 10, 2007 involving nationwide commercial banks with reported net losses for the most recent twelve month period prior to announcement as acquired institutions with announced transaction values greater than \$15 million. Sandler O Neill reviewed the multiples of transaction price at announcement to estimated net income, transaction price to stated book value per share, transaction price to tangible book value per share, tangible book premium to core deposits and premium to market price and computed median multiples and premiums for the transactions. The

median multiples from the nationwide group and the median multiples for the regional group were applied to TransCommunity's financial information as of and for the twelve months ended September 30, 2007. As illustrated in the following table, Sandler O'Neill derived imputed ranges of values per share of TransCommunity common stock of \$10.18 to \$11.66 based upon the median multiples for the nationwide group and \$5.88 to \$21.20 based upon the median multiples for the regional depository institutions transactions.

Discounted Cash Flow Analysis. Sandler O'Neill performed an analysis that estimated the future stream of after-tax cash flows of TransCommunity through December 31, 2010 under various circumstances, assuming TransCommunity's core dividend payout ratio of 0.0% and that TransCommunity performed in accordance with the earnings and growth projections reviewed with and confirmed by management of TransCommunity. To approximate the terminal value of TransCommunity common stock at December 31, 2010, Sandler O'Neill applied price to earnings multiples ranging from 12x to 22x and multiples of tangible book value ranging from 100% to 200%. The dividend income streams and terminal values were then discounted to present values using different discount rates ranging from 9.9% to 14.9% chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of TransCommunity common stock. As illustrated in the following tables, this analysis indicated an imputed range of values per share of TransCommunity common stock of \$4.57 to \$9.47 when applying the price/earnings multiples and \$5.01 to \$11.32 when applying multiples of tangible book value. In addition, the terminal value of TransCommunity common stock at December 31, 2010 was calculated using the same range of price to last twelve months earnings multiples (12x to 22x) applied to a range of discounts and premiums to management's budget projections. The range applied to the budgeted net income was 25.0% under budget to 25.0% over budget, using a discount rate of 12.95% for the tabular analysis. As illustrated in the following tables, this analysis indicated an imputed range of values per share for TransCommunity common stock of \$3.16 to \$12.48 when applying the price to earnings multiples to the -25.0% / +25.0% budget range.

In connection with its analyses, Sandler O'Neill considered and discussed with the TransCommunity board of directors how the present value analyses would be affected by changes in the underlying assumptions, including variations with respect to net income. Sandler O'Neill noted that the discounted cash flow and terminal value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results.

Pro Forma Merger Analysis. Sandler O'Neill analyzed certain potential pro forma effects of the merger, assuming the following: (1) the merger closes on December 31, 2007; (2) 100% of the TransCommunity shares are exchanged for shares of Community Bankers common stock at an exchange ratio of 1.4200; (3) Community Bankers share price is \$7.42; (4) earnings per share estimates for 2008 and 2009 of \$0.14 and \$0.14 for Community Bankers, respectively, and \$0.38 and \$0.61 for TransCommunity, respectively; (5) no purchase accounting adjustments related to securities; (6) 1% cost saves on TransCommunity's non-interest expense base or \$98 thousand pre-tax, 100% of which is phased in 2008; (7) 5.0% pre-tax cost of cash used to fund the deal; (8) pre-tax restructuring charge of \$1.0 million capitalized at close; (9) 3.0% core deposit intangible amortized over 10 years using sum-of-years-digits methodology; (10) no deposit divestitures; (11) the BOE Transaction closes on June 30, 2008.

Based upon those assumptions, Sandler O'Neill's analysis indicated that during the years ended December 31, 2008 and December 31, 2009 the merger would be accretive to the combined entities' earnings per share in 2008 and accretive to the combined entities' earnings per share in 2009. The actual results achieved by the combined company may vary from projected results and the variations may be material.

Sandler O'Neill Relationship. TransCommunity has agreed to pay Sandler O'Neill a transaction fee in connection with the merger of approximately \$140,000.00 of which \$75,000 has been paid and the balance of which is contingent, and payable, upon closing of the merger. The \$75,000.00 represents a fee for rendering its opinion on September 6, 2007. In connection with Sandler O'Neill's December 12, 2007 opinion, Sandler O'Neill received a fee of \$100,000. TransCommunity has also agreed to reimburse certain of Sandler O'Neill's reasonable out-of-pocket expenses incurred in connection with its engagement and to indemnify Sandler O'Neill and its affiliates and their respective partners, directors, officers, employees, agents, and controlling persons against certain expenses and liabilities, including liabilities under securities laws.

Sandler O'Neill has, in the past, provided certain investment banking services to TransCommunity and has received compensation for such services. In the ordinary course of its business as a broker-dealer, Sandler O'Neill may purchase securities from and sell securities to TransCommunity and Community Bankers and their affiliates. Sandler O'Neill may also actively trade the debt or equity securities of TransCommunity and/or Community Bankers or their affiliates for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities.

Merger Consideration

If you are a TransCommunity stockholder, as a result of the merger, each share of TransCommunity common stock you own immediately prior to the completion of the merger will be automatically converted into the right to receive 1.4200 shares of Community Bankers common stock (subject to possible adjustment, as further described in this joint proxy statement/prospectus) and cash instead of fractional shares.

As of the record date for the TransCommunity special meeting, TransCommunity had 4,586,741 shares of common stock issued and outstanding and 275,275 shares of common stock subject to options. Based on the exchange ratio of 1.4200, Community Bankers would issue approximately 6,513,172 shares of Community Bankers common stock in consideration of the merger, excluding shares subject to TransCommunity options that are converted to options with respect to Community Bankers common stock. Accordingly, Community Bankers would have then issued and outstanding approximately 15,888,172 shares of Community Bankers common stock based on the number of shares of Community Bankers common stock issued and outstanding on the record date for Community Bankers annual meeting. Based on the closing price of Community Bankers common stock of \$ on , 2008, the total value of the consideration Community Bankers will pay in the merger to the stockholders of TransCommunity is approximately \$ million.

In the event the average of the daily closing prices of Community Bankers common stock as reported on the American Stock Exchange for the 20 consecutive full trading days ending on the fifth day before the anticipated closing date of the merger is less than \$7.42, the exchange ratio will be increased to equal the quotient obtained by dividing \$10.5364 by the average of the daily closing prices during those 20 consecutive full trading days, rounded to the nearest one-tenth thousandth.

No assurance can be given that the current fair market value of Community Bankers common stock will be equivalent to the fair market value of Community Bankers common stock on the date that stock is received by a TransCommunity stockholder or at any other time. The fair market value of Community Bankers common stock received by a TransCommunity stockholder may be greater or less than the current fair market value of Community Bankers due to numerous market factors.

Fractional Shares

No fractional shares of Community Bankers common stock will be issued to any holder of TransCommunity common stock in the merger. Each holder of shares of TransCommunity common stock exchanged pursuant to the merger who would otherwise have been entitled to receive a fraction of a share of Community Bankers common stock (after taking into account all certificates delivered by such holder) shall receive, instead of such fraction of a share, cash (without interest) in an amount equal to such fractional part of a share of Community Bankers common stock multiplied by the market value of one share of Community Bankers common stock at the effective time of the merger. The market value of one share of Community Bankers common stock at the effective time of the merger will be the closing price on the American Stock Exchange (as reported by *The Wall Street Journal* or, if not reported thereby, any other authoritative source selected by Community Bankers) on the last trading day preceding the effective time of the merger.

Treatment of Options

Upon completion of the merger, each award, option, or other right to purchase or acquire shares of TransCommunity common stock pursuant to stock options, stock appreciation rights, or stock awards granted by TransCommunity under TransCommunity's stock incentive plans, equity compensation plans and stock option plans, which are outstanding immediately prior to the merger, whether or not exercisable, will be converted into and

become rights with respect to Community Bankers common stock, and Community Bankers will assume each right, in accordance with the terms of the relevant TransCommunity stock plan and stock option agreement.

Exchange of Certificates

As soon as reasonably practicable after the effective time of the merger, Community Bankers will mail appropriate transmittal materials to each record holder of TransCommunity common stock for use in effecting the surrender and cancellation of those certificates in exchange for Community Bankers common stock. Risk of loss and title to the certificates will remain with the holder until proper delivery of such certificates to Community Bankers by TransCommunity's stockholders. **TransCommunity's stockholders should not surrender their certificates for exchange until they receive a letter of transmittal and instructions from Community Bankers.** After the effective time of the merger, each holder of shares of TransCommunity common stock, except holders exercising appraisal rights, issued and outstanding at the effective time must surrender the certificate or certificates representing their shares of TransCommunity common stock to Community Bankers and will, as soon as reasonably practicable after surrender, receive the consideration they are entitled to under the merger agreement, together with all undelivered dividends or distributions in respect of such shares (without interest). Community Bankers will not be obligated to deliver the consideration to which any former holder of TransCommunity common stock is entitled until the holder surrenders the certificate or certificates representing his or her shares for exchange. The certificate or certificates so surrendered must be duly endorsed as Community Bankers may require. Community Bankers will not be liable to a holder of TransCommunity common stock for any property delivered in good faith to a public official pursuant to any applicable abandoned property law.

After the effective time of the merger (and prior to the surrender of certificates of TransCommunity common stock to Community Bankers), record holders of certificates that represented outstanding TransCommunity common stock immediately prior to the effective time of the merger will have no rights with respect to the certificates for TransCommunity common stock other than the right to surrender the certificates and receive the merger consideration in exchange for the certificates.

In the event that any dividend or distribution, the record date for which is on or after the effective time of the merger, is declared by Community Bankers on Community Bankers common stock, no such dividend or other distributions will be delivered to the holder of a certificate representing shares of TransCommunity common stock immediately prior to the effective time of the merger until such holder surrenders such certificate as set forth above.

In addition, holders of certificates that represent outstanding TransCommunity common stock immediately prior to the effective time of the merger will be entitled to vote after the effective time of the merger at any meeting of Community Bankers stockholders the number of whole shares of Community Bankers common stock into which such shares have been converted, even if such holder has not surrendered such certificates for exchange as described above.

Community Bankers stockholders will not be required to exchange certificates representing their shares of Community Bankers common stock or otherwise take any action after the merger is completed.

Expected Tax Treatment as a Result of the Merger

Community Bankers and TransCommunity have not and do not intend to seek a ruling from the Internal Revenue Service, or IRS, as to the federal income tax consequences of the merger. The following discussion describes the anticipated tax consequences of the merger, but does not address, among other matters:

state, local, or foreign tax consequences of the merger;

federal income tax consequences to TransCommunity stockholders who are subject to special rules under the Internal Revenue Code, such as foreign persons, tax-exempt organizations, insurance companies, financial institutions, dealers in stocks and securities, and persons who hold their stock as part of a straddle or conversion transaction;

federal income tax consequences affecting shares of TransCommunity common stock acquired upon the exercise of stock options, stock purchase plan rights, or otherwise as compensation;

the tax consequences to holders of options to acquire shares of TransCommunity common stock; and

the tax consequences to Community Bankers and TransCommunity of any income and deferred gain recognized pursuant to Treasury Regulations issued under Section 1502 of the Internal Revenue Code.

Assuming that the merger is consummated in accordance with the merger agreement, it is anticipated that the following federal income tax consequences will occur:

the merger will constitute a reorganization within the meaning of Section 368(a) of the Internal Revenue Code;

no gain or loss will be recognized by Community Bankers or TransCommunity as a result of the merger;

no gain or loss will be recognized by the stockholders of TransCommunity as a result of the exchange of all of the shares of TransCommunity common stock that they own for Community Bankers common stock pursuant to the merger, except that gain or loss will be recognized on the receipt of any cash instead of a fractional share;

the tax basis of Community Bankers common stock to be received by the TransCommunity stockholders, who exchange all of their TransCommunity common stock for Community Bankers common stock in the merger, will be the same as the tax basis of the TransCommunity common stock surrendered in exchange therefore (reduced by any amount allocable to a fractional share interest for which cash is received);

the holding period of the Community Bankers common stock to be received by TransCommunity stockholders, who exchange all of their TransCommunity common stock for Community Bankers common stock in the merger (and cash received instead of fractional shares of Community Bankers common stock), will include the holding period of the TransCommunity common stock surrendered in exchange therefore, provided the TransCommunity shares were held as a capital asset by the TransCommunity stockholders on the date of the exchange;

the payment of cash to TransCommunity stockholders instead of fractional share interests of Community Bankers common stock will be treated for federal income tax purposes as if the fractional shares were distributed as part of the exchange and then were redeemed by Community Bankers. These cash payments will be treated as having been received as distributions in full payment in exchange for the Community Bankers common stock redeemed, as provided in Section 302 of the Internal Revenue Code; and

the payment of cash to TransCommunity stockholders who perfect appraisal rights with respect to such stockholder's shares of TransCommunity will recognize capital gain or loss equal to the difference between such stockholder's tax basis in those shares and the amount of cash received in exchange for those shares, provided the TransCommunity shares were held as a capital asset by the TransCommunity stockholders.

The obligation of Community Bankers and TransCommunity to complete the merger is conditioned on, among other things, receipt by Community Bankers of an opinion of Nelson Mullins Riley & Scarborough LLP and receipt by TransCommunity of an opinion of Williams Mullen, with respect to certain of the federal income tax consequences of the merger. The conditions relating to the receipt of the tax opinion may be waived by both Community Bankers and TransCommunity. Neither Community Bankers nor TransCommunity currently intends to waive the conditions relating to the receipt of the tax opinion. If the conditions relating to the receipt of the tax opinion were waived and the material federal income tax consequences of the merger were substantially different from those described in this joint proxy statement/prospectus, Community Bankers and TransCommunity would resolicit the approval of its

stockholders prior to completing the merger.

Tax consequences of the merger may vary depending upon the particular circumstances of each TransCommunity stockholder. Accordingly, TransCommunity stockholders are urged to consult their own tax advisors as to the specific tax consequences to them of the merger, including the applicability and effect of state, local, and foreign tax laws.

Interests of Directors and Officers of Community Bankers and TransCommunity that Differ from Your Interests

General. Some of the officers and directors of Community Bankers and TransCommunity may be deemed to have interests in the merger in addition to their interests as stockholders of TransCommunity generally. These interests include, among others, proposed employee benefits for those who become employees of Community Bankers or a Community Bankers subsidiary after the merger, proposed employment agreements with four of TransCommunity's current executive officers and one of Community Bankers executive officers, the appointment of six current TransCommunity directors to the board of directors of Community Bankers and the continuation of four directors of Community Bankers as directors of Community Bankers after the merger, directors of TransCommunity Bank and insurance coverage for TransCommunity's directors and officers, as described below.

Employee Benefits. Following the merger Community Bankers will adopt TransCommunity's benefit plans and will continue to furnish to those employees of TransCommunity who become employees of Community Bankers, or a Community Bankers subsidiary after the effective time of the merger, benefits under the TransCommunity employee benefit plans. For purposes of participation, vesting and benefit accrual under Community Bankers' employee benefit plans, service with TransCommunity prior to the effective time of the merger will be treated as service with Community Bankers or its subsidiaries. Community Bankers will credit new Community Bankers employees for amounts paid under TransCommunity benefit plans for the plan year, including the effective time of the merger, for purposes of applying deductibles, co-payments, and out-of-pocket maximums under the Community Bankers benefit plans.

Director Retention Agreements. In connection with the merger, each of the current directors of TransCommunity has entered into a retention agreement with Community Bankers.

Employment Agreements. Community Bankers expects to enter into employment agreements with each of Bruce B. Nolte, Patrick J. Tewell, Richard C. Stonbraker, and M. Andrew McLean prior to the completion of the merger. Mr. Nolte currently has a change of control agreement with TransCommunity that provides that TransCommunity will owe Mr. Nolte severance equal to two times the sum of Mr. Nolte's annual base salary and bonus paid during the preceding calendar year in the event that, prior to the first anniversary of any change of control, Mr. Nolte's employment with TransCommunity is terminated under certain conditions. Mr. Nolte's change of control agreement also provides for the continuation of payment of premiums due under TransCommunity's long-term care insurance policy purchased for Mr. Nolte until all such payments are satisfied and for the vesting of all outstanding options, stock awards and other equity compensation held by Mr. Nolte under TransCommunity's equity compensation plan.

TransCommunity also currently has separate change of control agreements with each of Mr. Tewell, Mr. Stonbraker and Mr. McLean. Under the terms of each agreement, TransCommunity will owe the applicable officer severance equal to the sum of his respective annual base salary and bonus paid during the preceding calendar year in the event that, prior to the first anniversary of any change of control, his employment with TransCommunity is terminated under certain conditions.

Directors. Community Bankers has agreed to appoint six directors selected by TransCommunity to its board of directors as soon as practicable following the effective time of the merger. Community Bankers has agreed that the current directors of TransCommunity Bank serving as directors immediately prior to the effective time of the merger will continue as directors of TransCommunity Bank from and after the effective time of the merger in accordance with TransCommunity Bank's bylaws or until the earlier of their resignation or removal or otherwise ceasing to be a director. For more information, see [The Merger Management and Operations After the Merger](#).

In the event that Community Bankers merger with BOE is consummated, the board of directors of the surviving corporation will substantially change. For more information, see The Merger Management and Operations After the Merger.

Value of Shares held by Directors and Officers. Community Bankers directors and officers own shares of Community Bankers common stock that were acquired before Community Bankers initial public offering and are held in escrow. These shares will be released from escrow only if the merger is successfully completed and will then be released on June 2, 2009. If the merger is not completed by June 7, 2008, and Community Bankers is therefore

required to liquidate, the escrowed shares of common stock will be worthless and will not participate in any distribution upon liquidation of Community Bankers. In addition, the warrants held by such persons will expire without value in the event of a liquidation.

Warrants Held by Affiliates and Certain Other Persons. In addition, Gary A. Simanson, president and chief executive officer of Community Bankers, and David Zalman, a stockholder, agreed as part of Community Bankers initial public offering, pursuant to a written agreement with the representatives of the underwriters in the initial public offering, that they or their affiliates or designees, would purchase up to 1,000,000 warrants in the aggregate in open market transactions at market prices not to exceed \$0.80 per warrant. Under this agreement, the representatives of the underwriter also agreed to place an irrevocable order for the purchase by them, or their affiliates or designees, of up to 500,000 warrants in the aggregate under identical terms and conditions as the purchases by Mr. Simanson and Mr. Zalman. As a result of the agreement, Community Bankers Acquisition LLC, an affiliate of Mr. Simanson, purchased an aggregate of 349,724 warrants and the representatives of the underwriters acquired an aggregate of 300,000 warrants. Warrants acquired by any of these parties pursuant to these purchases cannot be sold or transferred in the open market until after the consummation of a business combination and are not callable by Community Bankers while held by the purchasers. Accordingly, after the merger, a substantial number of warrants will become exercisable which could result in dilution and an adverse effect on the market price of Community Bankers' shares.

Debts and Obligations. If Community Bankers liquidates prior to the consummation of a business combination, Gary A. Simanson, its president and chief executive officer, and David Zalman, a stockholder, will be responsible to ensure that the trust account is not reduced by claims of Community Bankers' vendors and service providers for services rendered or products sold in the event of Community Bankers' dissolution and liquidation.

Insurance. Community Bankers has agreed to provide directors' and officers' insurance coverage for directors and officers of TransCommunity, by maintaining in effect for a period of up to three years after the effective time of the merger TransCommunity's current policy for directors and officers, provided that Community Bankers may (1) substitute policies of substantially the same coverage and amounts containing terms and conditions which are substantially no less advantageous as TransCommunity's current policy for directors and officers or (2), with the consent of TransCommunity prior to the effective time of the merger, substitute any other policy with respect to claims arising from facts or events which occurred prior to the effective time of the merger and covering persons covered by such insurance on the date of the merger agreement. Community Bankers has agreed to make premium payments in an amount not to exceed \$161,880 during the three-year period. If the amount of premiums necessary to maintain directors' and officers' insurance coverage exceeds \$161,880, Community Bankers will use its reasonable efforts to maintain the most advantageous policies of directors' and officers' liability insurance obtainable for a premium equal to \$161,880 but is not obligated to maintain coverage to the extent the cost of such coverage exceeds that amount.

Stock Options. Certain of the directors and executive officers of TransCommunity hold stock options granted to them under various TransCommunity option plans. Upon completion of the merger, each option to purchase or acquire shares of TransCommunity common stock granted by TransCommunity under TransCommunity's stock option plans, which are outstanding immediately prior to the merger, whether or not exercisable, will be converted into and become rights with respect to Community Bankers common stock, and Community Bankers will assume each right, in accordance with the terms of the relevant TransCommunity stock option plan and stock option agreement. The number of shares of Community Bankers common stock for which each option will be exercisable will be equal to the number of shares of TransCommunity common stock for which such option was exercisable multiplied by the exchange ratio of 1.4200. The per share exercise price of Community Bankers common stock at which the option will be exercisable will be determined by dividing the exercise price per share of TransCommunity common stock at which the option was exercisable by the exchange ratio of 1.4200 and rounding up to the nearest cent.

At September 30, 2007, options to acquire 275,275 shares were outstanding, of which 233,275 were exercisable at that date.

The table below sets forth, as of January 11, 2008, information with respect to options under the various TransCommunity stock option plans held by each of TransCommunity's current directors and officers:

Name(1)	Number of Options Held	Number of Options Vested	Number of Unvested Options Held
Bruce B. Nolte	33,500	33,500	
M. Andrew McLean	3,100	3,100

Jack C. Zoeller	4,000	1,360	2,640

- (1) The table sets forth the aggregate total number of options granted by TransCommunity to the individuals listed. Each of the individuals received multiple option grants from TransCommunity, at various exercise prices depending on the date of the grant. The exercise prices for the option grants range from \$8.50 per share to \$10.00 per share.

Restricted Stock Awards. Certain of the directors and executive officers of TransCommunity hold shares of restricted stock granted to them under TransCommunity's 2007 Equity Compensation Plan. Upon completion of the merger, each share of TransCommunity restricted stock granted by TransCommunity under TransCommunity's 2007 Equity Compensation Plan which is outstanding immediately prior to the merger, whether or not vested, will be converted into and become rights with respect to Community Bankers common stock, and Community Bankers will assume each right, in accordance with the terms of TransCommunity's 2007 Equity Compensation Plan and relevant restricted stock award agreement. Each share of TransCommunity restricted stock will be converted into 1.4200 shares of Community Bankers common stock.

At September 30, 2007, 22,375 shares of TransCommunity restricted stock were outstanding, of which none were vested at that date.

One half of the outstanding shares of TransCommunity restricted stock vest on a three year schedule, with 20% of those shares vesting on March 1, 2008, 20% vesting on March 1, 2009 and 60% vesting on March 1, 2010. The other half of outstanding shares of TransCommunity restricted stock will be issued on March 1, 2010 if certain TransCommunity income thresholds are exceeded. In the event of a change of control, any shares of TransCommunity restricted stock that have not previously become vested or forfeited, will become vested as of the date of the change of control.

As of January 14, 2008, the following current directors and executive officers of TransCommunity hold shares of TransCommunity restricted stock as follows:

Officer Name	Shares of Restricted Stock
Bruce B. Nolte	5,500
Patrick J. Tewell	2,500
M. Andrew McLean	4,875
Richard C. Stonbraker	1,500
Greg C. Tripp	3,000
George D. Yancey	2,000
Dennis P. Traubert	3,000
TOTAL	22,375

Note: Under the Equity Compensation Plan approved by the stockholders, awards of restricted stock in any year may not exceed 25,000 shares.

Management and Operations After the Merger

At the completion of the merger, the board of directors, executive officers and significant employees of Community Bankers will be as set forth below. The board of directors will be comprised of ten directors; six directors will be nominated by TransCommunity, and four directors will be nominated by Community Bankers. Initially, four directors, two of the directors nominated by Community Bankers and two of the directors nominated by TransCommunity shall be in the class of directors with a term ending at the surviving corporation's annual meeting of stockholders held in 2010, three directors, two of the directors nominated by TransCommunity and one director nominated by Community Bankers, shall be in the class of directors with a term ending at the surviving corporation's annual meeting of stockholders held in 2009 and three directors, two of the directors nominated by TransCommunity and one director nominated by Community Bankers, shall be in the class of directors with a term ending at the surviving corporation's annual meeting of stockholders held in 2008.

Conditions to Consummation

The obligations of Community Bankers and TransCommunity to consummate the merger are subject to the satisfaction or waiver (to the extent permitted) of several conditions, including:

holders of a majority of the outstanding shares of TransCommunity must have approved the merger proposal and both (1) holders of a majority of the outstanding shares of Community Bankers common stock entitled to vote at the annual meeting and (2) holders of a majority of Community Bankers outstanding shares of common stock issued in Community Bankers initial public offering that are voted at the Community Bankers annual meeting must have approved the merger proposal, with holders of less than 20% of the outstanding shares of common stock issued in Community Bankers initial public offering voting against the merger and exercising their right to convert their shares for cash equal to a pro rata portion of the Community Bankers trust account;

the required regulatory approvals described under **Regulatory Approvals** must have been received, generally without any conditions or requirements which would, in the reasonable judgment of the board of directors of Community Bankers or the board of directors of TransCommunity, so materially adversely affect the economic

or business benefits of the transactions contemplated by the merger agreement that, had the conditions or requirements been known, Community Bankers or TransCommunity would not have entered into the merger agreement;

each party must have received all consents (other than those described in the preceding paragraph) required for consummation of the merger and for the prevention of a default under any contract or permit of such party which, if not obtained or made, is reasonably likely to have, individually or in the aggregate, a material adverse effect on such party, generally without any conditions or requirements which would, in the reasonable judgment of the board of directors of Community Bankers or the board of directors of TransCommunity, so materially adversely affect the economic or business benefits of the transactions contemplated by the merger agreement that, had the conditions or requirements been known, Community Bankers or TransCommunity would not have entered into the merger agreement;

no court or governmental authority may have taken any action which prohibits, restricts, or makes illegal the consummation of the transactions contemplated by the merger agreement;

the shares of Community Bankers common stock to be issued as consideration in the merger will have been approved for listing on the American Stock Exchange or the Nasdaq Global Market, subject to official notice of issuance;

the representations and warranties of Community Bankers and TransCommunity in the merger agreement must be true and correct, without any qualifications, subject to an exception generally for inaccuracies with an aggregate effect not likely to have a material adverse effect on the applicable party, and the other party must have performed all of the agreements and covenants to be performed by it pursuant to the merger agreement, and must have delivered certificates confirming satisfaction of the foregoing requirements and certain other matters;

Community Bankers must have received from each affiliate of TransCommunity an agreement stating, among other things, that he or she will comply with federal securities laws when transferring any shares of Community Bankers common stock received in the merger (see Resales of Community Bankers Common Stock);

each of the persons serving as directors of Community Bankers from and after the effective time of the merger will have executed and delivered to Community Bankers a retention agreement as described elsewhere in this proxy statement prospectus (see Interests of Directors and Officers of Community Bankers and TransCommunity that Differ from Your Interests);

at the effective time of the merger, TransCommunity must have stockholders equity of at least \$30,000,000, total assets of at least \$210,000,000, total deposits of at least \$175,000,000, and net loans of at least \$175,000,000;

there must not have been since the date of the merger agreement any material changes in the members of the board of directors or management of TransCommunity;

Community Bankers shall have taken all necessary action to allow the distribution of all the assets in the trust account to Community Bankers in the merger at the effective time of the merger; and

each party will have received certain legal opinions and tax opinions from its outside counsel and opinions as to the fairness from a financial point of view of the merger consideration to its stockholders.

No assurances can be provided as to when or if all of the conditions precedent to the merger can or will be satisfied or waived by the appropriate party. As of the date of this joint proxy statement/prospectus, the parties know of no reason

to believe that any of the conditions set forth above will not be satisfied.

The conditions to consummation of the merger may be waived, in whole or in part, to the extent permissible under applicable law, by the party for whose benefit the condition has been imposed, without the approval of such party's stockholders.

Regulatory Approvals

Community Bankers and TransCommunity have agreed to use their reasonable best efforts to obtain all regulatory approvals required to consummate the transactions contemplated by the merger agreement, which include approval from the Federal Reserve, as detailed below, and the Bureau of Financial Institutions of the

Virginia State Corporation Commission. The merger cannot proceed in the absence of these regulatory approvals. Although Community Bankers and TransCommunity expect to obtain these required regulatory approvals, there can be no assurance as to if and when these regulatory approvals will be obtained.

The merger is subject to the prior approval of the Federal Reserve. Community Bankers submitted an application to the Federal Reserve on January , 2008. In evaluating the merger, the Federal Reserve is required to consider, among other factors, the financial and managerial resources and future prospects of the institutions and the convenience and needs of the communities to be served. The Bank Holding Company Act of 1956, as amended, and Regulation Y promulgated thereunder, collectively, the BHCA, by the Federal Reserve prohibits the Federal Reserve from approving the merger if:

it would result in a monopoly or be in furtherance of any combination or conspiracy to monopolize or attempt to monopolize the business of banking in any part of the United States; or

its effect in any section of the country could be to substantially lessen competition or to tend to create a monopoly, or if it would result in a restraint of trade in any other manner, unless the Federal Reserve should find that any anti-competitive effects are outweighed clearly by the public interest and the probable effect of the merger in meeting the convenience and needs of the communities to be served.

The merger may not be consummated any earlier than the 15th day following the date of approval of the merger by the Federal Reserve, during which time the United States Department of Justice is afforded the opportunity to challenge the merger on antitrust grounds. The commencement of any antitrust action would stay the effectiveness of the approval of the Federal Reserve, unless a court of competent jurisdiction should specifically order otherwise.

The merger also is subject to the prior approval of the Bureau of Financial Institutions of the Virginia State Corporation Commission. Community Bankers submitted an application to the Bureau of Financial Institutions of the Virginia State Corporation Commission on January , 2008. In evaluating the merger, the Bureau of Financial Institutions of the Virginia State Corporation Commission will determine if:

the proposed acquisition would be detrimental to the safety and soundness of Community Bankers, TransCommunity or TransCommunity Bank;

Community Bankers, its directors and officers, and any proposed new directors and officers of TransCommunity or TransCommunity Bank are qualified by character, experience and financial responsibility to control and operate a Virginia financial institution;

the proposed acquisition would be prejudicial to the interests of the depositors, creditors, beneficiaries of fiduciary accounts or stockholders of the Community Bankers, TransCommunity or TransCommunity Bank; and

the acquisition is in the public interest.

Other than as summarized above, we are not aware of any governmental approvals or actions that may be required for consummation of the merger. Should any other approval or action be required, we currently contemplate that we would seek such approval or action. To the extent that the above summary describes statutes and regulations, it is qualified in its entirety by reference to those particular statutes and regulations.

Representations and Warranties Made by Community Bankers and TransCommunity in the Merger Agreement

Community Bankers and TransCommunity have made certain customary representations and warranties to each other in the merger agreement. For information on these representations and warranties, please refer to the merger agreement attached as Appendix A. If either party materially violates any of its representations or warranties and fails to cure such violation, the other party may terminate the merger agreement.

Termination of the Merger Agreement

Notwithstanding the approval of the merger proposal by TransCommunity's stockholders, we can mutually agree at any time to terminate the merger agreement before completing the merger.

Either TransCommunity or Community Bankers can also terminate the merger agreement:

if the other party is in breach any of its representations or warranties under the merger agreement and fails to cure the violation and the breach relates to an inaccuracy that without considering any qualification in such representation, is likely to have a material adverse effect on the breaching party;

if required regulatory approval is denied by final nonappealable action of such regulatory authority or if any action taken by such authority is not appealed within the time limit for appeal;

if any law or order permanently restraining, enjoining, or otherwise prohibiting the consummation of the merger has become final and nonappealable;

if Community Bankers or TransCommunity stockholder approval is not obtained or the holders of 20% or more of the outstanding shares of Community Bankers common stock issued in Community Bankers initial public offering vote against the merger proposal and exercised their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account;

if we do not complete the merger by May 31, 2008;

if a party's board of directors fails to reaffirm its approval upon the other party's request for such reaffirmation of the merger or if the party's board of directors resolves not to reaffirm the merger;

if a party's board of directors fails to include in the joint proxy statement its recommendation, without modification or qualification, that the stockholders approve the merger or if the party's board of directors withdraws, qualifies, modifies, proposes publicly to withdraw, qualify, or modify, in a manner adverse to the other party, the recommendation that the stockholders approve the merger;

if a party's board of directors affirms, recommends, or authorizes entering into any acquisition transaction other than the merger or, within 10 business days after commencement of any tender or exchange offer for any shares of its common stock, the party's board of directors fails to recommend against acceptance of such tender or exchange offer or takes no position with respect to such tender or exchange offer; or

if a party's board of directors negotiates or authorizes the conduct of negotiations (and five business days have elapsed without such negotiations being discontinued) with a third party regarding an acquisition proposal other than the merger.

Either party can also terminate the merger agreement, provided that the party terminating is not in material breach of any representation, warranty, or covenant, or other agreement in the merger agreement, if prior to the adoption of the merger proposal by the stockholders, the other party's board of directors has (1) withdrawn or modified or changed its recommendation of approval of the merger agreement in a manner adverse to the terminating party in order to approve and permit the other party to accept a superior proposal and (2) determined, after consultation with, and the receipt of advice from outside legal counsel to the other party, that the failure to take such action as described in the preceding clause (1) would be likely to result in a breach of the board of directors' fiduciary duties under applicable law, provided, however, that at least five business days prior to any such termination, the other party shall, and shall cause its advisors to, negotiate with the terminating party, if such party elects to do so, to make such adjustments in the terms and conditions of the merger agreement as would enable the other party to proceed with the merger on the adjusted terms.

Amendment and Waiver

To the extent permitted by law, Community Bankers and TransCommunity, with the approval of their respective boards of directors, may amend the merger agreement by written agreement at any time without the approval of TransCommunity's stockholders or Community Bankers stockholders. However, after the approval of the merger proposal by TransCommunity's stockholders, no amendment may reduce or modify the consideration to be received by TransCommunity's stockholders.

Prior to or at the effective time of the merger, either TransCommunity or Community Bankers may waive any default in the performance of any term of the merger agreement by the other party, may waive or extend the time for the fulfillment by the other party of any of its obligations under the merger agreement, and may waive any of the conditions precedent to the obligations of such party under the merger agreement, except any condition that, if not satisfied, would result in the violation of an applicable law.

Conduct of Business Pending the Merger

Under the merger agreement, each of Community Bankers and TransCommunity has agreed, except as otherwise contemplated by the merger agreement or with the prior written consent of the other party, and to cause its subsidiaries to:

operate its business only in the usual, regular, and ordinary course;

use reasonable efforts to preserve intact its business organization and assets and maintain its rights and franchises;

use reasonable efforts to cause its representations and warranties to be correct at all times;

in the case of TransCommunity only, use reasonable efforts to provide all information requested by Community Bankers related to loans or other transactions made by TransCommunity with a value equal to or exceeding \$250,000;

in the case of TransCommunity only, consult with Community Bankers prior to entering into or making any loans or other transactions with a value equal to or exceeding \$500,000; and

take no action which would (1) adversely affect the ability of any party to obtain any consents required for the transactions contemplated by the merger agreement without imposition of a condition or restriction which, in the reasonable judgment of the board of directors of Community Bankers or the board of directors of TransCommunity, would so materially adversely impact the economic or business benefits of the transactions contemplated by the merger agreement as to render inadvisable the consummation of the merger, or (2) materially adversely affect the ability of either party to perform its covenants and agreements under the merger agreement.

In addition, each of Community Bankers and TransCommunity has agreed in the merger agreement not to take certain actions or agree or commit to take certain actions, or permit its subsidiaries to take or agree or commit to take certain actions pending consummation of the merger without the prior consent of the other party and except as otherwise expressly contemplated by the merger agreement. Such actions include, without limitation:

amending its certificate of incorporation, articles of incorporation, bylaws, or other governing corporate instruments, except that either party may restate its certificate of incorporation or articles of incorporation without amendment thereto;

in the case of TransCommunity only, modifying TransCommunity Bank's lending policy;

incurring any obligation for borrowed money in excess of an aggregate of \$100,000, except in the ordinary course of business consistent with past practices and that are prepayable without penalty, charge or other payment, or imposing or suffering the imposition of any lien on any asset or permit a lien to exist, with certain limited exceptions;

acquiring or exchanging (other than exchanges in the ordinary course under employee benefit plans) any shares, or securities convertible into any shares, of the capital stock of Community Bankers or TransCommunity or any TransCommunity subsidiary or declaring or paying any dividend or making any other distribution in respect of either party's common stock;

subject to certain limited exceptions, issuing, selling, or pledging, encumbering, authorizing the issuance of, entering into any contract to issue, sell, pledge, encumber, or authorize the issuance of, or otherwise permit to become outstanding any additional shares of Community Bankers or TransCommunity common stock, any capital stock of any of TransCommunity's subsidiaries or any rights to acquire any such shares;

adjusting, splitting, combining or reclassifying any Community Bankers or TransCommunity capital stock, or issuing or authorizing the issuance of any other securities in respect of, or in substitution for, shares of Community Bankers or TransCommunity common stock, or selling, leasing, mortgaging or otherwise disposing of, in the case of TransCommunity only, any shares of capital stock of any subsidiary, and, in the case of either Community Bankers or TransCommunity, any asset, other than in the ordinary course for reasonable and adequate consideration;

purchasing any securities or making any material investments in any person or otherwise acquiring direct or indirect control over any person, except in the ordinary course of business consistent with past practice, subject to certain limited exceptions;

granting any bonus or increase in compensation or benefits to the employees, officers or directors of Community Bankers or TransCommunity or any TransCommunity subsidiary, committing or agreeing to pay any severance or termination pay, or any stay or other bonus to any Community Bankers or TransCommunity director, officer or employee, as applicable, entering into or amending any severance agreements with officers, employees, directors, independent contractors or agents of Community Bankers or TransCommunity or any TransCommunity subsidiary, changing any fees or other compensation or other benefits to directors of Community Bankers or TransCommunity or any TransCommunity subsidiary, or waiving any stock repurchase rights, accelerating, amending or changing the period of exercisability of any rights or restricted stock, as applicable, or in the case of TransCommunity, repricing rights granted under its stock incentive plans, equity compensation plans and stock option plans or authorizing cash payments in exchange for any rights, or accelerating or vesting or committing or agreeing to accelerate or vest any amounts, benefits or rights payable by Community Bankers or TransCommunity or any TransCommunity subsidiary;

except as contemplated by the merger agreement, entering into or amending (unless required by law) any employment contract that does not give Community Bankers, TransCommunity or the TransCommunity subsidiary the unconditional right to terminate the agreement following the effective time of the merger without liability other than for services already rendered;

subject to certain limited exceptions relating to requirements of law and maintaining tax qualified status, adopting any new employee benefit plan or terminating or withdrawing from or materially changing any existing employee benefit plans, welfare plans, insurance, stock or other plans, or making any distributions from such employee benefit or welfare plans, except as required by law, the terms of such plans or consistent with past practice;

making any change in any tax or accounting methods or systems of internal accounting controls, except, without the review and consent of the other party, as may be appropriate and necessary to conform to changes in tax laws, regulatory accounting requirements or generally accepted accounting principles or file any amended tax return, enter into any closing agreement, settle any tax claim or assessment relating to Community Bankers or TransCommunity or any TransCommunity subsidiary, as applicable, surrender any right to claim a refund of taxes, consent to any extension or waiver of the limitation period applicable to any tax claim or assessment relating to Community Bankers or TransCommunity and any TransCommunity subsidiary, as applicable, or take any other similar action relating to the filing of any tax return or the payment of any tax;

commencing any litigation other than in accordance with past practice or settling any litigation for money damages or restrictions on the operations of Community Bankers or TransCommunity or any TransCommunity subsidiary;

entering into, modifying, amending, or terminating any material contract (including any loan contract respect to any extension of credit with an unpaid balance exceeding \$500,000) or waiving, releasing, compromising or assigning any material rights or claims, or, in the case of TransCommunity, making any adverse changes in the mix, rates, terms, or maturities of TransCommunity Bank's deposits and other liabilities; or

taking any action or failing to take any action that at the time of such action or inaction is reasonably likely to prevent, or would be reasonably likely to materially interfere with, the consummation of the merger.

Notwithstanding the foregoing, TransCommunity plans to pay a one-time special dividend in the amount of \$0.25 per share to TransCommunity stockholders, which dividend would be paid immediately prior to the consummation of the merger of TransCommunity with Community Bankers and after all conditions to the closing are satisfied. Community Bankers has given its consent to the payment of this special dividend.

In addition, the merger agreement provides that neither Community Bankers nor TransCommunity nor any of their respective affiliates and representatives will solicit any acquisition proposal (generally, a tender offer or proposal for a merger, asset acquisition or other business combination which would compete with the merger). Community Bankers and TransCommunity have also agreed not to and not to permit their respective affiliates and representatives to furnish any confidential information, negotiate, or enter into any contract, with respect to any acquisition proposal.

However, the merger agreement also provides that either party may furnish nonpublic information regarding itself and may enter into a confidentiality agreement or discussions or negotiations in response to a *bona fide* unsolicited written acquisition proposal if:

such party has not violated any of the restrictions against soliciting acquisition proposals;

its board of directors, in its good faith judgment believes (based on, among other things, the advice of its financial advisor) that such acquisition proposal constitutes a superior proposal;

its board of directors concludes in good faith, after consultation with and receipt of a written opinion from its outside legal counsel, that the failure to take such action would be inconsistent with its fiduciary duties, to its stockholders;

(1) at least five business days prior to furnishing any such nonpublic information to, or entering into discussions or negotiations, the party gives the other party written notice of such party's intention to furnish nonpublic information to, or enter into discussions or negotiations and the identity of such prospective purchaser, and (2) such party receives from such prospective purchaser an executed confidentiality agreement containing terms no less favorable to the disclosing party than the confidentiality terms of the merger agreement; and

contemporaneously with furnishing any such nonpublic information, such party furnishes such nonpublic information to the other party (to the extent such nonpublic information has not been previously furnished by such party).

In addition, each of Community Bankers and TransCommunity have agreed to provide the other party with at least five business days' prior written notice of a meeting of its board of directors at which meeting such board of directors is reasonably expected to resolve to recommend the acquisition proposal to its stockholders and together with such notice, a copy of the most recently proposed documentation or revisions relating to the acquisition proposal.

Notwithstanding these provisions, the merger agreement contemplates that Community Bankers may enter into additional merger agreements such as the agreement with BOE, subject to receiving the prior consent of TransCommunity.

Expenses and Termination Fees

The merger agreement provides that each party will be responsible for its own direct costs and expenses incurred in connection with the transactions contemplated by the merger agreement. In the case of TransCommunity, these expenses will be paid at closing and prior to the effective time of the merger.

The merger agreement provides that if either party terminates the merger agreement because of a material breach of the merger agreement by the other party, a termination fee of \$500,000 would be payable by the breaching party to the non-breaching party. Further, if either party terminates because the stockholders of the other party fail to approve the merger or if either party terminates because the transactions contemplated are not consummated by the May 31, 2008,

and another acquisition transaction, involving a change in control, is announced and results in a definitive agreement or a consummated acquisition transaction with the terminating party within 12 months of termination, then the party entering into the definitive agreement or consummating the acquisition transaction will owe the other party a termination fee of \$500,000.

If a party terminates the agreement due to a material breach of the other party or the failure of the other party to recommend the merger to its stockholders, the termination fee of \$500,000 is payable upon termination. In the case

of a termination involving a competing acquisition transaction, the termination fee of \$500,000 is payable upon the earlier of the execution of a definitive agreement or the consummation of the transaction. In those cases where a competing acquisition transaction with a third party is consummated, an additional termination fee of \$1,200,000 will also be payable upon consummation of the acquisition transaction.

Stock Ownership of Existing Community Bankers Stockholders After the Merger

The percentage of Community Bankers' voting interests that existing Community Bankers stockholders will own after the merger will vary, depending on whether:

any TransCommunity stockholder exercises appraisal rights;

any of Community Bankers' 7,500,000 outstanding warrants are exercised;

I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc., the representatives of the underwriters in Community Bankers' initial public offering, exercise any of their unit purchase options;

any holders of Community Bankers common stock issued in Community Bankers' initial public offering exercise their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account; and

Community Bankers consummates its merger with BOE.

Assuming none of these events occur, Community Bankers' existing stockholders will own approximately 59.01% of the voting interests of Community Bankers following the merger, and approximately 41.07% in the event Community Bankers also consummates the proposed merger with BOE. In the event all of Community Bankers' warrants are exercised and Community Bankers consummates the proposed merger with BOE, but the other assumptions above remain the same, Community Bankers' existing stockholders will own approximately 55.65% of the voting interests of Community Bankers following the merger.

However, if:

no TransCommunity stockholders exercise their appraisal rights;

none of Community Bankers' 7,500,000 outstanding warrants are exercised;

none of the 525,000 units issuable to the representatives of the underwriters in Community Bankers' initial public offering upon exercise of their unit purchase options are issued; and

Community Bankers does not consummate its proposed merger with BOE; *but that*

19.99% of Community Bankers' stockholders *do* exercise their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account;

Community Bankers' existing stockholders will own approximately 54.73% of the voting interests of Community Bankers following the merger, and approximately 36.93% in the event Community Bankers also consummates the proposed merger with BOE. In the event all of Community Bankers' warrants are exercised and Community Bankers consummates the proposed merger with BOE, but the other assumptions above remain the same, Community Bankers' existing stockholders will own approximately 53.34% of the voting interests of Community Bankers following the

merger.

Resales of Community Bankers Common Stock

The issuance of the shares of Community Bankers common stock to be issued to TransCommunity's stockholders in the merger has been registered under the Securities Act of 1933, or the Securities Act. These shares may be traded freely and without restriction by those stockholders not deemed to be affiliates of TransCommunity or Community Bankers as that term is defined under the Securities Act. Any subsequent transfer

of such shares, however, by any person who is an affiliate of TransCommunity at the time the merger is submitted for a vote or consent of the stockholders of TransCommunity will, under existing law, require either:

the registration under the Securities Act of the subsequent transfer of the shares of Community Bankers common stock;

compliance with Rule 145 promulgated under the Securities Act (permitting limited sales under certain circumstances); or

the availability of another exemption from registration.

An affiliate of TransCommunity, as defined by the rules promulgated pursuant to the Securities Act, is a person who directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with TransCommunity. TransCommunity has agreed that it will use its reasonable efforts to cause each person or entity that is an affiliate for purposes of complying with Rule 145 to enter into a written agreement relating to such restrictions on sale or other transfer.

Accounting Treatment

The merger will be accounted for using the purchase method of accounting, with Community Bankers being treated as the acquiring entity for accounting purposes. Under the purchase method of accounting, the assets and liabilities of TransCommunity as of the effective time will be recorded at their respective fair values and added to those of Community Bankers. Financial statements issued after consummation of an acquisition accounted for as a purchase would reflect such values and would not be restated retroactively to reflect the historical financial position or results of operations of the acquired company.

Conversion Rights of Community Bankers Stockholders

If you are a Community Bankers stockholder who holds shares issued by Community Bankers in its initial public offering (whether such shares were acquired pursuant to such initial public offering or afterwards), you may exercise conversion rights with respect to the merger. If you wish to exercise your conversion rights, you must affirmatively vote against the merger proposal and at the same time demand that Community Bankers convert your shares into cash. Any action that does not include an affirmative vote against the merger will prevent you from exercising your conversion rights. However, voting against the merger proposal does not obligate you to exercise your conversion rights. You may exercise your conversion rights either by checking the box provided for such purpose on the proxy card and returning it to Community Bankers or by submitting your request in writing so that it is received by Community Bankers at the address listed on the Community Bankers Notice of Annual Meeting of Stockholders prior to the annual meeting.

In addition, you will need to either tender, or if you hold your shares of Community Bankers common stock in street name, cause your broker to tender, your stock certificates representing shares of Community Bankers common stock or deliver your shares electronically using the Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, to Community Bankers' transfer agent. This delivery process can be accomplished, whether you are a record holder or your shares are held in street name, within a day, by simply contacting the transfer agent or your broker and requesting delivery of your shares through the DWAC System. There is a nominal cost associated with this tendering process and the act of certificating the shares or delivering them through the DWAC system. The transfer agent will typically charge the stockholder or the tendering broker \$35, and your broker may or may not pass this cost on to you.

If you (1) initially vote for the merger proposal but then wish to vote against it and exercise your conversion rights or (2) initially vote against the merger proposal and wish to exercise your conversion rights but do not check the box on the proxy card providing for the exercise of your conversion rights or do not send a written request to Community Bankers to exercise your conversion rights, or (3) initially vote against the merger proposal but later wish to vote for it, you may request Community Bankers to send you another proxy card on which you may indicate your intended vote and, if that vote is against the merger proposal, exercise your conversion rights by checking the box provided for such purpose on the proxy card. You may make such request by contacting Community Bankers at the phone number or address listed on the Community Bankers Notice of Annual Meeting of Stockholders. Any

corrected or changed proxy card or written demand of conversion rights must be received by Community Bankers prior to the annual meeting. Prior to exercising your conversion rights you should verify the market price of Community Bankers common stock. You may receive higher proceeds from the sale of your common stock in the public market than from exercising your conversion rights, if the market price per share is higher than the amount of cash that you would receive upon exercise of your conversion rights.

Any request to exercise your conversion rights, once made, may be withdrawn at any time up to immediately prior to the vote on the merger proposal at the annual meeting (or any adjournment or postponement thereof). Furthermore, if you deliver your shares for conversion and subsequently decide prior to the annual meeting not to elect conversion, you may simply request that the transfer agent return the certificate (physically or electronically) to you.

Please note, however, that once the vote on the merger proposal is held at the annual meeting, you may not withdraw your request to exercise your conversion rights and request the return of your shares. If the merger is not consummated, your shares will be automatically returned to you.

If the merger is completed and you have properly exercised your conversion rights, then you will be entitled to receive a pro rata portion of the Community Bankers trust account, including a pro rata portion of the interest earned on the funds in the trust account less interest released to Community Bankers for working capital or to pay taxes, calculated as of the record date for determination of stockholders entitled to vote on the merger. As of the Community Bankers record date, there was approximately \$ in the trust account, so you will be entitled to convert each share of common stock that you hold into approximately \$. If you properly exercise your conversion rights, then you will be exchanging your shares of Community Bankers common stock for cash equal to a pro rata portion of the Community Bankers trust account and will no longer own these shares.

In the event the merger is not consummated, holders of common stock issued in Community Bankers' initial public offering will not be able to convert their stock. In the event the merger is consummated and 19.99% of the outstanding shares of Community Bankers common stock issued in Community Bankers' initial public offering are converted, the value of the common stock (excluding the portion of the trust account attributable to the underwriters' discount) that may be converted to cash is \$. It is anticipated that the funds to be distributed to stockholders entitled to convert their shares who elect conversion will be distributed promptly after completion of a business combination and presentation of their stock certificates for cancellation.

If you are a holder of warrants that were issued by Community Bankers in the Community Bankers' initial public offering, exercise of your conversion rights does not result in either the conversion or loss of your warrants. Your warrants will continue to be outstanding and exercisable following a conversion of your common stock. However, in the event that Community Bankers does not consummate the merger with TransCommunity by June 7, 2008, Community Bankers will be required to liquidate and any Community Bankers warrants you may own will expire without value.

Certain Federal Tax Consequences to Community Bankers' Stockholders

Since Community Bankers stockholders will not be exchanging or otherwise disposing of their shares of Community Bankers common stock pursuant to the merger, Community Bankers stockholders will continue to hold their shares of Community Bankers common stock and will not recognize any gain or loss as a result of the merger. However, for those Community Bankers stockholders who exercise their conversion rights and convert their shares of Community Bankers common stock into the right to receive cash from the trust account, such stockholders will generally be required to treat the transaction as a sale of the shares and recognize gain or loss upon the conversion. Such gain should be capital gain or loss if such shares were held as a capital asset on the date of the conversion. Such gain or loss will be measured by the difference between the amount of cash received and the tax basis of that stockholder's

shares of Community Bankers common stock. A stockholder's tax basis in his shares of Community Bankers common stock generally will equal the cost of such shares. A stockholder who purchased Community Bankers units will have to allocate the cost between the shares of common stock and the warrants comprising the units based on their fair market values at the time of the purchase. Under certain circumstances, if the stockholder actually or constructively still owns shares of Community Bankers common stock after the conversion of shares into cash, the conversion may not be treated as a sale of stock by that stockholder for tax purposes but rather as a

corporate distribution. A stockholder may constructively own stock for tax purposes because, among other reasons, stock may be owned by certain family members or affiliated entities or the stockholder may retain warrants in Community Bankers. If the conversion does not qualify as a sale for federal tax purposes but instead is treated as a corporate distribution, then the receipt of cash in the conversion will be treated (1) as a dividend to the extent of Community Bankers' earnings and profits, (2) as a reduction of basis in the shares for any excess and (3) to the extent of any excess over basis, gain from the sale or exchange of shares. Community Bankers stockholders who do not exercise their conversion rights will continue to hold their shares of Community Bankers common stock and as a result will not recognize any gain or loss from the merger.

Appraisal Rights of TransCommunity Stockholders

As a TransCommunity stockholder, you have the right to assert appraisal rights with respect to the merger and demand in writing that you be paid the fair value of your shares of TransCommunity common stock under applicable provisions of Virginia law following consummation of the merger by Community Bankers as the surviving company following the merger. In order to exercise and perfect appraisal rights, you must give written notice of your intent to demand payment for your shares to TransCommunity before voting on the merger at the special meeting and must not vote in favor of the merger. A copy of the applicable Virginia statutory provisions is included in this joint proxy statement/prospectus as Appendix C.

The following is only a summary of the rights of a dissenting TransCommunity stockholder, is not a complete statement of law pertaining to appraisal rights under the Virginia Stock Corporation Act, and is qualified in its entirety by reference to the full text of the provisions of the Virginia Stock Corporation Act pertaining to appraisal rights, a copy of which is attached as Appendix C hereto and incorporated into this discussion by reference. If you intend to exercise your right to dissent, you should carefully review the following summary and comply with all requirements of the Virginia Stock Corporation Act. You should also consult with your attorney. **No further notice of the events giving rise to appraisal rights will be furnished by TransCommunity to you.**

If you intend to exercise your appraisal rights, you should be aware that cash paid to you likely will result in your receipt of taxable income. (See Expected Tax Treatment as a Result of the Merger on page .)

The Virginia Stock Corporation Act provides in detail the procedure that you must follow if you wish to exercise your appraisal rights. In summary, to exercise appraisal rights:

you must deliver to TransCommunity before the vote on the merger agreement is taken at the special meeting, written notice of your intent to demand payment for your shares if the merger is completed; and

you must not vote your shares in favor of the merger agreement at the special meeting.

In other words, you do not have to vote against the merger agreement, or even vote at all, in order to exercise appraisal rights, but you may not vote in favor of the merger agreement, and in all cases you must give the required written notice. Your failure to satisfy these requirements will result in your not being entitled to exercise appraisal rights and receive payment for your shares under the provisions of the Virginia Stock Corporation Act, pertaining to appraisal rights. Even if you vote against the merger agreement (either in person or by proxy), you still have to send the required notice of intent in order to exercise appraisal rights. You should remember that, as described under the caption TransCommunity Special Meeting Voting of Proxies on page , if you return a signed proxy card but fail to provide instructions as to the manner in which your shares are to be voted, you will be considered to have voted in favor of the merger agreement and you will not be able to assert appraisal rights. If you do not return a proxy card or otherwise vote at all at the special meeting, you will not be treated as waiving your appraisal rights as long as you have given the required notice of intent as described above.

If you intend to assert your appraisal rights, your notice of intent should be mailed or delivered to TransCommunity's corporate secretary at its corporate office located at 4235 Innslake Drive, Suite 200, Glen Allen,

Virginia 23060, or it may be hand delivered to TransCommunity's corporate secretary at the special meeting (before the voting on the merger agreement begins). Notice of intent is effective at the earliest of the following:

when received by TransCommunity at its address prior to the special meeting;

five days after its deposit in the United States mail, as evidenced by the postmark, if mailed postage prepaid and correctly addressed to TransCommunity at its address prior to the special meeting; or

on the date shown on the return receipt, if sent by registered or certified mail, return receipt requested, and if the receipt is signed by or on behalf of TransCommunity prior to the special meeting.

If you deliver a timely notice of intent, do not vote in favor of the merger agreement and the merger agreement is approved by both TransCommunity's stockholders at the special meeting (or at any adjournment of the special meeting) and by Community Bankers stockholders at its annual meeting (or any adjournment of the annual meeting), then, within ten days following the effective date of the merger, Community Bankers, as the company surviving the merger, will send you a written notice called an appraisal notice, by first-class mail, postage prepaid, to your address shown in TransCommunity's current record of stockholders, as long as you have satisfied the requirements to exercise appraisal rights. The appraisal notice will include another copy of the provisions of the Virginia Stock Corporation Act, pertaining to appraisal rights and will:

include a form you can use for demanding payment that will include the first date of any announcement to TransCommunity's stockholders of the terms of the merger and will require you to certify whether you acquired beneficial ownership of your shares of TransCommunity common stock before or after that date and to certify that you did not vote for the merger;

state where your payment demand must be sent, and where your TransCommunity share certificates must be deposited and the date by which those certificates must be deposited;

specify a date by which Community Bankers must receive your payment demand (which may not be fewer than 40 nor more than 60 days after the date of mailing of the appraisal notice and state that the stockholder shall have waived the right to demand appraisal unless the form is received by Community Bankers by the specified date);

state Community Bankers' estimate of the fair value of the shares;

state that, if requested in writing, Community Bankers will provide, to the stockholder within 10 days after the date by which Community Bankers must receive the form, the number of stockholders who returned the form by the specified date and the total number of shares owned by them; and

state the date by which the notice to withdraw must be received, which date must be within 20 days after the date by which Community Bankers must receive the form.

After receipt of the appraisal notice, you must deliver to Community Bankers a written payment demand and, in the case of certificated shares, deposit your TransCommunity share certificates with Community Bankers by the date set forth in and in accordance with the terms and conditions of the appraisal notice and certify whether you acquired beneficial ownership of your shares of TransCommunity common stock before or after the announcement date. Otherwise, you will not be entitled to payment for your shares. If you deliver a payment demand, certify your beneficial ownership as required and deposit your share certificates as required by the appraisal notice, you will lose all rights as a stockholder unless you withdraw your payment demand by the date specified in the appraisal notice.

Within 30 days after the form is due Community Bankers will pay you (provided that you have satisfied all requirements to exercise appraisal rights) the amount Community Bankers estimates to be the fair value of your shares, plus interest accrued to the date of payment. Community Bankers payment will be accompanied by:

certain of Community Bankers most recent available financial statements;

an explanation of how Community Bankers estimated the fair value of your shares and how the interest was calculated; and

a statement of your right to demand payment if you are not satisfied with the payment and that failure to demand payment within a specified time will be deemed acceptance of Community Bankers' estimate as full payment.

However, unless you were the beneficial owner of your shares of TransCommunity common stock on the announcement date as set forth in the appraisal notice, Community Bankers may elect to withhold payment.

Within 30 days after the form is due, to the extent Community Bankers elected to withhold payment for after-acquired shares, Community Bankers will estimate the fair value of the shares, plus accrued interest, and will offer to pay this amount to each stockholder who asserted appraisal rights but failed to certify beneficial ownership if such stockholder agrees to accept it in full satisfaction of his demand. Community Bankers' payment offer will be accompanied by:

certain of Community Bankers' most recent available financial statements;

Community Bankers' estimate of the fair value of your shares and its offer to pay such value plus interest;

a statement that you may accept Community Bankers' estimate of fair value plus interest in full satisfaction of your demands or demand for appraisal;

a statement that those stockholders who wish to accept such offer must so notify Community Bankers of their acceptance of its offer within 30 days after receiving the offer; and

a statement that those stockholders who do not satisfy the requirements for demanding appraisal shall be deemed to have accepted Community Bankers' offer.

If you believe that the amount paid by Community Bankers, or the amount of Community Bankers' payment offer, as described above is less than the fair value of your shares of TransCommunity common stock or that the interest due is incorrectly calculated, then you may notify Community Bankers in writing of your own estimate of the fair value of your shares of TransCommunity common stock and may demand payment of your estimate plus interest. A stockholder offered payment who is dissatisfied with that offer must reject the offer and demand payment of the stockholder's estimate of the fair value of the shares plus interest. In any such event, if you fail to take any such action within the 30 days after Community Bankers makes or offers payment for your shares, you will be deemed to have waived your rights to demand payment and shall be entitled only to the payment of fair value as calculated by Community Bankers.

If you have taken all required actions and your demand for payment remains unsettled, Community Bankers may file a lawsuit within 60 days after receiving the payment demand and petition the appropriate circuit court to determine the fair value of the shares and accrued interest. If Community Bankers does not begin the action within the 60-day period, it will pay each stockholder who asserts appraisal rights whose demand remains unsettled the amount demanded. In the court proceeding described above, the court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. In addition, Community Bankers will make all stockholders who assert appraisal rights whose demands remain unsettled parties to the proceeding. Each stockholder who asserts appraisal rights made a party to the proceeding must be served with a copy of the complaint and will be entitled to judgment for the amount, if any, by which the court finds the fair value of his shares, plus interest, to exceed the amount paid by Community Bankers, or for the value, plus accrued interest, of his after-acquired shares for which Community Bankers elected to withhold payment.

The court will determine the cost of any court proceeding, including reasonable compensation and reimbursement of expenses for appraisers appointed by the court. Those costs will be assessed against Community Bankers unless the court determines that some or all of the stockholders who assert appraisal rights acted arbitrarily, vexatiously or not in good faith in demanding payment, in which event the court may assess costs against those stockholders. The court may assess the fees and expenses of experts and counsel against Community Bankers if it finds that it did not substantially comply with the requirements of the statutes, and against any party who acted arbitrarily, vexatiously or not in good faith in asserting or defending against appraisal rights. If the court finds that the services of counsel for any stockholder who asserts appraisal rights were of substantial benefit to other stockholders similarly situated, the court may award counsel fees, to be paid out of the amounts awarded the stockholders who asserted appraisal rights who were benefited. If a stockholder who asserts appraisal rights must

bring an action against Community Bankers to require it to pay the amount Community Bankers estimates to be the fair value of the shares, plus interest and the stockholder is successful, the court will assess costs against Community Bankers.

The Virginia Stock Corporation Act contains certain additional provisions and requirements that apply in the case of dissents by nominees who hold shares for others, and by beneficial owners whose shares are held in the names of other persons.

Tax Consequences of Exercising Appraisal Rights

The payment of cash to TransCommunity stockholders who perfect appraisal rights with respect to such stockholder's shares of TransCommunity will recognize capital gain or loss equal to the difference between such stockholder's tax basis in those shares and the amount of cash received in exchange for those shares, provided the TransCommunity shares were held as a capital asset by the TransCommunity stockholders.

AMENDED AND RESTATED CERTIFICATE OF INCORPORATION OF COMMUNITY BANKERS

Community Bankers is asking its stockholders to adopt its amended and restated certificate of incorporation, effective upon consummation of the merger, the text of which is attached as Appendix B to this joint proxy statement/prospectus. The amended and restated certificate of incorporation contains the amendments described below. The amended and restated certificate of incorporation will only be effected in the event and at the time the merger with TransCommunity is consummated. Similarly, unless Community Bankers and TransCommunity agree otherwise, the merger will only be consummated if the stockholders of Community Bankers adopt the amended and restated certificate of incorporation.

Name Amendment

Community Bankers is proposing to amend Article FIRST of its certificate of incorporation to change the name of Community Bankers from Community Bankers Acquisition Corp. to Community Bankers Trust Corporation. The reason for this amendment is that, in the event of a merger with TransCommunity, Community Bankers' current name will not accurately reflect its business operations. Accordingly, Community Bankers' board of directors believes that changing its name to Community Bankers Trust Corporation in connection with the merger will better reflect its business operations upon completion of the merger.

Stockholders will not be required to exchange outstanding stock certificates for new stock certificates if the amendment is adopted.

Certificate of Incorporation Text Amendment

Community Bankers is proposing to amend its certificate of incorporation to remove those provisions that were included in Community Bankers certificate of incorporation due to its status as a TACSM which will no longer be operative upon consummation of the merger. In order to accomplish this Article SIXTH with the exception of the text in Provision F will be deleted in its entirety. Also, the proviso in Article THIRD and the reference to Article SIXTH in Article THIRTEENTH will be deleted.

Staggered Board Amendment

Community Bankers is proposing to amend its certificate of incorporation to continue to provide for a staggered board with three classes of directors. Currently, Community Bankers' certificate of incorporation provides for a staggered

board of directors with three classes of directors, with each class being elected at successive annual meetings following Community Bankers' initial public offering. In order to comply with the requirements set forth in the merger agreement, Community Bankers is seeking approval for an amended Article SIXTH, in which each of the three classes of the staggered board of directors is elected at successive annual meetings following the closing of the merger with TransCommunity, which Community Bankers anticipates to occur during the second quarter of 2008.

Vote Required

Adoption of the amended and restated certificate of incorporation requires the affirmative vote of a majority of the shares of Community Bankers common stock entitled to vote at the annual meeting. Abstaining from voting or not voting on a proposal (including broker non-votes), either in person or by proxy, will have the same effect as a vote against adoption of the proposal to amend and restate the certificate of incorporation.

Board Recommendation

*The Community Bankers Board of Directors recommends a vote **FOR** adoption of the amended and restated certificate of incorporation.*

ELECTION OF DIRECTORS OF COMMUNITY BANKERS

General

Pursuant to Community Bankers' certificate of incorporation, Community Bankers' board of directors, consisting of five persons, is divided into three classes, as nearly equal in size as possible, serving staggered terms. Class I serves for a term to expire at the first annual meeting of stockholders following the initial public offering. Class II serves for a term to expire at the second annual meeting of stockholders following the initial public offering. Class III serves for a term to expire at the third annual meeting of stockholders following the initial public offering. The Community Bankers' certificate of incorporation currently provides that commencing after the first annual meeting of stockholders following the initial public offering, and at each annual meeting thereafter, directors elected to succeed those directors whose terms expire shall be elected for a term in office to expire at the third annual meeting after their election.

Chris A. Bagley and Keith Walz are Class I directors on Community Bankers board of directors, and their terms expire at the first annual meeting following Community Bankers' initial public offering. Community Bankers' board of directors, upon the recommendation of the nominating committee, has approved and unanimously nominated each of Mr. Bagley and Mr. Walz for reelection as directors of Community Bankers to serve for three-year terms or until a successor is elected and qualified. If either Mr. Bagley or Mr. Walz become unavailable for any reason, which is not anticipated, the board of directors in its discretion may designate a substitute nominee. If you have filled out and returned the accompanying proxy card, your vote will be cast for the substitute nominee.

He received a Masters of Business Administration from DePaul University and a Bachelor of Science degree in finance from the University of Arkansas. Mr. Walz is 40 years old.

Vote Required

Directors will be elected by the affirmative vote of the holders of a majority of the shares of Community Bankers common stock, present in person or represented by proxy and entitled to vote at the annual meeting. Community Bankers' certificate of incorporation does not allow for cumulative voting.

Board Recommendation

The Community Bankers Board of Directors recommends voting in favor of the nominees.

INFORMATION ABOUT COMMUNITY BANKERS ACQUISITION CORP.

General

Community Bankers is a blank check company organized under the laws of the State of Delaware on April 6, 2005. As a Targeted Acquisition CorporationSM or TACSM Community Bankers was formed to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business in the banking industry. Prior to executing the merger agreement with TransCommunity, Community Bankers' activities were limited to organizational matters, completing its initial public offering and seeking and evaluating possible business combination opportunities.

On June 8, 2006, Community Bankers consummated its initial public offering of 7,500,000 units, which commenced trading on the American Stock Exchange under the symbol BTC.U. Each unit consisted of one share of common stock and one redeemable common stock purchase warrant. Each warrant entitles the holder to purchase from Community Bankers one share of Community Bankers common stock at an exercise price of \$5.00 per share beginning upon the consummation of a business combination. Community Bankers common stock and warrants started trading separately on the American Stock Exchange as of September 5, 2006, under the symbols BTC and BTC.WS, respectively.

In addition to the proposed merger of Community Bankers with TransCommunity, Community Bankers has entered into an agreement and plan of merger, dated as of December 13, 2007, with BOE, a bank holding company based in Tappahannock, Virginia. The merger agreement by and between Community Bankers and BOE provides for the merger of BOE with and into Community Bankers. As a result of the proposed merger, each share of BOE common stock will be converted into 5.7278 shares of Community Bankers common stock, subject to adjustment as further described elsewhere in this joint proxy statement/prospectus. We anticipate that Community Bankers' merger with BOE would be consummated after Community Bankers' merger with TransCommunity.

Trust Account

The net proceeds from the sale of Community Bankers' units were approximately \$54,950,000. Of this amount, \$54,350,000 of the net proceeds, plus \$2,100,000 attributable to the underwriters' discount that I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc., the representatives of the underwriters in Community Bankers' initial public offering agreed to defer until Community Bankers consummated its initial business

combination, was deposited in an interest-bearing trust account at JPMorgan Chase NY Bank maintained by Continental Stock Transfer & Trust Company, as trustee, pursuant to an agreement signed on June 8, 2006. Except for a portion of the interest earned on the Community Bankers trust account which may be released to Community Bankers, these proceeds will not be released until the earlier of the completion of a business combination or Community Bankers liquidation. The remaining \$600,000 in net proceeds, together with any

interest released to Community Bankers to cover operating expenses, were made available to be used by Community Bankers to provide for business, legal and accounting due diligence on prospective business combinations and continuing general and administrative expenses. Substantially all of the net proceeds not held in the trust account of Community Bankers initial public offering are intended to be used to acquire a target business, including identifying and evaluating prospective acquisition candidates, selecting the target business, and structuring, negotiating and consummating the business combination. Upon consummation of the merger, funds remaining in the trust account after payment of amounts, if any, to Community Bankers stockholders requesting and exercising their conversion rights, will be used to pay expenses associated with the merger, to make capital contributions, to repurchase Community Bankers common stock and/or warrants or to engage in subsequent acquisitions following Community Bankers initial business combination.

Fair Market Value of Target Business

The initial target business or businesses Community Bankers acquires must have a collective fair market value equal to at least 80% of Community Bankers net assets at the time of the business combination (excluding the portion of the trust account attributable to the underwriters discount). The fair market value of such business or businesses will be determined by Community Bankers board of directors based upon standards generally accepted by the financial community, such as actual and potential revenues, net income, assets, cash flow and book value. Community Bankers is not required to obtain an opinion from an investment banking firm as to the fair market value if Community Bankers board of directors independently determines that the target business has sufficient fair market value, but may do so.

Opportunity for Stockholder Approval of Business Combination

As Community Bankers will be issuing shares of Community Bankers common stock in the merger with TransCommunity totaling more than 20% of the outstanding shares of Community Bankers common stock immediately prior to the effective time of the merger, Delaware law requires that the Community Bankers stockholders adopt the merger agreement for the merger to be consummated. In addition, Community Bankers certificate of incorporation requires that it submit the merger with TransCommunity to Community Bankers stockholders for approval, even if stockholder approval were not required under Delaware law. Delaware law requires that the holders of a majority of the outstanding shares of Community Bankers common stock entitled to vote at the annual meeting adopt the merger agreement for the merger to be consummated.

Further, as required by its certificate of incorporation, Community Bankers will proceed with the merger with TransCommunity only:

if the holders of a majority of the outstanding shares of Community Bankers common stock issued in Community Bankers initial public offering and voted at the annual meeting vote in favor of the merger proposal; and

the holders of less than 20% of the outstanding shares of Community Bankers stock issued in Community Bankers initial public offering vote against the business combination and exercise their conversion rights.

All of Community Bankers insiders, including all of Community Bankers officers, directors and initial stockholders, have agreed to vote the 1,875,000 shares of Community Bankers common stock acquired by them before Community Bankers initial public offering either for or against the business combination consistent with the majority of the votes cast by the holders of the shares of common stock issued in the initial public offering. This voting arrangement shall not apply to shares included in units purchased in Community Bankers initial public offering or purchased following Community Bankers initial public offering in the open market by any of Community Bankers initial stockholders,

officers or directors. Accordingly, they may vote on the merger with respect to shares of common stock acquired in or after the consummation of Community Bankers' initial public offering any way they choose.

Liquidation If No Business Combination

If Community Bankers does not complete the merger with TransCommunity by June 7, 2008, Community Bankers certificate of incorporation (1) provides that Community Bankers corporate powers would automatically thereafter be limited to acts and activities relating to dissolving and winding up its affairs, including liquidation, and Community Bankers would not be able to engage in any other business activities and (2) requires that Community Bankers board of directors within 15 days adopt a resolution finding Community Bankers dissolution advisable and provide notice as soon as possible thereafter of a special meeting of stockholders to vote on Community Bankers dissolution. Pursuant to Delaware law, Community Bankers dissolution would require the affirmative vote of stockholders owning a majority of the then outstanding shares of Community Bankers common stock. Community Bankers would promptly prepare a proxy statement and notice of special meeting of stockholders in accordance with the requirements of Delaware law and the federal securities laws, which proxy statement would be required to be submitted to and reviewed by the SEC, and thereafter forward the proxy statement and notice of meeting to Community Bankers stockholders no less than 10 nor more than 60 days prior to Community Bankers special meeting of stockholders soliciting stockholder votes with respect to its dissolution. In the event that Community Bankers does not initially obtain approval for such dissolution by stockholders owning a majority of the then outstanding shares of Community Bankers common stock, Community Bankers would continue to take all reasonable actions to obtain such approval, which may include adjourning the meeting from time to time to allow Community Bankers to obtain the required vote and retaining a proxy solicitation firm to assist Community Bankers in obtaining such vote. Community Bankers insiders (including all of its directors, officers and initial stockholders) have agreed to vote all shares of Community Bankers common stock owned by them that were purchased prior to or issued in Community Bankers initial public offering in favor of such dissolution. However, there can be no assurance that Community Bankers stockholders would approve a dissolution in a timely manner or ever approve a dissolution. If Community Bankers is not able to obtain the approval from a majority of the then outstanding shares of Community Bankers common stock, Community Bankers would not be able to dissolve and liquidate and Community Bankers would not be able to distribute funds from its trust account to public stockholders and these funds would not be available for any other corporate purpose.

Community Bankers anticipates that any liquidation would occur pursuant to Section 281(b) of the DGCL and, in this event, its board of directors would be required under Section 281(b) of the DGCL to adopt, within a three year period, a plan of distribution pursuant to which Community Bankers would pay or make reasonable provision to pay all of Community Bankers existing claims and obligations, all contingent, conditional or unmatured contractual claims, claims subject of a pending suit, and claims that are likely to arise or become known within 10 years after its dissolution. Community Bankers plan of distribution will provide that Community Bankers will pay or reserve for such claims from its funds not held in trust. Community Bankers board of directors intends to adopt a plan of distribution and to distribute the funds held in trust and any of its remaining assets to public stockholders as promptly as practicable following Community Bankers dissolution. Until adoption of Community Bankers plan of distribution and distribution of the funds held in trust, which Community Bankers anticipates would be accomplished within six months following board approval of Community Bankers dissolution, the funds would remain in trust and held by the trustee in permitted investments.

Assuming Community Bankers dissolution were submitted to and approved by its stockholders in accordance with Delaware law, the holders of Community Bankers common stock issued in Community Bankers initial public offering would, in that event, be entitled to receive their proportionate share of the trust account (including any interest not released to Community Bankers, net of taxes, and the deferred underwriting discount). In addition, such holders would be entitled to receive a pro rata portion of Community Bankers remaining assets not held in trust, less amounts Community Bankers would pay, or reserve to pay, for all of Community Bankers liabilities and obligations. These liabilities and obligations include Community Bankers corporate expenses arising during Community Bankers remaining existence and the costs associated with its dissolution and liquidation. Community Bankers corporate

expenses are expected to be primarily associated with preparation for and conduct of Community Bankers' special meeting of stockholders and Community Bankers' continuing public reporting obligations, including legal services, proxy soliciting firms, services of Community Bankers' independent public accounting firm and legal fees it may incur in the event of disputes with any claimants or creditors. Gary A. Simanson, Community Bankers' president and chief executive officer, and David Zalman, an initial

stockholder, would be responsible for ensuring that the trust account is not reduced by claims of Community Bankers vendors and service providers in the event of Community Bankers dissolution and liquidation. To the extent funds reserved to pay liabilities or obligations are not subsequently used for such purpose, the funds would be available for distribution to Community Bankers public stockholders or for ongoing corporate expenses including costs of its liquidation during its remaining existence.

Community Bankers initial stockholders have waived their rights to participate in any distribution with respect to shares of common stock owned by them before Community Bankers initial public offering upon its liquidation prior to a business combination. In addition, the representatives of the underwriters in Community Bankers initial public offering have agreed to forfeit any rights to or claims against the portion of the trust account attributable to the contingent underwriting discount in the event Community Bankers does not timely complete a business combination and dissolve and distribute the funds held in the trust account upon its liquidation. There will be no distribution from the trust account with respect to Community Bankers warrants, which will expire without value in the event of Community Bankers liquidation.

Community Bankers currently estimates that if a liquidation were to occur by approximately , there would be approximately \$ in Delaware franchise taxes and income taxes not waived by taxing authorities and for which Messrs. Simanson and Zalman have not agreed to indemnify Community Bankers. Thus, Community Bankers management believes that the total amount available for distribution upon liquidation to the holders of the 7,500,000 shares of common stock issued in Community Bankers initial public offering, including deferred underwriting discounts and accrued interest through , would be approximately \$ or \$ per share.

Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. If a corporation, following its dissolution, complies with the statutory procedures set forth in Section 280 of the DGCL, intended to ensure that the corporation makes reasonable provision for all claims against it, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution. The procedures in Section 280 include a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions may be made to stockholders. However, it is Community Bankers intention to seek approval of its stockholders to make liquidating distributions to its public stockholders as soon as reasonably practicable following Community Bankers dissolution in accordance with Section 281(b) of the Delaware statute. Therefore, Community Bankers stockholders could potentially be liable for any claims to the extent of distributions received by them in a dissolution and any liability of Community Bankers stockholders may extend beyond the third anniversary of such dissolution.

In addition, the proceeds deposited in the trust account could become subject to the claims of Community Bankers creditors and Community Bankers could be required to pay its creditors prior to making any distributions to the holders of shares of Community Bankers common stock that were issued in the initial public offering. Community Bankers has prepaid certain of its material legal, printing, accounting, administrative and financial advisory fees and intends to prepay or to obtain waiver agreements from vendors and service providers it may engage in the future for any material amounts. Any such waiver agreements will provide that the applicable vendor or service provider waives any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of Community Bankers and the holders of shares of Community Bankers common stock that were issued in the initial public offering. If any potential vendor or service provider objects to being prepaid or refuses to enter into a waiver agreement, Community Bankers will consider whether there is a suitable alternative provider, the expected aggregate contract amount and Community Bankers assessment of the potential risk to the trust account before engaging such person. However, because Community Bankers is a blank check company, rather than an operating company, and Community

Bankers' operations are limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from Community Bankers' vendors or service providers (such as accountants, lawyers or investment bankers) or potential target businesses. In addition, TransCommunity has agreed and Community Bankers will require any other target business to agree as part of any definitive acquisition agreement that it will not pursue any claim or enforce any right, title, interest or claim of any kind in or to any monies held in the trust account. As a result of these efforts coupled with Messrs. Simanson's and Zalman's

agreement to be responsible to ensure that the proceeds in the trust account are not reduced by the claims of any vendor or service provider, management believes the claims that could be made against Community Bankers is significantly limited and the likelihood that any claim that would result in any liability extending to the trust is remote. However, there can be no guarantee that persons will not seek recourse against the trust account. Accordingly, Community Bankers cannot assure you that the actual per share liquidation price will not be less than \$ per share due to claims of creditors.

Competition

If Community Bankers succeeds in effecting the merger with TransCommunity or another business combination, there will be, in all likelihood, intense competition from competitors of the target business in the commercial banking industry and other financial service businesses. Community Bankers cannot assure you that, subsequent to a business combination, Community Bankers will have the resources or ability to compete effectively.

Employees

Community Bankers' officers and directors are not obligated to contribute any specific number of hours to Community Bankers' matters and devote only as much time as they deem necessary to its affairs. Community Bankers' executive officers are also involved with business ventures other than Community Bankers. The amount of time they devote in any time period varies based on the availability of suitable target businesses to investigate although Mr. Simanson devotes the majority of his professional time to Community Bankers' business. Community Bankers does not currently have and does not intend to have any full time employees prior to the consummation of the merger with TransCommunity or another business combination.

Properties

Community Bankers maintains its executive offices at 9912 Georgetown Pike, Suite D-203, Great Falls, Virginia 22066. The cost for this space is included in the \$7,500 per-month fee Community Bankers Acquisition, LLC charges Community Bankers for general and administrative services pursuant to a letter agreement between Community Bankers and Community Bankers Acquisition, LLC. The \$7,500 per month fee will no longer be payable following consummation of the merger with TransCommunity or another business combination. We believe, based on rents and fees for similar services in the Great Falls, Virginia metropolitan area, that the fee charged by Community Bankers Acquisition, LLC is at least as favorable as Community Bankers could have obtained from an unaffiliated person. Community Bankers considers its current office space adequate for its current activities.

Legal Proceedings

To the knowledge of management there is no litigation pending or contemplated against Community Bankers or any of Community Bankers' officers or directors in their capacity as such.

Periodic Reporting and Financial Information

Community Bankers has registered its units, common stock and warrants under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and has reporting obligations, including the requirement that it file annual and quarterly reports with the SEC. In accordance with the requirements of the Exchange Act, Community Bankers has filed with the SEC an Annual Report on Form 10-K for its fiscal year ended March 31, 2007 and a Quarterly Report on Form 10-Q for its quarter ended September 30, 2007.

**Community Bankers Management's Discussion and Analysis of Financial Condition and Results of Operations
for the Six Months Ended September 30, 2007**

General

Community Bankers was incorporated on April 6, 2005, to serve as a vehicle to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating commercial bank or bank

holding company. Community Bankers' first business combination or series of such transactions must have a fair market value of at least 80% of Community Bankers' net assets (excluding the amount held in the trust account representing a portion of the underwriters' discount) at the time of such transaction(s). Community Bankers consummated Community Bankers' initial public offering on June 8, 2006. Community Bankers have neither engaged in any operations nor generated any revenues to date other than interest income. Community Bankers' entire activity since inception has been to prepare for and consummate Community Bankers' initial public offering and to identify and investigate targets for an initial business combination.

Until the announcement on September 6, 2007, that Community Bankers had entered into an agreement and plan of merger with a target company, Community Bankers' efforts had been primarily organizational, activities relating to Community Bankers' offering and searching for and identifying targets for an initial business combination. Until the consummation of a business combination, Community Bankers expects interest earned on the offering proceeds held in trust to be Community Bankers' primary source of income.

Community Bankers entered into an agreement and plan of merger with TransCommunity on September 5, 2007. The agreement and plan of merger sets forth the terms and conditions of Community Bankers' acquisition of TransCommunity through the merger of TransCommunity with and into Community Bankers. TransCommunity Bank, a wholly owned subsidiary of TransCommunity, will become a wholly owned subsidiary of the surviving company in the merger.

Under the terms of the agreement and plan of merger, Community Bankers will issue to the stockholders of TransCommunity, for each share of TransCommunity's common stock that they own, 1.4200 shares of Community Bankers' common stock, subject to adjustment as described below. If the daily average closing price for Community Bankers' common stock for the 20 consecutive days of trading in such stock ending five days before the closing date is less than \$7.42, Community Bankers will increase the exchange ratio to the quotient obtained by dividing \$10.5364 by such daily average closing price.

In addition, at the effective time of the merger, each outstanding option to purchase shares of TransCommunity's common stock under any of TransCommunity's stock plans shall vest pursuant to its terms and shall be converted into an option to acquire the number of shares of Community Bankers' common stock equal to the number of shares of common stock underlying the option multiplied by the Exchange Ratio. The exercise price of each option will be adjusted accordingly.

Consummation of the merger is subject to a number of customary conditions including the approval of the merger by the stockholders of each of TransCommunity and Community Bankers and the receipt of all required regulatory approvals. In addition, closing of the transaction is also conditioned on holders of fewer than 20% of the shares of Community Bankers' common stock voting against the transaction and electing to convert their shares of Community Bankers' common stock into cash. Pursuant to the agreement and plan of merger either party may terminate the agreement in the event the merger is not consummated by May 31, 2008.

Due to regulatory and stockholder approvals as well as the closing conditions associated with the transaction, Community Bankers cannot assure stockholders and investors that Community Bankers will consummate the merger in the allotted time. If Community Bankers does not effect the merger with TransCommunity by June 7, 2008, Community Bankers will be forced to dissolve and liquidate.

Results of Operations for the Three Months Ended September 30, 2007.

For the three months ended September 30, 2007, operating costs of \$111,605 consisted primarily of \$31,167 in legal and other professional fees, \$26,813 for office and administrative services, \$23,625 for amortization of prepaid

insurance and \$30,000 for travel and due diligence. Interest income on the trust fund investments, including interest allocable to shares subject to possible conversion, amounted to \$712,368. This resulted in net income for the three months ended September 30, 2007 of \$372,550, net of \$228,338 of provision for income taxes.

Results of Operations for the Six Months Ended September 30, 2006.

For the six months ended September 30, 2007, operating costs of \$171,887 consisted primarily of \$36,516 in legal and other professional fees, \$55,871 for office and administrative services and \$49,000 for amortization of

prepaid insurance and \$30,500 for travel and due diligence. Interest income on the trust fund investments, including interest allocable to shares subject to possible conversion, amounted to \$1,418,538. This resulted in net income for the six months ended September 30, 2007 of \$779,392, net of \$477,691 of provision for income taxes.

Liquidity and Capital Resources.

The net proceeds of Community Bankers' initial public offering, after deducting the underwriters discount and initial public offering expenses, was \$54,950,000. Of these net proceeds, \$54,350,000 has been placed in a trust account at J.P. Morgan Chase Bank maintained by Continental Stock Transfer & Trust Company, New York, New York, as trustee, and invested in U.S. government securities together with an additional \$2,100,000 of deferred underwriting compensation. The funds held in the trust account, other than the deferred underwriting compensation, may be used as consideration to pay the sellers of a target business with which Community Bankers ultimately completes a business combination. One-half of the interest earned on the trust account, net of taxes, will be retained in the trust account for distribution to public stockholders under certain circumstances. The remaining interest earned on the trust account, net of taxes, up to \$1,129,000 may be released to us periodically to fund Community Bankers' working capital requirements. Upon the consummation of a business combination, Community Bankers will pay the deferred underwriting compensation to the underwriters out of the proceeds of the initial public offering held in trust. Any amounts not paid as consideration to the sellers of the target business or to the underwriters as deferred underwriting fees may be used to finance the operations of the target business, pay expenses associated with the merger, make capital contributions, repurchase Community Bankers' securities or to engage in subsequent acquisitions.

As of September 30, 2007, Community Bankers had cash not held in trust of \$397,225, including interest released to us from the trust account. During the balance of 2007 and in 2008 until consummation of a business combination, Community Bankers will generate interest income on Community Bankers' cash outside of the trust account which can also be used to pay part of Community Bankers' costs and expenses. Community Bankers will be using the funds not held in trust together with interest released to us from the trust account from time to time for identifying and evaluating prospective acquisition candidates, performing business due diligence on prospective target businesses, traveling to and from the offices of prospective target businesses, reviewing corporate documents and material agreements of prospective target businesses, selecting the target business to acquire and structuring, negotiating and consummating the business combination. Community Bankers' cash requirements are expected to change based on the timing, nature and outcome of Community Bankers' intended business combination.

Community Bankers is obligated, commencing June 5, 2006, and ending upon the acquisition of a target business, to pay to Community Bankers Acquisition, LLC, an affiliate of one of Community Bankers' directors and executive officers and a stockholder, a monthly fee of \$7,500 for office space and general and administrative services. Community Bankers anticipates that Community Bankers will incur, in addition to the administrative fee to Community Bankers Acquisition LLC, expenses for legal, accounting and other expenses attendant to the structuring, negotiating and completing of Community Bankers' initial business combination, due diligence of prospective target businesses, expenses in legal and accounting fees relating to bank regulatory compliance, SEC reporting obligations and internal controls and for general working capital that will be used for miscellaneous expenses and reserves, including director and officer liability insurance premiums. Community Bankers has prepaid \$687,000 in expenses for professional fees, administrative services and insurance and believe that Community Bankers has sufficient capital to meet Community Bankers' day-to-day operating expenses until consummation of Community Bankers' initial business combination. However, Community Bankers may need to raise additional funds through a private offering or debt or equity securities if it is required to consummate a business combination that is presented to us. Community Bankers would only consummate such a fundraising simultaneously with the consummation of a business combination.

Quantitative and Qualitative Disclosures About Market Risk

Market risk is a broad term for the risk of economic loss due to adverse changes in the fair value of a financial instrument. These changes may be the result of various factors, including interest rates, foreign exchange rates, commodity prices and/or equity prices. Community Bankers' exposure to market risk is limited to interest income sensitivity with respect to the funds placed in the trust account. However, the funds held in Community Bankers

trust account have been invested only in U.S. government securities, defined as any Treasury Bill issued by the United States having a maturity of one hundred and eighty days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act of 1940, so Community Bankers is not deemed to be an investment company under the Investment Company Act. Thus, Community Bankers is subject to market risk primarily through the effect of changes in interest rates on government securities. The effect of other changes, such as foreign exchange rates, commodity prices and/or equity prices, does not pose significant market risk to us.

Community Bankers Management's Discussion and Analysis of Financial Condition and Results of Operations for the Year Ended March 31, 2007 and the Period April 6, 2005 to March 31, 2006

The following discussion of Community Bankers' financial condition and results of operations should be read in conjunction with Community Bankers' financial statements included in this joint proxy statement/prospectus, the accuracy of which involves risks and uncertainties. Community Bankers' actual results could differ materially from those anticipated in these forward-looking statements for many reasons, including the risks faced by Community Bankers described in "Risk Factors" on page .

General

Community Bankers was incorporated on April 6, 2005, to serve as a vehicle to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating commercial bank or bank holding company. Community Bankers' first business combination or series of such transactions must have a fair market value of at least 80% of Community Bankers' net assets (excluding the amount held in the trust account representing a portion of the underwriters' discount) at the time of such transaction(s). Community Bankers consummated its initial public offering on June 8, 2006. Community Bankers neither engaged in any operations nor generated any revenues, other than interest income, nor incurred any debt or expenses during the period ended March 31, 2007, other than in connection with Community Bankers' initial public offering, meeting Community Bankers' regulatory reporting requirements including legal and accounting and certain legal and other expenses related to pursuing acquisitions of targets. Community Bankers' entire activity since inception has been to prepare for and consummate our initial public offering and to identify and investigate targets for an initial business combination.

Community Bankers is not presently engaged in, and will not engage in, any substantive commercial business until it consummates the merger with TransCommunity or another business combination. Community Bankers intends to utilize cash derived from the proceeds of its initial public offering, its capital stock, debt or a combination of cash, capital stock and debt, in effecting the merger with TransCommunity or another business combination. If Community Bankers is unable to consummate the merger with TransCommunity by June 7, 2008, Community Bankers will be required to dissolve and liquidate.

Results of Operations for the Period April 6, 2005 (inception) to March 31, 2006

For the period ended March 31, 2006, Community Bankers had no operating costs or income.

Results of Operations for the Year Ended March 31, 2007

For the year ended March 31, 2007, operating costs of \$338,661 consisted primarily of \$117,222 in legal and professional fees, \$75,000 for office and administrative services, \$87,500 for amortization of prepaid insurance and \$7,748 in travel expenses. Interest income on the trust account investments, including interest allocable to shares subject to possible conversion, amounted to \$2,268,760. This resulted in net income for the year ended March 31, 2007 of \$1,124,099.

Liquidity and Capital Resources

The net proceeds of Community Bankers' initial public offering, after deducting the underwriters' discount and offering expenses, was \$54,950,000. Of these net proceeds, \$54,350,000 was placed in a trust account at J.P. Morgan Chase Bank maintained by Continental Stock Transfer & Trust Company, New York, New York, as

trustee, and invested in United States government securities together with an additional \$2,100,000 of deferred underwriting compensation. The funds held in the trust account, other than the deferred underwriting compensation, may be used as consideration to pay the sellers of a target business with which Community Bankers ultimately completes a business combination. One-half of the interest earned on the trust account, net of taxes, will be retained in the trust account for distribution to the holders of shares of Community Bankers common stock that was issued in the initial public offering under certain circumstances. The remaining interest earned on the trust account, net of taxes, up to \$1,129,000 may be released to Community Bankers periodically to fund its working capital requirements. Upon the consummation of the merger with TransCommunity or another business combination, Community Bankers will pay the deferred underwriting compensation to the underwriters in its initial public offering out of the proceeds of its initial public offering held in trust. Any amounts not paid as consideration to the sellers of the target business or to the underwriters in Community Bankers' initial public offering as deferred underwriting fees may be used to finance the operations of the target business or for subsequent acquisitions.

As of March 31, 2007, Community Bankers had cash not held in trust of \$676,183, including \$600,000 of interest released to Community Bankers from the trust account. In 2007, Community Bankers will generate interest income on its cash outside of the trust account which can also be used to pay part of its costs and expenses. Community Bankers uses the funds not held in trust together with interest released to Community Bankers from the trust account from time to time for identifying and evaluating prospective acquisition candidates, performing business due diligence on prospective target businesses, traveling to and from the offices of prospective target businesses, reviewing corporate documents and material agreements of prospective target businesses, selecting the target business to acquire and structuring, negotiating and consummating the business combination. Community Bankers' cash requirements are expected to change based on the timing, nature and outcome of our intended business combination.

Off Balance Sheet Arrangements

As of March 31, 2007, Community Bankers did not have any off balance sheet arrangements.

Contractual Obligations

The following table shows the amounts due in connection with Community Bankers' contractual obligations as of March 31, 2007.

	Total	Payments Due by period			More Than 5 Years
		Less Than 1 Year	1-3 Years	3-5 Years	
Long-term contractual obligations(1)(2)	\$ 105,000	\$ 90,00	\$ 15,000		

(1) Represents sums payable to Community Bankers Acquisition LLC, an affiliate of the Company's president and a stockholder, for office space, office and secretarial services commencing June 5, 2006 and continuing at \$7,500 per month through the acquisition of a target business.

(2) Does not include \$2,100,000 which the underwriters in Community Bankers' initial public offering deposited in the trust account at JP Morgan Chase NY Bank maintained by Continental Stock Transfer & Trust Co., as trustee, and which fees will be deferred and paid to such underwriters only upon consummation of a business combination within 18 months after June 8, 2006 (or 24 months in the event a letter of intent, agreement in

principle or definitive agreement has been executed within 18 months after June 8, 2006 and the business combination has not yet been consummated within such 18 month period). In the event a business combination is not timely completed, such funds will be forfeited by such underwriters and available for distribution upon Community Bankers liquidation.

Special Advisors

Community Bankers also may consult, from time to time, with certain individuals who have experience in the financial and/or banking sectors, who Community Bankers calls its special advisors, each of whom may also be a stockholder, who may assist Community Bankers in its search for, and evaluation of, its target business and other matters relating to its operations. However, no compensation of any kind, including finder's and consulting fees, other than reimbursement for any out-of-pocket expenses incurred in connection with activities on our behalf, such as identifying potential target businesses and performing due diligence on suitable business combinations, will be paid to any of Community Bankers' existing stockholders, including its special advisors, or any of their affiliates, for services rendered to Community Bankers prior to or in connection with the consummation of the business combination. Community Bankers' special advisor is as follows:

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Community Bankers' executive officers and directors, and persons who own more than 10% of any publicly traded class of our equity securities, to file reports of ownership and changes in ownership of equity securities of the Company with the SEC and the American Stock Exchange.

Officers, directors, and greater-than-10% stockholders are required by the SEC's regulations to furnish the Company with copies of all Section 16(a) forms that they file.

Based solely upon a review of Forms 3 and Forms 4 furnished to Community Bankers during the most recent fiscal year, and Forms 5 with respect to its most recent fiscal year, Community Bankers believes that all such forms required to be filed pursuant to Section 16(a) of the Exchange Act were timely filed, as necessary, by the officers, directors, and security holders required to file the same during the fiscal year ended March 31, 2007.

Board of Directors

The board of directors oversees the business affairs of Community Bankers and monitors the performance of management. Pursuant to Community Bankers' bylaws, the board of directors has established that the board of directors shall consist of five members. Community Bankers' board of directors is divided into three classes with only one class of directors being elected in each year and each class serving a three-year term. The term of office of the first class of directors, consisting of Messrs. Bagley and Walz, will expire at Community Bankers' first annual meeting of stockholders following completion of the initial public offering. The term of office of the second class of directors, consisting of Mr. Paperin, will expire at the second annual meeting following completion of the initial public offering. The term of office of the third class of directors, consisting of Mr. Simanson and Mr. Putnam, will expire at the third annual meeting following completion of the initial public offering.

During the fiscal year ended March 31, 2007, Community Bankers' board of directors acted through one meeting and through unanimous written consent. During 2007, all directors attended at least 75% of the meetings of our board of directors and the committees on which they served except that Mr. Paperin did not attend one of the two meetings of the audit committee during that period.

Community Bankers' board of directors has established policies regarding meetings and executive sessions. Under such policies, Community Bankers' board of directors is to meet at least quarterly and the independent directors of Community Bankers' board of directors shall meet in executive session without management on a regularly scheduled basis, but no less than once annually. Community Bankers' board of directors encourages all current board of directors members and all nominees for election to Community Bankers' board of directors put forth in its proxy statement to attend the annual meeting of stockholders; *provided, however*, attendance shall not be required if personal circumstances affecting the board of directors member or director nominee make his or her attendance impracticable or inappropriate.

Committees of the Board of Directors

Community Bankers' board of directors has an audit committee, a nominating committee and compensation committee, each consisting of Eugene S. Putman, Jr., Stewart J. Paperin and Keith Walz.

Audit Committee

Each of the directors Community Bankers appointed to its audit committee are independent as defined by the rules of the American Stock Exchange and the rules and regulations of the SEC. Each member of Community Bankers' audit committee is financially literate under the current listing standards of the American Stock Exchange, one of whom qualifies as an audit committee financial expert, as such term is defined by SEC rules.

The audit committee, in accordance with its charter, reviews the professional services and independence of Community Bankers' independent registered public accounting firm and our accounts, procedures and internal controls. The audit committee also recommends the firm selected to be Community Bankers' independent registered

public accounting firm, reviews and approves the scope of the annual audit, reviews and evaluates with the independent public accounting firm Community Bankers annual audit and annual consolidated financial statements, reviews with management the status of internal accounting controls, evaluates problem areas having a potential financial impact on Community Bankers that may be brought to the committee's attention by management, the independent registered public accounting firm or the board of directors, and evaluates all of Community Bankers public financial reporting documents. The audit committee also monitors compliance on a quarterly basis with the terms of Community Bankers initial public offering. If any noncompliance is identified, then the audit

committee is charged with the responsibility to take immediately all action necessary to rectify such noncompliance or otherwise cause compliance with the terms of Community Bankers' initial public offering. The audit committee held two meetings during the fiscal year ended March 31, 2007.

Nominating Committee

Community Bankers' board of directors has also established a nominating committee, consisting of Stewart J. Paperin, Eugene S. Putnam, Jr. and Keith Walz, and has adopted a charter for this committee. The nominating committee is responsible for making recommendations to the board of directors regarding the membership of Community Bankers' board of directors, including; (1) recommending to the board of directors the slate of director nominees for election at the annual meeting of stockholders; (2) considering, recommending and recruiting candidates to fill any vacancies or new positions on the board of directors, including candidates that may be recommended by stockholders; (3) establishing criteria for selecting new directors; and (4) reviewing the backgrounds and qualifications of possible candidates for director positions. The nominating committee did not hold any meetings during the fiscal year ended March 31, 2007.

The nominating committee will evaluate a candidate proposed by any single stockholder or group of stockholders that beneficially owned more than 5% of Community Bankers' common stock for at least one year (and will hold the required number of shares through the meeting of stockholders at which the election will occur) and that satisfies the notice, information and consent procedures set forth below.

To submit a recommendation of a director candidate to the committee, a stockholder should submit the following information in writing, addressed to the chairman of the nominating committee, care of the corporate secretary, at our main office; (1) the name of the person recommended as a director candidate; (2) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act, as amended; (3) the written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected; (4) as to the stockholder making the recommendation, the name and address, as they appear on Community Bankers' books, of such stockholder; *provided, however*, that if the stockholder is not a record holder of Community Bankers' common stock, the stockholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of such stockholder's shares of Community Bankers' common stock; and (5) a statement disclosing whether such stockholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

In order for a director candidate to be considered for nomination at Community Bankers' annual meeting of stockholders, the recommendation must be received by the committee at least 120 calendar days prior to the date Community Bankers' proxy statement was released to stockholders in connection with the previous year's annual meeting, advanced by one year.

Compensation Committee

Community Bankers' board of directors has also established a compensation committee, consisting of Eugene S. Putnam, Jr., Keith Walz and Stewart J. Paperin, in order to comply with the American Stock Exchange corporate governance listing requirements. Community Bankers' compensation committee does not currently have a charter, as management will receive no compensation until completion of a business combination and held no meetings during the fiscal year ended March 31, 2007.

Code of Conduct and Ethics

Edgar Filing: Community Bankers Acquisition Corp. - Form S-4

Community Bankers has adopted a Code of Conduct and Ethics that applies to all employees as well as its principal executive, financial and accounting officers. Community Bankers will provide a copy of its Code of Conduct and Ethics free of charge to any person who submits a written request to Gary A. Simanson, President and Chief Executive Officer, Community Bankers Acquisition Corp., 9912 Georgetown Pike, Suite D-203, Great Falls, Virginia 22066.

Communicating with the Board

Community Bankers' board of directors has established a policy regarding stockholder communications. Communications from security holders should be in the form of written correspondence, and should be sent via registered mail or overnight delivery service to Community Bankers' corporate office, care of the corporate secretary. The correspondence shall include supporting documentation evidencing the security holder's security holdings in Community Bankers. Community Bankers' board of directors will not respond to or act upon any security holder correspondence that pertains to the solicitation of services or products (for use by Community Bankers or its board of directors) conducted by or obtained from the security holder or any entity with which the security holder has an affiliation. Security holders should follow the rules adopted under the Exchange Act and the procedures disclosed within the Community Bankers' bylaws and proxy statement to submit stockholder proposals intended for inclusion in our proxy statement for the next annual meeting of stockholders and should follow the procedures described within Community Bankers' proxy statement or other Exchange Act filings to submit board of director nominations. See procedure for stockholder nominations set forth above.

Executive Compensation

Compensation Discussion and Analysis

No executive officer or director has received any cash compensation for services rendered. Commencing on June 5, 2006, through the acquisition of a target business, Community Bankers will pay Community Bankers Acquisition, LLC, an affiliate of Mr. Simanson, Community Bankers' president and chief executive officer, and Mr. Zalman, a stockholder, a fee of \$7,500 per month for providing Community Bankers with office space and certain office and secretarial services.

Other than this \$7,500 per-month fee, no compensation of any kind, including finder's and consulting fees, will be paid to any of Community Bankers' existing stockholders, or any of their respective affiliates, including First Capital Group, an entity owned by Mr. Simanson, for services rendered to Community Bankers prior to or with respect to the business combination. However, Community Bankers' existing stockholders will be reimbursed for any out-of-pocket expenses incurred in connection with activities on Community Bankers' behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Such individuals may be paid consulting, management or other fees from target businesses, either prior to or as a result of the business combination, with such amounts being fully disclosed to stockholders, to the extent then known, in the proxy materials furnished to the stockholders. There is no limit on the amount of these out-of-pocket expenses and there will be no review of the reasonableness of the expenses by anyone other than Community Bankers' board of directors, which includes persons who may seek reimbursement, or a court of competent jurisdiction if such reimbursement is challenged.

Employment Agreements

Currently, Community Bankers does not have an employment agreement with Gary A. Simanson, its sole executive officer. Community Bankers expects to enter into employment agreements with each of Bruce B. Nolte, Patrick J. Tewell, Richard C. Stonbraker, M. Andrew McLean and Gary A. Simanson prior to the completion of the merger. Upon completion of the proposed merger with BOE, Community Bankers also expects to enter into employment agreements with George M. Longest, Jr. and Bruce E. Thomas. For more information, see *Interests of Directors and Officers of Community Bankers and TransCommunity that Differ from Your Interests* Employment Agreements.

Director Compensation

None of Community Bankers' directors received compensation for their service to Community Bankers since inception through December 31, 2007, nor have there been any grants of stock based awards or stock options to directors. Compensation has not been determined for directors of the surviving corporation following the merger with TransCommunity.

Compensation Committee Interlocks and Insider Participation

There are no interlocks or insider participation between any member of Community Bankers' board of directors and any member of the board of directors or compensation committee of another company.

Indemnification Matters

Community Bankers' certificate of incorporation provides for indemnification of agents including directors, officers and employees to the maximum extent allowed by Delaware law. Community Bankers' certificate of incorporation requires indemnification of any person who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was a director, officer, employee or agent if our board of directors (or other committee or entity empowered to make such a determination) formally determines that he acted in good faith and in a manner reasonably deemed consistent with, or not opposed to, Community Bankers' best interests. With respect to any criminal action or proceeding, Community Bankers' board of directors (or other committee or entity empowered to make such a determination) must formally determine that he had no reasonable cause to believe his conduct was unlawful. In the case of any action, suit or proceeding by or in the right of Community Bankers, no indemnification shall be made if such person is determined to be liable to Community Bankers, unless and only to the extent that the court in which such proceeding was brought determines upon application that such person is fairly and reasonably entitled to indemnity. To the extent that a director, officer, employee or agent has prevailed in defense of any such action, suit or proceeding, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him. The indemnification provided by Community Bankers' certificate of incorporation is not exclusive of any other rights to which those seeking indemnification may be entitled under any statute, bylaw, agreement, vote of uninvolved stockholders, directors or otherwise.

Community Bankers' certificate of incorporation also provides that Community Bankers may purchase and maintain insurance covering its directors, officers, employees and agents against any liability asserted against any of them and incurred by any of them, whether or not Community Bankers would have the power to indemnify them against such liability under the provisions of our certificate of incorporation and applicable Delaware law.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers or controlling persons pursuant to the provisions described above, or otherwise, Community Bankers has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

All of the shares owned by Community Bankers' initial stockholders are held in escrow by Continental Stock Transfer & Trust Company as escrow agent. These shares will be released from escrow on June 2, 2009, but only if the merger with TransCommunity or another business combination is completed on or before the deadlines contained in Community Bankers' certificate of incorporation. The holders of the majority of these shares are entitled to make up to two demands that Community Bankers register these shares for resale pursuant to an agreement signed concurrently with the consummation of Community Bankers' initial public offering. The holders of the majority of these shares are entitled to elect to exercise these registration rights at any time after the date on which these shares of common stock are released from escrow. In addition, these stockholders will have certain piggy-back registration rights on registration statements filed subsequent to the date on which these shares of common stock are released from escrow. Community Bankers will bear the expenses incurred in connection with the filing of any such registration statements.

In addition, Gary A. Simanson, president and chief executive officer of Community Bankers, and David Zalman, a stockholder, agreed as part of Community Bankers' initial public offering, pursuant to an agreement with the representatives of the underwriters in the initial public offering, that they or their affiliates or designees, would purchase up to 1,000,000 warrants in the aggregate in open market transactions at market prices not to exceed \$0.80 per warrant. Under this agreement, I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc., the representatives of the underwriters, also agreed to place an irrevocable order for the purchase by them, or their affiliates or designees, of up to 500,000 warrants in the aggregate under identical terms and conditions as the purchases by Mr. Simanson and Mr. Zalman. As a result of the agreement, Community Bankers Acquisition LLC, an affiliate of Mr. Simanson, acquired an aggregate of 349,724 warrants and the representatives of the underwriters acquired an aggregate of 300,000 warrants.

Community Bankers Acquisition, LLC, an affiliate of Mr. Simanson, Community Bankers' president and chief executive officer, and Mr. Zalman, a stockholder, has agreed that, commencing on the effective date of Community Bankers' initial public offering prospectus through the acquisition of a target business, it will make available to Community Bankers a small amount of office space and certain office and secretarial services, as Community Bankers may require from time to time. Community Bankers has agreed to pay Community Bankers Acquisition, LLC \$7,500 per month for these services. An aggregate of \$180,000 has been paid through December 31, 2007.

There is no limit on the amount of accountable out-of-pocket expenses reimbursable by Community Bankers, which will be reviewed only by Community Bankers' board of directors or a court of competent jurisdiction if such reimbursement is challenged. As of the date of this joint proxy statement/prospectus, the out-of-pocket expenses currently owed by Community Bankers to its officers and directors is estimated to be less than \$.

Other than the \$7,500 per month administrative fees and reimbursable out-of-pocket expenses payable to Community Bankers' officers, directors and stockholders, no compensation or fees of any kind, including finders and consulting fees, will be paid to any of Community Bankers' existing stockholders, officers or directors who owned Community Bankers common stock prior to Community Bankers' initial public offering, or to any of their respective affiliates, including First Capital Group which is affiliated with Mr. Simanson, for services rendered to Community Bankers prior to or with respect to the business combination.

All ongoing and future material transactions between Community Bankers and any of its officers and directors or their respective affiliates will be on terms believed by Community Bankers to be no less favorable than are available from unaffiliated third parties and will require prior approval in each instance by a majority of the members of Community Bankers' board of directors who do not have an interest in the transaction. In their consideration of each transaction, these members of the board of directors will be provided with access, should they so request and at Community

Bankers' expense, to Community Bankers' attorneys or independent legal counsel selected by them. Moreover, Community Bankers shall endeavor to obtain and present to the directors considering such transaction estimates obtained from unaffiliated third parties for similar goods or services to ascertain whether such transaction is on terms that are no less favorable to Community Bankers than is otherwise available from such unaffiliated third parties. If a transaction with an affiliated third party is found to be on terms less favorable to Community Bankers than with an unaffiliated third party, Community Bankers will not engage in such transaction.

INFORMATION ABOUT TRANSCOMMUNITY FINANCIAL CORPORATION

General

TransCommunity is a financial holding company and the parent company of TransCommunity Bank. TransCommunity was formed in March 2001, principally in response to perceived opportunities resulting from the takeover in recent years of a number of Virginia-based banks by national and regional banking institutions. Until June 29, 2007, TransCommunity was the holding company for four separately-chartered banking subsidiaries: Bank of Powhatan, Bank of Goochland, Bank of Louisa and Bank of Rockbridge. On June 29, 2007, these four subsidiaries were consolidated into a new TransCommunity Bank. Each former subsidiary now operates as a division of TransCommunity Bank, but has retained its name and local identity in the community that it serves.

At September 30, 2007, TransCommunity had total assets of \$223.0 million, total loans net of the allowance for loan losses of \$186.3 million, total deposits of \$192.0 million and total stockholders' equity of \$29.9 million.

TransCommunity's headquarters are located at 4235 Innslake Drive, Glen Allen, Virginia.

TransCommunity Bank and its Divisions

TransCommunity Bank operates a community banking business in central Virginia west and north of the greater Richmond metropolitan area. TransCommunity Bank is structured to support the operations of its four bank divisions, allowing each bank division, with its own board of directors and local management team to exercise broad decision-making flexibility. TransCommunity believes that the best banks are independently run, locally directed, focused on their local communities and able to respond to customer needs as rapidly as possible. Under the TransCommunity business model, each of its community bank divisions has the authority to serve and represent its local community. The focus of TransCommunity's consolidated bank operations is principally to create cost savings through use of a common operational platform.

Information with respect to each of TransCommunity Bank's divisions is set forth below.

Bank of Powhatan. Bank of Powhatan commenced its banking operations in March 2000 and has one office located on the north side of U.S. Route 60, the major east-west highway in Powhatan County.

Powhatan County is a suburb of Richmond and is experiencing significant growth in population. According to the University of Virginia Weldon Cooper Center for Public Service, from 2000 to 2006, Powhatan County's population grew 20%. The Powhatan County deposit market grew 154% or by \$149 million from June 30, 2000 to June 30, 2007, according to a report, from the Federal Deposit Insurance Corporation (FDIC). The bank is evaluating opening a second office in Powhatan County serving a highly desirable area, which includes the zip code with the highest average household income in the greater Richmond metropolitan area.

At September 30, 2007, the Bank of Powhatan had \$64.4 million of total deposits. At June 30, 2007, it had \$65.4 million of total deposits, which represents a 26.6% market share in deposits in Powhatan County as of the most recent report from the FDIC.

Bank of Goochland. Bank of Goochland opened in November 2002. Goochland County is contiguous to Powhatan County but separated by the James River west of Richmond and is a 45-minute drive from Charlottesville. Bank of Goochland operates two offices in Goochland County. The main office is located in Centerville, on U.S. Route 250, a heavily-traveled route used by Goochland County residents in their commute to and from work in the Richmond area.

Edgar Filing: Community Bankers Acquisition Corp. - Form S-4

This location is six miles west of Glen Allen (where TransCommunity is headquartered), a significant business community in western Henrico County. The Bank also operates a second office at historic Goochland Courthouse, which serves the western portion of the Goochland market.

According to the University of Virginia Weldon Cooper Center for Public Service, Goochland County has experienced a 17% population growth from 2000 to 2006. The deposits in Goochland County grew 136% or by \$104 million from June 30, 2000 to June 30, 2007, according to the most recent report from the FDIC.

At September 30, 2007, the Bank of Goochland had \$89.1 million of total deposits. At June 30, 2007, it had \$82.5 million of total deposits, which represents a 46% market share in deposits in Goochland County as of the most recent report from the FDIC.

Bank of Louisa. Bank of Louisa opened its first office in July 2003, in the Town of Louisa, as a branch of the Bank of Powhatan. In April 2004, Bank of Louisa was spun off as a separately-chartered bank subsidiary of TransCommunity. Concurrent with its opening, Bank of Louisa purchased the assets and assumed the deposits of the Louisa branch of Bank of Powhatan. The permanent main office for Bank of Louisa, located in the town of Louisa, opened in April 2005.

Louisa County is contiguous to Goochland County's northern boundary and just east of Charlottesville. According to the University of Virginia Weldon Cooper Center for Public Service, Louisa County has experienced 18% population growth from 2000 to 2006. Deposits in Louisa County grew 57% or \$99 million from June 30, 2000 to June 30, 2007, according to the latest report from the FDIC.

At September 30, 2007, the Bank of Louisa had \$30.1 million of total deposits. At June 30, 2007, it had \$29.9 million of total deposits, which represents a 11.1% market share in deposits in Louisa County as of the most recent report from the FDIC.

Bank of Rockbridge. The Bank of Rockbridge opened in December 2006 as a new bank subsidiary of TransCommunity. The central valley area including Rockbridge and the City of Lexington area grew 5% in population between 2000 and 2006, according to the University of Virginia Weldon Cooper Center for Public Service. Deposits in Rockbridge County and the City of Lexington grew 55% or \$171 million during this same time to \$480 million, according to the FDIC.

At September 30, 2007, the Bank of Rockbridge had \$8.4 million of total deposits. At June 30, 2007, it had \$6.3 million of total deposits, which represents a 1.3% market share in deposits in Rockbridge County and the City of Lexington as of the most recent report from the FDIC.

Operating Strategy

TransCommunity's operating strategy has historically focused on the operating efficiencies that a holding company could offer a multi-bank subsidiary structure. The centralization of many back room operations functions that do not routinely touch the customer lowers overall operating costs, as the holding company could provide services such as information technology, telephone and data services, item processing and website management in bulk form, and to improve operating efficiencies. In addition, managing the delivery of these services from TransCommunity has allowed its bank managers to devote more time to serving customers. TransCommunity's current common operating platform includes deposit operations, credit administration and accounting.

The business model, however, is not dependent on maintaining separate subsidiary bank charters; rather, the primary focus is local decision-making and empowering the managers in the communities that TransCommunity serves with operational decision-making authority. In recent years, the cost of maintaining separate and independent subsidiaries has increased with more stringent regulatory requirements for internal accounting and financial controls. In January 2007, TransCommunity's board of directors voted unanimously to consolidate its four existing bank subsidiaries into a single legal entity, TransCommunity Bank. The consolidation was completed on June 29, 2007. TransCommunity believes that the consolidation of its banks will result in significantly lowered operating expenses, and can be achieved without impacting the local decision-making processes that are at the heart of its business model.

TransCommunity's long-term strategy is to build a profitable financial services organization. This strategy means more product and financial solutions for the customer, more cost savings and revenue generating opportunities. TransCommunity does not plan to expand or acquire other entities for the sake of asset growth alone. Its focus is on revenue growth and profitability, and on developing a complete financial services platform.

Growth Strategy

TransCommunity's goal is to provide superior, long-term returns to its stockholders by building a significant community banking franchise in Virginia. Virginia is dominated by large, out-of-state banks, which have expanded their market presence in Virginia primarily by acquiring Virginia-domiciled institutions. TransCommunity intends to target underserved or over-consolidated markets in Virginia and to enter those markets through one of the following strategies:

Strategic De Novo Banks. TransCommunity has developed substantial knowledge and expertise in organizing *de novo* banks. To date, it has opened four *de novo* banks. While TransCommunity has recently chosen to consolidate its four existing bank charters into a single bank, there may be situations where the operational and economic benefits of establishing additional new independent banks outweigh the associated costs. TransCommunity may add new *de novo* banks in attractive markets where it can hire experienced management teams.

Selective De Novo Branching. To date, only Bank of Goochland has established a new branch office. At present, TransCommunity is actively evaluating an additional branch for its Bank of Powhatan division. As it grows, TransCommunity will consider opportunities to establish new branches in its existing market footprint to leverage the brand awareness developed by its bank divisions, and to provide additional convenience to its customers. In some cases, TransCommunity may establish branches in new markets that operate under a separate name with a *doing business as* designation to better establish a close tie to the local community.

Opportunistic Acquisitions. While Virginia is dominated by large, out-of-state banks, there are over 70 banking institutions headquartered in Virginia that have less than \$250 million in assets. TransCommunity believes that many of these smaller banks will seek to merge with companies that have the infrastructure in place to handle the growing back-office and regulatory burden faced by smaller institutions. TransCommunity's decentralized decision-making structure and approach should also be attractive to the management, board of directors, employees and stockholders of such companies. TransCommunity believes that these factors will make TransCommunity a competitive acquirer.

Lending Activities

General. Each of TransCommunity Bank's divisions emphasizes a range of lending activities, including real estate, commercial, and consumer loans to individuals, small businesses and professional firms located in central Virginia. Each division has its own loan underwriting authority exercised by its president and loan committee. TransCommunity has developed a common set of loan underwriting standards for use by each of its banks which vary by type of loan, as described below. Each of TransCommunity Bank's divisions seeks to underwrite loans in accordance with these common underwriting guidelines, as well as applicable regulatory supervisory limits. TransCommunity does not maintain a loan committee at the holding company level. TransCommunity believes that local lending authority allows it to be more responsive than its regional and national competitors.

Since loans typically provide higher interest yields than other types of interest-earning assets, TransCommunity seeks to invest a substantial percentage of its earning assets in its loan portfolio. TransCommunity believes it has a competitive market advantage over larger national and regional banking institutions because it provides borrowers with a wide variety of lending products in the range of approximately \$250,000 to \$1.5 million that these larger banks may not want to offer because of the size or characteristics of the loan, or may not be able to deliver as expeditiously as TransCommunity. At September 30, 2007, TransCommunity had total loans of \$189.0 million, representing 92% of its earning assets.

Each of TransCommunity Bank's divisions seeks to maintain a diversified loan portfolio and to limit the amount of loans to any single client. At September 30, 2007, the 25 largest client relationships at TransCommunity Bank represented \$46 million, or 24% of its loan portfolio. As TransCommunity Bank continues to grow and mature, it expects that this concentrations will decrease as a percentage of total loans.

Regardless of the purpose of an individual loan, each of TransCommunity Bank's divisions seeks to obtain a security interest in real estate whenever possible, in addition to any other collateral available, in order to increase the likelihood of the ultimate repayment of the loan.

Loans Secured by Real Estate. At September 30, 2007, loans secured by real estate represented 80% of the loans in TransCommunity's consolidated portfolio. Real estate lending by TransCommunity Bank's divisions generally consists of commercial real estate loans, construction and development loans, and residential and home equity loans. Interest rates for all categories of real estate loans may be fixed or adjustable, with adjustable-rate loans predominating. In addition to interest, TransCommunity generally charges an origination fee on each loan.

Real estate loans originated by TransCommunity's banks are subject to the same risks as other loans and are particularly sensitive to fluctuations in the value of real estate. While real estate market values in the central Virginia market have risen strongly during the past decade, fluctuations in the value of real estate, as well as other factors arising after a loan has been made, could negatively affect a borrower's cash flow, creditworthiness and ability to repay the loan.

Commercial Real Estate Loans. At September 30, 2007, commercial real estate loans totaled \$49 million or 26% of TransCommunity's consolidated loan portfolio. These loans generally have rate terms of five years or less, although payments may be structured on a longer amortization basis. Each of TransCommunity Bank's divisions evaluates every borrower on an individual basis and attempts to determine the business risks and credit profile of each borrower. TransCommunity also generally requires that a borrower's cash flow be at least 1.15% of monthly debt service obligations. In order to insure secondary sources of payment and liquidity to support loan requests, TransCommunity typically reviews personal financial statements of all principal owners and requires their personal guarantees.

Construction and Development Loans. Each of TransCommunity Bank's divisions offers residential and commercial construction loans to builders and developers as well as to consumers who wish to build their own homes. None of TransCommunity Bank's divisions makes loans in this category on a fixed-rate basis, and as of September 30, 2007, all loans in this category were adjustable rate loans. As of September 30, 2007, a total of \$59 million, or approximately 31% of TransCommunity's consolidated loan portfolio consisted of construction and development real estate loans. The duration of TransCommunity's construction and development loans does not normally exceed 24 months. Construction and development loans generally carry a higher degree of risk than long-term financing of existing properties because repayment depends on the ultimate completion of the project and usually the sale of the property. Specific risks include:

- cost overruns;
- mismanaged construction;
- inferior or improper construction techniques;
- economic changes or downturns during construction;
- a downturn in the real estate market;
- rising interest rates which may prevent sale of the property; or
- failure to sell completed projects in a timely manner.

TransCommunity attempts to reduce the risk associated with construction and development loans by obtaining personal guarantees where possible and by keeping the loan-to-value ratio of the completed project at or below 80% for commercial loans and 85% for consumer loans.

Residential Loans and Home Equity Loans. None of TransCommunity Bank's divisions originates traditional long-term residential mortgages, but each of the divisions does issue second mortgage residential loans and home equity lines of credit. With respect to home equity lines of credit, TransCommunity's policy is to limit extensions of credit to 90% of the available equity in each property. As of September 30, 2007, a total of \$43 million, or 23%, of TransCommunity's consolidated loan portfolio consisted of residential mortgage loans and home equity lines of credit.

Commercial Business Loans. Each of TransCommunity Bank's divisions makes loans for commercial purposes in various lines of business, including manufacturing, service industry and professional service areas. TransCommunity also offers small business loans utilizing government enhancements such as the Small Business Administration's, or SBA, 7(a) program and 504 program, which loans are partially guaranteed by the government, thereby reducing their risk. As of September 30, 2007, a total of \$19 million, or 10%, of TransCommunity's consolidated loan portfolio consisted of commercial business loans.

Consumer Loans. Each of TransCommunity Bank's divisions makes loans to individuals for personal and household purposes, including secured and unsecured installment loans and revolving lines of credit. Consumer loans are underwritten based on the borrower's income, current debt level, past credit history, and the availability and value of collateral. Consumer loans are both fixed and variable, with negotiable terms. TransCommunity's installment loans typically amortize over periods not exceeding 60 months. Each of TransCommunity Bank's divisions offer consumer loans with a single maturity date when a specific source of repayment is available. Typically, each of TransCommunity's banks requires monthly payments of interest and a portion of the principal on revolving loan products. As of September 30, 2007, a total of \$19 million, or 10%, of TransCommunity's consolidated loan portfolio consisted of loans to consumers.

Loan Approval. Certain credit risks are inherent in making loans. These include prepayment risks, risks resulting from uncertainties in the future value of collateral, risks resulting from changes in economic and industry conditions and risks inherent in dealing with individual borrowers. Each of TransCommunity Bank's divisions attempts to mitigate repayment risks by adhering to common credit policies and procedures. These policies and procedures, which are maintained by TransCommunity and are common to all divisions, include officer lending limits, a multi-layered loan approval process for larger loans, documentation examination, and follow-up procedures for any exceptions to credit policies. Each of TransCommunity Bank's divisions has a loan committee of its board of directors that is responsible for oversight of the lending function at that bank. When the amount of aggregate loans to a single borrower exceeds an individual officer's lending authority, the loan request will be considered by an officer with a higher lending authority or by the bank's loan committee. None of TransCommunity Bank's divisions makes any loans to (1) any director or officer of that bank, (2) any director or officer of any affiliate bank, or (3) any officer or director of the holding company, unless the loan is approved by the board of directors of the bank and is on terms not more favorable to such person than would be available to a person not affiliated with that bank.

Credit Administration and Loan Review. TransCommunity maintains a continuous loan review system that is managed at the consolidated bank level. Each of TransCommunity Bank's divisions also applies a consistent credit grading system to each loan, and TransCommunity utilizes an independent consultant to review the loan files annually on a test basis to confirm the grading of each loan. This independent consulting firm reports directly to the chairman of our audit committee of the board of directors. TransCommunity holds each loan officer responsible for the loans he or she makes, regardless of whether other individuals or committees joined in the approval. This responsibility continues until the loan is repaid or until the loan is formally assigned to another officer.

Lending Limits. The lending activities of each of TransCommunity Bank's divisions are subject to a variety of lending limits imposed by federal law. In general, a bank is subject to a legal limit on loans to a single borrower equal to 15% of that bank's capital and unimpaired surplus. This limit will increase or decrease as that bank's capital increases or decreases. Based on the capitalization of TransCommunity Bank at September 30, 2007, TransCommunity Bank's total equity capital of \$30 million allows for a lending limit up to \$4.5 million at any of its divisions.

Deposit Services

TransCommunity focuses on customer service to attract and retain deposits. Each of TransCommunity Bank's divisions offers a full range of commercial and retail deposit services, including checking accounts, savings accounts,

money market accounts and other time deposits of varying types. The principal source of deposits at each of TransCommunity Bank's divisions is the local, central Virginia market. Because of the historically low interest rate environment in the last four years, each of TransCommunity Bank's divisions has also been able to obtain a portion of its deposits from bank-to-bank deposits generated outside its local market at certain times. As of

September 30, 2007, none of TransCommunity Bank's consolidated deposits was from out of market sources. Deposit rates are reviewed regularly by senior management of each bank. TransCommunity believes that the deposit rates it offers are competitive with those offered by other financial institutions in its market area. By focusing on core deposits, TransCommunity believes it can continue to keep the overall cost of its deposits low and thereby benefit from wide net interest margins.

Competition

Banks generally compete with other financial institutions through the selection of banking products and services offered, the pricing of services, the level of service provided, the convenience and availability of services, and the degree of expertise and the personal manner in which services are offered. Virginia law permits statewide branching by banks. Consequently, commercial banking in Virginia is highly competitive. Many large banking organizations, most of which are controlled by out-of-state holding companies, currently operate in the greater Richmond, Virginia metropolitan area, and TransCommunity's primary market area. As of September 30, 2007, the aggregate deposit market in the Commonwealth of Virginia amounted to approximately \$182 billion, of which out-of-state banking institutions controlled approximately 46% of these deposits. In addition, competition between commercial banks and thrift institutions (savings institutions and credit unions) has intensified significantly in recent years with the elimination of many previous distinctions between the various types of financial institutions and the granting of expanded powers to thrift institutions in areas which previously had been the sole domain of commercial banks. Legislation enacted in recent years has resulted in the almost total elimination of most distinctions between a commercial bank and a thrift institution. Consequently, competition among financial institutions of all types is largely unlimited with respect to legal ability and authority to provide most financial services. Furthermore, as a consequence of federal and Virginia legislation, out-of-state banks not previously allowed to operate in Virginia are allowed to commence operations and compete in TransCommunity's primary market area. See Supervision and Regulation.

TransCommunity faces competition from other banks, as well as thrift institutions, consumer finance companies, insurance companies and other institutions in TransCommunity's respective market areas. Some of these competitors are not subject to the same degree of regulation and restriction imposed upon the banks. Some of these competitors also have broader geographic markets and substantially greater resources and lending limits than TransCommunity Bank's divisions and offer certain services that the divisions are not expected to provide in the near term. Such competitors may also be in a position to make more effective use of media advertising, support services and electronic technology than TransCommunity.

Employees

At September 30, 2007, TransCommunity had 73 full-time equivalent employees as compared to 72 full-time equivalent employees at December 31, 2006.

As a financial holding company TransCommunity is heavily regulated. For a further description of the regulations to which TransCommunity is subject see Supervision and Regulation.

Legal Proceedings

In the ordinary course of operations, TransCommunity and its subsidiary bank expect to be parties to various legal proceedings.

At present, there are no pending or threatened proceedings against TransCommunity or its subsidiary that, if determined adversely, would have a material effect on the business, results of operations, or financial position of TransCommunity or its subsidiary.

On November 2, 2006, James L. Minter filed a lawsuit against TransCommunity and William C. Wiley, the former chief executive officer and chairman of the board of directors of TransCommunity, in the Circuit Court of the County of Powhatan in Virginia. The suit arose out of the purchase of Main Street Mortgage by Bank of Powhatan in early 2001. Main Street Mortgage, a mortgage brokerage company, had operated as a wholly owned subsidiary of Bank of Powhatan and was closed on November 29, 2006. Mr. Minter alleged that in late 2000 Wiley withheld information concerning the value of Main Street Mortgage from the Bank of Powhatan's board of directors and that the Bank of Powhatan would not have acquired Main Street Mortgage if the valuation had been provided to the Bank of Powhatan's board of directors. Mr. Minter's suit claimed that TransCommunity aided and abetted and conspired with Wiley in his misrepresentation of Main Street Mortgage's value. Mr. Minter's suit also alleged that the December 2005 separation agreement between TransCommunity and William Wiley improperly released claims TransCommunity had against Wiley arising out of Wiley's alleged concealment of the Main Street Mortgage valuation from the Bank of Powhatan's board of directors in late 2000.

Minter sought unspecified recessionary and compensatory damages, unspecified treble damages and punitive damages of \$350,000 against each defendant, jointly and severally and with interest. Minter also sought to recover his attorneys

fees.

TransCommunity moved for a dismissal of the lawsuit, brought claims against Minter for breach of fiduciary duty related to his use of confidential company information for personal gain and removed him from the board of the Bank of Powhatan. In response to TransCommunity's motion to dismiss the lawsuit, on August 8, 2007, the court dismissed the two counts that Minter had asserted against TransCommunity. The court, however, permitted Minter to replead the count in which Minter alleged that TransCommunity aided and abetted Wiley in his allegedly fraudulent conduct. Mr. Minter amended his complaint, with the only claim against TransCommunity based on TransCommunity's alleged derivative liability for Mr. Wiley's conduct. TransCommunity again moved for a dismissal of Mr. Minter's claim, and, on December 7, 2007, the court dismissed Mr. Minter's lone remaining claim

against TransCommunity and all of Mr. Minter's claims against Mr. Wiley with prejudice. TransCommunity's counterclaim against Mr. Minter for breach of fiduciary duty remains pending.

On December 19, 2007, Mr. Minter filed a new action in the Circuit Court of the County of Powhatan in Virginia, purportedly on behalf of TransCommunity, alleging breach of fiduciary duty and civil conspiracy against defendants Troy A. Peery, Jr., Robin T. Williams, John J. Sponski, John C. Watkins and Bruce B. Nolte, all of whom are current or former directors of TransCommunity. The lawsuit arises out of the same set of facts as the case dismissed by the court in December, 2007, and seeks damages of \$3.35 million. Mr. Minter has not yet requested service of the lawsuit's papers, and may have filed the lawsuit in an attempt to protect the statute of limitations. TransCommunity has put its directors and officers insurance carrier on notice and is evaluating the allegations and claims. Based on the facts presently known, TransCommunity believes it has limited liability exposure arising from this lawsuit.

TransCommunity Management's Discussion and Analysis of Financial Condition and Results of Operations for the Nine Months Ended September 30, 2007 and September 30, 2006.

The following discussion and analysis and the related financial data present a review of TransCommunity's consolidated operating results for the three-month and nine-month period ended September 30, 2007 and 2006, and consolidated financial condition at September 30, 2007 and December 31, 2006. This discussion and analysis should be read in conjunction with the consolidated financial statements and notes thereto contained in TransCommunity's Annual Report on Form 10-K for the year ended December 31, 2006 filed with the Commission on April 16, 2007, and the consolidated financial statements and notes in this Form 10-Q.

Significant Accounting Policies

TransCommunity's financial position and results of operations are impacted by management's application of accounting policies involving judgments made to arrive at the carrying value of certain assets. In implementing its policies, management must make estimates and assumptions about the effect of matters that are inherently less than certain. Actual results could differ significantly from these estimates which could materially affect the amounts of TransCommunity's assets, liabilities, income and expenses. Critical accounting policies applied by TransCommunity include those that relate to the allowance for loan losses. For a more detailed discussion on these critical accounting policies, see *Significant Accounting Policies* on page F-8 of TransCommunity's Annual Report on Form 10-K for the year ended December 31, 2006.

Overview

TransCommunity's results of operations are dependent primarily on its net interest income, which is the difference between the interest earned on its assets, primarily its loan and securities portfolios, and its cost of funds, which consists of the interest paid on its deposits and borrowings. TransCommunity's results of operations are also affected by its provision for loan losses as well as non-interest income and non-interest expenses. Non-interest expenses consist of employee compensation and benefits, occupancy and equipment, insurance, professional fees, telecommunications and data processing and other operating expenses.

In addition to the foregoing, results of TransCommunity's operations, like those of other financial services companies, are affected by its asset and liability composition, as well as factors beyond its control, such as general economic conditions and the monetary and fiscal policies of the federal government. Lending activities are affected by the demand for commercial and retail financing and are thus influenced by interest rates and other factors affecting the availability of funds. Deposit flows and costs of funds are influenced by yields available on competing investments and by general market rates of interest.

In January 2007, TransCommunity's board of directors voted to consolidate the charters of its four subsidiary banks. This charter consolidation process was completed on June 29, 2007. In addition, a system conversion with our core processor was successfully completed in August 2007. Costs associated with the charter consolidation process negatively impacted TransCommunity's performance during the first three quarters of 2007. As Community Bankers operate under a consolidated charter with a converted system, Community Bankers expect overhead costs to decline.

In evaluating TransCommunity's financial condition and operating performance, management focuses on the following:

- increasing loan originations;
- increasing core deposit balances;
- preserving TransCommunity's history of strong net interest margins;
- retaining high credit standards and low levels of non-performing assets;
- maintaining an adequate loan loss reserve;
- managing interest rate risk;
- controlling expenses; and
- ensuring adequate funding for ongoing growth.

Highlights of TransCommunity's three-month statement of operations ended September 30, 2007, as compared to the similar statement in 2006, and the statement of financial condition dated September 30, 2007, as compared to December 31, 2006 include the following:

- net loss of \$161 thousand was reported versus net income of \$98 thousand during the 3rd quarter of 2006;
- interest income grew \$733 thousand, or 19.4%;
- net interest income increased by \$339 thousand, or 14.0%;
- assets grew \$8.3 million, or 3.9% during the quarter, and \$24.6 million, or 12.4%, since December 31, 2006;
- noninterest expenses increased \$339 thousand, or 15%; and
- provisions for loan losses increased \$455 thousand, or 272%.

Highlights of TransCommunity's nine-month statement of operations ended September 30, 2007 as compared to the same period in 2006 include the following:

- yield on earnings assets increased 76 basis points to 8.53%;
- net interest margin increased 22 basis points to 5.32%;
- provisions for loan losses increased \$823 thousand, or 265%; and
- noninterest expenses increased \$1.6 million, or 24%.

Results of Operations. For the quarter ended September 30, 2007, TransCommunity reported a loss of \$161 thousand, resulting from larger-than-anticipated provisions to the loan loss reserve in the amount of \$622 thousand. During the third quarter, two commercial loans went into default, each requiring a significant addition to the loss

reserve, and TransCommunity made further additions to the reserve following completion of its annual independent loan review. In addition, the loan portfolio grew more rapidly than forecast during the third quarter, requiring further additions to the loan loss reserve.

During 2006, net income for the same period was \$98 thousand, including a net loss from discontinued operations in the amount of \$159 thousand.

Net loss per share for the quarter ended September 30, 2007, both basic and diluted, was \$0.04, compared with net income per share, basic and diluted, of \$0.02 for the same period during 2006.

For the nine-month period ended September 30, 2007, net losses were \$767 thousand, including losses from discontinued operations of \$77 thousand, compared with net income of \$4 thousand during the same period in 2006. The year-to-date loss for 2007 can be attributed to the costs associated with the consolidation of TransCommunity's banking charters, extraordinary fees charged by TransCommunity's former external auditors, and larger-than-anticipated additions to the reserve for loan losses.

Net Interest Income. For the three months ended September 30, 2007, net interest income totaled \$2.8 million, a \$339 thousand, or 14.0%, increase over TransCommunity's performance for the same period during 2006. When compared with the previous three-month period ended June 30, 2007, net interest income increased \$108 thousand, or 4.1%.

For the nine months ended September 30, 2007, net interest income totaled \$7.9 million, a \$1 million, or 14.6%, increase over TransCommunity's performance for the same period during 2006. Average earning assets for the nine-month period ended September 30, 2007 grew 10.3%, to \$198.2 million compared to \$179.6 million during the same period in 2006.

The net interest margin is the net interest income expressed as a percentage of average earnings assets. For the nine-month period ended September 30, 2007, the net interest margin increased 22 basis points from the same period in 2006, to 5.32% from 5.10%. The increase in net interest margin is attributable to benefits derived from an increase on yields of earning assets of 76 basis points to 8.53%, while the cost of interest-bearing liabilities increased 62 basis points, from 3.47% to 4.09%.

Average loans outstanding increased \$30.9 million, or 22.3%, to \$169.7 million coupled with a 5.1% increase in yield on average loans to 9.15% for the nine-month period ended September 30, 2007, compared to a yield of 8.71% for the same period during 2006.

For the nine-month period ended September 30, 2007, loan income of \$11.6 million increased approximately 28.2% from \$9.1 million during the same period in 2006.

Management believes that the overall outlook for its net interest income is positive, although TransCommunity expects to experience higher deposit costs in future periods. Management expects commercial loans to continue to grow because of the focus placed on loan growth throughout TransCommunity. Loan-related earning assets tend to have a higher spread than those earned in TransCommunity's investment portfolio. TransCommunity's consolidated net interest margin compares favorably with other commercial banks in its market area.

The following table details the net interest income calculations for the nine-month periods ended September 30, 2007 and 2006.

Provision for Loan Losses. For the three-month period ended September 30, 2007, the provision for loan losses was \$622 thousand, an increase of \$455 thousand over the same period in 2006. Large provisions during the third quarter are attributable to strong loan growth coupled with downgraded credits. There were seven commercial loans with deteriorated credit quality that comprised approximately \$500 thousand, or 80% of the 3rd quarter provisions. For the nine-month period ended September 30, 2007, the provision for loan losses was approximately

\$1,134 thousand, an increase of \$823 thousand over the same period in 2006. At September 30, 2007, nonperforming assets totaled \$1,041 thousand, versus \$267 thousand at September 30, 2006.

Asset quality declined slightly since December 31, 2006, when nonperforming assets equaled \$961 thousand. There is no other real estate owned. Net charge-offs for the nine months ended September 30, 2007 amounted to \$628 thousand, versus \$126 thousand for the same period in 2006. The charge-offs are due primarily to loans related to the discontinued operations of Main Street Mortgage. For the three-month period ended September 30, 2007, net charge-offs equaled \$92 thousand, versus \$101 thousand during the same period in 2006.

In March, 2007, TransCommunity employed its first chief credit officer. In June 2007, all credit administration functions were centralized as part of the consolidation of TransCommunity's four bank subsidiaries. As part of the establishment of a centralized credit administration function, management has engaged in an in-depth analysis of the total loan portfolio and has made adjustments to individual loan risk ratings as necessary. In addition, during the third quarter, the entire loan portfolio was reviewed as part of the annual independent loan review by an outside consulting firm. As a result of this ongoing loan review process, management is of the opinion the overall credit quality of the loan portfolio is sound, and that the allowance for loan losses is adequate.

The allowance for loan losses is evaluated continually by management and is based on management's review of the probability of collection, industry historical experience, the nature and volume of the loan portfolio, credit concentrations, adverse conditions that may effect a borrower's ability to repay, estimated value of any underlying collateral and prevailing economic conditions. An adequate allowance relative to the quality of the loan portfolio sufficient to meet anticipated future loan losses is calculated using appropriate risk factors depending on the type of borrower and whether the loan is secured or unsecured. Loans that are classified adversely are assigned a loss reserve based on their risk rating and liquidation analysis based on present value of estimated cash flow and/or collateral. Unclassified loans are assigned a collective pool loan loss percentage based on historical peer group data in the absence of internal company loss history. As TransCommunity's loan portfolio seasons, the factors will be adjusted to reflect actual loss experience. The allowance for loan loss is subjective in the absence of actual, material loss data and, as such, requires estimates that are susceptible to periodic revision as conditions change.

Noninterest Income. During the three months ended September 30, 2007, bank service charges and other fees of \$269 thousand increased 16% from \$232 thousand reported for the same period in 2006. On a year-to-date basis, noninterest income totaled \$832 thousand for the nine months ended September 30, 2007, an increase of 8.3% from \$768 thousand for the same period in 2006. The overall increase in noninterest income is attributable principally to higher customer service fees, including those associated with broker fees and commissions.

Noninterest Expense. Noninterest expenses for the quarter ended September 30, 2007 increased \$339 thousand, or 15%, as compared with the same period in 2006. For the nine-month period ended September 30, 2007, noninterest expenses were up by \$1.6 million, or 23.7% compared with the same period in 2006.

The growth in noninterest expense for both the third quarter and the year-to-date is attributable to the opening of the Bank of Rockbridge in December 2006, and the costs associated with the consolidation of our banking charters in June of 2007.

During 2007, noninterest expenses have declined each quarter, from \$2,918 thousand in the first quarter, to \$2,780 thousand in the second quarter, to \$2,573 thousand for the quarter ended September 30, 2007. This favorable trend reflects the impact of the recently completed charter consolidation. TransCommunity expects further decreases in noninterest expenses during the fourth quarter of 2007.

Segment Information. TransCommunity had two additional segments in 2006, which were discontinued by December 31, 2006. Currently, the organization consists solely of a bank operating under its holding company, which is essentially a shell corporation. Therefore, current segment information is not provided.

Financial Condition

On September 30, 2007, TransCommunity had total assets of \$223 million, up 12.4% from \$198.4 million at December 31, 2006. On September 30, 2007, loans totaled \$189 million, an increase of \$37.6 million since December 31, 2006.

Loans totaled \$189 million and \$140.5 million at September 30, 2007 and 2006, respectively. This represents growth of \$48.5 million, or an increase of 34.6%. Despite increased competition, TransCommunity's banks continued to experience strong loan demand, particularly with construction-related loans. However, TransCommunity remains focused on maintaining its pricing discipline and asset quality, and adhering to its conservative underwriting standards.

During the first nine months of 2007, TransCommunity's average cost of interest-bearing liabilities increased to 4.09%, up from 3.47% during the first nine months of 2006. Average interest-bearing liabilities grew \$17.3 million, from \$138.5 million during the first nine months of 2006 to \$155.8 million during the same period in 2007. Total deposits increased \$27 million, or 16.4%, to \$192 million at September 30, 2007, up from \$165 million at December 31, 2006. Noninterest-bearing deposits increased \$2.1 million, or 10.4% since December 31, 2006. Management views these deposits as a key source for funding the loan growth. As traditional deposits become more difficult to obtain, alternative funding sources will likely result in relatively higher costs.

At September 30, 2007, TransCommunity's capital position remained strong with an average equity-to-average assets ratio of 14.41%. TransCommunity had a leverage ratio of 13.62%, a Tier 1 risk-based capital ratio of 13.85% and a total risk-based capital ratio of 15.09%. At September 30, 2007, the book value of TransCommunity's common stock was \$6.53 per share.

Income Taxes

No income tax provision has been recorded since, at this time, there is insufficient evidence to conclude that TransCommunity will produce taxable income in the future which cannot be offset by loss carryforwards from the current and prior periods. However, TransCommunity may owe income taxes in the future, including those as determined by the alternate minimum tax (AMT) system. Income taxes for the year ended December 31, 2006, equaled \$15 thousand using AMT calculations, which is available as a credit to reduce the regular tax liability in future years.

Loans

Total loans increased \$23.6 million during the nine months of 2007 to \$189 million.

Loans by type are shown in the following schedule:

Allocation of the Allowance for Loan Losses

The allowance for loan losses consists of an allocated component and an unallocated component. The allocated component of the allowance for loan losses reflects expected losses resulting from analyses developed through specific credit allocations for individual loans. The unallocated portion of the allowance for loan losses reflects management's estimate of probable inherent but not specifically identified losses within the portfolio.

TransCommunity's allocations for the allowance for loan losses were as follows:

	September 30, 2007		December 31, 2006	
	Allowance	Percent	Allowance	Percent
	(Dollars in thousands)			
Real estate:				
Construction	\$ 517	19%	\$ 291	14%

Total Loans	2,663	100%	2,065	100%

Nonaccrual, Past Due and Restructured Loans

At September 30, 2007, TransCommunity had \$1.0 million in loans classified as non-accrual or past due more than 90 days. At December 31, 2006, TransCommunity had \$961 thousand in loans classified as non-accrual or past due more than 90 days. Loans are placed in a non-accrual status when, in the opinion of management, the accrued interest income will not be collected.

Secured Borrowings

TransCommunity had recorded secured borrowings in past financial statements due to the prior accounting treatment on certain loan participation agreements entered into with third-party financial institutions since the second quarter of 2004. TransCommunity discovered that it had incorrectly accounted for loans subject to these agreements in August 2006. Due to amendments to these agreements so that they could be properly reported under applicable accounting standards, TransCommunity has eliminated the reporting of secured borrowings.

Liquidity and Interest Sensitivity

At September 30, 2007, TransCommunity had liquid assets of \$20.4 million in the form of cash, federal funds sold and available-for-sale investments. Management believes that liquid assets were adequate at September 30, 2007 to meet its customers' deposit and credit needs. Management anticipates that additional liquidity will be provided by the growth in deposit accounts and loan repayments at TransCommunity Bank. TransCommunity Bank also has the ability to purchase overnight federal funds from a correspondent bank and borrow from the Federal Reserve Bank, if necessary.

Management is not aware of any trends, events or uncertainties that are reasonably likely to have a material impact on TransCommunity's short-term or long-term liquidity.

At September 30, 2007, TransCommunity had a positive cumulative Gap Rate Sensitivity Ratio of 0.46% for the one-year repricing period. A positive one-year Gap Rate Sensitivity Ratio reflects management's ability to generate loans and investment securities that will mature or reprice faster than interest-bearing deposits in a rising rate environment. Management constantly monitors the interest rate risk and believes that the current position is an acceptable risk for a growing financial services company.

TransCommunity's interest sensitivity analysis is shown on the following schedule:

On August 9, 2007, TransCommunity executed an agreement for the construction of a new branch office located at 1949 Sandy Hook Road, Goochland, Virginia 23063. This branch will replace the existing leased facility at Goochland Courthouse. The agreement, which is in the amount of approximately \$1.4 million, is a fixed price contract that will not be financed. Monthly payments will be made following a percentage completion method. Completion is expected in the first quarter of 2008, and branch personnel will relocate from the nearby rented space.

Future Prospects

TransCommunity's loss for the third quarter resulted primarily from seven deteriorated loans that required additional provisions to absorb any potential future loss. Profitability was achieved for a period of time during the 3rd quarter of 2007, and earnings would have been reported if the higher-than-expected provisions had not been reserved. We successfully consolidated our four bank charters during the 2nd quarter of 2007, and TransCommunity completed our system conversion in August 2007. In addition, during the third quarter, a new contract was negotiated with our data processor. Based on the current levels of activity and fee structure, Community Bankers expect to significantly reduce these costs by at least \$400,000 annually.

Our new consolidated bank and each of its operating divisions is performing well and producing net interest margins that compare favorably with the experience of our peers. Loan demand in each of our markets remains brisk, and our regulators, our outside loan review firm, and our own internal loan review process all confirm that the quality of our loan portfolio remains strong.

TransCommunity conducts business in some of the best markets in the country. Each of those markets is led by an experienced banker with significant knowledge of their local market. With operating costs expected to decline, TransCommunity is poised for strong growth in the months ahead. Management continues to seek successful commercial lending officers in its market area to enhance loan growth and resulting interest and fee income.

The planned merger with Community Bankers will provide additional capital which will permit management to consider external expansion on an accelerated basis. The new capital will also support more rapid rates of internal growth. In addition, the recent charter consolidation and system conversion prepares TransCommunity to realize benefits of a streamlined structure. More information related to the proposed merger can be found in Note 10 to the financial statement within Part I, Item 1, and in our Form 8-K filed September 6, 2007.

TransCommunity Management's Discussion and Analysis of Financial Condition and Results of Operations for the Years Ended December 31, 2006 and December 31, 2005.

The following discussion provides information about the major components of the results of operations and financial condition, liquidity, and capital resources of TransCommunity through December 31, 2006. This discussion and analysis should be read in conjunction with TransCommunity's Consolidated Financial Statements and Notes to Consolidated Financial Statements. It should also be read in conjunction with *A Warning About Forward Looking Statements*.

Overview

During 2006, TransCommunity reported its first net profit of \$117 thousand, versus a loss for the year 2005 of \$1.8 million. TransCommunity's 2006 results thus represent a year-over-year improvement of \$1.9 million. Over the same period, income per share, both basic and diluted, improved from a loss of \$0.53 to a profit of \$0.03.

Net income from continuing operations totaled \$919 thousand for the year ended 2006 as compared to a loss of \$1.3 million for the year ended 2005, an improvement of \$2.3 million. Over the same period earnings per share from

continuing operations improved \$0.61 per share from a loss of \$0.41 in 2005 to a gain of \$0.20 during 2006.

Operating results for 2006 were impacted by two significant events. First, during the third quarter of 2006, TransCommunity determined that it had incorrectly accounted for loans subject to certain loan participation agreements entered into with third-party financial institutions. Under the direction of the audit committee of TransCommunity's board of directors, TransCommunity completed an evaluation of the manner in which it accounted for loan participation agreements.

As a result, TransCommunity filed an amendment to its annual report on Form 10-KSB for the year ended December 31, 2005. As a result of the restatement, TransCommunity's period end total loans and secured borrowings were increased by \$12.5 million and \$7.2 million at December 31, 2005 and 2004, respectively. In addition, interest income on loans and interest expense on other borrowings were also increased by \$550 thousand and \$112 thousand for the years ended December 31, 2005 and 2004, respectively. None of the adjustments resulting from the restatement had any impact on TransCommunity's net worth at any date or on its net income, net interest income, noninterest income or noninterest expense for any period.

Second, on November 29, 2006, the board of directors of TransCommunity directed management to close Main Street Mortgage, a mortgage brokerage company. Main Street Mortgage had operated as a wholly-owned subsidiary of the Bank of Powhatan, a wholly-owned subsidiary of TransCommunity, since 2001.

At December 31, 2006, TransCommunity had on a consolidated basis, total assets of \$198.4 million, total deposits of \$165.0 million, total loans of \$151.4 million and total stockholders' equity of \$30.6 million. In comparison at December 31, 2005 and 2004 TransCommunity reported total assets of \$190.6 million and \$150.3 million, total deposits of \$146.6 million and \$123.7 million, total loans of \$135.1 million and \$112.1 million and total stockholders' equity of \$30.4 million and \$14.9 million, respectively.

On February 7, 2007, TransCommunity announced the consolidation of the charters of TransCommunity's four bank subsidiaries into a single legal entity. The consolidation of the bank charters will provide significant financial advantages for TransCommunity's stockholders, as the costs associated with operating under multiple charters are reduced or eliminated.

During 2006, TransCommunity continued to experience changes in its management team and board of directors. During the first quarter of 2006, Messrs Agee, Crowder, Metts, Minter and J. Purcell submitted their resignations as directors of TransCommunity. Acting on the recommendation of TransCommunity's nominating and governance committee, the board of directors, appointed a total of six new directors during 2006, including Messrs. Bozard, Broomall, Claeys, Miller, D. Purcell and Zoeller. In the fourth quarter of 2006, and in January, 2007, Messrs Broomall, Claeys, Nuckols and D. Purcell submitted their resignations as directors of TransCommunity. Additionally, in January, 2007, TransCommunity's chief financial officer, Mr. Littreal, submitted his resignation as an officer of TransCommunity in order to take a similar position at a larger organization.

Discontinued operations

In 2006, management continued to implement cost control measures in its operating units. In November of 2006, the board of directors approved the closing of Main Street Mortgage. These measures enable TransCommunity to better align its operations with its community banking focus.

Main Street Mortgage was acquired by the Bank of Powhatan in 2001, had generated revenues of \$1.9 million and \$3.9 million in the years 2006 and 2005. Expenses during the same periods were \$2.7 million and \$4.0 million.

During 2005, Main Street Mortgage originated residential and commercial mortgage loans of \$162 million, generated gross revenues of \$3.9 million, and incurred net losses of \$84 thousand. In 2006, The operations of Main Street Mortgage resulted in a net loss from discontinued operations of \$802 thousand in 2006. Management completed the dissolution of Main Street Mortgage in the first quarter of 2007.

During 2004, TransCommunity established a financial services division to enable our subsidiary banks to offer trust banking, asset management and insurance and securities brokerage services to TransCommunity's customers. To support these activities, TransCommunity sought and received regulatory approval to exercise trust banking powers

through each of its subsidiary banks.

During 2005, losses from financial service activities totaled \$339 thousand. As a result, during the fourth quarter of 2005, the TransCommunity board of directors voted to discontinue offering these services in-house and directed management to establish more cost-effective ways to deliver investment products. In the first quarter of 2006, TransCommunity's financial services operations were integrated into its community banking business segment. See Financial Services Segment.

Community Banking Segment

Net income for the community banking segment was \$2.4 million, an increase of \$703 thousand over 2005 net income of \$1.7 million. Net interest income grew by \$1.6 million, or 22.1%, as a result of increased loan volumes and higher yields. Deposit interest expense benefited from relatively low interest rates as a \$17.1 million increase in average deposit balances resulted in only a \$1.6 million increase in interest expense on deposits. The provision for loan losses increased \$227 thousand largely as a result the growth in TransCommunity's loan portfolio of \$16.3 million.

Noninterest income in the community banking segment increased by \$297 thousand to \$975 thousand during 2006. Noninterest expense in the community banking segment increased by \$265 thousand, or 4.5%, while assets grew by \$19.1 million, or 10.7%.

Mortgage Segment

Main Street Mortgage's total revenue in 2006 totaled \$1.9 million versus \$3.9 million in 2005, a 51.3% decrease. Losses amounted to \$802 thousand compared to \$84 thousand in 2005. Confronted with increasing losses, as well as the difficulty of turning around this non-core business, the board of directors on November 29, 2006 approved the closing of Main Street Mortgage. Main Street Mortgage had operated as a wholly-owned subsidiary of Bank of Powhatan, which is a wholly-owned subsidiary of TransCommunity, since 2001.

Financial Services Segment

Due to continued losses in this segment, the board of directors voted in the fourth quarter of 2005 to cease operations. The trust department at each of the banks was effectively discontinued at December 31, 2005 and management reorganized the remaining financial services during the quarter ending March 2006 and integrated the remaining Financial Services operations into the community banking segment. For the year ending 2005, TransCommunity realized a loss of \$339 thousand from this discontinued operation.

Financial Condition at December 31, 2006

During the year ended December 31, 2006, TransCommunity's assets increased by \$7.8 million, or 4.1%, to 198.4 million. Of this increase in total assets, \$8.8 million represented growth in interest-earning assets, while non-interest bearing assets declined by \$1.0 million. Continued strong loan demand throughout the year resulted in an increase of \$16.3 million, or 12.1%, in total loans outstanding.

During 2006, investment securities increased by \$3.8 million to \$35.0 million.

Loan growth in 2006 was concentrated in the commercial and industrial and real estate lending portfolios. TransCommunity's total loan growth of \$16.3 million in 2006 was the result of an \$11.1 million or 54.8% increase in commercial and industrial loans from \$20.2 million to \$31.3 million, and a \$4.3 million or 4.0% increase from \$106.6 million to \$110.9 million in real estate loans.

Customer deposits continue to be TransCommunity's primary funding source. TransCommunity's deposits are primarily generated through its community banks. At December 31, 2006, deposits totaled \$165.0 million, an increase of \$18.4 million or 12.5% from year-end 2005. Time deposits increased \$23.5 million. This increase of \$23.5 million was offset by a reduction of \$8.3 million in interest bearing demand deposits and \$12.5 million in securitized borrowings during 2006.

TransCommunity's capital position remains strong, with all of its regulatory capital ratios at levels that categorize TransCommunity as well capitalized under bank regulatory capital guidelines. At December 31, 2006, TransCommunity's stockholder equity totaled \$30.6 million, an increase of \$200 thousand from the December 31, 2005 balance. This increase in stockholder equity is primarily the result of TransCommunity achieving a net profit for 2006.

Net Interest Income

Like most financial institutions, the primary component of TransCommunity's earnings is net interest income. Net interest income is the difference between interest income, principally from loans and investments, and interest expense, principally on customer deposits and borrowings. Changes in net interest income result from changes in volume and changes in interest rates earned and paid. By volume, TransCommunity means the average dollar level of interest-earning assets and interest-bearing liabilities. Spread refers to the difference between the average yield on interest-earning assets and the average cost of interest-bearing liabilities, and margin refers to net interest income divided by average interest-earning assets. Spread and margin are influenced by the levels and relative mix of interest-earning assets and interest-bearing liabilities, as well as by levels of noninterest-bearing liabilities. During the years ended December 31, 2006 and 2005, TransCommunity's average interest-earning assets were \$181.1 million, and \$158.5 million, respectively. During these same years, TransCommunity's net interest margins were 5.14% and 4.68%, respectively.

Average Balances and Average Rates Earned and Paid. The table contained in Schedule I on page sets forth, for the years 2006, 2005 and 2004, information with regard to average balances of assets and liabilities, as well as the total dollar amounts of interest income from interest-earning assets and interest expense on interest-bearing liabilities, resultant yields or costs, net interest income, net interest spread, net interest margin and ratio of average interest-earning assets to average interest-bearing liabilities. Average loans include nonaccruing loans, the effect of which is to lower the average yield.

Results of Operations

Net Income. TransCommunity's net income for 2006 was \$117 thousand, an improvement of \$1.9 million and \$2.7 million from net losses of \$1.8 million and \$2.6 million in 2005 and 2004, respectively. Net income per share, both basic and diluted, was \$0.03 for the year ended December 31, 2006, reflecting per share increases of \$0.56 and \$1.25 when compared to per share losses of \$0.53 and \$1.22 per share for the years ended December 31, 2005 and 2004, respectively. Total assets averaged \$192.1 million during 2006 as compared to \$170.3 million in 2005, an increase of \$21.8 million or 12.8%. Total average assets increased \$67.4 million or 54.1% when comparing 2006 to 2004.

During 2006, the prime rate increased 100 basis points, and TransCommunity benefited from its asset sensitive balance sheet position. While it is management's goal to remain relatively interest rate neutral, TransCommunity is currently asset sensitive and does benefit from a rising interest rate environment. As a result of TransCommunity's continued growth in interest-earning assets during 2006, combined with slower growth in funding costs and rising interest rates, its net interest income increased \$1.9 million, or 25.3% from the year ended December 31, 2005 to the year ended December 31, 2006.

During 2005, TransCommunity continued to experience strong growth at each of its subsidiary banks and TransCommunity was able to raise sufficient capital to support its growth strategy. Total assets averaged \$170.3 million during 2005 as compared to \$124.6 million in 2004, an increase of \$45.7 million or 36.7%. During 2005, the prime rate increased 200 basis points. As a result of TransCommunity's growth in interest-earning assets during 2005, combined with low funding costs and rising interest rates, TransCommunity's net interest income increased \$2.5 million, or 52.1% during that year. The growth in TransCommunity's non-interest expense during 2005 included some non-recurring restructuring related costs, which totaled \$302 thousand or \$0.09 per share.

In absolute terms, TransCommunity's net interest income after the provision for loan losses increased by \$1.7 million or 23.1%, when comparing 2006 to 2005, while its non-interest income grew by \$220 thousand and our non-interest expense decreased by \$401 thousand. When comparing 2005 to 2004, TransCommunity's net interest income after the provision for loan losses increased by \$2.8 million, while its non-interest income grew by \$29 thousand from continuing operations. However, this income growth was largely offset by the increase in non-interest expenses from continuing operations of \$1.9 million arising from increased salaries and benefits. Additional details on these components of net income are described below.

Net Interest Income. TransCommunity's net interest income increased to \$9.3 million for the year ended December 31, 2006, an increase of \$1.9 million, or 25.3%, over net interest income for 2005. TransCommunity's growth in interest income was the result of growth in its level of average earning assets as well as continued strong loan demand. Average total interest-earning assets increased \$22.6 million or 14.3%, during 2006 as compared to 2005, while TransCommunity's average yield increased by 101 basis points from 6.88% during 2005 to 7.89% during 2006. The interest rates earned on a significant portion of TransCommunity's loans adjust immediately when index rates such as TransCommunity's prime rate changes. Conversely, most of TransCommunity's interest-bearing liabilities, including certificates of deposit and borrowings, have rates fixed until maturity. As a result, interest rate increases generally result in an immediate increase in TransCommunity's interest income on loans. There is a delayed impact on interest expense because 64.4% of TransCommunity's average interest-bearing deposits were classified as time deposits, which only experience increases in interest costs upon renewal.

TransCommunity's average total interest-bearing liabilities increased by \$11.4 million, or 8.9%, from 2005 to 2006. With rates consistently increasing during 2006, TransCommunity's average cost of interest-bearing liabilities increased by 84 basis points from 2.73% during 2005 to 3.57% during 2006, allowing TransCommunity's interest rate spread to increase by 17 basis points.

TransCommunity's average total interest-bearing liabilities increased by \$35.1 million, or 37.7%, from 2004 to 2005. With rates consistently increasing during 2005, TransCommunity's average cost of interest-bearing liabilities increased by 59 basis points from 2.14% during 2004 to 2.73% during 2005, allowing TransCommunity's interest rate spread to increase 33 basis points.

During 2005, TransCommunity's net interest income increased by \$2.5 million, or 52.1%, to \$7.4 million, when compared to 2004. TransCommunity's growth in interest income for 2005 was the result of growth in its level of average earning assets as well as continued strong loan demand. Average total interest-earning assets increased \$43.2 million or 37.5%, during 2005 as compared to 2004, while TransCommunity's average yield increased by 92 basis points from 5.96% during 2004 to 6.88% in 2005. For 2005, 58.9% of TransCommunity's average interest-bearing deposits were classified as time deposits.

TransCommunity's investment income and interest expense for 2005 was impacted by the July 2005 stock offering in which TransCommunity completed the sale of 2.3 million shares of its common stock. A portion of the net proceeds from that offering was used to repay the outstanding principal balance of \$1.45 million and accrued interest on TransCommunity's operating line of credit. TransCommunity used \$3.3 million of the proceeds from that offering to strengthen the capital position of two of its subsidiary banks, which improved their respective lending limits.

For the year ended December 31, 2006, TransCommunity's net interest spread was 4.32% and its net interest margin was 5.14%. For the year ended December 31, 2005, TransCommunity's net interest spread was 4.15% and its net interest margin was 4.68%. For the year ended December 31, 2004, TransCommunity's net interest spread was 3.82% and its net interest margin was 4.23%.

Provision for Loan Losses. TransCommunity recorded a \$493 thousand provision for loan losses for the year ended December 31, 2006, representing an increase of \$227 thousand from the \$266 thousand provision expense for 2005, but less than the \$549 thousand recorded in 2004. The level of the loan loss provision for these years is consistent with loan growth and net charge-offs that TransCommunity experienced.

Provisions for loan losses are charged to income to bring TransCommunity's allowance for loan losses at period end to a level deemed appropriate by management based on the factors discussed under **Asset Quality Allowance for Loan Losses**. While the dollar amount of the provision for loan losses increased on a year-over-year basis, the ratio of the allowance for loan losses to period-ending total loans only increased 17 basis points from 1.19% to 1.36%. Nonperforming loans totaled \$961 thousand or 0.6% of total loans at December 31, 2006. Nonperforming loans totaled \$165 thousand or 0.12% of total loans at December 31, 2005. The Company reported no nonperforming loans at December 31, 2004.

The allowance for loan losses at December 31, 2006 of \$2.1 million represents 1.36% of total loans and 214.9% of nonperforming loans. The allowance for loan losses at December 31, 2005 of \$1.6 million equaled 1.19% of total loans outstanding at that date.

Non-Interest Income. For the year ended December 31, 2006, non-interest income from continuing operations increased \$220 thousand, or 27.7%, to \$1.0 million from \$800 thousand for the prior year. The increase in non-interest income resulted primarily from an increase in service charges and fees on deposit accounts.

For the year ended December 31, 2005, non-interest income from continuing operations increased slightly over the amount for 2004. Service charges and fees on deposit accounts increased by 3.8%, to \$791 thousand during 2005.

Non-Interest Expense. TransCommunity strives to maintain non-interest expenses at levels that TransCommunity believes are appropriate given the nature of its operations and the need to invest in personnel and facilities to support its growth. TransCommunity's ratio of non-interest expenses from continuing operations to average total assets during 2006 declined to 4.65% as compared to 5.48% during 2005. TransCommunity was better able to control non-interest expense during the year despite its continued growth. For the year ended December 31, 2006, non-interest expense decreased \$401 thousand, or 4.3%, over 2005. Salary and employee benefits expense decreased \$407 thousand, or 8.0%, including (1) the non-recurring restructuring charges in 2005 and 2006, (2) pre-opening expenses at the Bank of

Rockbridge, (3) merit adjustments to salaries and (4) increased benefit costs. Net occupancy expense increased \$75 thousand, or 12.2%, reflecting the expenses associated with TransCommunity's normal operations.

The following table summarizes the changes in TransCommunity's non-interest expenses over the past two years.

	2006 vs 2005

Other	988	951	3.90%
Total Non-Interest Expenses	\$ 8,933	\$ 9,334	(4.30)%

For the year ended December 31, 2005, TransCommunity's non-interest expense increased \$1.9 million, or 26.1%, over 2004. Salary and employee benefits expense increased \$1.1 million, or 28.1%, including (1) the non-recurring restructuring charges in the fourth quarter of 2005, (2) personnel costs at the proposed Bank of Rockbridge, (3) merit adjustments to salaries and (4) increased benefit costs. Net occupancy expense increased \$112 thousand during 2005, or 22.3%, reflecting the expenses associated with TransCommunity's normal operations and the Bank of Rockbridge building lease agreement.

Income Taxes. At December 31, 2006, TransCommunity had total net operating loss, or NOL, carryforwards of \$7.5 million, which begin to expire in 2021. For 2006, the Company utilized \$1 million of the NOL carryforward to offset taxable income. Under the Alternative Minimum Tax, or AMT, system, the utilization of an AMT NOL carryover is limited to 90% of the AMT taxable income. This limitation resulted in an AMT tax liability of \$15 thousand, which has been recorded in this year's statement of operations. This AMT is available as a credit to reduce regular tax liability in future years. The AMT credit carryover is included in deferred tax assets, subject to the valuation allowance discussed below. Under Section 382 of the Internal Revenue Code, if a corporation undergoes an ownership change (generally defined as a greater than 50% change in its equity ownership over a three-year period), the corporation's ability to use its pre-ownership change net operating loss carryforwards and certain other pre-ownership change tax attributes against its post-ownership change income may be limited. The stock offerings consummated in July 2005, and in 2002 were ownership changes which triggered Section 382 and limits the annual utilization of pre-ownership change net operating losses in post-ownership change years. To the extent the NOL limitation amount in any taxable year exceeds TransCommunity's taxable income in that year, the excess can be carried over effectively to increase the limitation in the next succeeding year or years. Given that none of TransCommunity's NOLs begin to expire until 2021, TransCommunity believes it will be able to fully utilize its NOLs prior to their respective expiration dates. Management will continue to monitor the Company's trend toward profitable operations and when sufficient evidence of future taxable income becomes available, the Company will reduce the valuation allowance and recognize the related tax benefit in the statement of operations. See Note 12 of the notes to the Company's consolidated financial statements elsewhere in this annual report for information concerning TransCommunity's NOLs.

At December 31, 2006, and December 31, 2005, TransCommunity had NOL carryforwards of \$7.5 million and \$8.5 million, respectively. No provision for income tax benefits associated with these NOLs has been recorded in the

statement of operations since there is insufficient evidence to conclude that TransCommunity would produce taxable income in the future. Accordingly, the deferred tax asset related to the tax loss carryforwards and other deferred tax assets have been fully reduced by a valuation allowance.

Investment Portfolio

TransCommunity currently manages its investment securities portfolio consistent with established policies that include guidelines for Investment quality, rate sensitivity, liquidity and pledging needs on a bank by bank basis. This

investment function will be centralized under the proposed centralization of operations and charter collapsing process. The aggregate investment portfolio approximates 115% of the Company's consolidated stockholders' equity.

TransCommunity accounts for securities under FASB Statement No. 115, Accounting for Certain Investments in Debt and Equity Securities. This standard requires classification of investments into three categories, held to maturity, or HTM, available for sale, or AFS, or trading, as further defined in Note 1 to TransCommunity's Consolidated Financial Statements for the year ended December 31, 2006. TransCommunity does not maintain a trading account and has classified no securities in this category. HTM securities are required to be carried on the financial statements at amortized cost. AFS securities are carried on the financial statements at fair value. The unrealized gains or losses, net of deferred income taxes, are reflected in stockholders' equity. The HTM classification places restrictions on TransCommunity's ability to sell securities or to transfer securities into the AFS classification. At December 31, 2006, 61.2% of the portfolio was classified as HTM.

TransCommunity holds in its loan and securities portfolios, investments that adjust or float according to changes in prime lending rate. These holdings are not considered speculative but instead necessary for good asset/liability management.

The carrying value of the securities portfolio was \$35.0 million at December 31, 2006, an increase of \$3.8 million or 11.9% from the carrying value of \$31.2 million at December 31, 2005. The market value of the AFS securities at December 31, 2006 was \$13.6 million. The unrealized loss on the AFS securities was \$40,000 at December 31, 2006. The reduction in the net market value loss at December 31, 2006 is reflective of the continued rise in market interest rates.

Since TransCommunity Bank anticipates much of the balance sheet growth to be experienced during 2007, if any, to be in the form of net portfolio loans, specific strategies will be executed during the early part of 2007 to maintain the investment portfolio at an amount comparable to the December 31, 2006 balances.

Concentration of Credit Risk

TransCommunity has a concentration of loans to borrowers secured by commercial real estate. At December 31, 2006, loans to these borrowers amounted to \$60.6 million, or 40.0% of TransCommunity's consolidated loan portfolio. This compares with \$65.5 million and \$48.7 million and 48.5% and 43.4% for the years 2005 and 2004, respectively.

Asset Quality Allowance for Loan Losses

The allowance for loan losses represents management's estimate of the amount deemed adequate to provide for potential losses in the loan portfolio. Among other factors, management considers TransCommunity's historical loss experience, the size and composition of the loan portfolio, the value and adequacy of collateral and guarantors, non-performing credits and current and anticipated economic conditions. There are additional risks of future loan losses, which cannot be precisely quantified nor attributed to particular loans or classes of loans. Because those risks include general economic trends as well as conditions affecting individual borrowers, the allowance for loan losses is an estimate. The allowance is also subject to regulatory examinations and determination as to adequacy, which may take into account such factors as the methodology used to calculate the allowance and size of the allowance in comparison to peer companies identified by regulatory agencies.

Management maintains a list of loans which have a potential weakness that may need special attention. This list is used to monitor such loans and is used in the determination of the sufficiency of TransCommunity's allowance for loan losses. As of December 31, 2006, the allowance for loan losses was \$2.1 million, or 1.36% of total loans, as compared to \$1.6 million and \$1.4 million, or 1.19%, and \$1.25% in 2005 and 2004, respectively.

Nonperforming assets

At December 31, 2006, TransCommunity had \$961 thousand in nonperforming loans. At December 31, 2005 and 2004, TransCommunity had \$165 thousand and \$0, respectively, of loans classified as nonperforming. Loans are placed on nonaccrual status when, in the opinion of management, the collection of principal and interest are considered to be doubtful. No interest is accrued on loans placed in a nonaccrual status, and any unpaid interest previously accrued on such loans is reversed when a loan is placed in nonaccrual status.

The following table contains nonperforming asset information as of the dates indicated.

Allocation of the Allowance for Loan Losses

The allowance for loan losses consists of an allocated component and an unallocated component. The allocated component of the allowance for loan losses reflects expected losses resulting from analyses developed through specific allocations for individual loans. The unallocated portion of the allowance reflects management's estimate of probable inherent but not specifically identified losses within the portfolio.

The following table shows the allocation of the allowance for loan losses at December 31:

Premises and Equipment

Premises and equipment decreased to \$6.7 million at December 31, 2006 from \$6.8 million at December 31, 2005, but was up from \$6.1 million at December 31, 2004. This decrease for 2006 was primarily attributable to the depreciation of assets.

Deposits

TransCommunity's deposits increased \$18.4 million, or 12.5% during 2006. A schedule of time deposits by scheduled maturity is shown in TransCommunity's consolidated balance sheets. Time deposits of \$100,000 or more equaled 45.0% of total time deposits at December 31, 2006.

Capital

On July 22, 2005, TransCommunity completed the sale of 2.3 million shares of its common stock at \$8.00 per share in a registered public offering to a limited number of institutional investors. The minimum share purchase in the offering was 25,000 shares. The offering was made through a firm commitment underwriting in which Sandler O'Neill served as the sole manager. TransCommunity received net proceeds from the offering of approximately \$16.8 million after deducting underwriting discounts and expenses. A portion of the net proceeds from the offering was used to repay the outstanding principal balance of \$1.45 million and accrued interest on TransCommunity's line of credit.

TransCommunity utilized \$8.0 million, to provide the initial capital for Bank of Rockbridge, a new bank TransCommunity established in Rockbridge County, Virginia. Additionally, TransCommunity used \$3.3 million of the proceeds from that offering to strengthen the capital position of two of its subsidiary banks. The remaining proceeds were used to accommodate future growth and for general corporate purposes, which included, among other things, operating expenses of the holding company headquarters.

The Federal Reserve, the Comptroller of the Currency, the FDIC and the Bureau of Financial Institutions of the Virginia State Corporation Commission have adopted risk-based capital measures for regulatory purposes to assist in the assessment of capital adequacy. Management seeks to balance the return on equity to stockholders while satisfying the regulatory standards for risk-based capital ratios. Management believes, as of December 31, 2006, that TransCommunity and each of its subsidiary banks met all of the minimum regulatory capital requirements and are categorized as well capitalized. At December 31, 2006, TransCommunity had a leverage ratio of 15.86%, a Tier 1 risk-based capital ratio of 17.16% and a total risk-based capital ratio of 18.32%. The book value of TransCommunity common stock at December 31, 2006 was \$6.67 per share.

Liquidity and Interest Sensitivity

Liquidity measures whether an entity has sufficient cash flow to meet its financial obligation and commitments on a timely basis. TransCommunity is liquid when the Bank has the cash available to meet borrowing and cash withdrawal requirements of customers and the Bank can pay for current and planned expenditures and satisfy its debt obligations.

TransCommunity Bank funds loan demand and operation expenses from four primary sources:

Net Income.

Deposits. TransCommunity can offer new products or change its rate structure in order to increase deposits. In 2006 TransCommunity generated \$18.4 million in deposit growth.

Sale of securities and overnight funds. At year-end 2006 TransCommunity had \$13.6 million in securities designated available for sale.

Borrowings from the Federal Reserve Bank of Richmond.

TransCommunity's management believes that its current level of liquidity is sufficient to meet its current and anticipated operational needs including current loan commitments, deposit maturities and other obligations.

Off-Balance Sheet Arrangements

The following table sets forth contractual obligations and other commitments representing required and potential cash outflows as of December 31, 2006:

	Total	Less Than One Year	1-3 Years	3-5 Years	After Five Years
	(Dollars in thousands)				
Minimal annual rentals or noncancellable operating leases	2,748	478	900	693	677
Loan Commitments	53,289	24,992	13,668	3,332	11,297
	56,037	25,470	14,568	4,025	11,974

At December 31, 2006, TransCommunity had \$53.3 million of off-balance sheet credit exposure in the form of \$48.3 million of commitments and \$5.0 million of standby letters of credit. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. The commitments for equity lines of credit may expire without being drawn upon. Standby letters of credit are conditional commitments issued by TransCommunity to guarantee the performance of a customer to a third party. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers. TransCommunity generally holds collateral supporting those commitments if deemed necessary.

Interest Rate Risk

Closely related to the concept of liquidity is the concept of interest rate sensitivity (i.e., the extent to which assets and liabilities are sensitive to changes in interest rates). Interest rate sensitivity is often measured by the extent to which mismatches or gaps occur in the repricing of assets and liabilities within a given period. Gap analysis is utilized to quantify such mismatches. A positive gap results when the amount of earning assets repricing within a given time period exceeds the amount of interest-bearing liabilities repricing within that time period. A negative gap results when the amount of interest-bearing liabilities repricing within a given time period exceeds the amount of earning assets repricing within such time period.

TransCommunity's potential interest rate volatility is a primary component of its market risk. Fluctuations in interest rates will ultimately impact the level of income and expense recorded on a large portion of TransCommunity's assets and liabilities, and the market value of all interest-earning assets, other than those which possess a short term to maturity. Based upon TransCommunity's nature of operations, TransCommunity is not subject to foreign currency exchange. TransCommunity does not own any trading assets and does not have any hedging transactions in place, such as interest rate swaps and caps.

TransCommunity monitors and controls interest rate risk through a variety of techniques, including use of traditional interest rate sensitivity analysis (also known as gap analysis). Traditional gap analysis involves arranging TransCommunity's interest-earning assets and interest-bearing liabilities by repricing periods and then computing the difference (or interest rate sensitivity gap) between the assets and liabilities that are estimated to reprice during each time period and cumulatively through the end of each time period.

Both interest rate sensitivity modeling and gap analysis are done at a specific point in time and involve a variety of significant estimates and assumptions. Interest rate sensitivity modeling requires, among other things, estimates of how much and when yields and costs on individual categories of interest-earning assets and interest-bearing liabilities will respond to general changes in market rates, future cash flows and discount rates.

Gap analysis requires estimates as to when individual categories of interest-sensitive assets and liabilities will reprice, and assumes that assets and liabilities assigned to the same repricing period will reprice at the same time and in the same amount. Gap analysis does not account for the fact that repricing of assets and liabilities is discretionary and subject to competitive and other pressures.

The schedule on the following page does not necessarily indicate the impact of general interest rate movements on TransCommunity's net interest income because the repricing of certain categories of assets and liabilities, for example, prepayments of loans and withdrawal of deposits, is beyond TransCommunity's control. As a result, certain assets and liabilities indicated as repricing within a stated period may in fact reprice at different times and at different levels.

Quantitative and Qualitative Disclosures About Market Risk

Market risk is the risk of loss in a financial instrument arising from adverse changes in market rates or prices such as interest rates, foreign currency exchange rates, commodity prices and equity prices. TransCommunity's primary market risk exposure is interest rate risk. The ongoing monitoring and management of this risk is an important component of TransCommunity's asset/liability management process. The board of directors of each bank delegates responsibility for carrying out asset/liability management policies to the Asset/Liability Committee, or ALCO, of TransCommunity Bank. In this capacity, ALCO develops guidelines and strategies that govern TransCommunity's asset/liability management related activities, based upon estimated market risk sensitivity, policy limits, and overall market interest rate levels and trends. Under the new consolidated entity, it is anticipated that this function will be consolidated into the single bank's operations and the board will establish the same type of ALCO committee to operate for the consolidated investment portfolio using the currently existing guidelines and procedures used by each separately chartered bank.

Interest rate risk represents the sensitivity of earnings to changes in market interest rates. As interest rates change, the interest income and expense streams associated with the Company's financial instruments also change, affecting net interest income, the primary component of the Company's earnings. The flat yield curve that currently exists, has existed now for several years and has forced the banks' ALCO committees to focus on maintaining a short maturity highly liquid portfolio with a high level of floating investments. This portfolio structure is also necessary to maintain the liquidity for a growing loan portfolio experienced by TransCommunity Bank. The chart below summarized the estimated impact on net interest income from interest rate changes as listed based on earning assets and interest bearing liabilities for the years ended 2006 and 2005.

Rate Change	2006 Estimated Net Interest Income Impact (Dollars in thousands)
+ 200 bp	\$ 834
+ 100 bp	419

+ 200 bp	\$ 603
+ 100 bp	299
- 100 bp	(308)
- 200 bp	(613)

As market conditions vary from those currently being experienced, the banks, and in the future the consolidated bank, will monitor and make appropriate adjustments to the investment portfolio to address these changes to include, but not be limited to, increasing the duration on the portfolio and converting a larger portion of TransCommunity's investment portfolio from floating to fixed rates.

There are no family relationships between any director or executive officer of TransCommunity. The board of directors is not aware of any involvement in legal proceedings that is material to an evaluation of the ability or integrity of any director.

Board Independence

The board of directors has determined that all members of the board of directors except for Mr. Nolte are independent as defined by the marketplace rules of the Nasdaq Stock Market. In reaching this conclusion, the board of directors considered that TransCommunity and its subsidiary bank may conduct business with companies of which certain members of the board of directors or members of their immediate families are or were directors or officers. The only such business conducted, however, consists of banking transactions in the ordinary course of its business, on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the

same time for comparable transactions with others. These transactions do not involve more than the normal risk of collectibility or present other unfavorable features.

Executive Compensation For TransCommunity

Compensation Discussion and Analysis

Introduction. This discussion and analysis describes TransCommunity's approach to compensating key executives. The objective of TransCommunity's compensation program is to attract, retain and motivate qualified individuals. Historically, TransCommunity's approach has relied heavily on determinations made at the subsidiary bank board of directors level, with input from management. Prior to December 2006, the board of directors as a whole handled matters pertaining to executive and board of directors compensation. In December 2006, the board of directors delegated this responsibility to the compensation committee.

TransCommunity's named executive officers for 2006 were:

Bruce B. Nolte President and Chief Executive Officer;

William B. Littreal Former Chief Financial Officer;

Thomas Crowder Executive Vice President;

M. Andrew McLean President, Bank of Goochland

James F. Keller President, Bank of Powhatan

George D. Yancey President, Bank of Louisa

T. David Grist Former President, Bank of Rockbridge

The discussion below is intended to help you understand the information provided in the executive compensation tables and provide context for TransCommunity's overall compensation program.

TransCommunity's Approach. The year 2005 was a challenging one for TransCommunity. William C. Wiley, TransCommunity's former chairman and chief executive officer, left in December 2005. In January 2006,

TransCommunity entered into a Memorandum of Understanding with the Federal Reserve Bank of Richmond. This regulatory enforcement action required changes in TransCommunity's corporate governance practices, staffing levels, and financial controls. TransCommunity reported a significant net loss in 2005 and was unsuccessful in gaining regulatory approval to charter a fourth subsidiary bank. Bruce B. Nolte, TransCommunity's chief operating officer, was promoted to chief executive officer upon Mr. Wiley's departure, and William B. Littreal, TransCommunity's controller, was promoted to chief financial officer in February 2006.

As a result of these developments, it was apparent to the board of directors that 2006 would be a challenging year of transition. TransCommunity did not articulate a compensation program for 2006 for the holding company officers because Messrs. Nolte and Littreal were both new to their positions and because many other, more important issues confronted TransCommunity and absorbed the attention of the board of directors.

In December 2006, the compensation committee engaged Captrust Executive Benefits Group to advise it on amounts and methods of compensation for executive officers. Captrust assisted the committee in development of a peer group of 24 banking institutions against which to compare TransCommunity's overall executive compensation arrangements. None of the 2006 compensation was based on the peer group determined by Captrust; however, TransCommunity plans to use this information for future compensation decisions.

Executives of TransCommunity. For 2006, Mr. Nolte's annual salary was unchanged from 2005 at \$130,000. Mr. Nolte did not receive any bonus for 2005, and no bonus or other short term incentive plan was in effect for Mr. Nolte in 2006. Since TransCommunity achieved consolidated profitability for 2006, was released from the Memorandum of Understanding and successfully chartered the Bank of Rockbridge under Mr. Nolte's leadership, he was awarded a \$40,000 cash bonus.

In 2006, Mr. Littreal's salary was \$115,000 as provided in his December 28, 2005 employment contract. Also in accordance with his employment contract, Mr. Littreal was awarded an option to purchase 5,000 shares of TransCommunity common stock at a price of \$7.65 per share on January 4, 2006, the closing price for TransCommunity common stock on the date that Mr. Littreal's options were granted. He exercised the options prior to his resignation on January 26, 2007. No bonus or other short term incentive plan was in effect for Mr. Littreal in 2006. Because Mr. Littreal achieved all assigned goals and oversaw significant improvements in TransCommunity's financial reporting, it awarded Mr. Littreal a cash bonus of \$25,750 for 2006.

For Mr. Littreal's options, a grant date of January 4, 2006 was selected by the board of directors at its meeting on that date. The compensation committee does not have a plan, program or practice to coordinate the timing of option grants to TransCommunity's executives with the release of material non-public information.

Mr. Crowder served as TransCommunity's chief financial officer during January 2006. On January 4, 2006, Mr. Crowder resigned from his position as chief financial officer and was chosen to serve as executive vice president. In connection with the change in his responsibilities, his salary was changed from \$130,000 to \$115,000. Mr. Crowder did not have an employment agreement with TransCommunity. He was awarded a cash bonus of \$11,500 for 2006 based on his achievement of all assigned goals.

Bank Presidents. In April 2006, TransCommunity adopted a compensation plan developed by management for compensating the president of each subsidiary bank, as well as other employees of TransCommunity's bank subsidiaries. The plan established a uniform methodology for use by the compensation committee and all bank boards to evaluate and compensate bank presidents and other bank employees. The plan has two parts, base salary and cash bonus.

For 2006, base salary for the bank presidents was a function of bank asset size as follows:

Bank Asset Size	Base Salary Range
\$0 - \$35 million	\$ 100,000 - \$120,000
\$35 - \$65 million	\$ 120,000 - \$130,000
\$65 - \$100 million	\$ 130,000 - \$140,000
Over \$100 million	\$ 140,000 - \$150,000

For 2006, there were also different bonus plans for de-novo banks and mature banks that were profitable and had recovered their start-up losses. If a bank had not recovered its start-up losses and become profitable, its board of directors could award annual bonuses of up to \$25,000 if the bank satisfied the performance goals TransCommunity

set. In 2006, the only bank subsidiary that was not mature was Bank of Louisa. Bank of Goochland and Bank of Powhatan were each allowed a bonus pool based on such bank's return on average equity. A return on average equity of less than 8% results in no bonus pool, while a return of 8% up to 20% or more results in a pool equal to between 1% up to a maximum of 5.5% of earnings. Both banks met the return on average equity requirements and TransCommunity's established bonus pools. Bonus pool dollars were to be used by subsidiary bank boards to reward bank employees in addition to the bank president.

Any bank president salary or bonus in excess of the policy described above required board of directors approval. The boards of directors of their respective banks, in accordance with the policy, set the base salaries and

bonuses of Messrs. McLean, Keller and Yancey. Bank of Louisa sought and received authority to pay both salary and bonus in excess of the policy limits by an immaterial amount.

Mr. Grist served as the designated president for the Bank of Rockbridge, which opened in December 2006. Mr. Grist was paid a base salary of \$140,000 for 2006 pursuant to the terms of his employment. The board of directors also approved cash bonus compensation for Mr. Grist for 2006 of \$20,000. Of this bonus, \$15,000 was based on the letter agreement between TransCommunity and Mr. Grist and \$5,000 was awarded for the opening of the Bank of Rockbridge. On March 21, 2007, Mr. Grist resigned from his employment.

Changes in Methodology. The compensation committee has retained CapTrust Executive Benefits Group as an independent consultant to assist in developing policies for executive compensation. The committee has adopted the following compensation philosophy and strategy:

Total Compensation Philosophy

The goal of TransCommunity's comprehensive compensation program is to compensate fairly its executives in a manner consistent with its identified industry peers and to reward them for achieving TransCommunity's operational and financial goals that will provide returns to TransCommunity's our stockholders.

TransCommunity's compensation program will support management's goal of hiring, retaining and rewarding superior executives who are critical to corporate success.

All of TransCommunity's compensation components will be coordinated, competitive, and where appropriate, performance-based. Those components now include base compensation and short-term variable incentives. TransCommunity believes that in the future, equity-based compensation should play an important role in providing long term incentive to its executives.

Total Compensation Strategy

TransCommunity's executive compensation programs will be benchmarked to an industry-specific peer group and, where appropriate, to standardized financial services survey data. Compensation comparability will be determined using, among other criteria, asset size, earnings, location, structure, number of employees, market capitalization and service offerings.

Generally, the compensation committee aims to have base compensation, and targeted short-term variable compensation at the 50th percentile of TransCommunity's peer group. However, because TransCommunity seeks to attract and retain experienced, senior professionals (most of whom would come from national or regional banks) at key positions, total current compensation of some executives may exceed that target.

Incentive compensation will become a larger percentage of an executive's total compensation when he or she assumes significant responsibilities and has the ability to have a significant impact on the financial and/or operational success of the Corporation.

Equity-based compensation generally is to be preferred as a long-term incentive so that executives reap the rewards and share the risks of other stockholders in the success of the Corporation.

The compensation committee of the board of directors is charged with designing and administering the executive compensation program.

The compensation committee is in the process of developing a written program that will address the types, amounts and reasons for elements of compensation, including salary, bonus and long term incentives.

Conclusion. TransCommunity anticipates that during 2007 the compensation committee will continue to refine its processes and will develop a more comprehensive total compensation plan for senior management.

Compensation Committee Report

The compensation committee of the board of directors reviews and establishes the salary and other compensation of TransCommunity's executive officers, including the named executive officers. The committee consists entirely of independent directors who are not officers or employees of TransCommunity.

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis with management of TransCommunity. Based on that review and discussion, the committee has recommended to the board of directors that it be included in TransCommunity's Annual Report on Form 10-K for the year ended December 31, 2006 and this joint proxy statement/prospectus.

Employment Agreements. TransCommunity had an employment agreement with George D. Yancey, and his agreement expired on April 18, 2007. The board of directors has determined not to renew this agreement. During 2006, TransCommunity also had employment agreements with William B. Littreal and James F. Keller. Information on these agreements is described below.

Mr. Littreal served as our chief financial officer under an employment agreement dated as of December 28, 2005 until January 26, 2007. The employment agreement provides for a one-time retention bonus of \$10,000, a base salary of \$115,000 and an option award to purchase 5,000 shares of our common stock at a price of \$7.65 per share.

Mr. Littreal received no severance pay in connection with his resignation.

The terms of the agreements of Mr. Keller, whose agreement expired on July 7, 2006, and Mr. Yancey are generally the same. Each agreement provided for the individual to serve as president and chief executive officer of his respective bank, with responsibility for performing such services and duties as each respective bank's chairman or board of directors may designate. Mr. Keller's agreement with the Bank of Powhatan commenced July 8, 2003, and provided for an annual base salary of \$120,000. Mr. Yancey's agreement with the Bank of Louisa commenced April 19, 2004, and provided for a base salary of \$110,000. The base salary provided for in each agreement is subject to increase in the discretion of each respective board of directors, and each agreement included an automobile allowance and health and disability insurance coverage. Each agreement was for an initial period of three years, with a two-year renewal at the option of the bank.

Mr. Yancey's agreement provided for his services at the pleasure of the Bank of Louisa board of directors. If, during the term of the agreement, the employment of Mr. Yancey were to be terminated without cause, he would be entitled to a severance payment equal to his annual salary in effect at that time. Mr. Yancey could only be terminated upon the vote of two-thirds of the Bank of Louisa board of directors. See the section on Payments Upon Termination for detail on severance payments.

Stock Options and Stock Awards

There were no stock options exercised by any of TransCommunity's named executive officers during 2006, and no restricted stock vested in 2006.

The following table shows the one grant of options the board of directors made to a named executive officer during 2006. There were no other stock-based awards made to the named executive officers during 2006.

Grants of Plan-Based Awards Table

On July 25, 2007, the compensation committee of the TransCommunity board of directors granted awards of restricted stock to each of its three executive officers Bruce B. Nolte, Patrick J. Tewell and M. Andrew McLean. Each award was made pursuant to TransCommunity's 2007 Equity Compensation Plan. TransCommunity granted awards of restricted stock to the executive officers as follows: Mr. Nolte, 5,500 shares of common stock; Mr. Tewell, 2,500 shares of common stock; and Mr. McLean, 4,875 shares of common stock. TransCommunity also granted awards of restricted stock to the following individuals who no longer serve as executive officers, as follows: James F. Keller, 2,000 shares of common stock; and George D. Yancey, 2,000 shares of common stock.

The terms of each award are set forth in a restricted stock award agreement between TransCommunity and the officer. Under the agreement, 50% of the award vests, and becomes transferable and nonforfeitable, based on time,

with 10% of the total award vesting on March 1, 2008, 10% vesting on March 1, 2009 and 30% vesting on March 1, 2010. The remaining 50% of the award vests on March 1, 2010 if TransCommunity's net income (on a pre-tax basis) equals or exceeds \$3.0 million for fiscal year 2009. If there is a change in control of TransCommunity, as defined in the plan, all restricted stock that had not previously vested or been forfeited will vest as of the date of the change in control. Each officer is the beneficial owner of the shares of restricted stock, subject to the restriction on transferability and risk of forfeiture.

Holdings of Stock Options and Stock Awards

In the table below, TransCommunity lists information on the holdings of unexercised stock options and unvested stock awards as of December 31, 2006 for each of the named executive officers.

Payments Upon Termination

The following table shows the payments that TransCommunity would make to each of the named executive officers in the event of such employee was terminated in connection with a change in control on December 31, 2006.

George D. Yancey	135,000	20,000	5,760	160,760

- (1) These amounts represent employer paid healthcare.
- (2) At December 31, 2006, none of the outstanding equity awards were in the money.
- (3) Mr. Nolte did not have an employment or change in control agreement during 2006; however, he entered into a change in control agreement in January 2007. If his employment agreement had been in place at December 31, 2006, he would have been entitled to payments totaling \$347,127 if he was terminated in connection with a change in control.

- (4) Mr. Littreal had an employment agreement that provided for payments from TransCommunity in the event of a change in control. Mr. Littreal terminated his employment with TransCommunity in January 2007 and is no longer entitled to any benefits upon a change in control.

TransCommunity has no other provisions for payments to the named executive officers other than in connection with a change in control, except for Mr. Yancey's employment agreement. If Mr. Yancey had been terminated without cause, he would have received \$135,000 in a lump sum payment within 30 days of his termination.

The following is a summary of the terms of our plans and agreements that provide for payments to the named executive officers in the event of their termination.

Stock Option Plan. The TransCommunity Financial Corporation 2001 Stock Option Plan provides for the award of stock options to TransCommunity's directors and officers. The plan provides that, in the event of a change in control, TransCommunity's compensation committee, as composed prior to any change in control, may decide that it will:

accelerate any time periods remaining for the exercise of any such stock options;

purchase or settle any stock options, upon a participant's request, for an amount equal to the amount that would have been obtained upon the exercise of the option had the option been currently exercisable;

adjust any stock outstanding as deemed appropriate to reflect the change in control; or

cause any options then outstanding to be assumed by the acquiring or surviving corporation in the change in control.

Under the plan, a change in control will occur when:

a person or group acquires beneficial ownership of 25% or more of either (1) the then outstanding shares of TransCommunity common stock or (2) the combined voting power of TransCommunity's then outstanding voting securities;

the individuals who constitute the board of directors immediately prior to any transaction cease for any reason to constitute at least a majority of the board of directors. Any individual who becomes a director subsequent to a transaction whose election was approved by a vote of a majority of the directors who served on the board of directors before the transaction shall be thereupon considered a member serving on the board of directors since before the transaction; or

a reorganization, merger or consolidation or sale or other disposition of all or substantially all of TransCommunity's assets of TransCommunity unless:

the beneficial owners of TransCommunity's stock immediately prior to a transaction beneficially own more than 60% of the shares of common stock of the outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such transaction;

no person beneficially owns 25% or more of, respectively, the then shares of common stock of the corporation resulting from such transaction, or the combined voting power of the stock of the resulting corporation unless the person had such an interest before the transaction; and

a majority of the members of the board of directors of the corporation resulting from such transaction were members of the board of directors preceding the transaction.

TransCommunity's stockholders approve of its complete liquidation or dissolution.

Employment Agreements. We have an employment agreement with Mr. Yancey. His agreement expired on April 18, 2007, and the board of directors determined not to renew this agreement. Mr. Yancey's agreement provides for payments to him in the event of a termination without cause or a termination in connection with a change in control. The agreement does not provide for any payments in the event of retirement, disability or death.

The agreement provides that if the board of directors terminates Mr. Yancey without cause, he would be entitled to a lump sum payment, payable within 30 days of the effective date of the termination, equal to his annual salary then in effect.

If Mr. Yancey is terminated within one year of a change in control, he would be entitled to receive an amount equal to three times his annual salary then in effect, reduced to the extent that such payments would constitute an excess parachute payment.

The agreement provides that a change in control occurs when:

TransCommunity is acquired by another party, provided that the individuals who constitute the board of directors immediately prior to any transaction cease for any reason to constitute at least a majority of the board of directors;

TransCommunity sells all or substantially all of its assets; or

a person or group acquires beneficial ownership of more than 50% of TransCommunity's outstanding voting power.

Change in Control Agreements. Messrs. Nolte, Keller, McLean and Yancey each entered into change in control agreement that provides for the executive to receive compensation in the event he is terminated without cause or resigns for good reason within one year following a change in control. Mr. Yancey's change in control agreement became effective upon the expiration of his employment agreement in April 2007. Each of the agreements provides that a change in control occurs when:

TransCommunity is acquired by another party, provided that a majority of the members of the board of directors of the corporation resulting from such transaction were not members of the board of directors immediately preceding the transaction;

a reorganization, merger or consolidation or sale or other disposition of all or substantially all of TransCommunity's assets unless:

the beneficial owners of TransCommunity's stock immediately prior to a transaction beneficially own more than 50% of the shares of common stock of the outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such transaction;

no person beneficially owns 30% or more of, respectively, the then shares of common stock of the corporation resulting from such transaction or the combined voting power of the stock of the resulting corporation, unless the person had such an interest before the transaction; and

a majority of the members of the board of directors of the corporation resulting from such transaction were members of the board of directors preceding the transaction.

TransCommunity's stockholders approve its complete liquidation or dissolution.

Under the agreements with each of the bank presidents, entered into in June 2006, a bank president who is terminated in connection with a change in control will receive a lump sum payment within 30 days of the termination in an amount equal to his then current annual salary and an amount equal to the bonus he received for the prior year, if any.

The agreement between Mr. Nolte and us, entered into in January 2007, provides that, in the event Mr. Nolte is terminated in connection with a change in control, he will receive the following benefits:

within 30 days following the termination, a lump-sum payment equal to two times his then current annual base salary;

within 30 days following the termination, a lump-sum payment equal to two times the amount of bonus he received in the previous year;

continued payment of the premiums due under his long-term care insurance policy; and

any options stock awards or other equity awards will be fully exercisable or vest upon the termination.

2007 Equity Compensation Plan

On May 29, 2007, the stockholders of TransCommunity approved the TransCommunity 2007 Equity Compensation Plan. The 2007 plan authorizes the compensation committee of TransCommunity's board of directors to grant one or more of the following awards to directors, officers, key employees, consultants and advisors to TransCommunity and its subsidiary who are designated by the compensation committee: options; stock appreciation rights; stock awards; performance share awards; incentive awards; and stock units. The compensation committee will administer the 2007 plan.

TransCommunity is authorized to issue under the 2007 plan up to 250,000 shares of its common stock. Generally, if an award is forfeited, expires or terminates, the shares allocated to that award under the 2007 plan may be reallocated to new awards under the 2007 plan. Shares surrendered pursuant to the exercise of a stock option or other award or in satisfaction of tax withholding requirements under the 2007 plan may also be reallocated to other awards. The 2007 plan provides that if there is a stock split, stock dividend or other event that affects TransCommunity's capitalization, appropriate adjustments will be made in the number of shares that may be issued under the 2007 plan and in the number of shares and price of all outstanding grants and awards made before such event.

The 2007 plan also provides that no award may be granted more than 10 years after the earlier of the date that it is approved by TransCommunity's stockholders or the date it is adopted by TransCommunity's board of directors, which was February 28, 2007.

The board of directors may amend or terminate the 2007 plan at any time, provided that no such amendment will be made without stockholder approval if (1) the amendment would increase the aggregate number of shares of common stock that may be issued under the 2007 plan (other than as permitted under the 2007 plan), (2) the amendment changes the class of individuals eligible to become participants or (3) such approval is required under any applicable law, rule or regulation.

Director Compensation

During 2006, TransCommunity's directors received no retainer or fees for attending board or committee meetings.

TransCommunity's non-employee directors are eligible for equity awards under its 2001 Stock Option Plan, as amended. No such awards were made to any directors in 2006. See the "Exercisable Options" column in the beneficial ownership table under "Securities Ownership of Certain Beneficial Owners and Management" for the total number of options exercisable within 60 days of March 31, 2007 that were awarded in prior years to the directors.

TransCommunity's directors have not received any compensation in connection with their service since its inception, based on the conclusion of the board of directors that the directors should not receive compensation until TransCommunity had reached consolidated profitability. Based on TransCommunity's historical results, the board of directors approved a plan to compensate the directors starting in 2007. In January 2007, each director was also granted 4,000 stock options, vesting annually over a three-year term. A director will also receive fees for each meeting he attends in the following amounts: \$500 for board of directors meetings, \$100 for committee meetings other than the audit and compensation committees and \$250 for audit and compensation committee meetings. The chairman of the board of directors will receive a \$1,000 fee for each board of directors meeting.

Interest of Management and Board of Directors in Certain Transactions

Certain of TransCommunity's directors and officers and persons with whom they are associated have had, and expect to have in the future, banking transactions with TransCommunity Bank. In the opinion of TransCommunity's management, all such loans and commitments for loans that have been made to these individuals were made on substantially the same terms, including interest rates, collateral and repayment terms as those prevailing at the same time for comparable transactions with other persons, were made in the ordinary course of business, and do not involve more than a normal risk of collectibility or present other unfavorable features.

TransCommunity's has not adopted a formal policy that covers the review and approval of related person transactions by TransCommunity's board of directors. The board of directors, however, does review all such transactions that are proposed to it for approval. During such a review, the board of directors will consider, among other things, the related person's relationship to TransCommunity, the facts and circumstances of the proposed transaction, the aggregate dollar amount of the transaction, the related person's relationship to the transaction and any other material information.

TransCommunity's audit committee has the responsibility to review significant conflicts of interest involving directors or executive officers.

In addition, any extensions of credit to TransCommunity's directors and officers are required to be on substantially the same terms as comparable transactions to non-related parties at the time of the extension of credit, pursuant to Regulation O - Loans to Executive Officers, Directors and Principal Stockholders of Member Banks.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires directors, executive officers, and any persons holding more than 10% of TransCommunity common stock to report their initial ownership of TransCommunity's equity securities and any subsequent changes in that ownership to the SEC. Based on a review of these reports and written representations furnished to TransCommunity by its directors and executive officers, TransCommunity believes that its officers and directors complied with all filing requirements under Section 16(a) of the Exchange Act during 2006. Each of TransCommunity's directors inadvertently filed late a report on Form 4 covering the grant of stock options to acquire shares of common stock in January 2007.

SUPERVISION AND REGULATION

General

The following discussion sets forth some of the material elements of the regulatory framework applicable to bank holding companies and their subsidiaries and provides some specific information that is currently relevant to TransCommunity and TransCommunity Bank and will be relevant to Community Bankers following the merger. Other laws and regulations that govern various aspects of the operations of banks and bank holding companies are not described herein, although violations of such laws and regulations could result in supervisory enforcement action against a holding company, TransCommunity Bank or directors, officers and employees of each. The regulatory framework is intended primarily for the protection of depositors and the Federal Deposit Insurance Funds and not for the protection of security holders. To the extent that the following information describes statutory and regulatory provisions, it is qualified in its entirety by reference to the particular statutory and regulatory provisions. In the future, a change in applicable statutes, regulations or regulatory policy may have a material effect on Community Bankers and/or TransCommunity Bank.

Holding Company Regulation and Structure

Upon Federal Reserve approval Community Bankers will be a registered bank holding company under the bank holding company laws of the Commonwealth of Virginia. Community Bankers will also be subject to regulation and supervision by the Bureau of Financial Institutions of the Virginia State Corporation Commission.

Currently, TransCommunity is and Community Bankers following the merger will be subject to regulation under the BHCA and the examination and reporting requirements of the Federal Reserve System. Under the BHCA, a bank holding company may not directly or indirectly acquire ownership or control of more than 5% of the voting shares or substantially all of the assets of any bank or merge or consolidate with another bank holding company without the prior approval of the Federal Reserve.

The BHCA also limits the activities of a bank holding company and its subsidiaries to that of banking, managing or controlling banks, or any other activity that is determined to be so closely related to banking or to managing or controlling banks that an exception is allowed for those activities. Under the Gramm-Leach-Bliley Act, or GLBA, however, qualifying bank holding companies may elect to be financial holding companies and to engage in a wider variety of activities.

In 2004, TransCommunity elected to become a financial holding company and, therefore, is currently permitted to engage, directly or through subsidiaries, in a wide variety of activities which are financial in nature or are incidental or complementary to a financial activity, in addition to all of the activities otherwise allowed to us. Community Bankers has filed an election with the Federal Reserve to be a financial holding company upon consummation of the proposed transaction. As a financial holding company Community Bankers would be permitted to engage in activities such as securities activities such as underwriting, dealing, and brokerage, investment and merchant banking, and insurance underwriting, sales and brokerage activities.

The OCC conducts regular examinations of TransCommunity Bank, reviewing such matters as the adequacy of loan loss reserves, quality of loans and investments, management practices, compliance with laws, and other aspects of their operations. In addition to these regular examinations, TransCommunity Bank must furnish the OCC and the FDIC with periodic reports containing a full and accurate statement of its affairs.

Gramm-Leach-Bliley Act of 1999

The Gramm-Leach-Bliley Financial Modernization Act of 1999, or GLBA, enables bank holding companies to acquire insurance companies and securities firms and effectively repeals depression-era laws that prohibited the affiliation of banks and other financial services entities under a single holding company.

Qualifying bank holding companies may elect to become financial holding companies under the GLBA. Financial holding companies are permitted to engage in activities considered financial in nature, as defined in GLBA, and may engage in a substantially broader range of activities than bank holding companies or banks. The GLBA enables financial holding companies to offer virtually any type of financial service, or services incident to financial services, including banking, securities underwriting, insurance underwriting and making merchant banking investments in commercial and financial companies.

Financial services authorized by the GLBA also may be engaged in by a financial subsidiary of a national or state bank, with the exception of insurance or annuity underwriting, insurance company portfolio investments, real estate investment and development, and merchant banking, all of which must be conducted under the financial holding company. In addition, the GLBA allows insurers and other financial services companies to acquire banks; removes various restrictions that applied to bank holding company ownership of securities firms and mutual fund advisory companies; and establishes the overall regulatory structure applicable to bank holding companies that also engage in insurance and securities operations.

To become a financial holding company, a bank holding company must provide notice to the Federal Reserve of its desire to become a financial holding company, and certify to the Federal Reserve that it and each of its bank subsidiaries is well-capitalized, well-managed and has at least a satisfactory rating under the CRA. In the first quarter of 2004, TransCommunity has elected to be treated as a financial holding company under the GLBA.

The GLBA establishes a system of functional regulation, under which the Federal Reserve will regulate the banking activities of financial holding companies and other federal regulators will regulate banks' financial subsidiaries. The SEC regulates securities activities of financial holding companies and state insurance regulators will regulate their business activities. The GLBA also provides new protections against the transfer and use by financial institutions of consumers' non-public, personal information.

The GLBA also modifies other current financial laws, including laws related to financial privacy and community reinvestment. The new financial privacy provisions generally prohibit financial institutions, including TransCommunity, from disclosing nonpublic personal financial information to nonaffiliated third persons unless customers have the opportunity to opt out of the disclosure.

In accordance with OCC regulations promulgated under the GLBA, TransCommunity Bank is required to disclose its policies for collecting and protecting confidential information. Customers generally may prevent TransCommunity Bank from sharing nonpublic personal financial information with nonaffiliated third parties except under narrow circumstances, such as the processing of transactions requested by the consumer or when the financial institution is jointly sponsoring a product or service with a nonaffiliated third party. Additionally, TransCommunity Bank generally may not disclose consumer account numbers to any nonaffiliated third party for use in telemarketing, direct mail marketing or other marketing to consumers.

FDIC Insurance

Deposits at TransCommunity Bank are insured by the Federal Deposit Insurance Corporation (FDIC) up to the limits set forth under applicable law, including coverage for certain retirement accounts of up to \$250,000. The deposits of these banks are subject to the deposit insurance assessments of the Deposit Insurance Fund, or DIF, of the FDIC.

Effective January 1, 2007, each insured institution is assigned to one of four risk categories based on supervisory evaluations, regulatory capital levels and certain other factors. An institution's assessment rate depends upon the category to which it is assigned. Risk Category I, which contains the least risky depository institutions, is expected to include more than 90% of all institutions. Unlike the other categories, Risk Category I contains further risk differentiation based on the FDIC's analysis of financial ratios, examination component ratings and other information. Assessment rates are determined by the FDIC and currently range from five to seven basis points for the healthiest institutions (Risk Category I) to 43 basis points of assessable deposits for the riskiest (Risk Category IV). The FDIC may adjust rates uniformly from one quarter to the next, except that no single adjustment can exceed three basis points.

Interstate Banking

Federal law permits bank holding companies from any state to acquire banks and bank holding companies located in any other state, subject to certain conditions, including nation-wide and state-imposed concentration limits. Banks are also able to branch across state lines, provided certain conditions are met, including that applicable state laws expressly permit such interstate branching. Virginia has adopted legislation that permits branching across state lines, provided there is reciprocity with the state in which the out-of-state bank is located. After a bank has established branches in a state through an interstate merger transaction, the bank may establish and acquire

additional branches at any location in the state where a bank headquartered in that state could have established or acquired branches under the applicable federal or state law.

Capital Requirements

Banking regulatory agencies have issued risk-based and leverage capital guidelines applicable to banking organizations which they supervise. Under the risk-based capital guidelines of the federal regulatory agencies, TransCommunity and TransCommunity Bank are required to maintain a minimum ratio of total capital to risk-weighted assets of at least 8% and a minimum Tier 1 capital to risk-weighted assets of at least 4%. Following the merger, Community Bankers will be required to comply with this capital requirement. At least half of total capital is required to be composed of common equity, retained earnings and qualifying perpetual preferred stock, less certain intangibles and other adjustments (Tier 1 capital). The remainder (Tier 2 capital) may consist of a limited amount of subordinated debt and other qualifying debt (including certain hybrid capital instruments), and a limited amount of the loan loss reserve. As of September 30, 2007, TransCommunity Bank was considered well capitalized under the regulatory guidelines of the FDIC.

In addition, the Federal Reserve has established minimum leverage capital ratio guidelines for bank holding companies. These requirements provide for a minimum leverage ratio of tier 1 capital to adjusted average quarterly assets less certain amounts (leverage ratio) equal to 3% for bank holding companies that are rated a composite 1 and 4% for all other bank holding companies that meet certain criteria, including having the highest regulatory rating. The risk-based capital guidelines of the federal regulatory agencies explicitly identify concentrations of credit risk and the risk arising from non-traditional activities, as well as an institution's ability to manage these risks, as important factors to be taken into account by the agencies in assessing an institution's overall capital adequacy. The capital guidelines also provide that an institution's exposure to a decline in the economic value of its capital due to changes in interest rates be considered by the agency as a factor in evaluating a banking organization's capital adequacy.

Limits on Dividends and Other Payments

TransCommunity is and following the merger Community Bankers will be a legal entity separate and distinct from its bank subsidiary. A significant portion of the revenues of Community Bankers will depend upon dividends or fees paid to it by TransCommunity Bank. Federal law also prohibits a national bank from paying dividends that would be greater than TransCommunity Bank's undivided profits after deducting statutory bad debts in excess of TransCommunity Bank's allowance for loan losses. Prior regulatory approval is required if the total of all dividends declared by a national bank in any calendar year will exceed the sum of that bank's net profits for that year and its retained net profits for the preceding two calendar years, less any required transfers to surplus.

In addition, TransCommunity and TransCommunity Bank are and following the merger, Community Bankers will be subject to various general regulatory policies and requirements relating to the payment of dividends, including the requirements to maintain adequate capital above regulatory minimums. Appropriate federal regulatory authorities are authorized to determine, under certain circumstances relating to the financial condition of a bank or bank holding company, that the payment of dividends would be unsafe or unsound practice and to prohibit payment thereof. Appropriate federal regulatory authorities have indicated that paying dividends that deplete a bank's capital base to an inadequate level would be an unsound and unsafe banking practice and that banking organizations should generally pay dividends only out of current operating earnings. In addition, Community Bankers will be subject to state laws that limit the amount of dividends it can pay to its stockholders. Community Bankers expects that these laws, regulations or policies may materially impact the ability of TransCommunity Bank and, therefore, Community Bankers' ability to pay dividends.

There are a number of obligations and restrictions imposed on bank holding companies and their depository institution subsidiaries by federal law and regulatory policy that are designed to reduce potential loss exposure to the depositors of such depository institutions and to the FDIC insurance funds in the event that the depository institution is insolvent or in danger of becoming insolvent. For example, under the policy of the Federal Reserve with respect to bank holding company operations, a bank holding company is required to commit resources to support its subsidiary depository institutions.

Other Regulations

Community Bankers and TransCommunity Bank will also be subject to certain other federal laws and regulations which directly impact operations of Community Bankers:

USA PATRIOT Act

The USA PATRIOT Act amended, in part, the Bank Secrecy Act, collectively, the BSA, providing for the facilitation of information sharing among governmental entities and financial institutions for the purpose of combating terrorism and money laundering by enhancing anti-money laundering and financial transparency laws, as well as enhanced information collection tools and enforcement mechanics for the U.S. government, including: (1) requiring standards for verifying customer identification at account opening; (2) rules to promote cooperation among financial institutions, regulators and law enforcement entities in identifying parties that may be involved in terrorism or money laundering; (3) reports by nonfinancial trades and businesses filed with the Treasury Department's Financial Crimes Enforcement Network for transactions exceeding \$10,000; (4) filing suspicious activities reports by brokers and dealers if they believe a customer may be violating U.S. laws and regulations; and (5) requires enhanced due diligence requirements for financial institutions that administer, maintain, or manage private bank accounts or correspondent accounts for non-U.S. persons.

Under the USA PATRIOT Act, the Federal Bureau of Investigation, or FBI, can send our banking regulatory agencies lists of the names of persons suspected of involvement in terrorist activities. We can be requested, to search our records for any relationships or transactions with persons on those lists. If Community Bankers find any relationships or transactions, Community Bankers must file a suspicious activity report and contact the FBI.

The Office of Foreign Assets Control, or OFAC, which is a division of the U.S. Department of the Treasury, is responsible for helping to insure that United States entities do not engage in transactions with enemies of the United States, as defined by various Executive Orders and Acts of Congress. OFAC has sent, and will send, our banking regulatory agencies lists of names of persons and organizations suspected of aiding, harboring or engaging in terrorist acts. If Community Bankers find a name on any transaction, account or wire transfer that is on an OFAC list, Community Bankers must freeze such account, file a suspicious activity report and notify the FBI. We have appointed an OFAC compliance officer to oversee the inspection of our accounts and the filing of any notifications. We actively check high-risk OFAC areas such as new accounts, wire transfers and customer files. We perform these checks utilizing software, which is updated each time a modification is made to the lists provided by OFAC and other agencies of Specially Designated Nationals and Blocked Persons.

Community Reinvestment Act

TransCommunity Bank is subject to the requirements of the Community Reinvestment Act (CRA). The CRA imposes on financial institutions an affirmative and ongoing obligation to meet the credit needs of their local communities, including low and moderate-income neighborhoods, consistent with the safe and sound operation of those institutions. TransCommunity Bank's efforts in meeting community credit needs are currently evaluated as part of the examination process pursuant to lending, investment and service tests. These factors are considered in evaluating mergers, acquisitions and applications to open a branch or facility, and an unsatisfactory rating can substantially delay or block a transaction.

Consumer Laws and Regulations

TransCommunity Bank is subject to various laws and regulations dealing generally with consumer protection matters. TransCommunity Bank may be subject to potential liability under these laws and regulations for material violations. Our loan operations are also subject to federal laws applicable to credit transactions, such as the:

Federal Truth-In-Lending Act, governing disclosures of credit terms to consumer borrowers;

Home Mortgage Disclosure Act of 1975, requiring financial institutions to provide information to enable the public and public officials to determine whether a financial institution is fulfilling its obligation to help meet the housing needs of the community it serves;

Equal Credit Opportunity Act, prohibiting discrimination on the basis of race, creed or other prohibited factors in extending credit;

Fair Credit Reporting Act of 1978, as amended by the Fair and Accurate Credit Transactions Act, governing the use and provision of information to credit reporting agencies, certain identity theft protections and certain credit and other disclosures;

Fair Debt Collection Act, governing the manner in which consumer debts may be collected by collection agencies;

Servicemembers Civil Relief Act; and

Rules and regulations of the various federal agencies charged with the responsibility of implementing these federal laws.

Our deposit operations are also subject to federal laws applicable to deposit transactions, such as the:

Truth in Savings Act, which imposes disclosure obligations to enable consumers to make informed decisions about accounts at depository institutions;

Electronic Funds Transfer Act and Regulation E issued by the Federal Reserve to implement that Act, which govern automatic deposits to and withdrawals from deposit accounts and customers' rights and liabilities arising from the use of automated teller machines and other electronic banking services; and

Rules and regulations of the various federal agencies charged with the responsibility of implementing these federal laws.

Sarbanes-Oxley Act of 2002

Community Bankers and TransCommunity are subject to the periodic reporting requirements of the Exchange Act, including the filing of annual, quarterly and other reports with the SEC. As an Exchange Act reporting company, Community Bankers is directly affected by the Sarbanes-Oxley Act of 2002, or SOX, that is aimed at improving corporate governance and reporting procedures. Community Bankers and TransCommunity believe they are in substantial compliance with applicable SEC and other rules and regulations implemented pursuant to SOX and intends to comply with any applicable rules and regulations implemented in the future.

Change in Control

Subject to various exceptions, the BHCA and the Change in Bank Control Act, together with related regulations, require Federal Reserve approval prior to any person or company acquiring control of a bank holding company. Moreover, the Bureau of Financial Institutions must approve an acquisition of a Virginia financial holding company. In general under federal and Virginia law, control is conclusively presumed to exist if an individual or company acquires 25% or more of any class of voting securities of a bank holding company. Under federal law, control is rebuttably presumed to exist if a person or company acquires 10% or more, but less than 25%, of any class of voting securities and either:

the bank holding company has registered securities under Section 12 of the Exchange Act; or

no other person owns a greater percentage of that class of voting securities immediately after the transaction.

Economic and Monetary Policies

The operations of TransCommunity are affected not only by general economic conditions, but also by the economic and monetary policies of various regulatory authorities. In particular, the Federal Reserve regulates money, credit and interest rates in order to influence general economic conditions. These policies have a significant influence on overall growth and distribution of loans, investments and deposits and affect interest rates charged on loans or paid for time and savings deposits. Federal Reserve monetary policies have had a significant effect on the operating results of commercial banks in the past and are expected to continue to do so in the future.

COMPARATIVE RIGHTS OF COMMUNITY BANKERS AND TRANSCOMMUNITY STOCKHOLDERS

Community Bankers and TransCommunity are incorporated under the laws of the State of Delaware and the Commonwealth of Virginia, respectively. Accordingly, the rights of Community Bankers stockholders and TransCommunity s stockholders are governed by the laws of the States of Delaware and Virginia, respectively. As a result of the merger, TransCommunity s stockholders will become stockholders of Community Bankers. Thus, following the merger, the rights of TransCommunity s stockholders who become Community Bankers stockholders in the merger will be governed by the laws of the State of Delaware and by the Community Bankers certificate of incorporation and bylaws. Community Bankers board of directors has submitted a proposal to amend Community Bankers certificate of incorporation at its annual meeting of stockholders, and if the stockholders approve the proposal amending Community Bankers certificate of incorporation, as a result of the merger, TransCommunity s stockholders will be governed by the amended and restated certificate of incorporation. If the amended and restated certificate of incorporation is adopted and the merger consummated, the Community Bankers board of directors will amend the bylaws to conform those sections relating to the staggered board of directors to the amended and restated certificate of incorporation. TransCommunity stockholders will be governed by Community Bankers bylaws, as a result of the merger. Virginia corporate law only refers to shares and stockholders and does not use the term stock or stockholder. Nonetheless, for ease of understanding throughout this joint proxy statement/prospectus, Community Bankers have applied the term stock to refer to the ownership rights of the stockholders of TransCommunity and stockholders to refer to the shareholders of TransCommunity. Accordingly, with respect to TransCommunity, any references to stock should also be understood to refer to shares under Virginia corporate law and any references to stockholders should also be understood to refer to stockholders under Virginia Corporate Law.

The following is a comparison of certain rights of Community Bankers stockholders and those of TransCommunity s stockholders. Certain significant differences in the rights of Community Bankers stockholders and those of TransCommunity s stockholders arise from differing provisions of Community Bankers and TransCommunity s respective governing corporate instruments and respective governing laws.

The following summary is not intended to be a complete statement of Delaware or Virginia law or of the provisions of each company s governing documents affecting, and the differences between, the rights of Community Bankers stockholders and those of TransCommunity s stockholders. The identification of specific provisions or differences is not meant to indicate that other equally or more significant differences do not exist. This summary is qualified in its entirety by reference to the respective governing corporate instruments of Community Bankers and TransCommunity and Delaware and Virginia laws.

Stockholder Vote Required for Merger

Delaware law provides that the affirmative vote of a majority of all outstanding shares entitled to vote is required to adopt a merger agreement. Adoption of the merger agreement by stockholders is not required by Delaware law if (1) the agreement of merger does not amend in any respect the certificate of incorporation of Community Bankers, (2) each share of stock of Community Bankers outstanding immediately prior to the effective date of the merger is to be an identical outstanding or treasury share of the surviving corporation after the effective date of the merger, and (3) either no shares of common stock of the surviving corporation and no shares, securities or obligations convertible into such stock are to be issued or delivered under the plan of merger, or the authorized unissued shares or the treasury shares of common stock of the surviving corporation to be issued or delivered under the plan of merger plus those initially issuable upon conversion of any other shares, securities or obligations to be issued or delivered under such plan do not exceed 20% of the shares of common stock of Community Bankers outstanding immediately prior to the effective date of the merger. However, Community Bankers' certificate of incorporation provides that the initial acquisition by Community Bankers of a company must be submitted to the stockholders for a vote regardless of whether it must be submitted under DGCL. Approval of such acquisition requires the affirmative vote of the holders of a majority of Community Bankers outstanding shares of common stock issued in the initial public offering of Community Bankers cast at the meeting. In addition, the holders of less than 20% of the outstanding shares of common stock issued in the Community Bankers' initial public offering must have voted against the acquisition and thereafter exercised their right to convert their shares into cash equal to a pro rata portion of the Community Bankers trust account. If an initial acquisition, such as the merger with TransCommunity, is required to be approved by stockholders pursuant to Delaware law, then both the Delaware requirements and the certificate of incorporation requirements must be met to approve the acquisition.

TransCommunity's articles of incorporation provide that a plan of merger or exchange shall be approved by the vote of a majority of all the votes entitled to be cast on such transactions by each voting group entitled to vote on the transaction at a meeting at which a quorum of the voting group is present, provided that the transaction has been approved and recommended by at least two-thirds of the directors in office at the time of such approval and recommendation. If the transaction is not so approved and recommended, then the transaction shall be approved by the vote of eighty percent (80%) or more of all votes entitled to be cast on such transactions by each voting group entitled to vote on the transaction.

Notes to Unaudited Pro Forma Condensed Combined Consolidated Financial Statements

The pro forma information presented is not necessarily indicative of the results of operations or the combined financial position that would have resulted had the merger been consummated at the beginning of the periods indicated, nor is it necessarily indicative of the results of operations in future periods or the future financial position of the combined company. It is anticipated that the merger will be completed in the second quarter of 2008.

Note 1 Basis of Presentation and TransCommunity Acquisition

Basis of Presentation

The unaudited pro forma condensed combined consolidated financial statements give effect to the merger of Community Bankers and TransCommunity in a business combination accounted for as a purchase. As a result of the merger, TransCommunity stock will be converted into Community Bankers common stock.

TransCommunity Acquisition

Upon completion of the acquisition, each common share of TransCommunity is assumed to be converted into 1.42 shares of common stock of Community Bankers.

The pro forma balance sheet reflects the proposed exchange ratio as if it had occurred on September 30, 2007 based on an estimated market value of Community Bankers common stock of \$7.42 per share. This estimate will be refined and updated as of the effective date of the merger and may be more or less than the value indicated in the Pro Forma Condensed Combined Financial Statements, depending upon operating results from September 30, 2007 to the effective date of the merger, changes in market conditions and other factors.

Transaction costs incurred in the merger are assumed to be \$1,000,000 for Community Bankers and \$400,000 for TransCommunity which are reflected as liabilities as of the merger date.

No tax provision or deferred taxes are reflected in the pro forma acquisition adjustments due to the net operating losses previously incurred by TransCommunity and the uncertainty of realization of deferred taxes in future periods.

Pro Forma Adjustments

Described below is the pro forma estimate of the total purchase price of the transaction as well as the adjustment to allocate the purchase price based on the preliminary estimates of the fair values of the assets and liabilities of TransCommunity. This estimate does not include TransCommunity's plans to declare a one-time special dividend in the amount of \$0.25 per share to TransCommunity stockholders, which dividend would be paid immediately prior to the effective time of the merger of TransCommunity and Community Bankers. This dividend would be subject to regulatory approval and would only occur after all conditions to the closing are satisfied.

Common Stock

Community Bankers stockholders are entitled to one vote for each share held of record on all matters to be voted on by stockholders. In connection with the vote required for the merger with TransCommunity, all of Community Bankers insiders, including all of its directors, officers and initial stockholders, have agreed (1) to vote all of their respective shares of common stock beneficially owned by them on the date of this prospectus either for or against the merger consistent with the majority of the votes cast by the holders of the shares of Community Bankers common stock issued in its initial public offering. Community Bankers insiders also have agreed to vote all shares beneficially owned by them that were acquired prior to the initial public offering or issued in the public offering, in the event Community Bankers is unable to timely complete the merger with TransCommunity, in favor of Community Bankers dissolution and liquidation. Community Bankers insiders will vote all of their shares in any manner they determine, in their sole discretion, with respect to any other items that come before a vote of Community Bankers stockholders, but have indicated they will vote their shares in favor of the adoption of the amended and restated certificate of incorporation, for the election of Chris A. Community Bankers board of directors is divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year. There is no cumulative voting with respect to the election of directors.

If Community Bankers is forced to dissolve and liquidate and the dissolution and liquidation were to be approved by stockholders owning a majority of Community Bankers common stock upon Community Bankers failure to timely complete the merger with TransCommunity, holders of common stock issued in its initial public offering would be entitled to receive their proportionate share of the trust account (including any interest not released to Community

Bankers, net of taxes, and the deferred underwriting discount) plus any remaining assets less amounts Community Bankers pays, or reserves to pay, for all of its liabilities and obligations. These liabilities and obligations include Community Bankers corporate expenses arising during its remaining existence and the costs associated with its dissolution and liquidation. To the extent that funds reserved to pay obligations or liabilities are not subsequently used for such purpose, the funds will be available for distribution to Community Bankers holders of common stock issued in its initial public offering. Community Bankers insiders agreed to waive their rights to share in any liquidating distribution with respect to common stock owned by them prior to consummation of

Community Bankers' initial public offering in the event Community Bankers is not able to timely complete the merger with TransCommunity. In addition, I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc. the representatives of the underwriters in Community Bankers' initial public offering agreed to forfeit any rights to or claims against the portion of the trust account attributable to the underwriters' discount in the event Community Bankers is not able to timely complete the merger with TransCommunity.

Community Bankers' stockholders have no conversion, preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to the common stock, except that holders of common stock issued in Community Bankers' initial public offering, other than those shares acquired by Community Bankers insiders, who have waived such rights, have the right to have their shares of common stock converted to cash equal to their pro rata portion of the Community Bankers trust account if they properly elect such conversion and vote against a business combination such as the merger with TransCommunity which is ultimately approved and completed. Holders of common stock issued in Community Bankers' initial public offering who convert their stock into cash equal to a pro rata portion of the Community Bankers trust account will continue to own their redeemable warrants and have the right to sell, transfer or exercise such redeemable warrants.

Preferred Stock

Community Bankers' certificate of incorporation authorizes the issuance of 5,000,000 shares of blank check preferred stock with such designations, rights and preferences as may be determined from time to time by Community Bankers' board of directors. Accordingly, Community Bankers' board of directors is empowered, without stockholder approval, to issue preferred stock with dividend, liquidation, conversion, voting or other rights that could adversely affect the voting power or other rights of the holders of common stock, although the underwriting agreement executed in connection with Community Bankers' initial public offering prohibits Community Bankers, prior to completion of the merger with TransCommunity, from issuing preferred stock which participates in any manner in the proceeds of the trust account, or that votes separately or as a class with the common stock on the merger. The issuance of preferred stock could be utilized as a method of discouraging, delaying or preventing a change in control of Community Bankers. Although there are no shares of preferred stock outstanding and Community Bankers does not currently intend to issue any shares of preferred stock, there is no assurance that Community Bankers will not do so in the future.

Redeemable Warrants

Community Bankers currently has 7,500,000 redeemable warrants outstanding. Each redeemable warrant entitles the registered holder to purchase one share of Community Bankers' common stock at a price of \$5.00 per share, subject to adjustment as discussed below, at any time commencing upon the completion of the merger with TransCommunity provided a current prospectus is available as discussed below. The redeemable warrants will expire on June 4, 2011 at 5:00 p.m., New York City time. Community Bankers warrants are listed on the American Stock Exchange under the symbol BTC.W.

An additional 525,000 warrants relating to Community Bankers common stock may be issued upon exercise of the unit purchase option issued to I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc. the representatives of the underwriters, in connection with Community Bankers' initial public offering. The unit purchase option allows the I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc. representatives of the underwriters to purchase an aggregate of 525,000 units, at a purchase price of \$10.00 per unit, including 525,000 warrants, each of which allows the representatives of the underwriters to purchase one share of Community Bankers common stock at a price of \$7.50 per share.

Provided Community Bankers obtains the prior consent of the I-Bankers Securities, Inc., one of the representatives of the underwriters in Community Bankers' initial public offering, Community Bankers may call the outstanding redeemable warrants, including those issuable upon exercise of the purchase option described above, but excluding those warrants repurchased by Community Bankers Acquisition, LLC, an affiliate of Gary A. Simanson, Community Bankers' president and chief executive officer, and by the representatives of the

underwriters in Community Bankers initial public offering so long as such warrants are held by the representatives of the underwriters, for redemption:

in whole and not in part;

at a price of \$.01 per warrant at any time after the redeemable warrants become exercisable;

upon not less than 30 days prior written notice of redemption to each warrant holder; and

if, and only if, the reported last sale price of the common stock equals or exceeds \$11.50 per share, for any 20 trading days within a 30 trading day period ending on the third business day prior to the notice of redemption to warrant holders and a registration statement is in effect with respect to the shares of common stock underlying the warrants.

If the foregoing conditions are satisfied and Community Bankers calls the warrants for redemption, each warrant holder shall then be entitled to exercise his or her warrant, prior to the date scheduled for redemption, by payment of the exercise price in cash. In addition, Community Bankers may elect to permit the exercise of warrants called for redemption on a cashless basis. Exercises on a cashless basis enable the holder to exercise the warrants without paying the cash exercise price of the warrants. In a cashless exercise, the warrant holder is able to acquire a number of shares of common stock equal to the inherent value of the warrants to be exercised (the aggregate fair market value of the common stock that may be acquired upon the exercise of the warrants minus the total exercise price of the warrants) divided by the value of the common stock. The value of the common stock will be determined using the average reported last sale price of the common stock for the ten trading days ending on the third business day prior to the notice of redemption to warrant holders. In the notice of redemption, Community Bankers will provide to each warrant holder the value of the common stock and the number of shares of Community Bankers common stock that such warrant holder would receive upon exercise of the warrants on a cashless basis.

The exercise price and number of shares of common stock issuable on exercise of the redeemable warrants may be adjusted in certain circumstances including in the event of a stock dividend, or Community Bankers recapitalization, reorganization, merger or consolidation. However, the redeemable warrants will not be adjusted for issuances of common stock, preferred stock or other securities at a price below their respective exercise prices.

The redeemable warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price, by certified check payable to us, for the number of redeemable warrants being exercised. The warrant holders do not have the rights or privileges of holders of common stock or any voting rights until they exercise their redeemable warrants and receive shares of common stock. After the issuance of shares of common stock upon exercise of the redeemable warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

No redeemable warrants will be exercisable unless at the time of exercise a prospectus relating to common stock issuable upon exercise of the redeemable warrants is current and the common stock has been registered or qualified or deemed to be exempt under the securities laws of the state of residence of the holder of the redeemable warrants. Under the terms of the warrant agreement, Community Bankers has agreed to meet these conditions and use commercially reasonable efforts to maintain a current prospectus relating to common stock issuable upon exercise of the redeemable warrants until the expiration of the redeemable warrants. However, Community Bankers cannot assure you that it will be able to do so. The redeemable warrants may be deprived of any value and the market for the redeemable warrants may be limited if the prospectus relating to the common stock issuable upon the exercise of the redeemable warrants is not current or if the common stock is not qualified or exempt from qualification in the

jurisdictions in which the holders of the redeemable warrants reside.

No fractional shares will be issued upon exercise of the redeemable warrants. However, if, upon exercise of the warrants, a holder would be entitled to receive a fractional interest in a share, Community Bankers will, upon exercise, round to the nearest whole number of shares of common stock to be issued to the warrant holder.

Community Bankers Transfer Agent and Warrant Agent

The transfer agent for Community Bankers securities and warrant agent for its redeemable warrants is Continental Stock Transfer & Trust Company, New York, New York.

In addition, certain U.S. federal income tax consequences of the merger will be passed upon for Community Bankers by Nelson Mullins Riley & Scarborough LLP and for TransCommunity by Williams Mullen.

**PROPOSAL TO AUTHORIZE ADJOURNMENT
OF THE COMMUNITY BANKERS ANNUAL MEETING**

General

If, at the Community Bankers annual meeting, the number of shares of Community Bankers common stock, present in person or by proxy, is insufficient to constitute a quorum or the number of shares of Community Bankers common stock voting in favor is insufficient to adopt the merger agreement, to adopt the amended and restated certificate of incorporation, to elect each of Chris A. Bagley and Keith Walz to the board of directors and to ratify the independent public accountants for the year ending December 31, 2007, Community Bankers management intends to move to adjourn the annual meeting in order to enable the Community Bankers board of directors to solicit additional proxies. In that event, Community Bankers will ask its stockholders to vote only upon the adjournment proposal and not the proposals relating to adoption of the merger agreement, the adoption of the amended and restated certificate of incorporation, the election of Chris A. Bagley and Keith Walz to the board of directors and the ratification of the appointment of the independent public accountants for the fiscal year ending December 31, 2007.

In this proposal, Community Bankers is asking you to grant discretionary authority to the holder of any proxy solicited by the Community Bankers board of directors so that such holder can vote in favor of the proposal to adjourn the annual meeting to solicit additional proxies. If the stockholders of Community Bankers approve the adjournment proposal, Community Bankers could adjourn the annual meeting, and any adjourned session of the annual meeting, and use the additional time to solicit additional proxies, including the solicitation of proxies from stockholders who have previously voted. Among other things, approval of the adjournment proposal could mean that, even if Community Bankers had received proxies representing a sufficient number of votes against any of the proposals to defeat the proposal, Community Bankers could adjourn the annual meeting without a vote on the merger agreement proposal or any other proposal and seek to convince the holders of those shares to change their votes to votes in favor of the approval of the merger agreement.

Generally, if the annual meeting is adjourned, no notice of the adjourned meeting is required to be given to stockholders, other than an announcement at the annual meeting of the place, date and time to which the meeting is adjourned. However, Community Bankers' bylaws provide that if the adjournment is for more than 30 days, or if after adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting will be given to each stockholder of record entitled to vote at the adjourned meeting.

Vote Required

Under Community Bankers' bylaws, the adjournment proposal requires the affirmative vote of the holders of a majority of the shares of Community Bankers common stock present in person or represented by proxy at the annual meeting, whether or not a quorum is present. Abstentions and broker non-votes will not affect the vote on the adjournment proposal.

Board Recommendation

*The Community Bankers board of directors recommends a vote **FOR** the proposal to authorize the board of directors to adjourn the annual meeting of stockholders to allow time for the further solicitation of proxies to approve the adoption of the merger agreement, the adoption of amended and restated certificate of incorporation, the election of each of Chris A. Bagley and Keith Walz to the board of directors and the ratification of the appointment of the independent registered public accounting firm for the fiscal year ending December 31, 2007.*

**PROPOSAL TO AUTHORIZE ADJOURNMENT
OF THE TRANSCOMMUNITY SPECIAL MEETING**

General

If, at the TransCommunity special meeting, the number of shares of TransCommunity common stock, present in person or by proxy, is insufficient to constitute a quorum or the number of shares of TransCommunity common stock voting in favor of approval of the merger agreement is insufficient to approve the merger agreement, TransCommunity management intends to move to adjourn the special meeting in order to enable the TransCommunity board of directors to solicit additional proxies. In that event, TransCommunity will ask its stockholders to vote only upon the adjournment proposal and not the proposal relating to the approval of the merger agreement.

In this proposal, TransCommunity is asking you to grant discretionary authority to the holder of any proxy solicited by the TransCommunity board of directors so that such holder can vote in favor of the proposal to adjourn the special meeting to solicit additional proxies. If the stockholders of TransCommunity approve the adjournment proposal, TransCommunity could adjourn the special meeting, and any adjourned session of the special meeting, and use the additional time to solicit additional proxies, including the solicitation of proxies from stockholders who have previously voted. Among other things, approval of the adjournment proposal could mean that, even if TransCommunity had received proxies representing a sufficient number of votes against approval of the merger agreement to defeat the merger agreement proposal, TransCommunity could adjourn the special meeting without a vote on the merger agreement proposal and seek to convince the holders of those shares to change their votes to votes in favor of the approval of the merger agreement.

Generally, if the special meeting is adjourned, no notice of the adjourned meeting is required to be given to stockholders, other than an announcement at the special meeting of the place, date and time to which the meeting is adjourned. However, TransCommunity's bylaws provide that if the special meeting is adjourned to a date more than 120 days after the date fixed for the original meeting, notice of the adjourned meeting will be given as in the case of the original meeting.

Vote Required

Approval of the proposal to authorize the board of directors to adjourn the special meeting of stockholders requires the affirmative vote of a majority of the votes entitled to be cast at the special meeting, represented in person or by proxy, even though less than a quorum.

Board Recommendation

*The TransCommunity board of directors recommends a vote **FOR** the proposal to authorize the board of directors to adjourn the special meeting of stockholders to allow time for the further solicitation of proxies to approve the merger agreement.*

OTHER MATTERS

Neither the Community Bankers board of directors nor the TransCommunity board of directors know of any matters to be presented at the special meeting other than the proposals described in this joint proxy statement/prospectus. If any other matters are properly brought before the annual meeting or special meeting or any adjournment of such meetings, the enclosed proxy will be deemed to confer discretionary authority on the individuals named as proxies to vote the shares represented by the proxy as to any such matters.

NOTES TO CONDENSED FINANCIAL STATEMENTS

1. ORGANIZATION, BUSINESS OPERATIONS

The condensed financial statements at September 30, 2007 and for the three- and six-month periods ended September 30, 2007 and September 30, 2006, are unaudited and include the accounts of Community Bankers Acquisition Corp. (a corporation in the development stage). The condensed balance sheet at March 31, 2007, has been derived from the audited financial statements included in Community Bankers Annual Report on Form 10-K. The results of Community Bankers operations for the interim period are not necessarily indicative of the operating results for the full year. The accompanying unaudited interim consolidated financial statements and related notes should be read in conjunction with the financial statements and notes thereto included in Community Bankers Annual Report on Form 10-K for the year ended March 31, 2007.

In the opinion of management, all adjustments (consisting of normal accruals) have been made that are necessary to present fairly the financial position of Community Bankers as of September 30, 2007, and the results of its operations and its cash flows for the three and six months ended September 30, 2007. Until the announcement on September 6, 2007, that Community Bankers had entered into an agreement and plan of merger with a target company, Community Bankers efforts had been primarily organizational, activities relating to its initial public offering and searching for and identifying targets for an initial business combination. Until the consummation of a business combination, Community Bankers expects interest earned on the offering proceeds held in trust to be its primary source of income.

The statements and related notes have been prepared pursuant to the rules and regulations of the U.S. Securities and Exchange Commission. Accordingly, certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been omitted pursuant to such rules and regulations.

Community Bankers was incorporated in Delaware on April 6, 2005 as a blank check company whose objective is to merge with or acquire an operating commercial bank or bank holding company. As discussed in Note 6, Community Bankers issued a press release and filed a Current Report on Form 8-K on September 7, 2007, reporting that Community Bankers has entered into an agreement and plan of merger with TransCommunity Financial Corporation. Community Bankers fiscal year end has been changed from March 31 to December 31.

The registration statement for Community Bankers initial public offering was declared effective June 5, 2006. Community Bankers consummated the initial public offering on June 8, 2006 and received net proceeds of \$54,950,000 which is discussed in Note 2. Community Bankers management has broad discretion with respect to the specific application of the net proceeds of this initial public offering, although substantially all of the net proceeds are intended to be generally applied toward consummating a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business whose objective is to operate a commercial bank or bank holding company (Business Combination). There is no assurance that Community Bankers will be able to successfully effect a Business Combination. Upon the closing of the initial public offering, \$56,450,000 of the proceeds, including \$2,100,000 attributable to the underwriters discount which the representatives of the underwriters have agreed to defer until the initial Business Combination, are being held in a trust account (Trust Fund) and invested in U.S. government securities or other high-quality, short term interest-bearing investments, until the earlier of (1) the consummation of its first Business Combination or (2) distribution of the Trust Account as described below; provided, however, that up to \$1,129,000 of interest income, net of taxes payable on interest earned on the Trust Account, may be released to Community Bankers periodically to cover its operating expenses. The remaining proceeds and any interest released to

Community Bankers to cover its operating expenses will be used to pay for business, legal and accounting due diligence on prospective mergers or acquisitions and continuing general and administrative expenses. Community Bankers, after signing a definitive agreement for the Business Combination, will submit such transaction for stockholder approval. In the event that stockholders owning 20% or more of the outstanding stock excluding, for this purpose, those persons who were stockholders immediately prior to the initial public offering, both vote against the Business Combination and exercise their conversion

(A Corporation in the Development Stage)

NOTES TO CONDENSED FINANCIAL STATEMENTS (Continued)

rights, the Business Combination will not be consummated. All of Community Bankers' stockholders prior to the initial public offering, including all of the officers and directors of Community Bankers (Initial Stockholders), have agreed to vote all of their founding shares of common stock either for or against the Business Combination as determined by the majority of the votes cast by the holders of the common stock who purchase shares sold in the initial public offering (Public Stockholders) with respect to a Business Combination. After consummation of Community Bankers' first Business Combination, these voting safeguards no longer apply.

With respect to the first Business Combination which is approved and consummated, any Public Stockholder, other than Community Bankers' Initial Stockholders, who vote against the Business Combination may demand that Community Bankers redeem his or her shares. The per share redemption price will equal the amount in the Trust Fund as of the record date for determination of stockholders entitled to vote on the Business Combination divided by the number of shares of common stock held by Public Stockholders at the consummation of the initial public offering. Accordingly, Public Stockholders holding 19.99% of the aggregate number of shares owned by all Public Stockholders may seek redemption of their shares in the event of a Business Combination. Such Public Stockholders are entitled to receive their per share interest in the Trust Fund computed without regard to the shares held by Initial Stockholders.

Community Bankers' Certificate of Incorporation provides that in the event that Community Bankers does not consummate a Business Combination by the latter of (1) 18 months after the consummation of the initial public offering or (2) 24 months after the consummation of the initial public offering in the event that either a letter of intent, an agreement in principle or a definitive agreement to complete the Business Combination was executed but was not consummated within such 18-month period (such later date being referred to as the Termination Date), the board of directors will adopt a resolution, within 15 days thereafter, finding Community Bankers' dissolution advisable and provide notice as promptly thereafter as practicable to stockholders in connection with Community Bankers' dissolution in accordance with Section 275 of the Delaware General Corporation Law. In the event that Community Bankers is so dissolved, Community Bankers shall promptly adopt and implement a plan of distribution which provides that only the holders of shares sold in the initial public offering shall be entitled to receive liquidating distributions and Community Bankers shall pay no liquidating distributions with respect to any other shares of capital stock of Community Bankers. In the event of liquidation, it is likely that the per share value of residual assets remaining available for distribution (including Trust Fund assets) will be less than the initial public offering price per share in the initial public offering (assuming no value is attributed to the Redeemable Warrants contained in the Units sold in the initial public offering as described in Note 2).

2. INITIAL PUBLIC OFFERING

On June 8, 2006, Community Bankers sold 7,500,000 units (Units) in the initial public offering. Each Unit consists of one share of Community Bankers' common stock, \$0.01 par value, and one Redeemable Common Stock Purchase Warrant (Warrant). Each Warrant will entitle the holder to purchase from Community Bankers one share of common stock at an exercise price of \$5.00 commencing on the completion of a Business Combination and expiring five years from the date of the initial public offering. The Warrants will be redeemable by Community Bankers at a price of \$0.01 per Warrant upon 30 days' notice after the Warrants become exercisable, only in the event that the last sale price of the common stock is at least \$11.50 per share for any 20 trading days within a 30 trading day period ending on the third business day prior to the date on which notice of the redemption is given.

In addition, Community Bankers sold to I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc. or their designees, for \$100, an option to purchase up to 525,000 units in the aggregate. The units issuable upon exercise of this option are identical to those offered in this initial public offering, except that each of the warrants underlying this option entitles the holder to purchase one share of common stock at a price of \$7.50. This option is exercisable at \$10.00 per unit commencing on the later of the consummation of a Business Combination or one year from the date of the initial public offering. This option expires June 4, 2011. In lieu of the

payment of the exercise price, this option may be converted into units on a net-share settlement or cashless exercise basis to the extent that the market value of the units at the time of conversion exceeds the exercise price of this option. This option may only be exercised or converted by the option holder and cannot be redeemed by Community Bankers for cash.

3. NOTE PAYABLE

Community Bankers Acquisition, LLC, an affiliate of Community Bankers president and one of its stockholders, has entered into a revolving credit agreement with Community Bankers in the amount of \$100,000. Advances under the credit facility were \$40,000. The loan was non-interest bearing and was repaid on June 29, 2006.

4. RELATED PARTY TRANSACTIONS

Community Bankers presently occupies office space provided by an affiliate of Community Bankers president and an Initial Stockholder. Such affiliate has agreed that, until the acquisition of a target business by Community Bankers, it will make such office space, as well as certain office and secretarial services, available to Community Bankers, as may be required by Community Bankers from time to time. Community Bankers has agreed to pay such affiliate \$7,500 per month for such services commencing June 5, 2006. At September 30, 2007, an aggregate of \$180,000 has been paid.

5. CAPITAL STOCK

Common Stock

Community Bankers is authorized to issue 50,000,000 shares of common stock. Stockholders are entitled to one vote for each share held of record on all matters to be voted on by stockholders. Stockholders have no conversion, preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to the common stock, except that Public Stockholders have the right to have their shares of common stock converted to cash equal to their pro rata share of the trust fund if they both elect such conversion within the prescribed time period and they subsequently vote against the Business Combination and the Business Combination is ultimately approved and completed. Assuming the Business Combination is not timely completed and Community Bankers dissolution is approved by Community Bankers stockholders in accordance with Delaware law, Public Stockholders will be entitled to receive their proportionate share of the Trust Fund (including any interest not released to us, net of taxes, and the deferred underwriting discount). In addition, Public Stockholders will be entitled to receive a pro rata portion of Community Bankers remaining assets not held in trust, less amounts Community Bankers pay, or reserve to pay, for all of Community Bankers liabilities and obligations. Initial Stockholders have agreed to waive their rights to share in any liquidating distribution with respect to common stock owned by them prior to consummation of the initial public offering in the event Community Bankers is not able to timely complete a Business Combination.

Pursuant to letter agreements with Community Bankers, the Initial Stockholders have waived their right to receive distributions with respect to their founding shares upon Community Bankers liquidation.

Preferred Stock

Community Bankers is authorized to issue 5,000,000 shares of preferred stock with such designations, voting and other rights and preferences as may be determined from time to time by the Board of Directors.

The agreement with the underwriters prohibits Community Bankers, prior to a Business Combination, from issuing preferred stock without the consent of the Representatives of the underwriters.

6. PROPOSED BUSINESS COMBINATION

On September 5, 2007, Community Bankers entered into an agreement and plan of merger with TransCommunity. The agreement and plan of merger sets forth the terms and conditions of Community Bankers' acquisition of TransCommunity through the merger of TransCommunity with and into Community Bankers. TransCommunity Bank, N.A., a wholly owned subsidiary of TransCommunity, will become a wholly owned subsidiary of the surviving company in the merger.

Under the terms of the agreement and plan of merger, Community Bankers will issue to the shareholders of TransCommunity, for each share of TransCommunity's common stock that they own, 1.4200 shares of Community Bankers' common stock (the Exchange Ratio), subject to adjustment as described below. If the daily average closing price for Community Bankers' common stock for the 20 consecutive days of trading in such stock ending five days before the closing date is less than \$7.42, Community Bankers will increase the Exchange Ratio to the quotient obtained by dividing \$10.5364 by such daily average closing price.

In addition, at the effective time of the merger, each outstanding option to purchase shares of TransCommunity's common stock under any of TransCommunity's stock plans shall vest pursuant to its terms and shall be converted into an option to acquire the number of shares of Community Bankers' common stock equal to the number of shares of common stock underlying the option multiplied by the Exchange Ratio. The exercise price of each option will be adjusted accordingly.

The agreement and plan of merger also provides for Community Bankers' headquarters to move to the headquarters of TransCommunity. Following the consummation of the merger, the Board of Directors of the surviving company will consist of ten directors, four of whom will be nominated by Community Bankers and six of whom will be nominated by TransCommunity. In addition, the chief executive officer and chief financial officer of TransCommunity will take those positions with the surviving company, and Community Bankers' chief executive officer will become the surviving company's chief strategic officer.

Consummation of the merger is subject to a number of customary conditions including the approval of the merger by the shareholders of each of TransCommunity and Community Bankers and the receipt of all required regulatory approvals. In addition, closing of the transaction is also conditioned on holders of fewer than 20% of the shares of Community Bankers' common stock voting against the transaction and electing to convert their shares of Community Bankers' common stock into cash. Pursuant to the agreement and plan of merger either party may terminate the agreement and plan of merger in the event the merger is not consummated by May 31, 2008. As a result of the execution of the agreement and plan of merger, pursuant to Community Bankers' certificate of incorporation, it has until June 7, 2008 to complete the transaction before it would otherwise be required to liquidate.

7. COMMITMENTS

On September 5, 2007, Community Bankers entered into an agreement with Keefe, Bruyette & Woods to provide financial advisory and investment banking services to Community Bankers in connection with the proposed merger with TransCommunity discussed in Note 6. Community Bankers paid \$125,000 upon execution of the agreement and, in the event that the business combination with TransCommunity is consummated, it will pay a cash fee to Keefe,

Bruyette & Woods at closing of \$375,000.

In addition, Community Bankers agreed to pay to I-Bankers Securities, Inc. serving as the underwriting syndicate's representative, \$2,100,000 attributable to the underwriters' discount which the representatives of the underwriters have agreed to defer until the initial Business Combination. Until a Business Combination is completed, these funds are held in the Trust Account. If Community Bankers does not complete a Business Combination, then the 2% deferred discount will become part of the funds returned to Community Bankers' Public Stockholders from the trust account upon its liquidation as part of any plan of dissolution and distribution approved by Community Bankers' stockholders.

COMMUNITY BANKERS ACQUISITION CORP.
(A Corporation in the Development Stage)

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION, BUSINESS OPERATIONS

The Corporation was incorporated in Delaware on April 6, 2005 as a blank check company whose objective is to merge with or acquire an operating commercial bank or bank holding company. The Corporation has neither engaged in any operations nor generated revenue to date other than interest income. The Corporation's fiscal year end is March 31.

The registration statement for the Corporation's initial public offering (Offering) was declared effective June 5, 2006. The Corporation consummated the Offering on June 8, 2006 and received net proceeds of \$54,950,000 which is discussed in Note 3. The Corporation's management has broad discretion with respect to the specific application of the net proceeds of this Offering, although substantially all of the net proceeds are intended to be generally applied toward consummating a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business whose objective is to operate a commercial bank or bank holding company (Business Combination). There is no assurance that the Corporation will be able to successfully effect a Business Combination. Upon the closing of the Offering, \$56,450,000 of the proceeds, including \$2,100,000 attributable to the underwriters discount which the representatives of the underwriters have agreed to defer until the initial Business Combination, are being held in a trust account (Trust Account) and invested in U.S. government securities or other high-quality, short term interest-bearing investments, until the earlier of (1) the consummation of its first Business Combination or (2) distribution of the Trust Account as described below; provided, however, that up to \$1,129,000 of interest income, net of taxes payable on interest earned on the Trust Account, may be released to the Corporation periodically to cover its operating expenses. The balance in the Trust Account as of March 31, 2007 was \$58,118,729. Interest released to the Corporation to cover its operating expenses and the proceeds of the Offering that were not deposited in the Trust Account will be used to pay for business, legal and accounting due diligence on prospective mergers or acquisitions and continuing general and administrative expenses. The Corporation, after signing a definitive agreement for the Business Combination, will submit such transaction for stockholder approval. In the event that stockholders owning 20% or more of the outstanding stock excluding, for this purpose, those persons who were stockholders immediately prior to the Offering, both vote against the Business Combination and exercise their conversion rights, the Business Combination will not be consummated. All of the Corporation's stockholders prior to the Offering, including all of the officers and directors of the Corporation (Initial Stockholders), have agreed to vote all of their founding shares of common stock either for or against the Business Combination as determined by the majority of the votes cast by the holders of the common stock who purchase shares sold in this Offering (Public Stockholders) with respect to a Business Combination. After consummation of the Corporation's first Business Combination, these voting safeguards no longer apply.

With respect to the first Business Combination which is approved and consummated, any Public Stockholder, other than the Corporation's Initial Stockholders, who voted against the Business Combination may demand that the Corporation redeem his or her shares. The per share redemption price will equal the amount in the Trust Fund as of the record date for determination of stockholders entitled to vote on the Business Combination divided by the number of shares of common stock held by Public Stockholders at the consummation of the Offering. Accordingly, Public Stockholders holding 19.99% of the aggregate number of shares owned by all Public Stockholders may seek redemption of their shares in the event of a Business Combination. Such Public Stockholders are entitled to receive their per share interest in the Trust Fund computed without regard to the shares held by Initial Stockholders. In this respect, \$11,617,934 has been classified as common stock subject to possible conversion at March 31, 2007.

The Corporation's Certificate of Incorporation provides that in the event that the Corporation does not consummate a Business Combination by the latter of (1) 18 months after the consummation of the Offering or (2) 24 months after the consummation of the Offering in the event that either a letter of intent, an agreement in principle or a definitive agreement to complete the Business Combination was executed but was not consummated within such 18-month period (such latter date being referred to as the Termination Date), the board of directors will adopt a resolution, within 15 days thereafter, finding the Corporation's dissolution advisable and provide notice

as promptly thereafter as practicable to stockholders in connection with our dissolution in accordance with Section 275 of the Delaware General Corporation Law. In the event that the Corporation is so dissolved, the Corporation shall promptly adopt and implement a plan of distribution which provides that only the public stockholders shall be entitled to receive liquidating distributions and the Corporation shall pay no liquidating distributions with respect to any other shares of capital stock of the Corporation. In the event of liquidation, it is likely that the per share value of residual assets remaining available for distribution (including Trust Fund assets) will be less than the initial public offering price per share in the Offering (assuming no value is attributed to the Redeemable Warrants contained in the Units sold in the Offering as described in Note 3).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements include the accounts of the Corporation. The Corporation has not commenced operations effective March 31, 2007. All activity through March 31, 2007, is related to the Corporation's formation and the Offering.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual amounts could differ from those estimates.

Cash Equivalents

The Corporation considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

Concentration of Credit Risk

Financial instruments that potentially subject the Corporation to credit risk consist of cash and cash equivalents. The Corporation's policy is to limit the amount of credit exposure to any one financial institution and place investments with financial institutions evaluated as being creditworthy, or in short-term money market funds which are exposed to minimal interest rate and credit risk.

Income Taxes

The Corporation recognizes deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in the Corporation's financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial statement carrying amounts and the tax bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse.

Earnings per Common Share

Basic earnings per share (EPS) is computed by dividing net income applicable to common stock by the weighted average common shares outstanding during the period. Diluted EPS reflects the additional dilution for all potentially dilutive securities such as stock warrants.

Recently Issued Accounting Standards

Management does not believe that any recently issued, but not yet effective accounting pronouncements, if adopted, would have a material effect on the accompanying financial statements.

3. INITIAL PUBLIC OFFERING

On June 8, 2006, the Corporation sold 7,500,000 units (Units) in the Offering. Each Unit consists of one share of the Corporation's common stock, \$0.01 par value, and one Redeemable Common Stock Purchase Warrant (Warrant). Each Warrant will entitle the holder to purchase from the Corporation one share of common stock at an exercise price of \$5.00 commencing on the later of the completion of a Business Combination or one year from the effective date of the Offering and expiring five years from the date of the Offering. The Warrants will be redeemable by the Corporation at a price of \$0.01 per Warrant upon 30 days' notice after the Warrants become exercisable, only in the event that the last sale price of the common stock is at least \$11.50 per share for any 20 trading days within a 30 trading day period ending on the third business day prior to the date on which notice of the redemption is given.

In addition, the Corporation sold to I-Bankers Securities, Inc., Maxim Group LLC and Legend Merchant Group, Inc. or their designees, for \$100, an option to purchase up to 525,000 units in the aggregate. The units issuable upon exercise of this option are identical to those offered in this Offering, except that each of the warrants underlying this option entitles the holder to purchase one share of common stock at a price of \$7.50. This option is exercisable at \$10.00 per unit commencing on the later of the consummation of a Business Combination or one year from the date of the Offering. This option expires June 4, 2011. In lieu of the payment of the exercise price, this option may be converted into units on a net-share settlement or cashless exercise basis to the extent that the market value of the units at the time of conversion exceeds the exercise price of this option. This option may only be exercised or converted by the option holder and cannot be redeemed by the Corporation for cash.

The sale of the option to the representatives of the underwriters is accounted for as an equity transaction in accordance with Emerging Issues Task Force No. 00-19, *Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in a Company's Own Stock*, and measured at its fair value. As a result, the Corporation's cash position and stockholders' equity increased by the \$100 proceeds from the sale. The Corporation accounted for the fair value of the option as an expense of the Offering. The Corporation has determined based upon a trinomial model that the estimated fair value of the option on the date of sale was approximately \$2.4145 per unit or an aggregate of \$1,267,613 assuming an expected life of five years, volatility of 32.371% and a risk-free interest rate of 4.929%. Although an expected life of five years was used, if the Corporation does not consummate a Business Combination within the prescribed time period and liquidate, this option would become worthless.

Because the Corporation does not have a trading history, the Corporation estimated the potential volatility of its common stock price using the average volatility of ten publicly-traded banking institutions with market capitalizations ranging from \$64 million to \$288 million with an average of \$149 million. The Corporation believes that the average volatility of these representative institutions is a reasonable benchmark to use in estimating the expected volatility of its common stock after consummation of a Business Combination, because these sample institutions are operating banks or bank holding companies that are similar in size to target business acquisitions. The volatility calculation of 32.371% was derived using the volatility of representative banks. This calculation used the daily closing prices for the

five year period ended April 30, 2006. Using a higher volatility would have the effect of increasing the implied value of this option.

Pursuant to Rule 2710(g)(1) of the NASD Conduct Rule, the option to purchase 525,000 units is deemed to be underwriting compensation and therefore upon exercise the underlying shares and warrants are subject to a 180-day lock-up. Additionally, the option may not be sold, transferred, assigned, pledged or hypothecated for a one-year period (including the foregoing 180-day period) following the date of the Offering.

COMMUNITY BANKERS ACQUISITION CORP.
(A Corporation in the Development Stage)

NOTES TO FINANCIAL STATEMENTS (Continued)

Although this option and its underlying securities have been registered by the Corporation, the Corporation has granted to the holders of this option demand and piggy back registration rights until the later of five years from the date of the Offering or one year after the warrants are exercised with respect to the securities directly and indirectly issuable upon exercise of this option. The Corporation will bear all fees and expenses attendant to registering the securities, other than underwriting commissions which will be paid for by the holders themselves. The exercise price and number of units issuable upon exercise of this option shall be adjusted in certain circumstances including in the event of a stock dividend, or the Corporation's recapitalization, reorganization, merger or consolidation. However, no adjustments to this option will be made for issuances of common stock at a price below the exercise price of this option.

4. DEFERRED OFFERING COSTS

Deferred offering costs consisted principally of legal and other offering expenses incurred through March 31, 2006 that were related to the Offering and were charged to capital upon receipt of the capital raised.

5. NOTE PAYABLE

Community Bankers Acquisition, LLC, an affiliate of the Corporation's president and one of its stockholders, entered into a revolving credit agreement with the Corporation in the amount of \$100,000. Advances under the credit facility were \$40,000. The loan was non-interest bearing and was repaid on June 29, 2006.

6. RELATED PARTY TRANSACTIONS

The Corporation presently occupies office space provided by an affiliate of the Corporation's president and an Initial Stockholder. Such affiliate has agreed that, until the acquisition of a target business by the Corporation, it will make such office space, as well as certain office and secretarial services, available to the Corporation, as may be required by the Corporation from time to time. The Corporation has agreed to pay such affiliate \$7,500 per month for such services commencing June 5, 2006. At March 31, 2007, an aggregate of \$75,000 has been paid.

7. CAPITAL STOCK

Common Stock

The Corporation is authorized to issue 50,000,000 shares of common stock. Stockholders are entitled to one vote for each share held of record on all matters to be voted on by stockholders. Stockholders have no conversion, preemptive or other subscription rights and there are no sinking fund or redemption provisions applicable to the common stock, except that Public Stockholders have the right to have their shares of common stock converted to cash equal to their pro rata share of the trust fund if they both elect such conversion within the prescribed time period and they subsequently vote against the Business Combination and the Business Combination is ultimately approved and completed. Assuming the Business Combination is not timely completed and the Corporation's dissolution is approved by our stockholders in accordance with Delaware law, Public Stockholders will be entitled to receive their proportionate share of the Trust Fund (including any interest not released to us, net of taxes, and the deferred underwriting discount). In addition, Public Stockholders will be entitled to receive a pro rata portion of our remaining

assets not held in trust, less amounts Community Bankers pay, or reserve to pay, for all of our liabilities and obligations. Initial Stockholders have agreed to waive their rights to share in any liquidating distribution with respect to common stock owned by them prior to consummation of the Offering in the event the Corporation is not able to timely complete a Business Combination.

Pursuant to letter agreements with the Corporation, the Initial Stockholders have waived their right to receive distributions with respect to their founding shares upon the Corporation's liquidation.

Preferred Stock

The Corporation is authorized to issue 5,000,000 shares of preferred stock with such designations, voting and other rights and preferences as may be determined from time to time by the Board of Directors.

The agreement with the underwriters prohibits the Corporation, prior to a Business Combination, from issuing preferred stock without the consent of the representatives of the underwriters.

8. INCOME TAX

Effective April 1, 2007, the Corporation adopted the provisions of Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109 (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in the Company's financial statements in accordance with FASB Statement 109, Accounting for Income Taxes, and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

Management has evaluated and concluded that there are no significant uncertain tax positions requiring recognition in the Corporation's financial statements as of April 1, 2007. The evaluation was performed for the tax year ended March 31, 2006, which remains subject to examination for Federal and state purposes as of March 31, 2007.

The Corporation's policy is to classify assessments, if any, for tax related interest as interest expense and penalties as general and administrative expenses.

The components of the provision for income tax is as follows:

	Year Ended March 31, 2007	For the Period from April 6, 2005 (Inception) to March 31, 2006
Federal		
Current	\$ 690,000	\$
Deferred		
	690,000	
State		
Current	116,000	
Deferred		

116,000

\$ 806,000 \$

There were no deferred tax assets or liabilities at March 31, 2007 and 2006.

9. PER SHARE INFORMATION

In accordance with SFAS No. 128, Earnings Per Share, basic earnings per common share (Basic EPS) is computed by dividing the net income by the weighted-average number of shares outstanding. Diluted earnings per common share (Diluted EPS) is computed by dividing the net income by the weighted-average number of common shares and dilutive common share equivalents and warrants then outstanding. SFAS No. 128 requires the presentation of both Basic EPS and Diluted EPS on the face of the Corporation's Statements of Income.

TRANSCOMMUNITY FINANCIAL CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

NOTE 1 Principles of Consolidation and Basis of Presentation:

The accompanying unaudited consolidated financial statements include the accounts of TransCommunity Financial Corporation (TransCommunity or the Company) and its consolidated subsidiary TransCommunity Bank, N.A., which includes Main Street Mortgage and Investment Corporation (Main Street Mortgage), a former wholly-owned subsidiary that discontinued operations in December 2006. All significant intercompany transactions and balances associated with consolidated subsidiaries have been eliminated.

The consolidated financial statements of TransCommunity conform to accounting principles generally accepted in the United States of America, to general industry practices, and the instructions for Form 10-Q and Regulation S-X. In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments (consisting of only normal recurring accruals) necessary to present fairly the financial position at September 30, 2007, and the results of operations for the three-month and nine-month periods ended September 30, 2007 and 2006. The Consolidated Statement of Financial Condition at December 31, 2006 was derived from audited financial data. The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingent assets and liabilities in the financial statements, and the disclosure of revenue and expense during the reporting periods. The assumptions are based on information available as of the date of the financial statements and could differ from actual results. The results for the interim periods are not necessarily indicative of annual performance. The notes included herein should be read in conjunction with the notes to consolidated financial statements included in the audited December 31, 2006 financial statements for TransCommunity, which statements were included in TransCommunity's Annual Report on Form 10-K for the year ended December 31, 2006 filed with the Securities and Exchange Commission (the Commission).

NOTE 2 Impacts of Certain Accounting Pronouncements:

In September 2006, the FASB released SFAS No. 157, Fair Value Measurement, which provides guidance for using fair value to measure assets and liabilities. SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. The Statement also responds to investors' requests for more information about the extent to which companies measure assets and liabilities at fair value, the information used to measure fair value and the effect that fair value measurements have on earnings. SFAS No. 157 will apply whenever another standard requires (or permits) assets or liabilities to be measured at fair value. The standard does not expand the use of fair value to any new circumstances. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those years. SFAS No. 157 is effective for TransCommunity for years beginning after January 1, 2008, and interim periods within that year. TransCommunity is in the process of evaluating the impact that the adoption of SFAS No. 157 will have on its consolidated financial position and results of operations.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities. This Statement permits entities to choose to measure many financial instruments and certain other items at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. This Statement is effective as of the beginning of an entity's first fiscal year beginning after November 15, 2007. TransCommunity is currently in the process of evaluating the impact that the adoption will have on its consolidated financial position and results of operations.

NOTE 3 Investment Securities:

The carrying values, unrealized gains, unrealized losses and approximate fair values of investment securities at September 30, 2007 and December 31, 2006 are shown in the table below. As of September 30, 2007, 18 U.S. Agency Securities with a carrying value of \$13.7 million were pledged as collateral for borrowings and public funds.

* Issued by the Federal Home Loan Bank (FHLB)

The September 30, 2007 unrealized loss was the aggregate of 11 U.S. Agency notes, none of which had a continuous loss period of more than 12 months. The December 31, 2006 unrealized loss was the aggregate of 20 U.S. Agency notes, of which 11 had a continuous loss period of more than 12 months. The unrealized loss positions in both years were primarily related to interest rate movements as there is minimal credit risk exposure in these investments. All securities are investment grade or better. No impairment loss has been recognized on these securities because management has both the intent and the ability to hold these securities until maturity or call dates.

Management evaluates securities for other-than-temporary impairment at least on a quarterly basis and more frequently when economic or market concerns warrant such evaluation. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) the intent and ability of TransCommunity's subsidiary bank to retain its investment in the issuer for a period of time sufficient to allow for any anticipated recovery in fair value.

NOTE 4 Stock Based Compensation:***2001 Stock Option Plan***

A stock option plan was adopted by the Board of Directors of the Bank of Powhatan on May 8, 2001 (the 2001 Plan). This 2001 Plan was adopted by TransCommunity effective August 15, 2001 in connection with the reorganization in which the Bank of Powhatan became a subsidiary of TransCommunity. The purpose of the 2001 Plan was to reward employees and directors for services rendered and to foster the success of TransCommunity and its subsidiary by providing incentives to employees and directors that will promote the alignment of their personal financial interest

with the long-term financial success of TransCommunity and its subsidiaries and with growth in shareholder value. The 2001 Plan provided that options for up to 330,000 shares of TransCommunity common stock may be issued. Under the 2001 Plan, annual grants of stock options were limited to 10,000 shares for each employee and 7,500 shares for each director. The exercise price may not be less than 100% of the fair market value of the shares on the grant date. Unless the Compensation Committee of TransCommunity's Board of Directors determines otherwise, one-third of a grant becomes vested and exercisable on each of the first three anniversaries of the initial grant date. Each grant becomes fully vested and exercisable in the event of a change in control of TransCommunity. All options are subject to exercise or forfeiture if TransCommunity's capital falls below its minimum requirements, as determined by its primary regulator, and TransCommunity's primary regulator so directs. At September 2007, options to acquire 275,275 shares were outstanding, of which 233,275 were exercisable at that date.

Effective January 1, 2006, TransCommunity adopted SFAS No. 123R, Share-Based Payment, using the modified prospective transition method. SFAS No. 123R requires companies to calculate compensation expense arising from stock-based compensation based on the respective fair values of awards at grant date.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

A summary of the options granted is shown in the following table:

	Nine Months Ended September 30,	
	2007	2006
Outstanding at January 1	\$ 246,625	\$ 281,425
Granted	56,000	5,000
Exercised	(5,000)	
Lapsed	(22,350)	(1,200)
Options outstanding at September 30	275,275	285,225
Options exercisable at September 30	233,275	274,492
Weighted average exercise price	\$ 9.97	\$ 9.95
Weighted average remaining contracted life at September 30	55 months	79 months

The weighted-average grant date fair value of 56,000 options granted under the 2001 Plan during the nine months ended September 30, 2007, was \$2.43 per share, which equaled \$136,080. The weighted average exercise price of options granted during the nine months ended September 30, 2007, was \$8.53 per share.

Options granted under the Plan generally expire ten years after the date of grant and are granted at market value of the stock on the date of grant. Option terms are determined by the Compensation Committee of TransCommunity's Board of Directors at the time of the grant. TransCommunity utilizes the Black Scholes model to calculate fair values of options awarded. This model requires assumptions as to expected volatility, dividends, terms and risk free rates.

Assumptions used for the periods covered herein are outlined in the following table:

	Nine Months Ended	
	September 30, 2007	September 30, 2006
Expected volatility	20%	5%
Expected dividend	0	0
Expected term (years)	5	10
Risk free rate	4.6%	4.6%

Expected volatilities are based on volatility trends of similar entities in the region, as defined by the SNL Mid-Atlantic Bank Index. Expected dividends reflect the experience of TransCommunity's common stock. Expected terms represent the period of time that options granted are expected to be outstanding. The risk free rate is based on the U.S. Treasury yield curve in effect at the time of grant for the appropriate life of each option.

On May 29, 2007, shareholders approved the TransCommunity Financial Corporation 2007 Equity Compensation Plan. As a result, TransCommunity will not make any more stock option grants under the 2001 Plan.

2007 Equity Compensation Plan

On May 29, 2007, the shareholders of TransCommunity approved the TransCommunity Financial Corporation 2007 Equity Compensation Plan (the 2007 Plan). The complete text of the 2007 Plan was filed as an exhibit to the Form 10-Q dated June 30, 2007. The following general description of the principal features of the 2007 Plan is qualified in its entirety by reference to such exhibit. Additional information with respect to the 2007 Plan is included in TransCommunity s proxy statement for its 2007 annual meeting of shareholders, as filed with the Commission on April 23, 2007.

The 2007 Plan authorizes the Compensation Committee of TransCommunity s Board of Directors to grant one or more of the following awards to directors, officers, key employees, consultants and advisors to TransCommunity

TRANSCOMMUNITY FINANCIAL CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

and its subsidiary who are designated by the Compensation Committee: options; stock appreciation rights; stock awards; performance share awards; incentive awards; and stock units. The Compensation Committee will administer the 2007 Plan.

TransCommunity is authorized to issue under the 2007 Plan up to 250,000 shares of its common stock. Generally, if an award is forfeited, expires or terminates, the shares allocated to that award under the 2007 Plan may be reallocated to new awards under the 2007 Plan. Shares surrendered pursuant to the exercise of a stock option or other award or in satisfaction of tax withholding requirements under the 2007 Plan may also be reallocated to other awards. The 2007 Plan provides that if there is a stock split, stock dividend or other event that affects TransCommunity's capitalization, appropriate adjustments will be made in the number of shares that may be issued under the 2007 Plan and in the number of shares and price of all outstanding grants and awards made before such event.

The 2007 Plan also provides that no award may be granted more than 10 years after the earlier of the date that it is approved by TransCommunity's shareholders or the date it is adopted by TransCommunity's Board of Directors, which was February 28, 2007.

The Board of Directors may amend or terminate the 2007 Plan at any time, provided that no such amendment will be made without shareholder approval if (i) the amendment would increase the aggregate number of shares of Common Stock that may be issued under the 2007 Plan (other than as permitted under the 2007 Plan), (ii) the amendment changes the class of individuals eligible to become participants or (iii) such approval is required under any applicable law, rule or regulation.

On July 25, 2007, agreements with market presidents and corporate senior officers were executed for restricted stock awards totaling 22,375 shares under the 2007 Plan. The agreements grant fifty percent of the restricted stock on a three year vesting schedule as follows:

Date	Percentage
March 1, 2008	20%
March 1, 2009	20%
March 1, 2010	60%

The remaining one-half of the restricted stock will be issued March 1, 2010 if corporate pretax income for 2009 equals or exceeds \$3.0 million.

During the third quarter of 2007, TransCommunity recorded expenses of \$23 thousand related to stock based compensation, and \$57 thousand for the nine months ended September 30, 2007.

NOTE 5 Earnings (Losses) Per Share:

Basic earnings (losses) per share (EPS) are computed by dividing net income or loss by the weighted average number of shares outstanding during the period. Diluted EPS is computed using the weighted average number of common shares outstanding during the period, including the effect of dilutive potential common shares outstanding attributable

to stock awards. Reported basic and dilutive earnings per share are the same as the effect on EPS of TransCommunity's outstanding stock options would be antidilutive.

NOTE 6 Business Segments:

Currently, the holding company operates as a shell company with all operations performed by its subsidiary bank and recorded in its records. All operations are reported under the Community Banking segment.

Previously, TransCommunity had two reportable business segments: Community Banking and TransCommunity as reported June 30, 2007. The Community Banking segment consisted of TransCommunity's four subsidiary banks which were consolidated in June 2007, each of which provided loan, deposit, mortgage and

TRANSCOMMUNITY FINANCIAL CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

investment services to retail and commercial customers in their respective market areas. TransCommunity consisted of the parent company, which wholly owned, the consolidated bank. All operations are now performed within the bank.

During 2006, TransCommunity had two additional business segments, Main Street Mortgage, which provided a variety of mortgage loan products across the country under the exemption granted as a subsidiary of a nationally-chartered bank, and Financial Services, which offered trust, asset management and securities and insurance brokerage services. The activities of both of these business segments were discontinued during 2006. The services previously provided by both of these business segments have been transferred to the Community Banking segment. Segment information previously reported is as follows:

NOTE 9 Litigation:

In the ordinary course of operations, TransCommunity and its subsidiaries may be parties to various legal proceedings. The following matters involve pending or potential claims:

Minter Lawsuit. On November 2, 2006, James L. Minter filed a lawsuit against TransCommunity and William C. Wiley, the former Chief Executive Officer and Chairman of the Board of Directors of TransCommunity, in the Circuit Court of the County of Powhatan in Virginia. The suit arises out of the Bank's purchase of Main Street Mortgage and Investment Corporation in early 2001. Minter alleges that in late 2000 Wiley withheld information concerning the value of Main Street Mortgage from the Bank's board of directors and that the Bank would not have acquired Main Street Mortgage if the valuation had been provided to the Bank's board. Minter's suit claims that TransCommunity aided and abetted and conspired with Wiley in his misrepresentation of Main Street Mortgage's value. Minter's suit also alleges that the December 2005 separation agreement between TransCommunity and Wiley improperly released claims TransCommunity had against Wiley arising out of Wiley's alleged concealment of the Main Street Mortgage valuation from the Bank's board in late 2000. Minter seeks unspecified rescissionary and compensatory damages, unspecified treble damages and punitive damages of \$350,000 against each defendant, jointly and severally and with interest. Minter also seeks to recover his attorneys' fees.

TransCommunity moved for a dismissal of the lawsuit, brought claims against Minter for breach of fiduciary duty related to his use of confidential Company information for personal gain and removed him from the board of the Bank of Powhatan. In response to TransCommunity's motion to dismiss the lawsuit, on August 8, 2007, the court dismissed the two counts that Minter had asserted against TransCommunity. The court, however, permitted Minter to replead the count in which Minter alleged that TransCommunity aided and abetted Wiley in his allegedly fraudulent conduct.

F-37

TRANSCOMMUNITY FINANCIAL CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Minter amended his complaint, and the only claim against TransCommunity is based on TransCommunity's alleged derivative liability for Wiley's conduct. The underlying factual allegations are the same; however, Minter now alleges that TransCommunity is liable for Wiley's conduct because he was acting as an agent of TransCommunity. TransCommunity has again moved for a dismissal of Minter's claim. A hearing on TransCommunity's motion is set for December 7, 2007.

TransCommunity believes that, insofar as it concerns TransCommunity, Minter's suit is without merit.

Based on the facts presently known, TransCommunity believes it has limited liability exposure arising from this lawsuit. However, since the case is in the early stages, TransCommunity is unable to evaluate the likelihood of an unfavorable outcome or to estimate the amount or range of potential loss, if any, in this matter.

NOTE 10 Pending Merger:

On September 5, 2007, TransCommunity entered into an Agreement and Plan of Merger with Community Bankers. The Merger Agreement sets forth the terms and conditions of Community Bankers' acquisition of TransCommunity through the merger of TransCommunity with and into Community Bankers. TransCommunity Bank, N.A., a wholly-owned subsidiary of TransCommunity, will become a wholly-owned subsidiary of Community Bankers in the Merger.

Under the terms of the Merger Agreement, Community Bankers will issue to the shareholders of TransCommunity, for each share of TransCommunity's common stock that they own, 1.4200 shares of Community Bankers' common stock (the Exchange Ratio), subject to adjustment as described below. If the daily average closing price for Community Bankers' common stock for the 20 consecutive days of trading in such stock ending five days before the closing date is less than \$7.42, Community Bankers will increase the Exchange Ratio to the quotient obtained by dividing \$10.5364 by such daily average closing price. There will be no adjustment if such daily average closing price is \$7.42 or greater.

In addition, at the effective time of the Merger, each outstanding option to purchase shares of TransCommunity's common stock under any of TransCommunity's stock plans shall vest pursuant to its terms and shall be converted into an option to acquire the number of shares of Community Bankers' common stock equal to the number of shares of TransCommunity's common stock underlying the option multiplied by the Exchange Ratio. The exercise price of each option will be adjusted accordingly.

The Merger Agreement also provides for the headquarters of the resulting company to be located at the headquarters of TransCommunity. Following the consummation of the Merger, the Board of Directors of Community Bankers will consist of 10 directors, four of whom will be nominated by Community Bankers and six of whom will be nominated by TransCommunity. In addition, the chief executive officer and chief financial officer of TransCommunity will take those positions with Community Bankers, and the chief executive officer of Community Bankers will become its chief strategic officer.

Consummation of the Merger is subject to a number of customary conditions including the approval of the Merger by the shareholders of each of TransCommunity and Community Bankers and the receipt of all required regulatory approvals. The Merger is expected to be completed in the fourth quarter of 2007.

A copy of the Merger Agreement and related documents can be found in the Form 8-K filed September 6, 2007.

TRANSCOMMUNITY FINANCIAL CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 NATURE OF OPERATIONS:

TransCommunity Financial Corporation (TransCommunity or the Company) is a bank holding company whose principal activity is the formation, ownership and operation of independently-managed community banks. TransCommunity's first subsidiary, the Bank of Powhatan, N.A. (Bank of Powhatan), was organized as a national banking association in 1999, and commenced operations on March 20, 2000. TransCommunity's second subsidiary, Bank of Goochland, N.A. (Bank of Goochland), was organized and incorporated during 2002, and commenced operations on November 25, 2002. On April 19, 2004, TransCommunity established its third independent community bank in the central Virginia area, the Bank of Louisa, N.A. (Bank of Louisa), TransCommunity initially established the Bank of Louisa in July 2003 as a branch of Bank of Powhatan. The assets and liabilities of this branch office were transferred to Bank of Louisa contemporaneously with the receipt by that bank of its independent national banking charter in April 2004. On December 11, 2006, TransCommunity commenced the operations of the Bank of Rockbridge, its fourth subsidiary bank (Bank of Rockbridge together with Bank of Powhatan, Bank of Goochland, and Bank of Louisa, the banks.)

TransCommunity's subsidiary banks are subject to regulation by the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation, the Virginia Bureau of Financial Institution, and the Board of Governors of the Federal Reserve System. The banks provide general banking services to individuals, small- and medium-size businesses and the professional communities of Powhatan, Goochland, Rockbridge, and Louisa Counties of Virginia and surrounding areas.

On January 1, 2001, the Bank of Powhatan purchased Main Street Mortgage and Investment Corporation (Main Street) which became a wholly-owned subsidiary of the bank. Main Street originated commercial and residential real estate loans for investors throughout the state. However, in November of 2006, the Board of Directors voted to discontinue the operations of Main Street.

During 2004, TransCommunity applied for and received authority to offer trust services through each of its national bank subsidiaries. TransCommunity Investment Advisors, Inc., an investment advisory subsidiary, was formed to handle asset management and TransCommunity Investment Services, an insurance agency and investment broker, was established to broaden the scope of financial services available through each of the subsidiary banks. During the fourth quarter of 2005, the Board of Directors directed management to discontinue the operations of these non-bank activities.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of financial presentation The accounting and reporting policies of the Company and its subsidiaries conform to accounting principles generally accepted in the United States of America (US GAAP) and predominant practices within the banking industry. The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated.

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. These estimates and assumptions also affect reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The principal estimate that is particularly susceptible to significant change in the near term relates to the allowance for loan losses. The evaluation of the adequacy of the allowance for loan losses includes an analysis of the individual loans and overall risk characteristics and size of the different loan portfolios, and takes into consideration current economic and market conditions, the capability of specific borrowers to pay specific loan obligations, and current loan collateral values.

F-46

TRANSCOMMUNITY FINANCIAL CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

In connection with the determination of the estimated losses on loans, management obtains independent appraisals for significant collateral. Actual losses on specific loans, which also are encompassed in the analysis, may vary from estimated losses.

Principles of consolidation The consolidated financial statements include the accounts of the Company, which is a bank holding company that owns all of the outstanding common stock of its banking subsidiaries, Bank of Powhatan, Bank of Goochland, Bank of Louisa, Bank of Rockbridge, and Main Street Mortgage and Investment Corporation, Inc., a wholly-owned subsidiary of Bank of Powhatan. All significant inter-company balances and transactions have been eliminated.

Business segments SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information establishes standards for the way public business enterprises report information about operating segments in annual financial statements and requires that those enterprises report selected information about operating segments in interim financial reports issued to shareholders. It also establishes standards for related disclosure about products and services, geographic areas, and major customers. Operating segments are components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and assess performance. The statement also requires that public enterprises report a measure of segment profit or loss, certain specific revenue and expense items and segment assets. It also requires that information be reported about revenues derived from the enterprises' products or services, or about the countries in which the enterprises earn revenues and hold assets, and about major customers, regardless of whether the information is used in making operating decisions. The accounting policies of the segments are the same as those described in this Note.

Management has determined that the Company has two current reportable segments, Community Banking and TransCommunity (the holding company). All of the Company's subsidiary banks' activities are interrelated, and each of their activities is dependent and assessed based on how each of the subsidiary banks' consolidated activities for the Company supports the others. For example, commercial lending is dependent upon the ability of the subsidiary banks to fund themselves with retail deposits and other borrowings and to manage interest rate and credit risk. This situation is also similar for consumer and residential mortgage lending. Accordingly, all significant operating decisions are based upon analysis of the consolidated operations of the subsidiary banks as a consolidated segment. The current operations of the holding company are identified as a segment due to their consolidated support services supplied to the subsidiary banks and the cost related to those support services as an operating unit.

The Company has also reported in the past several operating segments that have been discontinued. These discontinued operating segments within the Company's operations, although no longer in existence, will be segregated for comparative reasons and to identify the discontinued operations impact on the company's past operations.

The financial statement information of the parent company is included as a reportable segment. This segment is principally involved with providing managerial support and the operation of the shared services platform for the other reportable segments.

Investment securities The Company accounts for its investment securities in accordance with SFAS No. 115, *Accounting for Certain Investments in Debt and Equity Securities*. Investment securities that the Company has the ability and intent to hold to maturity are classified as held-to-maturity and are stated at cost, adjusted for premium amortization and discount accretion. Securities which are held for indefinite periods of time which management intends to use as part of its asset/liability management strategy, or that may be sold in response to changes in interest rates, changes in prepayment risk, increased capital requirements or other similar factors, are classified as available-for-sale and are carried at fair market value. Net unrealized gains and losses for such securities, net of income tax effect, are charged/credited directly to accumulated other comprehensive income (loss), a component of shareholders' equity. Securities transactions are accounted for on a trade date basis. Gains or losses on disposition of investment securities are based on the net proceeds and the adjusted carrying amount of the securities sold using the specific identification method.

As of December 31, 2006 and 2005, the Company did not have any foreign investment securities or securities designated as trading account investments.

SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activity*, established accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. It requires that an entity recognize all derivatives as either assets or liabilities in the statement of financial position and measure those instruments at fair value. SFAS No. 133 was amended by SFAS No. 138, *Accounting for Certain Derivative Instruments and Certain Hedging Activities*. The Company's adoption of SFAS No. 133, as amended, did not have a material impact on its financial condition or results of operations. The

Company did not have any derivatives at December 31, 2006 and 2005.

The Company adopted EITF 03-1, *The Meaning of Other than Temporary Impairment and Its Application to Certain Investments*, as of December 31, 2003. EITF 03-1 includes certain required quantitative and qualitative disclosures for investment securities accounted for under SFAS No. 115, *Accounting for Certain Investments in Debt and Equity Securities*, that are impaired at the balance sheet date, but an other-than-temporary impairment has not been recognized. In November 2005, the FASB issued Staff Position FSP No. FAS 115-1 and FAS 124-1, *The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments*. This FSP provides guidance on determining when an investment is considered impaired, whether that impairment is other than temporary, and the measurement of an impairment loss. The FSP also provides accounting considerations subsequent to the recognition of an other-than-temporary impairment and requires certain disclosures about unrealized losses that have not been recognized as other-than-temporary impairments. The Company adopted FSP

F-49

TRANSCOMMUNITY FINANCIAL CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

No. FAS 115-1 and FAS 124-1 as of December 31, 2005. The disclosures required under EITF 03-1 and FSP No. FAS 115-1 and FAS 124-1 are included in these consolidated financial statements.

Loans and allowance for loan losses Loans that management has the intent and the ability to hold for the foreseeable future or until maturity or payoff are stated at the amount of unpaid principal net of unearned discount, unamortized loan fees and loan origination costs and an allowance for loan losses. The allowance for loan losses is established through a provision for loan losses charged to expense. Loans are charged against the allowance for loan losses when management believes that the collectibility of principal is unlikely. The allowance for loan losses is maintained at a level that management considers adequate to provide for credit losses inherent in the loan portfolios at the reporting date. The level of the allowance is based on management's evaluation of risk of loss in the loan portfolios after consideration of prevailing and anticipated economic conditions, including estimates and appraisals, among other items, known or anticipated at each reporting date. On a periodic basis during the year, management makes credit reviews of the loan portfolios designed to identify any changes in the loans since initial booking impacting their quality rating. This review is designed to identify potential changes to the loan loss reserve.

Interest income on loans is credited to operations based upon the principal amount outstanding. The net amounts of origination fees, origination costs and commitment fees are deferred and recognized over the lives of the related loans and leases as adjustments of yield. When management believes there is sufficient doubt as to the ultimate collectibility of interest on any loan, the accrual of applicable interest is discontinued. A loan is generally classified as nonaccrual when principal and interest have consistently been in default for a period of 90 days or more or because of deterioration in the financial condition of the borrower, and payment in full of principal or interest is not expected. Loans past due 90 days or more and still accruing interest are loans that are generally well-secured and expected to be restored to a current status in the near future or are in the process of collection. In all cases, loans are placed on nonaccrual or are charged off at an earlier date if collection of principal or interest is considered doubtful.

All interest accrued but not collected for loans that are placed on nonaccrual or charged off is reversed against interest income. The interest on these loans is accounted for on the cash-basis or cost-recovery method, until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

The Company follows SFAS No. 114, *Accounting by Creditors for Impairment of a Loan*, as amended by SFAS No. 118, *Accounting by Creditors for Impairment of a Loan - Income Recognition and Disclosures*. This standard requires that certain impaired loans be measured based on the present value of expected future cash flows discounted at the loan's effective interest rates, except that as a practical expedient, a creditor may measure impairment based on a loan's observable market price, or the fair value of the collateral if the loan is collateral dependent. Regardless of the measurement method, a creditor must measure impairment based on the fair value of the collateral when the creditor determines that foreclosure is probable.

Premises and equipment Premises and equipment are stated at cost less accumulated depreciation and amortization. Depreciation is computed primarily on the straight-line method over the estimated useful lives of the assets. Leasehold improvements are amortized over the term of the lease or estimated useful life, whichever is shorter.

The Company follows SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. SFAS No. 144 retained the existing requirements to recognize and measure the impairment of long-lived assets to be

held and used or to be disposed of by sale. SFAS No. 144 also changed the requirements relating to reporting the effects of a disposal or discontinuation of a segment of a business.

Transfers of Financial Assets The Company follows SFAS No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities a replacement of SFAS No. 125 (Statement 140). Transfers of financial assets are accounted for as sales when control over the assets has been surrendered. Control over transferred assets is deemed to be surrendered when (1) the assets have been isolated from the

TRANSCOMMUNITY FINANCIAL CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Company, (2) the transferee obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets, and (3) the Company does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity.

Goodwill and intangible assets SFAS No. 141, *Business Combinations*, requires that the purchase method of accounting be used for all business combinations. For purchase acquisitions, the Company is required to record assets acquired, including identifiable intangible assets, and liabilities assumed at their fair value, which in many instances involves estimates based on third party valuations, such as appraisals, or internal valuations based on discounted cash flow analysis or other valuation techniques. SFAS No. 142, *Goodwill and Other Intangible Assets*, prescribes the accounting for goodwill and intangible assets subsequent to initial recognition. The provisions of SFAS No. 142 discontinue the amortization of goodwill and intangible assets with indefinite lives but require at least an annual impairment review, and more frequently if certain impairment indicators are in evidence. The Company adopted SFAS 147, *Acquisitions of Certain Financial Institutions*, on January 1, 2002 and determined that core deposit intangibles will continue to be amortized over the estimated useful life.

Income taxes The Company accounts for income taxes under the liability method. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial statement and tax bases of assets and liabilities as measured by the enacted tax rates that expects to be in effect when these differences reverse. Deferred tax expense is the result of changes in deferred tax assets and liabilities. The principal types of accounts resulting in differences between assets and liabilities for financial statement and tax return purposes are the allowance for loan losses, interest income on nonaccrual loans, depreciation and amortization, difference between book and tax bases of assets acquired and net operating loss carryforwards. The Company and its subsidiaries file a consolidated federal income tax return.

Statements of cash flows Cash and cash equivalents are defined as the sum of cash on hand, non interest-bearing amounts due from banks and federal funds sold. Generally, federal funds are sold for a one-day period.

Other real estate owned Other real estate owned is recorded at lower of cost or market value less costs of disposal. When property is acquired, the excess, if any, of the loan balance over fair market value is charged to the allowance for loan losses. Periodically thereafter, the asset is reviewed for subsequent declines in the estimated fair market value. Subsequent declines, if any, holding costs and gains and losses on subsequent sale are included in the consolidated statements of operations. At December 31, 2006 and 2005, the Company held no other real estate owned.

Marketing costs The Company expenses marketing costs as incurred. Marketing expenses for the years ended December 31, 2006, 2005, and 2004 were approximately \$221 thousand, \$428 thousand and \$373 thousand, respectively.

Earnings per share Basic earnings per share excludes dilution and is computed by dividing income available to common shareholders by the weighted average common shares outstanding during the period. Diluted earnings per share takes into account the potential dilution that could occur if stock options or other contracts to issue common stock were exercised and converted into common stock. Stock options for 241,725, 256,325 and 317,375 shares of common stock were not considered in computing diluted earnings per share for 2006, 2005 and 2004, respectively, because they were antidilutive.

Stock based compensation In December 2004, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 123R, Share-Based Payment, that addresses the accounting for share-based payment transactions in which an enterprise exchanges its equity instruments for goods and services. The Statement eliminates the ability to account for share-based compensation transactions using Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees, and requires instead that such transactions be accounted for using a fair-value-based method. SFAS No. 123R required implementation by the beginning of the first fiscal year that begins after June 15, 2005. On January 1, 2006, TransCommunity implemented SFAS No. 123R using the modified prospective transition method. By

F-51

TRANSCOMMUNITY FINANCIAL CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

implementing SFAS No. 123R, TransCommunity recorded \$31 thousand of additional compensation expense during the year ended December 31, 2006, resulting from the application of fair-value-based accounting to its stock-based compensation programs. See Note 16 for more information about TransCommunity's stock-based compensation programs.

Comprehensive income (loss) The Company follows the disclosure provisions of SFAS No. 130, Reporting Comprehensive Income. SFAS No. 130 requires the reporting of comprehensive income which includes net income (loss) as well as certain other items that result in a change to shareholders' equity during the period.

Reclassifications and restatements Certain reclassifications have been made in the 2004 and 2005 financial statements to conform to the classifications used in 2006. Additionally, certain restatements were made to 2005 and 2004 financial statements as discussed in Note 25.

New Accounting Pronouncements In May 2005, the FASB issued Statement No. 154, *Accounting Changes and Error Corrections - a replacement of APB Opinion No. 20 and FASB Statement No. 3* (SFAS 154). SFAS 154 changes the accounting for and reporting of a voluntary change in accounting principle and replaces ABP Opinion No. 20,

Accounting Changes and FASB Statement No. 3, *Reporting Accounting Changes in Interim Financial Statements*. Under Opinion No. 20, most changes in accounting principle were reported in the income statement of the period of change as a cumulative adjustment. However, under SFAS 154, a voluntary change in accounting principle must be shown retrospectively in the financial statements, if practicable, for all periods presented. In cases where retrospective application is impracticable, an adjustment to the assets, liabilities and a corresponding adjustment to retained earnings can be made as of the beginning of the earliest period for which retrospective application is practicable rather than being reported in the income statement. SFAS 154 is effective for accounting changes and corrections of errors made in fiscal years after December 15, 2005. The Company does not anticipate this revision will have a material effect on its financial position or results of operations.

In February 2006, FASB issued SFAS No. 155, *Accounting for Certain Hybrid Financial Instruments - an Amendment of FASB Statements No. 133 and 140* (SFAS 155). SFAS 155 amends FASB Statements No. 133, *Accounting for Derivative Instruments and Hedging Activities*, and No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*. SFAS 155 resolves issues addressed in Statement 133 Implementation Issue No. D1, *Application of Statement 133 to Beneficial Interests in Securitized Financial Assets*. SFAS 155 provides a fair value measurement option for certain hybrid financial instruments that contain an embedded derivative that would otherwise require bifurcation. Adoption of SFAS 155 is required as of the beginning of the first fiscal year beginning subsequent to September 15, 2006. The Company does not anticipate the adoption of SFAS 155 in January 2007 will have a material effect on its financial position or results of operations.

In March 2006, FASB issued SFAS No. 156, *Accounting for Servicing of Financial Assets - an Amendment of FASB Statement No. 140* (SFAS 156). SFAS 156 amends FASB Statement No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*, with respect to the accounting for separately recognized servicing assets and servicing liabilities. SFAS 156 requires an entity to recognize a servicing asset or servicing liability each time it undertakes an obligation to service a financial asset by entering into a servicing contract to be initially measured at fair value, if practicable. SFAS 156 also permits entities to subsequently measure servicing assets and liabilities using an amortization method or fair value measurement method. Under the amortization method, servicing assets and liabilities are amortized in proportion to and over the estimated period of servicing. Under the fair

value measurement method, servicing assets are measured at fair value at each reporting date and changes in fair value are reported in net income for the period during which the change occurs. Adoption of SFAS 156 is required as of the beginning of the first fiscal year beginning subsequent to September 15, 2006. Earlier adoption is permitted as of the beginning of an entity's fiscal year, provided the entity has not yet issued financial statements, including interim financial statements, for any period of that fiscal year. The Company does not anticipate the adoption of SFAS 156 in January 2007 will have a material effect on its financial position or results of operations.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

In September 2006, the FASB released SFAS No. 157, *Fair Value Measurement*, which provides guidance for using fair value to measure assets and liabilities. SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. The standard also responds to investors' requests for more information about the extent to which companies measure assets and liabilities at fair value, the information used to measure fair value and the effect that fair value measurements have on earnings. SFAS No. 157 will apply whenever another standard requires (or permits) assets or liabilities to be measured at fair value. The standard does not expand the use of fair value to any new circumstances. SFAS No. 157 is effective for financial statements issued for financial years beginning after November 15, 2007, and interim periods within those years. SFAS No. 157 is effective for the Company for years beginning after January 1, 2008, and interim periods within that year. The Company is in the process of evaluating the impact that the adoption of SFAS No. 157 will have on its consolidated financial position and results of operations.

In June 2006, FASB issued Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes*. FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. Earlier application of the provisions of this interpretation is encouraged if the enterprise has not yet issued financial statements, including interim statements, in the period this interpretation is adopted. TransCommunity has evaluated FIN 48 and concluded that the adoption of this interpretation will have no material impact on its financial statements.

In February 2007, the FASB issued SFAS No. 159 *The Fair Value Option for Financial Assets and Financial Liabilities*. This standard permits entities to choose to measure many financial instruments and certain other items at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. This Statement is effective as of the beginning of an entity's first fiscal year beginning after November 15, 2007. Early adoption is permitted as of the beginning of the fiscal year that begins on or before November 15, 2007, provided the entity also elects to apply the provisions of SFAS 157 *Fair Value Measurement*. The Company is currently in the process of evaluating the impact that the adoption will have on its consolidated financial position and results of operations.

NOTE 3 RESTRICTIONS ON CASH AND DUE FROM BANKS:

The Banks are required to maintain average cash balances on hand or with the Federal Reserve Bank. At December 31, 2006, these reserve balances amounted to \$190 thousand. At December 31, 2005, these reserve balances amounted to \$173 thousand.

continuous loss period of more than 12 months. The unrealized loss positions in both years were primarily related to interest rate movements as there is minimal credit risk exposure in these investments. All securities are investment grade or better. No impairment loss has been recognized on these securities because management has both the intent and the ability to hold these securities until maturity or call dates.

Management evaluates securities for other-than-temporary impairment at least on a quarterly basis and more frequently when economic or market concerns warrant such evaluation. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) the intent and ability of TransCommunity's subsidiary banks to retain its investment in the issuer for a period of time sufficient to allow for any anticipated recovery in fair value.

The carrying amount (which approximates fair value) of securities pledged by the banks to secure public deposits amounted to \$11.3 million and \$11.8 million at December 31, 2006 and 2005, respectively.

TransCommunity's subsidiary banks are required to hold stock in the Federal Reserve Bank. The investment in Federal Reserve Bank stock is recorded at cost of \$831 thousand and \$536 thousand as of December 31, 2006 and 2005, respectively. The Company also held \$65 thousand in Virginia Bankers Association Title Insurance Company Stock at year end 2006, which are classified as Other Investments in the Consolidated Balance Sheet.

These nonaccrual and past due loans consist of smaller balance homogenous loans that are collectively evaluated for impairment.

TransCommunity's banking subsidiaries have entered into transactions with certain directors, executive officers, significant stockholders, and their affiliates. Such transactions were made in the ordinary course of business on substantially the same terms and conditions, including interest rates and collateral, as those prevailing at the same time for comparable transactions with other customers, and did not, in the opinion of management, involve more than normal credit risk or present other unfavorable features.

NOTE 9 NOTES PAYABLE AND SECURED BORROWINGS:

Notes Payable On July 21, 2006, Main Street Mortgage and Financial Corporation entered into a \$500 thousand unsecured revolving line of credit fully guaranteed by TransCommunity. This fully drawn line of credit, due upon demand, required monthly interest only payments based on the prime rate as published by the *Wall Street Journal*, which was 8.25% at December 31, 2006. Interest was paid as agreed by Main Street until year-end 2006, when it discontinued operations and TransCommunity assumed the note. During 2006, interest expense associated with this line of credit was \$18 thousand and is included in the results of discontinued operations. Starting January 2007, TransCommunity continued interest payments until March 2007, when the note was paid in full.

Secured Borrowings Secured borrowings amounted to \$12.5 million at December 31, 2005. Pursuant to SFAS Statement 140, certain loan participation agreements did not qualify for sale accounting due to buyback provisions included within the agreement, thus the Company had not surrendered control over the transferred loans and had accounted for the transfers as secured borrowings. During September 2006, the Company amended all participation loan agreements such that as of September 29, 2006, all loan participation agreements became eligible for sale accounting in accordance with Statement 140 and as a result the secured borrowings were short-term in nature.

NOTE 10 CAPITAL STOCK:

TransCommunity is authorized to issue up to 25,000,000 shares of common stock, \$.01 par value per share, and up to 5,000,000 shares of preferred stock, \$.01 par value per share. At December 31, 2006 and December 31, 2005 TransCommunity had 4,581,741 shares of common stock issued and outstanding, respectively. On the same dates no shares of preferred stock were issued or outstanding.

During the period June 2004 to February 2005, TransCommunity sold 225,528 shares of common stock in a non-underwritten public offering, at a purchase price of \$15 per share. Additionally, 100 shares of common stock were issued in 2005 in connection with an option exercise by one option holder. These shares were issued at an option exercise price of \$10.00 per share. In July 2005, TransCommunity sold 2,300,000 shares of common stock in an underwritten public offering to a limited number of institutional investors at a purchase price of \$8.00 per share. The

minimum share purchase requirement in the offering was 25,000 shares per investor.

In November 2005, TransCommunity repurchased 11,500 shares of common stock issued in the 2004-2005 non-underwritten offering from one person residing in a jurisdiction in which such shares had not been properly registered for sale. The shares were repurchased at the original issue price at \$15 per share.

NOTE 11 DIVIDEND LIMITATIONS:

A principal source of funds for TransCommunity in future years is anticipated to be dividends paid by its subsidiary banks. Dividends paid by the banks are limited by banking regulations. Approval of the Comptroller of the Currency is required if the dividends declared by a national bank, in any year, exceed the sum of (1) net income

TRANSCOMMUNITY FINANCIAL CORPORATION**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

for the current year and (2) income, net of dividends, for the preceding two years. No dividends were paid to TransCommunity in 2006.

In January of 2007, the Bank of Powhatan and the Bank of Goochland each paid TransCommunity a \$300 thousand dividend out of their respective retained earnings.

TransCommunity may not pay a dividend while there is an accumulated deficit.

The following table summarizes the differences between the actual income tax benefit and the amounts computed using the federal statutory tax rates:

	At December 31,		
	2006	2005	2004
	(Dollars in thousands)		
Income tax expense (benefit) at the applicable federal tax rate	\$ 45	\$ (602)	\$ (878)

True up of prior year net deferred tax assets	(251)		
Nondeductible expenses	22	13	9
Alternative minimum tax	15		
Income tax expense (benefit)	\$ 15	\$	\$

At December 31, 2006, TransCommunity had total net operating loss carryforwards of \$7.5 million which begin to expire after December 31, 2020.

For the year ended December 31, 2006, TransCommunity generated taxable income of \$1 million which is fully offset by available net operating losses generated in prior years. However, as a result of a 90% limitation with respect to deducting alternative minimum tax net operating loss carryovers, TransCommunity's current expense for income taxes for the year ended December 31, 2006 is \$15 thousand in alternative minimum tax. TransCommunity may be subject to the alternative minimum tax in future years.

The net deferred tax assets at December 31, 2006 and 2005, consisted primarily of the tax effect of net operating loss carryforwards incurred in years after December 31, 2000. The net deferred tax assets recognized, at December 31, 2006 and 2005, are fully offset by a valuation allowance since, at this time, there is insufficient evidence to conclude that TransCommunity will produce continuing and sufficient taxable income in the future to utilize its net operating losses and other deductible temporary differences.

The Company issued common stock in 2002 and 2005 resulting in a more than 50% change in ownership. As a result, utilization of certain of the Company's net operating losses incurred in the periods prior to the changes are limited under Internal Revenue Code § 382 as to the amount that can be used to offset taxable income in subsequent years. In 2005, the Company incurred approximately \$656 thousand of net operating loss after the change of control. Taxable income in future years that exceed the annual § 382 limit and the post change of control net operating loss will be taxed at regular corporate tax rates.

NOTE 13 CONCENTRATION OF CREDIT RISK:

Most of the banks' loans are made to customers in the banks' trade areas. Accordingly, the ultimate collectibility of the banks' loan portfolio is susceptible to changes in local economic conditions. The types of loans made by the banks are described in Note 5. Collateral required by the banks is determined on an individual basis depending on the nature of

the loan and the financial condition of the borrower. TransCommunity has a concentration of loans secured by real estate. At December 31, 2006, real estate loans represented 73.3% of the loans in the consolidated portfolio. Real estate lending by the banks generally consists of commercial real estate loans, construction and development loans, and residential and home equity loans.

The Company maintains deposits at other high credit quality commercial banks that may, at times, exceed federally insured limits.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 15 GOODWILL:

During the second quarter of 2006, TransCommunity completed an impairment test of its goodwill in accordance with the specific requirements of SFAS No. 142 *Goodwill and Other Intangible Assets*. This Statement addresses financial accounting and reporting for acquired goodwill and other intangible assets and supersedes APB Opinion No. 17,

Intangible Assets. It addresses how intangible assets that are acquired individually or with a group of other assets should be accounted for in financial statements upon their acquisition. This Statement also addresses how goodwill and other intangible assets should be accounted for after they have been initially recognized in the financial statements. Based on second quarter personnel changes and a continued deterioration of the financial condition of Main Street Mortgage, the Company believed the \$321 thousand of goodwill reported as other assets associated with the acquisition of Main Street Mortgage should be tested for impairment. The Company used a valuation approach which included comparisons of historical forecasts to actual results and earnings forecasts for the next year to determine if the fair value of the subsidiary exceeded the book value. Because goodwill is defined as the excess of the cost of an acquired entity over the fair value of all identifiable tangible and intangible assets acquired and the liabilities assumed, the Company was required to calculate the fair value of such assets and liabilities for Main Street. Through this process, the Company concluded that the entire \$321 thousand of goodwill was impaired and this amount was charged to operating expenses during the second quarter of 2006.

NOTE 16 STOCK OPTION PLAN:

Under the Company's Stock Option Plan (the Plan), the Company may grant options to its directors, officers and employees for up to 330,000 of common stock. Annual grants of stock options are limited to 10,000 shares for each employee and 7,500 shares for each director. Both incentive stock options and non-qualified stock options may be granted under the plan. Effective January 1, 2006, the Company adopted SFAS No. 123(R), *Share-Based Payment*, which requires that compensation cost relating to share-based payment transactions be recognized in the financial statements with measurement based upon the fair value of the equity or liability instruments issued.

The Plan was adopted by the Board of Directors of the Bank of Powhatan on May 8, 2001. This Plan was adopted by TransCommunity effective August 15, 2001 in connection with the Reorganization whereby the Bank of Powhatan became a subsidiary of TransCommunity. The purpose of the Plan is to reward employees and directors for services rendered and investment risks undertaken to date and to promote the success of TransCommunity and its subsidiaries by providing incentives to employees and directors that will promote the alignment of their personal financial interest with the long-term financial success of TransCommunity, its subsidiaries and with growth in shareholder value. The exercise price may not be less than 100% of the fair market value of the shares on the grant date. Unless the Stock Option Committee determines otherwise, one-third of a grant becomes vested and exercisable on each of the first three anniversaries of the initial grant date. Each grant becomes fully vested and exercisable in the event of a change in control of TransCommunity. All options are subject to exercise or forfeiture if TransCommunity's capital falls below its minimum requirements, as determined by its primary regulator, and TransCommunity's primary regulator so directs. The Plan will expire on May 7, 2011, unless terminated sooner by the Board of Directors.

NOTE 17 REGULATORY MATTERS:

Both TransCommunity and its subsidiaries are subject to various regulatory capital requirements administered by the federal banking agencies. If TransCommunity, or its subsidiary banks, fail to meet minimum capital requirements, its primary regulators can initiate certain mandatory and possible additional discretionary actions. If such actions are undertaken, they could have a direct material effect on TransCommunity's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, TransCommunity's subsidiary banks must meet specific capital guidelines that involve quantitative measures of each bank's assets, liabilities, and certain off-balance sheet items as calculated under regulatory accounting practices. Capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors. Prompt corrective action provisions are not applicable to bank holding companies.

Quantitative measures are established by bank regulations to ensure capital adequacy. The Banks are required to maintain minimum amounts and ratios of total and Tier 1 capital (as defined in the regulations) to risk-weighted assets (as defined) and of Tier 1 capital (as defined) to average assets (as defined). At December 31, 2006 and 2005, management believes that the Company and the Banks met all capital adequacy requirements to which they are subject.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

As of March 31, 2007, the most recent date of notification, the Office of the Comptroller of the Currency categorized all TransCommunity subsidiary national banks as Well Capitalized under the regulatory framework for prompt corrective action. To be categorized as Well Capitalized, an institution must maintain minimum total risk-based, Tier 1 risk-based and Tier 1 leverage ratios as shown in the above table. There are no conditions or events since this date that management believes have changed the category of any of its subsidiary banks.

NOTE 18 FAIR VALUE OF FINANCIAL INSTRUMENTS:

Statement of Financial Accounting Standards No. 107 (SFAS 107) *Disclosures About the Fair Value of Financial Statements* defines the fair value of a financial instrument as the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced liquidation sale. As the majority of the Banks' financial instruments lack an available trading market, significant estimates, assumptions and present value calculations are required to determine estimated fair value.

Changes in the assumptions or methodologies used to estimate fair values may materially affect the estimated amounts. Also, management is concerned that there may not be reasonable comparability between the Company and other financial institutions due to the wide range of permitted assumptions and methodologies in the absence of active markets. This lack of uniformity gives rise to a high degree of subjectivity in estimating financial instrument fair values.

TransCommunity has determined estimated fair values using the best available data and an estimation methodology suitable for each category of financial instruments. The estimation methodology used, the estimated fair values and the recorded carrying value of financial instruments at December 31, 2006 and 2005 are as follows:

The gross loan portfolio and time deposits are valued using a present value discounted cash flow method where market prices are not

available. The discount rate used in these calculations is the estimated current market rate adjusted for credit risk. All other financial instruments have fair values that approximate the carrying value.

The fair value of commitments to extend credit and standby letters of credit are considered immaterial.

NOTE 19 FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK:

In the normal course of business, the banks have outstanding commitments and contingent liabilities, such as commitments to extend credit and standby letters of credit, which are not included in the accompanying consolidated financial statements. The banks' exposure to credit loss in the event of nonperformance by the other party to the financial instruments for commitments to extend credit and standby letters of credit is represented by the contractual or notional amount of those instruments. The banks use the same credit policies in making such commitments as it does for instruments that are included in the consolidated balance sheets.

Financial instruments whose contract amounts represent credit risk were as follows (dollars in thousands):

	December 31,	
	2006	2005
Commitments to extend credit	\$ 48,263	\$ 34,532
Standby letters of credit	5,026	4,370

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The banks evaluate each customer's creditworthiness on a case-by-case basis. The amount of collateral obtained, if deemed necessary by the banks upon extension of credit, is based on management's credit evaluation. Collateral held varies but may include accounts receivable, inventory, property and equipment, and income-producing commercial properties.

Standby letters of credit are conditional commitments issued by the banks to guarantee the performance of a customer to a third party. Standby letters of credit generally have fixed expiration dates or other termination clauses and may require payment of a fee. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers. The banks' policy for obtaining collateral, and the nature of such collateral, is essentially the same as that involved in making commitments to extend credit.

NOTE 20 COMMITMENTS AND CONTINGENT LIABILITIES:

TransCommunity has entered into a master agreement with a third party to provide data processing services to the Company and its subsidiary banks. This agreement is for an initial period of 48 months. Unless written notice of non-renewal is provided by either party at least 180 days before expiration of any term, the agreement shall automatically renew for a period of 4 years. The current monthly expense associated with these agreements is approximately \$53 thousand and is based principally on the level of accounts at each subsidiary bank.

The Company and its subsidiaries lease banking facilities and other office space under operating leases that expire at various dates through 2014 and that contain certain renewal options. Total rent expense for office and equipment for the years ended December 31, 2006, 2005, and 2004 amounted to \$496 thousand, \$623 thousand, and \$531 thousand respectively.

NOTE 23 DEFINED CONTRIBUTION PENSION PLAN:

TransCommunity has a defined contribution pension plan in the form of a 401(k) plan (the 401(k) Plan) covering substantially all of its employees. Under the 401(k) Plan, employees can contribute pretax salary dollars subject to Internal Revenue Service ceilings. TransCommunity matches the up to 4% of salaries contributed by their employees and additionally contributes 5% of compensation regardless of what the employee contributes. Total expenses for the 401(k) Plan for the years ended December 31, 2006, 2005, and 2004 was \$410 thousand, \$554 thousand, and \$370 thousand, respectively.

NOTE 24 SUBSEQUENT EVENTS

On January 30, 2007, the holding company received an annual dividend of \$300 thousand each from Bank of Powhatan and Bank of Goochland from each bank s reported 2006 net profits.

NOTE 25 CORRECTION OF AN ERROR

On August 11, 2006, the Company concluded that the previously issued financial statements contained in the Company s Annual Report on Form 10-KSB for the year ended December 31, 2005 should not be relied upon because of errors in those statements. The Company discovered that it had incorrectly accounted for loans subject to certain loan participation agreements entered into with third-party financial institutions since the second quarter of 2004. During the second quarter of 2004, the Company implemented an automated loan documentation system which contained the option to include certain language that provided for termination of the participation agreement. This right to repurchase the participated balance allows the Company to retain a level of control over the loans sold to third parties. This termination clause allowed the originating institution to repurchase the loans sold to third parties and thus the loan transfers did not qualify for sale accounting treatment under SFAS No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities a replacement of SFAS No. 125* . The Company had previously not reflected the participated balances of loans subject to these agreements on its balance sheet as required by SFAS No. 140.

On January 22, 2007, the Company filed an amended Annual Report on Form 10-KSB/A for the year ended December 31, 2005.

A summary of the restatements of the accompanying financial statements is as follows:

NOTE 26 LITIGATION:

On June 14, 2006, an individual and a company controlled by the individual (Dean H. Gould and Cal-Flo Investments, LLC) filed a lawsuit against Main Street Mortgage & Investment Corporation (Main Street), a wholly-owned subsidiary of Bank of Powhatan, and five other defendants that are not affiliated with Main Street in the General Court of Justice, Superior Court Division, in Wake County, North Carolina. The lawsuit arises from

TRANSCOMMUNITY FINANCIAL CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

three properties on which Main Street originated mortgage loans. The loans at issue were made by third-party lenders, and neither the Company nor any of its subsidiary banks hold any of the loans for its own account. The plaintiffs allege that the defendants developed a fraudulent scheme to originate these mortgage loans through Main Street employing, with Main Street's knowledge, inflated appraisals and other devices that resulted in damages to the plaintiffs in the aggregate amount of \$100,000 to \$150,000. The plaintiffs have requested both compensatory and punitive damages.

Main Street filed an answer to the lawsuit and denies any liability. There has been no further activity in the lawsuit from any other party, and Main Street has ceased its business operations and filed for dissolution under applicable Virginia law.

At the present time, the case is in the early stages, there has been no discovery, and accordingly, the Company, with advice from its legal counsel, cannot conclude on the outcome or estimate any potential loss.

On November 2, 2006, James L. Minter filed a lawsuit against the Company and William C. Wiley, the former Chief Executive Officer and Chairman of the Board of Directors of the Company, in the Circuit Court of the County of Powhatan in Virginia. Mr. Minter was a director of Bank of Powhatan, a subsidiary of the Company (the Bank) until January 12, 2007, when he was removed by the Company. He was a former director of the Company until his resignation on March 29, 2006. Mr. Wiley resigned as the Company's Chief Executive Officer and from its board of directors in December 2005.

The suit arises out of the Bank's purchase of Main Street Mortgage and Investment Corporation in early 2001. Mr. Minter alleges that in late 2000 Wiley withheld information concerning the value of Main Street Mortgage from the Bank's board of directors and that the Bank would not have acquired Main Street Mortgage if the valuation had been provided to the bank's board. The Company acquired the stock of the Bank in August 2001, several months after the Bank acquired Main Street Mortgage. Mr. Minter's suit claims that the Company aided and abetted and conspired with Wiley in his misrepresentation of Main Street Mortgage's value.

In 2004 a committee of the Company's board of directors investigated the Bank's acquisition of Main Street Mortgage and concluded that Wiley had not defrauded the Bank's board and that any further action would not be in the Company's best interests. The committee reported its findings and recommendations to the boards of the Company and the Bank.

Mr. Minter's suit also alleges that the December 2005 separation agreement between the Company and William Wiley improperly released claims the Company had against Wiley arising out of Wiley's alleged concealment of the Main Street Mortgage valuation from the Bank's board in late 2000. The Company believes that it never had a claim against Wiley in connection with the Bank's acquisition of Main Street Mortgage and that the separation agreement did not release any claim the Bank may have had against Wiley.

Against Wiley, Minter alleges that (a) Wiley conspired to and engaged in a fraud on Minter by concealing and misrepresenting valuations regarding Main Street, (b) Wiley fraudulently induced Minter to invest in an entity unaffiliated with the Company and has engaged in conversion of certain of Minter's funds, and (c) Wiley breached his fiduciary duty to Minter, the Bank and the Company by concealing and misrepresenting valuations regarding Main Street. In the same proceeding, Minter has sued Wiley over a loss on an investment Minter made in 1999 in a business

Wiley owned or controlled. The Company has had no interest in that business.

Minter seeks unspecified recessionary and compensatory damages, unspecified treble damages and punitive damages of \$350,000 against each defendant, jointly and severally and with interest. Minter also seeks to recover his attorneys fees.

The Company believes, with advice from its legal counsel, insofar as it concerns the Company, Mr. Minter's suit is without merit.

BOE FINANCIAL SERVICES OF VIRGINIA, INC.**Notes to Consolidated Financial Statements
(Unaudited)**

1. The accounting and reporting policies of BOE Financial Services of Virginia, Inc. (the Company) conform to accounting principles generally accepted in the United States of America and to the general practices within the banking industry. The interim financial statements have not been audited; however, in the opinion of management, all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the consolidated financial statements have been included. Operating results for the three and nine month periods ended September 30, 2007 are not necessarily indicative of the results that may be expected for the year ending December 31, 2007.

These financial statements should be read in conjunction with the financial statements and the footnotes included in the Company's 2006 Annual Report to Shareholders. Certain reclassifications have been made to prior period balances to conform to the current period presentation.

2. Earnings per share are based on the weighted average number of common shares and common stock equivalents outstanding during the applicable periods. Potential dilutive common stock had no material effect on income available to common shareholders. No shares were excluded from the calculation because the effect would be anti-dilutive.

Diluted earnings per share	1,213,695	\$ 0.53	1,210,308	\$ 0.58

3. Loans are shown on the balance sheets net of unearned discounts and the allowance for loan losses. Interest is computed by methods which result in level rates of return on principal. Loans are charged off when in the opinion of management they are deemed to be uncollectable after taking into consideration such factors as the current financial condition of the customer and the underlying collateral and guarantees. Loan fees and origination costs are deferred and the net amount amortized as an adjustment of the related loans yield using the level yield method. Bank of Essex (the Bank), a wholly owned subsidiary of the Company, is amortizing these amounts over the contractual life of the related loans.

The exercise price per share for incentive and non-statutory stock options shall not be less than the fair market value of a share of common stock on the date of grant, and may be exercised at such times as may be specified by the Board of Directors in the participant's stock option agreement. **BOE FINANCIAL SERVICES OF VIRGINIA, INC. CONSOLIDATED AUDITED FINANCIAL
STATEMENTS**

F-86

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders
BOE Financial Services of Virginia, Inc.
Tappahannock, Virginia

We have audited the accompanying consolidated balance sheets of BOE Financial Services of Virginia, Inc. and subsidiaries as of December 31, 2006 and 2005, and the related consolidated statements of income, stockholders equity and cash flows for each of the three years in the period ended December 31, 2006. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Corporation is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of BOE Financial Services of Virginia, Inc. and subsidiaries as of December 31, 2006 and 2005, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2006, in conformity with U.S. generally accepted accounting principles.

As noted in Note 8 to the consolidated financial statements, the Corporation changed its method of accounting for its defined benefit pension plan to adopt Statement of Financial Accounting Standards No. 158, Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans—an amendment of FASB Statements No. 87, 88, 106, and 132(R).

BOE FINANCIAL SERVICES OF VIRGINIA, INC.

Notes to Consolidated Financial Statements

Note 1. Nature of Banking Activities and Significant Accounting Policies

BOE Financial Services of Virginia, Inc. (the Corporation) is a bank holding company, which owns all of the stock of its sole subsidiaries, Bank of Essex (the Bank) and BOE Statutory Trust I (the Trust). The Bank provides commercial, residential and consumer loans, and a variety of deposit products to its customers in the Northern Neck and Richmond regions of Virginia.

Essex Services, Inc. is a wholly-owned subsidiary of the Bank and was formed to sell title insurance to the Bank's mortgage loan customers. Essex Services, Inc. also offers insurance and investment products through affiliations with two limited liability companies.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of BOE Financial Services of Virginia, Inc. and its wholly-owned subsidiary, Bank of Essex. All material intercompany balances and transactions have been eliminated in consolidation. FASB Interpretation No. 46 (R) requires that the Corporation no longer eliminate through consolidation the equity investment in BOE Statutory Trust I, which approximated \$124,000 at December 31, 2006 and 2005. The subordinated debt of the Trust is reflected as a liability of the Corporation.

Securities

Debt securities that management has the positive intent and ability to hold to maturity are classified as held to maturity and recorded at amortized cost. Securities not classified as held to maturity, including equity securities with readily determinable fair values, are classified as available for sale and recorded at fair value, with unrealized gains and losses excluded from earnings and reported in other comprehensive income.

Purchase premiums and discounts are recognized in interest income using the interest method over the terms of the securities. Declines in the fair value of held-to-maturity and available-for-sale securities below their cost that are deemed to be other than temporary are reflected in earnings as realized losses. In estimating other than temporary impairment losses, management considers (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) the intent and ability of the Corporation to retain its investment in the issuer for a period of time sufficient to allow for any anticipated recovery in fair value. Gains and losses on the sale of securities are recorded on the trade date and are determined using the specific identification method.

Restricted Securities

The Corporation is required to maintain an investment in the capital stock of certain correspondent banks. The Corporation's investment in these securities is recorded at cost.

Loans

The Bank grants mortgage, commercial and consumer loans to customers. A substantial portion of the loan portfolio is represented by mortgage loans. The ability of the Bank's debtors to honor their contracts is dependent upon the real estate and general economic conditions in the Bank's market area.

Loans that management has the intent and ability to hold for the foreseeable future or until maturity or pay-off generally are reported at their outstanding unpaid principal balances adjusted for charge-offs, the allowance for loan losses, and any deferred fees or costs on originated loans. Interest income is accrued on the unpaid principal

F-94

BOE FINANCIAL SERVICES OF VIRGINIA, INC.

Notes to Consolidated Financial Statements (Continued)

balance. Loan origination fees, net of certain direct origination costs, are deferred and recognized as an adjustment of the related loan yield using the interest method.

The accrual of interest on mortgage and commercial loans is discontinued at the time the loan is 90 days delinquent unless the credit is well-secured and in process of collection. Consumer loans are typically charged off no later than 180 days past due. In all cases, loans are placed on nonaccrual or charged-off at an earlier date if collection of principal or interest is considered doubtful.

All interest accrued but not collected for loans that are placed on nonaccrual or charged-off is reversed against interest income. The interest on these loans is accounted for on the cash-basis or cost-recovery method, until qualifying for return to accrual. Loans are returned to accrual status when all of the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

Allowance for Loan Losses

The allowance for loan losses is established as losses are estimated to have occurred through a provision for loan losses charged to earnings. Loan losses are charged against the allowance when management believes the uncollectibility of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The allowance is an amount that management believes will be adequate to absorb estimated losses relating to specifically identified loans, as well as probable credit losses inherent in the balance of the loan portfolio, based on an evaluation of the collectibility of existing loans and prior loss experience. This evaluation also takes into consideration such factors as changes in the nature and volume of the loan portfolio, overall portfolio quality, review of specific problem loans, and current economic conditions that may affect the borrower's ability to pay. This evaluation does not include the effects of expected losses on specific loans or groups of loans that are related to future events or expected changes in economic conditions. While management uses the best information available to make its evaluation, future adjustments to the allowance may be necessary if there are significant changes in economic conditions. In addition, regulatory agencies, as an integral part of their examination process, periodically review the Bank's allowance for loan losses, and may require the Bank to make additions to the allowance based on their judgment about information available to them at the time of their examinations.

The allowance consists of specific, general and unallocated components. For loans that are also classified as impaired, an allowance is established when the discounted cash flows (or collateral value or observable market price) of the impaired loan is lower than the carrying value of that loan. The general component covers non-classified loans and is based on historical loss experience adjusted for qualitative factors. An unallocated component is maintained to cover uncertainties that could affect management's estimate of probable losses. The unallocated component of the allowance reflects the margin of imprecision inherent in the underlying assumptions used in the methodologies for estimating specific and general losses in the portfolio.

A loan is considered impaired when, based on current information and events, it is probable that the Bank will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines

the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed. Impairment is measured on a loan by loan basis for commercial and construction loans by either the present value of the expected future cash flows discounted at the loan's effective interest rate, the loan's obtainable market price, or the fair value of the collateral if the loan is collateral dependent.

BOE FINANCIAL SERVICES OF VIRGINIA, INC.

Notes to Consolidated Financial Statements (Continued)

Large groups of smaller balance homogeneous loans are collectively evaluated for impairment. Accordingly, the Bank does not separately identify individual consumer and residential loans for impairment disclosures.

Loans Held for Sale

Mortgage loans originated and intended for sale in the secondary market are carried at the lower of cost or estimated market in the aggregate. Net unrealized losses are recognized through a valuation allowance by charges to income. Mortgage loans held for sale are generally sold with the mortgage servicing rights released by the Corporation.

The Corporation enters into commitments to originate certain mortgage loans whereby the interest rate on the loans is determined prior to funding (rate lock commitments). Rate lock commitments on mortgage loans that are intended to be sold are considered to be derivatives. The period of time between issuance of a loan commitment and closing and the sale of the loan generally ranges from thirty to ninety days. The Corporation protects itself from changes in interest rates through the use of best efforts forward delivery commitments, whereby the Corporation commits to sell a loan at the time the borrower commits to an interest rate with the intent that the buyer has assumed interest rate risk on the loan. As a result, the Corporation is not exposed to losses nor will it realize significant gains related to its rate lock commitments due to changes in interest rates. The correlation between the rate lock commitments and the best efforts contracts is very high due to their similarity. Because of this high correlation, the gain or loss that occurs on the rate lock commitments is immaterial.

Bank Premises and Equipment

Bank premises and equipment are stated at cost less accumulated depreciation. Land is carried at cost. Depreciation of bank premises and equipment is computed on the straight-line method over estimated useful lives of 10 to 50 years for premises and 5 to 20 years for equipment, furniture and fixtures.

Costs of maintenance and repairs are charged to expense as incurred and major improvements are capitalized. Upon sale or retirement of depreciable properties, the cost and related accumulated depreciation are eliminated from the accounts and the resulting gain or loss is included in the determination of income.

Intangibles

Intangible assets consist of core deposit premiums from a branch acquisition. Intangible assets are being amortized on a straight-line basis over 15 years.

Other Real Estate

Real estate acquired through, or in lieu of, loan foreclosure is held for sale and is initially recorded at the lower of the loan balance or the fair value at the date of foreclosure net of estimated disposal costs, establishing a new cost basis. Subsequent to foreclosure, valuations are periodically performed by management and the assets are carried at the lower of the carrying amount or the fair value less costs to sell. Revenues and expenses from operations and changes in the valuation allowance are included in other operating expenses. Costs to bring a property to salable condition are capitalized up to the fair value of the property while costs to maintain a property in salable condition are expensed as incurred. The Corporation had no other real estate at December 31, 2006 or 2005.

Income Taxes

Deferred income tax assets and liabilities are determined using the liability (or balance sheet) method. Under this method, the net deferred tax asset or liability is determined based on the tax effects of the temporary differences

between the book and tax bases of the various balance sheet assets and liabilities and gives current recognition to changes in tax rates and laws.

Earnings Per Share

Basic earnings per share (EPS) is computed based on the weighted average number of shares outstanding and excludes any dilutive effects of options, warrants and convertible securities. Diluted earnings per share is computed in a manner similar to basic EPS, except for certain adjustments to the numerator and the denominator. Diluted EPS gives effect to all dilutive potential common shares that were outstanding during the period. Potential common shares that may be issued by the Corporation relate solely to outstanding stock options and are determined using the treasury stock method.

Stock-Based Compensation

At December 31, 2006, the Corporation had two stock-based compensation plans, which are described more fully in Note 9. Effective January 1, 2006, the Corporation adopted SFAS No. 123 (revised 2004), Share-Based Payment. SFAS No. 123R requires the costs resulting from all share-based payments to employees be recognized in the financial statements. Stock-based compensation is estimated at the date of grant using the Black-Scholes option valuation model for determining fair value. Prior to adopting SFAS No. 123R, the Corporation accounted for the plans under the recognition and measurement principles of APB Opinion No. 25, *Accounting for Stock Issued to Employees*, and related Interpretations. No stock-based employee compensation cost was reflected in net income, as all options granted under the plans had an exercise price equal to the market value of the underlying common stock on the date of grant.

The following table illustrates the effect on net income and earnings per share as if the Corporation had applied the fair value recognition provisions of SFAS No. 123, *Accounting for Stock-Based Compensation*, to stock-based compensation for the years ended December 31, 2005 and 2004. No stock-based compensation expense was recognized for the year ended December 31, 2006 as no stock options were granted or vested. Effective December 22, 2005, the Corporation accelerated the vesting of all novested stock options under the stock-based compensation plans.

F-97

BOE FINANCIAL SERVICES OF VIRGINIA, INC.**Notes to Consolidated Financial Statements (Continued)*****Advertising Costs***

The Corporation follows the policy of charging the costs of production of advertising to expense as incurred. Total advertising expense incurred for 2006, 2005 and 2004 was \$112,945, \$78,330 and \$93,578, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Management estimates that are particularly susceptible to significant change in the near term relate to the determination of the allowance for loan losses.

Reclassifications

Certain reclassifications have been made to prior period balances to conform to the current year provisions.

Long-Term Rate of Return

The plan sponsor selects the expected long-term rate of return on assets assumption in consultation with their investment advisors and actuary. This rate is intended to reflect the average rate of earnings expected to be earned on the funds invested or to be invested to provide plan benefits. Historical performance is reviewed, especially with respect to real rates of return (net of inflation), for the major asset classes held or anticipated to be held by the trust, and for the trust itself. Undue weight is not given to recent experience that may not continue over the measurement period, with higher significance placed on current forecasts of future long-term economic conditions.

Because assets are held in a qualified trust, anticipated returns are not reduced for taxes. Further, solely for this purpose, the plan is assumed to continue in force and not terminate during the period during which assets are invested. However, consideration is given to the potential impact of current and future investment policy, cash flow into and out of the trust, and expenses (both investment and non-investment) typically paid from plan assets (to the extent such expenses are not explicitly estimated within periodic cost).

Asset Allocation

The pension plan's weighted-average asset allocations at September 30, 2006 and 2005, by asset category are as follows:

	2006	2005
Asset Category		
Mutual funds - fixed income	30%	34%
Mutual funds - equity	56%	66%
Cash and equivalents	14%	0%
	100%	100%

The trust fund is sufficiently diversified to maintain a reasonable level of risk without imprudently sacrificing return, with a targeted asset allocation of 40% fixed income and 60% equities. The investment manager selects investment fund managers with demonstrated experience and expertise, and funds with demonstrated historical performance, for the implementation of the plan's investment strategy. The investment manager will consider both actively and passively managed investment strategies and will allocate funds across the asset classes to develop an efficient investment structure.

It is the responsibility of the trustee to administer the investments of the trust within reasonable costs, being careful to avoid sacrificing quality. These costs include, but are not limited to, management and custodial fees, consulting fees, transaction costs and other administrative costs chargeable to the trust.

The Corporation does not expect to contribute to its pension plan in 2007.

401(k) Plan

The Corporation has also adopted a contributory 401(k) profit sharing plan which covers substantially all employees. The employee may contribute up to 15% of compensation, subject to statutory limitations. The Corporation matches 50% of employee contributions up to 4% of compensation. The plan also provides for an additional discretionary contribution to be made by the Corporation as determined each year. The amounts charged to expense under this plan for the years ended December 31, 2006, 2005 and 2004 were \$53,642, \$47,963 and \$44,085, respectively.

Deferred Compensation Agreements

The Corporation has deferred compensation agreements with certain key employees and the Board of Directors. The retirement benefits to be provided are fixed based upon the amount of compensation earned and deferred. Deferred compensation expense amounted to \$268,011, \$56,593 and \$3,612 for the years ended December 31, 2006, 2005 and 2004, respectively. These contracts are funded by life insurance policies.

Note 9. Stock Option Plans

During the year ended December 31, 2000, the Corporation adopted stock option plans for all employees and outside directors. The plans provide that 110,000 shares of the Corporation's common stock will be reserved for both incentive and non-statutory stock options to purchase common stock of the Corporation. The exercise price per share for incentive stock options and non-statutory stock options shall not be less than the fair market value of a share of common stock on the date of grant, and may be exercised at such times as may be specified by the Board of Directors in the participant's stock option agreement. Each incentive and non-statutory stock option shall expire not more than ten years from the date the option is granted. The options vest at the rate of one quarter per year from the grant date. Effective December 22, 2005, the Compensation Committee of the Board of Directors approved the acceleration of vesting of all unvested stock options under the plans.

A summary of the status of the stock plans follows:

BOE FINANCIAL SERVICES OF VIRGINIA, INC.**Notes to Consolidated Financial Statements (Continued)**

The aggregate intrinsic value of a stock option in the table above represents the total pre-tax intrinsic value (the amount by which the current market value of the underlying stock exceeds the exercise price of the option) that would have been received by option holders had all option holders exercised their options on December 31, 2006. This amount changes based on changes in the market value of the Corporation's stock.

The total intrinsic value of options exercised during the year ended December 31, 2006 was \$61,250.

The weighted average fair value of options granted during the year ended December 31, 2004 was \$8.22 and was estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions. There were no option grants during the years ended December 31, 2006 and 2005.

Dividend yield	2.64%
Expected life	9.7 years
Expected volatility	25.86%
Risk-free interest rate	4.45%

Note 10. Earnings Per Share

The following shows the weighted average number of shares used in computing earnings per share and the effect on the weighted average number of shares of diluted potential stock. Potential dilutive common stock had no effect on income available to common stockholders.

	2006		2005		2004	
	Shares	Per Share	Share	Per Share	Shares	Per Share
Basic earnings per share	1,201,465	\$ 2.60	1,193,467	\$ 2.60	1,185,952	\$ 2.43
Effect of dilutive stock options	9,457		10,258		8,559	
Diluted earnings per share	1,210,922	\$ 2.58	1,203,725	\$ 2.58	1,194,511	\$ 2.42

The Company granted options to employees and directors to purchase 3,797 shares on average during the year ended December 31, 2004 that were not included in the computation of diluted earnings per share because the exercise price of those options exceeded the average market price of the common shares during the year. No options were excluded from the computation for the years ended December 31, 2006 and 2005.

Note 11. Related Party Transactions

In the ordinary course of business, the Bank has and expects to continue to have transactions, including borrowings, with its executive officers, directors, and their affiliates. All such loans are made on substantially the same terms as

those prevailing at the time for comparable loans to unrelated persons. Loans to such borrowers are summarized as follows:

	2006	2005
Balance, beginning of year	\$ 2,677,102	\$ 2,007,294
Principal additions	1,336,758	2,005,289
Repayments and reclassifications	(1,128,828)	(1,335,481)
Balance, end of year	\$ 2,885,032	\$ 2,677,102

Note 12. Commitments and Contingent Liabilities

In the normal course of business, there are outstanding various commitments and contingent liabilities, such as guarantees, commitments to extend credit, etc., which are not reflected in the accompanying consolidated financial

BOE FINANCIAL SERVICES OF VIRGINIA, INC.

Notes to Consolidated Financial Statements (Continued)

statements. The Bank does not anticipate losses as a result of these transactions. See Note 15 with respect to financial instruments with off-balance-sheet risk.

As members of the Federal Reserve System, the Bank is required to maintain certain average reserve balances. For the final weekly reporting period in the years ended December 31, 2006 and 2005, the aggregate amount of daily average required balances were approximately \$632,000 and \$995,000, respectively.

The Bank is required to maintain certain required reserve balances with a correspondent bank. Those required balances were \$250,000 at December 31, 2006 and 2005.

Note 13. Dividend Limitations on Affiliate Bank

Transfers of funds from the banking subsidiary to the parent corporation in the form of loans, advances and cash dividends are restricted by federal and state regulatory authorities. As of December 31, 2006, the aggregate amount of unrestricted funds, which could be transferred from the banking subsidiary to the parent corporation, without prior regulatory approval, totaled \$7,129,004 (25.4% of net assets).

Note 14. Concentration of Credit Risk

The Bank has a diversified loan portfolio consisting of commercial, real estate and consumer (installment) loans. Substantially all of the Bank's customers are residents or operate business ventures in its market area consisting of Essex, King William, Hanover, Henrico and adjacent counties. Therefore, a substantial portion of its debtors' ability to honor their contracts and the Bank's ability to realize the value of any underlying collateral, if needed, is influenced by the economic conditions in this market area.

The Bank maintains a portion of its cash balances with several financial institutions located in its market area. Accounts at each institution are secured by the Federal Deposit Insurance Corporation up to \$100,000. Uninsured balances were approximately \$996,000 and \$1,978,000 at December 31, 2006 and 2005, respectively.

Note 15. Financial Instruments With Off-Balance-Sheet Risk

The Bank is party to financial instruments with off-balance-sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit and standby letters of credit. Those instruments involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the balance sheet. The contract amounts of those instruments reflect the extent of involvement the Bank has in particular classes of financial instruments.

The Bank's exposure to credit loss in the event of nonperformance by the other party to the financial instrument for commitments to extend credit and standby letters of credit is represented by the contractual amount of those instruments. The Bank uses the same credit policies in making commitments and conditional obligations as it does for on-balance-sheet instruments.

A summary of the contract amounts of the Bank's exposure to off-balance-sheet risk as of December 31, 2006 and 2005, is as follows:

	2006	2005
Financial instruments whose contract amounts represent credit risk:		
Commitments to extend credit	\$ 45,251,000	\$ 40,381,000
Standby letters of credit	4,971,000	4,602,000

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The Bank

BOE FINANCIAL SERVICES OF VIRGINIA, INC.

Notes to Consolidated Financial Statements (Continued)

evaluates each customer's credit worthiness on a case-by-case basis. The amount of collateral obtained, if deemed necessary by the Bank upon extension of credit, is based on management's credit evaluation of the counterparty. Collateral held varies but may include accounts receivable, inventory, property and equipment, and income-producing commercial properties.

Unfunded commitments under commercial lines-of credit, revolving credit lines and overdraft protection agreements are commitments for possible future extensions of credit to existing customers. These lines-of-credit are generally uncollateralized and usually do not contain a specified maturity date and may not be drawn upon to the total extent to which the Bank is committed.

Standby letters of credit are conditional commitments issued by the Bank to guarantee the performance of a customer to a third party. Those guarantees are primarily issued to support public and private borrowing arrangements, including commercial paper, bond financing, and similar transactions. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers. The amount of collateral obtained, if deemed necessary by the Bank upon extension of credit, is based on management's evaluation of the counterparty. Since most of the letters of credit are expected to expire without being drawn upon, they do not necessarily represent future cash requirements.

Note 16. Minimum Regulatory Capital Requirements

The Corporation (on a consolidated basis) and the Bank are subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on the Corporation's and Bank's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Corporation and the Bank must meet specific capital guidelines that involve quantitative measures of their assets, liabilities and certain off-balance-sheet items as calculated under regulatory accounting practices. The capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors. Prompt corrective action provisions are not applicable to bank holding companies.

Quantitative measures established by regulation to ensure capital adequacy require the Corporation and the Bank to maintain minimum amounts and ratios (set forth in the table below) of total and Tier 1 capital (as defined in the regulations) to risk weighted assets (as defined), and of Tier 1 capital (as defined) to average assets (as defined). Management believes, as of December 31, 2006 and 2005, that the Corporation and Bank met all capital adequacy requirements to which they are subject.

As of December 31, 2006, the most recent notification from the Federal Reserve Bank categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. To be categorized as well capitalized, an institution must maintain minimum total risk-based, Tier 1 risk-based, and Tier 1 leverage ratios as set forth in the table. There are no conditions or events since that notification that management believes have changed the Bank's category.

The Corporation's and the Bank's actual capital amounts and ratios as of December 31, 2006 and 2005, are also presented in the table.

Note 17. Fair Value of Financial Instruments and Interest Rate Risk

The fair value of a financial instrument is the current amount that would be exchanged between willing parties, other than in a forced liquidation. Fair value is best determined based upon quoted market prices. However, in many instances, there are no quoted market prices for the Corporation's various financial instruments. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the instrument. SFAS No. 107 excludes certain financial instruments and all nonfinancial instruments from its disclosure requirements. Accordingly, the aggregate fair value amounts presented may not necessarily represent the underlying fair value of the Corporation.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash and Short-Term Investments

For those short-term instruments, the carrying amount is a reasonable estimate of fair value.

Securities

For securities held for investment purposes, fair values are based on quoted market prices or dealer quotes.

Restricted Securities

The carrying value of restricted securities approximates their fair value based on the redemption provisions of the respective entity.

F-111

BOE FINANCIAL SERVICES OF VIRGINIA, INC.

Notes to Consolidated Financial Statements (Continued)

Loans Receivable

For certain homogeneous categories of loans, such as some residential mortgages, and other consumer loans, fair value is estimated using the quoted market prices for securities backed by similar loans, adjusted for differences in loan characteristics. The fair value of other types of loans is estimated by discounting the future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities.

Deposit Liabilities

The fair value of demand deposits, savings accounts, and certain money market deposits is the amount payable on demand at the reporting date. The fair value of fixed-maturity certificates of deposit is estimated using the rates currently offered for deposits of similar remaining maturities.

Long-Term Borrowings

The fair values of the Corporation's long-term borrowings are estimated using discounted cash flow analyses based on the Corporation's current incremental borrowing rates for similar types of borrowing arrangements.

Accrued Interest

The carrying amounts of accrued interest approximate fair value.

Off-Balance-Sheet Financial Instruments

The fair value of commitments to extend credit is estimated using the fees currently charged to enter into similar agreements, taking into account the remaining terms of the agreements and the present creditworthiness of the counterparties. For fixed-rate loan commitments, fair value also considers the difference between current levels of interest rates and the committed rates.

The fair value of stand-by letters of credit is based on fees currently charged for similar agreements or on the estimated cost to terminate them or otherwise settle the obligations with the counterparties at the reporting date.

At December 31, 2006 and 2005, the fair values of loan commitments and stand-by letters of credit were deemed to be immaterial.

BOE FINANCIAL SERVICES OF VIRGINIA, INC.**Notes to Consolidated Financial Statements (Continued)**

The carrying amounts and estimated fair values of the Corporation's financial instruments are as follows:

	2006		2005	
	Carrying Amount	Estimated Fair Value	Carrying Amount	Estimated Fair Value
	(In thousands)			
Financial assets:				
Cash and short-term investments	\$ 5,520	\$ 5,520	\$ 7,365	\$ 7,365

Trust preferred capital notes	4,124	4,152	4,124	4,161
Accrued interest payable	851	851	526	526

The Corporation assumes interest rate risk (the risk that general interest rate levels will change) as a result of its normal operations. As a result, the fair values of the Corporation's financial instruments will change when interest rate levels change and that change may be either favorable or unfavorable to the Corporation. Management attempts to match maturities of assets and liabilities to the extent believed necessary to minimize interest rate risk. However, borrowers with fixed rate obligations are less likely to prepay in a rising rate environment and more likely to prepay in a falling rate environment. Conversely, depositors who are receiving fixed rates are more likely to withdraw funds before maturity in a rising rate environment and less likely to do so in a falling rate environment. Management monitors rates and maturities of assets and liabilities and attempts to minimize interest rate risk by adjusting terms of new loans and deposits and by investing in securities with terms that mitigate the Corporation's overall interest rate risk.

Note 18. Trust Preferred Capital Notes

On December 12, 2003, BOE Statutory Trust I, a wholly-owned subsidiary of the Corporation, was formed for the purpose of issuing redeemable capital securities. On December 12, 2003, \$4.1 million of trust preferred securities were issued through a direct placement. The securities have a LIBOR-indexed floating rate of interest. During the years ended December 31, 2006 and 2005, the weighted-average interest rate was 8.47% and 6.29%. The securities have a mandatory redemption date of December 12, 2033 and are subject to varying call provisions beginning December 12, 2008. The principal asset of the Trust is \$4.1 million of the Corporation's junior subordinated debt securities with the like maturities and like interest rates to the capital securities.

Edgar Filing: Community Bankers Acquisition Corp. - Form S-4

The trust preferred notes may be included in Tier 1 capital for regulatory capital adequacy determination purposes up to 25% of Tier 1 capital after its inclusion. The portion of the trust preferred not considered as Tier 1 capital may be included in Tier 2 capital. At December 31, 2006 and 2005, all trust preferred notes were included in Tier 1 capital.

The obligations of the Corporation with respect to the issuance of the Capital Securities constitute a full and unconditional guarantee by the Corporation of the Trust's obligations with respect to the Capital Securities.

F-113

BOE FINANCIAL SERVICES OF VIRGINIA, INC.**Notes to Consolidated Financial Statements (Continued)**

Subject to certain exceptions and limitations, the Corporation may elect from time to time to defer interest payments on the junior subordinated debt securities, which would result in a deferral of distribution payments on the related Capital Securities.

AGREEMENT AND PLAN OF MERGER

THIS AGREEMENT AND PLAN OF MERGER (this Agreement), dated as of September 5, 2007, is by and between Community Bankers Acquisition Corp., a Delaware corporation (CBAC) and TransCommunity Financial Corporation, a Virginia corporation (TFC).

Preamble

The Boards of Directors of CBAC and TFC are of the opinion that the transaction described herein is in the best interest of the Parties and their respective stockholders. This Agreement provides for the merger of TFC with and into CBAC (the Merger). At the effective time of the Merger, the outstanding shares of the capital stock of TFC shall be converted into the right to receive shares of the common stock of CBAC (as provided herein and subject to certain terms and conditions). As a result, stockholders of TFC shall become stockholders of CBAC. The transactions described in this Agreement are subject to the approvals of the stockholders of CBAC and TFC, the Federal Reserve and the Virginia State Corporation Commission's Bureau of Financial Institutions, as well as the satisfaction of certain other conditions described in this Agreement. It is the intention of the Parties to this Agreement that the Merger for federal income tax purposes shall qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986.

Immediately following the Effective Time, TransCommunity Bank, N.A., a national bank and a wholly owned subsidiary of TFC (the Bank) will remain in existence under its Articles of Association and Bylaws as in effect immediately prior to the Effective Time as a wholly owned subsidiary of CBAC. The directors and officers of the Bank prior to the Effective Time shall serve as the Bank's directors and officers following the Merger from and after the Effective Time in accordance with the Bank's bylaws. The headquarters of TFC and the Bank prior to the Effective Time will remain as the headquarters of the Surviving Corporation and the Bank following the Merger from and after the Effective Time in accordance with the Surviving Corporation's bylaws and the Bank's bylaws, as applicable.

Certain capitalized terms used in this Agreement are defined in Section 11.1 of this Agreement.

NOW, THEREFORE, in consideration of the above and the mutual warranties, representations, covenants, and agreements set forth herein, and other good and valuable consideration and the receipt and sufficiency of which are acknowledged, the Parties, intending to be legally bound, agree as follows:

ARTICLE 1

TRANSACTIONS AND TERMS OF MERGER

1.1 Merger.

Subject to the terms and conditions of this Agreement, at the Effective Time, TFC shall be merged with and into CBAC pursuant to Section 252 of the DGCL and Section 13.1-716 of the VSCA, and with the effect provided in Section 259 of the DGCL and Section 13.1-721 of the VSCA, CBAC shall be the Surviving Corporation resulting from the Merger and shall continue to be governed by the Laws of the State of Delaware and the Bank shall become a wholly-owned subsidiary of CBAC. The Merger shall be consummated pursuant to the terms of this Agreement, which has been approved and adopted by the respective Boards of Directors of CBAC and TFC.

1.2 Time and Place of Closing.

Edgar Filing: Community Bankers Acquisition Corp. - Form S-4

The closing of the transactions contemplated hereby (the Closing) will take place at 9:00 A.M. Eastern Time on the date that the Effective Time occurs (or the immediately preceding day if the Effective Time is earlier than 9:00 A.M. Eastern Time), or at such other time as the Parties, acting through their authorized officers, may mutually agree. Subject to the terms and conditions hereof, unless otherwise mutually agreed upon in writing by the authorized officers of each Party, the Parties shall use their reasonable efforts to cause the Effective Time to occur on or before December 1, 2007 and as soon as possible after the last of the following dates to occur: (i) the effective date (including expiration of any applicable waiting period) of the last required Consent of any Regulatory Authority having authority over and approving or exempting the Merger, and (ii) the date on which the last of the stockholders of CBAC and TFC approve this Agreement to the extent such approval is required by applicable Law, the TFC Articles of Incorporation and the CBAC Certificate of Incorporation.

1.4 Restructure of Transaction.

CBAC shall have the right to revise the structure of the Merger contemplated by this Agreement; *provided that* no such revision to the structure of the Merger (i) shall result in any changes in the amount or type of the consideration which the holders of shares of TFC Common Stock or TFC Rights are entitled to receive under this Agreement, (ii) would unreasonably impede or delay consummation of the Merger, or (iii) shall impose any less favorable terms or conditions on the Bank or TFC; *further provided, however*, no such revision shall be effective without the prior written consent of TFC. CBAC may request such consent by giving written notice to TFC in the manner provided in Section 11.8, which notice shall be in the form of a proposed amendment to this Agreement or in the form of a proposed Amended and Restated Agreement and Plan of Merger, and the addition of such other exhibits hereto as are reasonably necessary or appropriate to effect such change.

ARTICLE 3

MANNER OF CONVERTING SHARES

3.1 Conversion of Shares.

Subject to the provisions of this Article 3, at the Effective Time, by virtue of the Merger and without any action on the part of CBAC, TFC or the stockholders of either of the foregoing, the shares of the constituent corporations shall be converted as follows:

(a) Each share of CBAC Common Stock issued and outstanding immediately prior to the Effective Time, other than those shares as to which conversion rights provided for in Section C of Article Sixth of the CBAC Certification of Incorporation (Conversion Rights) have been exercised, shall remain issued and outstanding from and after the Effective Time and be unaffected solely as a result of the Merger.

(b) Each share of TFC Common Stock (excluding shares held by CBAC or any TFC Entity (Excluded Shares), in each case other than in a fiduciary capacity or as a result of debt previously contracted) issued and outstanding at the Effective Time shall cease to be outstanding and shall be converted into and exchanged for the right to receive 1.4200 shares of CBAC Common Stock (as subject to possible adjustment as set forth in Section 3.1(c) below, the Exchange Ratio) and cash in lieu of fractional shares as set forth in Section 3.3 (the Merger Consideration).

(c) If, after the Determination Date, the Average Closing Price is less than \$7.42, CBAC shall increase the Exchange Ratio to equal the quotient (rounded to the nearest one-ten-thousandth) obtained by dividing (i) \$10.5364 by (ii) the

Average Closing Price.

3.2 Anti-Dilution Provisions.

In the event CBAC changes the number of shares of CBAC Common Stock issued and outstanding prior to the Effective Time as a result of a stock split, stock dividend, or similar recapitalization with respect to such stock (specifically excluding the effect of the exercise of the Conversion Rights) and the record date therefore (in the case of

A-3

a stock dividend) or the effective date thereof (in the case of a stock split or similar recapitalization for which a record date is not established) shall be prior to the Effective Time, the Exchange Ratio shall be proportionately adjusted.

3.3 Appraisal.

Any holder of shares of TFC Common Stock who perfects such holder's appraisal rights in accordance with and as contemplated by Sections 13.1-729 through 13.1-741 of the VSCA shall be entitled to receive from the Surviving Corporation, in lieu of the Exchange Ratio, the value of such shares as to which appraisal rights have been perfected in cash as determined pursuant to such provision of Law; *provided, that* no such payment shall be made to any dissenting stockholder unless and until such dissenting stockholder has complied with all applicable provisions of such Law, and surrendered to TFC the certificate or certificates representing the shares for which payment is being made (the Dissenting Shares). In the event that after the Effective Time a dissenting stockholder of TFC fails to perfect, or effectively withdraws or loses, such holder's right to appraisal of and payment for such holder's shares, CBAC or the Surviving Corporation shall issue and deliver the consideration to which such holder of shares of TFC Common Stock is entitled under this Article 3 (without interest) upon surrender by such holder of the certificate or certificates representing such shares of TFC Common Stock held by such holder.

3.4 Fractional Shares.

Notwithstanding any other provision of this Agreement, each holder of shares of TFC Common Stock exchanged pursuant to the Merger who would otherwise have been entitled to receive a fraction of a share of CBAC Common Stock (after taking into account all certificates delivered by such holder) shall receive, in lieu thereof, cash (without interest) in an amount equal to such fractional part of a share of CBAC Common Stock multiplied by the market value of one share of CBAC Common Stock at the Effective Time. The market value of one share of CBAC Common Stock at the Effective Time shall be the closing price on the AMEX (as reported by *The Wall Street Journal* or, if not reported thereby, any other authoritative source selected by CBAC) on the last trading day preceding the Effective Time.

3.5 Conversion of Stock Rights.

(a) At the Effective Time, each award, option, or other right to purchase or acquire shares of TFC Common Stock pursuant to stock options, stock appreciation rights, or stock awards (TFC Rights) granted by TFC under the TFC Stock Plans, which are outstanding at the Effective Time, whether or not exercisable, shall be converted into and become rights with respect to CBAC Common Stock, and CBAC shall assume each TFC Right, in accordance with the terms of the TFC Stock Plan and stock option agreement by which it is evidenced, except that from and after the Effective Time, (i) CBAC and its Compensation Committee, as established at the Effective Time of the Merger, shall be substituted for TFC and the committee of TFC's Board of Directors (including, if applicable, the entire Board of Directors of TFC) administering such TFC Stock Plan, (ii) each TFC Right assumed by CBAC may be exercised solely for shares of CBAC Common Stock (or cash in the case of stock appreciation rights), (iii) the number of shares of CBAC Common Stock subject to such TFC Right shall be equal to the number of shares of TFC Common Stock subject to such TFC Right immediately prior to the Effective Time multiplied by the Exchange Ratio, and (iv) the per share exercise price (or similar threshold price, in the case of stock awards) under each such TFC Right shall be adjusted by dividing the per share exercise (or threshold) price under each such TFC Right by the Exchange Ratio and rounding up to the nearest cent. Notwithstanding the provisions of clause (iii) of the preceding sentence, CBAC shall not be obligated to issue any fraction of a share of CBAC Common Stock upon exercise of TFC Rights and any fraction of a share of CBAC Common Stock that otherwise would be subject to a converted TFC Right shall represent the right to receive a cash payment equal to the product of such fraction and the difference between the market value of one share of CBAC Common Stock and the per share exercise price of such Right. The market value of one share of CBAC Common Stock shall be the closing price on the AMEX (as reported by *The Wall Street Journal* or, if not

reported thereby, any other authoritative source selected by CBAC) on the last trading day preceding the Effective Time. In addition, notwithstanding the provisions of clauses (iii) and (iv) of the first sentence of this Section 3.5, each TFC Right which is an incentive stock option shall be adjusted as required by Section 424 of the Internal Revenue Code, so as not to constitute a modification, extension, or renewal of the option, within the meaning of Section 424(h) of the Internal Revenue Code. CBAC agrees to take all necessary steps to effectuate the foregoing provisions of this Section 3.5.

(b) As soon as reasonably practicable after the Effective Time, CBAC shall deliver to the participants in each TFC Stock Plan an appropriate notice setting forth such participant's rights pursuant thereto and the grants pursuant to such TFC Stock Plan shall continue in effect on the same terms and conditions (subject to the adjustments required by Section 3.5(a) after giving effect to the Merger), and CBAC shall comply with the terms of each TFC Stock Plan to ensure, to the extent required by, and subject to the provisions of, such TFC Stock Plan, that TFC Rights which qualified as incentive stock options prior to the Effective Time continue to qualify as incentive stock options after the Effective Time. At or prior to the Effective Time, CBAC shall take all corporate action necessary to adopt and maintain the TFC Stock Plan and reserve for issuance sufficient shares of CBAC Common Stock for delivery upon exercise of TFC Rights assumed by it in accordance with this Section 3.5. As soon as reasonably practicable after the Effective Time, CBAC shall file a registration statement on Form S-1 or Form S-8, as the case may be (or any successor or other appropriate forms), with respect to the shares of CBAC Common Stock subject to such options and shall use its reasonable efforts to maintain the effectiveness of such registration statements (and maintain the current status of the prospectus or prospectuses contained therein) for so long as such options remain outstanding. With respect to those individuals who subsequent to the Merger will be subject to the reporting requirements under Section 16(a) of the 1934 Act, where applicable, CBAC shall administer the TFC Stock Plan assumed pursuant to this Section 3.5 in a manner that complies with Rule 16b-3 promulgated under the 1934 Act.

(c) All restrictions or limitations on transfer with respect to TFC Common Stock awarded under the TFC Stock Plans or any other plan, program, or arrangement of any TFC Entity, to the extent that such restrictions or limitations shall not have already lapsed, and except as otherwise expressly provided in such plan, program, or arrangement, shall remain in full force and effect with respect to shares of CBAC Common Stock into which such restricted stock is converted pursuant to this Agreement.

(d) Nothing in this Section 3.5 shall be interpreted as preventing CBAC, from and after the Effective Time, from amending, modifying or terminating the TFC Stock Plan to comply with any Law or as appropriate for other business reasons in accordance with its terms and applicable Law.

ARTICLE 4

EXCHANGE OF SHARES

4.1 Exchange Procedures.

(a) As soon as reasonably practicable after the Effective Time, CBAC shall cause the exchange agent selected by CBAC (the Exchange Agent) to mail to the former stockholders of TFC appropriate transmittal materials (which shall specify that delivery shall be effected, and risk of loss and title to the certificates or other instruments theretofore representing shares of TFC Common Stock shall pass, only upon proper delivery of such certificates to the Exchange Agent). The certificate or certificates of TFC Common Stock so surrendered shall be duly endorsed as the Exchange Agent may reasonably require. In the event of a transfer of ownership of shares of TFC Common Stock represented by certificates that are not registered in the transfer records of TFC, the Merger Consideration payable for such shares as provided in Section 3.1 may be issued to a transferee if the certificates representing such shares are delivered to the Exchange Agent, accompanied by all documents required to evidence such transfer and by evidence reasonably satisfactory to the Exchange Agent that such transfer is proper and that any applicable stock transfer taxes have been paid. In the event any certificate representing TFC Common Stock certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such certificate to be lost, stolen or destroyed and the posting by such person of a bond in such amount as CBAC may reasonably direct as indemnity against any claim that may be made against it with respect to such certificate, the Exchange Agent shall issue in exchange for such lost, stolen or destroyed certificate the Merger Consideration as provided for in Section 3.1. The Exchange Agent may establish such other reasonable and customary rules and procedures in connection with its duties as it may deem

appropriate. CBAC shall pay all charges and expenses, including those of the Exchange Agent in connection with the distribution of the Merger Consideration as provided in Section 3.1.

(b) After the Effective Time, each holder of shares of TFC Common Stock (other than Excluded Shares) issued and outstanding at the Effective Time shall surrender the Certificate or Certificates representing such shares to the Exchange Agent and shall promptly upon surrender thereof receive in exchange therefore the consideration

provided in Section 3.1, without interest, pursuant to this Section 4.1. CBAC shall not be obligated to deliver the consideration to which any former holder of TFC Common Stock is entitled as a result of the Merger until such holder surrenders such holder's Certificate or Certificates for exchange as provided in this Section 4.1. Any other provision of this Agreement notwithstanding, neither CBAC, nor any TFC Entity, nor the Exchange Agent shall be liable to any holder of TFC Common Stock or to any holder of TFC Rights for any amounts paid or properly delivered in good faith to a public official pursuant to any applicable abandoned property, escheat or similar Law.

(c) Each of CBAC and the Exchange Agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of shares of TFC Common Stock such amounts, if any, as it is required to deduct and withhold with respect to the making of such payment under the Code or any provision of state, local or foreign Tax Law or by any Taxing Authority or Governmental Authority. To the extent that any amounts are so withheld by CBAC, the Surviving Corporation or the Exchange Agent, as the case may be, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of the shares of TFC Common Stock or TFC Rights, as applicable in respect of which such deduction and withholding was made by CBAC, the Surviving Corporation or the Exchange Agent, as the case may be.

(d) Adoption of this Agreement by the stockholders of TFC shall constitute ratification of the appointment of the Exchange Agent.

4.2 Rights of Former TFC Stockholders.

At the Effective Time, the stock transfer books of TFC shall be closed as to holders of TFC Common Stock and no transfer of TFC Common Stock by any holder of such shares shall thereafter be made or recognized. Until surrendered for exchange in accordance with the provisions of Section 4.1, each Certificate theretofore representing shares of TFC Common Stock (other than certificates representing Excluded Shares and Dissenting Shares), shall from and after the Effective Time represent for all purposes only the right to receive the Merger Consideration, without interest, as provided in Article 3.

ARTICLE 5

REPRESENTATIONS AND WARRANTIES OF TFC

TFC represents and warrants to CBAC, except as set forth on the TFC Disclosure Memorandum with respect to each such Section below as follows:

5.1 Organization, Standing, and Power.

TFC is a corporation duly organized, validly existing, and in good standing under the Laws of the Commonwealth of Virginia and is a bank holding company within the meaning of the Bank Holding Company Act of 1956 (the BHCA) and in good standing with the Federal Reserve. The Bank is a national bank, duly organized and validly existing under the laws of the United States and operates under Articles of Association and all necessary branch approvals issued by the OCC to engage in the commercial banking business at the offices in which such business is conducted. Each of TFC and the Bank has the corporate power and authority to carry on its business as now conducted and to own, lease and operate its Assets. Each of TFC and the Bank is duly qualified or licensed to transact business as a foreign corporation in good standing in the states of the United States and foreign jurisdictions where the character of its Assets or the nature or conduct of its business requires it to be so qualified or licensed, except for such jurisdictions where the failure to be so qualified or licensed is not reasonably likely to have, individually or in the aggregate, a TFC Material Adverse Effect. The minute books and other organizational documents for each of TFC and the Bank have been made available to CBAC for its review and, except as disclosed in Section 5.1 of the TFC Disclosure

Memorandum, are true and complete in all material respects as in effect as of the date of this Agreement and accurately reflect in all material respects all amendments thereto and all proceedings of the respective Board of Directors (including any committees of the Board of Directors) and stockholders thereof.

5.2 Authority of TFC; No Breach By Agreement.

(a) TFC has the corporate power and authority necessary to execute, deliver, and perform its obligations under this Agreement and to consummate the transactions contemplated hereby. The execution, delivery, and performance

of this Agreement and the consummation of the transactions contemplated herein, including the Merger, have been duly and validly authorized by all necessary corporate action in respect thereof on the part of TFC, subject to the approval of this Agreement by the holders of a majority of the outstanding shares of TFC Common Stock entitled to be voted at the TFC Stockholders Meeting (except in all cases as such enforceability may be limited by applicable bankruptcy, insolvency, reorganization, receivership, conservatorship, moratorium, or similar Laws affecting the enforcement of creditors' rights generally and except that the availability of the equitable remedy of specific performance or injunctive relief is subject to the discretion of the court before which any proceeding may be brought), which is the only TFC stockholder vote required for approval of this Agreement and consummation of the Merger. Subject to such requisite stockholder approval, this Agreement represents a legal, valid, and binding obligation of TFC, enforceable against TFC in accordance with its terms.

(b) Neither the execution and delivery of this Agreement by TFC, nor the consummation by TFC of the transactions contemplated hereby, nor compliance by TFC with any of the provisions hereof, will (i) conflict with or result in a breach of any provision of TFC's Articles of Incorporation or Bylaws or the charter, certificate of incorporation or articles of association or incorporation, as the case may be, or bylaws of any TFC Subsidiary or any resolution adopted by the Board of Directors or the stockholders of any TFC Entity, or (ii) except as disclosed in Section 5.2 of the TFC Disclosure Memorandum, constitute or result in a Default under, or require any Consent pursuant to, or result in the creation of any Lien on any Asset of any TFC Entity under, any TFC Contract or Permit of any TFC Entity or, (iii) subject to receipt of the requisite Consents referred to in Section 8.2(b), constitute or result in a Default under, or require any Consent pursuant to, any Law or Order applicable to any TFC Entity or any of their respective material Assets.

(c) Other than in connection or compliance with the provisions of the Securities Laws and applicable state corporate and securities Laws, and other than Consents required from Regulatory Authorities, and other than notices to or filings with the Internal Revenue Service (IRS) or the Pension Benefit Guaranty Corporation with respect to any employee benefit plans, no notice to, filing with, or Consent of, any Governmental Authority is necessary for the consummation by TFC of the Merger and the other transactions contemplated in this Agreement.

5.3 Capital Stock.

(a) The authorized capital stock of TFC consists of 25,000,000 shares of TFC Common Stock and 5,000,000 shares of preferred stock, of which 4,586,741 shares of TFC Common Stock are issued and outstanding as of the date of this Agreement and no shares of preferred stock are issued and outstanding as of the date of this Agreement, and, assuming that all of the issued and outstanding TFC Rights had been exercised, not more than 4,898,741 shares would be issued and outstanding at the Effective Time. All of the issued and outstanding shares of capital stock of TFC are duly and validly issued and outstanding and are fully paid and nonassessable under the VSCA. None of the outstanding shares of capital stock of TFC have been issued in violation of any preemptive rights of the current or past stockholders of TFC.

(b) Except for the 580,000 shares of TFC Common Stock reserved for issuance pursuant to outstanding TFC Rights, each as disclosed in Section 5.3 of the TFC Disclosure Memorandum, there are no shares of capital stock or other equity securities of TFC reserved for issuance and no outstanding Rights relating to the capital stock of TFC.

(c) Except as specifically set forth in this Section 5.3, there are no shares of TFC capital stock or other equity securities of TFC outstanding and there are no outstanding Rights with respect to any TFC securities or any right or privilege (whether pre-emptive or contractual) capable of becoming a Contract or Right for the purchase, subscription, exchange or issuance of any securities of TFC.

5.4 TFC Subsidiaries.

TFC has disclosed in Section 5.4 of the TFC Disclosure Memorandum each of the TFC Subsidiaries that is a corporation (identifying its jurisdiction of incorporation, each jurisdiction in which it is qualified or licensed to transact business, and the number of shares owned and percentage ownership interest represented by such share ownership) and each of the TFC Subsidiaries that is a general or limited partnership, limited liability company, or other non-corporate entity (identifying the form of organization and the Law under which such entity is organized, each jurisdiction in which it is qualified and/or licensed to transact business, and the amount and nature of the ownership interest therein). Except as disclosed in Section 5.4 of the TFC Disclosure Memorandum, TFC owns,

A-7

directly or indirectly, all of the issued and outstanding shares of capital stock (or other equity interests) of each TFC Subsidiary. No capital stock (or other equity interest) of any TFC Subsidiary is or may become required to be issued (other than to another TFC Entity) by reason of any Rights, and there are no Contracts by which any TFC Subsidiary is bound to issue (other than to another TFC Entity) additional shares of its capital stock (or other equity interests) or Rights or by which any TFC Entity is or may be bound to transfer any shares of the capital stock (or other equity interests) of any TFC Subsidiary (other than to another TFC Entity). There are no Contracts relating to the rights of any TFC Entity to vote or to dispose of any shares of the capital stock (or other equity interests) of any TFC Subsidiary. All of the shares of capital stock (or other equity interests) of each TFC Subsidiary held by a TFC Entity are fully paid and nonassessable and are owned directly or indirectly by such TFC Entity free and clear of any Lien. Except as disclosed in Section 5.4 of the TFC Disclosure Memorandum, each TFC Subsidiary is a national bank, corporation, limited liability company, limited partnership or limited liability partnership, and each such TFC Subsidiary is duly organized, validly existing, and in good standing under the Laws of the jurisdiction in which it is incorporated or organized, and has the corporate or entity power and authority necessary for it to own, lease, and operate its Assets and to carry on its business as now conducted. Each TFC Entity will, upon the execution and delivery of this Agreement, and will continue to have, notwithstanding this Agreement or the consummation of the transaction contemplated hereby, all ownership rights and interest in all corporate or bank-owned life insurance.

(o) No TFC Benefit Plan holds any employer security (within the meaning of ERISA Section 407(d)(1)) or employer real property (within the meaning of ERISA Section 407(d)(2)); and no commitment has been made that would require any TFC Benefit Plan to hold any such employer security or employer real property.

(p) All contributions and premiums required by applicable Law or the terms of an applicable TFC Benefit Plan to be paid prior to Closing have been or will be timely made or paid in full prior to the Closing.

(g) (i) grant any bonus or increase in compensation or benefits to the employees, officers or directors of CBAC or any TFC Entity, as applicable; (ii) commit or agree to pay any severance or termination pay, or any stay or other bonus to any CBAC or TFC director, officer or employee, as applicable; (iii) enter into or amend any severance agreements with officers, employees, directors, independent contractors or agents of CBAC or any TFC Entity, as applicable; (iv) change any fees or other compensation or other benefits to directors of CBAC or any TFC Entity, as applicable; or (v) waive any stock repurchase rights, accelerate, amend or change the period of exercisability of any Rights or restricted stock, as applicable, or in the case of TFC, reprice Rights granted under the TFC Stock Plans or authorize cash payments in exchange for any Rights; (vi) or accelerate or vest or commit or agree to accelerate or vest any amounts, benefits or rights payable by CBAC or any TFC Entity, as applicable;

(h) enter into or amend any employment Contract between CBAC or any TFC Entity and any Person (unless such amendment is required by Law) that CBAC or the TFC Entity does not have the unconditional right to terminate without Liability (other than Liability for services already rendered), at any time on or after the Effective Time;

(i) adopt any new employee benefit plan of CBAC or any TFC Entity, as applicable, or terminate or withdraw from, or make any material change in or to, any existing employee benefit plans, welfare plans, insurance, stock or other plans of CBAC or any TFC Entity, as applicable other than any such change that is required by Law or that, in the written opinion of counsel, is necessary or advisable to maintain the tax qualified status of any such plan, or make any distributions from such employee benefit or welfare plans, except as required by Law, the terms of such plans or consistent with past practice;

(j) make any change in any Tax or accounting methods or systems of internal accounting controls, except, without the review and consent of the other Party, as may be appropriate and necessary to conform to changes in Tax Laws, regulatory accounting requirements or GAAP or file any amended Tax Return, enter into any closing agreement, settle any Tax claim or assessment relating to CBAC or any TFC Entity, as applicable, surrender any right to claim a refund of Taxes, consent to any extension or waiver of the limitation period applicable to any Tax claim or assessment relating to CBAC or any TFC Entity, or take any other similar action relating to the filing of any Tax Return or the payment of any Tax;

(k) commence any Litigation other than in accordance with past practice or settle any Litigation involving any Liability of CBAC or any TFC Entity, as applicable for money damages or restrictions upon the operations of CBAC or such TFC Entity;

or assign any material rights or claims, or in the case of TFC, make any adverse changes in the mix, rates, terms or maturities of its deposits and other Liabilities; and

(m) take any action or fail to take any action that at the time of such action or inaction is reasonably likely to prevent, or would be reasonably likely to materially interfere with, the consummation of this Merger.

7.3 Affirmative Covenants of CBAC.

From the date of this Agreement until the earlier of the Effective Time or the termination of this Agreement, unless the prior written consent of TFC shall have been obtained, and except as otherwise expressly contemplated herein, CBAC shall, and shall cause each of its Subsidiaries to; (i) operate its business only in the usual, regular and ordinary course; (ii) use reasonable efforts to preserve intact its business organization and Assets and maintain its rights and franchises; (iii) use reasonable efforts to cause its representations and warranties to be correct at all times; and (iv) take no action which would (A) adversely affect the ability of any Party to obtain any Consents required for the transactions contemplated hereby without imposition of a condition or restriction of the type referred to in the last sentences of Sections 9.1(b) and 9.1(c) or, or (B) materially adversely affect the ability of any Party to perform its covenants and agreements under this Agreement. Notwithstanding the foregoing and Section 8.3 hereof, provided CBAC consults and appraises a special committee of the Board of Directors of TFC (the membership of such committee to be determined by the Board of Directors of TFC), nothing in this Agreement shall be interpreted to prohibit CBAC from negotiating or, with the consent of TFC, which consent may not be unreasonably withheld, entering into a binding letter of intent or a definitive agreement to acquire a financial institution whether by merger or otherwise or from taking action to list its shares on the Nasdaq Global Market and delist its shares from AMEX so long as CBAC does not terminate this Agreement.

7.4 Adverse Changes in Condition.

Each Party agrees to give written notice promptly to the other Party upon becoming aware of the occurrence or impending occurrence of any event or circumstance relating to it or any of its Subsidiaries which (i) has had or is reasonably likely to have, individually or in the aggregate, a TFC Material Adverse Effect or a CBAC Material Adverse Effect, as applicable, (ii) would cause or constitute a material breach of any of its representations, warranties, or covenants contained herein, or (iii) would be reasonably likely to prevent or materially interfere with the consummation of the Merger, and to use its reasonable efforts to prevent or promptly to remedy the same.

7.5 Reports.

Each of CBAC and its Subsidiaries and TFC and its Subsidiaries shall file all reports required to be filed by it with Regulatory Authorities between the date of this Agreement and the Effective Time and shall deliver to the other Party copies of all such reports promptly after the same are filed. Each of the CBAC Financial Statements and the TFC Financial Statements prepared after the date of this Agreement, whether or not contained in any such reports filed under the Exchange Act or with any other Regulatory Authority, will fairly present in all material respects the financial position of the entity filing such statements as of the dates indicated and the results of operations, changes in stockholders' equity, and cash flows for the periods then ended in accordance with GAAP (subject in the case of interim financial statements to normal recurring year-end adjustments that are not material). As of their respective dates, such reports filed under the Exchange Act or with any other Regulatory Authority will comply in all material respects with the Securities Laws and will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading. Any financial statements contained in any other reports to another Regulatory Authority shall be prepared in accordance with the Laws applicable to such reports.

7.6 Claims Against Trust Account.

TFC understands that, except for a portion of the interest earned on the amounts held in the Trust Fund, CBAC may disburse monies from the Trust Fund only: (a) to its public stockholders in the event of the redemption of their shares or the dissolution and liquidation of CBAC, (b) to CBAC (less CBAC's deferred underwriting compensation only) after CBAC consummates a business combination (as described in the Prospectus) or (c) as consideration to the sellers of a target business with which CBAC completes a business combination.

A-32

TFC agrees that, notwithstanding any other provision contained in this Agreement, TFC does not now have, and shall not at any time prior to the Effective Time have, any claim to, or make any claim against, the Trust Fund, regardless of whether such claim arises as a result of, in connection with or relating in any way to, the business relationship between TFC on the one hand, and CBAC on the other hand, this Agreement, or any other agreement or any other matter, and regardless of whether such claim arises based on contract, tort, equity or any other theory of legal liability (any and all such claims are collectively referred to in this Section 7.6 as the Claims). Notwithstanding any other provision contained in this Agreement, TFC hereby irrevocably waives any Claim it may have, now or in the future (in each case, however, prior to the consummation of a business combination), and will not seek recourse against the Trust Fund for any reason whatsoever in respect thereof. In the event that TFC commences any action or proceeding based upon, in connection with, relating to or arising out of any matter relating to CBAC, which proceeding seeks, in whole or in part, relief against the Trust Fund or the public stockholders of CBAC, whether in the form of money damages or injunctive relief, CBAC shall be entitled to recover from TFC the associated legal fees and costs in connection with any such action, in the event CBAC prevails in such action or proceeding.

ARTICLE 8

ADDITIONAL AGREEMENTS

8.1 Registration Statement; Joint Proxy Statement.

(a) Each of CBAC and TFC agrees to cooperate in the preparation of a Registration Statement on Form S-4 to be filed by CBAC with the SEC and any other filings to be made by either Party, including but not limited to filings of Current Reports on Form 8-K, with the SEC or any other Regulatory Authority, in connection with the issuance of CBAC Common Stock in the Merger and the consummation of the Merger. Each of CBAC and TFC agrees to use all reasonable efforts to cause the Registration Statement to be filed within 45 days of the date of this Agreement and to be declared effective under the Securities Act as promptly as reasonably practicable after filing thereof. Each of CBAC and TFC shall furnish to each other all information concerning them that they may reasonably require in connection with the Registration Statement.

(b) CBAC also agrees to use all reasonable efforts to obtain all necessary state securities law or Blue Sky permits and approvals required to carry out the transactions contemplated by this Agreement. TFC agrees to furnish CBAC all information concerning TFC, the Bank, and their respective officers, directors, and stockholders as may be reasonably requested in connection with the foregoing. As a result of the registration of the CBAC Common Stock pursuant to the Registration Statement, such stock shall be freely tradable by the stockholders of TFC except to the extent that the transfer of any shares of CBAC Common Stock received by stockholders of TFC is subject to the provisions of Rule 145 under the Securities Act or restricted under Tax rules. TFC and its counsel shall have a reasonable opportunity to review and comment on the Registration Statement being filed with the SEC and any responses filed with the SEC regarding the Registration Statement.

(c) Each of CBAC and TFC agrees, as to itself and its Subsidiaries, that none of the information supplied or to be supplied by it for inclusion or incorporation by reference in (i) the Registration Statement will, at the time the Registration Statement and each amendment or supplement thereto, if any, becomes effective under the Securities Act, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading and (ii) none of the information supplied by it or any of its respective Subsidiaries for inclusion or incorporation by reference in the Joint Proxy Statement will at the date of the mailing to its stockholders or at the time of the meeting of its stockholders held for the purpose of obtaining the CBAC Stockholder Approval or the TFC Stockholder Approval, as applicable, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein not misleading. Each of CBAC and TFC further agrees that if it shall become aware prior to the

Effective Date of any information that would cause any of the statements in the Registration Statement or Joint Proxy Statement to be false or misleading with respect to any material fact, or to omit to state any material fact necessary to make the statements therein not false or misleading, to promptly inform the other Party thereof and to take the necessary steps to correct the Joint Proxy Statement.

(d) In the case of CBAC, CBAC will advise TFC, promptly after CBAC receives notice thereof, of the time when the Registration Statement has become effective or any supplement or amendment has been filed, or of the issuance of any stop order or the suspension of the qualification of the CBAC Common Stock for offering or sale in any jurisdiction, of the initiation or threat of any proceeding for any such purpose, or of any request by the SEC for the amendment or supplement of the Registration Statement or for additional information.

8.2 Stockholder Approvals.

(a) CBAC shall call a stockholders meeting, to be held as soon as reasonably practicable after the Joint Proxy Statement is cleared by the SEC, for the purpose of voting upon adoption of this Agreement, the amendments to CBAC's Certificate of Incorporation set forth in Exhibit A hereto and such other related matters as it deems appropriate. TFC shall call a stockholders meeting, to be held as soon as reasonably practicable after the Joint Proxy Statement is cleared by the SEC, for the purpose of voting upon the adoption of this Agreement and such other related matters as it deems appropriate. The Parties shall coordinate and cooperate with respect to the timing of such meetings and shall use their reasonable efforts to hold such meetings on the same day. In addition, the Chairman of the Board of Directors and the Chief Executive Officer of each Party shall make themselves physically present at the other Party's Stockholders Meeting for introduction to such Party's stockholders.

(b) In connection with the Stockholders Meetings, (i) CBAC and TFC shall mail the Joint Proxy Statement to their respective stockholders, (ii) the Boards of Directors of CBAC and TFC shall recommend to their respective stockholders the approval of the matters submitted for approval and (iii) the Board of Directors and officers of CBAC and TFC shall use their reasonable efforts to obtain such stockholders' approval; *provided that* each of CBAC and TFC may withdraw, modify, or change in an adverse manner to the other Party its recommendations of the Board of Directors of such Party, after having consulted with and based upon the advice of counsel, determines in good faith that the failure to so withdraw, modify or change its recommendation could constitute a breach of the fiduciary duties of such Party's Board of Directors under applicable Law.

8.3 Other Offers, etc.

(a) Neither CBAC nor any TFC Entity shall, nor shall either Party authorize or permit any of their respective Affiliates or Representatives to, directly or indirectly (i) solicit, initiate, encourage or induce the making, submission or announcement of any Acquisition Proposal, (ii) participate in any discussions or negotiations regarding, or furnish to any Person or Group (as such term is defined in Section 13(d) under the Exchange Act) any nonpublic information with respect to, or take any other action to facilitate any inquiries or the making of any proposal that constitutes or may reasonably be expected to lead to, any Acquisition Proposal, (iii) subject to Section 8.3(c), approve, endorse or recommend any Acquisition Proposal, or (iv) enter into any definitive agreement contemplating or otherwise relating to any Acquisition Transaction; *provided, however*, that this Section 8.3 shall not prohibit either Party from furnishing nonpublic information regarding itself and in the case of TFC, any TFC Entity, to or entering into a confidentiality agreement or discussions or negotiations with, any Person or Group in response to a *bona fide* unsolicited written Acquisition Proposal submitted by such Person or Group (and not withdrawn) if (A) neither CBAC nor any TFC Entity or their respective Representatives or Affiliates, as applicable, shall have violated any of the restrictions set forth in this Section 8.3, (B) the Board of Directors of CBAC or TFC, as the case may be, in its good faith judgment (based on, among other things, the advice of CBAC Financial Advisor or TFC Financial Advisor, as applicable, that such Acquisition Proposal constitutes a Superior Proposal, (C) the Board of Directors of CBAC or TFC, as the case may be, concludes in good faith, after consultation with and receipt of a written opinion from its outside legal counsel, that the failure to take such action would be inconsistent with its fiduciary duties, as such duties would exist in the absence of this Section 8.3, to the stockholders of CBAC or TFC, as the case may be, under applicable Law, (D) (1) at least five business days prior to furnishing any such nonpublic information to, or entering into discussions or negotiations with, such Person or Group, the Party gives the other Party written notice of the identity of such Person

or Group and of such Party's intention to furnish nonpublic information to, or enter into discussions or negotiations with, such Person or Group, and (2) such Party receives from such Person or Group an executed confidentiality agreement containing terms no less favorable to the disclosing Party than the confidentiality terms of this Agreement, and (E) contemporaneously with furnishing any such nonpublic information to such Person or Group, such Party furnishes such nonpublic information to the other Party (to the extent such nonpublic information has not been previously furnished by such

Party). In addition to the foregoing, such Party shall provide the other Party with at least five business days prior written notice of a meeting of its Board of Directors at which meeting such Board of Directors is reasonably expected to resolve to recommend a Superior Proposal of CBAC or TFC, as the case may be, to its stockholders and together with such notice a copy of the most recently proposed documentation relating to such Superior Proposal; *provided, further*, that such Party hereby agrees promptly to provide to the other Party any revised documentation and any definitive agreement relating to such Superior Proposal.

(b) In addition to the obligations set forth in this Section 8.3, as promptly as practicable, after any of the directors or executive officers of CBAC or TFC, as the case may be, become aware thereof, the applicable Party shall advise the other Party of (x) any request received by it for nonpublic information which such Party reasonably believes could lead to an Acquisition Proposal or (y) any Acquisition Proposal, the material terms and conditions of such request or Acquisition Proposal, and the identity of the Person or Group making any such request or Acquisition Proposal. Each Party shall keep the other Party informed promptly of material amendments or modifications to any such request or Acquisition Proposal.

(c) CBAC and each TFC Entity shall, and shall cause their respective directors, officers, employees and Representatives to immediately cease any and all existing activities, discussions or negotiations with any Persons conducted heretofore with respect to any Acquisition Proposal and will use and cause to be used all reasonable efforts to enforce any confidentiality or similar or related agreement relating to any Acquisition Proposal.

(d) Nothing contained in this Agreement shall prevent a Party or its Board of Directors from complying with Rule 14d-9 and Rule 14e-2 under the Exchange Act with respect to an Acquisition Proposal; *provided that*, such Rules will in no way eliminate or modify the effect that any action pursuant to such Rules would otherwise have under this Agreement.

8.4 Consents of Regulatory Authorities.

The Parties hereto shall cooperate with each other and use their reasonable efforts to promptly prepare and file all necessary documentation and applications, to effect all applications, notices, petitions and filings, and to obtain as promptly as practicable all Consents of all Regulatory Authorities and other Persons which are necessary or advisable to consummate the transactions contemplated by this Agreement (including the Merger). Each of CBAC and TFC agrees to use all reasonable efforts to cause the necessary documentation and applications to be filed with the Regulatory Authorities within thirty (30) days of the date of this Agreement. The Parties agree that they will consult with each other with respect to the obtaining of all Consents of all Regulatory Authorities and other Persons necessary or advisable to consummate the transactions contemplated by this Agreement and each Party will keep the other apprised of the status of matters relating to contemplation of the transactions contemplated herein. Each Party also shall promptly advise the other upon receiving any communication from any Regulatory Authority or other Person whose Consent is required for consummation of the transactions contemplated by this Agreement which causes such Party to believe that there is a reasonable likelihood that any requisite Consent will not be obtained or that the receipt of any such Consent will be materially delayed.

8.5 Agreement as to Efforts to Consummate.

Subject to the terms and conditions of this Agreement, each Party agrees to use, and to cause its Subsidiaries to use, its reasonable efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper, or advisable under applicable Laws to consummate and make effective, as soon as reasonably practicable after the date of this Agreement, the transactions contemplated by this Agreement, including using its reasonable efforts to lift or rescind any Order adversely affecting its ability to consummate the transactions contemplated herein and to cause to be satisfied the conditions referred to in Article 9; *provided that*, nothing herein shall preclude either Party from

exercising its rights under this Agreement.

8.6 Investigation and Confidentiality.

(a) Prior to the Effective Time, each Party shall keep the other Party advised of all material developments relevant to its business and the consummation of the Merger and shall permit the other Party to make or cause to be made such investigation of its business and properties (including that of its Subsidiaries) and of their respective financial and legal conditions as the other Party reasonably requests; *provided that* such investigation shall be

A-35

reasonably related to the transactions contemplated hereby and shall not interfere unnecessarily with normal operations. No investigation by a Party shall affect the ability of such Party to rely on the representations and warranties of the other Party. Between the date hereof and the Effective Time, TFC shall permit CBAC's senior officers and independent public accountants to meet with the respective senior officers of TFC, including officers responsible for the TFC Financial Statements, the internal controls of TFC and the disclosure controls and procedures of TFC and TFC's independent public accountants to discuss such matters as CBAC may deem reasonably necessary or appropriate for CBAC to satisfy its obligations under Sections 302, 404 and 906 of the Sarbanes-Oxley Act. TFC shall permit the Chief Executive Officer of CBAC to attend meetings of TFC's Board of Directors or any committee thereof as an observer, except that the Chief Executive Officer of CBAC may not attend, unless otherwise permitted by TFC, any portion of such meeting during which this Agreement and the transactions contemplated hereby are discussed or where litigation involving TFC is being discussed and counsel for TFC has advised TFC that the presence of CBAC representatives may jeopardize the attorney/client privilege. TFC shall not be required to provide access to or to disclose information where such access or disclosure would violate or prejudice the rights of any customer, would contravene any law, rule, regulation, order or judgment, would violate any fiduciary obligations or duties of the officers or directors of TFC or would violate any confidentiality agreement; *provided that* TFC shall cooperate with CBAC in seeking to obtain Consents from appropriate parties under whose rights or authority access is otherwise restricted.

(b) In addition to each Party's obligations pursuant to Section 8.6(a), each Party shall, and shall cause its advisors and agents to, maintain the confidentiality of all confidential information furnished to it by the other Party concerning its and its Subsidiaries' businesses, operations, and financial positions and shall not use such information for any purpose except in furtherance of the transactions contemplated by this Agreement. If this Agreement is terminated prior to the Effective Time, each Party shall promptly return or certify the destruction of all documents and copies thereof, and all work papers containing confidential information received from the other Party.

(c) Each Party agrees to give the other Party notice as soon as practicable after any determination by it of any fact or occurrence relating to the other Party which it has discovered through the course of its investigation and which represents, or is reasonably likely to represent, either a material breach of any representation, warranty, covenant or agreement of the other Party or which has had or is reasonably likely to have a TFC Material Adverse Effect or a CBAC Material Adverse Effect, as applicable.

8.7 Press Releases.

(a) Prior to the Effective Time, CBAC and TFC shall consult with each other as to the form and substance of any press release, communication with their respective stockholders, or other public disclosure materially related to this Agreement or any other transaction contemplated hereby; *provided that* nothing in this Section 8.7 shall be deemed to prohibit any Party from making any disclosure which its counsel deems necessary or advisable in order to satisfy such Party's disclosure obligations imposed by Law.

(b) As soon as practicable following the execution of this Agreement, the Parties shall prepare and issue a joint press release announcing the Merger and date of the execution of this Agreement. Any such announcement shall be made following the closing of trading on the AMEX and the OTC Bulletin Board.

8.8 Charter Provisions.

Each TFC Entity shall take all necessary action to ensure that the entering into of this Agreement and the consummation of the Merger and the other transactions contemplated hereby do not and will not result in the grant of any rights to any Person under the Articles of Incorporation, Bylaws or other governing instruments of any TFC Entity or restrict or impair the ability of CBAC or any of its Subsidiaries to vote, or otherwise to exercise the rights of a

stockholder with respect to, shares of any TFC Entity that may be directly or indirectly acquired or controlled by them.

8.9 Employee Benefits and Contracts.

(a) Subject to Section 8.9(c) and for the 12 month period following the Effective Time, the Surviving Corporation shall maintain for the benefit of the officers and employees of the TFC Entities the TFC Benefit Plans

A-36

maintained by the TFC Entities immediately prior to the Effective Time; *provided that* the Surviving Corporation may amend or terminate any TFC Benefit Plan to comply with any Law or as necessary and appropriate for any business reason. For purposes of participation, vesting and benefit accrual (except not for purposes of benefit accrued with respect to any plan in which such credit would result in a duplication of benefits) under Surviving Corporation's employee benefit plans, whether new or existing, the service of the employees of the TFC Entities prior to the Effective Time shall be treated as service with the Surviving Corporation participating in such employee benefit plans.

(b) No provision of this Agreement constitutes or shall give rise to, or shall be deemed to constitute or give rise to, an employment agreement or employment-related right or entitlement, an employee benefit or employee benefit-related plan, program or other arrangement, a provision of any such plan, program or other arrangement, or an amendment of any such plan, program or other arrangement.

(c) Nothing in this Section 8.9 or any other provision of this Agreement shall prevent or limit or shall be interpreted as preventing or limiting the Surviving Corporation, from and after the Effective Time, from amending, modifying or terminating any TFC Benefit Plan or any other contracts, arrangements, commitments or plans of either Party.

(d) Simultaneously with the execution of this Agreement, each of TFC's directors and executive officers shall execute and deliver to CBAC a Support Agreement in the form attached to this Agreement as Exhibit C.

(e) Prior to the mailing of the Joint Proxy Statement, each of the members of the Board of Directors of the Surviving Corporation shall have executed and delivered to CBAC a Retention Agreement in the form attached hereto as Exhibit D.

(f) TFC has disclosed in Section 8.9(f) of the TFC Disclosure Memorandum each Person whom it reasonably believes may be deemed an affiliate of TFC for purposes of Rule 145 under the Securities Act, which Persons are set forth in Exhibit E. TFC shall use its reasonable efforts to cause each such Person to deliver to CBAC not later than 30 days prior to the Effective Time, a written agreement, in substantially the form of Exhibit F, providing that such Person will not sell, pledge, transfer, or otherwise dispose of the shares of TFC Common Stock held by such Person except as contemplated by such agreement or by this Agreement and will not sell, pledge, transfer or otherwise dispose of the shares of CBAC Common Stock to be received by such Person upon consummation of the Merger except in compliance with applicable provisions of the Securities Act and the rules and regulations thereunder. CBAC shall not be required to maintain the effectiveness of the Registration Statement under the Securities Act of the purposes of resale of CBAC Common Stock by such affiliates.

8.10 Indemnification.

(a) CBAC shall, and shall cause the Surviving Corporation to, indemnify, defend and hold harmless the present and former directors, officers, employees and agents of the TFC Entities (each, an Indemnified Party) against all Liabilities arising out of actions or omissions arising out of the Indemnified Party's service or services as directors, officers, employees or agents of TFC or, at TFC's request, of another corporation, partnership, joint venture, trust or other enterprise occurring at or prior to the Effective Time (including the transactions contemplated by this Agreement) to the fullest extent permitted under the VSCA, Section 402 of the Sarbanes-Oxley Act, the Securities Laws and Section 18(k) of the Federal Deposit Insurance Act and FDIC Regulations Part 359 promulgated thereunder and by TFC's Articles of Incorporation and Bylaws as in effect on the date hereof, including provisions relating to advances of expenses incurred in the defense of any Litigation and whether or not CBAC is insured against any such matter. Without limiting the foregoing, in any case in which approval by the Surviving Corporation is required to effectuate any indemnification, the Surviving Corporation shall direct, at the election of the Indemnified Party, that the determination of any such approval shall be made by independent counsel mutually agreed upon between CBAC and the Indemnified Party.

(b) CBAC shall, or shall cause the Surviving Corporation to, use its reasonable efforts (and TFC shall cooperate prior to the Effective Time in these efforts) to maintain in effect for a period of up to three years after the Effective Time TFC's existing directors' and officers' liability insurance policy (provided that CBAC or the Surviving Corporation may substitute therefore (i) policies of substantially the same coverage and amounts containing terms and conditions which are substantially no less advantageous or (ii) with the consent of TFC given

A-37

prior to the Effective Time, any other policy) with respect to claims arising from facts or events which occurred prior to the Effective Time and covering persons who are currently covered by such insurance; *provided that* none of TFC, CBAC nor the Surviving Corporation shall be obligated to make aggregate premium payments longer than three years in respect of such policy (or coverage replacing such policy) and which exceed, for the portion related to TFC's directors and officers, 200% of the annual premium payments on TFC's current policy in effect as of the date of this Agreement (the Maximum Amount). If the amount of the premiums necessary to maintain or procure such insurance coverage exceeds the Maximum Amount, CBAC or the Surviving Corporation shall use its reasonable efforts to maintain the most advantageous policies of directors' and officers' liability insurance obtainable for a premium equal to the Maximum Amount, but shall not be obligated to maintain any insurance coverage to the extent the cost of such coverage exceeds the Maximum Amount.

(c) Any Indemnified Party wishing to claim indemnification under paragraph (a) of this Section 8.10, upon learning of any such Liability or Litigation, shall promptly notify CBAC thereof in writing. In the event of any such Litigation (whether arising before or after the Effective Time), (i) CBAC or the Surviving Corporation shall have the right to assume the defense thereof and neither CBAC nor the Surviving Corporation shall be liable to such Indemnified Parties for any legal expenses of other counsel or any other expenses subsequently incurred by such Indemnified Parties in connection with the defense thereof, except that if CBAC or the Surviving Corporation elects not to assume such defense or counsel for the Indemnified Parties advises that there are substantive issues which raise conflicts of interest between CBAC or the Surviving Corporation and the Indemnified Parties, the Indemnified Parties may retain counsel satisfactory to them, and CBAC or the Surviving Corporation shall pay all reasonable fees and expenses of such counsel for the Indemnified Parties promptly as statements therefore are received; *provided that* CBAC and the Surviving Corporation shall be obligated pursuant to this paragraph (c) to pay for only one firm of counsel for all Indemnified Parties in any jurisdiction; (ii) the Indemnified Parties will cooperate in good faith in the defense of any such Litigation; and (iii) neither CBAC nor the Surviving Corporation shall be liable for any settlement effected without its prior written consent and which does not provide for a complete and irrevocable release of all CBAC's Entities and their respective directors, officers and controlling persons, employees, agents and Representatives; and *provided, further*, that neither CBAC nor the Surviving Corporation shall have any obligation hereunder to any Indemnified Party when and if a court of competent jurisdiction shall determine, and such determination shall have become final, that the indemnification of such Indemnified Party in the manner contemplated hereby is prohibited by applicable Law.

(d) If CBAC or the Surviving Corporation or any successors or assigns shall consolidate with or merge into any other Person and shall not be the continuing or surviving Person of such consolidation or merger or shall transfer all or substantially all of its assets to any Person, then and in each case, proper provision shall be made so that the successors and assigns of CBAC or the Surviving Corporation shall assume the obligations set forth in this Section 8.10.

(e) The provisions of this Section 8.10 are intended to be for the benefit of and shall be enforceable by, each Indemnified Party and their respective heirs and legal and personal representatives.

8.11 Employee Non-Solicitation.

In the event this Agreement is terminated, for a period of three years following such termination CBAC shall not solicit (other than through the use of general employment advertising or an independent employment agency or search firm, in either case where such solicitation is not specifically targeted at TFC's employees) any part-time or full-time employee of TFC without the prior written consent of TFC.

8.12 Net Operating Losses.

The Parties agree to use their reasonable efforts to ensure that the Surviving Corporation may use TFC's net operating losses, as defined in the Code.

A-38

ARTICLE 9

CONDITIONS PRECEDENT TO OBLIGATIONS TO CONSUMMATE

9.1 Conditions to Obligations of Each Party.

The respective obligations of each Party to perform this Agreement and consummate the Merger and the other transactions contemplated hereby are subject to the satisfaction of the following conditions, unless waived by both Parties pursuant to Section 11.6:

(a) Stockholder Approvals. The holders of at least a majority of the outstanding shares of TFC Common Stock shall have approved this Agreement, and the consummation of the transactions contemplated hereby, including the Merger, as and to the extent required by Law and by the provisions of TFC's Articles of Incorporation and Bylaws. The holders of a majority of the outstanding CBAC IPO Common Stock cast at the CBAC Stockholders Meeting shall have voted for, and the holders of less than 20% of the outstanding shares of CBAC IPO Common Stock cast at the CBAC Stockholders Meeting against, approval of this Agreement, and the consummation of the transaction contemplated hereby, including the Merger and the amendments to CBAC's Certificate of Incorporation set forth in Exhibit A hereto as and to the extent required by Law and the provisions of CBAC's Certificate of Incorporation and Bylaws.

(b) Regulatory Approvals. All Consents of, filings and registrations with, and notifications to, all Regulatory Authorities required for consummation of the Merger shall have been obtained or made and shall be in full force and effect and all waiting periods required by Law shall have expired. All directors shall hold office until the expiration of their respective terms of office and until their successors shall have been elected and qualified. D. In addition to the powers and authorities hereinbefore or by statute expressly conferred upon them, the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation; subject, nevertheless, to the provisions of the laws of Delaware, of this Certificate of Incorporation, and to any by-laws from time to time made by the stockholders; provided, however, that no by-law so made shall invalidate any prior act of the directors which would have been valid if such by-law had not been made.

holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

THIRTEENTH. The Corporation reserves the right to amend, alter, change or repeal any provision contained in this certificate of incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred upon stockholders herein are granted subject to this reservation.

FOURTEENTH. The Corporation hereby elects not to be governed by Section 203 of the Delaware General Corporation Law.

VIRGINIA STOCK CORPORATION ACT

§ 13.1-729 § 13.1-741

§ 13.1-729. Definitions.

In this article:

Affiliate means a person who directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with another person or is a senior executive officer thereof.

Beneficial shareholder means a person who is the beneficial owner of shares held in a voting trust or by a nominee on the beneficial owner's behalf.

Fair value means the value of the corporation's shares determined:

- a. Immediately before the effectuation of the corporate action to which the shareholder objects;

Interest means interest from the effective date of the corporate action until the date of payment, at the average rate currently paid by the corporation on its principal bank loans or, if none, at a rate that is fair and equitable under all the circumstances.

Interested transaction means a corporate action described in subsection A of § 13.1-730, other than a merger pursuant to § 13.1-719 or 13.1-719.1, involving an interested person in which any of the shares or assets of the corporation are being acquired or converted. As used in this definition:

When two or more persons agree to act together for the purpose of voting their shares of the corporation, each member of the group formed thereby is deemed to have acquired beneficial ownership, as of the date of the agreement, of all voting shares of the corporation beneficially owned by any member of the group.

2. **Interested person** means a person, or an affiliate of a person, who at any time during the one-year period immediately preceding approval by the board of directors of the corporate action:

2. Consummation of a share exchange to which the corporation is a party as the corporation whose shares will be acquired if the shareholder is entitled to vote on the exchange, except that appraisal rights shall not be available to any shareholder of the corporation with respect to any class or series of shares of the corporation that is not exchanged;

3. Consummation of a disposition of assets pursuant to § 13.1-724 if the shareholder is entitled to vote on the disposition;

4. An amendment of the articles of incorporation with respect to a class or series of shares that reduces the number of shares of a class or series owned by the shareholder to a fraction of a share if the corporation has the obligation or right to repurchase the fractional share so created; or

5. Any other amendment to the articles of incorporation, merger, share exchange or disposition of assets to the extent provided by the articles of incorporation, bylaws or a resolution of the board of directors.

C-2

B. Notwithstanding subsection A, the availability of appraisal rights under subdivisions A 1 through A 4 shall be limited in accordance with the following provisions:

1. Appraisal rights shall not be available for the holders of shares of any class or series of shares that is:

a. A covered security under § 18(b)(1)(A) or (B) of the federal Securities Act of 1933, as amended;

b. Traded in an organized market and has at least 2,000 shareholders and a market value of at least \$20 million, exclusive of the value of such shares held by the corporation's subsidiaries, senior executives, directors and beneficial shareholders owning more than 10 percent of such shares; or

a. The record date fixed to determine the shareholders entitled to receive notice of, and to vote at, the meeting of shareholders to act upon the corporate action requiring appraisal rights; or

b. The day before the effective date of such corporate action if there is no meeting of shareholders.

3. Subdivision 1 of this subsection shall not be applicable and appraisal rights shall be available pursuant to subsection A for the holders of any class or series of shares who are required by the terms of the corporate action requiring appraisal rights to accept for such shares anything other than cash or shares of any class or any series of shares of any corporation, or any other proprietary interest of any other entity, that satisfies the standards set forth in subdivision 1 of this subsection at the time the corporate action becomes effective.

4. Subdivision 1 of this subsection shall not be applicable and appraisal rights shall be available pursuant to subsection A for the holders of any class or series of shares where the corporate action is an interested transaction.

C. Notwithstanding any other provision of this section, the articles of incorporation as originally filed or any amendment thereto may limit or eliminate appraisal rights for any class or series of preferred shares, but any such limitation or elimination contained in an amendment to the articles of incorporation that limits or eliminates appraisal rights for any of such shares that are outstanding immediately prior to the effective date of such amendment or that the corporation is or may be required to issue or sell thereafter pursuant to any conversion, exchange or other right existing immediately before the effective date of such amendment shall not apply to any corporate action that becomes effective within one year of that date if such action would otherwise afford appraisal rights.

A. A record shareholder may assert appraisal rights as to fewer than all the shares registered in the record shareholder's name but owned by a beneficial shareholder only if the record shareholder objects with respect to all shares of the class or series owned by the beneficial shareholder and notifies the corporation in writing of the name and address of each beneficial shareholder on whose behalf appraisal rights are being asserted. The rights of a record shareholder who asserts appraisal rights for only part of the shares held of record in the record shareholder's name under this subsection shall be determined as if the shares as to which the record shareholder objects and the record shareholder's

other shares were registered in the names of different record shareholders.

B. A beneficial shareholder may assert appraisal rights as to shares of any class or series held on behalf of the shareholder only if such shareholder:

§ 13.1-732. Notice of appraisal rights.

A. Where any corporate action specified in subsection A of § 13.1-730 is to be submitted to a vote at a shareholders meeting, the meeting notice shall state that the corporation has concluded that shareholders are, are not or may be entitled to assert appraisal rights under this article.

If the corporation concludes that appraisal rights are or may be available, a copy of this article and a statement of the corporation's position as to the availability of appraisal rights shall accompany the meeting notice sent to those record shareholders entitled to exercise appraisal rights.

B. In a merger pursuant to § 13.1-719, the parent corporation shall notify in writing all record shareholders of the subsidiary who are entitled to assert appraisal rights that the corporate action became effective. 2. The latest available quarterly financial statements of such corporation, if any.

E. The right to receive the information described in subsection D may be waived in writing by a shareholder before or after the corporate action.

§ 13.1-734. Appraisal notice and form.

A. If proposed corporate action requiring appraisal rights under § 13.1-730 becomes effective, the corporation shall deliver a written appraisal notice and form required by subdivision B 1 to all shareholders who satisfied the requirements of § 13.1-733. In the case of a merger under § 13.1-719, the parent corporation shall deliver a written appraisal notice and form to all record shareholders who may be entitled to assert appraisal rights.

§ 13.1-735.1. Perfection of rights; right to withdraw.

A. A shareholder who receives notice pursuant to § 13.1-734 and who wishes to exercise appraisal rights must complete, sign, and return the form sent by the corporation and, in the case of certificated shares, deposit the

C-5

shareholder's certificates in accordance with the terms of the notice by the date referred to in the notice pursuant to subdivision B 2 b of § 13.1-734. If the form requires the shareholder to certify whether the beneficial owner of such shares acquired beneficial ownership of the shares before the date required to be set forth in the notice pursuant to subdivision B 1 of § 13.1-734, and the shareholder fails to make the certification, the corporation may elect to treat the shareholder's shares as after-acquired shares under § 13.1-738. Once a shareholder deposits that shareholder's certificates or, in the case of uncertificated shares, returns the signed form, that shareholder loses all rights as a shareholder, unless the shareholder withdraws pursuant to subsection B.

B. A shareholder who has complied with subsection A may nevertheless decline to exercise appraisal rights and withdraw from the appraisal process by so notifying the corporation in writing by the date set forth in the appraisal notice pursuant to subdivision B 2 e of § 13.1-734. A shareholder who fails to withdraw from the appraisal process may not thereafter withdraw without the corporation's written consent.

C. A shareholder who does not sign and return the form and, in the case of certificated shares, deposit that shareholder's share certificates where required, each by the date set forth in the notice described in subsection B of § 13.1-734, shall not be entitled to payment under this article.

(2005, c. 765; 2007, c. 165.)

§ 13.1-736.

Repealed by Acts 2005, c. 765, cl. 2.

§ 13.1-737. Payment.

A. Except as provided in § 13.1-738, within 30 days after the form required by subsection B 2 b of § 13.1-734 is due, the corporation shall pay in cash to those shareholders who complied with subsection A of § 13.1-735.1 the amount the corporation estimates to be the fair value of their shares plus interest.

B. The payment to each shareholder pursuant to subsection A shall be accompanied by:

1. The (i) annual financial statements specified in subsection A of § 13.1-774 of the corporation that issued the shares to be appraised, which shall be as of a date ending not more than 16 months before the date of payment and shall comply with subsection B of § 13.1-774; provided that, if such annual financial statements are not available, the corporation shall provide reasonably equivalent information, and (ii) the latest available quarterly financial statements of such corporation, if any;
2. A statement of the corporation's estimate of the fair value of the shares, which estimate shall equal or exceed the corporation's estimate given pursuant to subdivision B 2 c of § 13.1-734; and
3. A statement that shareholders described in subsection A have the right to demand further payment under § 13.1-739 and that if any such shareholder does not do so within the time period specified therein, such shareholder shall be deemed to have accepted such payment in full satisfaction of the corporation's obligations under this article.

(Code 1950, §§ 13-85, 13.1-75, 13.1-78; 1956, c. 428; 1968, c. 733; 1972, c. 425; 1975, c. 500; 1984, c. 613; 1985, c. 522; 2005, c. 765; 2007, c. 165.)

§ 13.1-738. After-acquired shares.

Edgar Filing: Community Bankers Acquisition Corp. - Form S-4

A. A corporation may elect to withhold payment required by § 13.1-737 from any shareholder who was required to, but did not certify that beneficial ownership of all of the shareholder's shares for which appraisal rights are asserted was acquired before the date set forth in the appraisal notice sent pursuant to subdivision B 1 of § 13.1-734.

B. If the corporation elected to withhold payment under subsection A, it shall, within 30 days after the form required by subdivision B 2 b of § 13.1-734 is due, notify all shareholders who are described in subsection A:

1. Of the information required by subdivision B 1 of § 13.1-737;

C-6

C. Within 10 days after receiving a shareholder's acceptance pursuant to subsection B, the corporation shall pay in cash the amount it offered under subdivision B 2 to each shareholder who agreed to accept the corporation's offer in full satisfaction of the shareholder's demand.

D. Within 40 days after sending the notice described in subsection B, the corporation shall pay in cash the amount it offered to pay under subdivision B 2 to each shareholder described in subdivision B 5.

(1985, c. 522; 2005, c. 765; 2007, c. 165.)

§ 13.1-739. Procedure if shareholder dissatisfied with payment or offer.

A. A shareholder paid pursuant to § 13.1-737 who is dissatisfied with the amount of the payment must notify the corporation in writing of that shareholder's stated estimate of the fair value of the shares and demand payment of that estimate plus interest (less any payment under § 13.1-737). A shareholder offered payment under § 13.1-738 who is dissatisfied with that offer must reject the offer and demand payment of the shareholder's estimate of the fair value of the shares plus interest.

B. A shareholder who fails to notify the corporation in writing of that shareholder's demand to be paid the shareholder's stated estimate of the fair value plus interest under subsection A within 30 days after receiving the corporation's payment or offer of payment under § 13.1-737 or 13.1-738, respectively, waives the right to demand payment under this section and shall be entitled only to the payment made or offered pursuant to those respective sections.

(Code 1950, §§ 13-85, 13.1-75, 13.1-78; 1956, c. 428; 1968, c. 733; 1972, c. 425; 1975, c. 500; 1984, c. 613; 1985, c. 522; 2005, c. 765.)

§ 13.1-740. Court action.

A. If a shareholder makes a demand for payment under § 13.1-739 that remains unsettled, the corporation shall commence a proceeding within 60 days after receiving the payment demand and petition the court to determine the fair value of the shares and accrued interest. If the corporation does not commence the proceeding within the 60-day period, it shall pay in cash to each shareholder the amount the shareholder demanded pursuant to § 13.1-737 plus interest.

B. The corporation shall commence the proceeding in the circuit court of the city or county where the corporation's principal office, or, if none in the Commonwealth, where its registered office, is located. If the corporation is a foreign corporation without a registered office in the Commonwealth, it shall commence the proceeding in the circuit court of the city or county in the Commonwealth where the principal office, or, if none in the Commonwealth, where the

registered office of the domestic corporation merged with the foreign corporation was located at the time the transaction became effective.

C. The corporation shall make all shareholders, whether or not residents of the Commonwealth, whose demands remain unsettled parties to the proceeding as in an action against their shares, and all parties shall be served with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as provided by law.

C-7

D. The corporation may join as a party to the proceeding any shareholder who claims to have demanded an appraisal but who has not, in the opinion of the corporation, complied with the provisions of this article. If the court determines that a shareholder has not complied with the provisions of this article, that shareholder shall be dismissed as a party.

E. The jurisdiction of the court in which the proceeding is commenced under subsection B is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers shall have the powers described in the order appointing them, or in any amendment to it. The shareholders demanding appraisal are entitled to the same discovery rights as parties in other civil proceedings. There shall be no right to a jury trial.

F. Each shareholder made a party to the proceeding is entitled to judgment (i) for the amount, if any, by which the court finds the fair value of the shareholder's shares plus interest exceeds the amount paid by the corporation to the shareholder for such shares or (ii) for the fair value plus interest of the shareholder's shares for which the corporation elected to withhold payment under § 13.1-738.

(Code 1950, §§ 13-85, 13.1-75, 13.1-78; 1956, c. 428; 1968, c. 733; 1972, c. 425; 1975, c. 500; 1984, c. 613; 1985, c. 522; 2005, c. 765.)

§ 13.1-741. Court costs and counsel fees.

A. The court in an appraisal proceeding commenced under § 13.1-740 shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court shall assess the costs against the corporation, except that the court may assess costs against all or some of the shareholders demanding appraisal, in amounts the court finds equitable, to the extent the court finds such shareholders acted arbitrarily, vexatiously or not in good faith with respect to the rights provided by this article.

B. The court in an appraisal proceeding may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable:

1. Against the corporation and in favor of any or all shareholders demanding appraisal if the court finds the corporation did not substantially comply with the requirements of § 13.1-732, 13.1-734, 13.1-737 or 13.1-738; or
2. Against either the corporation or a shareholder demanding appraisal, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously or not in good faith with respect to the rights provided by this article.

C. If the court in an appraisal proceeding finds that the services of counsel for any shareholder were of substantial benefit to other shareholders similarly situated, and that the fees for those services should not be assessed against the corporation, the court may award to such counsel reasonable fees to be paid out of the amounts awarded the shareholders who were benefited.

D. To the extent the corporation fails to make a required payment pursuant to § 13.1-737, 13.1-738 or 13.1-739, the shareholder may sue directly for the amount owed and, to the extent successful, shall be entitled to recover from the corporation all costs and expenses of the suit, including counsel fees.

(Code 1950, §§ 13-85, 13.1-75, 13.1-78; 1956, c. 428; 1968, c. 733; 1972, c. 425; 1975, c. 500; 1984, c. 613; 1985, c. 522; 2005, c. 765.)

§ 13.1-741.1. Limitations on other remedies for fundamental transactions.

A. Except as provided in subsection B, the legality of a proposed or completed corporate action described in subsection A of § 13.1-730 may not be contested, nor may the corporate action be enjoined, set aside or rescinded, in a legal or equitable proceeding by a shareholder after the shareholders have approved the corporate action.

C-8

B. Subsection A does not apply to a corporate action that:

1. Was not authorized and approved in accordance with the applicable provisions of:

a. Article 11 (§ 13.1-705 et seq.), Article 12 (§ 13.1-715.1 et seq.), or Article 13 (§ 13.1-723 et seq.);

b. The articles of incorporation or bylaws; or

c. The resolutions of the board of directors authorizing the corporate action;

2. Was procured as a result of fraud, a material misrepresentation, or an omission of a material fact necessary to make statements made, in light of the circumstances in which they were made, not misleading;

3. Is an interested transaction, unless it has been authorized, approved or ratified by the board of directors in the same manner as is provided in subsection B of § 13.1-691 and has been authorized, approved or ratified by the shareholders in the same manner as is provided in subsection C of § 13.1-691 as if the interested transaction were a director's conflict of interests transaction; or

4. Is approved by less than unanimous consent of the voting shareholders pursuant to § 13.1-657 if:

a. The challenge to the corporate action is brought by a shareholder who did not consent and as to whom notice of the approval of the corporate action was not effective at least 15 days before the corporate action was effected; and

b. The proceeding challenging the corporate action is commenced within 10 days after notice of the approval of the corporate action is effective as to the shareholder bringing the proceeding.

Members of the Board:

You have requested our opinion as investment bankers as to the fairness, from a financial point of view, to Community Bankers Acquisition Corporation (CBAC) of the Merger Consideration, as defined below, in the proposed merger (the Merger) of TransCommunity Financial Corporation (TransCommunity) with and into CBAC, pursuant to the Agreement and Plan of Merger, dated as of September 5, 2007 between CBAC and TransCommunity (the Agreement). Merger Consideration hereinafter means the number of whole shares of CBAC common stock plus cash in lieu of any fractional share interest, into which shares of TransCommunity common stock shall be converted, as set forth in Article III in of the Agreement. The terms and conditions of the Merger are more fully set forth in the Agreement.

Keefe, Bruyette & Woods, Inc., as part of its investment banking business, is continually engaged in the valuation of bank and bank holding company securities in connection with acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for various other purposes. As specialists in the securities of banking companies, we have experience in, and knowledge of, the valuation of the banking enterprises. In the ordinary course of our business as a broker-dealer, we may, from time to time, purchase securities from, and sell securities to, TransCommunity and CBAC, and as a market maker in securities, we may from time to time have a long or short position in, and buy or sell, debt or equity securities of TransCommunity and CBAC for our own account and for the accounts of our customers. To the extent we have any such positions as of the date of this opinion it has been disclosed to CBAC. We have acted exclusively for the Board of Directors of CBAC in rendering this fairness opinion and will receive a fee from CBAC for our services.

In connection with this opinion, we have reviewed, analyzed and relied upon material bearing upon the financial and operating condition of TransCommunity and CBAC and the Merger, including among other things, the following: (i) the Agreement; (ii) the Annual report to Stockholders and Annual Report on Form 10-K for the three years ended December 31, 2006 of TransCommunity and the Annual report to Stockholders and Annual Report on Form 10-K for the fiscal period of April 5, 2005 to March 31, 2007 of CBAC; (iii) certain interim reports to stockholders and Quarterly Reports on Form 10-Q of TransCommunity and CBAC and certain other communications from TransCommunity and CBAC to their respective stockholders; and (iv) other financial information concerning the businesses and operations of TransCommunity and CBAC furnished to us by TransCommunity and CBAC for purposes of our analysis. We have also held discussions with senior management of TransCommunity and CBAC regarding the past and current business operations, regulatory relations, financial condition and future prospects of their respective companies and such other matters as we have deemed relevant to our inquiry. In addition, we have compared certain financial and stock market information for TransCommunity with similar information for certain other companies the securities of which are publicly traded, reviewed the financial terms of certain recent business combinations in the banking industry and performed such other studies and analyses as we considered appropriate.

In conducting our review and arriving at our opinion, we have relied upon the accuracy and completeness of all of the financial and other information provided to us or publicly available and we have not assumed any

responsibility for independently verifying the accuracy or completeness of any such information. We have relied upon the management of TransCommunity and CBAC as to the reasonableness and achievability of the financial and operating forecasts and projections (and the assumptions and bases therefore) provided to us, and we have assumed that such forecasts and projections reflect the best currently available estimates and judgments of such managements and that such forecasts and projections will be realized in the amounts and in the time periods currently estimated by such managements. Our opinion does not address the relative merits of the Merger as compared to any alternative business strategies that might exist for CBAC, nor does it address the effect of any other business combination in which CBAC might engage. We are not experts in the independent verification of the adequacy of allowances for loan and lease losses and we have assumed that the aggregate allowances for loan and lease losses for TransCommunity are adequate to cover such losses. In rendering our opinion, we have not made or obtained any evaluations or appraisals of the property of TransCommunity and CBAC, nor have we examined any individual credit files.

We have assumed that, in all respects material to our analyses, the following: (i) the Merger will be completed substantially in accordance with the terms set forth in the Agreement; (ii) the representations and warranties of each party in the Agreement and in all related documents and instruments referred to in the Agreement are true and correct; (iii) each party to the Agreement and all related documents will perform all of the covenants and agreements required to be performed by such party under such documents; (iv) all conditions to the completion of the Merger will be satisfied without any waivers; and (v) in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the Merger, no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, will be imposed that will have a material adverse effect on the future results of operations or financial condition of the combined entity or the contemplated benefits of the Merger, including the cost savings, revenue enhancements and related expenses expected to result from the Merger.

We have considered such financial and other factors as we have deemed appropriate under the circumstances, including, among others, the following: (i) the historical and current financial position and results of operations of TransCommunity and CBAC; (ii) the assets and liabilities of TransCommunity and CBAC; and (iii) the nature and terms of certain other merger transactions involving banks and bank holding companies. We have also taken into account our assessment of general economic, market and financial conditions and our experience in other similar transactions, as well as our experience in securities valuation and knowledge of the banking industry generally. Our opinion is necessarily based upon conditions as they exist and can be evaluated on the date hereof and the information made available to us through the date hereof.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration is fair, from a financial point of view, to CBAC.

Very truly yours,

Keefe, Bruyette & Woods, Inc.

APPENDIX E

Board of Directors
TransCommunity Financial Corporation
4235 Innslake Drive
Suite 200
Glen Allen, VA 23060

Ladies and Gentlemen:

TransCommunity Financial Corporation (TransCommunity) and Community Bankers Acquisition Corp. (CBAC) have entered into an Agreement and Plan of Merger, dated as of September 6, 2007 (the Agreement), pursuant to which TransCommunity will merge with and into CBAC, with CBAC as the surviving entity (the Merger). Under the terms of the Agreement, upon consummation of the Merger, each share of TransCommunity common stock, issued and outstanding immediately prior to the Merger (the TransCommunity Common Stock), other than certain shares specified in the Agreement, will be converted into and exchanged for the right to receive 1.4200 shares of CBAC Common Stock (the Merger Consideration), subject to possible adjustment as specified in the Agreement, which provides, generally, if after the Determination Date, the Average Closing Price of CBAC common stock is less than \$7.42, CBAC will increase the Exchange Ratio to a number equal to the quotient obtained by dividing (i) \$10.5364 by (ii) the Average Closing Price. The terms of the Merger are more fully described in the Agreement. Capitalized terms used herein without definition shall have the meanings given to such terms in the Agreement. You have requested our opinion to the fairness of the Merger Consideration to the holders of TransCommunity Common Stock from a financial point of view, including the effects of CBAC's announced transaction with BOE Financial Services of Virginia (the BOE Transaction) on the combined entity.

Sandler O'Neill & Partners, L.P., as part of its investment banking business, is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. In connection with this opinion, we have reviewed, among other things: (i) the Agreement; (ii) certain publicly available financial statements and other historical financial information of TransCommunity that we deemed relevant; (iii) certain publicly available financial statements and other historical financial information of CBAC that we deemed relevant; (iv) an internal financial statements for TransCommunity for the year ending December 31, 2007 prepared by and reviewed with management of TransCommunity and management guidance on growth and performance for the years thereafter; (v) the pro forma financial impact of the Merger on CBAC based on assumptions relating to transaction expenses, purchase accounting adjustments and cost savings determined by the senior managements of TransCommunity and CBAC; (vi) the financial impact of BOE Transaction on the combined entities as discussed with the senior management of CBAC; (vii) the publicly reported historical price and trading activity for TransCommunity's and CBAC's respective common stock, including a comparison of certain financial and stock market information for TransCommunity and CBAC's with similar publicly available information for certain other companies the securities of which are publicly traded; (viii) the financial terms of certain recent business combinations in the commercial banking industry, to the extent publicly available; (ix) the current market environment generally and the banking environment in particular; and (x) such other information, financial studies, analyses and investigations and financial, economic and market criteria as we considered relevant. We also discussed with certain members of senior management of TransCommunity the business, financial condition, results of operations and prospects of TransCommunity.

In performing our review, we have relied upon the accuracy and completeness of all of the financial and other information that was available to us from public sources, that was provided to us by TransCommunity or its

respective representatives, including any information related to the CBOE Transaction or that was otherwise reviewed by us and have assumed such accuracy and completeness for purposes of rendering this opinion. We have further relied on the assurances of the management of TransCommunity that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading. We have not been asked to and have not undertaken an independent verification of any of such information and we do not assume any responsibility or liability for the accuracy or completeness thereof. We did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of TransCommunity and CBAC or any of their respective subsidiaries, or the collectibility of any such assets, nor have we been furnished with any such evaluations or appraisals. We did not make an independent evaluation of the adequacy of the allowance for loan losses of TransCommunity nor have we reviewed any individual credit files relating to TransCommunity. We have assumed, with your consent, that the allowance for loan losses for TransCommunity are adequate to cover such losses and will be adequate on a pro forma basis for the combined entity.

With respect to the internal financial statements and management guidance for TransCommunity and the projections of transaction costs, purchase accounting adjustments and expected cost savings prepared by and/or reviewed with the managements of TransCommunity and CBAC, including those related to the BOE Transaction and used by Sandler O'Neill in its analyses, TransCommunity's and CBAC's management confirmed to us that they reflected the best currently available estimates and judgments of management of the future financial performance of TransCommunity and CBAC and we assumed that such performance would be achieved. We express no opinion as to the financial statements we received or the guidance provided by management and estimates or the assumptions on which they are based. We have also assumed that there has been no material change in TransCommunity's and CBAC's assets, financial condition, results of operations, business or prospects since the date of the most recent financial statements made available to us. We have assumed in all respects material to our analysis that TransCommunity would remain as a going concern for all periods relevant to our analyses, that all of the representations and warranties contained in the Agreement and all related agreements are true and correct, that each party to the agreements will perform all of the covenants required to be performed by such party under the agreements, that the conditions precedent in the agreements are not waived and that the Merger will qualify as a tax-free reorganization for federal income tax purposes. Finally, with your consent, we have relied upon the advice TransCommunity has received from its legal, accounting and tax advisors as to all legal, accounting and tax matters relating to the Merger and the other transactions contemplated by the Agreement.

Our opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof could materially affect this opinion. We have not undertaken to update, revise, reaffirm or withdraw this opinion or otherwise comment upon events occurring after the date hereof. We are expressing no opinion herein as to what the value of CBAC's common stock will be when issued to TransCommunity's shareholders pursuant to the Agreement or the prices at which TransCommunity's and CBAC's common stock may trade at any time.

We have acted as TransCommunity's financial advisor in connection with the Merger and will receive a fee for our services, a substantial portion of which is contingent upon consummation of the Merger. We will also receive a fee for rendering this opinion. TransCommunity has also agreed to indemnify us against certain liabilities arising out of our engagement. We express no opinion as to the financial terms and other conditions of the BOE Transaction except as they relate to the Merger.

In the ordinary course of our business as a broker-dealer, we may purchase securities from and sell securities to TransCommunity and CBAC, BOE and their affiliates. We may also actively trade the equity or debt securities of TransCommunity and CBAC, BOE or their affiliates for our own account and for the accounts of our customers and, accordingly, may at any time hold a long or short position in such securities.

Our opinion is directed to the Board of Directors of TransCommunity in connection with its consideration of the Merger and does not constitute a recommendation to any shareholder of TransCommunity as to how such shareholder should vote at any meeting of shareholders called to consider and vote upon the Merger or the form of consideration such shareholder should elect in the Merger. Our opinion is directed only to the fairness, from a financial point of view, of the Merger Consideration to holders of TransCommunity Common Stock and does not address the underlying business decision of TransCommunity to engage in the Merger, the relative merits of the

Merger as compared to any other alternative business strategies that might exist for TransCommunity or the effect of any other transaction in which TransCommunity might engage. We were instructed by the Board not to seek out alternative potential bidders for TransCommunity and we did not participate in any negotiations regarding the terms of the Agreement. Our opinion is not to be quoted or referred to, in whole or in part, in a registration statement, prospectus, proxy statement or in any other document, nor shall this opinion be used for any other purposes, without Sandler O'Neill's prior written consent.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration is fair to the holders of TransCommunity Common Stock from a financial point of view, including the effects of CBAC's transaction with BOE Financial Services of Virginia (the BOE Transaction) on the combined entities.

Very truly yours,

/s/ Sandler O'Neill & Partners, L.P.

This Agreement provides for the merger of BOE with and into CBAC (the Merger). At the effective time of the Merger, the outstanding shares of the capital stock of BOE shall be converted into the right to receive shares of the common stock of CBAC (as provided herein and subject to certain terms and conditions). As a result, stockholders of BOE shall become stockholders of CBAC. The transactions described in this Agreement are subject to the approvals of the stockholders of CBAC and BOE, the Board of Governors of the Federal Reserve System and the Virginia State Corporation Commission's Bureau of Financial Institutions, as well as to the satisfaction of certain other conditions described in this Agreement. It is the intention of the parties to this Agreement that the Merger for federal income tax purposes shall qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986.

The headquarters of the Bank prior to the Effective Time will remain as the headquarters of the Bank following the Merger from and after the Effective Time in accordance with the Bank's bylaws. The headquarters of the Surviving Corporation will be located in Glen Allen, Virginia.

Prior to the effectiveness and delivery of this Agreement, CBAC has received the written consent of TransCommunity Financial Corporation (TFC) to enter into this Agreement as required pursuant to Section 7.3 of the Agreement and Plan of Merger, dated as of September 5, 2007 (the TFC Agreement), by and between CBAC and TCF, and there have been no changes, modifications or amendments to the TFC Merger Agreement except as previously disclosed to BOE since the execution of the TFC Merger Agreement.

Certain capitalized terms used in this Agreement are defined in Section 11.1 of this Agreement.

NOW, THEREFORE, in consideration of the above and the mutual warranties, representations, covenants, and agreements set forth herein, and other good and valuable consideration and the receipt and sufficiency of which are acknowledged, the Parties, intending to be legally bound, agree as follows:

ARTICLE 1

TRANSACTIONS AND TERMS OF MERGER

1.1 Merger.

Subject to the terms and conditions of this Agreement, at the Effective Time, BOE shall be merged with and into CBAC pursuant to Section 252 of the DGCL and Section 13.1-716 of the VSCA, and with the effect provided in Section 259 of the DGCL and Section 13.1-721 of the VSCA, CBAC shall be the Surviving Corporation resulting from the Merger and shall continue to be governed by the Laws of the State of Delaware and the Bank shall become a wholly-owned subsidiary of CBAC. The Merger shall be consummated pursuant to the terms of this Agreement, which has been approved and adopted by the respective Boards of Directors of BOE and CBAC.

1.2 Time and Place of Closing.

1.4 Restructure of Transaction.

CBAC shall have the right to revise the structure of the Merger contemplated by this Agreement by merging BOE with a wholly-owned subsidiary of CBAC; *provided, that* no such revision to the structure of the Merger (i) shall result in any changes in the amount or type of the consideration which the holders of shares of BOE Common Stock or BOE Rights are entitled to receive under this Agreement, (ii) would unreasonably impede or delay consummation of the Merger, or (iii) shall impose any less favorable terms or conditions on the Bank or BOE; *further provided, however,* no such revision shall be effective without the prior written consent of BOE. CBAC may request such consent by giving written notice to BOE in the manner provided in Section 11.8, which notice shall be in the form of an amendment to this Agreement or in the form of a proposed amendment to this Agreement or in the form of an Amended and Restated Agreement and Plan of Merger, and the addition of such other exhibits hereto as are reasonably necessary or appropriate to effect such change.

ARTICLE 3

MANNER OF CONVERTING SHARES

3.1 Conversion of Shares.

Subject to the provisions of this Article 3, at the Effective Time, by virtue of the Merger and without any action on the part of CBAC, BOE or the stockholders of either of the foregoing, the shares of the constituent corporations shall be converted as follows:

(a) Each share of CBAC Common Stock issued and outstanding immediately prior to the Effective Time, other than those shares as to which conversion rights provided for in Section C of Article Sixth of the CBAC Certificate of Incorporation (Conversion Rights) have been exercised, if applicable, shall remain issued and outstanding from and after the Effective Time and be unaffected solely as a result of the Merger.

(b) Each share of BOE Common Stock (excluding shares held by CBAC or any BOE Entity (Excluded Shares), in each case other than in a fiduciary capacity or as a result of debt previously contracted) issued and outstanding at the Effective Time shall be converted into the right to receive 5.7278 shares (the Exchange Ratio) of CBAC Common

Stock (the Merger Consideration).

(c) If, after the Determination Date, the Average Closing Price is less than \$7.42, CBAC shall increase the Exchange Ratio to equal the quotient (rounded to the nearest one ten thousandth) obtained by dividing (i) \$42.50 by (ii) the Average Closing Price.

F-3

3.2 Anti-Dilution Provisions.

In the event CBAC changes the number of shares of CBAC Common Stock issued and outstanding prior to the Effective Time as a result of a stock split, stock dividend, or similar recapitalization with respect to such stock (specifically excluding the effect of the exercise of the Conversion Rights, if applicable) and the record date therefore (in the case of a stock dividend) or the effective date thereof (in the case of a stock split or similar recapitalization for which a record date is not established) shall be prior to the Effective Time, the Exchange Ratio shall be proportionately adjusted.

3.3 Fractional Shares.

Notwithstanding any other provision of this Agreement, each holder of shares of BOE Common Stock exchanged pursuant to the Merger who would otherwise have been entitled to receive a fraction of a share of CBAC Common Stock (after taking into account all certificates delivered by such holder) shall receive, in lieu thereof, cash (without interest) in an amount equal to such fractional part of a share of CBAC Common Stock multiplied by the market value of one share of CBAC Common Stock at the Effective Time. The market value of one share of CBAC Common Stock at the Effective Time shall be the closing price on the AMEX (as reported by *The Wall Street Journal* or, if not reported thereby, any other authoritative source selected by CBAC) on the last trading day preceding the Effective Time.

3.4 Conversion of Stock Rights.

(a) At the Effective Time, each award, option, or other right to purchase or acquire shares of BOE Common Stock pursuant to stock options, stock appreciation rights, or stock awards (BOE Rights) granted by BOE under the BOE Stock Plans, which are outstanding at the Effective Time, whether or not exercisable, shall be converted into and become rights with respect to CBAC Common Stock, and CBAC shall assume each BOE Right, in accordance with the terms of the BOE Stock Plans and stock option agreement by which it is evidenced, except that from and after the Effective Time, (i) CBAC and its Compensation Committee, as established at the Effective Time of the Merger, shall be substituted for BOE and the committee of BOE's Board of Directors (including, if applicable, the entire Board of Directors of BOE) administering such BOE Stock Plan, (ii) each BOE Right assumed by CBAC may be exercised solely for shares of CBAC Common Stock (or cash in the case of stock appreciation rights), (iii) the number of shares of CBAC Common Stock subject to such BOE Right shall be equal to the number of shares of BOE Common Stock subject to such BOE Right immediately prior to the Effective Time multiplied by the Exchange Ratio, and (iv) the per share exercise price (or similar threshold price, in the case of stock awards) under each such BOE Right shall be adjusted by dividing the per share exercise (or threshold) price under each such BOE Right by the Exchange Ratio and rounding up to the nearest cent. Notwithstanding the provisions of clause (iii) of the preceding sentence, CBAC shall not be obligated to issue any fraction of a share of CBAC Common Stock upon exercise of BOE Rights and any fraction of a share of CBAC Common Stock that otherwise would be subject to a converted BOE Right shall represent the right to receive a cash payment equal to the product of such fraction and the difference between the market value of one share of CBAC Common Stock and the per share exercise price of such Right. The market value of one share of CBAC Common Stock shall be the closing price on the AMEX (as reported by *The Wall Street Journal* or, if not reported thereby, any other authoritative source selected by CBAC) on the last trading day preceding the Effective Time. In addition, notwithstanding the provisions of clauses (iii) and (iv) of the first sentence of this Section 3.4, each BOE Right which is an incentive stock option shall be adjusted as required by Section 424 of the Internal Revenue Code, so as not to constitute a modification, extension, or renewal of the option, within the meaning of Section 424(h) of the Internal Revenue Code. CBAC agrees to take all necessary steps to effectuate the foregoing provisions of this Section 3.4.

(b) As soon as reasonably practicable after the Effective Time, CBAC shall deliver to the participants in each BOE Stock Plan an appropriate notice setting forth such participant's rights pursuant thereto and the grants pursuant to such BOE Stock Plan shall continue in effect on the same terms and conditions (subject to the adjustments required by Section 3.4(a) after giving effect to the Merger), and CBAC shall comply with the terms of each BOE Stock Plan to ensure, to the extent required by, and subject to the provisions of, such BOE Stock Plan, that BOE Rights which qualified as incentive stock options prior to the Effective Time continue to qualify as incentive stock options after the Effective Time. At or prior to the Effective Time, CBAC shall take all corporate action

necessary to reserve for issuance sufficient shares of CBAC Common Stock for delivery upon exercise of BOE Rights assumed by it in accordance with this Section 3.4. As soon as reasonably practicable after the Effective Time, CBAC shall file a registration statement on Form S-1 or Form S-8, as the case may be (or any successor or other appropriate forms), with respect to the shares of CBAC Common Stock subject to such options and shall use its reasonable efforts to maintain the effectiveness of such registration statements (and maintain the current status of the prospectus or prospectuses contained therein) for so long as such options remain outstanding. With respect to those individuals who subsequent to the Merger will be subject to the reporting requirements under Section 16(a) of the Exchange Act, where applicable, CBAC shall administer the BOE Stock Plan assumed pursuant to this Section 3.4 in a manner that complies with Rule 16b-3 promulgated under the Exchange Act.

(c) All restrictions or limitations on transfer with respect to BOE Common Stock awarded under the BOE Stock Plans or any other plan, program, or arrangement of any BOE Entity, to the extent that such restrictions or limitations shall not have already lapsed, and except as otherwise expressly provided in such plan, program, or arrangement, shall remain in full force and effect with respect to shares of CBAC Common Stock into which such restricted stock is converted pursuant to this Agreement.

ARTICLE 4

EXCHANGE OF SHARES

4.1 Exchange Procedures.

(a) As soon as reasonably practicable after the Effective Time, CBAC shall cause the exchange agent selected by CBAC (the Exchange Agent) to mail to the former stockholders of BOE appropriate transmittal materials (which shall specify that delivery shall be effected, and risk of loss and title to the certificates or other instruments theretofore representing shares of BOE Common Stock shall pass, only upon proper delivery of such certificates to the Exchange Agent). The certificate or certificates of BOE Common Stock so surrendered shall be duly endorsed as the Exchange Agent may reasonably require. In the event of a transfer of ownership of shares of BOE Common Stock represented by certificates that are not registered in the transfer records of BOE, the Merger Consideration payable for such shares as provided in Section 3.1 may be issued to a transferee if the certificates representing such shares are delivered to the Exchange Agent, accompanied by all documents required to evidence such transfer and by evidence reasonably satisfactory to the Exchange Agent that such transfer is proper and that any applicable stock transfer taxes have been paid. In the event any certificate representing BOE Common Stock certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such certificate to be lost, stolen or destroyed and the posting by such person of a bond in such amount as CBAC may reasonably direct as indemnity against any claim that may be made against it with respect to such certificate, the Exchange Agent shall issue in exchange for such lost, stolen or destroyed certificate the Merger Consideration as provided for in Section 3.1. The Exchange Agent may establish such other reasonable and customary rules and procedures in connection with its duties as it may deem appropriate. CBAC shall pay all charges and expenses, including those of the Exchange Agent in connection with the distribution of the Merger Consideration as provided in Section 3.1.

(b) After the Effective Time, each holder of shares of BOE Common Stock (other than Excluded Shares) issued and outstanding at the Effective Time shall surrender the certificate or certificates representing such shares to the Exchange Agent and shall promptly upon surrender thereof receive in exchange therefore the consideration provided in Section 3.1, without interest, pursuant to this Section 4.1. CBAC shall not be obligated to deliver the consideration to which any former holder of BOE Common Stock is entitled as a result of the Merger until such holder surrenders such holder's certificate or certificates for exchange as provided in this Section 4.1. Any other provision of this Agreement notwithstanding, neither CBAC, nor any BOE Entity, nor the Exchange Agent shall be liable to any holder of BOE Common Stock or to any holder of BOE Rights for any amounts paid or properly delivered in good faith to a

public official pursuant to any applicable abandoned property, escheat or similar Law.

(c) Each of CBAC and the Exchange Agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of shares of BOE Common Stock such amounts, if any, as it is required to deduct and withhold with respect to the making of such payment under the Code or any provision of state, local or foreign Tax Law or by any Taxing Authority or Governmental Authority. To the extent that any

amounts are so withheld by CBAC, the Surviving Corporation or the Exchange Agent, as the case may be, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of the shares of BOE Common Stock or BOE Rights, as applicable in respect of which such deduction and withholding was made by CBAC, the Surviving Corporation or the Exchange Agent, as the case may be.

(d) Adoption of this Agreement by the stockholders of BOE shall constitute ratification of the appointment of the Exchange Agent.

4.2 Rights of Former BOE Stockholders.

At the Effective Time, the stock transfer books of BOE shall be closed as to holders of BOE Common Stock and no transfer of BOE Common Stock by any holder of such shares shall thereafter be made or recognized. Until surrendered for exchange in accordance with the provisions of Section 4.1, each certificate theretofore representing shares of BOE Common Stock (other than certificates representing Excluded Shares), shall from and after the Effective Time represent for all purposes only the right to receive the Merger Consideration, without interest, as provided in Article 3.

ARTICLE 5

REPRESENTATIONS AND WARRANTIES OF BOE

BOE represents and warrants to CBAC, except as set forth on the BOE Disclosure Memorandum with respect to each such Section below as follows:

5.1 Organization, Standing, and Power.

BOE is a corporation duly organized, validly existing, and in good standing under the Laws of the Commonwealth of Virginia and is a bank holding company within the meaning of the Bank Holding Company Act of 1956 (the BHCA). Each of BOE and the Bank has the corporate power and authority to carry on its business as now conducted and to own, lease and operate its Assets. Each of BOE and the Bank is duly qualified or licensed to transact business as a foreign corporation in good standing in the states of the United States and foreign jurisdictions where the character of its Assets or the nature or conduct of its business requires it to be so qualified or licensed, except for such jurisdictions where the failure to be so qualified or licensed is not reasonably likely to have, individually or in the aggregate, a BOE Material Adverse Effect. 5.2 Authority of BOE; No Breach By the Agreement.

(a) BOE has the corporate power and authority necessary to execute, deliver, and perform its obligations under this Agreement and to consummate the transactions contemplated hereby. The execution, delivery, and performance of this Agreement and the consummation of the transactions contemplated herein, including the Merger, have been duly and validly authorized by all necessary corporate action in respect thereof on the part of BOE, subject to the approval of this Agreement by the holders of more than two-thirds of the outstanding shares of BOE Common Stock entitled to be voted at the BOE Stockholders Meeting (except in all cases as such enforceability may be limited by applicable bankruptcy, insolvency, reorganization, receivership, conservatorship, moratorium, or similar Laws affecting the

enforcement of creditors' rights generally and except that the availability of the equitable remedy of specific performance or injunctive relief is subject to the discretion of the court before which any proceeding may be brought), which is the only BOE stockholder vote required for approval of this Agreement and consummation of the Merger. Subject to such requisite stockholder approval, this Agreement represents a legal, valid, and binding obligation of BOE, enforceable against BOE in accordance with its terms.

(b) Neither the execution and delivery of this Agreement by BOE, nor the consummation by BOE of the transactions contemplated hereby, nor compliance by BOE with any of the provisions hereof, will (i) conflict with or result in a breach of any provision of BOE's Articles of Incorporation or Bylaws or the certificate or articles of incorporation or bylaws of any BOE Subsidiary or any resolution adopted by the Board of Directors or the stockholders of any BOE Entity, or (ii) except as disclosed in Section 5.2 of the BOE Disclosure Memorandum, constitute or result in a Default under, or require any Consent pursuant to, or result in the creation of any Lien on any Asset of any BOE Entity under, any Contract or Permit of any BOE Entity or, (iii) subject to receipt of the requisite Consents referred to in Section 9.1(c), constitute or result in a Default under, or require any Consent pursuant to, any Law or Order applicable to any BOE Entity or any of their respective material Assets.

(c) Other than in connection or compliance with the provisions of the Securities Laws and applicable state corporate and securities Laws, and other than Consents required from Regulatory Authorities, and other than notices to or filings with the Internal Revenue Service (IRS) or the Pension Benefit Guaranty Corporation with respect to any employee benefit plans, no notice to, filing with, or Consent of, any Governmental Authority is necessary for the consummation by BOE of the Merger and the other transactions contemplated in this Agreement.

5.3 Capital Stock.

(a) The authorized capital stock of BOE consists only of 10,000,000 shares of BOE Common Stock, of which 1,211,246.8238 shares are issued and outstanding as of the date of this Agreement, 1,000,000 of preferred stock, none of which are issued and outstanding as of the date of this Agreement, and, assuming that all of the issued and outstanding BOE Rights had been exercised, not more than 1,240,605.8238 shares would be issued and outstanding at the Effective Time. All of the issued and outstanding shares of capital stock of BOE are duly and validly issued and outstanding and are fully paid and nonassessable under the VSCA. None of the outstanding shares of capital stock of BOE have been issued in violation of any preemptive rights of the current or past stockholders of BOE.

(b) Except for the 100,000 shares of BOE Common Stock reserved for issuance pursuant to outstanding BOE Rights, each as disclosed in Section 5.3 of the BOE Disclosure Memorandum, there are no shares of capital stock or other equity securities of BOE reserved for issuance and no outstanding Rights relating to the capital stock of BOE.

(c) Except as specifically set forth in this Section 5.3, there are no shares of BOE capital stock or other equity securities of BOE outstanding and there are no outstanding Rights with respect to any BOE securities or any right or privilege (whether pre-emptive or contractual) capable of becoming a Contract or Right for the purchase, subscription, exchange or issuance of any securities of BOE.

5.4 BOE Subsidiaries.

interests) of any BOE Subsidiary (other than to another BOE Entity). There are no Contracts relating to the rights of any BOE Entity to vote or to dispose of any shares of the capital stock (or other equity interests) of any BOE Subsidiary. All of the shares of capital stock (or other equity interests) of each BOE Subsidiary held by a BOE Entity are fully paid and nonassessable and are owned directly or indirectly by such BOE Entity free and clear of any Lien. Except as disclosed in Section 5.4 of the BOE Disclosure Memorandum, each BOE Subsidiary is a state bank, corporation, limited liability company, limited partnership or limited liability partnership, and each such BOE

Subsidiary is duly organized, validly existing, and in good standing under the Laws of the jurisdiction in which it is incorporated or organized, and has the corporate or entity power and authority necessary for it to own, lease, and operate its Assets and to carry on its business as now conducted. The Bank is an insured institution as defined in the Federal Deposit Insurance Act and applicable regulations thereunder, and the deposits held by the Bank are insured by the FDIC's Deposit Insurance Fund. The minute book and other organizational documents for each BOE Subsidiary have been made available to CBAC for its review, and, except as disclosed in Section 5.4 of the BOE Disclosure Memorandum, are true and complete in all material respects as in effect as of the date of this Agreement and accurately reflect in all material respects all amendments thereto and all proceedings of the Board of Directors and stockholders thereof.

(f) None of CBAC or any of its directors, officers, employees or Representatives acting on its behalf has offered, paid, or agreed to pay any Person, including any Governmental Authority, directly or indirectly, any thing of value for the purpose of, or with the intent of obtaining or retaining any business in violation of applicable Laws, including (i) using any corporate funds for any unlawful contribution, gift, entertainment or other unlawful expense relating to political activity; (ii) making any direct or indirect unlawful payment to any foreign or domestic government official or employee from corporate funds; (iii) violating any provision of the Foreign Corrupt Practices Act of 1977, as amended; or (iv) making any bribe, rebate, payoff, influence payment, kickback or other unlawful payment.

6.10 Employment Benefit Plans.

(a) CBAC has disclosed in Section 6.10 of the CBAC Disclosure Memorandum, and has delivered or made available to BOE prior to the execution of this Agreement, (i) copies of each Employee Benefit Plan currently adopted, maintained by, sponsored in whole or in part by, or contributed or required to be contributed to by CBAC or ERISA Affiliate thereof for the benefit of employees, former employees, retirees, dependents, spouses, directors, independent contractors, or other beneficiaries or under which employees, retirees, former employees, dependents, spouses, directors, independent contractors, or other beneficiaries are eligible to participate (each, a CBAC Benefit Plan, and collectively, the CBAC Benefit Plans) and (ii) a list of each Employee Benefit Plan that is not identified in (i) above (e.g., former Employee Benefit Plans) in respect of which CBAC or ERISA Affiliate has or reasonably could have any obligation or Liability (each a CBAC Other Plan). Any of the CBAC Benefit Plans which is an employee pension benefit plan, as that term is defined in ERISA Section 3(2), is referred to herein as a CBAC ERISA Plan. No CBAC ERISA Plan or CBAC Other Plan is a defined benefit plan (as defined in Code Section 414(j)), or is subject to Code Section 412 or Title IV of ERISA.

(b) CBAC has delivered or made available to BOE prior to the execution of this Agreement (i) all trust agreements or other funding arrangements for all Employee Benefit Plans; (ii) all determination letters, rulings, opinion letters, information letters or advisory opinions issued by the IRS, the DOL or the Pension Benefit Guaranty Corporation during this calendar year or any of the preceding calendar years since inception; (iii) any filing or documentation (whether or not filed with the IRS) where corrective action was taken in connection with the IRS EPCRS program set forth in Revenue Procedure 2001-17 (or its predecessor or successor rulings); (iv) annual reports or returns, audited or

unaudited financial statements, actuarial reports and valuations prepared for any Employee Benefit Plan for the current plan year and the three preceding plan years; and (v) the most recent summary plan descriptions and any material modifications thereto.

(c) Each CBAC Benefit Plan is in material compliance with the terms of such CBAC Benefit Plan, in material compliance with the applicable requirements of the Code, in material compliance with the applicable requirements of ERISA, and in material compliance with any other applicable Laws. Each CBAC ERISA Plan which is intended to be qualified under Section 401(a) of the Code has received a favorable determination letter or opinion from the IRS that is as current as possible under applicable IRS procedures and that is still in effect and applies to the applicable CBAC ERISA Plan as amended and as administered or, within the time permitted under Code Section 401(b), has timely applied for a favorable determination letter, which when issued, will be as current as possible under applicable IRS procedures and which, when issued, will apply retroactively to the CBAC ERISA Plan as amended and as administered. CBAC is not aware of any circumstances likely to result in revocation of any such favorable determination letter which has been issued by the IRS, and CBAC is not aware of any circumstances likely to result in a failure to issue any such favorable determination letter for which it has applied. CBAC has not received any communication (written or unwritten) from any Governmental Authority questioning or challenging the compliance of any CBAC Benefit Plan with applicable Laws. No CBAC Benefit Plan is currently being audited by any Governmental Authority for compliance with applicable Laws or has been audited with a determination by any Governmental Authority that the Employee Benefit Plan failed to comply with applicable Laws.

(d) There has been no oral or written representation or communication with respect to any aspect of the Employee Benefit Plans made to employees of the CBAC which is not in accordance with the written or otherwise preexisting terms and provisions of such plans. Neither CBAC nor any administrator or fiduciary of any CBAC Benefit Plan (or any agent of any of the foregoing) has engaged in any transaction, or acted or failed to act in any manner, which could subject CBAC or CBAC to any direct or indirect Liability (by indemnity or otherwise) for breach of any fiduciary, co-fiduciary or other duty under ERISA. There are no unresolved claims or disputes under the terms of, or in connection with, the CBAC Benefit Plans other than claims for benefits which are payable in the ordinary course of business and no action, proceeding, prosecution, inquiry, hearing or investigation has been commenced with respect to any CBAC Benefit Plan.

(e) All CBAC Benefit Plan documents and annual reports or returns, audited or unaudited financial statements, actuarial valuations, summary annual reports, and summary plan descriptions issued with respect to the CBAC Benefit Plans are correct and complete in all material respects, have been timely filed with the IRS or the DOL, and distributed to participants of the CBAC Benefit Plans (as required by Law), and there have been no changes in the information set forth therein.

(f) To the CBAC's Knowledge, no party in interest (as defined in ERISA Section 3(14)) or disqualified person (as defined in Code Section 4975(e)(2)) of any CBAC Benefit Plan has engaged in any nonexempt prohibited transaction (described in Code Section 4975(c) or ERISA Section 406).

(g) CBAC does not, and has never had, a pension plan, or any plan that is or was subject to Code Section 412 or ERISA Section 302 or Title IV of ERISA. There is no Lien nor is there expected to be a Lien under Code Section 412(n) or ERISA Section 302(f) or Tax under Code Section 4971 applicable to CBAC or its Assets. Neither CBAC nor any of its ERISA Affiliates is subject to or can reasonably be expected to become subject to a Lien under Code Section 401(a)(29). All premiums required to be paid under ERISA Section 4006, if any, have been timely paid by CBAC and by each of its ERISA Affiliates.

(h) No Liability under Title IV of ERISA has been or is expected to be incurred by CBAC or its ERISA Affiliates and no event has occurred that could reasonably result in Liability under Title IV of ERISA being incurred by CBAC or its ERISA Affiliates with respect to any ongoing, frozen, terminated or other single-employer plan of CBAC or the single-employer plan of any ERISA Affiliate. There has been no reportable event, within the meaning of ERISA Section 4043, for which the 30-day reporting requirement has not been waived by any ongoing, frozen, terminated or other single employer plan of CBAC or of an ERISA Affiliate.

(i) CBAC has no Liability for retiree or similar health, life or death benefits under any of the CBAC Benefit Plans, or other plan or arrangement, except to the extent required under Part 6 of Title I of ERISA or Code Section 4980B and there are no restrictions on the rights of CBAC to amend or terminate any such retiree health or benefit plan without incurring any Liability thereunder. No Tax under Code Sections 4980B or 5000 has been incurred with respect to any CBAC Benefit Plan, or other plan or arrangement, and no circumstance exists which could give rise to such Taxes.

(j) Except as disclosed in Section 6.10 of the CBAC Disclosure Memorandum, neither the execution and delivery of this Agreement nor the consummation of the transactions contemplated hereby will (i) result in any payment (including severance, unemployment compensation, golden parachute, or otherwise) becoming due to any director or any employee of CBAC from CBAC under any CBAC Benefit Plan or otherwise, (ii) increase any benefits otherwise payable under any CBAC Benefit Plan, or (iii) result in any acceleration of the time of payment or vesting of any such benefit, or any benefit under any life insurance owned by CBAC or the rights of CBAC in, to or under any insurance on the life of any current or former officer, director or employee of CBAC, or change any rights or obligations of CBAC with respect to such insurance.

(k) The actuarial present values of all accrued deferred compensation entitlements (including entitlements under any executive compensation, supplemental retirement, or employment agreement) of employees and former employees of CBAC and its beneficiaries, other than entitlements accrued pursuant to funded retirement plans, whether or not subject to the provisions of Code Section 412 or ERISA Section 302, have been fully reflected on the CBAC Financial Statements to the extent required by and in accordance with GAAP.

(l) All individuals who render services to CBAC and who are authorized to participate in a CBAC Benefit Plan pursuant to the terms of such CBAC Benefit Plan are in fact eligible to and authorized to participate in such CBAC Benefit Plan in accordance with the terms of such CBAC Benefit Plan, the Code, ERISA and other applicable Laws.

(m) Neither CBAC nor any of its ERISA Affiliates has had an obligation to contribute (as defined in ERISA Section 4212) to, or other obligations or Liability in connection with, a multiemployer plan (as defined in ERISA Sections 4001(a)(3) or 3(37)(A)).

(n) Except as disclosed in Section 6.10 of the CBAC Disclosure Memorandum, there are no payments or changes in terms due to any insured person as a result of this Agreement, the Merger or the transactions contemplated herein, under any bank-owned, corporate-owned split dollar life insurance, other life insurance, or similar arrangement or Contract, and the Successor Corporation shall, upon and after the Effective Time, succeed to and have all the rights in, to and under such life insurance Contracts as CBAC presently holds. CBAC will, upon the execution and delivery of this Agreement, and will continue to have, notwithstanding this Agreement or the consummation of the transaction contemplated hereby, all ownership rights and interest in all corporate or bank-owned life insurance.

(o) No CBAC Benefit Plan holds any employer security (within the meaning of ERISA Section 407(d)(1)) or employer real property (within the meaning of ERISA Section 407(d)(2)); and no commitment has been made that would require any CBAC Benefit Plan to hold any such employer security or employer real property.

(p) All contributions and premiums required by applicable Law or the terms of an applicable CBAC Benefit Plan to be paid prior to Closing have been or will be timely made or paid in full prior to the Closing.

(q) There has been no act or omission which has given rise to or may give rise to material fines, penalties, taxes or related charges under Sections 502(c), 502(i), 501(l) or 4071 of ERISA or Chapters 43, 47 or 68 of the Code for which any of the CBAC Entities or any of their respective ERISA Affiliates may be liable.

(r) No action has been or reasonably ought to be taken to correct any defects with respect to any CBAC Benefit Plan under any IRS correction procedure or any United States Department of Labor fiduciary correction procedure.

(s) No payment contemplated by any CBAC Benefit Plan would in the aggregate constitute excess parachute payments as defined in Section 280G of the Code (without regard to subsection (b)(4) thereof).

(t) Each CBAC Benefit Plan which constitutes a group health plan (as defined in ERISA Section 607(1) or Code Section 4980B(g)(2)) has been operated in material compliance with applicable Law.

(u) There has been no act or omission that would impair or otherwise limit the right or ability of CBAC or the Bank, as may be applicable, to unilaterally amend, from time to time, or terminate, any CBAC Benefit Plan.

(v) Each CBAC Benefit Plan which is subject to Code Section 409A has been operated and administered in compliance with and otherwise complies with such section. No tax, interest or penalty has been assessed or incurred pursuant to Code Section 409A in relation to any CBAC Benefit Plan.

6.11 Material Contracts.

(a) Except as disclosed in Section 6.11 of the CBAC Disclosure Memorandum or otherwise reflected in the CBAC Financial Statements, none of CBAC, nor any of its respective Assets, businesses, or operations, is a party to, or is bound or affected by, or receives benefits under, (i) any employment, severance, termination, consulting, or retirement Contract providing for aggregate payments to any Person in any calendar year in excess of \$125,000, (ii) any Contract relating to the borrowing of money by CBAC or the guarantee by CBAC of any such obligation other than trade payables and Contracts relating to borrowings or guarantees made in the ordinary course of CBAC's business), (iii) any Contract which prohibits or restricts CBAC or any personnel of CBAC from engaging in any business activities in any geographic area, line of business or otherwise in competition with any other Person, (iv) any Contract involving Intellectual Property (other than Contracts entered into in the ordinary course with customers or shrink-wrap software licenses), (v) any Contract relating to the provision of data processing, network communication, or other technical services to or by CBAC, (vi) any Contract relating to the purchase or sale of any goods or services (other than Contracts entered into in the ordinary course of business and involving payments under any individual Contract or series of contracts not in excess of \$125,000), (vii) any exchange-traded or over-the-counter swap, forward, future, option, cap, floor, or collar financial Contract, or any other interest rate or foreign currency protection Contract or any Contract that is a combination thereof not included on its balance sheet, and (viii) any other Contract that would be required to be filed as an exhibit to a Form 10-K filed by CBAC as of the date of this Agreement pursuant to the reporting requirements of the Exchange Act, if such reporting requirements applied to CBAC as of such date (together with all Contracts referred to in Sections 6.10(a), the CBAC Contracts).

(b) With respect to each CBAC Contract and except as disclosed in Section 6.11 of the CBAC Disclosure Memorandum: (i) the Contract is in full force and effect; (ii) CBAC is not in Default thereunder; (iii) CBAC has not repudiated or waived any material provision of any such Contract; (iv) no other party to any such Contract is, to CBAC's Knowledge, in Default in any respect or has repudiated or waived each material provision thereunder; and (v) no consent is required by a Contract for the execution, delivery, or performance of this Agreement, the consummation of the Merger or the other transactions contemplated hereby. All of the indebtedness of CBAC for money borrowed is prepayable at any time by CBAC without penalty, premium or charge, except as specified in Section 6.11(b) of the CBAC Disclosure Memorandum.

6.12 Legal Proceedings.

Except as disclosed in Section 6.12 of the CBAC Disclosure Memorandum, there is no Litigation instituted or pending, or, to the Knowledge of CBAC, threatened (or unasserted but considered probable of assertion) against CBAC, or against any director, officer, employee or agent of CBAC in their capacities as such or with respect to any service to or on behalf of any Employee Benefit Plan or any other Person at the request of CBAC or Employee Benefit Plan of CBAC, or against any Asset, interest, or right of any of them, nor are there any Orders or judgments outstanding against CBAC. No claim for indemnity has been made or, to CBAC's Knowledge, threatened by any director, officer, employee, independent contractor or agent to CBAC and to CBAC's Knowledge, no basis for any such claim exists.

6.13 Reports.

Since inception, in addition to the CBAC Exchange Act Reports, CBAC has filed all reports and statements, together with any amendments required to be made with respect thereto, that it was required to file with Governmental Authorities. As of their respective dates, each of such reports and documents, including the financial statements, exhibits, and schedules thereto, complied in all material respects with all applicable Laws. As of their respective date, each such report, statement and document did not, in all material respects, contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements made therein, in

light of the circumstances under which they were made, not misleading.

CBAC has received the written opinion of Keefe, Bruyette & Woods, Inc., dated as of the date of this Agreement, to the effect that the Merger Consideration is fair from a financial point of view, a signed copy of which has been delivered to BOE.

6.15 Board Recommendation.

The Board of Directors of CBAC, at a meeting duly called and held, has by unanimous vote of the directors present who constituted all of the directors then in office (i) determined that this Agreement and the transactions contemplated hereby, including the Merger, the Support Agreements and the transactions contemplated hereby and thereby, taken together, are fair to and in the best interests of CBAC's stockholders and (ii) resolved, subject to the terms of this Agreement, to recommend that the holders of the shares of CBAC Common Stock approve this Agreement, the Merger and the related transactions and to call and hold a special meeting of CBAC's stockholders to consider this Agreement, the Merger and the related transactions.

6.16 Statements True and Correct.

(a) No statement, certificate, instrument or other writing furnished or to be furnished by CBAC or any Affiliate thereof to BOE pursuant to this Agreement or any other document, agreement or instrument referred to herein contains or will contain any untrue statement of material fact or will omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

(b) None of the information supplied or to be supplied by CBAC or any Affiliate thereof for inclusion in the Registration Statement to be filed by CBAC with the SEC will, when the Registration Statement becomes effective, be false or misleading with respect to any material fact, or omit to state any material fact necessary to make the statements therein not misleading.

(c) None of the information supplied by CBAC or any Affiliate thereof for inclusion in the Joint Proxy Statement to be mailed to each Party's stockholders in connection with the Stockholders Meetings, and any other documents to be filed by CBAC or any Affiliate thereof with the SEC or any other Regulatory Authority in connection with the transactions contemplated hereby, will, at the respective time such documents are filed, and with respect to the Joint Proxy Statement, when first mailed to the stockholders of each Party be false or misleading with respect to any material fact, or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, or, in the case of the Joint Proxy Statement or any amendment thereof or supplement thereto, at the time of the Stockholders Meetings be false or misleading with respect to any material fact, or omit to state any material fact necessary to correct any statement in any earlier communication with respect to the solicitation of any proxy for the Stockholders Meetings.

7.2 Negative Covenants of the Parties.

From the date of this Agreement until the earlier of the Effective Time or the termination of this Agreement, unless the prior written consent of the other Party shall have been obtained, and except as otherwise expressly contemplated herein, each Party covenants and agrees that it will not do or agree or commit to do, or permit any of its Subsidiaries to do or agree or commit to do, any of the following:

- (a) amend the Certificate of Incorporation, Articles of Incorporation, Bylaws or other governing instruments of CBAC or any BOE Entity, as applicable, provided nothing in this Section 7.2(a) shall prohibit either Party from amending its Certificate of Incorporation, Articles of Incorporation or Bylaws as contemplated by this Agreement or, in the case of CBAC, as contemplated in the TFC Agreement;
- (b) modify the Bank's lending policy (in the case of BOE), incur any additional debt obligation or other obligation for borrowed money in excess of an aggregate of \$100,000 except in the ordinary course of the business of any CBAC Entity or BOE Entity, as applicable, consistent with past practices and that are prepayable without penalty, charge or other payment (which exception shall include, for Subsidiaries that are depository institutions, creation of deposit liabilities, purchases of federal funds, advances from the Federal Reserve Bank or Federal Home Loan Bank, and entry into repurchase agreements fully secured by U.S. government securities or U.S. government agency securities), or impose, or suffer the imposition, on any Asset of any CBAC Entity or any BOE Entity, as applicable, of any Lien or permit any such Lien to exist (other than in connection with public deposits, repurchase agreements, bankers acceptances, treasury tax and loan accounts established in the ordinary course of business of Subsidiaries that are depository institutions, the satisfaction of legal requirements in the exercise of trust powers, and Liens in effect as of the date hereof that are disclosed in the BOE Disclosure Memorandum);

(f) except for purchases of U.S. Treasury securities or U.S. Government agency securities, which in either case have maturities of two years or less, purchase any securities or make any material investment except in the ordinary course of business consistent with past practice, either by purchase of stock or securities, contributions to capital, Asset transfers, or purchase of any Assets, in any Person other than a wholly owned Subsidiary, or otherwise acquire, or enter into any agreement to acquire, direct or indirect control over any Person, other than in connection with foreclosures of loans in the ordinary course of business;

(g) (i) grant any bonus or increase in compensation or benefits to the employees, officers or directors of any CBAC Entity or BOE Entity, as applicable, except in the case of officers and employees for normal individual increases in compensation in the ordinary course of business consistent with past practice and for any bonuses earned pursuant to any incentive plan duly adopted and approved and existing on the date hereof; (ii) commit or agree to pay any severance or termination pay, or any stay or other bonus to any BOE director, officer or employee; (iii) enter into or amend any severance agreements with officers, employees, directors, independent contractors or agents of any CBAC Entity or any BOE Entity, as applicable; (iv) change any fees or other compensation or other benefits to directors of any BOE Entity; or (v) waive any stock repurchase rights, accelerate, amend or change the period of exercisability of any Rights or restricted stock, or reprice Rights granted under the BOE Stock Plans or authorize cash payments in exchange for any Rights; or accelerate or vest or commit or agree to accelerate or vest any amounts, benefits or rights payable by any CBAC Entity or BOE Entity, except as permitted under the terms of the agreement evidencing such right;

(h) enter into or amend any employment Contract between any CBAC Entity or BOE Entity and any Person (unless such amendment is required by Law) that the CBAC Entity or BOE Entity does not have the unconditional right to terminate without Liability (other than Liability for services already rendered), at any time on or after the Effective Time;

(m) take any action or fail to take any action that at the time of such action or inaction is reasonably likely to prevent, or would be reasonably likely to materially interfere with, the consummation of this Merger.

7.3 Affirmative Covenants of CBAC.

From the date of this Agreement until the earlier of the Effective Time or the termination of this Agreement, unless the prior written consent of BOE shall have been obtained, and except as otherwise expressly contemplated herein, CBAC shall, and shall cause each of its Subsidiaries to; (i) operate its business only in the usual, regular and ordinary course; (ii) use commercially reasonable efforts to preserve intact its business organization and Assets and maintain its rights and franchises; (iii) use commercially reasonable efforts to cause its representations and warranties to be correct at all times; and (iv) take no action which would (A) adversely affect the ability of any Party to obtain any Consents required for the transactions contemplated hereby without imposition of a condition or restriction of the type referred to in the last sentences of Sections 9.1(b) and 9.1(c) or, or (B) materially adversely affect the ability of any Party to perform its covenants and agreements under this Agreement. Notwithstanding the foregoing and Section 8.3 hereof, provided CBAC consults and appraises a special committee of the Board of Directors of BOE (the membership of such committee to be determined by the Board of Directors of BOE), nothing in this Agreement shall be interpreted to prohibit CBAC from negotiating or, with the consent of BOE, which consent may not be unreasonably withheld, entering into a binding letter of intent or definitive agreement to acquire control of a financial institution, whether by merger or otherwise, or from taking action to list its shares on the Nasdaq Global Market and delist its shares from AMEX so long as CBAC does not terminate this Agreement.

7.4 Adverse Changes in Condition.

Each Party agrees to give written notice promptly to the other Party upon becoming aware of the occurrence or impending occurrence of any event or circumstance relating to it or any of its Subsidiaries which (i) has had or is reasonably likely to have, individually or in the aggregate, a BOE Material Adverse Effect or a CBAC Material Adverse Effect, as applicable, (ii) would cause or constitute a material breach of any of its representations, warranties, or covenants contained herein, or (iii) would be reasonably likely to prevent or materially interfere with the consummation of the Merger, and to use its reasonable efforts to prevent or promptly to remedy the same.

7.5 Reports.

Each of CBAC and its Subsidiaries and BOE and its Subsidiaries shall file all reports required to be filed by it with Regulatory Authorities between the date of this Agreement and the Effective Time and shall deliver to the other Party copies of all such reports promptly after the same are filed. Each Party's financial statements between the date of this Agreement and the Effective Time, whether or not contained in any such reports filed under the Exchange Act or with any other Regulatory Authority, will fairly present the consolidated financial position of the entity filing such statements as of the dates indicated and the consolidated results of operations, changes in stockholders' equity, and cash flows for the periods then ended in accordance with GAAP (subject in the case of interim financial statements to normal recurring year-end adjustments that are not material). As of their respective dates, such reports filed under the Exchange Act or with any other Regulatory Authority will comply in all material respects with the Securities Laws and will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not

misleading. Any financial statements contained in any other reports to another Regulatory Authority shall be prepared in accordance with the Laws applicable to such reports.

7.6 Claims Against Trust Account.

BOE understands that, except for a portion of the interest earned on the amounts held in the Trust Fund, CBAC may disburse monies from the Trust Fund only: (a) to its public stockholders in the event of the redemption of their shares or the dissolution and liquidation of CBAC, (b) to CBAC (less CBAC's deferred underwriting compensation only) after CBAC consummates a business combination (as described in the Prospectus) or (c) as consideration to the sellers of a target business with which CBAC completes a business combination.

BOE agrees that, notwithstanding any other provision contained in this Agreement, BOE does not now have, and shall not at any time prior to the Effective Time have, any claim to, or make any claim against, the Trust Fund, regardless of whether such claim arises as a result of, in connection with or relating in any way to, the business relationship between BOE on the one hand, and CBAC on the other hand, this Agreement, or any other agreement or any other matter, and regardless of whether such claim arises based on contract, tort, equity or any other theory of legal liability (any and all such claims are collectively referred to in this Section 7.6 as the Claims). Notwithstanding any other provision contained in this Agreement, BOE hereby irrevocably waives any Claim it may have, now or in the future (in each case, however, prior to the consummation of a business combination), and will not seek recourse against the Trust Fund for any reason whatsoever in respect thereof. In the event that BOE commences any action or proceeding based upon, in connection with, relating to or arising out of any matter relating to CBAC, which proceeding seeks, in whole or in part, relief against the Trust Fund or the public stockholders of CBAC, whether in the form of money damages or injunctive relief, CBAC shall be entitled to recover from BOE the associated legal fees and costs in connection with any such action, in the event CBAC prevails in such action or proceeding.

Each of CBAC and BOE agrees to use all reasonable efforts to cause the Registration Statement to be declared effective under the Securities Act as promptly as reasonably practicable after filing thereof. Each of CBAC and BOE shall furnish to each other all information concerning them that they may reasonably require in connection with the Registration Statement.

(b) CBAC also agrees to use all reasonable efforts to obtain all necessary state securities law or Blue Sky permits and approvals required to carry out the transactions contemplated by this Agreement. BOE agrees to furnish CBAC all information concerning BOE, the Bank, and their respective officers, directors, and stockholders as may be reasonably requested in connection with the foregoing. As a result of the registration of the CBAC Common Stock pursuant to the Registration Statement, such stock shall be freely tradable by the stockholders of BOE except to the extent that the transfer of any shares of CBAC Common Stock received by stockholders of BOE is subject to the provisions of Rule 145 under the Securities Act or restricted under Tax rules. BOE and its counsel shall have a reasonable opportunity to review and comment on the Registration Statement being filed with the SEC and any responses filed with the SEC regarding the Registration Statement.

(c) Each of BOE and CBAC agrees, as to itself and its Subsidiaries, that none of the information supplied or to be supplied by it for inclusion or incorporation by reference in (i) the Registration Statement will, at the time the

Registration Statement and each amendment or supplement thereto, if any, becomes effective under the Securities Act, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading and (ii) none of the information supplied by it or any of its respective Subsidiaries for inclusion or incorporation by reference in the Joint Proxy Statement will at the date of the mailing to its stockholders or at the time of the meeting of its stockholders held for the purpose of obtaining the

BOE Stockholder Approval or the CBAC Stockholder Approval, as applicable, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein not misleading. Each of BOE and CBAC further agrees that if it shall become aware prior to the Effective Date of any information that would cause any of the statements in the Registration Statement or Joint Proxy Statement to be false or misleading with respect to any material fact, or to omit to state any material fact necessary to make the statements therein not false or misleading, to promptly inform the other Party thereof and to take the necessary steps to correct the Joint Proxy Statement.

(d) In the case of CBAC, CBAC will advise BOE, promptly after CBAC receives notice thereof, of the time when the Registration Statement has become effective or any supplement or amendment has been filed, or of the issuance of any stop order or the suspension of the qualification of the CBAC Common Stock for offering or sale in any jurisdiction, of the initiation or threat of any proceeding for any such purpose, or of any request by the SEC for the amendment or supplement of the Registration Statement or for additional information.

8.2 Stockholder Approvals.

(a) CBAC shall call a stockholders meeting, to be held as soon as reasonably practicable after the Joint Proxy Statement is cleared by the SEC, for the purpose of voting upon adoption of this Agreement, the amendments to CBAC's Certificate of Incorporation set forth in Exhibit A hereto and such other related matters as it deems appropriate. BOE shall call a stockholders meeting, to be held as soon as reasonably practicable after the Joint Proxy Statement is cleared by the SEC, for the purpose of voting upon the adoption of this Agreement and such other related matters as it deems appropriate. The Parties shall coordinate and cooperate with respect to the timing of such meetings and shall use their reasonable efforts to hold such meetings on the same day.

(b) In connection with the Stockholders Meetings, (i) CBAC and BOE shall mail the Joint Proxy Statement to their respective stockholders, (ii) the Boards of Directors of CBAC and BOE shall recommend to their respective stockholders the approval of the matters submitted for approval and (iii) the Board of Directors and officers of CBAC and BOE shall use their reasonable efforts to obtain such stockholders' approval; provided that each of CBAC and BOE may withdraw, modify, or change in an adverse manner to the other Party its recommendations of the Board of Directors of such Party if, after having consulted with and based upon the advice of counsel, such Party determines in good faith that the failure to so withdraw, modify or change its recommendation could constitute a breach of the fiduciary duties of such Party's Board of Directors under applicable Law.

8.3 Other Offers.

(a) Neither any CBAC Entity nor any BOE Entity shall, nor shall either Party authorize or permit any of their respective Affiliates or Representatives to, directly or indirectly, (i) solicit, initiate, encourage or induce the making, submission or announcement of any Acquisition Proposal, (ii) participate in any discussions or negotiations regarding, or furnish to any Person or Group (as such term is defined in Section 13(d) under the Exchange Act) any nonpublic information with respect to, or take any other action to facilitate any inquiries or the making of any proposal that constitutes or may reasonably be expected to lead to, any Acquisition Proposal, (iii) subject to Section 8.3(c), approve, endorse or recommend any Acquisition Proposal, or (iv) enter into any definitive agreement contemplating or otherwise relating to any Acquisition Transaction; *provided, however*, that this Section 8.3 shall not prohibit either Party from furnishing nonpublic information regarding itself and its Subsidiaries to or entering into a confidentiality agreement or discussions or negotiations with, any Person or Group in response to a *bona fide* unsolicited written Acquisition Proposal submitted by such Person or Group (and not withdrawn) if (A) neither any CBAC Entity nor any BOE Entity or their respective Representatives or Affiliates, as applicable, shall have violated any of the restrictions set forth in this Section 8.3, (B) the Board of Directors of CBAC or BOE, as the case may be, in its good faith judgment (based on, among other things, the advice of CBAC Financial Advisor or BOE Financial Advisor, as

applicable, that such Acquisition Proposal constitutes a Superior Proposal, (C) the Board of Directors of CBAC or BOE, as the case may be, concludes in good faith, after consultation with and receipt of a written opinion from its outside legal counsel, that the failure to take such action would be inconsistent with its fiduciary duties, as such duties would exist in the absence of this Section 8.3, to the stockholders of CBAC or BOE, as the case may be, under applicable Law, (D) (1) at least five business days prior to furnishing any such nonpublic information to, or entering into discussions or negotiations with, such Person or

group, the Party gives the other Party written notice of the identity of such Person or Group and of such Party's intention to furnish nonpublic information to, or enter into discussions or negotiations with, such Person or Group, and (2) such Party receives from such Person or Group an executed confidentiality agreement containing terms no less favorable to the disclosing Party than the confidentiality terms of this Agreement, and (E) contemporaneously with furnishing any such nonpublic information to such Person or group, such Party furnishes such nonpublic information to the other Party (to the extent such nonpublic information has not been previously furnished by such Party). In addition to the foregoing, such Party shall provide the other Party with at least five business days' prior written notice of a meeting of its Board of Directors at which meeting such Board of Directors is reasonably expected to resolve to recommend a Superior Proposal of CBAC or BOE, as the case may be, to its stockholders and together with such notice a copy of the most recently proposed documentation relating to such Superior Proposal; provided, further, that such Party hereby agrees promptly to provide to the other Party any revised documentation and any definitive agreement relating to such Superior Proposal.

(b) In addition to the obligations set forth in this Section 8.3, as promptly as practicable, after any of the directors or executive officers of CBAC or BOE, as the case may be, become aware thereof, the applicable Party shall advise the other Party of (x) any request received by it for nonpublic information which such Party reasonably believes could lead to an Acquisition Proposal or (y) any Acquisition Proposal, the material terms and conditions of such request or Acquisition Proposal, and the identity of the Person or Group making any such request or Acquisition Proposal. Each Party shall keep the other Party informed promptly of material amendments or modifications to any such request or Acquisition Proposal.

(c) CBAC and each BOE Entity shall, and shall cause their respective directors, officers, employees and Representatives to immediately cease any and all existing activities, discussions or negotiations with any Persons conducted heretofore with respect to any Acquisition Proposal and will use and cause to be used all reasonable efforts to enforce any confidentiality or similar or related agreement relating to any Acquisition Proposal.

(d) Nothing contained in this Agreement shall prevent a Party or its Board of Directors from complying with Rule 14d-9 and Rule 14e-2 under the Exchange Act with respect to an Acquisition Proposal; provided that, such Rules will in no way eliminate or modify the effect that any action pursuant to such Rules would otherwise have under this Agreement.

8.4 Consents of Regulatory Authorities.

The Parties hereto shall cooperate with each other and use their reasonable efforts to promptly prepare and file all necessary documentation and applications, to effect all applications, notices, petitions and filings, and to obtain as promptly as practicable all Consents of all Regulatory Authorities and other Persons which are necessary or advisable to consummate the transactions contemplated by this Agreement (including the Merger). The Parties agree that they will consult with each other with respect to the obtaining of all Consents of all Regulatory Authorities and other Persons necessary or advisable to consummate the transactions contemplated by this Agreement and each Party will keep the other apprised of the status of matters relating to contemplation of the transactions contemplated herein. Each Party also shall promptly advise the other upon receiving any communication from any Regulatory Authority or other Person whose Consent is required for consummation of the transactions contemplated by this Agreement which causes such Party to believe that there is a reasonable likelihood that any requisite Consent will not be obtained or that the receipt of any such Consent will be materially delayed.

8.5 Agreement as to Efforts to Consummate.

Subject to the terms and conditions of this Agreement, each Party agrees to use, and to cause its Subsidiaries to use, its reasonable efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper,

or advisable under applicable Laws to consummate and make effective, as soon as reasonably practicable after the date of this Agreement, the transactions contemplated by this Agreement, including using its reasonable efforts to lift or rescind any Order adversely affecting its ability to consummate the transactions contemplated herein and to cause to be satisfied the conditions referred to in Article 9; *provided, that* nothing herein shall preclude either Party from exercising its rights under this Agreement.

8.6 Investigation and Confidentiality.

(a) Prior to the Effective Time, each Party shall keep the other Party advised of all material developments relevant to its business and the consummation of the Merger and shall permit the other Party to make or cause to be made such investigation of its business and properties (including that of its Subsidiaries) and of their respective financial and legal conditions as the other Party reasonably requests; *provided, that* such investigation shall be reasonably related to the transactions contemplated hereby and shall not interfere unnecessarily with normal operations. Without limiting the foregoing, CBAC may attend any meeting of the loan committee of the Bank. With respect to any such meeting, CBAC may attend as an observer only and shall receive notice of such meeting as if CBAC were a member of such committee. No investigation by a Party shall affect the ability of such Party to rely on the representations and warranties of the other Party. Between the date hereof and the Effective Time, BOE shall permit CBAC's senior officers and independent auditors to meet with the senior officers of BOE, including officers responsible for the BOE Financial Statements, the internal controls of BOE and the disclosure controls and procedures of BOE and BOE's independent public accountants, to discuss such matters as CBAC may deem reasonably necessary or appropriate for CBAC to satisfy its obligations under Sections 302, 404 and 906 of the Sarbanes-Oxley Act.

(b) In addition to each Party's obligations pursuant to Section 8.6(a), each Party shall, and shall cause its advisors and agents to, maintain the confidentiality of all confidential information furnished to it by the other Party concerning its and its Subsidiaries' businesses, operations, and financial positions and shall not use such information for any purpose except in furtherance of the transactions contemplated by this Agreement. If this Agreement is terminated prior to the Effective Time, each Party shall promptly return or certify the destruction of all documents and copies thereof, and all work papers containing confidential information received from the other Party.

(c) Each Party agrees to give the other Party notice as soon as practicable after any determination by it of any fact or occurrence relating to the other Party which it has discovered through the course of its investigation and which represents, or is reasonably likely to represent, either a material breach of any representation, warranty, covenant or agreement of the other Party or which has had or is reasonably likely to have a BOE Material Adverse Effect or a CBAC Material Adverse Effect, as applicable.

8.7 Press Releases.

Prior to the Effective Time, BOE and CBAC shall consult with each other as to the form and substance of any press release, communication with their respective stockholders, or other public disclosure materially related to this Agreement or any other transaction contemplated hereby; *provided, that* nothing in this Section 8.7 shall be deemed to prohibit any Party from making any disclosure which its counsel deems necessary or advisable in order to satisfy such Party's disclosure obligations imposed by Law.

8.8 Charter Provisions.

Each BOE Entity shall take all necessary action to ensure that the entering into of this Agreement and the consummation of the Merger and the other transactions contemplated hereby do not and will not result in the grant of any rights to any Person under the Articles of Incorporation, Bylaws or other governing instruments of any BOE Entity or restrict or impair the ability of CBAC or any of its Subsidiaries to vote, or otherwise to exercise the rights of a stockholder with respect to, shares of any BOE Entity that may be directly or indirectly acquired or controlled by them.

8.9 Employee Benefits and Contracts.

(a) Following the Effective Time, CBAC shall provide generally to officers and employees of the BOE Entities employee benefits under employee benefit and welfare plans (other than stock option or other plans involving the potential issuance of CBAC Common Stock), including CBAC's severance plan, on terms and conditions which when taken as a whole are comparable to or better than those then provided by the BOE Entities to their similarly situated officers and employees. For purposes of participation, vesting and benefit accrual under any

of CBAC's employee benefit plans, whether new or existing, the service of the employees of the BOE Entities prior to the Effective Time shall be treated as service with a CBAC Entity participating in such employee benefit plans.

(b) Upon the execution of this Agreement, each of BOE's directors and executive officers shall execute and deliver to CBAC a Support Agreement in the form attached to this Agreement as Exhibit E.

(c) CBAC will enter into employment agreements, which will become effective as of the Effective Time, with George M. Longest, Jr. and Bruce E. Thomas in a form substantially similar to the forms attached hereto as Exhibit F-1 and Exhibit F-2, respectively, and with Bruce B. Nolte in a form to be mutually agreed upon after the execution of this Agreement. CBAC will also enter into change of control agreements, which will become effective as of the Effective Time, with the individuals listed on Exhibit C and Exhibit D that will provide certain severance payments and benefits in the event of a termination of employment under certain circumstances following a change of control of CBAC, which agreements will include terms and conditions that are no less favorable to such individuals than their existing change of control agreements with BOE or TFC, as applicable. Upon execution of this Agreement, Alexander F. Dillard, Jr. shall have entered into a Retention Agreement with CBAC in the form attached to this Agreement as Exhibit G and each of the other members of the Board of Directors of the Surviving Corporation designated by BOE shall have executed and delivered to CBAC a Retention Agreement in the form attached hereto as Exhibit H. These agreements shall become effective at the Effective Time and shall replace any existing employment agreements between these persons and BOE or the Bank, which shall terminate and have no further force or effect.

(d) BOE has disclosed in Section 8.9(d) of the BOE Disclosure Memorandum each Person whom it reasonably believes may be deemed an affiliate of BOE for purposes of Rule 145 under the Securities Act, which Persons are set forth in Exhibit I. BOE shall use its reasonable efforts to cause each such Person to deliver to CBAC not later than 30 days prior to the Effective Time, a written agreement, in substantially the form of Exhibit J, providing that such Person will not sell, pledge, transfer, or otherwise dispose of the shares of BOE Common Stock held by such Person except as contemplated by such agreement or by this Agreement and will not sell, pledge, transfer or otherwise dispose of the shares of CBAC Common Stock to be received by such Person upon consummation of the Merger except in compliance with applicable provisions of the Securities Act and the rules and regulations thereunder (and CBAC shall be entitled to place restrictive legends upon certificates for shares of CBAC Common Stock issued to affiliates of BOE pursuant to this Agreement to enforce the provisions of this Section 8.9). CBAC shall not be required to maintain the effectiveness of the Registration Statement under the Securities Act for the purposes of resale of CBAC Common Stock by such affiliates.

(e) The Surviving Corporation will, as of and after the Effective Time, assume and honor all employment agreements, severance agreements and deferred compensation agreements that any BOE Entity may have with its current and former officers and directors and which are set forth in Section 8.9(e) of the BOE Disclosure Memorandum, except to the extent any such agreements shall be superseded on or after the Effective Time.

8.10 Indemnification.

(a) For a period of six years after the Effective Time, CBAC shall, and shall cause the Surviving Corporation to, indemnify, defend and hold harmless the present and former directors, officers, employees and agents of the BOE Entities (each, an Indemnified Party) against all Liabilities arising out of actions or omissions arising out of the Indemnified Party's service or services as directors, officers, employees or agents of BOE or, at BOE's request, of another corporation, partnership, joint venture, trust or other enterprise occurring at or prior to the Effective Time (including the transactions contemplated by this Agreement) to the fullest extent permitted under the VSCA, Section 402 of the Sarbanes-Oxley Act, the Securities Laws and FDIC Regulations Part 359 and by BOE's Articles of Incorporation and Bylaws as in effect on the date hereof, including provisions relating to advances of expenses incurred in the defense of any Litigation and whether or not CBAC is insured against any such matter. Without

limiting the foregoing, in any case in which approval by the Surviving Corporation is required to effectuate any indemnification, the Surviving Corporation shall direct, at the election of the Indemnified Party, that the determination of any such approval shall be made by independent counsel mutually agreed upon between CBAC and the Indemnified Party.

(b) CBAC shall, or shall cause the Surviving Corporation to, use its reasonable efforts (and BOE shall cooperate prior to the Effective Time in these efforts) to maintain in effect for a period of up to three years after the Effective Time BOE's existing directors' and officers' liability insurance policy (provided that CBAC or the Surviving Corporation may substitute therefore (i) policies of substantially the same coverage and amounts containing terms and conditions which are substantially no less advantageous or (ii) with the consent of BOE given prior to the Effective Time, any other policy) with respect to claims arising from facts or events which occurred prior to the Effective Time and covering persons who are currently covered by such insurance; *provided, that* none of BOE, CBAC nor the Surviving Corporation shall be obligated to make aggregate premium payments longer than three years in respect of such policy (or coverage replacing such policy) and which exceed, for the portion related to BOE's directors and officers, 150% of the annual premium payments on BOE's current policy in effect as of the date of this Agreement (the Maximum Amount). If the amount of the premiums necessary to maintain or procure such insurance coverage exceeds the Maximum Amount, CBAC or the Surviving Corporation shall use its reasonable efforts to maintain the most advantageous policies of directors' and officers' liability insurance obtainable for a premium equal to the Maximum Amount, but shall not be obligated to maintain any insurance coverage to the extent the cost of such coverage exceeds the Maximum Amount.

(c) Any Indemnified Party wishing to claim indemnification under paragraph (a) of this Section 8.10, upon learning of any such Liability or Litigation, shall promptly notify CBAC thereof in writing. In the event of any such Litigation (whether arising before or after the Effective Time), (i) CBAC or the Surviving Corporation shall have the right to assume the defense thereof and neither CBAC nor the Surviving Corporation shall be liable to such Indemnified Parties for any legal expenses of other counsel or any other expenses subsequently incurred by such Indemnified Parties in connection with the defense thereof, except that if CBAC or the Surviving Corporation elects not to assume such defense or counsel for the Indemnified Parties advises that there are substantive issues which raise conflicts of interest between CBAC or the Surviving Corporation and the Indemnified Parties, the Indemnified Parties may retain counsel satisfactory to them, and CBAC or the Surviving Corporation shall pay all reasonable fees and expenses of such counsel for the Indemnified Parties promptly as statements therefore are received; *provided, that* CBAC and the Surviving Corporation shall be obligated pursuant to this paragraph (c) to pay for only one firm of counsel for all Indemnified Parties in any jurisdiction; (ii) the Indemnified Parties will cooperate in good faith in the defense of any such Litigation; and (iii) neither CBAC nor the Surviving Corporation shall be liable for any settlement effected without its prior written consent and which does not provide for a complete and irrevocable release of all CBAC's Entities and their respective directors, officers and controlling persons, employees, agents and Representatives; and *provided, further*, that neither CBAC nor the Surviving Corporation shall have any obligation hereunder to any Indemnified Party when and if a court of competent jurisdiction shall determine, and such determination shall have become final, that the indemnification of such Indemnified Party in the manner contemplated hereby is prohibited by applicable Law.

(d) If CBAC or the Surviving Corporation or any successors or assigns shall consolidate with or merge into any other Person and shall not be the continuing or surviving Person of such consolidation or merger or shall transfer all or substantially all of its assets to any Person, then and in each case, proper provision shall be made so that the successors and assigns of CBAC or the Surviving Corporation shall assume the obligations set forth in this Section 8.10.

(e) The provisions of this Section 8.10 are intended to be for the benefit of and shall be enforceable by, each Indemnified Party and their respective heirs and legal and personal representatives.

8.11 Employee Non-Solicitation.

In the event this Agreement is terminated, for a period of three years following such termination, no CBAC Entity or BOE Entity shall solicit (other than through the use of general employment advertising or an independent employment

agency or search firm, in either case where such solicitation is not specifically targeted at CBAC or BOE employees, as applicable) any part-time or full-time employee of the other Party without its prior written consent.

8.12 Dividends.

(c) Any singular term in this Agreement shall be deemed to include the plural, and any plural term the singular. Whenever the words include, includes or including are used in this Agreement, they shall be deemed followed by the words without limitation, and such terms shall not be limited by enumeration or example.

11.2 Expenses.

(a) Each of the Parties shall bear and pay all direct costs and expenses incurred by it or on its behalf in connection with the transactions contemplated hereunder, including filing, registration and application fees, printing fees, and fees and expenses of its own financial or other consultants, investment bankers, accountants, and counsel, and which in the case of BOE, shall be paid at Closing and prior to the Effective Time.

(b) Notwithstanding the foregoing, if:

(i) BOE terminates this Agreement pursuant to Section 10.1(b) due to a breach by CBAC, either Party terminates pursuant to Section 10.1(c)(iii) or (iv) due to the failure to obtain the CBAC Stockholder Approval or either Party terminates pursuant to Section 10.1(f) and, in the case of a termination under Section 10.1(c)(iii) or Section 10.1(f), (x) there has been publicly announced and not withdrawn another Acquisition Proposal relating to CBAC or (y) CBAC has failed to perform and comply in all material respects with any of its obligations, agreements or covenants required by this Agreement, and within 12 months of such termination CBAC shall either (A) consummate an Acquisition Transaction or (B) enter into a definitive agreement with respect to an Acquisition Transaction, whether or not such Acquisition Transaction is subsequently consummated (but changing, in the case of (A) and (B), the references to 5% and 90% amounts in the definition of Acquisition Transaction to 50% and 80%, respectively); or

(ii) CBAC terminates this Agreement pursuant to Section 10.1(b) due to a breach by BOE, either Party terminates pursuant to Section 10.1(c)(iii) or (iv) due to the failure to obtain the BOE Stockholder Approval or either Party terminates pursuant to Section 10.1(f) and, in the case of a termination under Section 10.1(c)(iii) or (iv) or Section 10.1(f), (x) there has been publicly announced and not withdrawn another Acquisition Proposal relating to TFC or (y) BOE has failed to perform and comply in all material respects with any of its obligations, agreements or covenants required by this Agreement, and within 12 months of such termination BOE shall either (A) consummate an Acquisition Transaction or (B) enter into a definitive agreement with respect to an Acquisition Transaction, whether or not such Acquisition Transaction is subsequently consummated (but changing, in the case of (A) and (B), the references to 5% and 90% amounts in the definition of Acquisition Transaction to 50% and 80%, respectively); or

(iii) CBAC terminates this Agreement pursuant to Section 10.1(d)(i) or BOE terminates this Agreement pursuant to Section 10.1(e)(ii); or

(iv) CBAC terminates this Agreement pursuant to Section 10.1(d)(ii) or BOE terminates this Agreement pursuant to Section 10.1(e)(i).

then, in the case of a termination as set forth in subsection (b)(i) or (b)(iv) of this Section 11.2, CBAC shall pay to BOE, and, in the case of a termination as set forth in subsection (b)(ii) or (b)(iii) of this Section 11.2, BOE shall pay to CBAC, an amount equal to \$500,000 (the Termination Fee); *provided however*, that an additional termination fee (the Additional Termination Fee) of \$1,200,000 if, and only if, an Acquisition Transaction involving the Party liable for the payment of the Termination Fee is consummated within 12 months of such termination and such Additional Termination Fee shall only be payable at the time of consummation of such Acquisition Transaction. Each Party hereby waives any right to set-off or counterclaim against such amount. If the Termination Fee shall be payable pursuant to subsection (b)(i) or (b)(ii) of this Section 11.2 in connection with a termination pursuant to Section 10.1(c)(iii) or Section 10.1(f), the Termination Fee shall be paid in same-day funds at or prior to the earlier of the date of consummation of such Acquisition Transaction or the date of execution of a definitive agreement with

respect to such Acquisition Transaction. If the Termination Fee shall be payable pursuant to subsection (b)(iii) of this Section 11.2, the Termination Fee shall be paid in same-day funds upon the earlier of (i) the execution of a definitive agreement with respect to such Acquisition Transaction or (ii) two business days from the date of termination of this Agreement. If the Termination Fee shall be payable pursuant to subsection (b)(i) or (b)(ii) of this

Section 11.2 in connection with a termination pursuant to Section 10.1(b) or subsection (b)(iv) of this Section 11.2, the Termination Fee shall be paid in same-day funds at or prior to the termination of this Agreement.

(c) The Parties acknowledge that the agreements contained in Section 11.2(b) are an integral part of the transactions contemplated by this Agreement and that without these agreements, they would not enter into this Agreement; accordingly, if a Party fails to pay promptly any fee payable by it pursuant to this Section 11.2, then such Party shall pay to the other Party, its costs and expenses (including attorneys' fees) in connection with collecting such fee, together with interest on the amount of the fee at the then current prime rate (as reported in *The Wall Street Journal* or such other authoritative source to be agreed upon by the Parties).

(d) Nothing contained in this Section 11.2 shall constitute or shall be deemed to constitute liquidated damages for the willful breach by BOE of the terms of this Agreement or otherwise limit the rights of CBAC.

11.3 Brokers, Finders and Financial Advisors.

Except for BOE Financial Advisor as to BOE and except for Keefe, Bruyette & Woods, Inc. as to CBAC, each of the Parties represents and warrants that neither it nor any of its officers, directors, employees, or Affiliates has employed any broker or finder or incurred any Liability for any financial advisory fees, investment bankers' fees, brokerage fees, commissions, or finders' fees in connection with this Agreement or the transactions contemplated hereby. In the event of a claim by any broker or finder based upon such broker's representing or being retained by or allegedly representing or being retained by BOE or by CBAC, each of BOE and CBAC, as the case may be, agrees to indemnify and hold the other Party harmless from any Liability in respect of any such claim. Each Party has provided a copy of BOE Financial Advisor's and Keefe, Bruyette & Woods, Inc.'s engagement letter, respectively, and expected fee for its services as included in Section 11.3 of the BOE Disclosure Memorandum and CBAC Disclosure Memorandum and shall pay all amounts due thereunder at Closing and prior to the Effective Time.

11.4 Entire Agreement.

Except as otherwise expressly provided herein, this Agreement (including the documents and instruments referred to herein) constitutes the entire agreement between the Parties with respect to the transactions contemplated hereunder and supersedes all prior arrangements or understandings with respect thereto, written or oral. Nothing in this Agreement expressed or implied, is intended to confer upon any Person, other than the Parties or their respective successors, any rights, remedies, obligations, or liabilities under or by reason of this Agreement, other than as provided in Sections 8.9(a) and 8.10.

11.5 Amendments.

To the extent permitted by Law, and subject to Section 1.4, this Agreement may be amended by a subsequent writing signed by each of the Parties upon the approval of each of the Parties, whether before or after stockholder approval of this Agreement has been obtained; *provided, that* after any such approval by the holders of BOE Common Stock, there shall be made no amendment that reduces or modifies in any respect the consideration to be received by holders of BOE Common Stock.

11.6 Waivers.

(a) Prior to or at the Effective Time, CBAC, acting through its Board of Directors, chief executive officer or other authorized officer, shall have the right to waive any Default in the performance of any term of this Agreement by BOE, to waive or extend the time for the compliance or fulfillment by BOE of any and all of its obligations under this Agreement, and to waive any or all of the conditions precedent to the obligations of CBAC under this Agreement,

except any condition which, if not satisfied, would result in the violation of any Law. No such waiver shall be effective unless in writing signed by a duly authorized officer of CBAC.

(b) Prior to or at the Effective Time, BOE, acting through its Board of Directors, chief executive officer or other authorized officer, shall have the right to waive any Default in the performance of any term of this Agreement by CBAC, to waive or extend the time for the compliance or fulfillment by CBAC of any and all of its obligations under this Agreement, and to waive any or all of the conditions precedent to the obligations of BOE under this

Agreement, except any condition which, if not satisfied, would result in the violation of any Law. No such waiver shall be effective unless in writing signed by a duly authorized officer of BOE.

(c) The failure of any Party at any time or times to require performance of any provision hereof shall in no manner affect the right of such Party at a later time to enforce the same or any other provision of this Agreement. No waiver of any condition or of the breach of any term contained in this Agreement in one or more instances shall be deemed to be or construed as a further or continuing waiver of such condition or breach or a waiver of any other condition or of the breach of any other term of this Agreement.

11.7 Assignment.

Except as expressly contemplated hereby, neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any Party hereto (whether by operation of Law or otherwise) without the prior written consent of the other Party. Subject to the preceding sentence, this Agreement will be binding upon, inure to the benefit of and be enforceable by the Parties and their respective successors and assigns.

11.8 Notices.

All notices or other communications which are required or permitted hereunder shall be in writing and sufficient if delivered by hand, by facsimile transmission, by registered or certified mail, postage pre-paid, or by courier or overnight carrier, to the persons at the addresses set forth below (or at such other address as may be provided hereunder), and shall be deemed to have been delivered as of the date so delivered or refused:

11.9 Governing Law.

Regardless of any conflict of law or choice of law principles that might otherwise apply, the Parties agree that this Agreement shall be governed by and construed in all respects in accordance with the laws of the

F-54

Commonwealth of Virginia, except to the extent that the laws of the State of Delaware apply to the Merger. The Parties all expressly agree and acknowledge that the Commonwealth of Virginia has a reasonable relationship to the Parties and/or this Agreement.

11.10 Counterparts.

This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument.

11.11 Captions; Articles and Sections.

The captions contained in this Agreement are for reference purposes only and are not part of this Agreement. Unless otherwise indicated, all references to particular Articles or Sections shall mean and refer to the referenced Articles and Sections of this Agreement.

11.12 Interpretations.

Neither this Agreement nor any uncertainty or ambiguity herein shall be construed or resolved against any Party, whether under any rule of construction or otherwise. No Party to this Agreement shall be considered the draftsman. The Parties acknowledge and agree that this Agreement has been reviewed, negotiated, and accepted by all Parties and their attorneys and shall be construed and interpreted according to the ordinary meaning of the words used so as fairly to accomplish the purposes and intentions of all Parties hereto.

11.13 Enforcement of Agreement.

The Parties hereto agree that irreparable damage would occur in the event that any of the provisions of this Agreement was not performed in accordance with its specific terms or was otherwise breached. It is accordingly agreed that the Parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in any court of the United States or any state having jurisdiction, this being in addition to any other remedy to which they are entitled at law or in equity.

11.14 Severability.

Any term or provision of this Agreement which is invalid or unenforceable in any jurisdiction shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining terms and provisions of this Agreement or affecting the validity or enforceability of any of the terms or provisions of this Agreement in any other jurisdiction. If any provision of this Agreement is so broad as to be unenforceable, the provision shall be interpreted to be only so broad as is enforceable.

11.15 No Third Party Beneficiaries.

(a) Other than as set forth in Section 8.10, no officer, employee or other Person (other than the corporate Parties to this Agreement) shall be or shall be deemed a third party or other beneficiary of this Agreement, or shall have any right or other entitlement in connection with any provision of this Agreement or seek any remedy, or right or entitlement in connection with this Agreement. No provision of this Agreement constitutes or shall give rise to, or shall be deemed to constitute or give rise to, an employee benefit or employee benefit-related plan, program or other arrangement, a provision of any such plan, program or other arrangement, or an amendment of any such plan, program or other arrangement.

(b) If and to the extent any BOE Benefit Plan is sponsored by BOE, CBAC may, by written direction issued prior to Closing, require BOE to take all necessary or appropriate action to terminate each such BOE Benefit Plan or cause the Bank to become the sole sponsor of each such BOE Benefit Plan prior to Closing. The intent of the preceding sentence is to permit CBAC to avoid becoming a sponsor of any and all BOE Benefit Plans as a result of the Merger.

IN WITNESS WHEREOF, each of the Parties has caused this Agreement to be executed on its behalf by its duly authorized officers as of the day and year first above written.

Part II Information Not Required in Prospectus

Item 20. Indemnification of Directors and Officers

Section 145(a) of the Delaware General Corporate Law (DGCL) provides, in general, that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation), because the person is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of any other enterprise. Such indemnity may be against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding, if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and if, with respect to any criminal action or proceeding, the person did not have reasonable cause to believe the person's conduct was unlawful.

Section 145(b) of the DGCL provides, in general, that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor because the person is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of any other enterprise, against any expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Section 145(g) of the DGCL provides, in general, that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation against any liability asserted against the person in any such capacity, or arising out of the person's status as such, regardless of whether the corporation would have the power to indemnify the person against such liability under the provisions of the law.

Community Bankers' certificate of incorporation limits the liability of its directors to the fullest extent permitted by Delaware law. Community Bankers' certificate of incorporation and bylaws also provide that Community Bankers will indemnify and advance expenses to, to the fullest extent permitted by the DGCL, any of our directors and officers, against any and all costs, expenses or liabilities incurred by them by reason of having been a director or officer.

The foregoing is only a general summary of certain aspects of Delaware law and Community Bankers' certificate of incorporation and bylaws dealing with indemnification of directors and officers, and does not purport to be complete. It is qualified in its entirety by reference to the detailed provisions of Section 145 of the DGCL and the certificate of incorporation and bylaws of the registrant.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons pursuant to the foregoing provisions or otherwise, Community Bankers have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment of expenses incurred or paid by a director, officer or controlling person in a successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being

registered, Community Bankers will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to the court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(b) Financial Statement Schedules.

Schedules are omitted because they are not required or are not applicable, or the required information is shown in the financial statements or notes thereto.

Item 22. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which it offers or sales of securities, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining liability under the Securities Act of 1933, treat each post-effective as a new registration statement of the securities offered, and the offering of the securities at that time to be the initial bona fide offering.

(3) To remove from registration by means of a post-effective amendment any of the securities that remain unsold at the end of the offering.

(b) (1) The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form; and

(2) The registrant undertakes that every prospectus (i) that is filed pursuant to the immediately preceding paragraph, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of Form S-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(d) The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

(e) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the small business issuer pursuant to the foregoing provisions, or otherwise, the small business issuer has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the small business issuer of expenses incurred or paid by a director, officer or controlling person of the small business issuer in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the small business issuer will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the County of Fairfax, Commonwealth of Virginia, on January 15, 2008.
